**Section II
Proposed Rules**

DEPARTMENT OF FINANCIAL SERVICES

Division of State Fire Marshal

RULE NO.:	RULE TITLE:
69A-64.005	Adjustments to Reflect Consumer Price Index

PURPOSE AND EFFECT: Statutory revisions to section 112.191, F.S., that occurred during the 2019 legislative session

eliminated the Department's rulemaking authority for Rule 69A-64.005, F.A.C.; therefore, the rule is repealed.

SUMMARY: The rule is repealed to conform to statutory changes made pursuant to passage of CS/SB 7098, as implemented by Chapter 2019-24, Laws of Florida.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The Department conducted an economic analysis of the potential impact of the proposed rule repeal and determined that there will be no adverse economic impact or increases in regulatory costs that would require legislative ratification.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULEMAKING AUTHORITY: 112.191, FS.

LAW IMPLEMENTED: 112.191, FS.

IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE HELD AT THE DATE, TIME AND PLACE SHOWN BELOW (IF NOT REQUESTED, THIS HEARING WILL NOT BE HELD):

DATE AND TIME: January 24, 2020, 4:00 p.m. – 5:00 p.m.

DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES
 Division of Food, Nutrition and Wellness
CHILD NUTRITION PROGRAM STATE WAIVER REQUEST
CHILD NUTRITION PROGRAM STATE WAIVER REQUEST TEMPLATE
 Child Nutrition Programs are expected to be administered according to all statutory and regulatory requirements; waivers to the requirements are exceptions. However, Section 12(l) of the Richard B. Russell National School Lunch Act, 42 U.S.C. 1760(l), provides authority for USDA to waive requirements for State agencies or eligible service providers under certain circumstances. When requesting the waiver of statutory or regulatory requirements for the Child Nutrition Programs (CNPs), including the Child and Adult Care Food Program (CACFP), the Summer Food Service Program (SFSP), the National School Lunch Program (NSLP), the Fresh Fruit and Vegetable Program (FFVP), the Special Milk Program (SMP), and the School Breakfast Program (SBP), State agencies and eligible service providers should use this template. State agencies and eligible service providers should consult with their FNS Regional Offices when developing waiver requests to

ensure a well-reasoned, thorough request is submitted. State agencies and eligible service providers are encouraged to submit complete waiver requests at least 60 calendar days prior to the anticipated implementation date. Requests submitted less than 60 calendar days prior to the anticipated implementation should be accompanied by an explanation of extenuating circumstances.

For more information on requests for waiving Program requirements, refer to SP 15-2018, CACFP 12-2018, SFSP 05-2018, Child Nutrition Program Waiver Request Guidance and Protocol- Revised, May 24, 2018.

1. State agency submitting waiver request and responsible State agency staff contact information:

Florida Department of Agriculture and Consumer Services (FDACS)

Lakeisha T. Hood, Director, (850)617-7438 or 1(800)504-6609, Lakeisha.Hood@FDACS.gov

Lisa Church, Bureau Chief of Implementation and Accountability, (850)617-7413 Direct Line, Lisa.Church@FDACS.gov

2. Region: Southeast

3. Eligible service providers participating in waiver and affirmation that they are in good standing:

FDACS will ensure that sponsors participating in the waiver are in good standing by not being deemed seriously deficient for their returning sites that operated in prior summer.

4. Description of the challenge the State agency is seeking to solve, the goal of the waiver to improve services under the Program, and the expected outcomes if the waiver is granted. [Section 12(1)(2)(A)(iii) and 12(1)(2)(A)(iv) of the NSLA]:

FDACS has many experienced sponsors that has previously operated in accordance with Policy Memorandum SFSP 12-2011, Waiver of Site Monitoring Requirements in the Summer Food Service Program (April 5, 2011) to ensure efficient program resources and operations.

The rescission of this waiver will impose a significant administrative burden on sponsors and likely result in a reduction of administrative and operational resources needed elsewhere in the their SFSP. The absence of this flexibility would require sponsors to adjust budgets and planning processes as well as hire and train a sufficient number of staff to conduct first week site visits. Additionally, FDACS has eleven (11) SFSP sponsors that operated more than 100 sites in 2019. If a sponsor with 100 sites is required to visit each site at least once during the first week of operation, FDACS estimates that these sponsors would need to hire at least ten (10) additional employees to conduct these visits and budget appropriately for the payroll increases and associated travel expenses.

