RULE NO.:       RULE TITLE:

64D-3.042       STD Testing Related to Pregnancy

PURPOSE AND EFFECT: This rule change is to clarify requirements for practitioners, including those in emergency departments, to conduct STD testing during pregnancy and to require attending practitioners to test at delivery. The change also requires assessment of HIV care followed by treatment or referral for treatment, if appropriate.

SUMMARY: This rule change adds a requirement for practitioners attending women for prenatal care to test for certain STDs at delivery and adds or clarifies appropriate follow-up steps based on test results. The rule change also requires hospital emergency departments to provide STD testing to pregnant women under specific circumstances on site. SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the

statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: Based on the SERC checklist, this rulemaking will not have an adverse impact on regulatory costs in excess of \$1 million within five years as established in s.120.541(2)(a), F.S. FLORIDA IS FOR VETERANS INC.

Veterans Florida Issues Request for Qualifications for Entrepreneurship Program

Veterans Florida seeks responses from qualified vendors to administer the fiscal year 2022-23 Entrepreneurship Program (“Program”). The Program, established under s. 295.22(3)(e), F.S., connects business leaders in the state with veteran participants seeking to become entrepreneurs. The Program is implemented across a network of Florida-based partner entities throughout the state of Florida. Veterans Florida’s objective is for veterans to learn the skills and confidence to become successful business owners or grow their business. The Program offers a pipeline for veteran entrepreneurs to take a business idea from conception through execution and scalability. The Program does not guarantee participants that an idea will turn into a fully operational business. Program participants can expect to understand the entrepreneurial process and put their newly learned entrepreneurial skills to work.

Veterans Florida seeks to contract with multiple entities to administer the Program, and the resulting relationship is intended to last at least three years, but the contract will be renewed on an annual basis.
