Section II Proposed Rules

AGENCY FOR HEALTH CARE ADMINISTRATION

Medicaid

RULE NO.: RULE TITLE:
59G-13.070 Developmental Disabilities Individual
 Budgeting Waiver Services

PURPOSE AND EFFECT: The purpose of the amendment to Rule 59G-13.070, Florida Administrative Code (F.A.C.), is to update the Florida Medicaid Developmental Disabilities Individual Budgeting Waiver Services Coverage and Limitations Handbook, _____.

SUMMARY: The amendment updates the rule to align with the requirements in Senate Bill 82 in relation to waiver support coordination and removes outdated language.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: A checklist was prepared by the Agency to determine the need for a SERC. Based on this information at the time of the analysis and pursuant to section 120.541, Florida Statutes, the rule will not require legislative ratification.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NOS.: RULE TITLES:

64B8-3.002 Application, Certification, Registration, and Licensure Fees

64B8-3.003 Renewal Fees

PURPOSE AND EFFECT: The Board proposes the rule amendments to update the rule text regarding fees until February 1, 2023.

SUMMARY: The proposed rule amendment will change the reduction renewal fees until February 1, 2023.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement

of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NO.: RULE TITLE:
 64B8-4.009 Applications

PURPOSE AND EFFECT: The proposed rule amendment is intended to incorporate the revised application forms for licensure into the rule.

SUMMARY: The proposed rule amendment incorporates the revised application forms for licensure into the rule.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal

RULE NO.: RULE TITLE:
 64B8-31.012 Fees Regarding Anesthesiologist Assistants
 PURPOSE AND EFFECT: The Board proposes the rule amendment to extend the fee reduction to February 1, 2023
 SUMMARY: The proposed rule amendment will update the text to reflect current date of the fee reduction.
 SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

Section IV Emergency Rules

DEPARTMENT OF HEALTH

Division of Disease Control

RULE NO.: RULE TITLE:

64DER21-8 Diseases or Conditions to be Reported

SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC, HEALTH, SAFETY OR WELFARE: Novel Coronavirus Disease 2019 (COVID-19) is a severe acute respiratory illness that can spread among humans through respiratory transmission and presents with symptoms similar to those of influenza. COVID-19 is a communicable disease with significant morbidity and mortality and presents a severe danger to public health. On March 1, 2020, a Public Health Emergency was declared by the Surgeon General to exist statewide in accordance with Executive Order 20-51. On March 9, 2020, Governor Ron DeSantis issued Executive Order 20-52 declaring that a state of emergency exists in the State of Florida. The declaration of public health emergency and state of emergency still exist. Therefore, there is an immediate need to adopt rules setting forth the procedures to control the spread of COVID-19 to protect the health, safety and welfare of Florida’s citizens.

REASONS FOR CONCLUDING THAT THE PROCEDURE USED IS FAIR UNDER THE CIRCUMSTANCES: COVID-19 presents a public health threat to the state of Florida. The Surgeon General has declared a statewide Public Health Emergency due to the spread of COVID-19. There is an immediate need to set forth continued and clarified procedures for the control of this communicable disease in the State of Florida.

SUMMARY OF THE RULE: Emergency rule 64DER21-8 (64D-3.029) requires immediate reporting of suspected or confirmed cases and both positive and negative test results of Coronavirus (COVID-19) by physicians, hospitals, and laboratories. This emergency rule also requires the reporting of results for point-of-care tests used by practitioners, laboratories, and facilities and provides for the methods of submission.

THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULE IS: Carina Blackmore, Florida Department of Health, 4052 Bald Cypress Way, Tallahassee, Florida 32399-1703, (850) 245-4732.

