Failure to provide additional information within 30 days of notification shall result in the denial of the request for approval.

(5) In determining whether a proposed alternative security measure restricts unauthorized access of customer payment card information, the department will consider the following:

RULE NO.: 64B1-4.0011
RULE TITLE: Documentation Necessary for Licensure Application

PURPOSE AND EFFECT: To update and amend rule and application.

SUMMARY: Rule and application.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The Agency has determined that this will not have an adverse impact on small business or likely

increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

PURPOSE AND EFFECT: Rule Chapter 65C-15, F.A.C., was last amended in May 1998. The Department intends to amend Chapter 65C-15, F.A.C. to modify regulatory language to comport with current law, policies and procedures related to child-placing agencies that provide case management, adoption and licensing services. These modifications will further allow the Department to amend or repeal language that has been referenced in other administrative code rules and Florida Statutes.

SUMMARY: The amendments update several forms; specify the factors the Department must consider when determining whether to revoke a license; specify what critical incidents must be reported to the Department; define related areas of study relative to personnel requirements; set forth requirements for services to adoptive and birth parents; and repeal several rules and reorganize the information within the Rule Chapter.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The Department used a checklist to conduct an economic analysis and determine if there is an adverse impact or regulatory costs associated with this rule that exceeds the criteria in section 120.541(2)(a), F.S. Based upon this analysis, the Department has determined that the proposed rule is not expected to require legislative ratification.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

The analysis of the substantial benefit must be provided in a format acceptable to the Corporation and shall include the initial issuer cost of issuance, underwriter's discount or placement agent structuring agent fee, annual debt service, total debt service and any other factors necessary and appropriate to demonstrate that the issuance produces a substantial benefit to the Development. 67-21.014 MMRB Credit Underwriting Procedures.

Credit Underwriting is a de novo review of all information supplied, received or discovered during or after any application scoring process, prior to the closing on funding. The success of an Applicant in being selected for funding is not an indication that the Applicant will receive a positive recommendation from the Credit Underwriter or that the Development team's experience, past performance or financial capacity is satisfactory.

(1) An invitation into Credit Underwriting shall require that the Applicant submit the Credit Underwriting and appraisal fee and information required to complete the Credit Underwriting, to the Credit Underwriter in accordance with the schedule established by the Corporation upon the recommendation of the Credit Underwriter. Failure to submit the Credit Underwriting and appraisal fee or meet the deadlines as set forth in the schedule shall result in the immediate termination of Credit Underwriting activities.

(2) The Credit Underwriter shall in Credit Underwriting analyze and review all information in the Application, or any proposed changes made subsequent thereto, in order to make a recommendation to the Board of Directors on the feasibility of the Development, without taking into account the willingness of a Credit Enhancer to provide Credit Enhancement. Credit Underwriting services shall include a comprehensive analysis of the Applicant, the real estate, the economics of the Development, the ability of the Applicant and the Development team to proceed, and the evidence of need for affordable housing in order to determine that the Development meets the MMRB Program requirements. The Credit Underwriter shall determine a recommended Bond amount

that should be made to a Development, whether an initial loan or a refunding.

(a) If the Credit Underwriter determines that special expertise is required to review information submitted to the Credit Underwriter which is beyond the scope of normal underwriting procedures, the cost of such expertise shall be borne by the Applicant.

(b) The Credit Underwriter shall review the proposed financing structure to determine whether the MMRB Loan is feasible. The Credit Underwriter shall also request and review such other information as it deems appropriate to determine whether or not to provide a positive recommendation in connection with a proposed Development. In making that determination the Credit Underwriter will consider the prior and recent performance history of the Applicant, Developer, any Financial Beneficiary of the Applicant or Developer, and the General Contractor in connection with any other affordable housing development. The performance history shall consider instances involving a foreclosure, deed in lieu of foreclosure, financial arrearage, or other event of material default in connection with any affordable housing development or the documents governing financing or operation of any such development.

(c) Unless the Credit Underwriter determines that mitigating factors exist, or that underwriting conditions can be imposed; sufficient to mitigate or offset the risk, the existence of the following shall result in a negative recommendation of the proposed Development by the Credit Underwriter:

1. Considering all affordable housing developments in which any party named above has been involved, if:

a. During the period prior to August 1, 2010, 5 percent or more of that party's developments have been the subject of a foreclosure or deed in lieu of foreclosure, or in financial arrearage or other material default and such arrearage or material default remained uncured for a period of 60 days or more, or

b. During the period beginning on or after August 1, 2010, any of that party's developments have been the subject of a foreclosure or deed in lieu of foreclosure, or in financial arrearage or other material default and such arrearage or material default is uncured at the present or, if cured, remained uncured for a period of 60 days or more.

2. Mitigating factors to be considered by the Credit Underwriter, to the extent such information is reasonably available and verifiable, shall include the extent to which the party funded the operations of the development from that party's own funds in an attempt to keep the development afloat, the election by a party to forego financial participation in a development in an attempt to keep the development afloat, the party's satisfactory performance history over the last ten (10) years in connection with that party's affordable housing

developments, and any other extenuating circumstances deemed relevant by the Credit Underwriter in connection with the party's involvement in a development.

3. A negative recommendation may also result from the review of:

a. An Applicant, Developer, any Financial Beneficiary of the Applicant or Developer, and the General Contractor in connection with any other affordable housing development,

b. Financial capacity of an Applicant, Developer, any Financial Beneficiary of the Applicant or Developer, and the General Contractor, and for MMRB Applicants that have Housing Credits, the Housing Credit Syndicator, or

c. Any other relevant matters relating to an Applicant, Developer, any Financial Beneficiary of the Applicant or Developer, and the General Contractor if, in the Credit Underwriter's opinion, one or more members of the Development team do not possess the ability to proceed.

(d) In addition to operating expenses, the Credit Underwriter must include an estimate for replacement reserves when calculating the final net operating income available to service the debt. A minimum amount of \$300 per unit per annum must be deposited annually in the replacement reserve account for all Developments.

1. The initial replacement reserve will have limitations on the ability to be drawn upon during the following time periods:

a. New construction or Redevelopment Developments shall not be allowed to draw during the first five (5) years or until the establishment of a minimum balance equal to the accumulation of five (5) years of replacement reserves per unit, or

b. Preservation or Rehabilitation Developments (with or without acquisition) shall not be allowed to draw until the start of the scheduled replacement activities as outlined in the pre-construction capital needs assessment report ('CNA') subject to the activities completed in the scope of rehabilitation, but not sooner than the 3rd year.

2. The amount established as a replacement reserve shall be adjusted based on a CNA, ordered by a first mortgage lender, third party Credit Enhancer or a Housing Credit Syndicator and which has been prepared in accordance with generally accepted industry investment grade standards, to be received by the Corporation or its servicers, prepared by an independent third party and acceptable to the Corporation and its servicers at the time the CNA is required, beginning no later than the 10th year after the first residential building in the development receives a certificate of occupancy, a temporary certificate of occupancy, or is placed in service, whichever is earlier ('Initial Replacement Reserve Date'). A subsequent CNA, meeting the parameters of this section, is required no later than the 15th year after the Initial Replacement Reserve

Date and subsequently every five (5) years thereafter. If the Applicant does not provide a copy of a CNA to the Corporation or its servicers, prepared by an independent third party and acceptable to the Corporation and its servicers within the stated time frames, then one shall be ordered by the Corporation or its servicers at the Applicant's expense. The only events allowed to drop the balance below the minimum are items related to life safety, structural and systems as approved by the Corporation and its servicers. In the event the first mortgage lender or a Housing Credit Syndicator requires replacement reserves with replacement reserve deposit requirements that include the same or higher deposits, the Corporation's rights to hold replacement reserves and to disburse such funds shall be subject to the first mortgage lender or the Housing Credit Syndicator, as applicable. The replacement reserve funds are not to be used by the Applicant for normal maintenance and repairs but shall be used for structural building repairs, major building systems replacements and other items included on the Eligible Reserve for Replacement Items list, effective October 15, 2010, which is incorporated by reference and available on the Corporation's Website under the Multifamily Programs link labeled Non-Competitive Funding Programs or from <http://www.flrules.org/Gateway/reference.asp?No=Ref-02850>.

An Applicant may choose to fund a portion of the replacement reserves at closing from moneys other than the proceeds of the Bonds. Unless approved by the Corporation and the Credit Underwriter, this partial funding cannot exceed 50 percent of the required replacement reserves for two (2) years and must be placed in escrow with the Bond Trustee at closing. Applicants with Credit Enhancement may employ a different replacement reserve structure with the Corporation's approval.

(e) At a minimum, the general partner(s) (individual and entity) or manager(s)/managing member(s) (individual and entity), as applicable, of the Applicant shall provide a guarantee for completion of construction. In addition, one or more entities or individuals (other than a general partner or manager/managing member) having an ownership interest, either directly or indirectly, in the Applicant or in the general partner or managing member of the Applicant shall be required to provide guarantees or personal guarantees, as applicable, for completion of construction as recommended by the Credit Underwriter or as otherwise required by the Corporation. The Corporation shall consider the following when determining the need for additional construction completion guarantees based on the recommendations of the Credit Underwriter:

1. Liquidity of any guarantee provider.

2. Applicant's, Developer's and General Contractor's history in successfully completing Developments of similar nature type.

3. The past performance of the Applicant, Developer, General Contractor, or any other guarantee provider management company, in developing, ~~or constructing or managing~~ Developments financed by the Corporation or its predecessor, ~~including, by way of example and not limitation, nonpayment of fees and noncompliance with program requirements.~~

4. Percentage of the Corporation's funds utilized compared to Total Development Costs. ~~At a minimum, the general partner(s) (individual and entity) or manager(s)/managing member(s) (individual and entity), as applicable, of the Applicant shall provide a guarantee for completion of construction. In addition, one or more entities or individuals (other than a general partner or manager/managing member) having an ownership interest, either directly or indirectly, in the Applicant or in the general partner or managing member of the Applicant shall be required to provide guarantees or personal guarantees, as applicable, for completion of construction as recommended by the credit underwriter or as otherwise required by the Corporation.~~

~~If, A letter of credit or payment and performance bond shall be required if the Corporation determines upon recommendation of the Credit Underwriter after evaluation of conditions in subparagraphs 1. through 43., above by the Corporation and the Credit Underwriter, it is determined that additional surety is needed, the Applicant will be required to provide a letter of credit or payment and performance bond.~~

(f) The Credit Underwriter shall review and make a recommendation to the Corporation whether the number of existing loans and construction commitments of the Applicant and its Principals will impede its ability to proceed with the successful development of each proposed Corporation Development.

(g) The Credit Underwriter shall consider the appraisal of the Development and other market study documentation to make a recommendation as to whether the market exists to support both the demographic and income restriction set-asides committed to within the Application. The Credit Underwriter shall consider the market study and other documentation to make a recommendation of whether to approve or disapprove an allocation when the proposed Development would financially impair an existing Development previously funded by the Corporation. ~~The Credit Underwriter must review and determine whether there will be a negative impact to Guarantee Fund Developments within the primary market area or five (5) miles of the proposed Development, whichever is greater.~~

(h) For a Development that has rehabilitation with or without acquisition, a capital needs assessment, prepared in accordance with generally accepted industry investment grade standards, shall be ordered by the Credit Underwriter. Its

findings shall be used to determine the amount of rehabilitation that will be carried out and to set replacement reserves.

(i) If the Credit Underwriter requires additional clarifying materials in the course of the underwriting process to complete the Credit Underwriting Report, the Credit Underwriter shall ~~notify the Corporation and~~ request the information from the Applicant. Such requested information shall be submitted within ~~the timeframe established by the Credit Underwriter ten~~ (10) business days of receipt of the request therefor. Failure for any reason to submit required information on or before the specified deadline shall result in immediate termination of Credit Underwriting activities.

(j) At a minimum, the Credit Underwriter shall require the following information during Credit Underwriting:

1. For Credit Enhancers, audited financial statements for their most recent fiscal year ended, if published; otherwise the previous year's audited statements will be provided until the current statements are published or Credit Underwriting is complete.

2. For guarantors, audited financial statements or financial statements compiled or reviewed by a licensed Certified Public Accountant for the most recent fiscal year ended, credit check, banking and trade references, and deposit verifications. If financial statements that are either audited, compiled or reviewed by a licensed Certified Public Accountant are not available, unaudited financial statements prepared within the last 90 days and reviewed by the Credit Underwriter and the two (2) most recent years tax returns. If any of the applicable entities are newly formed (less than 18 months in existence as of the date that Credit Underwriting information is requested), a copy of any and all tax returns with related supporting notes and schedules. The financial statements and information provided for review should be in satisfactory form and shall be reviewed in accordance with Part IIIA, Sections 401 through 408 and 410 414, of the Fannie Mae Multifamily Selling Delegated Underwriting and Servicing (DUS) Guide, in effect as of June 10, 2015 November 4, 2013, which is incorporated by reference and available on the Corporation's Website under the Multifamily Programs link labeled Non-Competitive Funding Programs or from http://www.flrules.org/Gateway/reference.asp?No=Ref_04910. A certification meeting the criteria of the Multifamily Underwriting Certificate outlined in Section 407 may be used in lieu of the Multifamily Underwriting Certificate.

3. For the General Contractor, audited financial statements or financial statements compiled or reviewed by a licensed Certified Public Accountant for the most recent fiscal year ended, credit check, banking and trade references, and deposit verifications. The audited or compiled statements may be waived if a payment and performance bond equal to 100

percent of the total construction cost is issued in the name of the General Contractor by a company rated at least "A-" by AMBest & Co.

4. For the Applicant and general partner, audited financial statements or financial statements compiled or reviewed by a licensed Certified Public Accountant for the most recent fiscal year ended, credit check, banking and trade references, and deposit verifications. If the entities are newly formed (less than 18 months in existence as of the date that Credit Underwriting information is requested), a copy of any and all tax returns with related supporting notes and schedules.

(k) The Credit Underwriter shall require an operating deficit guarantee. Upon written request of the guarantor(s) to the Corporation, the Credit Underwriter, or the servicers, the operating deficit guarantee will be released upon achievement of when the Development achieves a 1.15x debt service coverage ratio for the MMRB Loan, as determined by the Corporation or its agent, and 90 percent occupancy, and 90 percent of the gross potential rental income, net of utility allowances, if applicable, all for a period equal to 12 consecutive months, all as certified by an independent Certified Public Accountant, and verified by the Credit Underwriter. The calculation of the debt service coverage ratio shall be made by the Corporation or its agent. The Credit Underwriter or servicer will determine whether all of the requirements described above have been met, including receipt, acceptance and verification of the documentation provided by the Certified Public Accountant, and will then submit a letter to the Corporation containing a positive or negative recommendation concerning the release of the operating deficit guarantee. If the Corporation's decision is to deny the release of the operating deficit guarantee, the Board shall consider the facts and circumstances of the Applicant's request and the Corporation's denial, and make a determination of whether to grant the requested release. Notwithstanding the above, the operating deficit guarantee shall not be released prior to the ~~terminate~~ earlier of the date which is than three (3) years following the final certificate of occupancy or the date on which the MMRB Loan is repaid.

(l) The Credit Underwriter shall also require environmental indemnity and recourse obligation guarantees.

(m) Required appraisals, market studies, pre-construction analyses, physical needs assessments, capital needs assessments and environmental studies (other than Phase I Environmental Site Assessments) shall be completed by professionals approved by the Credit Underwriter. Approval of appraisers and contractors to complete market and environmental studies shall be based upon review of qualifications, professional designations held, references and prior experience with similar types of Developments.

(n) A full or self-contained appraisal as defined by the Uniform Standards of Professional Appraisal Practice and a separate market study shall be ordered by the Credit Underwriter from an appraiser qualified for the geographic area and development type not later than when an Application enters Credit Underwriting. The Credit Underwriter shall review the appraisals to properly evaluate the MMRB Loan request in relation to the property value.

(o) Appraisals and separate market studies which have been ordered and submitted by third party Credit Enhancers or syndicators and which meet the above requirements and are acceptable to the Credit Underwriter may be used instead of the appraisal or market study referenced above.

(p) The Credit Underwriting Report shall include a thorough analysis of the proposed Development and a statement as to whether a MMRB Loan is recommended, and if so, the amount recommended. The Credit Underwriter or the Corporation may request such additional information as is necessary to properly analyze the credit risk being presented to the Corporation and the Bond holders. For the Credit Underwriter to make a favorable recommendation, the submarket of the proposed Development must have:

1. An average physical occupancy rate of 92 percent or greater, and

2. For Developments with new construction units, an average market rental rate, based on unit mix and annualized rent concessions, of 110 percent or greater of the applicable maximum Housing Credit rental rate.

