SUMMARY: The delinquent license fee is amended to be \$25.00.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board, based upon the expertise and experience of its members, determined that a Statement of

Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

RULE NO.: 64B13-4.001 RULE TITLE: Examination Requirements
PURPOSE AND EFFECT: The Board proposes the rule amendment to update the licensure and examination requirements, including to more closely match the implemented statutes.

SUMMARY: To update the licensure and examination requirements.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

LAND AND WATER ADJUDICATORY COMMISSION
Notice of Receipt of Petition
Petition to Establish the Big Island Community Development District

On September 27, 2017, the Florida Land and Water Adjudicatory Commission (“FLWAC” or “Commission”) received a petition to establish the Big Island Community Development District (“District”) to consist of 5,701 acres in St. Johns County, Florida. The Commission will follow the requirements of Chapter 42-1, F.A.C., and Chapter 190, F.S., as amended, in considering the petition.

SUMMARY OF CONTENTS OF PETITION: The petition requests establishment of the District covering approximately 5,701 acres of land located entirely within St. Johns County, Florida. The site is generally located north of State Road 16, south of County Road 210, west of Interstate 95, and east of County Road 16A.

SUMMARY OF ESTIMATED REGULATORY COSTS: A statement of estimated regulatory costs (SERC) was prepared at the request of the Petitioner. The complete text of the SERC is contained as Exhibit 7 to the petition. Generally, the SERC indicates the rule:

Is not expected to have any direct or indirect impact on economic growth, private sector job creation or employment, or private sector investment in excess of \$1 million in the aggregate within 5 years after the implementation of the rule; Is not likely to have any adverse impact on business competitiveness;

Is not likely to increase regulatory costs of the State or the County. The proposed District will pay a one-time filing fee to the County to offset any County expenses; and will pay the annually required Special District Filing Fee, which is meant to offset any State costs related to oversight of all special districts in the State. The District will incur overall operational costs related to services for infrastructure maintenance, landscaping and similar items. In the initial stages of development, the costs will likely be minimized. These operating costs will be funded by landowners through direct funding agreements or special assessments levied by the District;

Will require compliance by the State of Florida, St. Johns County, and current and future property owners;

Will not directly or indirectly result in any additional costs to the agency or any other state and local government entities other than those noted above and will have no anticipated effect on state or local revenues;

Will result in transactional costs to future landowners in the development to pay for facilities and services the District may provide. Financing for these facilities and services is projected to be provided by the District; and,

Will have no adverse impact on small businesses, counties or cities.

A LOCAL HEARING WILL BE HELD AT THE DATE, TIME AND PLACE SHOWN BELOW:

DATE AND TIME: November 13, 2017, 1:00 p.m.

PLACE: St. Johns County Administration Building, 500 San Sebastian View, St. Augustine, Florida
