**Section II
Proposed Rules**

DEPARTMENT OF STATE

RULE NO.: RULE TITLE:

1-1.013 Materials Incorporated by Reference

PURPOSE AND EFFECT: To provide a procedure to file adoption packets and provide requirements for incorporating material by reference in agency rules.

SUMMARY: This amendment will clarify the requirement for agencies to ensure material incorporated by reference is active at any links included in rules, clarifies the size of files allowed

to be transmitted, and provides certification language for material incorporated by reference into emergency rules.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The Department used a checklist to conduct an economic

analysis and determine if there is an adverse impact or regulatory costs associated with this rule that exceeds the criteria in section 120.541(2)(a), F.S. Based upon this analysis, the Department has determined that the proposed rule is not expected to require legislative ratification.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULEMAKING AUTHORITY: 20.10(3), 120.54(1)(i)6, 120.55(1)(c) FS.

LAW IMPLEMENTED: 120.54(1)(i), 120.55, F.S.

IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE SCHEDULED AND ANNOUNCED IN THE FAR.

THE PERSON TO BE CONTACTED REGARDING THE PROPOSED RULE IS: Anya Owens, Program Administrator, Florida Administrative Code and Register, Florida Department of State, Room 701 The Capitol, 400 South Monroe Street, Tallahassee, FL 32399. Tel: 850 245-6271. Email: anya.owens@dos.myflorida.com.

THE FULL TEXT OF THE PROPOSED RULE IS:

1-1.013 Materials Incorporated by Reference.

(1) Any ordinance, standard, specification, guideline, manual, handbook, map, chart, graph, report, form or instructions to forms, or other similar material that meets the definition of rule provided in Section 120.52(16), F.S., and is generally available to affected persons may be incorporated by reference in a rule adopted pursuant to Section 120.54, F.S., and Rule 1-1.010, F.A.C.

(2) A reference to material incorporated in a rule must include:

(a) Specific identification of the incorporated material, along with an effective date. Forms and their instructions

should be identified by title, the form number, and effective date. In addition, incorporated forms and instructions should clearly display the form title, form number, effective date, and the number of the rule in which it is incorporated.

(b) A statement that the material is incorporated by reference.

(c) A statement describing how an affected person may obtain a copy of the incorporated material.

(Notice: agencies or units of government not within the Department of State may not indicate the Department of State or the Administrative Code and Register Section as the agency responsible for providing copies of incorporated materials.)

(3) A rule may incorporate material by reference, but only in the form that the material exists on the date that the rule is adopted. Agencies shall ensure that the content within the reference material, including links to external websites, are current and up to date. Therefore, to maintain the integrity of the rule, material incorporated by reference shall not contain active links to websites whose contents are subject to change outside of the rulemaking process. Any substantive amendments to material incorporated by reference must be promulgated under the rulemaking provisions of Section 120.54, F.S., in order for the amended portions to be valid. Technical changes, those not changing the substance of the material incorporated by reference, may be made in accordance with subsection 1-1.010(10), F.A.C.

(4) An agency may incorporate another of its own rules by reference. Unlike other incorporated materials, however, such an incorporation will automatically incorporate subsequent amendments of the incorporated rule(s), unless the agency clearly expresses a contrary intent within the rule that incorporates other rule(s). A notice of an amendment of a rule that is incorporated in another rule must explain the effect of its amendment on the rule that incorporates the rule being amended.

(5)(a) Unless prohibited by federal copyright law as determined by the submitting agency, the submitting agency shall electronically file a complete and correct copy of all materials incorporated by reference in its rules through the Department of State's e-rulemaking website at www.flrules.org, no later than three (3) business days prior to the rule adoption. Electronically filed materials may not exceed 100 MB ~~10MB~~ per submission. An agency may file material in parts to comply with the 100 MB ~~10MB~~ file size requirement, if the volume of material requires such partial submissions. Referenced materials may be submitted in any format. At the time the agency submits its rule certification package for adoption in accordance with rule 1-1.010, F.A.C., the agency shall also provide a paper copy of the Certification of Materials Incorporated by Reference form, as provided in this rule, stating that the materials incorporated were filed

electronically, but shall not provide a paper copy of the materials incorporated.

