RULE NO.: 64B8-4.025 RULE TITLE: Licensure Under Supervision NOTICE OF CORRECTION

Notice is hereby given that the following correction has been made to the proposed rule in Vol. 50 No. 17, January 25, 2024 issue of the Florida Administrative Register.

The correction is as follows:

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COST AND LEGISLATIVE RATIFICATION:

The agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the agency. The agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

NOTICE IS HEREBY GIVEN that the Board of Psychology has issued an order disposing of the petition for declaratory statement filed by Dr. Victoria Tomassetti on September 28, 2023. The following is a summary of the agency's disposition of the petition:

The Petitioner sought the Boards opinion regarding the supervision of postdoctoral trainee(s) who are physically located in the state of Florida and using telehealth to provide psychotherapy to persons who are physically located in the state of Florida at the time of service, as it pertains to the rule. Petitioner sought clarification of whether Petitioner may provide virtual psychotherapy supervision to Florida-based post-doctoral trainee(s) who will be treating Florida-based residents using telehealth practices exclusively.