FDACS sponsors operating less than 100 sites would be proportionately impacted in terms of increased staffing needs

without the first week site visit waiver. Without this waiver, overall program costs will increase, there will be an increased monitoring burden for experienced sites, reduced capacity to focus on new sites or sites with previous serious deficiencies. In addition, a corollary reduction in resources in other critical program areas, such as food quality, would occur as increased financial and administrative resources are dedicated to complying with the first week visit requirement.

FDACS is requesting the ability for sponsors to forgo the first week site visit requirement for returning sites that operated successfully during the previous summer, and for sponsors that operate the National School Lunch Program (NSLP). Sponsors will continue to monitor all sites within the first four weeks of operation and will maintain a reasonable level of site monitoring, including any necessary follow-up reviews.

FDACS considers a returning sponsor/site to have operated successfully during the previous summer if it is not in serious deficiency. If the waiver request is granted, FDACS will continue to require sponsors to conduct a review of food service operations at each of its sites at least once during the first four weeks of operation as required in 7 CFR 225.15(d)(3). This includes sites that may operate for only one week or less.

With the waiver request being approved for summer 2019, the sponsors provided FDACS with feedback on how it benefited their programs. Out of the sponsors that completed the annual sponsor survey, 64% reported reduced administrative costs, 69% reported reduced paper work and 73% reported reduced staff labor due to the approved first week site visit waiver. In addition, sponsors stated that the following benefits were also associated with the waiver approval:

- Allowed monitors to focus on new sites and sites with deficiencies in the previous summer;
- Allowed monitors to concentrate on completing site reviews in the required timeframe;
- Allotted more time to devote to issues related to initial startup with staffing and location/menu/deliveries, etc.;
- and
- Allotted more time to recruit new sites and provide onsite training to new sites or sites with new staff.

5. Specific Program requirements to be waived (include statutory and regulatory citations). [Section 12(1)(2)(A)(i) of the NSLA]:

FDACS is requesting the following SFSP regulatory requirement to be waived:

- Sponsors shall visit each of their sites at least once during the first week of operation under the Program and shall promptly take such actions as are necessary to correct any deficiencies. [7 CFR 225.15(d)(2)]

6. Detailed description of alternative procedures and anticipated impact on Program operations, including technology, State systems, and monitoring:

This statewide waiver will significantly decrease administrative burden and allow for efficient and effective oversight of program operations. FDACS will continue to ensure program integrity through a thorough application approval process, technical assistance visits, administrative reviews, and training. In addition, no change will need to be made to current technology systems as a result of this waiver. Approval of this waiver will have no cost associated for FDACS.

If this waiver request is not approved, the following impact on program operations will likely occur:

- Increased sponsor administrative labor cost to conduct first week site visits for all sites, especially for large sponsor organizations.
- Increased sponsor administrative labor costs will result in less available funds for the purchase of high quality food.
- Loss of sites due to increased administrative burden to conduct site visits at each site during the first week of operation. These combined impacts will result in a significant decrease in program sponsors and sites due to increased administrative burden. This will result in decreased access to the program and a decrease in meals served to children in Florida.

With the approval of a waiver, FDACS will continue to provide written guidance, training, and technical assistance. FDACS will continue to require its sponsors to provide training to its site personnel and other requirements related to training as set forth in 7 CFR 225.15(d)(1). Furthermore, FDACS will continue to require sponsors to conduct a review of food service operations at each of its sites at least once during the first four weeks of operation as required in 7 CFR 225.15(d)(3) including at sites that may operate for only one week or less.

7. Description of any steps the State has taken to address regulatory barriers at the State level. [Section 12(1)(2)(A)(ii) of the NSLA]:

The flexibilities and policies rescinded by the USDA-FNS on October 11, 2018 through SFSP 01-2019 Summer Food Service Program Memoranda Rescission will increase administrative burden and create barriers to program access and effective program operation. To address these barriers, FDACS is submitting this waiver request. FDACS will continue to implement streamlined measures and process improvement for the program.

