DEPARTMENT OF HEALTH

Board of Acupuncture

RULE NO.: RULE TITLE:

64B1-3.010 Licensure by Endorsement Through Another State License

The Board of Acupuncture hereby gives notice: of the issuance of a Notice of Intent to Deny the Petition for Variance and Waiver, filed on October 18, 2022, by Marat Tsirlin. The Notice of Petition for Waiver or Variance was published in Vol. 48, No. 206, of the October 21, 2022, Florida Administrative Register. Petitioner sought a waiver of Rule 64B1-3.010, F.A.C., which lists the requirements for licensure by endorsement through another state license. The Board considered the Petition at a duly-noticed public gotomeeting/telephonic meeting held on December 2, 2022. The Board's Order, filed on December 20, 2022, denied the petition. The Board found that applicant has not provided proof that the qualifications for licensure in New York, were substantially equivalent to or more stringent than those of this state at the time applicant was licensed and has not established that applying the requirements of the aforementioned rule to his circumstances would violate principles of fairness and impose substantial hardship.

A copy of the Order or additional information may be obtained by contacting: Danielle Terrell, Executive Director, Board of Acupuncture, at the above listed address, (850)245-4162, or by electronic mail – Danielle.terrell@flhealth.gov.

Notice of Petitions and Dispositions Regarding Declaratory Statements

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

Florida Real Estate Commission

NOTICE IS HEREBY GIVEN that Florida Real Estate Commission has received the petition for declaratory statement from Kendall Wilson, on November 7, 2022. The petition seeks the agency's opinion as to the applicability of Rule 61J2-6.006, F.A.C., as it applies to the petitioner.

Petitioner asks the Commission, "If starting her own real estate brokerage business is considered employment pursuant to Rule 61J2-6.006, F.A.C., and therefore not appropriate for her while she is employed by another entity?" Except for good cause shown, motions for leave to intervene must be filed within 21 days after the publication of this notice.

DEPARTMENT OF EDUCATION

Florida Agriculture and Mechanical University
FAMU STUDENT HOUSING RFQ FOR CM 2023

RULE NO.: RULE TITLE:

6C3-2.001 Housing (Repealed)

DEPARTMENT OF EDUCATION

Florida Agricultural and Mechanical University
NOTICE TO CONSTRUCTION MANAGERS

Florida A&M University (FAMU) announces that Construction Management Services will be required for the following projects: New 400-500 bed Residence Hall with first floor mixed use, New 700 bed Residence Hall that includes ground floor Amenity space, and New 900-1000 bed FAMU Mixed Use Apartment Complex project: The contract for Construction Management Services shall consist of a pre-construction services phase and a construction phase. The pre-construction services phase, for which the Construction Manager will be paid a fixed fee, will include value engineering, constructability analysis, development of cost models, estimating, and the development of a Guaranteed Maximum Price (GMP) at the 75% Construction Document phase. If the GMP is accepted, the Construction Phase will be implemented. Early bid packages for fast track and multi-phase development may be required to meet project goals. In the Construction Phase of the contract, the Construction Manager becomes the single point of responsibility for performance of the construction of the project and shall publicly bid trade contracts. Failure to negotiate an acceptable fixed fee for Phase 1 of the contract, or to arrive at an acceptable GMP within the time provided in the agreement, may result in the termination of the Construction Manager’s contract.

Selection of finalists for interviews will be made on the basis of Construction Manager qualifications, including experience and ability related to Historic renovations, additions and new construction; past experience; applicant’s ability to provide service, bonding capacity; record- keeping, administrative ability, critical path scheduling expertise; cost estimating; cost

control ability; quality control capability; qualification of the firm's personnel, and staff and consultants. Finalist may request a copy of the standard Florida A&M University Agreement Between Owner and Construction Management.

Blanket professional liability insurance will be required for these projects in the range amount of \$3,000,000.00 - 5,000,000.00 and will be provided as a part of Basic Services. The Construction Company must submit an RFQ for each project that they are submitting for and that project needs to be identified in the RFQ submittal. Those projects are as follows:

Project A:

Project Scope of Work

The Construction Management Professional shall provide pre-construction services phase and a construction phase, for a new 400-bed Residence Hall with first floor mixed use. Interior amenities for the complex may include but not limited to central entrances, exercise gym, common lounge spaces, study spaces, computer rooms, TV rooms, a food service/convenience store, offices, gaming rooms, multipurpose, vending, laundry and conference room. The Construction Management Professional shall consider the following items as representative of the major requirements in the scope of services to be provided, however, it should not be construed as the complete list of items necessary for the completion of the project and to meet the clients' intent to provide a new facility. FAMU's New Residence Hall project seeks Building performance in a building project that supports the occupants' health and prosperity, within budget, while respecting nature's resources and mechanical and natural systems.