***23– Special reporting requirements for COVID-19:**

a. All test results (positive, negative, and inconclusive results), including screening test results, must be immediately reported and accompanied by the type of test performed (e.g. PCR, antibody, antigen).

b. Point-of-Care Test Reporting Requirements – Practitioners, laboratories, facilities, and all others using point-of-care tests for the diagnosis of COVID-19, including those operating under CLIA waivers, must report both the negative and positive test results to the Department within 24 hours of test administration.

c. In addition to the data element fields required by Rules 64D-3.030 and 64D-3.031, all test results reported must include the CLIA number of the reporting practitioner, laboratory or facility.

d. All test results must be submitted electronically, using one of the electronic reporting methods listed below. Registration in one of these methods, must be completed within 7 days of the effective date of this rule, or within 7 days of obtaining the ability to conduct testing. Until electronic laboratory reporting has been established, test results must be submitted by facsimile to the Florida Department of Health’s Bureau of Epidemiology confidential fax line, 850-414-6894, or to the patient’s local county health department. List of county health department reporting contact information can be found at www.FLhealth.gov/chdepcontact. For enrollment into electronic laboratory reporting or the direct entry web portal, visit www.FloridaHealth.gov/ElectronicReportingRegistration.

1. Electronic laboratory reporting for reporting entities that can generate an electronic comma-separated value (CSV) or Health Level 7 (HL7) formatted message.

2. Web portal for entities that perform COVID-19 testing and are unable to generate an electronic CSV or HL7 formatted message. Such entities may include long-term care facilities, assisted living facilities, nursing homes, rehabilitation centers, schools, colleges, universities, or other congregate care settings.

3. National Healthcare Safety Network (NHSN) COVID-19 module for CMS-certified long-term care facilities. Test data submitted to NHSN will be reported to appropriate state and local health departments using standard electronic laboratory messages.

INWOOD CONSULTING ENGINEERS, INC.

The Brevard County announces a public meeting to which all persons are invited.

DATE AND TIME: Tuesday, May 25, 2021, 5:30 p.m.

PLACE: Virtual, Register at <https://attendee.gotowebinar.com/register/2874151297243132171>

GENERAL SUBJECT MATTER TO BE CONSIDERED: Financial Management (FM) No. 441412-1

On behalf of Brevard County, you are invited to attend a Virtual Public Meeting (VPM) for the St. Johns Heritage Parkway Alternative Corridor Evaluation (ACE) Study. The ACE Study is being conducted to evaluate the potential for a new roadway corridor that could connect the existing segments of the St. Johns Heritage Parkway between Babcock Street on the south to Malabar Road on the north, a distance of approximately 14 miles.

An ACE Study is a transportation planning study that involves a combination of engineering analysis, environmental evaluations, public engagement and agency coordination. The goal of the study is to identify the need for the project, develop and evaluate new roadway corridors and determine if a viable roadway corridor can be advanced. If a viable corridor or corridors are identified, and funding is in place, the project could advance to the next phase, which in this case is a Project Development and Environment (PD&E) Study. At this time, the PD&E Study, Design, Right-of-Way and Construction are not funded.

The VPM is being held to introduce the study, review the study area, present the initial corridors and obtain public and stakeholder input.

The meeting is being conducted as a VPM, which is a free, live webinar that is hosted online. If you wish to participate in the VPM, registration is required prior to joining. Interested participants will need to register at: <https://attendee.gotowebinar.com/register/2874151297243132171>. Once registered, participants will receive a confirmation email. The email will provide instructions on how to join the VPM using a computer, tablet, or cell phone.

A call-in number is also provided for those who do not wish to access the webinar online. The call-in number is: (415)930-5321 and the access code is 328-933-365.

The VPM opens at 5:30 p.m. on Tuesday, May 25, 2021. A PowerPoint presentation will begin promptly at 5:35 p.m. Please provide adequate log-in time to view the presentation in its entirety. All questions and comments will be responded to in writing at a later date.

