**Section II  
Proposed Rules**

**FISH AND WILDLIFE CONSERVATION COMMISSION**

**Marine Fisheries**

RULE NOS.:	RULE TITLES:
68B-42.0036	Closed Areas
68B-42.005	Recreational Bag Limit
68B-42.006	Commercial Season, Harvest Limits

**PURPOSE AND EFFECT:** The purpose of this rule development is to establish additional management measures to address dwarf seahorse population concerns. These rules will modify recreational and commercial bag limits, establish an annual commercial quota, and establish an allowable harvest area for dwarf seahorses. Additional minor changes to the rule language will correct out-dated, erroneous cross-references inadvertently created during previous Commission rule changes.

The dwarf seahorse is managed as part of the Marine Life (aquarium trade/tropical ornamental) fishery and therefore benefits from several long-term management measures, including statewide gear regulations, bag limits, and an endorsement program that limits participation in the commercial fishery. This species has a limited geographic range and is dependent on seagrass habitat. Stakeholders have expressed concerns about the population status of the dwarf seahorse and NOAA Fisheries has received a petition recommending the species for listing under the Endangered Species Act (ESA). Available data suggest abundance may be low, particularly in northern portions of the state, and that this species may be slow to rebound from temporary seagrass loss. The additional management measures will further ensure the sustainability of the dwarf seahorse population and the fishery that targets them, and is intended to help prevent the need for listing under the ESA.

**SUMMARY:** This rule will would establish additional management measures to address dwarf seahorse population concerns. The recommended measures are expected to stabilize and improve dwarf seahorse populations throughout the state and may help prevent the need to list this species under ESA.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: the nature of the rule and the preliminary analysis conducted to determine whether a SERC was required.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NO.:           RULE TITLE:  
59G-13.070       Developmental Disabilities Individual Budgeting Waiver Services

The Agency for Health Care Administration hereby gives notice:

On November 18, 2015, the Agency issued a Final Order Temporarily Granting Petition for Emergency Variance from or Waiver of Fla. Admin. Code R. 59G-13.070. The Agency's order was filed in response to a Petition for Emergency Variance or Waiver of Rule 59G-13.070 ("Petition"), filed on behalf of the Petitioner, A.G., on October 19, 2015. Notice of the Petition was published in Volume 41, No. 207, of the October 23, 2015, Florida Administrative Register. Rule 59G-13.070 of the Florida Administrative Code ("Rule"), which applies to all providers of Developmental Disabilities Individual Budgeting Waiver services who are enrolled in the Florida Medicaid program, requires that all providers of Developmental Disabilities Individual Budgeting Waiver services enrolled in the Florida Medicaid program be in compliance with the provisions of the Florida Medicaid Developmental Disabilities Individual Budgeting Waiver Services Coverage and Limitations Handbook, September 2015 ("Handbook"). Petitioner sought a variance from or waiver of the Handbook provision, page 2-97, Limitations and Exclusions, which limits behavior assistant services to a maximum of 32 quarter-hours per day. Based on the information presented in the Petition, the Agency found that Petitioner had temporarily established that a strict application of Rule 59G-13.070 of the Florida Administrative Code and the subject Handbook provisions would lead to unreasonable, unfair, and unintended results.

A copy of the Order or additional information may be obtained by contacting: Richard J. Shoop, Agency Clerk, Agency for Health Care Administration, 2727 Mahan Drive, Mail Stop #3, Tallahassee, Florida 32308, Richard.shoop@ahca.myflorida.com, (850)412-3689.

DEPARTMENT OF BUSINESS AND PROFESSIONAL  
REGULATION

Division of Hotels and Restaurants

The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice:

On December 7, 2015, the Division of Hotels and Restaurants received a Petition for a Routine Variance for paragraph 61C-1.004(1)(a), F.A.C., Section 5-203.13, 2009 FDA Food Code, Paragraph 4-301.12(A), 2009 FDA Food Code, subsection 61C-4.010(5), F.A.C., Subparagraph 3-305.11(A)(2), 2009 FDA Food Code, and subsection 61C-4.010(1), F.A.C., from Arctic Expeditions @ WDW located in Lake Buena Vista. The above referenced F.A.C. addresses the requirement that at least one service sink is provided for the cleaning of mops or similar cleaning tools and the disposal of mop water; that dishwashing facilities for manually washing, rinsing and sanitizing equipment and utensils are provided, and that each establishment have areas for food preparation and storage. They are requesting to share the mop sink, dishwashing, food preparation and food storage areas with another licensed food service establishment under the same ownership and on the same premise.

The Petition for this variance was published in Vol. 41, No. 240, F.A.R., on December 14, 2015. The Order for this Petition was signed and approved on December 29, 2015. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring that the mop sink, dishwashing sink and food preparation and storage areas within Lottawatta Lodge (SEA5807667) and Avalunch Blizzard Beach (SEA5807675) are maintained in a clean and sanitary manner, all sinks are provided with hot and cold running water under pressure and are available during all hours of operation. The handwash sinks must also be provided with soap, an approved

hand drying device and a handwashing sign. If the ownership of Lottawatta Lodge (Walt Disney World Co) changes, a signed agreement between the two establishments for the use of the shared facilities must be provided to the division immediately.

A copy of the Order or additional information may be obtained by contacting: Lydia.Gonzalez@myfloridalicense.com, Division of Hotels and Restaurants, 1940 North Monroe Street, Tallahassee, Florida 32399-1011.
