Proposed Rules

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

Board of Accountancy

RULE NO.: RULE TITLE:
61H1-33.0035 Continuing Professional Education/Governmental Auditing

PURPOSE AND EFFECT: The Board proposes a rule amendment to update and clarify the rule regarding continuing professional education and governmental auditing.

SUMMARY: The proposed rule amendment will update and clarify the rule language.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

GENERAL SUBJECT MATTER TO BE CONSIDERED: The Florida Department of Transportation (FDOT), District One, is hosting a Virtual Public Workshop for the Combee Road (SR 659) Project Development and Environment (PD&E) Study from US 98 to North Crystal Lake Drive in Lakeland. This workshop will be held completely online on the project website with ***NO LIVE COMPONENT.***

The goal of this study is to evaluate improvements to Combee Road from US 98 to North Crystal Lake Drive. Two build alternatives are under evaluation to determine the best way to accommodate bicyclists, pedestrians, and improve traffic operations. FDOT is considering roundabout intersections, that have been shown to have safety and traffic operation benefits

for all roadway users. The no-build alternative is also considered throughout the project, which would not have any improvements to Combee Road other than routine maintenance, through the year 2045.

The meeting materials, including maps and a chart comparing the potential effects and cost of each alternative, will be available online for people to review and provide comments. The Virtual Public Workshop will consist of project meeting materials available for review and comment for 21 days, from Thursday, November 12, 2020 through Thursday, December 3, 2020. There is no live component to this workshop. If you would like hard copy packets of the meeting materials, they will be available for pickup at the Lakeland Public Library located at 100 Lake Morton Drive, Lakeland, FL 33801 during their regular business hours by Thursday, November 12, 2020. Although there is no live component to this workshop, we encourage you to submit any questions you may have through the project website or contact the FDOT Project Representative, Patrick Bateman, P.E. at 1(863)519-2792 or Patrick.Bateman@dot.state.fl.us. A member of the project team will follow up with you to address your question.

The workshop and official comment period will be open from Thursday, November 12, 2020 through Thursday, December 3, 2020. After reviewing the meeting materials, you can submit any comments that you may have on the project in three ways: through links on the project website, by emailing the FDOT Project Representative, Patrick Bateman, P.E., at patrick.bateman@dot.state.fl.us, or by mailing your comment to Patrick Bateman, P.E. at FDOT District One, P.O. Box 1249, Bartow, FL 33831. Please note that comments must be received (or postmarked if mailed) by December 3, 2020. The project team will post a summary of the comments received during the workshop to the project website approximately 30 days following the end of the comment period.

FDOT sent notices of the Alternatives Public Workshop to property owners located a minimum of 300 feet on either side of roadway within the project limits, as well as additional surrounding areas. FDOT encourages all interested people to attend and express their views regarding the project and information presented.

FDOT solicits public participation without regard to race, color, national origin, age, sex, religion, disability, or family status. People who require special accommodations under the Americans with Disabilities Act or who require translation services (free of charge) should contact Cynthia Sykes, District One Title VI Coordinator, at (863) 519-2287, or email at Cynthia.Sykes@dot.state.fl.us at least seven days prior to the public workshop.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried out by FDOT pursuant

to 23 U.S.C. § 327 and a Memorandum of Understanding dated December 14, 2016, and executed by FHWA and FDOT.
