No increase in regulatory costs are anticipated as a result of the rule changes.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NO.: RULE TITLE:

6A-10.02413: Civic Literacy Competency

PURPOSE AND EFFECT: To identify an additional assessment that college students can use to satisfy civic literacy as required by administering s.1007.25(4), F.S. General education courses; common prerequisites; other degree requirements. The effect of the proposed amendment is to add the U.S. Citizenship and Immigration Services Naturalization Test – Civics (U.S. history and government) with supplemental questions, also known as the Florida Civic Literacy Test, as an option by which students can demonstrate civic literacy competency. This amendment aligns the rule with the Board of Governors regulation 8.006 and presents a low-cost option for students. By adding this assessment, high school students who passed the Florida Civic Literacy Test during the 2019-20 school year as part of the civic literacy exam pilot will have demonstrated postsecondary civic literacy competency at Florida College System institutions.

SUMMARY: Students initially entering a Florida College System institution in 2018-19 and thereafter must demonstrate competency in civic literacy through the successful completion of a course (POSX041 American Government or AMHX020 Introductory Survey Since 1877) or by achieving a passing score on an assessment (AP Government and Politics: United States, AP United States History, or CLEP: American Government). The effect of this amended rule will be to provide information to Florida College System institutions about an additional assessment that will be authorized to demonstrate civic literacy competency—the Florida Civic Literacy Test.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within

one year after the implementation of the rule. A SERC has been prepared by the Agency.

In summary, the Florida Department of Education (FLDOE) Office of Assessment maintains the Florida Civic Literacy Test. There is no fee for institutions to begin using the test on a local level. FLDOE will work with each institution to provide the questions and answer key at no cost. Locally, individual institutions will establish procedures for administering the assessment, with consideration given to technology, modality and proctoring. Under the existing rule, the range of costs to students is \$0 (for students who took one of the approved AP exams), to approximately \$80 (for students who took CLEP), to approximately \$215.94 (for students who take a 3-credit hour approved course with a standard tuition of \$71.98 multiplied by 3 credit hours). The cost for the Florida Civic Literacy Test will be as low as \$0. However, colleges may choose to assess students a fee; this amount is interminable and will vary by college. It is possible the Florida Civic Literacy Test would save students and institutions money, as there is no charge to institutions in offering the test, and the costs of the CLEP or a course are high.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NO.: 64DER20-26
 RULE TITLE: Diseases or Conditions to be Reported
SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC, HEALTH, SAFETY OR WELFARE: Novel Coronavirus Disease 2019 (COVID-19) is a severe acute respiratory illness that can spread among humans through respiratory transmission and presents with symptoms similar to those of influenza. COVID-19 is a communicable disease with significant morbidity and mortality and presents a severe danger to public health. The World Health Organization has declared COVID-19 as a Public Health Emergency of International Concern. On March 1, 2020, a Public Health Emergency was declared by the Surgeon General to exist statewide in accordance with Executive Order 20-51. On March 9, 2020, Governor Ron DeSantis issued Executive Order 20-52 declaring that a state of emergency exists in the State of Florida. Therefore, there is an immediate need to adopt rules setting forth the procedures to control the spread of COVID-19 to protect the health, safety and welfare of Florida’s citizens.

REASONS FOR CONCLUDING THAT THE PROCEDURE USED IS FAIR UNDER THE CIRCUMSTANCES: COVID-19 presents a public health threat to the state of Florida. The Surgeon General has declared a statewide Public Health Emergency due to the spread of COVID-19. There is an immediate need to set forth procedures for the control of this communicable disease in the State of Florida.

SUMMARY OF THE RULE: Emergency rule 64DER20-26 (64D-3.029) requires immediate reporting of suspected or confirmed cases and both positive and negative test results of Coronavirus (COVID-19) by physicians, hospitals, and laboratories.

Section V Petitions and Dispositions Regarding Rule Variance or Waiver

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

Division of Hotels and Restaurants

RULE NO.: RULE TITLE:

61C-1.004 General Sanitation and Safety Requirements

The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice: On March 24, 2020 the Division of Hotels and Restaurants received a Petition for an Emergency Variance for paragraph 61C-1.004(1)(a), Florida Administrative Code, Paragraph 5-202.11(A), 2017 FDA Food Code, Paragraph 4-301.12(A), 2017 FDA Food Code, subsection 61C-4.010(5), Florida Administrative Code, Section 5-203.13, 2017 FDA Food Code; Florida Administrative Code; subsection 61C-4.010(7) Florida Administrative Code and subsection 61C-4.010(6), Florida Administrative Code from Cantina Catrina Taco Cart located in Miami. The above referenced F.A.C. addresses the requirement that each establishment have an approved plumbing system installed to transport potable water and wastewater; and that each establishment has at least one service sink provided for the cleaning of mops or similar cleaning tools and the disposal of mop water; the requirement that dishwashing facilities for manually washing, rinsing and sanitizing equipment and utensils are provided; and that the requirement that at least one accessible bathroom be provided for use by customers and employees. They are requesting to utilize holding tanks to provide potable water and to collect wastewater at the handwash sink and to share the mop sink facilities, share the warewashing facilities, and share the bathrooms for employees and customers located within a nearby establishment under the same ownership.

The Petition for this variance was published in Vol. 46/60 on March 26, 2020. The Order for this Petition was signed and approved on 04/08/2020. After a complete review of the

variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring the wastewater holding tank for the handwash sink is emptied at a frequency as to not create a sanitary nuisance; and potable water provided must come from an approved source and be protected from contamination during handling. The Petitioner shall also ensure that all the handwash sinks and bathroom facilities are provided with hot and cold running water under pressure, soap, an approved hand drying device and a handwashing sign. The mop sink and dishwashing facilities within CATRINA DADELAND LLC (SEA2336430) must be maintained in a clean and sanitary manner and is provided hot and cold running water under pressure. These areas must also be available to Cantina Catrina Taco Cart (FILE: 325996) during all hours of operation. If the ownership of CATRINA DADELAND LLC (SEA2336430) and Cantina Catrina Taco Cart (file: 325996) changes, a signed agreement between the two establishments for the use of the shared facilities must be provided to the division immediately.

A copy of the Order or additional information may be obtained by contacting: Kasimira.Kelly@myfloridalicense.com, Division of Hotels and Restaurants, 2601 Blair Stone Road, Tallahassee, Florida 32399-1011.
