PREFACE

Section 1008.385(2), Florida Statutes, mandates that each school district and the Florida Department of Education develop and implement a comprehensive management information system which is made up of compatible components. See: http://www.leg.state.fl.us/statutes/index.cfm?App_mode=Display_Statute&Search_String=&URL=1000-1099/1008/Sections/1008.385.html.

In order to support the statewide process of implementing compatible local and state-level automated information systems, the Florida Department of Education has developed the following documents:

- * DOE INFORMATION DATABASE REQUIREMENTS:
VOLUME I - AUTOMATED STUDENT INFORMATION SYSTEM

- * DOE INFORMATION DATABASE REQUIREMENTS:
VOLUME II - AUTOMATED STAFF INFORMATION SYSTEM

This document contains the required data elements, functions and timelines which each automated information system component must incorporate within its automated staff information system. Further information or questions concerning this document should be addressed to PK-12 Education Information Services, Florida Department of Education, 544 Turlington Building, Tallahassee, Florida 32399-0400 or askeias@fldoe.org.

A. AUTOMATED STAFF INFORMATION SYSTEM REQUIREMENTS

AUTOMATED STAFF INFORMATION SYSTEM REQUIREMENTS

Section 1008.385(2), F.S., requires the development and implementation of a comprehensive management information system linking all levels of the state education system. Each school district and the Florida Department of Education shall implement an automated information system component containing staff information which is compatible with the statewide comprehensive management information system.

The automated staff information system functions and timelines implemented by the Florida Department of Education and each school district are as follows:

HISTORY

1. An automated staff Information system was required to be implemented in each school district by June 30, 1987.

Each school district must install an automated staff information system that includes the data elements as listed in the Automated Staff Information System and as prescribed in Section B of this document and which contains the procedures for performing the automated state reporting and records transfer functions defined in subsection 4. Each system shall provide payroll, Professional Development and basic personnel recordkeeping.

2. State-level automated staff information database design was required to be implemented in the Florida Department of Education by July 1, 1987.

A state-level staff database of information has been installed for access by state and local education managers and the Legislature. The database design integrates existing department reports previously collected separately from school districts within the automated reporting formats defined in subsection 4., thereby reducing data burden, improving compatibility among data elements and providing a more comprehensive and flexible database of information. The Florida Department of Education has implemented strict controls for privacy and security of staff records as contained in Section C of this document.

3. Automated state reporting functions were required to be implemented by each school district beginning July 1, 1987.

Current state reporting functions are defined in subsection 4.

AUTOMATED STATE REPORTING FUNCTIONS

4. Each school district shall implement the following automated state reporting functions according to the timelines provided:

AUTOMATED STAFF REPORTING FORMATS	DATA COLLECTION ACTIVITY NUMBER (AUG)	SURVEY PERIOD						
		S1 (JUL)	S8 (AUG)	S6 (SEP)	S2 (OCT)	S3 (FEB)	S4 (JUN)	S5

B. AUTOMATED STAFF INFORMATION SYSTEM DATA ELEMENT REQUIREMENTS

INTRODUCTION

All automated staff data elements included in this volume must be incorporated within each school district's automated staff information system. Districts may add additional data elements with their local automated system to meet local needs.

DEFINITION:

There is a working definition associated with each data element, along with applicable examples, codes, notes and exception(s).

LENGTH AND DATA TYPE:

Length and data type define the technical field characteristics to be maintained in the automated system for each data element. Numeric elements must have a number in every position, including leading zeros.

STATE REPORTING FORMATS REQUIRING THE DATA ELEMENT:

A section which specifies the state reporting formats which school districts must utilize in performing automated state reporting functions. Each data element page lists the specific automated state reporting formats which require the data element.

COMPATIBILITY REQUIREMENT:

All elements must use the specified length, data type and coding definitions given in the automated staff data elements whenever automated state reporting is performed.

The degree of required compatibility between state and local elements varies. Many elements listed in this document need merely be **Compatible**, while others must meet stricter **State Standards**.

Compatible elements:

For data elements which are designated 'No' for State Standard, the coding structures used by the district, the data element names presented in user documentation and the length and format of the data fields may be the same as that contained in this volume or they may be completely locally defined depending on the district's staff information needs. If local definitions are used, it must be possible to convert the information into the state-required codes, descriptors and formats by calculation, computer procedures or subroutines whenever state formats are required.

District documentation of locally defined elements must reference the state data elements for which they are surrogates.

Even though the state does not require the use of the state-defined codes for these compatible elements, districts are encouraged to keep each of these elements in the state format whenever possible to minimize the need for and cost of conversion.

State Standard elements:

For data elements which are designated 'Yes' for **State Standard**, the coding structures used by the district, the data element names presented in user documentation, the length and format of the data fields for all external occurrences of information in reports, user documentation and display and entry screens must be the same as those contained in this volume.