(q) Developer Fee shall be limited to 18 percent of Development Cost excluding land and operating deficit reserves. Consulting fees, if any, and any financial or other guarantees required for the financing must be paid out of the Developer Fee. Consulting fees include payments for Application consultants, construction management or supervision, or Local Government consultants. Fees of the Applicant's or Developer's attorney(s) awarded in conjunction with litigation against the Corporation with respect to a Development shall also not be included in Total Development Costs. Fees for services provided by architects, accountants, appraisers, engineers or Investment Bankers as outlined in subsection 67-21.0045(5), F.A.C. may be included as part of the Total Development Costs, except that those fees for an Investment Banker that are in excess of \$18,000 must be paid out of the Developer Fee. In the event of extraordinary circumstances, Applicant may petition the Board for relief from the cap on Investment Banker fees. The Corporation shall not authorize fees to be paid for duplicative services or duplicative overhead.

(r) General Contractor's fees are inclusive of general requirements, profit and overhead and shall be limited to 14 percent of actual construction costs. For the purpose of the

HUD Risk Sharing Program, if there exists an Identity of Interest as defined herein between the Applicant or Developer and the General Contractor, the allowable fees shall in no case exceed the amount allowable pursuant to the HUD subsidy layering review requirements. Additionally, fees shall be allowed to be paid only to the person or entity that actually meets the definitional requirements to be considered a General Contractor. The Corporation shall not allow fees for duplicative services or duplicative overhead. The General Contractor must meet the following conditions:

1. Employ a Development superintendent and charge the costs of such employment to the general requirements line item of the General Contractor's budget;

2. Charge the costs of the Development construction trailer, if needed, and other overhead to the general requirements line item of the General Contractor's budget;

3. Secure building permits, issued in the name of the General Contractor;

4. Secure a payment and performance bond whose terms do not adversely affect the Corporation's interest (or approved alternate security for General Contractor's performance, such as a letter of credit), issued in the name of the General Contractor, from a company rated at least "A-" by AMBest & Co.;

5. Ensure that none of the General Contractor duties to manage and control the construction of the Development are subcontracted;

6. Ensure that not more than 20 percent of the construction cost is subcontracted to any one entity, with the exception of a subcontractor contracted to deliver the building shell of a building of at least five (5) stories which may not have more than 31 percent of the construction cost in a subcontract, unless otherwise approved by the Board for a specific Development. With regard to said approval, the Board shall consider the facts and circumstances of each Applicant's request, inclusive of construction costs and the General Contractor's fee; and.

7. Ensure that no construction cost is subcontracted to any entity that has common ownership or is affiliated with the General Contractor unless otherwise approved by the Board for a specific Development. With regard to said approval, the Board shall consider the facts and circumstances of each Applicant's request, inclusive of construction costs and ownership interests in the Development.

67-21.026 HC Credit Underwriting Procedures.

Credit Underwriting is a de novo review of all information supplied, received or discovered during or after any application scoring process, prior to the closing on funding, including the issuance of IRS Forms 8609 for Housing Credits. The success of an Applicant in being selected for funding is not an indication that the Applicant will receive a positive recommendation from the Credit Underwriter or that the Development team's experience, past performance or financial capacity is satisfactory. The Credit Underwriting review shall include a comprehensive analysis of the Applicant, the real estate, the economics of the Development, the ability of the Applicant and the Development team to proceed, the evidence of need for affordable housing in order to determine that the Development meets the program requirements and determine a recommended Housing Credit Allocation amount, if any; and for any Development that has rehabilitation with or without acquisition, a capital needs assessment prepared in accordance with generally accepted industry investment grade standards shall be ordered by the Credit Underwriter, and its findings shall be used to determine rehabilitation that will be carried out and to set replacement reserves. Corporation funding will be based on appraisals of comparable developments, cost benefit analysis, and other documents evidencing justification of costs. As part of the Credit Underwriting review, the Credit Underwriter will consider the applicable provisions of this rule chapter.

(1) Within 10 business days after the Non-Competitive Application is deemed complete, the Corporation shall offer Applicants that pass threshold an invitation to enter Credit Underwriting. If the Non-Competitive Housing Credits are awarded as a result of a competitive solicitation, the invitation to enter Credit Underwriting for the Non-Competitive Housing Credits will be in conjunction with the invitation for the other Corporation funding. The Corporation shall select the Credit Underwriter for each Development.

(2) A response to the invitation to enter Credit Underwriting must be received by the Corporation and the Credit Underwriter not later than seven (7) Calendar Days after the date of the invitation.

(3) If the invitation to enter Credit Underwriting is accepted, all Applicants shall submit the Credit Underwriting fee to the Credit Underwriter within seven (7) Calendar Days of the date of the invitation to enter Credit Underwriting. Failure to submit the Credit Underwriting fee within this time frame shall result in withdrawal of the invitation.

(4) The Credit Underwriter shall review all information in the Application, including information relative to the Applicant, Developer, Housing Credit Syndicator, General Contractor, and, if an assisted living facility, the service provider(s), as well as other members of the Development team based on information provided to the Credit Underwriter. The Credit Underwriter shall also request and review such other information as it deems appropriate to determine whether or not to provide a positive recommendation in connection with a proposed Development.

(5) In determining whether or not to provide a positive recommendation in connection with a proposed Development, the Credit Underwriter will consider the prior and recent performance history of the Applicant, Developer, and any Financial Beneficiary of the Applicant or Developer in connection with any other affordable housing development. The performance history shall consider instances involving a foreclosure, deed in lieu of foreclosure, financial arrearage, or other event of material default in connection with any affordable housing development or the documents governing financing or operation of any such development.

(a) Unless the Credit Underwriter determines that mitigating factors exist, or that underwriting conditions can be imposed, sufficient to mitigate or offset the risk, the existence of the following shall result in a negative recommendation of the proposed Development by the Credit Underwriter:

1. Considering all affordable housing developments in which any party named above has been involved, if:

a. During the period prior to August 1, 2010, 5 percent or more of that party's developments have been the subject of a foreclosure or deed in lieu of foreclosure, or in financial arrearage or other material default and such arrearage or material default remained uncured for a period of 60 days or more, or

b. During the period beginning on or after August 1, 2010, any of that party's developments have been the subject of a foreclosure or deed in lieu of foreclosure, or in financial arrearage or other material default and such arrearage or material default is uncured at the present or, if cured, remained uncured for a period of 60 days or more.

2. Mitigating factors to be considered by the Credit Underwriter, to the extent such information is reasonably available and verifiable, shall include the extent to which the party funded the operations of the development from that party's own funds in an attempt to keep the development afloat, the election by a party to forego financial participation in a development in an attempt to keep the development afloat, the party's satisfactory performance history over the last 10 years in connection with that party's affordable housing developments, and any other extenuating circumstances deemed relevant by the Credit Underwriter in connection with the party's involvement in a development.

(b) A negative recommendation may also result from the review of:

1. An Applicant, Developer, and any Financial Beneficiary of the Applicant or Developer in connection with any other affordable housing development,

2. Financial capacity of an Applicant, Developer, and any Financial Beneficiary of the Applicant or Developer, or

3. Any other relevant matters relating to an Applicant, Developer, and any Financial Beneficiary of the Applicant or Developer if, in the Credit Underwriter's opinion, one or more members of the Development team do not possess the ability to proceed.

(6) The Credit Underwriter shall report any inconsistencies or discrepancies or changes made to the Applicant's Application during Credit Underwriting.

(7) The Applicant will be responsible for all fees in connection with the documentation submitted to the Credit Underwriter.

(8) If the Credit Underwriter determines that special expertise is required to review information submitted to the Credit Underwriter which is beyond the scope of the Credit Underwriter's expertise, the fee for such services shall be borne by the Applicant.

(9) A full or self-contained appraisal as defined by the Uniform Standards of Professional Appraisal Practice and a separate market study shall be ordered by the Credit Underwriter, at the Applicant's expense, from an appraiser qualified for the geographic area and product type not later than completion of Credit Underwriting. The Credit Underwriter shall review the appraisal to properly evaluate the proposed Development's financial feasibility. Appraisals which have been ordered and submitted by third party credit enhancers, first mortgagors or Housing Credit Syndicators and which meet the above requirements and are acceptable to the Credit Underwriter may be used instead of the appraisal referenced above. The market study must be completed by a disinterested party who is approved by the Credit Underwriter. The Credit Underwriter shall consider the market study, the Development's financial impact on Developments in the area

previously funded by the Corporation, and other documentation when making its recommendation of whether to approve or disapprove a Housing Credit Allocation. ~~The Credit Underwriter must review and determine whether there will be a negative impact to Guarantee Fund Developments within the primary market area or five (5) miles of the proposed Development, whichever is greater.~~ The Credit Underwriter shall also review the appraisal and other market documentation to determine if the market exists to support both the demographic and income restriction set-asides committed to within the Application. For the Credit Underwriter to make a favorable recommendation, the submarket of the proposed Development must have:

(a) An average physical occupancy rate of 92 percent or greater, and

(b) For Developments with new construction units, an average market rental rate, based on unit mix and annualized rent concessions, of 110 percent or greater of the applicable maximum Housing Credit rental rate.

(10) The Corporation's assigned Credit Underwriter shall require a guaranteed maximum price construction contract, acceptable to the Corporation, which may include change orders for changes in cost or changes in the scope of work, or both, if all parties agree, and shall order, at the Applicant's sole expense, and review a pre-construction analysis for all new construction units or a physical needs assessment for rehabilitation units and review the Development's costs.

(11) In addition to operating expenses, the Credit Underwriter must include an estimate for replacement reserves and operating expense reserves deemed appropriate by the Credit Underwriter when calculating the final net operating income available to service the debt. A minimum amount of \$300 per unit per annum must be used for all Developments.

(a) The initial replacement reserve will have limitations on the ability to be drawn upon during the following time periods:

1. New construction or Redevelopment Developments shall not be allowed to draw during the first five (5) years or until the establishment of a minimum balance equal to the accumulation of five (5) years of replacement reserves per unit, or

2. Preservation or Rehabilitation Developments (with or without acquisition) shall not be allowed to draw until the start of the scheduled replacement activities as outlined in the pre-construction capital needs assessment report ('CNA') subject to the activities completed in the scope of rehabilitation, but not sooner than the 3rd year.

(b) The amount established as a replacement reserve shall be adjusted based on a CNA, ordered by a first mortgage lender, third party credit enhancer or a Housing Credit Syndicator and which has been prepared in accordance with

generally accepted industry investment grade standards, to be received by the Corporation or its servicers, ~~prepared by an independent third party~~ and acceptable to the Corporation and its servicers at the time the CNA is required, beginning no later than the 10th year after the first residential building in the development receives a certificate of occupancy, a temporary certificate of occupancy, or is placed in service, whichever is earlier ('Initial Replacement Reserve Date'). A subsequent CNA, meeting the parameters of this section, is required no later than the 15th year after the Initial Replacement Reserve Date and subsequently every five (5) years thereafter. If the Applicant does not provide a copy of a CNA to the Corporation or its servicers, prepared by an independent third party and acceptable to the Corporation and its servicers within the stated time frames, then one shall be ordered by the Corporation or its servicers at the Applicant's expense. The only events allowed to drop the balance below the minimum are items related to life safety, structural and systems as approved by the Corporation and its servicers. In the event the first mortgage lender or a Housing Credit Syndicator requires replacement reserves with replacement reserve deposit requirements that include the same or higher deposits, the Corporation's rights to hold replacement reserves and to disburse such funds shall be subject to the first mortgage lender or the Housing Credit Syndicator, as applicable. The replacement reserve funds are not to be used by the Applicant for normal maintenance and repairs, but shall be used for structural building repairs, major building systems replacements and other items included on the Eligible Reserve for Replacement Items list, effective October 15, 2010, which is incorporated by reference and available on the Corporation's Website under the Multifamily Programs link labeled Non-Competitive Funding Programs or from <http://www.flrules.org/Gateway/reference.asp?No=Ref-02851>. An Applicant may choose to fund a portion of the replacement reserves at closing. Unless approved by the Corporation and the Credit Underwriter, ~~t~~The amount cannot exceed 50 percent of the required replacement reserves for two (2) years and must be placed in escrow at closing.

(12) The Developer fee and General Contractor fee shall be limited to:

(a) The Developer fee shall be limited to 18 percent of Development Cost, excluding land and operating deficit reserves, for proposed Developments qualified for Non-Competitive Housing Credits pertaining to Tax-Exempt Bond-Financed Developments; and

(b) The General Contractor's fee shall be limited to a maximum of 14 percent of the actual construction costs. For the purpose of any necessity to prepare a HUD subsidy layering review, if there exists an Identity of Interest as defined herein between the Applicant or Developer and the

General Contractor, the allowable fees shall in no case exceed the amount allowable pursuant to the HUD subsidy layering review requirements.

(13) The General Contractor must meet the following conditions:

(a) Employ a Development superintendent and charge the costs of such employment to the general requirements line item of the General Contractor's budget;

(b) Charge the costs of the Development construction trailer, if needed, and other overhead to the general requirements line item of the General Contractor's budget;

(c) Secure building permits, issued in the name of the General Contractor;

(d) Ensure that none of the General Contractor duties to manage and control the construction of the Development are subcontracted;

(e) Ensure that not more than 20 percent of the construction cost is subcontracted to any one entity, with the exception of a subcontractor contracted to deliver the building shell of a building of at least five (5) stories which may not have more than 31 percent of the construction cost in a subcontract, unless otherwise approved by the Board for a specific Development. With regard to said approval, the Board shall consider the facts and circumstances of each Applicant's request, inclusive of construction costs and the General Contractor's fees; and

(f) Ensure that no construction cost is subcontracted to any entity that has common ownership or is affiliated with the General Contractor unless otherwise approved by the Board for a specific Development. With regard to said approval, the Board shall consider the facts and circumstances of each Applicant's request, inclusive of construction costs and ownership interests in the Development.

(14) Contingency reserves which total no more than 5 percent of total actual construction costs (hard costs) and total general development costs (soft costs) for Redevelopment and Developments where 50 percent or more of the units are new construction may be included within the Total Development Cost for Application and underwriting purposes. Contingency reserves which total no more than 15 percent of total actual construction costs (hard costs) and no more than 5 percent of total general development costs (soft costs) for Rehabilitation and Preservation may be included within the Total Development Cost for Application and underwriting purposes; however, in the event financing is obtained through a federal government rehabilitation program, a contingency reserve up to 20 percent may be utilized if required by the program.

(15) The Credit Underwriter will review and determine if the number of loans and construction commitments of the Applicant and its Principals will impede its ability to proceed

with the successful development of each proposed Corporation-funded Development.

(16) If the Credit Underwriter requires additional clarifying materials in the course of the underwriting process, the Credit Underwriter shall request same from the Applicant and shall specify deadlines for the submission of same.

(17) The Credit Underwriter shall complete its analysis and submit a written draft report and recommendation to the Corporation. Upon receipt, the Corporation shall provide to the Applicant the section of the written draft report consisting of supporting information and schedules. The Applicant shall review and provide written comments to the Corporation and Credit Underwriter within 48 hours of receipt. After the 48 hour period, the Corporation shall provide to the Credit Underwriter comments on the draft report and, as applicable, on the Applicant's comments. Then, the Credit Underwriter shall review and incorporate, if deemed appropriate, the Corporation's and Applicant's comments and release the revised report to the Corporation and the Applicant. Any additional comments from the Applicant shall be received by the Corporation and the Credit Underwriter within 72 hours of receipt of the revised report. Then, the Credit Underwriter will provide a final report, which will address comments made by the Applicant, to the Corporation.

(18) For Housing Credit Applications, the Credit Underwriter shall use the following procedures during the credit underwriting evaluation:

(a) The Credit Underwriter, in determining the amount of Housing Credits a Development is eligible for when using the qualified basis calculation, shall use a Housing Credit percentage of:

~~1. A percentage of 30 basis points over the percentage as of the date of invitation to enter Credit Underwriting up to 9 percent for 9 percent credits for new construction and Rehabilitation Developments unless the Applicant has previously locked in the percentage to which the Credit Underwriter shall use the locked-in Housing Credit percentage;~~

~~2. A percentage of 15 basis points over the percentage as of the date of invitation to enter Credit Underwriting up to 4 percent will be used for Developments receiving Tax-exempt Bonds, unless the Applicant has previously locked in the percentage at a different rate, in which case the Credit Underwriter shall use the locked-in Housing Credit percentage.~~

(b) Costs such as syndication fees and brokerage fees cannot be included in eligible basis. All consulting fees and any financial or other guarantees required for the financing must be paid out of the Developer Fee. Consulting fees cannot cause the Developer Fee to exceed the maximum allowable fee as set forth in subsection (12) above.

(c) All contracts for hard or soft Development Costs must be itemized for each cost component.

(d) The allocation amount for acquisition Housing Credits shall be limited to the lesser of the sale price or the appraised value of the building(s).

