The Board of Optometry hereby gives notice: of the issuance of an Order regarding the Petition for Waiver or Variance, which was filed on May 25, 2021, by Taylor Rotz. Petitioner was seeking a waiver or variance from subparagraphs 64B13-4.001(1)(d)2. and 3., F.A.C., entitled, "Examination Requirements" which states in part that the licensure examination authorized in subsection 463.006(2), F.S., shall consist of four parts with one being the Florida Practical Examination. The Florida Practical Examination shall consist of three (3) tested skills and the Board requires passage of all three (3) skills on the same test attempt. The three (3) skills are Biomicroscopy, Binocular Indirect Ophthalmoscopy, Dilated Biomicroscopy and Non-Contact Fundus Lens Evaluation and are weighted equally. The passing score for each skill shall be seventy-five percent (75%) or better, and a passing score on each of the three (3) skills must be obtained on the same test attempt. The Notice of Petition for Variance or Waiver was published in Volume 47, No. 102, of the Florida Administrative Register, on May 26, 2021.

The Board considered the instant Petition at a duly-noticed public meeting held July 14, 2021 in Miami, Florida. The Board's Order, filed on July 30, 2021, denied the petition finding that Petitioner had failed to establish that the purpose of the underlying statute would be met by granting a variance or waiver from subparagraphs 64B13-4.001(1)(d)2. and 3., F.A.C. The Board further finds that Petitioner failed to establish that applying the requirements of the aforementioned rule to

petitioner's circumstances would violate principles of fairness and impose substantial hardship.

The Board further finds that Petitioner established that applying the requirements of the aforementioned rule to petitioner’s circumstances would violate principles of fairness and impose substantial hardship.