8. Anticipated challenges State or eligible service providers may face with the waiver implementation:

FDACS does not anticipate any challenges with waiver implementation.

9. Description of how the waiver will not increase the overall cost of the Program to the Federal Government. If there are anticipated increases, confirm that the costs will be paid from non-Federal funds. [Section 12(1)(1)(A)(iii) of the NSLA]:

The waiver will not increase the overall cost of the Program to the Federal Government because it is an administrative flexibility, not operational.

10. Anticipated waiver implementation date and time period: January 1, 2020 through the end of the Federal fiscal year and remain in effect for a period of five years until September 30, 2025.

11. Proposed monitoring and review procedures:

Sponsors and sites will continue to be monitored by FDACS as outlined in 7 CFR 225.7 (2)(ii)(B). Standard monitoring and review procedures will continue to be followed. If noncompliance is identified, FDACS will implement a corrective action plan and conduct follow-up reviews, as needed.

12. Proposed reporting requirements (include type of data and due date(s) to FNS):

FDACS will provide FNS with required reports, including review findings and technical assistance. This information will be available annually as requested.

State agencies and eligible service providers should consult with their FNS Regional Offices when developing waiver requests to ensure a well-reasoned, thorough request is submitted. State agencies and eligible service providers are encouraged to submit complete waiver requests at least 60 calendar days prior to the anticipated implementation date. Requests submitted less than 60 calendar days prior to the anticipated implementation should be accompanied by an explanation of extenuating circumstances.

For more information on requests for waiving Program requirements, refer to SP 15-2018, CACFP 12-2018, SFSP 05-2018, *Child Nutrition Program Waiver Request Guidance and Protocol- Revised*, May 24, 2018.

2. Region: Southeast

3. Eligible service providers participating in waiver and affirmation that they are in good standing:

FDACS will ensure that sponsors participating in the waiver are in good standing by not being deemed seriously deficient for their returning sites that operated in prior summer.

4. Description of the challenge the State agency is seeking to solve, the goal of the waiver to improve services under the Program, and the expected outcomes if the waiver is granted. [Section 12(1)(2)(A)(iii) and 12(1)(2)(A)(iv) of the NSLA]:

FDACS is requesting a statewide waiver for Summer Food Service Program (SFSP) flexibilities and policies that were rescinded by the USDA Food and Nutrition Services (FNS) on October 11, 2018 through SFSP 01-2019 Summer Food Service Program Memoranda Rescission.

The impact and challenges faced as a result of the rescinded flexibilities and policies to FDACS and Florida's SFSP sponsors are as follows:

The waiver of meal time restrictions allows sponsors to serve meals at times that align with program activities and meet the needs of children and families. The restriction of shortening the duration of meal services times will negatively affect sites with large ADA's, especially those sites utilizing the OVS option or family style serving. In 2019, there were 664 sites with ADA's of 150 children or more operating breakfast.

In the past, these sites have had the flexibility to choose their meal services times to fit their needs. By restricting them, these sites may not have the capacity or staff to accommodate the higher ADA within a shorter time frame. In addition, FDACS sites are predominantly open sites at recreation centers and libraries, where children and youth participate in a combination of structured and non-structured activities. Because times when children and youth arrive at open sites flows, site staff find they serve more children when they have longer serving windows. Mealtime restrictions would prevent hundreds of children from receiving a healthy meal. Families rely on these meals. They also rely on public transportation to get to meal sites, and therefore it is essential to have longer meal times to accommodate families.

By implementing meal service time restrictions, FDACS would be required to develop a manual process of calculating the duration of each meal service and the time elapsed between meal services. FDACS staff would spend an estimated 210 additional hours in the initial approval of the site applications. This estimate does not include the time it would take to process revisions.

The goal of this waiver is to reinstate the rescinded flexibilities and policies to allow for efficient and cost-effective program management and reduce administrative burden for sponsors and FDACS.

Approval of this waiver will allow FDACS and Florida's SFSP sponsors to continue implementing streamlined measures for effective program management and operation. In addition, if approved, FDACS will not be required to spend additional administrative funds and staff time to update technology systems and revise statewide training and review procedures.