(b) The submitting agency is responsible for ensuring that all incorporated materials filed electronically comply with Section 508 of the Rehabilitation Act of 1973, as amended (29 U.S.C. s. 794d., Federal Electronic and Information Technology Accessibility and Compliance Act).

(c) A submitting agency that determines that the posting of incorporated material on the Internet for public viewing would constitute a violation of federal copyright law, shall indicate this using the form for the certification of materials incorporated by reference, provided in this rule, at the time of submitting its rule certification package for adoption. The adopting agency shall also provide the addresses of locations and the manner in which a person may inspect and examine the copyrighted materials incorporated by reference in the rule. Incorporated materials that are not filed electronically shall be submitted with the paper certification form as part of the rule certification package for adoption. A rule certification package may not be filed for adoption until all copyrighted materials incorporated by reference are received in their original format by the Department of State. Division of Disease Control

RULE NO.: 64D-3.049
 RULE TITLE: Protocols for Controlling COVID-19 in School Settings

PURPOSE AND EFFECT: In furtherance of the Florida Department of Health’s authority to adopt rules governing the control of preventable communicable diseases—and because students benefit from in-person learning—it is necessary to promulgate a rule regarding COVID-19 safety protocols that protects parents’ rights and to maximize the allowance of in-person education for their children. Unnecessarily removing students from in-person learning poses a threat to the welfare of children, including their social, emotional and educational development, and is not necessary absent illness.

SUMMARY: This rule sets forth general and specific protocols for controlling COVID-19 in school settings.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: Based on the SERC checklist, this rulemaking will not have an adverse impact on regulatory costs in excess of \$1 million within five years as established in Section.120.541(2)(a), F.S.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULEMAKING AUTHORITY: 1003.22(3) FS

LAW IMPLEMENTED: 1003.22(3) FS

IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE SCHEDULED AND ANNOUNCED IN THE FAR.

THE FULL TEXT OF THE PROPOSED RULE IS:

64D-3.049 Protocols for Controlling COVID-19 in School Settings

(1) GENERAL PROTOCOLS AND DEFINITION. The following procedures shall be instituted to govern the control of COVID-19 in public schools:

(a) Schools will encourage routine cleaning of classrooms and high-traffic areas.

(b) Students will be encouraged to practice routine handwashing throughout the day.

(c) Students will stay home if they are sick.

(d) Schools may adopt requirements for students to wear masks or facial coverings as a mitigation measure; however, the school must allow for a parent or legal guardian of the student to opt the student out of wearing a face covering or mask at the parent or legal guardian's sole discretion.

(e) For purposes of this rule, "direct contact" means cumulative exposure for at least 15 minutes, within six feet.

(2) PROTOCOLS FOR SYMPTOMATIC OR COVID-19 POSITIVE STUDENTS. Schools will ensure students experiencing any symptoms consistent with COVID-19 or who have received a positive diagnostic test for COVID-19 shall not attend school, school-sponsored activities, or be on school property until:

(a) The student receives a negative diagnostic COVID-19 test and is asymptomatic; or

(b) Ten days have passed since the onset of symptoms or positive test result, the student has had no fever for 24 hours and the student's other symptoms are improving; or

(c) The student receives written permission to return to school from a medical doctor licensed under chapter 458, an osteopathic physician licensed under chapter 459, or an advanced registered nurse practitioner licensed under chapter 464.

(3) PROTOCOLS FOR STUDENTS WITH EXPOSURE TO COVID-19. Schools shall allow parents or legal guardians the authority to choose how their child receives education after having direct contact with an individual that is positive for COVID-19:

(a) Parents or legal guardians of students who are known to have been in direct contact with an individual who received a positive diagnostic test for COVID-19 may choose one of the following options:

1. Allow the student to attend school, school-sponsored activities, or be on school property, without restrictions or disparate treatment, so long as the student remains asymptomatic; or

2. Quarantine the student for a period of time not to exceed seven days from the date of last direct contact with an individual that is positive for COVID-19.

(b) If a student becomes symptomatic following direct contact with an individual that has tested positive for COVID-19, or tests positive for COVID-19, the procedures set forth in subsection (2), above shall apply.
