BOARD OF GOVERNORS

RULE NO.: 72-1.002
RULE TITLE: Latin American and Caribbean Scholarship Eligibility

PURPOSE AND EFFECT: A new rule is being proposed to establish criteria for the award of Latin American and Caribbean Scholarships. In accordance with section 1009.21(10)(e), Florida Statutes, recipients of a Latin American and Caribbean Scholarship are classified as residents for tuition purposes.

SUMMARY: A new rule is being proposed to establish criteria for the award of Latin American and Caribbean Scholarships. This new rule: (1) permits universities to create a Latin American and Caribbean Scholarship; (2) establishes minimum student eligibility requirements; (3) designates all recipients of the Latin American and Caribbean Scholarship as residents for tuition purposes; (4) classifies which state and federal funds may be used to fund Latin American and Caribbean Scholarships; (5) establishes minimum scholarship amounts; (6) lists which countries qualify as Latin American and Caribbean; and (7) provides university reporting requirements.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The rule is only applicable to state universities awarding, and students receiving, Latin American and Caribbean Scholarships and as such, has no applicability to private sector job creation, business competitiveness, or the ability of persons doing business in Florida to compete with persons doing business in other states or domestic markets. The rule does not impose any fee or regulatory cost on state universities awarding, or students receiving, Latin American and Caribbean Scholarships and will not result in any increase in costs to the state universities because existing university personnel are in place to award and process scholarships. Compliance with the rule is voluntarily and does not impose additional requirements to admission or financial aid. Resident tuition benefits residents of Florida and other individuals otherwise meeting the requirements for resident tuition in accordance with section 1009.21, Florida Statutes. Resident tuition encourages matriculation at state universities, which

increases the number of educated individuals available to meet the workforce needs of Florida businesses.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

Division of Hotels and Restaurants

RULE NO.: RULE TITLE:

61C-1.004 General Sanitation and Safety Requirements

The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice:

On June 10, 2016, the Division of Hotels and Restaurants received a Petition for an Emergency Variance for paragraph 61C-1.004(1)(a), Florida Administrative Code, and Paragraph 5-202.11(A), 2009 FDA Food Code, from Aromi Sapori Italia located in Miami Beach. The above referenced F.A.C. addresses the requirement that each establishment have an approved plumbing system installed to transport potable water and wastewater. They are requesting to utilize holding tanks to provide potable water and to collect wastewater at the handwash and three-compartment sinks.

The Petition for this variance was published in Vol. 42, No. 117, F.A.R., on June 16, 2016. The Order for this Petition was signed and approved on June 23, 2016. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring the wastewater holding tank for the handwash and three-compartment sinks is emptied at a frequency as to not create a sanitary nuisance; and potable water provided must come from an approved source and be protected from contamination during handling. The Petitioner shall also ensure that the handwash and three-compartment sinks are provided with hot and cold running water under pressure; the handwash sink is provided with soap, an approved hand drying device and a handwashing sign.

A copy of the Order or additional information may be obtained by contacting: George.Koehler@myfloridalicense.com, Division of Hotels and Restaurants, 1940 North Monroe Street, Tallahassee, Florida 32399-1011.