Thus, **State Standard** elements must meet these additional requirements:

- 1) the state codes **must be used locally exactly as defined** in this document for automated staff data elements;
- 2) user documentation must list the **State Standard** data element name;
- 3) input and output documents and reports must use the state-defined codes; and
- 4) local screen displays must use the state-defined codes.

These requirements do not address the **physical storage** of the data on tape, disk or other medium, but only how the data elements are to be presented to users in paper format or on screen displays. The stricter definition of **State Standard** still allows the district the flexibility to use its own district-defined codes for **physically** storing elements in the staff records system while, at the same time, using **State Standard** codes for display, input, reports and user documentation. For example, a date might be required to appear always to the user as MMDDYYYY or MM/DD/YYYY but could be physically stored as YYDDD with nonuser system documentation recording this fact.

In many of the data element definitions included in this volume, a code has been defined for "not applicable." In the case of very specialized data elements, it would seem more sensible in terms of the design of the staff records system to record information for such specialized elements only for staff to whom the element is pertinent. For both **Compatible** and **State Standard** data elements, the codes defined as "not applicable" need not be maintained in the local data records or displayed on local screens. At the time of reporting, if it is determined that a particular characteristic or condition is "not applicable" for an individual staff member, the value meaning "not applicable" may be programmatically inserted into the reporting structure at that time.

These standards do not require the district to show or print the Social Security Number on all screens and reports. A local identification number may be displayed or printed as long as the local identification number can be cross walked to the Social Security Number for state reporting purposes.

This interpretation should allow segmentation of records and help reduce the need to store large numbers of characters of “non-information” in the local data records, thereby reducing the need for disk or other data storage space.

USE TYPES:

Use Types define the major purposes for which information is collected, maintained and utilized as follows:

State reporting means the data element is required for a state report and must be forwarded to the Florida Department of Education as per the format descriptions.

Local accountability identifies those data elements which the school district must maintain as an audit trail in support of statutorily required activities.

DATA ELEMENT NUMBER:

The data element number is an internal number assigned by the PK-12 Education Information Services office to facilitate the use of the data elements. School districts need not maintain this number in their local automated system.

SURVEY PERIODS REQUIRED:

See data element “Survey Period Code” for an explanation of these codes. The Survey Periods that pertain are listed for each data element. If the Survey Period has ‘Yes’ next to it, the data element is fully reported in the survey period indicated. If the Survey Period has ‘Default’ next to it, the data element must contain the default value when submitted to the department for the survey period. If the Survey Period has ‘Varies’ next to it, the data element must be fully reported on at least one format for the survey period and a default value must be reported on at least one additional format for the survey period, as indicated in the notes on the format layouts. If the Survey Period has ‘Optional’ beside it, the district has the option of sending actual data or the default value for the element for the survey period. For the survey period with ‘Optional’ indicated, the data or default value will be ignored by the department’s system and default values will be loaded to the database for these elements.

YEAR:

The Year indicates the fiscal year for which this version of the data element is applicable. The Year is updated each July 1 for the next fiscal year until the element is no longer active. Only active data elements are included in each year's listing of data elements on the web site.

The Year Implemented indicates that a data element was first required at the beginning of the indicated fiscal year (July 1).

APPENDICES:

Each appendix that applies to the data element is listed. Each Appendix provides one or more of the following: the universe of codes that are valid for the element, expanded explanation of the codes that are valid for the data element, background information about the data element and coding structure and additional information relevant to understanding and reporting the element.

DESCRIPTION OF CHANGES:

Beginning with 2011-12, each change to the element is listed with the date the change was made, the part of the element that was changed (e.g., definition, codes, required formats, required surveys, etc.) and a detailed description of the change.

C. SECURITY AND RETENTION OF PUBLIC SCHOOL AUTOMATED STAFF RECORDS

SECURITY AND RETENTION OF PUBLIC SCHOOL AUTOMATED STAFF RECORDS

The following procedures shall be implemented by the Florida Department of Education for the privacy, security and retention of public school staff records collected, maintained and utilized at the state level.

Data Security:

Access to individual staff records will be stringently controlled through technical security conventions and procedures established by Northwest Regional Data Center. Appropriate computer passwords and Logon ID's shall be assigned to users in order to establish each user's data access authority only to the records or data elements required to complete federal- or state-mandated activities.

Records Retention:

Individual, personally identifiable staff records shall be destroyed according to a records retention schedule established by the Department of State, Division of Library and Information Services, Records Management Program, consistent with the requirements of Section 257.36, F.S. Personally identifiable staff records shall be maintained for five years or until applicable federal or state audit functions have been completed, at which time all such records shall be destroyed except for those required for the evaluation of state or federal education programs. Personally identifiable, individual staff records maintained for the evaluation of state or federal education programs shall be destroyed when no longer required.