Please note, the question box will only be available to those participants who register and use GoToWebinar to participate in the VPM. Attendees who choose to use the call-in number will not be able to provide comments during the VPM and are asked to provide written or verbal comments to the project team by contacting Consultant Project Manager, David Dangel by telephone at (407)971-8850 or by email at ddangel@inwoodinc.com or Brevard County's Project Administrator, Jeanette Scott at (321)617-7202 or Jeanette.Scott@brevardfl.gov. Comments can be submitted up to 20 days after the meeting (must be submitted by Monday, June 14, 2021) to be included as a part of the public meeting record.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability or family status. Persons wishing to express their concerns relative to compliance with Title VI may do so by contacting the Brevard County Title VI/Nondiscrimination Coordinator, Juanita D. Jackson, at TitleVI.NondiscriminationCoordinator@brevardfl.gov.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried out by FDOT pursuant to 23 U.S.C. § 327 and a Memorandum of Understanding dated December 14, 2016 and executed by FHWA and FDOT. Additionally, the study is being conducted in accordance with Title 23 USC § 168 - Integration of Planning and Environmental Review.

A copy of the agenda may be obtained by contacting: NA Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this workshop/meeting is asked to advise the agency at least five days before the workshop/meeting by contacting: The County's American with Disabilities Officer, Brian Breslin by phone at (321)637-5347 or by email at TitleVI.ADA@brevardfl.gov. If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice). For more information, you may contact: Brevard County's Project Administrator, Jeanette Scott, at (321)617-7202 or Jeanette.Scott@brevardfl.gov. FLORIDA INDEPENDENT LIVING COUNCIL

Information Technology Services

Contact: Elizabeth Meyer, beth@floridasilc.org

Purpose: The purpose of this Request for Proposal (RFP) is to solicit proposals with experience in information technology (IT) professional services.

Background: The Florida Independent Living Council (FILC), formed in 1999, is a not-for-profit statewide planning organization advancing the civil rights of people with disabilities through advocating systemic change. We strive to provide the leadership, research, planning, and education required to support independent living services in Florida. We help identify and reach out to persons currently unserved and underserved by Centers for Independent Living; increase awareness of independent living services and the independent living philosophy; and help existing CILs to better serve persons with disabilities.

The FILC is instructed to manage the SPIL. The SPIL encompasses the activities planned by the state to achieve its specified independent living objectives and reflects the state's commitment to comply with all applicable statutory and regulatory requirements during the three years covered by the plan. A single SPIL is to be submitted for each state, jointly developed by the Statewide Independent Living Council (SILC), and directors of the CILs.

FILC is a quasi-governmental organization that must follow federal and state restrictions and guidelines.

Project Scope: 12-month contract

Current Technical Environment

In-house server

The computing environment is primarily Windows 10 computers/laptops with one Apple Mac laptop

Email platform—Outlook

Multiple copier, printer, and scanner devices

Primary applications used are Office 365, Adobe Creative Cloud, Zoom and Online QuickBooks.

Services to be Provided:

1. Website Management,
2. General IT professional services,
3. Staff Support, and
4. Cyber Security

Proposal Format: Proposals must include, at a minimum, the following information:

1. Experience/Qualifications of the Contractor: Provide a resume for the Contractor and for any optional individuals who

will be assigned to provide the services as overseen by the Contractor. Provide all relevant contact information.

2. References: Provide contact information of at least three current or past IT clients.

3. Proposed Fees/Expenses: Proposals shall clearly state all fees and expenses to be charged in the performance of all Services.

4. If based on an hourly rate, provide the hourly rates to be charged for the Contractor and optionally for each individual who would be assigned to provide Services for this RFP.

5. Provide an explanation if fees will be calculated on any other basis. Itemize the type of expenses (other than fees) for which the Contractor would seek reimbursement.

6. It is anticipated that a maximum not to exceed amount will be established for these Services.

Preference: A preference will be given to firms that currently employ individuals who have disabilities.

Schedule: Please submit your proposal via email no later than Tuesday, June 1, 2021 at 5:00 p.m. EST to Elizabeth Meyer, Executive Director, beth@floridasilc.org.

Division encourages all potential applicants to submit applications for projects that address eligible mitigation activities. The amount of HMGP funding available to the state is based on the total federal disaster assistance for the Presidential Disaster Declaration.