(e) If the Credit Underwriter is to recommend a Non-Competitive Housing Credit Allocation, the recommendation will be the lesser of the qualified basis calculation result or the gap calculation result.

(f) As part of the process the Corporation uses to determine financial feasibility as set forth in Section 42(m)(2) ~~of the IRC, Internal Revenue Code~~, the Corporation shall utilize the greater of:

1. The actual percentage of the Applicant's Housing Credit Allocation being sold to the Housing Credit Syndicator/direct investor(s), or

2. 99.99 percent of the Applicant's Housing Credit Allocation.

The actual percentage of the Applicant's Housing Credit Allocation being sold must be equal to or less than the percentage of ownership interest held by the limited partner (inclusive of any special limited partner) or member.

(g) When any Housing Credit Allocation is syndicated or sold directly to an investor, the Corporation will require that the net proceeds received on the sale of the Housing Credits be reflective of market rate pricing as depicted by the price per dollar of Housing Credit Allocation available to the Development. All Non-Competitive Housing Credits not retained by the Applicant (up to an assumed maximum of 0.01 percent of the Housing Credit Allocation) must be sold directly or indirectly to an investor at market rate pricing. The amount of equity capital contributed by investors to an Applicant shall not be less than the amount generally contributed by investors to similar Developments as determined by using sales of comparable Housing Credit Developments and the Corporation's evaluation of market trends. The Applicant shall have documentation provided to the Corporation by the Housing Credit Syndicator (for ~~Non-Competitive~~ Housing Credits that are syndicated) or by the Applicant (for any ~~Non-Competitive~~ Housing Credits that are not syndicated) that details, for each Housing Credit investor (providing the name of ~~naming~~ the actual investor is optional), the following information:

1. The gross dollar amount of funding provided to the Housing Credit Syndicator or the Applicant, as applicable, in exchange for the purchase of the Housing Credits,

2. The net dollar amount of funding provided to the Housing Credit Syndicator or the Applicant, as applicable, that will be passed along to the Applicant as Housing Credit equity, and

3. The annual dollar amount of Housing Credit Allocation sold to the investor in exchange for the funding provided.

The Corporation will base all calculations of the minimum net syndication/investor proceeds available to the Development on the assumption that a minimum of 99.99 percent of the Housing Credit Allocation is being sold to raise equity capital. The Corporation will use the greater of:

- a. The actual equity capital contributed to the Development, or
- b. The required minimum equity capital contributed to the Development based on the criteria provided herein.

67-21.027 HC General Program Procedures and Requirements.

(1) Each Housing Credit Development shall comply with the minimum Housing Credit Set-Aside provisions, as specified in Section 42(g)(1) of the IRC, with respect to the reservation of 20 percent of the units for occupancy by persons or families whose income does not exceed 50 percent of the area median income, or the reservation of 40 percent of the units for occupancy by persons or families whose income does not exceed 60 percent of the area median income. Further, each Housing Credit Development shall comply with any additional Housing Credit Set-Aside chosen by the Applicant in the Application.

(2) The Development shall provide safe, sanitary and decent residential rental housing and shall be developed, constructed and operated in accordance with the commitments made and the facilities and services described in the Application at the time of submission to the Corporation. Applications will not be considered approved to receive an

allocation of Housing Credits until the Corporation issues a Preliminary Determination to the Applicant and all contingencies of such documents are satisfied. Allocations are further contingent on the Applicant complying with its Application commitments, this rule chapter, and Section 42 of the IRC.

(3) All of the dwelling units within a Housing Credit Development shall be rented or available for rent on a continuous basis to members of the general public. The owner of the Housing Credit Development shall not give preference to any particular class or group in renting the dwelling units in the Housing Credit Development, except to the extent that dwelling units are required to be rented to Eligible Persons. All Housing Credit Developments must comply with the Fair Housing Act as implemented by 24 CFR Part 100, Section 504 of the Rehabilitation Act of 1973 as implemented by 24 CFR Part 8 (“Section 504 and its related regulations”), and Titles II and III of the Americans with Disabilities Act of 1990 as implemented by 28 CFR Part 35. To the extent that a Housing Credit Development is not otherwise subject to Section 504 and its related regulations, the Housing Credit Development shall nevertheless comply with Section 504 and its related regulations as requirements of the Housing Credit Program to the same extent as if the Housing Credit Development were subject to Section 504 and its related regulations in all respects. To that end, for purposes of the Housing Credit Program, a Housing Credit Allocation shall be deemed “Federal financial assistance” within the meaning of that term as used in Section 504 and its related regulations for all Housing Credit Developments.

(4) Each Housing Credit Development shall complete the Final Cost Certification Application Package by the earlier of the following two dates:

- (a) The date that is 75 Calendar Days after all the buildings in the Development have been placed in service, or
- (b) The date that is 30 Calendar Days before the end of the calendar year for which the Final Housing Credit Allocation is requested.

The Corporation may grant extensions for good cause upon written request.

(5) Prior to execution of the limited partnership agreement or limited liability company operating agreement between the Applicant and the limited partners/members, the Applicant must receive written approval from the Corporation or its Credit Underwriter that the Housing Credit Syndicator is in good standing with the Corporation. Proceeding with execution of a partnership agreement or operating agreement with a Housing Credit Syndicator that is not in good standing shall result in withdrawal of the Housing Credit Allocation.

(6) The Final Cost Certification Application Package (Form FCCAP) shall be used by an Applicant to itemize all

expenses incurred in association with construction or Rehabilitation of a Housing Credit Development, including Developer's and General Contractor's fees as described in Rule 67-21.026, F.A.C. Such form package shall be completed, executed and submitted to the Corporation in both hard copy format and electronic files of the Microsoft Excel spreadsheets for the HC Development Final Cost Certification (DFCC) and the General Contractor Cost Certification (GCCC) included in the form package, along with the executed Extended Use Agreement and appropriate recording fees, IRS Tax Information Authorization Form 8821 for all Financial Beneficiaries, a copy of the syndication agreement disclosing the rate and all terms, the required certified public accountant opinion letter for both the DFCC and GCCC, an unqualified audit report prepared by an independent certified public accountant for both the DFCC and GCCC, photographs of the completed Development, the monitoring fee, and documentation of the placed-in-service date as specified in the Form FCCAP instructions. The Final Housing Credit Allocation will not be issued until such time as all required items are received and processed by the Corporation. (7) After the final evaluation and determination of the Housing Credit Allocation amount has been made by the Corporation and the Extended Use Agreement has been executed in accordance with Rule 67-21.029, F.A.C., the IRS Low-Income Housing Credit Allocation and Certification Forms 8609 are issued to the Applicant of the Housing Credit Development, as provided below. The Corporation will issue only one complete set of Forms 8609 per Development which will be no earlier than total Development completion, the Corporation's acceptance and approval of the Development's Final Cost Certification Application Package, and determination by the Corporation that all financial obligations for which an Applicant or Developer, or Principal, Affiliate or Financial Beneficiary of an Applicant or Developer is in arrears to the Corporation or any agent or assignee of the Corporation have been satisfied. At the time the Applicant's first tax return with which Form 8609-A is filed with the Internal Revenue Service, the Applicant must submit to the Corporation a copy of IRS Form 8609 with a completed Part II.

(8) Annually, within 151 Calendar Days following the Applicant's fiscal year end, the Applicant shall provide the Corporation with an audited financial statement and a fully completed and executed Financial Reporting Form (SR-1) (Rev. 05-14), which is incorporated by reference and available on the Corporation's Website under the Property Owners & Managers link labeled Forms or from <http://www.flrules.org/Gateway/reference.asp?No=Ref-04908>. 67-21.031 Qualified Contracts.

(1) An owner's written request to the Corporation for a qualified contract (a "qualified contract request") shall be governed by 26 CFR 1.42-18 (the "qualified contract regulations"), Section 42 of the IRC Code, as applicable, and this rule section in effect at the time of the qualified contract request.

(2) After the fourteenth year of the Compliance Period, unless otherwise obligated under the Extended Use Agreement, or a Land Use Restriction Agreement under another Corporation program, and provided the right to request a qualified contract for the Development was not waived in exchange for or in connection with the award of Housing Credits, the owner of a Development may submit a qualified contract request to the Corporation. When submitting a qualified contract request, the owner shall utilize the

Qualified Contract Package in effect at the time of the request and shall remit payment of the required Qualified Contract Package fee as provided therein. The Qualified Contract Package consists of the forms and instructions, obtained from the Corporation at 227 North Bronough Street, Suite 5000, Tallahassee, Florida 32301-1329, or on the Corporation's Website under the Multifamily Programs link labeled Non-Competitive Funding Programs or from http://www.flrules.org/Gateway/reference.asp?No=Ref_02855, which shall be completed and submitted to the Corporation in order to request a qualified contract. The Qualified Contract Package, (Rev. 08-2016 09-2012), is adopted and incorporated herein by reference.

(3) All information contained in a Qualified Contract Package is subject to independent review, analysis and verification by the Corporation or its agents. The Corporation may request additional information to document the qualified contract amount calculated by the owner. The Corporation may also engage the services of its own certified public accountant (CPA) and real estate appraiser to assist in the review of a Qualified Contract Package. Real estate appraisers involved in the qualified contract process must be licensed by the state of Florida as certified general appraisers and otherwise acceptable to the Corporation.

(4) The qualified contract regulations provide that the fair market value of the non-low-income portion of the building includes the fair market value of the underlying land and that the valuation of the underlying land must take into account the existing and continuing requirements contained in the Extended Use Agreement. Pursuant to Section 193.017, F.S., and the statutes cited therein, the Extended Use Agreement recorded in connection with a Housing Credit property is a land-use regulation and a limitation on the highest and best use of the property during the term of the agreement that must be considered by the county property appraiser in assessing the value of the property. Unless the owner elects otherwise as provided below, for purposes of a qualified contract request, the fair market value of the underlying land shall be the value attributed to the underlying land by the county property appraiser in the most recent year's assessed value of the Development provided that the county property appraiser's valuation of the land takes into account the existing and continuing requirements contained in the Extended Use Agreement. The county property appraiser's valuation methodology shall be verified upon submission of a qualified contract request in order to determine if the valuation of the land has taken into account the existing and continuing requirements contained in the Extended Use Agreement. If the owner is of the opinion that the county property appraiser's valuation does not represent the fair market value of the

underlying land within the contemplation of the qualified contract regulations at the time of the qualified contract request, the owner may elect to submit with its qualified contract request a value (the "owner's appraised value") for the underlying land at the fair market value determined by a real estate appraiser (the "owner's appraiser") engaged by the owner for that purpose in lieu of the county property appraiser's valuation. A copy of the real estate appraisal (the "owner's appraisal report") upon which the owner's appraised value is based shall be included with the owner's qualified contract request. If the owner elects to rely on the county property appraiser's valuation of the land and the Corporation determines that the county property appraiser's valuation did not take into account the existing and continuing requirements contained in the Extended Use Agreement, the county property appraiser's valuation shall be disregarded, and instead, the owner must obtain and submit to the Corporation an owner's appraisal report together with the owner's appraised value as provided above. The owner's appraiser must certify in the appraisal report that the valuation represents the fair market value of the underlying land taking into account the existing and continuing requirements contained in the Extended Use Agreement for the property. The owner's appraisal report must also include a narrative describing the methodology or manner in which the requirements contained in the Extended Use Agreement were considered by the owner's appraiser in arriving at the owner's appraised value of the underlying land, and, for comparison and evaluation purposes, the opinion of the owner's appraiser as to what the fair market value of the underlying land would be if unencumbered by the requirements of the Extended Use Agreement. The owner's appraised value of the underlying land and the owner's appraisal report shall be subject to review and approval by the Corporation. The Corporation may engage the services of one or more real estate appraisers, or other professionals, to assist in the review and evaluation of the owner's appraised value and the owner's appraisal report.

(5) In addition to the Qualified Contract Package fee, the owner shall be responsible for all third party fees in connection with the owner's qualified contract request. Third party fees include, but are not limited to, the costs of the services provided by CPAs and real estate appraisers or other real estate professionals engaged by the Corporation to assist it in the review of a qualified contract request, and the fees and commissions of any real estate broker in connection with the marketing and sale of the development to a buyer under a qualified contract.

(6) When offering a development for sale to the general public pursuant to a qualified contract request, the Corporation may, but shall not be required to, utilize the services of a real estate broker under contract with or designated by the

Corporation to market and sell the development. The owner of the development shall be responsible for the fees and commissions due any such real estate broker in connection with the marketing and sale of the development, and, upon request of the Corporation or the real estate broker, the owner shall enter into a written agreement with the real estate broker pursuant to which the owner agrees to pay to the real estate broker such fees and commissions in connection with the marketing and sale of the development.

(7) The running of the one-year period described in Section 42(h)(6)(I) of the IRC Code shall be suspended by the Corporation at any time upon written notice to the owner if:

(a) The Corporation concludes that the owner's request lacks information required in the Qualified Contract Package or other essential information;

(b) The owner fails to pay the Qualified Contract Package fee or, thereafter, fails to timely pay any other fees or costs for which the owner is responsible hereunder;

(c) The owner and the Corporation are unable to reach mutual agreement on the qualified contract amount;

(d) The Development that is the subject of the qualified contract request is not in compliance with the applicable program requirements or if any fees related to the Development are delinquent;

(e) The owner fails to allow the Corporation, its agents or prospective buyers access to the Development for purposes of verification, inspection or due diligence;

(f) The Applicant or Developer, or Principal, Affiliate or Financial Beneficiary of an Applicant or a Developer is in arrears to the Corporation or any agent or assignee of the Corporation;

(g) Following request, the owner fails to enter into the written agreement with the real estate broker designated by the Corporation to market and sell the development; or

(h) The owner otherwise fails to comply with the requirements of this rule section or the qualified contract regulations.

The term of any such suspension shall begin on the date of the written notice provided by the Corporation to the owner, and shall continue unabated until such date as the deficiency, non-payment or disagreement giving rise to the suspension is cured or otherwise resolved. The Corporation shall acknowledge the cure or resolution by written notice to the owner within 10 days thereafter. The owner's election to value the underlying land based on the owner's appraised value as provided in subsection (4) above shall automatically prevent the owner's purported qualified contract request from beginning the one-year period described in Section 42(h)(6)(I) of the IRC Code until such time as the Corporation and the owner shall mutually agree on the value of the underlying land for purposes of the owner's qualified contract request.

(8) Upon mutual agreement of the owner and the Corporation, the qualified contract amount shall be documented in writing signed by the Corporation and the owner.

(9) The owner shall cooperate with the Corporation and its agents, real estate brokers and prospective buyers in connection with the processing of the owner’s qualified contract request and the marketing of the Development to prospective buyers. The owner shall exercise good faith in acting upon a qualified contract as may be presented within the one-year period. If the Corporation provides a qualified contract within the one-year period and the owner rejects or fails to act upon the contract, the Development shall remain subject to the Extended Use Agreement, and the owner shall be deemed to have waived any right or option to submit another qualified contract request for the Development.

(10) An owner shall be allowed only one qualified contract request per Development.

PURPOSE AND EFFECT: The purpose of this Rule Chapter is to establish the procedures by which the Corporation shall:
 (1) Address loan amounts, make and service mortgage loans for new construction or rehabilitation of affordable rental units under the State Apartment Incentive Loan (SAIL) and Elderly Housing Community Loan (EHCL) Programs authorized by Section 420.5087, F.S., and the HOME Investment Partnerships (HOME) Program authorized by Section 420.5089, F.S.; and

(2) Address Competitive Housing Credit amounts and implement the provisions of the Housing Credit (HC) Program authorized by Section 42 of the IRC and Section 420.5099, F.S.

The intent of this Rule Chapter is to encourage public-private partnerships to invest in residential housing; to stimulate the construction and rehabilitation of residential housing which in turn will stimulate the job market in the construction and related industries; and to increase and improve the supply of affordable housing in the state of Florida.

SUMMARY: Prior to the opening of a funding process, the Corporation (1) researches the market need for affordable housing throughout the state of Florida and (2) evaluates prior competitive funding processes to determine what changes or additions should be added to the Rule, competitive solicitations, and the Qualified Allocation Plan (QAP). The proposed amendments to the Rule and adopted reference material include changes that will create a formulated process for selecting Developments that will apply under these funding programs.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The credit underwriting review shall include a comprehensive analysis of the Applicant, the real estate, the economics of the Development, the ability of the Applicant and the Development team to proceed, the evidence of need for affordable housing in order to determine that the Development meets the program requirements and determine a recommended SAIL, EHCL, or HOME loan amount, Housing Credit allocation amount or a combined SAIL or HOME loan amount and Housing Credit Allocation amount, if any; and for any Development that has rehabilitation with or without acquisition, a capital needs assessment prepared in accordance with generally accepted industry investment grade standards shall be ordered by the Credit Underwriter, and its findings shall be used to determine rehabilitation that will be carried out, including applicable energy, green, universal design and visitability features, and to set replacement reserves. Corporation funding will be based on appraisals of comparable developments, cost benefit analysis, and other documents evidencing justification of costs. As part of the credit underwriting review, the Credit Underwriter will consider the applicable provisions of Rule Chapter 67-48, F.A.C.

