Board of Cosmetology

RULE NO.: RULE TITLE:

61G5-24.019 Hair Braiding and Hair Wrapping Fees

PURPOSE AND EFFECT: The Board proposes the development of a rule amendment to increase the delinquency fee from \$20.00 to \$25.00.

SUMMARY: Update rule language regarding delinquency fee.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described

herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NO.: RULE TITLE:

11D-8.014 Blood Alcohol Permit - Analyst: Renewal

The Florida Department of Law Enforcement hereby gives notice:

On May 3, 2017, the Alcohol Testing Program of the Florida Department of Law Enforcement (ATP) issued a Final Order granting a waiver of Rule 11D-8.014, F.A.C., to Shibaughan Ramsey. Rule 11D-8.014, F.A.C. requires blood alcohol analysts to satisfactorily determine the blood alcohol level of at least 2 proficiency samples provided by the Department semiannually to remain qualified for a permit to conduct blood alcohol analysis; the waiver permits Petitioner, who was on maternity leave at the time of one of the proficiency cycles, to remain qualified for her permit so long as she participates in the next proficiency cycle. The Petition was filed on February 10, 2017, and notice of the petition was published on February 24, 2017, in Vol. 43, No. 38, of the Florida Administrative Register. No public comments were received. In rendering its decision, the ATP determined that Petitioner would suffer a substantial hardship were the waiver not granted as she would be unable to work until she satisfactorily participated in the next proficiency cycle. The ATP also determined that a waiver in this matter would serve the purpose of the underlying statutes as Petitioner held a current permit at the time of her petition, she will participate in all subsequent proficiency cycles, and she will undergo routine, frequent proficiency testing by the College of American Pathologists.

A copy of the Order or additional information may be obtained by contacting: Dana Kelly, Agency Clerk, by mail at Agency

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

Board of Professional Engineers

The Board of Professional Engineers hereby gives notice of the issuance of an Order regarding the Petition for Variance or Waiver, filed on June 14, 2017, by Kunjan Shukla. The Notice of Petition for Variance or Waiver was published June 21, 2017 in Vol. 43, No. 120 of the Florida Administrative Register. Petitioner sought a variance from or a waiver of paragraphs 61G15-20.007(1)(a) and (b), F.A.C.'s requirement that applicants for licensure without EAC/ABET accredited degrees possess required hours of coursework in specified areas. The Board considered the Petition at a duly-noticed public meeting held on August 10, 2017, in Orlando, Florida. The Board's Order, filed on September 7, 2017, finds the petition was in substantial compliance with the provisions of Section 120.542, Florida Statutes, and Chapter 28-104, Florida Administrative Code. Petitioner will be allowed to satisfy all educational deficiencies through CLEP courses, and is granted additional time to complete the courses. The Board finds that granting this request would allow Petitioner to achieve the purpose of the underlying statute by other means, and requiring strict compliance with the rule's requirements would constitute an undue hardship on Petitioner, and GRANTED the Petition IN PART.

A copy of the Order or additional information may be obtained by contacting: Zana Raybon, Executive Director, Board of Professional Engineers, 2639 North Monroe Street, Suite B-112, Tallahassee, Florida 32303, (850)521-0050, zraybon@fbpe.org.

3. The Ordinance amends the Islamorada, Village of Islands, Code of Ordinances to allow for 15 deed-restricted affordable housing units in multiple future land use categories and

decreasing the bufferyard and setbacks for these affordable housing units.

CONCLUSIONS OF LAW

4. The Department is required to approve or reject land development regulations that are adopted by any local government in an area of critical state concern. See sections 380.05(6) and 380.0552(9), Florida Statutes.