Project parameters include:

- 400-500 bed residence hall with first floor mixed use and historic brick look to match existing campus.
- Construction Manager at Risk/CM Build will be required to work with Design Professional and produce early foundation/site utility package.
- Student occupancy is required for the start of the Fall 2025 semester (Construction completion 8/2025).
- Construct a highly energy efficient building with significantly reduced energy consumption, below the energy code standard for new buildings.
- The Florida A&M University is an equal opportunity institution, and, as such, strongly encourages the lawful use of certified Minority and Women-owned Business Enterprises ("MBEs") in the provision of design and construction-related services by providing a fair and equal opportunity to compete for, or for participation in, design and/or construction-related services.

- **Adaptability:** the project shall consider the needs of its future residents, and the necessary adaptability of the facility to accommodate these changing requirements.

- **Focus on health, well-being, culture and learning** for the occupants of the building.

- **Indoor Air Quality and Materials:** As a tight building envelope and highly controlled ventilation, it is imperative to reduce the toxins in building materials and to construct the building to enhance indoor air quality. Project shall focus on air quality goals and maintenance of air quality in operations.

Project B:

Project Scope of Work

The Design Professional shall provide architectural and engineering services for the design, construction, administration, and coordination with a commissioning agent, for a new 700 bed Residence Hall that includes ground floor Amenity space. Interior amenities for the complex may include but not limited to central entrances, common lounge spaces, study spaces, computer rooms, TV rooms, offices, gaming rooms, multipurpose, vending, laundry and conference room. The Design Professional shall consider the following items as representative of the major requirements in the scope of services to be provided, however, it should not be construed as the complete list of items necessary for the completion of the project and to meet the clients' intent to provide a new facility. FAMU's New Residence Hall project seeks Building performance in a building project that supports the occupants' health and prosperity, within budget, while respecting nature's resources and mechanical and natural systems.

Project parameters include:

- A precast/ prestressed concrete system 700 bed Residence Hall that includes ground floor Amenity space and historic brick look to match existing campus.
- Construction Manager at Risk/CM Build will be required to work with Design Professional and produce early foundation/site utility package.
- Student occupancy is required for the start of the Fall 2024 semester (Construction completion 8/2024).
- Construct a highly energy efficient building with significantly reduced energy consumption, below the energy code standard for new buildings.
- The Florida A&M University is an equal opportunity institution, and, as such, strongly encourages the lawful use of certified Minority and Women-owned Business Enterprises ("MBEs") in the provision of design and construction-related services by providing a fair and equal opportunity to compete for, or for participation in, design and/or construction-related services.

- Adaptability: the project shall consider the needs of its future residents, and the necessary adaptability of the facility to accommodate these changing requirements.
- Focus on health, well-being, culture and learning for the occupants of the building.
 - Indoor Air Quality and Materials: As a tight building envelope and highly controlled ventilation, it is imperative to reduce the toxins in building materials and to construct the building to enhance indoor air quality. Project shall focus on air quality goals and maintenance of air quality in operations.

Project C:

Project Scope of Work

The Project approximately consists of: The design and construction of a new 900-1,000 bed apartment complex including site and resident amenities supporting off campus student residents. Florida Agricultural and Mechanical University (FAMU) seeks design services from Architectural Firms, with a focus of Apartment Complex for the FAMU Mixed Use Apartment Complex project. The Apartment Complex shall be no more than 5 stories with 900-1,000 beds including 1, 2, 3 & 4-Bedroom Suites with Kitchenettes and bathrooms. The complex will incorporate apartment style student residence units utilizing a resident to bathroom ratio of no more than 2:1, preferably 1:1. Interior amenities for the complex may include but not limited to central entrances, exercise gym, common lounge spaces, study spaces, computer rooms, TV rooms, a market /convenience store, offices, gaming rooms, multipurpose, vending, laundry and conference room. The Design Professional shall consider the following items as representative of the major requirements in the scope of services to be provided, however, it should not be construed as the complete list of items necessary for the completion of the project and to meet the clients' intent to provide a new facility. FAMU's New Residence Hall project seeks Building performance in a building project that supports the occupants' health and prosperity, within budget, while respecting nature's resources and mechanical and natural systems.