For any invitation to enter credit underwriting that is offered to an Applicant after Board approval of the list of eligible Applications that is sorted from highest funding preference to lowest, where the Applicant's response is to decline to enter credit underwriting, the result shall be the removal of the Application from the list of eligible Applications for the applicable competitive solicitation and any other funding where that list of eligible Applications will be used.

documents governing financing or operation of any such development.

(a) Unless the Credit Underwriter determines that mitigating factors exist, or that underwriting conditions can be imposed, sufficient to mitigate or offset the risk, the existence of the following shall result in a negative recommendation of the proposed Development by the Credit Underwriter:

(8) The Applicant will be responsible for all fees in connection with the documentation submitted to the Credit Underwriter.

(9) If the Credit Underwriter determines that special expertise is required to review information submitted to the Credit Underwriter which is beyond the scope of the Credit Underwriter's expertise, the fee for such services shall be borne by the Applicant.

(10) For Competitive HC, SAIL, and HOME Applicants, a full or self-contained appraisal as defined by the Uniform Standards of Professional Appraisal Practice and a separate market study shall be ordered by the Credit Underwriter, at the Applicant's expense, from an appraiser qualified for the geographic area and development type not later than completion of credit underwriting. The Credit Underwriter shall review the appraisal to properly evaluate the development property's financial feasibility. Appraisals which have been ordered and submitted by third party credit enhancers, first mortgagors or Housing Credit Syndicators and which meet the above requirements and are acceptable to the Credit Underwriter may be used instead of the appraisal referenced above. The market study must be completed by a disinterested party who is approved by the Credit Underwriter. The Credit Underwriter shall consider the market study, the Development's financial impact on Developments in the area previously funded by the Corporation, and other documentation when making its recommendation of whether to approve or disapprove a SAIL or HOME loan, a Housing Credit Allocation, or a combined SAIL loan and Housing Credit Allocation or Housing Credit Allocation and HOME loan. ~~The Credit Underwriter must review and determine whether there will be a negative impact to Guarantee Fund Developments within the primary market area or five (5) miles of the proposed Development, whichever is greater.~~ The Credit Underwriter shall also review the appraisal and other market documentation to determine if the market exists to support both the demographic and income restriction set-asides committed to within the Application. For the Credit Underwriter to make a favorable recommendation, the submarket of the proposed Development must have:

(a) An average physical occupancy rate of 92 percent or greater, and

(b) For Developments with new construction units, an average market rental rate, based on unit mix and annualized rent concessions, of 110 percent or greater of the applicable maximum Housing Credit rental rate.

(11) The proposed Development must demonstrate, based on current rates, that it can meet minimum 1.10x debt service coverage (DSC) requirements with all first and second mortgages for Housing Credits. If during the credit underwriting it is determined that there is no need for a first

mortgage or any debt service payments then the proposed Development shall demonstrate the ability to achieve breakeven. In the case where an operating deficit reserve (ODR) is approved during credit underwriting, then the ODR can be used as income for purposes of this test. For SAIL and HOME, the minimum debt service coverage shall be 1.10x for the ~~HOME~~ loan, including all superior mortgages. ~~For SAIL, the minimum debt service coverage shall be 1.10x for the SAIL loan, including all superior mortgages.~~ However, if the Applicant defers at least 35 percent of its Developer fee for at least six (6) months following construction completion, the minimum debt service coverage shall be 1.00 for the SAIL or HOME loan, including all superior mortgages. For SAIL, EHCL, and HOME, the maximum debt service coverage shall be 1.50x for the SAIL, EHCL, or HOME loan, including all superior mortgages. In extenuating circumstances, such as when the Development has deep or short term subsidy, the debt service coverage may exceed 1.50x if the Credit Underwriter's favorable recommendation is supported by the projected cash flow analysis. Developments receiving first mortgage funding from the United States Department of Agriculture Rural Development (RD) are not required to meet the debt service coverage standards if RD is providing rental assistance and has acknowledged that rents will be set at an amount sufficient to pay all operating expenses, replacement reserve requirements and debt service on the first and second mortgages.

(12) For Competitive HC, SAIL, and HOME, the Corporation's assigned Credit Underwriter shall require a guaranteed maximum price construction contract, acceptable to the Corporation, which may include change orders for changes in cost or changes in the scope of work, or both, if all parties agree, and shall order, at the Applicant's sole expense, and review a pre-construction analysis for all new construction units and a physical needs assessment for rehabilitation units and review the Development's costs. If an EHCL Development has a General Contractor, the preceding requirement will also apply to the EHCL Development.

(13) For Competitive HC, SAIL, and HOME, in addition to operating expenses, the Credit Underwriter must include an estimate for replacement reserves and operating expense reserves deemed appropriate by the Credit Underwriter when calculating the final net operating income available to service the debt. A minimum amount of \$300 per unit per annum must be used for all Developments.

(a) The initial replacement reserve will have limitations on the ability to be drawn upon during the following time periods:

1. New construction or Redevelopment Developments shall not be allowed to draw during the first five (5) years or until the establishment of a minimum balance equal to the

accumulation of five (5) years of replacement reserves per unit, or

2. Preservation or Rehabilitation Developments (with or without acquisition) shall not be allowed to draw until the start of the scheduled replacement activities as outlined in the pre-construction capital needs assessment report ('CNA') subject to the activities completed in the scope of rehabilitation, but not sooner than the 3rd year.

(b) The amount established as a replacement reserve shall be adjusted based on a CNA, ordered by a first mortgage lender, third party credit enhancer or a Housing Credit Syndicator and which has been prepared in accordance with generally accepted industry investment grade standards, ~~to be~~ received by the Corporation or its servicers, ~~prepared by an independent third party~~ and acceptable to the Corporation and its servicers at the time the CNA is required, beginning no later than the 10th year after the first residential building in the Development receives a certificate of occupancy, a temporary certificate of occupancy, or is placed in service, whichever is earlier ('Initial Replacement Reserve Date'). A subsequent CNA, meeting the parameters of this section, is required no later than the 15th year after the Initial Replacement Reserve Date and subsequently every five (5) years thereafter. If the Applicant does not provide a copy of a CNA to the Corporation or its servicers, prepared by an independent third party and acceptable to the Corporation and its servicers within the stated time frames, then one shall be ordered by the Corporation or its servicers at the Applicant's expense. The only events allowed to drop the balance below the minimum are items related to life safety, structural and systems as approved by the Corporation and its servicers. In the event the first mortgage lender or a Housing Credit Syndicator requires replacement reserves with replacement reserve deposit requirements that include the same or higher deposits, the Corporation's rights to hold replacement reserves and to disburse such funds shall be subject to the first mortgage lender or the Housing Credit Syndicator, as applicable. The replacement reserve funds are not to be used by the Applicant for normal maintenance and repairs, but shall be used for structural building repairs, major building systems replacements and other eligible items as identified in a competitive solicitation. An Applicant may choose to fund a portion of the replacement reserves at closing. Unless approved by the Corporation and the Credit Underwriter, ~~the~~ amount cannot exceed 50 percent of the required replacement reserves for two (2) years and must be placed in escrow at closing.

(14) For SAIL, EHCL, HOME, and Competitive HC, the Credit Underwriter may request additional information, but at a minimum for SAIL, EHCL, and HOME, the following will be required during the underwriting process:

(a) For credit enhancers, audited financial statements for their most recent fiscal year ended, if published; otherwise the previous year's audited statements will be provided until the current statements are published or credit underwriting is complete. The audited statements may be waived if the credit enhancer is rated at least "A-" by Moody's, Standard and Poor's or Fitch.

(b) For the Applicant, general partner(s), and guarantors, audited financial statements or financial statements compiled or reviewed by a licensed Certified Public Accountant for the most recent fiscal year ended, credit check, banking and trade references, and deposit verifications. If financial statements that are either audited, compiled or reviewed by a licensed Certified Public Accountant are not available, unaudited financial statements prepared within the last 90 days and reviewed by the Credit Underwriter and the two most recent years' tax returns. If any of the applicable entities are newly formed (less than 18 months in existence as of the date that credit underwriting information is requested), a copy of any and all tax returns with related supporting notes and schedules. The financial statements and information provided for review should be in satisfactory form and shall be reviewed in accordance with the terms and conditions of this rule chapter and any applicable competitive solicitation.

(c) For the General Contractor, audited financial statements or financial statements compiled or reviewed by a licensed Certified Public Accountant for the most recent fiscal year ended, credit check, banking and trade references, and deposit verifications. The audited or compiled statements may be waived if a payment and performance bond equal to 100 percent of the total construction cost whose terms do not adversely affect the Corporation's interest, and is issued in the name of the General Contractor by a company rated at least "A-" by AMBest & Co.

(15) For SAIL and HOME, at a minimum, the general partner(s) (individual and entity) or manager(s)/managing member(s) (individual and entity), as applicable, of the Applicant shall provide a guarantee for completion of construction. In addition, one or more entities or individuals (other than a general partner or manager/managing member) having an ownership interest, either directly or indirectly, in the Applicant or in the general partner or managing member of the Applicant shall be required to provide guarantees or personal guarantees, as applicable, for completion of construction as recommended by the Credit Underwriter or as otherwise required by the Corporation. For SAIL and HOME, the Corporation Credit Underwriter shall consider the following when determining the need for additional construction completion guarantees based on the recommendations of the Credit Underwriter:

(a) Liquidity of any guarantee provider ~~the guarantor(s).~~

(b) Applicant's, Developer's and General Contractor's history in successfully completing Developments of similar nature.

(c) The past performance of the Applicant, Problems encountered previously with Developer, General Contractor or any other guarantee provider in developing or constructing Developments financed by the Corporation or its predecessor contractor.

(d) Percentage Exposure of the Corporation's funds utilized compared to Total Development Costs.

~~At a minimum, the Credit Underwriter shall require a personal guarantee for completion of construction from the principal individual of the borrowing entity. If, in addition, a letter of credit or payment and performance bond whose terms do not adversely affect the Corporation's interest will be required if the Credit Underwriter after evaluation of paragraphs (a)-(d) above by the Corporation and the Credit Underwriter, it is determined in this subsection that additional surety is needed, the Applicant will be required to provide a letter of credit or payment and performance bond. However, a completion guarantee will not be required if funds are not drawn until evidence of lien free completion is provided.~~

(16) For all Developments, the Developer fee and General Contractor's fee shall be limited to:

(a) Unless otherwise provided in a competitive solicitation process, the Developer fee shall be limited to 16 percent of Development Cost, excluding land and operating deficit reserves, except that, based upon criteria outlined in a competitive solicitation, a Developer fee of up to 21 percent of Development Cost, excluding land and operating deficit reserves, shall be allowed if the proposed Development is qualified for Competitive Housing Credits with a demographic commitment of Homeless or Persons with Special Needs. When the Developer fee is limited to 21 percent of the Development Cost, aAn amount equal to 5 percent of Development Cost the difference between the Developer fee and an amount equal to 16 percent of Development Cost, if any, must be placed in an operating subsidy reserve account to be held by the Corporation or its servicer. Any disbursements from said operating subsidy reserve account shall be reviewed and approved by the Corporation or its servicer. Upon the expiration of the Compliance Period, any remaining balance in any operating deficit reserve (or similarly purposed) account may be drawn to pay down any outstanding SAIL or HOME debt on the proposed Development or such other Corporation loan debt, including loan fees, on the proposed Development administered by the Corporation or its servicer. If there is no Corporation loan debt on the ~~proposed~~ Development at the end of the Compliance Period, then any remaining balance in said operating subsidy reserve account shall be placed into in either an operating subsidy reserve account or a replacement reserve

account for the ~~proposed~~ Development which will have similar distribution restrictions as stated herein or in paragraph (b), below. In no event shall the remaining balance in said operating subsidy reserve account be paid to the Developer or General Contractor in an amount that would cause the Developer fee or General Contractor fee to exceed the applicable percentage limitations provided herein and in (b) below. Amounts withdrawn from the reserve account will not be considered Development Cash Flow. In the event amounts withdrawn are to pay any deferred Development Costs, it can be done prior to the end of the Compliance Period, but no sooner than the end of the 13th year of the Compliance Period and only after the Corporation's Credit Underwriter confirms that said withdrawal does not negatively impact the Development through the remainder of the Compliance Period.

To the extent there are any Housing Credits that are not sold to an investor(s) (and at the minimum price referenced in paragraph 67-48.0072(29)(h)), F.A.C., in excess of 0.01 percent of the Applicant's Housing Credit Allocation, then it will be assumed those unsold Housing Credits are valued at the same price as those Housing Credits sold to an investor(s) and that total value will be considered to be part of the Developer fee.

(b) The General Contractor's fee shall be limited to a maximum of 14 percent of the actual construction cost.

(17) The General Contractor must meet the following conditions:

(a) Employ a Development superintendent and charge the costs of such employment to the general requirements line item of the General Contractor's budget;

(c) Secure building permits, issued in the name of the General Contractor;

(d) Secure a payment and performance bond whose terms do not adversely affect the Corporation's interest (or approved alternate security for General Contractor's performance, such as a letter of credit), issued in the name of the General Contractor, from a company rated at least "A-" by AMBest & Co.;

(e) Ensure that none of the General Contractor duties to manage and control the construction of the Development are subcontracted;

(f) Ensure that not more than 20 percent of the construction cost is subcontracted to any one entity, with the exception of a subcontractor contracted to deliver the building shell of a building of at least five (5) stories which may not have more than 31 percent of the construction cost in a subcontract, unless otherwise approved by the Board for a

specific Development. With regard to said approval, the Board shall consider the facts and circumstances of each Applicant's request, inclusive of construction costs and the General Contractor's fees; and

(g) Ensure that no construction cost is subcontracted to any entity that has common ownership or is affiliated with the General Contractor unless otherwise approved by the Board for a specific Development. With regard to said approval, the Board shall consider the facts and circumstances of each Applicant's request, inclusive of construction costs and ownership interests in the Development.

(18) For SAIL and HOME, the Credit Underwriter shall require an operating deficit guarantee. Upon written request of the guarantor(s) to the Corporation or its agent, the operating deficit guarantee will ~~to~~ be released upon achievement of a 1.15x debt service coverage ratio for the combined permanent first mortgage and SAIL or HOME loan, as determined by the Corporation or its agent, and 90 percent occupancy, and 90 percent of the gross potential rental income, net of utility allowances, if applicable, all for a period equal to 12 consecutive months, all as certified by an independent Certified Public Accountant. The calculation of the debt service coverage ratio shall be made by the Corporation or its agent. The Credit Underwriter or servicer will determine whether all of the requirements described above have been met, including receipt, acceptance and verification of the documentation provided by the Certified Public Accountant, and will then submit a letter to the Corporation containing a positive or negative recommendation concerning the release of the operating deficit guarantee. If the Corporation's decision is to deny the release of the operating deficit guarantee, the Board shall consider the facts and circumstances of the Applicant's request and the Corporation's denial, and make a determination of whether to grant the requested release. Notwithstanding the above, the operating deficit guarantee shall not be released ~~terminate~~ earlier than three (3) years following the final certificate of occupancy. An operating deficit guarantee, to be released upon achievement of 1.00x debt service coverage for a minimum of six (6) consecutive months for the combined permanent first mortgage and SAIL or HOME loan will be required for Developments receiving first mortgage funding from the United States Department of Agriculture Rural Development (RD) if RD is providing rental assistance and has acknowledged that rents will be set at an amount sufficient to pay all operating expenses, replacement reserve requirements and debt service on the SAIL or HOME loan and all superior mortgages.

(19) Contingency reserves which total no more than 5 percent of total actual construction costs (hard costs) and total general development costs (soft costs) for Redevelopment and

Developments where 50 percent or more of the units are new construction may be included within the Total Development Cost for Application and underwriting purposes. Contingency reserves which total no more than 15 percent of total actual construction costs (hard costs) and no more than 5 percent of total general development costs (soft costs) for Rehabilitation, Moderate Rehabilitation, Substantial Rehabilitation, and Preservation may be included within the Total Development Cost for Application and underwriting purposes; however, in the event financing is obtained through a federal government rehabilitation program, a contingency reserve up to 20 percent may be utilized if required by the program. Contingency reserves shall not be paid from SAIL or HOME funds.

(20) The Credit Underwriter will review and determine if the number of loans and construction commitments of the Applicant and its Principals will impede its ability to proceed with the successful development of each proposed Corporation-funded Development.