COVID-19 Update

Due to the current risk from COVID-19 the Division has set up a system for submitting applications 100% digitally to avoid the need to handle any physical items such as paper copies, flash drives, and/or CDs. Applications are currently being accepted through the Division’s filesharing system and would not require an additional physical copy submission. Hardcopy applications are permitted pursuant to the Florida Administrative Code 27P-22; however, **the Division highly encourages all applications to solely be uploaded through the filesharing system.** If an applicant chooses to submit a hardcopy of their application, a digital submission through the Division’s filesharing site will still be required.

Application Timeline

The application period will close August 13, 2021. The Division encourages potential applicants to submit complete applications before the close of the application period. Applications will only be accepted from eligible applicants as defined in the *Minimum Program Eligibility* section of this notice.

Online Filesharing Submission: Please use the State of Florida Hazard Mitigation Grant Program Application (Attachment F) to collect all the information necessary for your project. When you’re ready to submit, use the email address below to request access to the filesharing system using the script and follow the submission guidance provided in the Attachment H. If an application is submitted through the filesharing system, no hardcopies will be required. The email to begin the submission process for the Division’s filesharing system is DEM_HazardMitigationGrantProgram@em.myflorida.com.

EXECUTIVE OFFICE OF THE GOVERNOR
 Division of Emergency Management
Hazard Mitigation Grant Program Notice of Funding Availability
Program Summary

The Florida Division of Emergency Management (Division) is pleased to announce the availability of Hazard Mitigation Grant Program (HMGP) funds as a result of the recent Presidential Disaster Declaration for Hurricane Sally (**FEMA 4564-DR-FL**).

HMGP funding is authorized by Section 404 of the Robert T. Stafford Disaster Relief Act. This funding helps communities implement measures to reduce or eliminate long-term risk to people and property from natural hazards and their effects. The

A complete digital submission of your applications, and all necessary supporting documentation, must be uploaded to the filesharing system no later than **August 13, 2021, 11:59 p.m. ET**

It is imperative that your access request for the filesharing system is received by the Division no later than 5:00 p.m. EDT on August 13, 2021 in order to meet the application deadline.

Hardcopy Filing: If a hardcopy is filed, please provide just one original of the State of Florida Hazard Mitigation Grant Program Application and all appropriate attachments. In addition, submit a full digital copy of the completed application and all relevant documentation to the filesharing system using the directions detailed above.

Any hardcopy applications sent by mail or other carrier to the Division must be postmarked on or before **August 13, 2021**. Hand-delivered applications must be stamped in at the Division no later than **5:00 p.m. ET on August 13, 2021**.

The HMGP application and all other pertinent resources for completing the application may be obtained at the Division's website located at <https://www.floridadisaster.org/dem/mitigation/hazard-mitigation-grant-program/> in the section HMGP Application and Resources.

Questions regarding the filesharing system may be directed to:

Jared Jaworski, (850)544-8372,
Jared.jaworski@em.myflorida.com

Any completed hardcopy applications must be sent to the following address:

ATTN: Kathleen Marshall, Hazard Mitigation Grant Program, Florida Division of Emergency Management, Mitigation Bureau, 2555 Shumard Oak Boulevard, Tallahassee, Florida 32399-2100

Minimum Program Eligibility

Eligible Applicants: According to the Code of Federal Regulations (CFR) 44 §206.434(a), the following parties are eligible to apply for Hazard Mitigation Grant Program funds:

- State and local governments who have an approved Local Mitigation Strategy (LMS) in accordance with 44 CFR 201.6, prior to receipt of HMGP subgrant funding for projects;
- Private non-profit organizations or institutions that own or operate a private non-profit facility as defined in §206.221(e); and
- Indian tribes or authorized tribal organizations.

However, be advised that pursuant to 27P-22 of the Florida Administrative Code, all project applications must go through the Local Mitigation Strategy Working Group (LMSWG) of the county where the project will take place. Any application sent

to the Division without a signed endorsement letter, from either the Chair or Vice-Chair of an LMSWG, will be denied.

