DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

Division of Hotels and Restaurants

RULE NO.: RULE TITLE:

61C-1.004 General Sanitation and Safety Requirements

The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice:

On January 29, 2019 the Division of Hotels and Restaurants received a Petition for an Emergency Variance for paragraph 61C-1.004(2)(a), Florida Administrative Code, subsection 61C-4.010(7), Florida Administrative Code, subsection 61C-4.010(6), Florida Administrative Code, and Section 6-402.11, 2009 FDA Food Code from Ol Time BBQ Barn located in Laurel Hill. The above referenced F.A.C. addresses the requirement that at least one accessible bathroom be provided for use by customers. They are requesting to share the bathrooms located within a nearby establishment under a different ownership for use by customers and employees.

The Petition for this variance was published in Vol. 45/20 on January 24, 2019. The Order for this Petition was signed and approved on January 7, 2019. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring the bathrooms located within Jeris Used Furniture, 23036 Hwy 331 N, Laurel Hill, FL 32567, are maintained in a clean and sanitary manner and are provided with hot and cold running water under pressure, soap, approved hand drying devices, and are available during all hours of operation. The Petitioner shall also ensure directional signage is installed within or outside the

establishment clearly stating the location of the bathrooms. If the ownership of Ol Time BBQ Barn (Calhoun Vanessa & Wayland Donald) and/or Jeris Used Furniture (Geri Mcglamry) changes, an updated signed agreement for use of the bathroom facilities will be required immediately.

The above referenced F.A.C. addresses the requirement that each establishment have an approved plumbing system installed to transport potable water and wastewater. They are requesting to utilize holding tanks to provide potable water and to collect wastewater at the handwash sink and the three compartment sink.

The Petition for this variance was published in Vol. 45/20 on January 30, 2019. The Order for this Petition was signed and approved on February 7, 2019. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring the wastewater holding tank for the handwash sink and the three compartment sink is emptied at a frequency as to not create a sanitary nuisance; and potable water provided must come from an approved source and be protected from contamination during handling. The Petitioner shall also ensure that the handwash sink and the three compartment sink is provided with hot and cold running water under pressure, and that the handwash sink is provided with soap, an approved hand drying device and a handwashing sign.