(21) Information required by the Credit Underwriter shall be provided as follows:

(a) For SAIL, EHCL, and HOME Applicants—must complete Developments, the Corporation shall issue a firm loan commitment after approval of the Credit Underwriter's recommendation for funding by the Board.

The Corporation shall charge a non-refundable extension fee of one (1) percent of each loan amount if the request to extend the credit underwriting and firm loan commitment process beyond the initial nine (9) month deadline is approved. If, by the end of the extension period, the Applicant has not received a firm loan commitment, then the preliminary commitment shall be withdrawn. If the Corporation's decision is to deny the Applicant's request for an extension, then prior to the

~~withdrawal of the preliminary commitment, the Board shall consider the facts and circumstances of the Applicant's request, the Corporation's denial, and any credit underwriting report, if available, and make a determination of whether to grant the requested extension.~~

The Corporation shall charge an extension fee of ~~one half of one (1) percent of each Corporation~~ the loan amount if the Board approves the request to extend the loan closing deadline commitment

beyond the applicable 120 Calendar Day or 180 Calendar Day period outlined above in this rule chapter. In the event the Corporation loan(s) does not close by the end of the extension period, the firm loan commitment(s) shall be deemed void and the funds shall be de-obligated.

(27) For SAIL and HOME that is in conjunction with Competitive HC, upon issuance of the preliminary loan commitment, these Corporation loans and other mortgage loans related to the Development must close within the time frame outlined in the competitive solicitation.

~~(28)(27)~~ At least five (5) Calendar Days ~~P~~prior to any loan closing:

1. Unless otherwise stated in a competitive solicitation, twenty (20) Thirty (30) basis points over the percentage as of the date of invitation to enter credit underwriting with a minimum of up to 9 percent for 9 percent credits for new construction and Rehabilitation Developments, unless the Applicant has previously locked-in the percentage at a different rate, in ~~to~~ which case the Credit Underwriter shall use the locked-in Housing Credit percentage;

2. Fifteen (15) basis points over the percentage as of the date of invitation to enter credit underwriting up to 4 percent for 4 percent credits for acquisition and federally subsidized Developments, unless the Applicant has previously locked-in the percentage at a different rate, in ~~to~~ which case the Credit Underwriter shall use the locked-in Housing Credit percentage.

(b) Costs such as syndication fees and brokerage fees cannot be included in eligible basis. All consulting fees and any financial or other guarantees required for the financing must be paid out of the Developer fee. Consulting fees cannot cause the Developer fee to exceed the maximum allowable fee as set forth in subsection 67-48.0072(16), F.A.C.

(c) All contracts for hard or soft Development Costs must be itemized for each cost component.

(d) The allocation amount for acquisition Housing Credits shall be limited to the lesser of the sale price or the appraised value of the building(s).

(e) If the Credit Underwriter is to recommend a Competitive Housing Credit Allocation, the recommendation will be the lesser of:

1. The qualified basis calculation result,
2. The gap calculation result, or
3. The Housing Credit award considered in the Application.

During the credit underwriting process and as a part of the final cost certification process, the Development will be subjected to the Total Development Cost per unit limitation test as outlined in a competitive solicitation.

(f) As part of the process the Corporation uses to determine financial feasibility as set forth in Section 42(m)(2); of the IRC Internal Revenue Code, the Corporation shall utilize the greater of:

1. The actual percentage of the Applicant's Housing Credit Allocation being sold to the Housing Credit Syndicator/direct investor(s), or
2. 99.99 percent of the Applicant's Housing Credit Allocation.

The actual percentage of the Applicant's Housing Credit Allocation being sold must be equal to or less than the percentage of ownership interest held by the limited partner (inclusive of any special limited partner) or member. In addition, the price of the Housing Credits being sold must reflect a market rate value at a minimum or one will be utilized when determining a recommendation for the amount of the Housing Credit Allocation using the gap calculation.

(g) When utilizing the gap calculation in determining a recommendation for the amount of the Housing Credit Allocation as part of the process the Corporation uses to determine financial feasibility as set forth in Section 42(m)(2) of the IRC, Internal Revenue Code, the Credit Underwriter shall assume a first mortgage loan amount from a non-governmental agency (i.e., a traditional first mortgage lender) to be the greater of:

1. The actual amount committed to the Development, or
2. The amount of the proposed Development's minimum qualifying first mortgage as determined herein. The Development's minimum qualifying first mortgage shall be the lesser of a. or b. as follows:

a. An amount that yields a debt service coverage ratio of 1.25x based on the pro forma for the proposed Development's 15th year given an annual rate of increase for revenues of the lesser of 2 percent or the annual rate of increase utilized in credit underwriting, along with an annual rate of increase for operating expenses of the greater of 3 percent or the annual rate of increase utilized in credit underwriting, or

b. The greater of either:

(I) An amount that yields a debt service coverage ratio of 1.50x, or

(II) An amount that yields a net cash flow after debt service of \$1,000 per unit.

Both (I) and (II) above are based on the pro forma for the proposed Development's initial year.

With regard to subparagraph 2. above, unless otherwise stated in a competitive solicitation, the first mortgage shall be sized based on an interest rate equal to the actual interest rate of the actual first mortgage of the proposed Development, but no less than an interest rate floor of the greater of 7.0 percent or 325 basis points over the 10-year Treasury Rate as of the submission deadline for the applicable competitive solicitation and an interest rate ceiling of no greater than 100 basis points over said interest rate floor. The first mortgage shall be sized based on an amortization term equal to the greater of the actual amortization term of the actual first mortgage of the proposed Development or 30 years. If the resulting calculated minimum qualifying first mortgage is less than \$500,000, then the Development shall assume to have no minimum qualified first mortgage. This determination applies to any Development that did not qualify as a Homeless or Persons with Special Needs Demographic Development, which said Homeless or Persons with Special Needs Demographic Developments would only use its actual committed debt.

(h) When any Housing Credit Allocation is syndicated or sold directly to an investor, the Corporation will require that the net proceeds received on the sale of the Housing Credits be reflective of market rate pricing as depicted by the price per dollar of Housing Credit Allocation available to the Development. All Competitive Housing Credits not retained by the Applicant (up to an assumed maximum of 0.01 percent of the Housing Credit Allocation) must be sold directly or indirectly to an investor at market rate pricing. The amount of equity capital contributed by investors to an Applicant shall not be less than the amount generally contributed by investors to similar Developments as determined by using sales of comparable Housing Credit Developments and the Corporation's evaluation of market trends. The Applicant shall have documentation provided to the Corporation by the Housing Credit Syndicator (for ~~Competitive~~ Housing Credits that are syndicated) or by the Applicant (for any ~~Competitive~~ Housing Credits that are not syndicated) that details, for each Housing Credit investor (providing the name of naming the actual investor is optional), the following information:

1. The gross dollar amount of funding provided to the Housing Credit Syndicator or the Applicant, as applicable, in exchange for the purchase of the Housing Credits,

2. The net dollar amount of funding provided to the Housing Credit Syndicator or the Applicant, as applicable, that

will be passed along to the Applicant as Housing Credit equity, and

3. The annual dollar amount of Housing Credit Allocation sold to the investor in exchange for the funding provided.

The Corporation will base all calculations of the minimum net syndication/investor proceeds available to the Development on the assumption that a minimum of 99.99 percent of the Housing Credit Allocation is being sold to raise equity capital. The Corporation will use the greater of:

a. The actual equity capital contributed to the Development, or

b. The required minimum equity capital contributed to the Development based on the criteria provided herein.

~~(30)(29)~~ If the Credit Underwriter recommends that Housing Credits be allocated to the Development, the Corporation shall determine the credit amount, if any, necessary to make the Development financially feasible and viable throughout the Housing Credit Extended Use Period and shall issue a Preliminary Allocation certificate. If the Credit Underwriter recommends that no credits be allocated to the Development and the Executive Director accepts the recommendation, the Applicant shall be notified that no Housing Credits will be allocated to the Development. All contingencies required in the Preliminary Allocation shall be met or satisfied by the Applicant within 45 Calendar Days from the date of issuance or as otherwise indicated on the certificate.

~~(31)(30)~~ For Competitive HC, the credit underwriting report must be finalized no later than the deadline provided in the Carryover Allocation Agreement, unless extended as provided in the Carryover Allocation Agreement, or the Housing Credits will be deemed to be returned to the Corporation.

67-48.010 Terms and Conditions of SAIL Loans.

(1) The proceeds of all SAIL loans shall be used for new construction or rehabilitation which creates or preserves affordable, safe and sanitary multifamily rental housing units.

(2) The SAIL loan may be in a first, second, or other subordinated lien position. For purposes of this rule, mortgages securing a letter of credit as credit enhancement for the bonds financing the first mortgage shall be considered a contingent liability and part of the first mortgage lien, provided that the Applicant's counsel furnishes an opinion regarding the contingent nature of such mortgage satisfactory to the Corporation and its counsel.

(3) The loans shall be non-amortizing and shall have interest rates as provided in Section 420.507(22), F.S., and specified in an applicable competitive solicitation.

(4) Except as provided in Section 420.5087(5), F.S., the amount of any superior mortgages combined with the SAIL mortgage shall be less than the appraised value of the Development. Any debt service reserve requirement associated with a superior mortgage shall be excluded from the amount of the superior mortgage for purposes of this calculation.

(5) Payment on the loans shall be based upon the Development Cash Flow, as determined pursuant to the financial reporting requirements as provided in a competitive solicitation, or shall be due annually as determined by the Corporation's Board of Directors. Such determination by the Board shall be based upon a written recommendation by the Credit Underwriter which has considered the economic and financial viability of the Development as well as the protection of the Corporation's repayment of principal and interest. Any distribution or payment to the Principal(s) of the Applicant or Developer or any Affiliate of the Principal of the Applicant or Developer or any Affiliate of the Applicant or Developer, whether paid directly or indirectly, which was not expressly disclosed in determining debt service coverage in the Board approved final credit underwriting report, with the exception

of payment of the Developer fee allowable to maximum of 20 percent per year, will be added back to the amount of cash available for the SAIL loan interest payment, pursuant to the financial reporting process, for the purpose of determining interest due. Interest may be deferred as set forth in subsection 67-48.010(8), F.A.C., without constituting a default on the loan.

(6) The loans described in subsection 67-48.010(3), F.A.C., above shall be repaid from Development Cash Flow, and if the SAIL loan is not a first mortgage loan, each year, subject to the provisions of subsection 67-48.010(8), F.A.C., below, Development Cash Flow shall be applied to pay the following items in order of priority:

(a) All superior mortgage fees and debt service;

(b) Development Expenses for the SAIL Development, plus up to 20 percent of total Developer fees per year;

(c) Interest payment on SAIL loan balance equal to the percentage specified in the applicable competitive solicitation over the life of the SAIL loan;

(d) Interest payments on the SAIL loan deferred from previous years;

(e) Mandatory payment on subordinate mortgages.

After the full SAIL loan interest has been paid, the Applicant shall retain all remaining monies, unless the Applicant chooses to prepay a portion of the loan balance.

(7) If the SAIL loan is secured by a first mortgage lien, each year, subject to the provisions of subsection 67-48.010(8), F.A.C., below, Development Cash Flow shall be applied to pay the following items in order of priority:

(a) First mortgage fees and interest payment on the SAIL loan balance equal to the percentage specified in the applicable competitive solicitation over the life of the SAIL loan;

(b) Development Expenses on the SAIL loan plus up to 20 percent of total Developer fees per year;

(c) Interest payments on the SAIL loan deferred from previous years;

(d) Mandatory payment on subordinate mortgages.

After the full SAIL loan interest has been paid, the Applicant shall retain all remaining monies, unless the Applicant chooses to prepay a portion of the loan balance.

(8) The determination of lien position, determination of Development Cash Flow, determination of payment priorities, and payment of interest on SAIL loans shall occur annually. A change in lien position from subordinate to first changes payment priorities. Any payments of accrued and unpaid interest due annually on SAIL loans shall be deferred to the extent that Development Cash Flow is insufficient to make said payments pursuant to the payment priority schedule established in this rule chapter. If Development Cash Flow is under-reported and such report causes a deferral of SAIL

interest, such under-reporting shall constitute an event of default on the SAIL loan. A penalty of 5 percent of any required payment shall be assessed.

(a) By the date that is 151 Calendar Days after the Applicant's fiscal year end of each year of the SAIL loan term, the Applicant shall provide the Corporation's servicer with audited financial statements and a certification detailing the information needed to determine the annual payment to be made. However, this certification requirement will be waived until 151 Calendar Days after the Applicant's fiscal year end following the fiscal year within which the first unit is occupied. In the case where the SAIL Development contained occupied units at the time of acquisition, the initial submission will be due following the fiscal year within which the 12 month anniversary of the SAIL loan closing is observed. The certification shall require submission of audited financial statements and any other financial reporting requirements as provided in a competitive solicitation. The audited financial statements are to be prepared in accordance with accounting principles generally accepted in the United States of America and audited in accordance with auditing standards generally accepted in the United States of America for the 12 month fiscal year period just ended and shall include:

1. Comparative Balance Sheet with prior year and current year balances;

2. Statement of revenue and expenses;

3. Statement of changes in fund balances or equity;

4. Statement of cash flows; and

5. Notes to financial statements.

The financial statements referenced above should also be accompanied by a certification of the Applicant as to the accuracy of such financial statements. A late fee of \$500 will be assessed by the Corporation for failure to submit the required audited financial statements and certification by 151 Calendar Days after the Applicant's fiscal year end of each year of the SAIL loan term. If the Applicant has not submitted the required audited financial statements, the Corporation servicer shall deem the Development Cash Flow sufficient and issue a billing for interest due on the SAIL loan for the Applicant's immediately preceding fiscal year by 212 Calendar Days after the Applicant's fiscal year end. After receipt of the audited financial statements, the Corporation servicer shall issue revised billing, if necessary. Failure to submit the required audited financial statements and certification by 151 Calendar Days after the Applicant's fiscal year end of each year of the SAIL loan term shall constitute an event of default on the SAIL loan. The Applicant shall furnish to the Corporation or its servicer, unaudited statements, certified by the Applicant's principal financial or accounting officer, covering such financial matters as the Corporation or its servicer may reasonably request, including without

limitation, monthly statements with respect to the Development.

For SAIL loans applied for prior to February 22, 2001, the Corporation will extend the annual filing deadline for submission of the audited financial statements and certification detailing the information needed to determine the annual payment to be made, pursuant to subsection 67-48.010(8), F.A.C., to May 31 of each year of the SAIL loan term. The Corporation servicer shall issue a billing for interest due on the SAIL loan for the immediately preceding calendar year by July 31 of each calendar year of the SAIL loan. In addition, for SAIL loans applied for prior to December 23, 1996, so long as the executed loan agreements contain a provision to assess a late fee for failure to provide the audited financial statement and certification detailing the information needed to determine the annual payment due, such fee will be assessed by the Corporation as outlined above.

(b) The Corporation servicer shall issue a billing for interest due on the SAIL loan for the Applicant's immediately preceding fiscal year by 212 Calendar Days after the Applicant's fiscal year end of each year of the SAIL loan term.

(c) The Applicant shall remit the interest due to the Corporation servicer no later than 243 Calendar Days after the Applicant's fiscal year end of each year of the SAIL loan term. The first payment of SAIL interest will be due no later than 243 Calendar Days after the Applicant's fiscal year end following the fiscal year within which the first unit is occupied. The first payment of interest shall include all interest for the period which begins accruing on the date of the first Draw and ends on the date of the Applicant's fiscal year end of the fiscal year during which the first unit is occupied.

(9) After maturity or acceleration, the Note shall bear interest at its default interest rate, as provided therein, from the due date until paid. Unless the Corporation has accelerated the SAIL loan, the Applicant shall pay the Corporation a late charge of 5 percent of any required payment that is not received by the Corporation within 15 days of the due date.

(10) The final billing for the purpose of payoff of the SAIL loan shall also include a billing for compliance fees to cover monitoring of SAIL Program requirements beyond the maturity date of the Note. Such fees shall be computed by determining the present value of the annual compliance monitoring fee for the number of years for which the Development will have a set-aside for Very Low-Income persons or households beyond the repayment date. The applicable present value discount rate shall be established in each competitive solicitation. Such amount shall be reduced by the amount of any compliance monitoring fees for other programs collected by the Corporation for the Development for the period, provided:

(a) The compliance monitoring fee covers some or all of the period following the anticipated SAIL loan repayment date; and

(b) The Development has substantially equivalent set-asides for Very Low-Income persons or households mandated through another Corporation program for which the compliance monitoring fee was collected.

(11) The SAIL loans shall be serviced either directly by the Corporation or by the servicer on behalf of the Corporation.