With the waiver request being approved for summer 2019, the sponsors provided FDACS with feedback on how it benefited their programs. Out of the sponsors that completed the annual sponsor survey, 77% reported increased participation, 29% reported increased number of sites operating, 32% reported reduced staff labor and 25% reported decreased costs due to the approved meal service time waiver. In addition, sponsors stated that the following benefits were also associated with the waiver approval:

- Allowed more flexibility with scheduling and activities;
- Allowed children ample time to eat;
- Allowed time for staff to continuously cook meals and keep them at safe temperatures;
- Allowed participants arriving later to still participate in the meal service;
- Allotted a longer window to serve and ultimately reach more children;
- Able to serve children two meals in a shorter time frame;
- and
- Able to accommodate more programs at a single site.

5. Specific Program requirements to be waived (include statutory and regulatory citations). [Section 12(1)(2)(A)(i) of the NSLA]:

FDACS request to waive current regulations at 7 CFR 225.16(c)(1)(2) for meal times as originally published in SFSP 11-2011, Waiver of Meal Time Restrictions and Unitized Meal Requirements in the Summer Food Service Program, October 31, 2011. Regulations require that three hours must elapse between the beginning of one meal service, including snacks, and the beginning of another meal service, except that four hours must elapse between lunch and supper if no snack is served. This policy waived these requirements but maintained that sponsors must continue to establish meal service times.

7 CFR 225.16(c) -Time restrictions for meal service. (1) Three hours must elapse between the beginning of one meal service, including snacks, and the beginning of another, except that 4 hours must elapse between the service of a lunch and supper when no snack is served between lunch and supper. The service of supper shall begin no later than 7 p.m., unless the State agency has granted a waiver of this requirement due to extenuating circumstances. These waivers shall be granted only when the State agency and the sponsor ensure that special arrangements shall be made to monitor these sites. In no case may the service of supper extend beyond 8 p.m. The time restrictions in this paragraph shall not apply to residential camps.

(2) The duration of the meal service shall be limited to two hours for lunch or supper and one hour for all other meals.

6. Detailed description of alternative procedures and anticipated impact on Program operations, including technology, State systems, and monitoring:

FDACS has an electronic application system known as Florida Automated Nutrition System (FANS) in which sponsor will indicated their serving times each specific meal service on their site application in FANS. Program management, accommodate operational requirements and meet needs of participating children, time limits will not be placed on the duration of a meal service or the amount of time that must elapse between the beginning of one meal service and the beginning of the next. Sponsors must continue to establish meal times for each site and provide this information to FDACS to ensure effective oversight. FDACS will have discretion to determine the length of supper meal service and if meals served outside of the approved meal service may still be claimed for reimbursement in the case of an unanticipated event.

This waiver will significantly decrease administrative burden, allow for efficient and effective oversight of program operations, and allow sponsor organizations to meet the needs of their communities and participating children. FDACS will continue to ensure program integrity through a thorough application approval process, technical assistance visits, administrative reviews, and training. In addition, no change will need to be made to current technology systems as a result of this waiver.

If this waiver is not implemented, the following impact on program operations will likely occur:

- Increased costs to FDACS to update software systems to comply with regulation changes. Updates to software will affect application, claims, and compliance modules.
- Significant impact on FDACS staff time and effort and increased cost to update training and technical assistance materials, re-train sponsor and site staff, and monitor

compliance with rescinded flexibilities and policies.

- A decrease in the number of meals offered at sites due to meal time restrictions. The restrictions hinder sites serving meals at times that align with site activities and needs of participating children. This will lead to a loss of reimbursement revenue.

- Increased operational labor costs for sponsors due to the amount of time that must be placed between meals. These combined impacts will result in a significant decrease in access to the program, a decrease in meals served to children in Florida.

7. Description of any steps the State has taken to address regulatory barriers at the State level. [Section 12(1)(2)(A)(ii) of the NSLA]:

The flexibilities and policies rescinded by the USDA FNS on October 11, 2018 through SFSP 01-2019 Summer Food Service Program Memoranda Rescission will increase administrative burden and create barriers to program access and effective program operation. To address these barriers, FDACS is submitting this wavier. FDACS continues to implement streamlined measures and process improvement for the program.

