SUMMARY: The incorporated form will be updated and the web address from which the form may be obtained will be clarified.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board, based upon the expertise and experience of its members, determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. FISH AND WILDLIFE CONSERVATION COMMISSION

Marine Fisheries

RULE NO.: RULE TITLE:
68B-22.005 Bag and Vessel Limits; Sale Prohibited

PURPOSE AND EFFECT: The purpose of this rule development is to modify the recreational bag limit for red drum in the Northwest management zone. The Northwest red drum management zone includes all state waters from a line

due west of the western point of the Fred Howard Park Causeway just south of the Pasco-Pinellas county line to the Florida-Alabama border.

The red drum bag limit in the Northwest and Northeast management zones was increased from one to two fish in 2012 based on the results of the 2011 stock assessment. However, stakeholders in parts of the Northwest red drum management zone have expressed concerns about a decline in red drum in their area in the past 2-3 years. Specifically, Panhandle stakeholders have suggested that last year's red tide in northwest Florida and recent drought conditions may have impacted the red drum population. Since the most recent red drum stock assessment only included data through 2013, any effects from these events are not represented in the assessment and a conservative approach to management of this iconic fishery is desired.

The effect of this rule will be to reduce the red drum bag limit in the Northwest red drum management zone from two fish per person to one fish per person per day. This management measure will further ensure the sustainability of the red drum population and both the food and sport fisheries that target them.

SUMMARY: This rule will reduce the red drum bag limit in the Northwest red drum management zone in response to stakeholder concerns.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein:

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

North Central Florida Regional Planning Council

North Central Florida Regional Planning Council and
 Metropolitan Transportation Planning Organization for the
 Gainesville Urbanized Area Procurement of Auditing Services
 Request for Proposals

As an association of local governments, the North Central Florida Regional Planning Council is required to have a combined annual audit conducted of its finances and its retirement plan for the fiscal year ending September 30. Council policy is to select a firm to perform audits for three consecutive years providing performance continues to be satisfactory as evaluated each year.

Furthermore, since the Council maintains the financial records of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area usually engages the same firm to conduct its audits.

A written proposal should be submitted which demonstrates that your firm is qualified to conduct audits in accordance with government auditing standards as adopted by the Florida Board of Accountancy and which addresses the ranking criteria which will be used to determine the selection of an auditor. The ranking criteria includes the following.

1. Ability of personnel to perform work (30 points);
2. Experience (35 points); and
3. Ability to furnish required services (35 points).

In addition, a copy of your Certified Public Accountant certificate pursuant to being duly licensed under Chapter 473, Florida Statutes, must also be submitted with your proposal. We request that the proposal be submitted no later than 3:00 p.m., Eastern Daylight Savings Time, on August 15, 2016 to North Central Florida Regional Planning Council, 2009 NW 67th Place, Gainesville, FL 32653-1603.

The Council's Audit Committee will rank the firms in order of priority on August 25, 2016. It is understood that specific discussions of approach to the audit, fees and related matters will take place during an interview, which is scheduled for August 14, 2013.