Data Element Number: **203070**

Data Element Name: **Days Absent, Other**

Number of days in the 180 day school year that the teacher or school administrator was absent attributed to reasons other than personal leave, sick leave, and temporary duty elsewhere. The school year comprises the student contact days for that school. (Round to the nearest full day.) Examples of reasons for these absences include annual leave, vacation leave, professional leave, suspension with or without pay, illness-in-line-of-duty leave, sabbatical leave, military leave, absence without leave, etc. These examples are guidelines only and may vary from district to district.

Use 999 for teachers and school administrators who were on leave with pay and those who received only benefit or supplement pay for the fiscal year. Use 000 for employees other than teachers and administrators.

Note: Teachers are those employees whose job codes place them on lines 21-33 of the Public Schools Staff Survey (EEO-5). School administrators are those whose job codes place them on lines 9-19 of the Public Schools Staff Survey (EEO-5).

A code to identify the job category of the employee who worked with the Migrant program during the regular school year and who was paid from Title I, Part C, Migrant Education Program funds and the corresponding full-time equivalency (FTE) of this assignment.

Code	Definition/Example
A	Administrators and coordinators (non-clerical)

D	Paraprofessionals (non-instructional)
E	Counselors
F	Recruiters
G	Records Transfer Staff
H	Other employee paid from Title I, Part C, MEP funds but not included in codes A-G above.
Z	Employee was not paid from Title I, Part C, Migrant Education Program funds during the regular school year or was employed in a school-wide program where MEP funds were combined with those of other programs.

Examples:

B050 Fifty percent of the teacher's assignment was in the Migrant Education Program during the regular school year and was paid from Title I, Part C, Migrant Education Program funds.

C100 One hundred percent of the instructional paraprofessional's assignment was in the Migrant Education Program during the regular school year and was paid from Title I, Part C, Migrant Education Program funds.

Z000 This employee was not paid from Title I, Part C, Migrant Education Program funds during the regular school year or was employed in a school-wide program where MEP funds were combined with those of other programs.

NOTE: To calculate FTE, use the percentage of time the employee was funded by MEP funds. Alternatively, calculate FTE using the number of days worked. One regular school year FTE equals 180 full-time work days. To calculate FTE, sum the total days the individual worked for the regular school year and divide this sum by the number of full-time days that constitute one FTE, i.e., 180 days.

Use only the percentage of days worked by an individual that were paid by MEP funds in calculating the total FTE numbers to be reported.

Do not include staff employed in school wide programs where MEP funds are combined with those of other programs. These employees should be coded Z000.

Data Element Number: **215246**

Data Element Name: **Professional Development, Evaluation Method, Staff**

A one-character code to describe the primary means (50 percent or more) of evaluating the impact and/or fidelity of implementing the professional development.

Code	Definition/Example
A	Changes in instructional or learning environment practices implemented in the classroom or directly with students (observed or measured impact on educator proficiency through the district's instructional or school leader evaluation system indicators, components, and/or domains, and/or deliberate practice or IPDP/ILDLP growth targets, and/or district or school level processes for tracking student progress)
B	Changes in instructional leadership or faculty development practices (observed or measured impact on leader proficiency, faculty or students)
C	Changes in student services/support practices
D	Other changes in practices supporting effective implementation of job responsibilities (observed or measured impact on specific job responsibilities)
E	Fidelity of Implementation of the professional learning process (where impact on the job is not or cannot be observed or measured, evaluation is on alignment of actual training/development with planned high quality professional learning design and specific learning objective(s))
F	Changes in observed educator proficiency in implementing targeted state standards or initiatives (e.g. FEAPs practices, Principal Leadership Standards, PD Evaluation Protocol Standards, MTSS)
G	Changes in observed educator proficiency in practices that occur generally without students present (e.g. lesson design, collegial team learning processes, problem solving processes, needs assessments, data analyses, sharing practices with colleagues)

Note: Having no impact or fidelity evaluation method for a component is not an option. All components must include an evaluation method.

G	The instructional staff member is in the process of completing Next Generation Content Area Reading – Professional Development (NGCAR-PD) or has completed NGCAR-PD in its entirety.
N	No, the instructional staff member did not complete Competency 4 (Adopted 2011).
P	The instructional staff member is currently working toward completion of K-12 Reading certification.
R	The instructional staff member has met the requirement through K-12 Reading certification.
Y	Yes, the instructional staff member completed Competency 4 (Adopted 2011).
Z	Not applicable – not an instructional employee or not required for/applicable to this instructional staff member.