Eligible Activities: Activities include mitigation projects that will result in protection of public or private property from natural hazards. Activities for which implementation has already been initiated or completed are not eligible for funding. Eligible projects include, but are not limited to, the following:

- Acquisition or relocation of hazard-prone structures;
- Retrofitting of existing buildings and facilities that will result in increased protection from hazards;
- Elevation of flood-prone structures;
- Infrastructure protection measures;
- Stormwater management improvements;
- Minor structure flood control;
- Flood diversion and storage;
- Aquifer storage and recovery;
- Floodplain and stream restoration;
- Residential and community safe room construction;
- Generators for a critical facility, provided they are cost-effective, contribute to a long-term solution to the problem that they are intended to address, and meet other project eligibility criteria as required by 44 CFR §206.434(c); or generators that are an integral part of a larger eligible project.

Ineligible Activities: The state will **not** consider funding requests for the following:

- Construction of new facilities (Nevertheless, the cost associated with above-code upgrades to new facilities may be considered);
- Equipment such as emergency pumps, vehicles, and communication devices;
- Stand-alone studies, design, and planning-related activities;
- Tree removal, debris removal, and other forms of maintenance; or
- **Projects already in progress** (*Construction may not begin until the contract between the State and subrecipient is executed and the project has met requirements of the National Environmental Policy Act*).

Eligibility Criteria: All projects submitted must meet *minimum criteria* to be considered for funding. An eligible project must:

- Conform to the requirements stated in this Notice of Funding Availability;
- Conform to the Florida State Hazard Mitigation Plan and the respective community's LMS;

- Conform to the funding priorities for the disaster, as established in the appropriate LMS;
- Demonstrate cost-effectiveness;
- Be technically feasible;
- Benefit the designated disaster area;
- Conform to all applicable environmental laws and regulations, as well as Executive Orders;
- Solve a problem independently or constitute a functional part of a solution;
- Benefit a National Flood Insurance Program (NFIP) participating community that is not on probation or suspended from the NFIP; and
- Meet all applicable State and local codes and standards.

Cost-Share Requirements

Under the HMGP, FEMA will contribute up to 75 percent of the total amount approved under the grant award to implement eligible, cost-effective mitigation measures. The applicant must provide the remaining 25-percent non-federal share. Contributions, cash, and in-kind services are acceptable as part of the non-federal share. Requirements for in-kind contributions can be found in 2 CFR §200.306. In-kind contributions must be directly related to the eligible project cost and are those personnel, materials, equipment and supplies owned, controlled, and operated by the applicant or a third party contributor.

Applicants may use the Global Match concept as part of the 25-percent non-federal share. Global Match permits a potential applicant to meet the non-federal share match by receiving credit for state and/or local government funds that were committed to a similar type of project(s). These similar, **non-federally** funded projects must meet all of the HMGP eligibility requirements. This means that if Global Match is approved, the applicant may receive up to 100 percent federal share.

Pre-Award Costs

Prior to receiving a grant award, pre-award costs may be requested. Pre-award costs include items such as engineering, environmental study, permitting, and other "soft" costs associated with a construction project. *Construction activities are not considered pre-award costs.* Pre-award costs must be requested in writing. Guidelines for pre-award costs are included in Attachment A.

Procurement

Any procurement of property or services under a federal award must conform to 2 CFR §200 Subpart D (§§ 200.317 - 200.326). This also includes any activities performed as a part of the pre-award request.

Sub-Recipient Management Costs

Per FEMA Hazard Mitigation Grant Program Interim Policy 104-11-1, HMGP projects awarded under disasters, on or after the effective date, are eligible for sub-recipient management costs (SRMC) up to a hard cap of 5 percent of their eligible and actual project costs. SRMC is a separate pool of funding and will not be calculated as part of the benefit-cost analysis (BCA). SRMC will be reimbursed at a 100 percent federal cost share following the submission of compliant source documentation in conformance with 2 CFR 200 Subpart E. Additional information on SRMC can be found in the attached application (Attachment F) and the HMGP SRMC Request Form (Attachment G). Any applicant requesting SRMC will need to submit Attachment G along with their application.

County Funding Allocation

To ensure funds are distributed equitably, designated counties have been assigned a portion of the total HMGP grant. The amount is based on a calculation of the proportional share of the total federal assistance under the Public Assistance (PA), Individual Assistance (IA), and Small Business Administration (SBA) programs as of January 2020. Commitment of project funds by the Division is contingent upon receipt of appropriate Legislative Budget Authority.