8. Anticipated challenges State or eligible service providers may face with the waiver implementation:

FDACS does not anticipate any challenges when implementing the requested waiver.

9. Description of how the waiver will not increase the overall cost of the Program to the Federal Government. If there are anticipated increases, confirm that the costs will be paid from non-Federal funds. [Section 12(1)(1)(A)(iii) of the NSLA]:

There is no anticipated impact on Federal administrative costs for State Agency oversight with implementation of this wavier.

10. Anticipated waiver implementation date and time period: January 1, 2020, through the end of the Federal fiscal year and remain in effect for a period of five years until September 30, 2025.

11. Proposed monitoring and review procedures:

FDACS Sponsors and sites will continue to be monitored by FDACS as outlined in 7 CFR 225.7 (2)(ii)(B). Standard review procedures will continue to be followed; if noncompliance is identified, FDACS will implement a corrective action plan and conduct follow-up reviews, as needed.

12. Proposed reporting requirements (include type of data and due date(s) to FNS):

FDACS will utilize the reporting function Report Manager link to the Florida Automated Nutrition System to review sponsors and their site times. FDACS will send the following list to USDA on an annual basis as requested:

- List of sponsors
- List of sites with meal service times

CHILD NUTRITION PROGRAM STATE WAIVER REQUEST

CHILD NUTRITION PROGRAM

STATE WAIVER REQUEST TEMPLATE

Child Nutrition Programs are expected to be administered according to all statutory and regulatory requirements; waivers to the requirements are exceptions. However, Section 12(1) of the Richard B. Russell National School Lunch Act, 42 U.S.C. 1760(l), provides authority for USDA to waive requirements for State agencies or eligible service providers under certain circumstances. When requesting the waiver of statutory or regulatory requirements for the Child Nutrition Programs (CNPs), including the Child and Adult Care Food Program (CACFP), the Summer Food Service Program (SFSP), the National School Lunch Program (NSLP), the Fresh Fruit and Vegetable Program (FFVP), the Special Milk Program (SMP), and the School Breakfast Program (SBP), State agencies and eligible service providers should use this template. State agencies and eligible service providers should consult with their FNS Regional Offices when developing waiver requests to ensure a well-reasoned, thorough request is submitted. State agencies and eligible service providers are encouraged to submit complete waiver requests at least 60 calendar days prior to the anticipated implementation date. Requests submitted less than 60 calendar days prior to the anticipated implementation should be accompanied by an explanation of extenuating circumstances.

3. Eligible service providers participating in waiver and affirmation that they are in good standing:

FDACS will ensure that sponsors participating in the waiver are in good standing by not being deemed seriously deficient for their returning sites that operated in prior summer.

4. Description of the challenge the State agency is seeking to solve, the goal of the waiver to improve services under the

Program, and the expected outcomes if the waiver is granted. [Section 12(1)(2)(A)(iii) and 12(1)(2)(A)(iv) of the NSLA]:

FDACS has many experienced self-prep sponsors that have utilized the waiver for the summer meal pattern and Offer Versus Serve (OVS) option at sites. In 2019, 31 NSLP sponsors operating 622 sites used the OVS option through the Summer Food Service Program. In addition, 115 sites operating under non-NSLP sponsors were classified as OVS which equates to 3% of total sites operating. FDACS is requesting to waive a regulatory requirement regarding the SFSP OVS and the use of the National School Lunch Program (NSLP) meal pattern. This request seeks to allow sponsors that had no deficiency in OVS with the meal pattern. These sponsors should not be mandated to follow more restrictive NSLP meal pattern requirements, including compliance with vegetable sub-groups and sodium, fat and calorie restrictions when choosing the OVS serving option. The expected outcomes are as follows:

- The over goal of the program is to provide nutritious meals to children who are otherwise at risk of being unserved or going without food during the school breaks. Self-prep sponsor most familiar with OVS and many use it to meet the meal pattern requirements while reducing plate waste. Requiring a continuation of the NSLP/SBP meal pattern for use with OVS would limit the sponsors capability of using the leftover inventory within the short summer season. In addition, requiring the use of the NSLP/SBP meal pattern would also increase the cost of food to sponsor who has already planned their summer budgets.