(12) The Corporation shall monitor compliance of all terms and conditions of the SAIL loan and shall require that certain terms and conditions be embodied in the Land Use Restriction Agreement and recorded in the public records of the county wherein the Development is located. Violation of any material term or condition of the documents evidencing or securing the SAIL loan shall constitute a default during the term of the SAIL loan. The Corporation shall take appropriate legal action to effect compliance if a violation of any material term or condition relative to the set-asides of units for Very Low-Income persons or households is discovered during the course of compliance monitoring or by any other means.

(13) The Corporation shall require adequate insurance to be maintained on the Development as determined by the first mortgage lender, the Corporation, or the Corporation's servicer, but which shall, in any case, include fire, hazard and other insurance as required by the terms and conditions outlined in a competitive solicitation.

(14) The SAIL loan term shall be for a period of not more than 15 years. However, if both a SAIL loan and federal Housing Credits are to be used to assist a Development, the Corporation may set the SAIL loan term for a period commensurate with the investment requirements associated with the Housing Credit syndication. The term of the loan may also exceed 15 years if the lien of the Corporation's encumbrance is subordinate to the lien of another mortgagee, in which case the term may be made coterminous with the longest term of the superior loan.

(15) After accepting a preliminary commitment, the Applicant shall not refinance, increase the principal amount, or alter any terms or conditions of any mortgage superior or inferior to the SAIL mortgage without prior approval of the Corporation's Board of Directors. However, an Applicant may reduce the interest rate on any superior or inferior mortgage loan without the Board's permission, provided that no other terms of the loan are changed. The Corporation must be notified in writing of any such change.

Following construction completion, the Corporation will recommend that the Board shall deny any requests to increase the amount of any superior mortgage, unless the criteria outlined in subsection 67-48.0105(5), F.A.C., are met, the

original combined loan to value ratio for the superior mortgage and the SAIL mortgage is maintained or improved, and a proportionate amount of the increase in the superior mortgage is used to reduce the outstanding SAIL loan balance. To calculate the proportionate amount of the increase in the superior mortgage which must be paid toward the reduction of the SAIL loan balance, the following calculation shall be used: divide the amount of the original SAIL mortgage by the combined amount of the original SAIL mortgage and the original superior mortgage; then multiply the quotient by the amount of the increase in the superior mortgage from the current balance. For example, if the amount of the original SAIL mortgage is \$2,000,000, the original superior mortgage is \$4,400,000, with a current balance of \$3,000,000, a proposed new superior mortgage of \$5,000,000, then the amount of the increase in the superior mortgage would be \$2,000,000, and the proportionate amount of the increase in the superior mortgage which must be paid toward the reduction of the SAIL loan balance would be \$625,000. This \$625,000 would be applied first to accrued interest and then to principal.

(16) All SAIL loans shall be in conformance with applicable federal and state statutes. The Corporation shall allow units dedicated to occupancy by the Elderly in a Development designed for occupancy by elderly households pursuant to authorization by HUD under the Fair Housing Amendments of 1988 as implemented by 24 CFR Part 100.

(17) Rent controls are determined in a manner consistent with Section 42(g)(2) of the IRC. The gross monthly rent shall not exceed 30 percent of the imputed income limitation applicable to such unit as committed to by the Applicant in its Application be allowed on any Development except:

~~(a) As required in conjunction with the issuance of tax-exempt bonds or federal Housing Credits and~~

~~(b) When the Sponsor has committed to set aside units for ELI Persons, in which case rents for such units shall be restricted at the level applicable for federal Housing Credits.~~

(18) The documents creating, evidencing or securing each SAIL loan must provide that any violation of the terms and conditions described in Rule Chapter 67-48, F.A.C., any competitive solicitation, or both, constitutes a default under the SAIL loan documents allowing the Corporation to accelerate its loan and to seek foreclosure as well as any other remedies legally available to it.

(19) A failure to pay any principal or interest due under the terms of this section shall constitute a default on the SAIL loan.

(20) If, after a four-month rent-up period commencing after issuance of the last certificate of occupancy on the units, an Applicant is unable to meet the agreed-upon demographic commitment for Elderly, Homeless, Persons with Special

Needs, Farmworker or Commercial Fishing Worker, the Applicant may request to rent such units to Very Low-Income persons or households without demographic restriction.

(a) The written request must provide documentation of marketing efforts implemented over the past four-month period which demonstrate the inclusion of sources of potential residents, advertising to be used, other means of encouraging residents to rent at the Development, and priority to the original targeted group of residents. If the Corporation determines that prior marketing efforts were insufficient, a revised plan which is satisfactory to the Corporation must be submitted and implemented for a four-month period prior to reconsideration.

(b) The Corporation will recommend that the Board will require that Applicants to provide additional amenities or resident programs suitable for the proposed resident population.

(c) The Corporation will recommend that the Board will require that Applicants to modify loan documents to conform to the terms and conditions, including the interest rate, as outlined in the competitive solicitation, or to accelerate payments of SAIL loan principal or interest.

(21) Failure to provide the Corporation and its servicer with any financial reporting required in a competitive solicitation detailing the information needed to determine the annual payment to be made pursuant to this rule chapter shall constitute a default on the SAIL loan.

(22) For SAIL loans applied for prior to March 17, 2002, at the borrower's request, the Corporation will include up to 20 percent of total Developer fees per year as a Development Expense when calculating the interest due on the SAIL loan for the 2003 calendar year for the billing issued in 2004 and for the billing for interest due each calendar year thereafter. Development Expense will not include Developer fees for determination of payment of interest on SAIL loans applied for prior to March 17, 2002 for the 2002 calendar year or any previous calendar year. For purposes in this paragraph, Development Expense has the same meaning as Project Expense and Eligible Project Expense as those terms are used in SAIL loans applied for prior to March 17, 2002.

(23) The Compliance Period for a SAIL Development shall be, at a minimum, a period of time equal to the greater of:

(a) The term of the loan,

(b) 12 years from the date the first residential unit is occupied, or

(c) Such longer period agreed to by the Applicant in the Application.

The set-aside requirements apply to the total number of residential units in the Development beginning on the later of the first day on which any residential unit in the Development

~~is occupied or the SAIL loan closing date. For a period of 12 months beginning on the SAIL loan closing date (the "transition period"), the failure to satisfy the set-aside requirements shall not cause noncompliance. For SAIL Developments that contain occupied units at the time of closing, the Compliance Period shall begin not later than the termination of the last lease executed prior to closing of the SAIL loan.~~

(24) Unless and until a guarantor's obligations for a SAIL loan are terminated as approved in writing by the Corporation or its servicer, each guarantor shall furnish to the Corporation or its servicer financial statements as provided in paragraphs (a) through (c) below as the Corporation or its servicer may reasonably request.

(a) The audited financial statements are to be prepared in accordance with accounting principles generally accepted in the United States of America and audited in accordance with auditing standards generally accepted in the United States of America for the 12 month fiscal year period just ended and shall include:

1. Comparative Balance Sheet with prior year and current year balances;
2. Statement of revenue and expenses;
3. Statement of changes in fund balances or equity;
4. Statement of cash flows; and
5. Notes to financial statements.

The financial statements referenced above should also be accompanied by a certification of the guarantor(s) as to the accuracy of such financial statements; or

(b) If an audited financial statement has not been prepared, a federal income tax return filed for the most recently completed year; or

(c) For individual guarantors, if an audited financial statement is not available a financial statement certified as true and complete without qualification by such guarantor and a copy of the most recently filed individual federal income tax return.

(25) Any SAIL Applicant from SAIL Application cycles with non-amortizing loans at 9 percent simple interest per annum with payments based on Development Cash Flow pursuant to the applicable cycle rule, may submit a written renegotiation request to the Corporation to modify their SAIL loan interest rate going forward from 9 percent simple interest per annum to 3 percent simple interest per annum with payments based on Development Cash Flow pursuant to subsections 67-48.010(5)-(10), F.A.C., in exchange for providing a payment to the Corporation of the deferred interest based on an accrual rate of 3 percent simple interest per annum in no more than five (5) equal annual installments but in no event shall it be later than the maturity date of the loan. Payments made from Development Cash Flow, shall be

included as Development Expenses as stated in paragraph 67-48.010(6)(b), F.A.C. All loan renegotiation requests must be submitted in writing to the Director of Special Assets. In addition to any related professional fees, the Corporation shall charge a non-refundable renegotiation fee as outlined in the most current competitive solicitation. The Corporation shall not proceed with the request until the Applicant or Developer has satisfied any financial obligations for which the Applicant or Developer, or Principal, Affiliate or Financial Beneficiary of the Applicant or Developer is in arrears to the Corporation or any agent or assignee of the Corporation.

67-48.0105 Sale, Transfer or Refinancing of a SAIL Development.

(1) Any sale, conveyance, assignment, or other transfer of interest or the grant of a security interest in all or any part of the title to the Development other than a superior mortgage shall be subject to the Corporation's prior written approval. The Board shall consider the facts and circumstances of each Applicant's request and any credit underwriting report, if available, prior to determining whether to grant such request.

(2) The SAIL loan shall be assumable upon sale or transfer of the Development if the following conditions are met:

(a) The proposed transferee meets all specific Applicant identity criteria which were required as conditions of the original loan;

(b) The proposed transferee agrees to maintain all set-asides and other requirements of the SAIL loan for the period originally specified or longer; and

(c) The proposed transferee and release of transferor receives a favorable recommendation from the Credit Underwriter and approval by the Board of Directors of the Corporation.

All assumption requests must be submitted in writing to the Director of Special Assets and contain the specific details of the transfer and assumption. In addition to any related professional fees, the Corporation shall charge a non-refundable assumption fee as outlined in the most current competitive solicitation.

(3) If the SAIL loan is not assumed since the buyer does not meet the criteria for assumption of the SAIL loan, the SAIL loan (principal and any outstanding interest) shall be repaid from the proceeds of the sale in the following order of priority:

- (a) First mortgage debt service, first mortgage fees;
- (b) SAIL compliance and loan servicing fees;

(c) An amount equal to the present value of the compliance monitoring fee for the periods for which the Development will have a set-aside for Very Low-Income persons or households beyond the repayment date. Such amount shall be reduced by the amount of any compliance monitoring fees collected by the Corporation for the Development for that period, provided:

1. The compliance monitoring fee covers some or all of the period following the anticipated SAIL repayment date; and

2. The Development has substantially equivalent set-asides for Very Low-Income persons or households mandated through another program of the Corporation for which the compliance monitoring fee was collected.

(d) Unpaid principal balance of the SAIL loan;

(e) Any interest due on the SAIL loan;

(f) Expenses of the sale;

(g) If there will be insufficient funds available from the proposed sale of the Development to satisfy paragraphs (3)(a)-(f) above, the SAIL loan shall not be satisfied until the Corporation has received:

1. An appraisal prepared by an appraiser selected by the Corporation or the Credit Underwriter indicating that the purchase price for the Development is reasonable and consistent with existing market conditions;

2. A certification from the Applicant that the purchase price reported is the actual price paid for the Development, as supported by a copy of the final executed purchase and sale agreement, and that no other consideration passed between the parties, as supported by a draft and final closing statement, and that the Development Cash Flow reported to the Corporation during the term of the SAIL loan was true and accurate;

3. A certification from the Applicant that there are no Development funds available to repay the SAIL loan, including any interest due, and the Applicant knows of no source from which funds could or would be forthcoming to pay the SAIL loan; and

4. A certification from the Applicant detailing the information needed to determine the final billing for SAIL loan interest. Such certification shall require submission of financial statements and other documents that may be required by the Corporation and its servicer.

(4) The Corporation may renegotiate and extend the loan in order to extend or retain the availability of housing for the target population. Such renegotiations shall be based upon:

(a) Performance of the Applicant during the SAIL loan term;

(b) Availability of similar housing stock for the target population in the area;

(c) Documentation and certification by the Applicant that funds are not available to repay the Note upon maturity;

(d) A plan for the repayment of the loan at the new maturity date;

(e) Assurance that the security interest of the Corporation will not be jeopardized by the new term(s); and

(f) Industry standard terms which may include amortizing loans requiring regularly scheduled payments of principal and interest.

All loan renegotiation requests, including requests for extension, must be submitted in writing to the Director of Special Assets and contain the specific details of the renegotiation. In addition to any related professional fees, the Corporation shall charge a non-refundable renegotiation fee as outlined in the most current competitive solicitation.

(5) The Corporation will recommend that the Board shall approve requests for mortgage loan refinancing only if Development Cash Flow is improved, the Development's economic viability is maintained, the security interest of the Corporation is not adversely affected, and the Credit Underwriter provides a positive recommendation.

(6) The Corporation will recommend that the Board shall deny any requests for mortgage loan refinancing which require extension of the SAIL loan term or otherwise adversely affect the security interest of the Corporation, unless the criteria outlined in subsection 67-48.0105(5), F.A.C., are met, the Credit Underwriter recommends that the approval of such a request is crucial to the economic survival of the Development, or unless the Board determines that public policy will be better served by the extension as a result of the Applicant agreeing to further extend the Compliance Period or provide additional amenities or resident programs suitable for the resident population. Further, the Corporation will recommend that the Board shall limit any approved extension to a minimum term which makes the Development feasible and which does not exceed an industry standard term.

The Corporation will recommend that the Board shall deny any requests to increase the amount of any superior mortgage, unless the criteria outlined in subsection 67-48.010(15), F.A.C., are met, the original combined loan to value ratio for the superior mortgage and the SAIL mortgage is maintained or improved, and a proportionate amount of the increase in the superior mortgage is used to reduce the outstanding SAIL loan balance.

67-48.013 SAIL Construction Disbursements and Permanent Loan Servicing.

(1) SAIL loan proceeds shall be disbursed during the construction phase in an amount per Draw which does not exceed the ratio of the SAIL loan to the Total Development Cost, unless approved by the Corporation and the Credit Underwriter.

(2) Ten (10) business days prior to each Draw, the Applicant shall supply the Corporation's servicer, as agent for the Corporation, with a written request executed by the Applicant for a Draw. The request shall set forth the amount to be paid and shall be accompanied by documentation specified by the Corporation's servicer including claims for labor and materials to date of the last inspection.

(3) The Corporation and its servicer shall review the request for a Draw, and the servicer shall provide the Corporation with approval of the request or an alternative recommendation, after the title insurer provides an endorsement to the policy of title insurance updating the policy to the date of the current Draw and increasing the insurance coverage to an amount equal to the sum of all prior Draws and the current Draw.

(4) The Corporation shall disburse construction Draws through Automated Clearing House (ACH). The Applicant may request disbursement of construction Draws via a wire transfer. The Applicant will be charged a fee of \$10 for each wire transfer requested. This charge will be netted against the Draw amount.

(5) The Corporation shall elect to withhold any Draw or portion of any Draw, notwithstanding any documentation submitted by the Applicant in connection with the request for a Draw, if

(a) The Corporation or the Corporation's servicer determines at any time that the actual cost budget or progress of construction differs from that as shown on the loan documents; or

(b) The percentage of progress of construction of the improvements differs from that shown on the request for a Draw.

(6) The servicer may request submission of revised construction budgets.

(7) Based on the Applicant's progress of construction, if the Corporation determines that further analysis by the Credit Underwriter is required prior to the release of the final Draw, the Applicant shall pay to the Credit Underwriter a fee based on an hourly rate determined pursuant to the contract between the Corporation and the Credit Underwriter.

(8) Retainage in the amount of 10 percent per Draw shall be held by the servicer during construction until the Development is 50 percent complete. At 50 percent completion, no additional retainage shall be held from the remaining Draws. Release of funds held by the Corporation's

servicer as retainage shall occur pursuant to the SAIL loan agreement.

PART III HOME INVESTMENT PARTNERSHIPS PROGRAM

67-48.014 HOME General Program Procedures and Restrictions.

(1) Unless otherwise provided in a competitive solicitation, the Corporation shall utilize up to 10 percent of the HOME allocation for administrative costs pursuant to 24 CFR Part 92.

(2) The Corporation shall utilize at least 15 percent of the HOME allocation for CHDOs pursuant to 24 CFR Part 92. In order to apply under the CHDO set-aside, the CHDO must ~~have at least 51 percent ownership interest in the Development held by the general partner entity and~~ meet all other CHDO requirements as defined by HUD in 24 CFR Part 92 and other Corporation requirements identified in a competitive solicitation.

(3) For any rental funding administered pursuant to Rule Chapter 67-48, F.A.C., the Corporation will distribute funds as provided in the applicable competitive solicitation.

(4) The maximum per-unit subsidy amount of HOME funds that the Corporation shall invest on a per-unit basis in affordable housing shall not exceed the per-unit dollar limits established by the Corporation as identified in the applicable competitive solicitation.

(5) The minimum amount of HOME funds that must be invested in a Rental Development is \$1,000 times the number of HOME-Assisted Units in the Development.

