Proposed Rules

DEPARTMENT OF HEALTH

Board of Occupational Therapy

RULE NO.: RULE TITLE:
64B11-2.008 Fees; Initial License
PURPOSE AND EFFECT: The proposed amendment is
intended to consolidate the renewal fee and duplicate license
fee into the rule.
SUMMARY: The Board proposes an amendment to
consolidate the renewal fee and duplicate license fee into the
rule.

SUMMARY OF STATEMENT OF ESTIMATED
REGULATORY COSTS AND LEGISLATIVE
RATIFICATION:

The Agency has determined that this will not have an adverse
impact on small business or likely increase directly or indirectly
regulatory costs in excess of \$200,000 in the aggregate within
one year after the implementation of the rule. A SERC has not
been prepared by the Agency.

The Agency has determined that the proposed rule is not
expected to require legislative ratification based on the
statement of estimated regulatory costs or if no SERC is
required, the information expressly relied upon and described
herein: During discussion of the economic impact of this rule at
its Board meeting, the Board concluded that this rule
amendment will not have any impact on licensees and their
businesses or the businesses that employ them. The rule will not
increase any fees, business costs, personnel costs, will not
decrease profit opportunities, and will not require any
specialized knowledge to comply. This change will not increase
any direct or indirect regulatory costs. Hence, the Board
determined that a Statement of Estimated Regulatory Costs
(SERC) was not necessary and that the rule will not require
ratification by the Legislature. No person or interested party
submitted additional information regarding the economic
impact at that time.

Any person who wishes to provide information regarding a
statement of estimated regulatory costs, or provide a proposal

for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

FISH AND WILDLIFE CONSERVATION COMMISSION

Freshwater Fish and Wildlife

RULE NO.: 68A-27.005
 RULE TITLE: Designation of Species of Special Concern; Prohibitions; Permits

PURPOSE AND EFFECT: The purpose of this rule revision is to make the rule consistent with the scientific nomenclature for alligator snapping turtles found in Florida. The effect is to provide Species of Special Concern status and its associated prohibitions and permit requirements for all species of alligator snapping turtles found in Florida as this was the intent of the original listing.

SUMMARY: The alligator snapping turtle (*Macrochelys temminckii*) was listed as a Species of Special Concern in 1985. At that time, it was believed that all alligator snapping turtles in Florida were of this one species. Recent research has shown that the alligator snapping turtles in Florida are of three different species, with the scientific names *M. apalachicola*, *M. suwanniensis*, and *M. temminckii*. Since the intent of the rule was to include all alligator snapping turtles in Florida, we are revising the scientific name for alligator snapping turtles in the rule to “*Macrochelys spp.*” to make the rule consistent with this recent change in scientific findings and resulting nomenclature. The revision clarifies that all species in the alligator snapping turtle genus *Macrochelys* are included in the rule.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: the nature of the rule and the preliminary analysis conducted to determine whether a SERC was required.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

Section IV
Emergency Rules

DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES

Division of Consumer Services

RULE NO.: RULE TITLE:
5JER17-1 Volatility Standards for Gasoline

SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY OR WELFARE: As a result of the effects on the supply and distribution of fuel caused by Hurricane Harvey, extreme and unusual circumstances exist that will prevent the distribution of an adequate fuel supply to consumers throughout the state. Following the adoption of this emergency rule, waiving certain volatility standards statewide will allow for adequate and rapid distribution of available fuel, helping to stabilize the fuel market, thus protecting the welfare of Florida consumers.

REASON FOR CONCLUDING THAT THE PROCEDURE IS FAIR UNDER THE CIRCUMSTANCES: This emergency rule was initiated at the request of fuel suppliers to more adequately meet the fuel needs of Florida consumers, as a result of projected fuel shortages created by Hurricane Harvey, which has disrupted waterborne import of fuels from the affected area of the gulf coast which supplies the majority of the state. This emergency rule will help alleviate present distribution difficulties and shortages of motor fuel resulting from this event to provide relief to affected Florida.

SUMMARY: This emergency rule allows for the retail distribution and sale of gasoline of a different volatility class than adopted in ASTM International designation D4814-13a, as adopted in Rule 5J-21.001, F.A.C., for the period beginning August 30, 2017, through September 15, 2017, statewide. The specific standards affected are below.

THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULE IS: Richard Kimsey, Assistant Director of Consumer Services, 2005 Apalachee Parkway, Tallahassee, FL 32399, (850)921-1556.

The above referenced F.A.C. addresses the requirement that each establishment have an approved plumbing system installed to transport potable water and wastewater; that dishwashing facilities for manually washing, rinsing and sanitizing equipment and utensils are provided, and that each establishment has at least one service sink provided for the cleaning of mops or similar cleaning tools and the disposal of mop water. They are requesting to utilize holding tanks to provide potable water and to collect wastewater at the handwash sink and to share the dishwashing and mop sink facilities with another food service establishment under the same ownership and on the same premises.

The Division of Hotels and Restaurants will accept comments concerning the Petition for 5 days from the date of publication

of this notice. To be considered, comments must be received before 5:00 p.m.

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

Division of Hotels and Restaurants

RULE NO.: RULE TITLE:

61C-1.004 General Sanitation and Safety Requirements

The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice:

On August 10, 2017 the Division of Hotels and Restaurants received a Petition for a Routine Variance for paragraph 61C-1.004(1)(a), Florida Administrative Code, Paragraph 5-202.11(A), 2009 FDA Food Code, Paragraph 4-301.12(A), 2009 FDA Food Code, subsection 61C-4.010(5), Florida Administrative Code, Subparagraph 3-305.11(A)(2), 2009 FDA Food Code, and subsection 61C-4.010(1), Florida Administrative Code from Stefano Espresso Co. Inc. located in

Orlando. The above referenced F.A.C. addresses the requirement that each establishment have an approved plumbing system installed to transport potable water and wastewater; that dishwashing facilities for manually washing, rinsing and sanitizing equipment and utensils are provided, and that each establishment have areas for food storage. They are requesting to utilize holding tanks to provide potable water and to collect wastewater at the handwash sink and to share the dishwashing and food storage areas with another food service establishment under the same ownership and on the same premises.

The Petition for this variance was published in Vol. 43, No. 156, F.A.R., on August 11, 2017. The Order for this Petition was signed and approved on August 30, 2017. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring the wastewater holding tank for the handwash sink is emptied at a frequency as to not create a sanitary nuisance; and potable water provided must come from an approved source and be protected from contamination during handling. The Petitioner shall also ensure that all the handwash sinks are provided with hot and cold running water under pressure, soap, an approved hand drying device and a handwashing sign. The dishwashing, food preparation and food storage areas within Centerplate Hospitality Venture (NOS5807961) must be maintained in a clean and sanitary manner. These areas must also be available to Inka House 1 during all hours of operation. If the ownership of Centerplate @ Phase III Kitchen (Centerplate Hospitality Venture NOS5807961) and/or Inka House 1 (Stefano's Espresso Company Inc.) changes, a signed agreement between the two establishments for the use of the shared facilities must be provided to the division immediately.

A copy of the Order or additional information may be obtained by contacting: Daisy.Aleman@myfloridalicense.com, Division of Hotels and Restaurants, 1940 North Monroe Street, Tallahassee, Florida 32399-1011.