- Since the extension of OVS, FDACS has had sponsors utilizing the OVS and summer meal patten successfully each summer. By not allowing them to continue may discourage the sponsors participation in SFSP.

- FDACS will continue to provide training and technical assistance before and during the summer to ensure sponsors remain successful in implementation of OVS and the SFSP meal pattern.

With the waiver request being approved in summer 2019, the sponsors provided FDACS with feedback on how it benefited their programs. Out of the sponsors that completed the annual sponsor survey, 91% reported reduced food waste, 65% reported reduced food cost, 26% reported reduced staff labor, and 43% reported increased participation due to the approved offer versus serve waiver. Sponsors also mentioned that another benefit of the waiver is that children feel like they have a choice over what they eat.

5. Specific Program requirements to be waived (include statutory and regulatory citations). [Section 12(1)(2)(A)(i) of the NSLA]:

FDACS is requesting to waive the SFSP requirement limiting the “offer versus serve” option to School food authorities that are SFSP sponsors. [7 CFR 225.16(f)(1)(ii)]

6. Detailed description of alternative procedures and anticipated impact on Program operations, including technology, State systems, and monitoring:

FDACS has an electronic application system known as Florida Automated Nutrition System (FANS) in which sponsor will indicated their intention to use OVS for each specific site application in FANS. OVS continues to be an option and not a requirement for eligible sponsor and the state agency reserves to the deny sponsor request if findings related to OVS were observed in the prior operating year. Sponsor indicating the use of OVS will require additional staff training. FDACS staff will review the site applications and approved the OVS individually. Sponsor/Sites demonstrating a lack understanding of OVS requirements during site visits will be immediately stopped from utilizing OVS and will be required to serve complete SFSP meals for the remained for the summer. No additional cost associated with this waiver. If the waiver is not approved the following will impact program operations:

- Impact on FDACS staff time to update training and technical assistance materials for SFSP. Retrain sponsors, site staff and FDACS consultants and monitor compliance tools.
- Increased food cost and food waste for sponsors that no longer have the option to implement OVS
- Decreased child satisfaction with loss of choice in meal selection, resulting in decreased site participation
- These combined impacts may result in a decrease in program sponsor and sites due to increase sponsor administration burden. This may result in decrease access to the program, a decrease in meals served to children when school is out for the summer.

7. Description of any steps the State has taken to address regulatory barriers at the State level. [Section 12(1)(2)(A)(ii) of the NSLA]:

The flexibilities and policies rescinded by the USDA FNS on October 11, 2018 through SFSP 01-2019 Summer Food Service Program Memoranda Rescission will increase administrative burden and create barriers to program access and effective program operation. To address these barriers, FDACS is submitting this wavier. FDACS continues to implement streamlined measures and process improvement for the program.

8. Anticipated challenges State or eligible service providers may face with the waiver implementation:

FDACS does not anticipate any challenges with waiver implementation.

9. Description of how the waiver will not increase the overall cost of the Program to the Federal Government. If there are anticipated increases, confirm that the costs will be paid from non-Federal funds. [Section 12(1)(1)(A)(iii) of the NSLA]:

There is no anticipated impact on Federal administrative costs for State Agency oversight with implementation of this wavier.

10. Anticipated waiver implementation date and time period: January 1, 2020, through the end of the Federal fiscal year and remain in effect for a period of five years until September 30, 2025.

11. Proposed monitoring and review procedures: FDACS will continue to carry our current program monitoring and review procedures. As with any other findings, discrepancies will be recorded, documented and discussed with both site and sponsor personnel, either immediately fooling the site review or during the administrative review of the sponsor.

12. Proposed reporting requirements (include type of data and due date(s) to FNS):

FDACS will utilize the reporting function Report Manager link to the Florida Automated Nutrition System to review how many utilize the OVS waiver. FDACS will send the following list to USDA on an annual basis as requested:

- List of sponsors using OVS
- List of sites using OVS
