FISH AND WILDLIFE CONSERVATION COMMISSION

Marine Fisheries

RULE NOS.:	RULE TITLES:
68B-14.0036	Recreational Bag Limits: Snapper, Grouper, Hogfish, Black Sea Bass, Red Porgy, Amberjacks, Tilefish, Exception, Wholesale/Retail Purchase Exemption
68B-14.0039	Recreational Grouper Seasons

PURPOSE AND EFFECT: The Commission will consider a federal consistency action to establish a recreational bag limit and season for blueline tilefish in Atlantic state waters that is consistent with recreational regulations in Atlantic federal waters. Currently, recreational harvest of blueline tilefish in Atlantic state waters is limited to the default recreational bag limit of two fish or 100 pounds, whichever is greater, and harvest is allowed year-round. In Atlantic federal waters, the blueline tilefish recreational bag limit is three fish per person within the three-fish aggregate bag limit for grouper and tilefish, and the season is open May 1 through August 31. The Atlantic federal fishery is also managed with a quota. Blueline tilefish primarily occur in federal waters, but can be harvested from state waters off southeast Florida. Establishing a recreational bag limit and season for blueline tilefish in state waters could help keep Atlantic blueline tilefish recreational harvest below the federal quota and avoid overfishing. Additionally, consistent regulations for blueline tilefish in state and federal waters could reduce regulatory confusion and promote compliance with regulations.

SUBJECT AREA TO BE ADDRESSED: Subject areas to be addressed in the rule development notice include reef fish recreational bag limits and recreational seasons, specifically a recreational bag limit and season for blueline tilefish in Atlantic state waters.

Petitions and Dispositions Regarding Rule Variance or Waiver

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION
Division of Hotels and Restaurants
RULE NO.: RULE TITLE:
61C-4.010 Sanitation and Safety Requirements
The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice: On August 4, 2020 the Division of Hotels and Restaurants received a Petition for a Routine Variance for subsection 61C-4.010(7) Florida Administrative Code and

subsection 61C-4.010(6), Florida Administrative Code from Bigg EZ Barbeque Shack located in St. Petersburg. The above referenced F.A.C. addresses the requirement that at least one accessible bathroom be provided for use by customers and employees. They are requesting to share the bathrooms located within a nearby establishment under a different ownership for use by customers and employees.

The Petition for this variance was published in Vol. 46/152 on August 5, 2020. The Order for this Petition was signed and approved on August 24, 2020. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring the bathrooms located within Ted's Barbershop (DBPR CE9995073), are maintained in a clean and sanitary manner and are provided with cold running water under pressure, soap, approved hand drying devices, and are available during all hours of operation. The Petitioner shall also ensure that directional signage is installed within or outside the establishment clearly stating the location of the bathrooms. If the ownership of Bigg EZ Barbeque Shack (File: 325583) and/or Ted's Barbershop (DBPR CE9995073) changes, an updated signed agreement for use of the bathroom facilities will be required immediately.

A copy of the Order or additional information may be obtained by contacting: Kasimira.Kelly@myfloridalicense.com, Division of Hotels and Restaurants, 2601 Blair Stone Road, Tallahassee, Florida 32399-1011.

The total project budget is \$3,954,636 including fees, surveys & tests, total building commissioning, furnishings & equipment, and contingencies. Construction must begin by April 2021 and end by January 2022. (Gold) LEED (Leadership in Energy and Environmental Design) certification by the U.S. Green Building Council (or equivalent sustainability certification by approval) is mandatory.

The contract for construction management services will consist of two phases, pre-construction and construction. Pre-construction services will begin at the Advanced Schematic Design stage and will include production of cost studies and estimates; value engineering; analysis of the design documents for constructability, coordination, detailing, materials, and systems; development and maintenance of the construction schedule; production of detailed jobsite management plans; development of strategies for the procurement of trade contracts; development of waste management strategies; and development of a Guaranteed Maximum Price (GMP) proposal based on 100% Construction Documents. If the GMP proposal

is accepted and executed, the construction phase will be implemented. In this phase, the construction manager becomes the single point of responsibility for performance of the construction of the project and shall publicly bid trade contracts. Failure to negotiate an acceptable fixed fee for phase one of the contract, or failure to arrive at an acceptable GMP budget within the time provided in the agreement, may result in the termination of the construction manager's contract.

Applicants will be evaluated on the basis of their past performance, experience, personnel, references, bonding capacity, workload, and responses to questions posed both in the shortlist and interview phases. The Selection Committee may reject all proposals and stop the selection process at any time.

At the time of application, the applicant must be licensed to practice as a general contractor in the State of Florida and, if the applicant is a corporation, must be chartered by the Florida Department of State to operate in Florida. The selected applicant will also be required to provide insurance coverage for General Liability, Automotive Liability, Workers' Compensation, and Builder's Risk.

Applicants desiring to provide construction management services for the project shall submit a proposal only after thoroughly reviewing the facilities program, Project Fact Sheet, and other background information. The proposal shall be prepared as specified in the CMQS Instructions and shall include:

1. A Letter of Application that concisely illustrates the applicant's understanding of the scope of services, schedule, and other goals and considerations as outlined in the Project Fact Sheet and facilities program.
2. Company information and signed certification.
3. A completed, project-specific "CM Qualifications Supplement" (CMQS) proposal. Applications on any other form will not be considered.
4. Resumes, LEED accreditation, and other pertinent credentials for all proposed staff.
5. Proof of the applicant's corporate status in Florida (if applicable) and a copy of the applicant firm's current contracting license from the appropriate governing board.
6. Proof of applicant's bonding capacity and liability insurance coverage.

If the applicant is a corporation, it must be chartered by the Florida Department of State to operate in Florida. As required by Section 287.133, Florida Statutes, an applicant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected construction manager must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$15,000.00

in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list. Incomplete proposals will be disqualified. Submittal materials will not be returned.

Additional information to assist the applicant in preparing a complete proposal – including the project-specific CMQS forms, instructions, Project Fact Sheet, facilities program, UF Design Services Guide, UF Design and Construction Standards, standard University of Florida Agreement for CM Services, and other project and process information – can be found on the Planning Design & Construction website.

Finalists may be provided with supplemental interview requirements and criteria as needed.

Provide the application submittal as prescribed in the Project Fact Sheet. Submittals must be received in the Planning Design & Construction office by 3:00 p.m. local time on Tuesday, September 22, 2020. Facsimile (FAX) submittals are not acceptable and will not be considered.
