Vessel Registration and Boating Safety

RULE NO.: RULE TITLE:

68D-24.008 Broward County Boating Restricted Areas
 PURPOSE AND EFFECT: The creation of a boating restricted area is needed to provide public safety for a wide variety of users enjoying the waters of the ICW in Hallandale Beach. Operating a vessel at a slower speed improves reaction time to avoid collision with other vessels on the water. and will mitigate a public safety hazard created by a 3,700-foot 25 MPH manatee protection zone which exists between two slow speed minimum wake boating restricted areas between Broward County to the Miami-Dade County line.

SUMMARY: This rule amendment would establish a boating restricted area within a narrow section of the Intracoastal Waterway (at its widest, it is approximately 380 feet from shoreline to shoreline). The proposed boating restricted area will extend south, starting from the south end of the current boating restricted area

established for the Hallandale Beach Boulevard Bridge, and will end at the north end of the current boating restricted area for the 192nd Street Bridge at the Dade-Broward County Line. The resulting slow speed minimum wake zone will be in effect year-round.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein:

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal

for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULEMAKING AUTHORITY: 327.04, 327.46 FS.

LAW IMPLEMENTED: 327.46, FS.

IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE SCHEDULED AND ANNOUNCED IN THE FAR.

Section V Petitions and Dispositions Regarding Rule Variance or Waiver

WATER MANAGEMENT DISTRICTS

South Florida Water Management District

The South Florida Water Management District hereby gives notice: On July 30, 2021, the District granted Southwest Florida Wetland, JV's (Petitioner) Amended Petition for Variance (Application 210405-5810/Permit No. 11-00002-M) filed on June 3, 2021, for Panther Island Mitigation Bank Phases 8 through 12, located in Sections 3 and 4, Township 47 South, Range 27 East, approximately 7.8 miles east of I-75 and 2 miles south of Corkscrew Road at the south end of Carter Road, in Collier County, Florida. The Amended Petition sought a variance from the requirement to substantially comply with and utilize the Mitigation Bank Performance Bond to Demonstrate Construction and Implementation Financial Assurance (Performance Bond) and Mitigation Bank Standby Trust Fund Agreement to Demonstrate Construction and Implementation Financial Assurance (Standby Trust Fund) forms adopted in paragraphs 62-342.700(5)(b) and (10)(b), F.A.C. Petitioner demonstrated that strict imposition of the financial mechanisms set forth in Rule 62-342.700, F.A.C., will result in a substantial economic hardship because without the variance, Petitioner will be required to provide duplicate financial assurances with no additional proposed works, and providing no additional benefit to the environment. Petitioner also provided reasonable assurances that the underlying purpose of Chapter 373, Florida Statutes, will be achieved through the use of the modified Performance Bond and Standby Trust Fund forms. Notice of receipt of the Amended Petition for Variance was published in

the Florida Administrative Register, Vol. 47, No. 113 on June 11, 2021.