These figures are shown in Attachment B and represent the estimated amount of HMGP funds currently available. HMGP funding is available only to those counties that have a current FEMA-approved LMS. Project applications will be considered only if:

- (1) The application is accompanied by an endorsement by the LMS Chairperson or Vice-Chairperson stating that the project is included in the current LMS; and,
- (2) If more than one project is submitted, the endorsement indicates the prioritization. A sample project submission letter is shown in Attachment C.

The Division will attempt to fund each submitted project in priority order until the county's allocation has been exhausted. In accordance with Florida Administrative Code (F.A.C.) 27P-22.006, the Division uses the following tiered allocation system up until the State application deadline with FEMA:

Tier 1 The available HMGP funds are allocated to counties included in the relevant Presidential Disaster Declaration in proportion to each county’s share of federal disaster funding from the Public Assistance (PA), Individual Assistance (IA), and Small Business Administration (SBA) Disaster Loan Program as of 120 days after a Disaster Declaration as reported by FEMA. Eligible projects submitted by each county included in the relevant Presidential Disaster Declaration will be funded in order of priority as outlined in the LMS until the allocated funds are exhausted or all eligible projects are funded.

Tier 2 Any allocation remaining after all eligible projects in any declared county are funded shall be re-allocated to those counties included in the relevant Presidential Disaster Declaration whose allocation was not sufficient to fund all submitted eligible projects. The order of priority for re-allocating funds is detailed in Attachment D.

Tier 3 In the event funds remain after the Tier 1 and Tier 2 processes, any remaining funds will be offered on a statewide basis as described in Attachment D.

Please see Attachment D for a detailed explanation of funding tiers.

Funding Availability and Notification

FEMA notifies the State of HMGP funding availability at the following milestones:

1. **Initial 90-Day Estimate**

This is an early estimate only and not an actual commitment of funding by FEMA. Funding may increase or decrease based on actual disaster claims during the declaration period. These estimates are provided for planning purposes and to jump-start the HMGP application process.

2. **Obligation prior to 12 Months**

Prior to the 12-month lock-in, FEMA will only obligate funds up to 75% of any current estimate. This is to eliminate the risk of over-obligating funds for any given disaster in the event the 12-month lock-in is lower than initially estimated.

3. **12 Months from the Date of Declaration**

This represents the State’s Lock-in Amount. It is the maximum amount available the state can expect to receive from FEMA. In rare occurrences, FEMA may conduct a subsequent review 18 months after the declaration, but only at the request of the State. The estimate from that review may cause the final lock-in to fluctuate up or down depending on the findings.

It is important for potential applicants to recognize that HMGP funds are contingent upon FEMA’s reexamination of the disaster figures at the given time intervals. A county’s funding allocation can increase or decrease after it has submitted an application.

Technical Assistance

Due to the large impact of Hurricane Sally across the state, the Division is in the process of scheduling HMGP application development workshop webinars, as opposed to the standard in-person workshops. The webinars will focus on a handful of counties at a time so that project-specific concerns can still be addressed by state staff. The Division is in the process of scheduling these webinars and will be in touch with each county in the next few weeks to finalize dates and times.

Please check the Division’s website www.floridadisaster.org/dem/mitigation/hazard-mitigation-grant-program for additional technical guidance. The Division will provide technical assistance throughout the application process. This includes assistance with the application process, Benefit Cost Analysis, Engineering Feasibility and Environmental/Historical Preservation Compliance. If there are any questions regarding the allocation of funds or the project review and selection criteria, please call Bureau staff at one of the following numbers:

Program Eligibility: (850)815-4537 or (850)815-4503

Environmental: (850)815-4514

Engineering and Technical Feasibility: (850)254-4573

For additional information and technical assistance, please refer to FEMA’s *Hazard Mitigation Assistance Guidance* document available at <https://www.fema.gov/media-library/assets/documents/103279>.