(6) A Development qualifies as affordable housing and for HOME funds if, with respect to income and occupancy:

(a) 80 percent of the HOME-Assisted Units are occupied by families whose annual income does not exceed 60 percent of the median family income for the area, as determined by HUD, with adjustments for family size, and

(b) 20 percent of the HOME-Assisted Units are occupied by families whose annual income does not exceed 50 percent of the median family income for the area, as determined by HUD, with adjustments for family size.

(c) When the income of a resident increases above 80 percent of area median income, the next unit that becomes available in the Development must be rented to a HOME income-eligible resident. If the income of a Very Low-Income household increases above the limits for a Very Low-Income household, then the Developer must rent the next available

unit to a Very Low-Income household. The amount of rent the resident whose income has increased must pay is the lesser of the amount payable by resident under state or local law or 30 percent of the adjusted monthly income for rent and utilities.

(d) High HOME rent means 80 percent of the HOME-Assisted Units in a Development must have rents set at no more than the lesser of the Section 8 Fair Market Rent (FMRs) or rents that are 30 percent of the gross income of a Family at 65 percent of median income limit, minus utility allowance. Low HOME rent means 20 percent of the HOME-Assisted Units in a Development must have rents set at no more than the lesser of the Section 8 Fair Market Rent (FMRs), or 30 percent of the gross income of a Family at 50 percent of the area median income, minus utility allowance. The rent limits for a HOME Rent-Restricted Unit is the maximum gross rent that can be charged for a HOME Rent-Restricted Unit (FMRs, 30 percent of the gross income of a family at 65 percent of median income, or 30 percent of the gross income of a family at 50 percent of the area median income), less the applicable utility allowance. These rent limits are published in HUD periodically, HOME-Assisted Units with Section 8 subsidy must compare the Section 8 gross rent (resident rent, subsidy amount, and utility allowance) to the maximum applicable HOME high or low rent limit minus utilities. However, Developments with project-based rental assistance may utilize the project-based rents as compared to the HOME High and Low rents. Compliance with the HOME rent restrictions will take precedence over the Developer's acceptance of a full Section 8 (resident-based) subsidy for the HOME-Assisted Units. However, if a HOME Rent-Restricted Unit receives federal or state project-based rental subsidy and the Family's contribution toward rent does not exceed 30 percent of the Family's adjusted income, then the maximum rent (i.e., tenant contribution plus project-based rental subsidy) is the rent allowable under the federal or state project-based rental subsidy program.

(e) The minimum Compliance Period for Rehabilitation Developments is 15 years from Project Completion as defined in 24 CFR § 92.2 the date the first residential unit is occupied. ~~For Developments that contain occupied units at the time of closing, the Compliance Period shall begin the earlier of:~~

~~1. The termination of the last lease executed prior to closing of the HOME loan or~~

~~2. At project completion as defined in 24 CFR § 92.2.~~

The set-aside requirements apply beginning on the later of the first day on which any residential unit in the Development is occupied or the HOME loan closing date. The Compliance Period will be extended until the later of such longer term agreed to by the Applicant in its Application or the loan is repaid as enumerated in subsection 67-48.020(1), F.A.C.

(f) The minimum Compliance Period for newly-constructed rental housing is 20 years from Project Completion as defined in 24 CFR § 92.2 the date the first residential unit is occupied. ~~The set-aside requirements apply beginning on the later of the first day on which any residential unit in the Development is occupied or the HOME loan closing date.~~ The Compliance Period will be extended until the later of such longer term agreed to by the Applicant in its Application or the loan is repaid as enumerated in subsection 67-48.020(1), F.A.C.

(g) The minimum percentage of HOME-Assisted Units within a Development must be at least equal to the percentage (ratio) calculated by dividing the HOME loan amount by the Total Development Cost. This percentage will be utilized to determine the minimum number of HOME-Assisted Units required within a Development. HOME-Assisted Units must be identified at the time of Application. For purposes of meeting affordable housing requirements for a Development, the HOME-Assisted Units counted may be changed over the Compliance Period, so long as the total number of HOME-Assisted Units remains the same, and the substituted units are, at a minimum, comparable in terms of size, features, and number of bedrooms to the original HOME-Assisted Units.

(h) The Development will remain affordable, pursuant to commitments documented within the executed Land Use Restriction Agreement without regard to the term of the mortgage or to transfer of ownership.

(7) The Development must comply with all applicable provisions of 24 CFR Part 92, Rule Chapter 67-48, F.A.C., and any competitive solicitation process.

(8) A Development that is under construction may be eligible to apply for HOME funds only if the final building permit is dated no earlier than six (6) months prior to the submission deadline for the applicable competitive solicitation, the Development is able to provide evidence of compliance with federal labor standards (if 12 or more units are developed under a single contract) for any work already completed, and the Development is able to provide evidence of compliance with HUD environmental requirements as well as all other federal HOME regulations as listed in Rule 67-48.014, F.A.C., and 24 CFR Part 92. The federal requirements may require completion of activities prior to submission of an Application for HOME funding.

(9) Any single contract for the development (rehabilitation or new construction) of affordable housing with 12 or more units under the HOME Program must contain a provision requiring that not less than the wages prevailing in the locality, as predetermined by the United States Secretary of Labor pursuant to the Davis-Bacon Act, 40 U.S.C. §§ 3142 – 3144, 3146 and 3147 (2002), 24 CFR § 92.354, 24 CFR Part 70 (volunteers), and 40 U.S.C. § 3145 (2002), will be paid to

all laborers and mechanics employed for the construction or rehabilitation of the Development, and such contracts must also be subject to the overtime provisions of the Contract Work Hours and Safety Standards Act, 40 U.S.C. §§ 3701 – 3706 and 3708 (2002), the Copeland Act (Anti-Kickback Act), 40 U.S.C. § 3145 (2002), and the Fair Labor Standards Act of 1938, as amended (29 U.S.C. § 201 et seq.).

(10) All HOME Developments must conform to the following federal requirements:

(a) Equal Opportunity and Fair Housing as enumerated in 24 CFR § 92.202 and ~~92.251~~ ~~92.250~~, Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d et seq.), Fair Housing Act (42 U.S.C. §§3601-3619), Age Discrimination Act of 1975, as amended (42 U.S.C. §6101), Executive Order 11063 (amended by Executive Order 12259), and 24 CFR § 5.105(a).

(e) Lead-based Paint as enumerated in 24 CFR § 92.355 and 24 CFR Part 35.

(f) Conflict of Interest as enumerated in 24 CFR § 92.356, ~~and 2 CFR § 200.317 and 2 CFR § 200.318~~ ~~24 CFR §§ 85.36 and 84.42.~~

(a) All for-profit Applicants that own 100 percent of the ownership interest in the Development held by the general partner or managing member entity will receive a 1.5 percent per annum interest rate loan.

(b) All qualified non-profit Applicants that own 100 percent of the ownership interest in the Development held by the general partner or managing member entity will receive a 0 percent interest rate loan. For purposes of determining the annual HOME interest rate, the definition of Non-Profit found at Rules 67-48.002 and 67-48.0075, F.A.C., shall not apply; instead, qualified non-profit Applicants shall be those entities defined in 24 CFR Part 92, Section 42(h)(5)(c), subsection 501(c)(3) or 501(c)(4) of the IRC and organized under Chapter 617, F.S., if a Florida corporation, or organized under similar state law if organized in a jurisdiction other than Florida.

(c) If the Applicant is a Public Housing Authority, or if the Applicant is an entity created by a Public Housing Authority under Section 421.08, F.S., and such Public Housing Authority owns 100 percent of the ownership interest in the Development held by the general partner or managing member of such Applicant entity, the loans funded after February 20, 2011 will receive a 0 percent interest rate.

(d) An Applicant owned in part by a qualified non-profit or a Public Housing Authority, but which does not meet the requirements of (b) or (c) above, will, for loans funded after February 20, 2011, receive a 0 percent interest rate loan on the portion of the loan amount equal to the qualified non-profit's

or Public Housing Authority's ownership interest in the Development held by the general partner or managing member of such Applicant entity. A 1.5 percent interest rate shall be charged on the balance of the loan amount. The interest rate charged on the total loan amount shall be determined by blending the rates proportionately. After closing, should the Applicant sell any portion of the Development ownership, the loan interest rate ratio will be adjusted to conform to the new percentage of ownership.

(e) Notwithstanding the provisions of paragraphs (a) through (d) above, the annual interest rate for those HOME loans closed after February 20, 2011 where the HOME Developments are at least partially financed with a MMRB Loan (as defined in Rule Chapter 67-21, F.A.C.) shall be as specified in an applicable competitive solicitation determined by the Corporation's Board of Directors.

(3) The loans shall be non-amortizing and repayment of principal shall be deferred until maturity, unless otherwise recommended by the Credit Underwriter and approved by the Corporation. Unless otherwise provided in any competitive solicitation, the Corporation will consider the facts and circumstances, inclusive of the financial feasibility of the Development.

(a) For HOME Developments that are not at least partially financed with a MMRB Loan (as defined in Rule Chapter 67-21, F.A.C.), interest payments on the loan shall be paid to the Corporation's servicer annually on the date specified in the Note.

(b) For HOME Developments that are at least partially financed with a MMRB Loan (as defined in Rule Chapter 67-21, F.A.C.) where the HOME loan closed after February 20, 2011:

1. Payment on the loans shall be based upon the Development Cash Flow as determined pursuant to the financial reporting requirements as provided in a competitive solicitation, or shall be due annually as determined by the Corporation's Board of Directors. Such determination by the Board shall be based upon a written recommendation by the Credit Underwriter which has considered the economic and financial viability of the Development as well as the protection of the Corporation's repayment of principal and interest. Any distribution or payment to the Principal(s) of the Applicant or Developer or any Affiliate of the Principal of the Applicant or Developer or any Affiliate of the Applicant or Developer, whether paid directly or indirectly, which was not expressly disclosed in determining debt service coverage in the Board approved final credit underwriting report, with the exception of payment of the Developer fee allowable to maximum of 20 percent per year, will be added back to the amount of cash available for the HOME loan interest payment, pursuant to the financial reporting process, for the purpose of determining

interest due. Interest may be deferred as set forth in subparagraph 3. below, without constituting a default on the loan.

2. The HOME loans shall be repaid from all Development Cash Flow, and Development Cash Flow shall be applied to pay the following items in order of priority:

- a. All superior mortgage fees and debt service;
- b. Development Expenses for the HOME Development plus up to 20 percent of total Developer fees per year;
- c. Interest payment on HOME loan balance as stated in subsection 67-48.020(2), F.A.C., over the life of the HOME loan;
- d. Interest payments on the HOME loan deferred from previous years;
- e. Mandatory payment on subordinate mortgages.

After the full HOME loan interest has been paid, the Applicant shall retain all remaining monies, unless the Applicant chooses to prepay a portion of the loan balance.

3. The determination of Development Cash Flow, determination of payment priorities, and payment of interest on HOME loans shall occur annually. Any payments of accrued and unpaid interest due annually on HOME loans shall be deferred to the extent that Development Cash Flow is insufficient to make said payments pursuant to the payment priority schedule established in this rule chapter. If Development Cash Flow is under-reported and such report causes a deferral of HOME interest, such under-reporting shall constitute an event of default on the HOME loan. A penalty of 5 percent of any required payment shall be assessed.

(4) As approved by the Board of Directors, loans which finance demonstration Developments or Developments located in a state or federally declared disaster area may be provided with forgivable terms.

(5) The accumulation of all Development financing, including the HOME loan and all existing debt within a Development, may not exceed the Total Development Cost, as determined and certified by the Credit Underwriter.

(6) Before disbursing any HOME funds, there must be a written agreement with the Applicant ensuring compliance with the requirements of the HOME Program pursuant to this rule chapter and 24 CFR Part 92.

(7) A representative of the Applicant and the managing company of the Development must attend a Corporation-sponsored training session on income certification and compliance procedures.

(8) If the Development has 12 or more units to be developed under a single contract, the General Contractor and all available subcontractors shall attend a Corporation-sponsored preconstruction conference regarding federal labor standards provisions.

(9) The Corporation shall require adequate insurance to be maintained on the Development as determined by the first mortgage lender, the Corporation, or the Corporation's servicer, but which shall, in any case, include fire, hazard and other insurance as required by the terms and conditions outlined in a competitive solicitation.

(10) All loans must provide that any violation of the terms and conditions described in this rule chapter or 24 CFR Part 92 constitute a default under the HOME loan documents allowing the Corporation to accelerate its loan and seek foreclosure as well as any other remedies legally available to it.

(11) If a default on a HOME loan occurs, the Corporation will commence legal action to protect the interest of the Corporation. The Corporation shall acquire real and personal property or any interest in the Development if that acquisition is necessary to protect any HOME loan; sell, transfer, and convey any such property to a buyer without regard to the provisions of Chapters 253 and 270, F.S.; and, if that sale, transfer, or conveyance cannot be consummated within a reasonable time, lease the Development for occupancy by Eligible Persons.

(12) The Corporation or its servicer shall monitor the compliance of each Development with all terms and conditions of the HOME loan and shall require that such terms and conditions be recorded in the public records of the county where the Development is located. Violation of any term or condition shall constitute a default during the term of the HOME loan.

(13) The Applicant shall not refinance, increase the principal amount, or alter any terms or conditions of any mortgage superior or inferior to the HOME mortgage without prior approval of the Corporation's Board of Directors. However, an Applicant may reduce the interest rate on any superior or inferior mortgage loan without the Board's permission, provided that no other terms of the loan are changed. The Corporation must be notified of any such change.

Following construction completion, the Corporation will recommend that the Board shall deny any requests to increase the amount of any superior mortgage, unless the criteria outlined in subsection 67-48.0205(4), F.A.C., are met, the original combined loan to value ratio for the superior mortgage and the HOME mortgage is maintained or improved, and a proportionate amount of the increase in the superior mortgage is used to reduce the outstanding HOME loan balance. To calculate the proportionate amount of the increase in the superior mortgage which must be paid toward the reduction of the HOME loan balance, the following calculation shall be used: divide the amount of the original HOME mortgage by the combined amount of the original

HOME mortgage and the original superior mortgage; then multiply the quotient by the amount of the increase in the superior mortgage from the current balance. For example, if the amount of the original HOME mortgage is \$2,000,000, the original superior mortgage is \$4,400,000, with a current balance of \$3,000,000, a proposed new superior mortgage of \$5,000,000, then the amount of the increase in the superior mortgage would be \$2,000,000, and the proportionate amount of the increase in the superior mortgage which must be paid toward the reduction of the HOME loan balance would be \$625,000. This \$625,000 would be applied first to accrued interest and then to principal.

(14) Annually, within 151 Calendar Days following the Applicant's fiscal year end, the Applicant shall provide an audited financial statement and any other financial reporting requirements as provided in a competitive solicitation. The initial submission will be due following the fiscal year within which the first unit is occupied. In the case where the HOME Development contained occupied units at the time of acquisition, the initial submission will be due following the fiscal year within which the 12 month anniversary of the HOME loan closing is observed. The audited financial statement is to be prepared in accordance with accounting principles generally accepted in the United States of America and audited in accordance with auditing standards generally accepted in the United States of America for the 12 month fiscal year period just ended and shall include:

- (a) Comparative Balance Sheet with prior year and current year balances;
- (b) Statement of revenue and expenses;
- (c) Statement of changes in fund balances or equity;
- (d) Statement of cash flows; and
- (e) Notes to financial statements.

The financial statements referenced above should also be accompanied by a certification of the Applicant as to the accuracy of such financial statements. A late fee of \$500 will be assessed by the Corporation for failure to submit the above documents by the stated deadline.

(15) Unless and until a guarantor's obligations for a HOME loan are terminated as approved in writing by the Corporation or its servicer, each guarantor shall furnish to the Corporation or its servicer financial statements as provided in paragraphs (a) through (c) below as the Corporation or its servicer may reasonably request.

(a) The audited financial statements are to be prepared in accordance with accounting principles generally accepted in the United States of America and audited in accordance with auditing standards generally accepted in the United States of America for the 12 month fiscal year period just ended and shall include:

1. Comparative Balance Sheet with prior year and current year balances;
2. Statement of revenue and expenses;
3. Statement of changes in fund balances or equity;
4. Statement of cash flows; and
5. Notes to financial statements.

The financial statements referenced above should also be accompanied by a certification of the guarantor(s) as to the accuracy of such financial statements; or

(b) If an audited financial statement has not been prepared, a federal income tax return filed for the most recently completed year; or

(c) For individual guarantors, if an audited financial statement is not available a financial statement certified as true and complete without qualification by such guarantor and a copy of the most recently filed individual federal income tax return.

67-48.0205 Sale, Transfer or Refinancing of a HOME Development.

(1) The HOME loan shall be assumable upon Development sale, transfer or refinancing if the following conditions are met:

(a) The proposed transferee meets all specific Applicant identity criteria which were required as conditions of the original loan;

(b) The proposed transferee agrees to maintain all set-asides and other requirements of the HOME loan for the period originally specified;

(c) The proposed transferee agrees to pay all loan servicing and compliance monitoring fees through the end of the HOME LURA; and

(d) The proposed transferee and Application receives a favorable recommendation from the Credit Underwriter and approval by the Corporation's Board of Directors.

All assumption requests must be submitted in writing to the Director of Special Assets and contain the specific details of the transfer and assumption. In addition to any related professional fees, the Corporation shall charge a non-refundable assumption fee as outlined in the most current competitive solicitation.

(2) If the Development is sold and the proposed transferee does not meet the criteria for assumption of the loan, the HOME loan shall be repaid from the proceeds of the sale. If there will be insufficient funds available from the proposed sale of the Development, the HOME loan shall not be satisfied until the Corporation has received:

(a) An appraisal prepared by an appraiser selected by the Corporation indicating that the purchase price for the Development is reasonable and consistent with existing market conditions;

(b) A certification from the Applicant that the purchase price reported is the actual price paid for the Development, as supported by a copy of the final executive purchase and sale agreement, and that no other consideration passed between the parties, as supported by a draft and final closing statement, and that the income reported to the Corporation during the term of the loan was true and accurate; and

(c) A certification from the Applicant that there are no Development funds available to repay the loan and the Applicant knows of no source from which funds could or would be forthcoming to pay the loan.

(d) The proposed transferee will pay an amount equal to the present value of the annual compliance monitoring fee for the years for which the Development will have a set-aside for Very Low-Income persons or households beyond the repayment date. Such amount shall be reduced by the amount of any compliance monitoring fees collected by the Corporation for the Development for that period, provided:

1. The compliance monitoring fee covers some or all of the period following the anticipated HOME repayment date; and

2. The Development has substantially equivalent set-asides for Very Low-Income persons or households mandated through another program of the Corporation for which the compliance monitoring fee was collected.

(3) The Corporation may renegotiate and extend the loan in order to extend or retain the availability of housing for the target population. Such renegotiations shall be based upon:

(a) Performance of the Applicant during the HOME loan term;

(b) Availability of similar housing stock for the target population in the area;

(c) Documentation and certification by the Applicant that funds are not available to repay the Note upon maturity;

(d) A plan for the repayment of the loan at the new maturity date;

(e) Assurance that the security interest of the Corporation will not be jeopardized by the new term(s); and

(f) Industry standard terms which may include amortizing loans requiring regularly scheduled payments of principal and interest.

All loan renegotiation requests, including requests for extension, must be submitted in writing to the Director of Special Assets and contain the specific details of the renegotiation. In addition to any related professional fees, the Corporation shall charge a non-refundable renegotiation fee as outlined in the most current competitive solicitation.

(4) The Corporation will recommend that the Board ~~shall~~ approve requests for mortgage loan refinancing only if Development cash flow is improved, the Development's economic viability is maintained, the security interest of the Corporation is not adversely affected, and the Credit Underwriter provides a positive recommendation.

(5) The Corporation will recommend that the Board ~~shall~~ deny any requests for mortgage loan refinancing which require extension of the HOME loan term or otherwise adversely affect the security interest of the Corporation unless the criteria outlined in subsection 67-48.0205(3), F.A.C., are met, the Credit Underwriter recommends that the approval of such a request is crucial to the economic survival of the Development or unless the Board determines that public policy will be better served by the extension as a result of the Applicant agreeing to further extend the Compliance Period or provide additional amenities or resident programs suitable for the resident population. Further, the Corporation will recommend that the Board shall limit any approved extension to a minimum term which makes the Development feasible and which does not exceed an industry standard term.

writing by the Corporation. For all Developments consisting of 12 or more units to be developed under a single contract, the borrower shall submit weekly payrolls of the General Contractor and subcontractors in accordance with Federal Labor Standards as enumerated in 24 CFR § 92.354.

(5) Retainage in the amount of 10 percent per Draw shall be held by the servicer during construction until the Development is 50 percent complete. At 50 percent completion, no additional retainage shall be held from the remaining draws. Release of funds held as retainage shall occur in accordance with the HOME loan documents.

(6) The Corporation or its servicer shall elect to withhold any Draw or portion of any Draw, in addition to the retainage, notwithstanding any documentation submitted by the borrower in connection with a request for a Draw, if:

(a) The Corporation or the servicer determines at any time that the actual cost budget or progress of construction differs from that shown on the loan documents.

(b) The percentage of progress of construction of improvements differs from that shown on the request for a Draw.

(c) Developments subject to and not in compliance with Federal Labor Standards.

(7) To the extent excess HOME funds in the budget remain unused, the Corporation has the right to reduce the HOME loan by that amount.

(8) If 100 percent of the loan proceeds have not been expended within six (6) months prior to the HUD deadline pursuant to 24 CFR § 92.500, the funds shall be recaptured by the Corporation.

(9) The request for final disbursement of HOME funds, excluding retainage, shall be submitted within 60 days of completion of construction as evidenced by certificates of occupancy.

(4) All of the dwelling units within a Housing Credit Development shall be rented or available for rent on a continuous basis to members of the general public. Each progress report shall include a written statement describing the current status of the Development; the financing, construction and syndication activity since the last report; the reasons for any changes to the anticipated placed-in-service date; and any other information relating to the status of the Development which the Corporation may request. 67-48.031 Qualified Contracts.

(1) An owner's written request to the Corporation for a qualified contract (a "qualified contract request") shall be governed by 26 CFR 1.42-18 (the "qualified contract regulations"), Section 42 of the IRC Code, as applicable, and this rule section in effect at the time of the qualified contract request.

(2) After the fourteenth year of the Compliance Period, unless otherwise obligated under the Extended Use Agreement, or a Land Use Restriction Agreement under another Corporation program, and provided the right to request a qualified contract for the Development was not waived in exchange for or in connection with the award of Housing Credits, the owner of a Development may submit a qualified contract request to the Corporation. When submitting a qualified contract request, the owner shall utilize the Qualified Contract Package in effect at the time of the request and shall remit payment of the required Qualified Contract Package fee as provided therein. The Qualified Contract Package consists of the forms and instructions, obtained from the Corporation at 227 North Bronough Street, Suite 5000, Tallahassee, Florida 32301-1329, or on the Corporation's Website under the Multifamily Programs link or from <http://www.flrules.org/Gateway/reference.asp?No=Ref-03203>, which shall be completed and submitted to the Corporation in order to request a qualified contract. The Qualified Contract Package, Rev. ~~08-2016~~ ~~09-2012~~, is adopted and incorporated herein by reference.

(3) All information contained in a Qualified Contract Package is subject to independent review, analysis and verification by the Corporation or its agents. The Corporation may request additional information to document the qualified contract amount calculated by the owner. The Corporation may also engage the services of its own certified public accountant (CPA) and real estate appraiser to assist in the review of a Qualified Contract Package. Real estate appraisers involved in the qualified contract process must be licensed by the state of Florida as certified general appraisers and otherwise acceptable to the Corporation.

(4) The qualified contract regulations provide that the fair market value of the non-low-income portion of the building includes the fair market value of the underlying land and that the valuation of the underlying land must take into account the existing and continuing requirements contained in the Extended Use Agreement. Pursuant to Section 193.017, F.S.,

and the statutes cited therein, the Extended Use Agreement recorded in connection with a Housing Credit property is a land-use regulation and a limitation on the highest and best use of the property during the term of the agreement that must be considered by the county property appraiser in assessing the value of the property. Unless the owner elects otherwise as provided below, for purposes of a qualified contract request, the fair market value of the underlying land shall be the value attributed to the underlying land by the county property appraiser in the most recent year's assessed value of the Development provided that the county property appraiser's valuation of the land takes into account the existing and continuing requirements contained in the Extended Use Agreement. The county property appraiser's valuation methodology shall be verified upon submission of a qualified contract request in order to determine if the valuation of the land has taken into account the existing and continuing requirements contained in the Extended Use Agreement. If the owner is of the opinion that the county property appraiser's valuation does not represent the fair market value of the underlying land within the contemplation of the qualified contract regulations at the time of the qualified contract request, the owner may elect to submit with its qualified contract request a value (the "owner's appraised value") for the underlying land at the fair market value determined by a real estate appraiser (the "owner's appraiser") engaged by the owner for that purpose in lieu of the county property appraiser's valuation. A copy of the real estate appraisal (the "owner's appraisal report") upon which the owner's appraised value is based shall be included with the owner's qualified contract request. If the owner elects to rely on the county property appraiser's valuation of the land and the Corporation determines that the county property appraiser's valuation did not take into account the existing and continuing requirements contained in the Extended Use Agreement, the county property appraiser's valuation shall be disregarded, and instead, the owner must obtain and submit to the Corporation an owner's appraisal report together with the owner's appraised value as provided above. The owner's appraiser must certify in the appraisal report that the valuation represents the fair market value of the underlying land taking into account the existing and continuing requirements contained in the Extended Use Agreement for the property. The owner's appraisal report must also include a narrative describing the methodology or manner in which the requirements contained in the Extended Use Agreement were considered by the owner's appraiser in arriving at the owner's appraised value of the underlying land, and, for comparison and evaluation purposes, the opinion of the owner's appraiser as to what the fair market value of the underlying land would be if unencumbered by the requirements of the Extended Use

Agreement. The owner's appraised value of the underlying land and the owner's appraisal report shall be subject to review and approval by the Corporation. The Corporation may engage the services of one or more real estate appraisers, or other professionals, to assist in the review and evaluation of the owner's appraised value and the owner's appraisal report.

(5) In addition to the Qualified Contract Package fee, the owner shall be responsible for all third party fees in connection with the owner's qualified contract request. Third party fees include, but are not limited to, the costs of the services provided by CPAs and real estate appraisers or other real estate professionals engaged by the Corporation to assist it in the review of a qualified contract request, and the fees and commissions of any real estate broker in connection with the marketing and sale of the development to a buyer under a qualified contract.

(6) When offering a development for sale to the general public pursuant to a qualified contract request, the Corporation may, but shall not be required to, utilize the services of a real estate broker under contract with or designated by the Corporation to market and sell the development. The owner of the development shall be responsible for the fees and commissions due any such real estate broker in connection with the marketing and sale of the development, and, upon request of the Corporation or the real estate broker, the owner shall enter into a written agreement with the real estate broker pursuant to which the owner agrees to pay to the real estate broker such fees and commissions in connection with the marketing and sale of the development.

(7) The running of the one-year period described in Section 42(h)(6)(I) of the IRC Code shall be suspended by the Corporation at any time upon written notice to the owner if:

(a) The Corporation concludes that the owner's request lacks information required in the Qualified Contract Package or other essential information;

(b) The owner fails to pay the Qualified Contract Package fee or, thereafter, fails to timely pay any other fees or costs for which the owner is responsible hereunder;

(c) The owner and the Corporation are unable to reach mutual agreement on the qualified contract amount;

(d) The Development that is the subject of the qualified contract request is not in compliance with the applicable program requirements or if any fees related to the Development are delinquent;

(e) The owner fails to allow the Corporation, its agents or prospective buyers access to the Development for purposes of verification, inspection or due diligence;

(f) The Applicant or Developer, or Principal, Affiliate or Financial Beneficiary of an Applicant or a Developer is in arrears to the Corporation or any agent or assignee of the Corporation;

(g) Following request, the owner fails to enter into the written agreement with the real estate broker designated by the Corporation to market and sell the development; or

(h) The owner otherwise fails to comply with the requirements of this rule section or the qualified contract regulations.

The term of any such suspension shall begin on the date of the written notice provided by the Corporation to the owner, and shall continue unabated until such date as the deficiency, non-payment or disagreement giving rise to the suspension is cured or otherwise resolved. The Corporation shall acknowledge the cure or resolution by written notice to the owner within 10 days thereafter. The owner's election to value the underlying land based on the owner's appraised value as provided in subsection (4) above shall automatically prevent the owner's purported qualified contract request from beginning the one-year period described in Section 42(h)(6)(I) of the IRC Code until such time as the Corporation and the owner shall mutually agree on the value of the underlying land for purposes of the owner's qualified contract request.

(8) Upon mutual agreement of the owner and the Corporation, the qualified contract amount shall be documented in writing signed by the Corporation and the owner.

(9) The owner shall cooperate with the Corporation and its agents, real estate brokers and prospective buyers in connection with the processing of the owner's qualified contract request and the marketing of the Development to prospective buyers. The owner shall exercise good faith in acting upon a qualified contract as may be presented within the one-year period. If the Corporation provides a qualified contract within the one-year period and the owner rejects or fails to act upon the contract, the Development shall remain subject to the Extended Use Agreement, and the owner shall be deemed to have waived any right or option to submit another qualified contract request for the Development.

(10) An owner shall be allowed only one qualified contract request per Development.

(3) The Corporation shall forgive the portion of the loan attributable to the units in a project reserved for Extremely Low Income (ELI) Persons for Non-Profit organizations, not to exceed 25 percent, where the project will provide affordable Housing to the Elderly for 15 years or more.

(4) The loan shall not be assumable upon Development sale, transfer or refinancing of the Development, unless approved by HUD.

(5) The Corporation shall require adequate insurance to be maintained on the Development as determined by the first mortgage lender, the Corporation, or the Corporation's servicer, but which shall, in any case, include fire, hazard and other insurance as required by the terms and conditions outlined in a competitive solicitation.

(6) If the loan is repaid due to sale, transfer, or refinancing of the Development, all available proceeds shall be applied to pay the following items in order of priority:

- (a) First mortgage debt service and fees;
- (b) Any other superior debt service and fees;
- (c) Expenses of the sale;
- (d) EHCL loan principal and accrued interest.

(7) The Corporation or an authorized representative of the Corporation shall monitor compliance of all terms and conditions of the loan as provided in the loan documents.

PURPOSE AND EFFECT: Section 446.50, F.S., requires the department to enter into contracts with, make grants to, public and nonprofit private entities for purposes of establishing multipurpose service programs to provide necessary training, counseling, and services for displaced homemakers so that they may enjoy the independence and economic security vital to a productive life. The purpose of these rules is to implement this statute.

SUMMARY: These rules will provide required definitions for the Displaced Homemaker Program as well as explain how to apply to become a service provider, the minimum standards to be a service provider, and the criteria the department will use to assess the effectiveness of service providers.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the

implementation of the rule. A SERC has not been prepared by the agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs, or if no SERC is required, the information expressly relied upon and described herein: The agency has performed a review of the statutory requirements and has determined that its proposed rules 73B-3.001 and 73B-3.002, F.A.C. have no adverse impact or regulatory costs which exceed any of the criteria established in Section 120.541(2)(a), Florida Statutes. The rules are therefore expected be able to take effect without the need of being ratified by the Legislature.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

**Section IV
Emergency Rules**

DEPARTMENT OF REVENUE

Sales and Use Tax

RULE NO.:	RULE TITLE:
12AER16-02	Florida Communications Services Tax Returns for Services Billed On or After July 1, 2016

SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY OR WELFARE: Effective July 1, 2016, local communications services tax (CST) rates will change for Jackson County. The local tax rate for CST includes both the local rate imposed under the CST statute (Section 202.19, Florida Statutes [F.S.]) and the discretionary sales surtax imposed under the sales and use tax statute (Section 212.055, F.S.). Jackson County has a change in their discretionary sales surtax effective July 1,

2016, which also affects the local CST rate for each jurisdiction within that county, effective July 1, 2016.

Subsection 202.26(4), F.S., authorizes the Department of Revenue, and all conditions are deemed met, to adopt emergency rules pursuant to s. 120.54(4), Florida Statutes, for the purpose of implementing Chapter 202, F.S. To provide communications services tax dealers and taxpayers who pay tax directly to the Department the necessary form changes to report and remit tax due on communications services beginning July 1, 2016, an emergency rule to incorporate an updated tax return ensures that the public is notified of these law changes by the most appropriate and expedient means. This emergency rule incorporates, by reference, Form DR-700016, Florida Communications Services Tax Return, effective July 2016.

REASON FOR CONCLUDING THAT THE PROCEDURE IS FAIR UNDER THE CIRCUMSTANCES: The promulgation of an emergency rule by the Department to provide updated forms and instructions with current rate information is necessary to ensure that the public is notified of such changes by the most appropriate and expedient means.

SUMMARY: Emergency Rule 12AER16-02, F.A.C. (Florida Communications Services Tax Returns for Services Billed On or After July 1, 2016), incorporates, by reference Form DR-700016, Florida Communications Services Tax Return, effective July 2016, to allow taxpayers to report tax due on communications services billed on or after July 1, 2016.