Notes: The Reading Endorsement has been revised based on research conducted after the National Reading Panel Report was released and was adopted into State Board Rule 6A-4.0163 in September 2011. The new endorsement merges the former Competencies 4 and 5 into Competency 4 and establishes the practicum (formerly Competency 6) as Competency 5. The rule requires that the new competencies and indicators be incorporated into reading endorsement courses by August 2012.

APPENDIX E

JOB CODE ASSIGNMENTS

The job codes have been structured around the function categories 5100 to 9100 found in the Financial and Program Cost Accounting and Reporting Manual (Red Book) so that jobs found in a particular function will have codes beginning with the two digits which correspond to that function area. For example, teachers in basic education have job codes beginning with 51 and food service workers have job codes beginning with 76.

In addition, the job codes have been organized to form the following 11 categories of employees:

Categories of Employees

- I. Executive Administrators
- II. General Administrators
- III. School Administrators
- IV. Professional Staff
- V. Instructional Staff
- VI. Other Managers
- VII. Technicians
- VIII. Paraprofessionals and Administrative Support Workers
- IX. Skilled Crafts Workers
- X. Service Workers
- XI. Other - School Board Members

The first three categories (Executive Administrators, General Administrators and School Administrators) comprise the Administrative Staff. The Instructional Staff includes category V. (Instructional Staff) plus those in categories IV. (Professional Staff) and VI. (Other Managers) whose duties are instructional. Categories VII. through X. and non-instructional personnel in Categories IV. and VI. make up the Support Staff. Definitions and guidelines for the use and assignment of job codes and categories follow.

A basic premise that should be followed throughout the assignment of job codes is that an employee should be coded according to the job functions required rather than according to the job title or pay schedule for that job. No employee eligible for membership in a bargaining unit should be assigned a job code in Categories I., II. or III.

APPENDIX E

JOB CODE ASSIGNMENTS

Definitions and Guidelines for Use of Job Codes and Categories

I. Executive Administrators

Included here are persons with district-level administrative or policy-making duties who have broad authority for management policies and general school district operations. They often report directly to the superintendent and supervise other administrative employees. These staff members perform jobs which require leadership, discretion and independent judgment.

Included here are the superintendent and deputy, associate, assistant and area superintendents.

Executive administrators in the district should be assigned job codes based on the established hierarchy. That is, the administrator who is higher in the district hierarchy should be placed higher when assigning DOE job codes, regardless of the title that person actually holds in the district. If this category of employee does not exist in a particular district, that district should assign DOE job codes in another category, as appropriate.

II. General Administrators

These persons have general administrative duties within a department, subdivision or special area. They have a management and policy-making duties and often direct the work of other employees. Their duties may include recommending hiring, firing, advancements, etc.; evaluating employees; setting and adjusting work schedules; supervising work; handling employee complaints; and interviewing, selecting and training employees.

Included here are executive and general directors, directors, assistant directors, supervisors, coordinators and administrators on special assignment.

General administrators in the district should be assigned job codes based on the established hierarchy. That is, the administrator who is higher in the district hierarchy should be placed higher when assigning DOE job codes, regardless of the title that person actually holds in the district. If this category of employee does not exist in a particular district, that district should assign DOE job codes in another category, as appropriate.

III. School Administrators

These administrators include the following:

Principals - Staff members performing the assigned activities as the administrative head of a school to whom has been delegated responsibility for the coordination and direction of the activities of the school.

Assistant Principals - Staff members assisting the administrative head of the school.

Curriculum Coordinators and Deans - Staff members under the direction of the administrative head of the school who have responsibility for such things as disciplining students, assisting teachers with classroom management problems, providing information and guidance to other staff members to provide the curriculum of the school and similar duties.

APPENDIX E

JOB CODE ASSIGNMENTS

IV. Professional Staff

These staff members perform activities of leadership, guidance and expertise in a field of specialization which requires knowledge of an advanced type. The work generally requires the consistent exercise of discretion and judgment in its performance.

Included here are specialists, managers, administrative assistants, architects, attorneys, accountants, computer programmers and teachers on special assignment.

V. Instructional Staff

Instructional staff include the following:

Classroom teachers - Staff members assigned the professional activity of instructing students in courses in classroom situations, including basic instruction, exceptional student education, career and technical education and adult education. Substitute teachers are included here.

Pupil Personnel Services - Staff members responsible for advising students with regard to their abilities and aptitudes, educational and occupational opportunities, personal and social adjustments; providing placement services; performing educational evaluations; and similar functions. Included here are certified school counselors, social workers, occupational/placement specialists and school psychologists.

Librarians/Media Specialists - Staff members responsible for organizing and managing school libraries. These employees are responsible for preparing, caring for and making available to instructional programs the equipment, materials, scripts and other aids which assist teaching and learning through special appeal to the senses of sight and hearing, e.g., audio-visual services, etc.

Other Instructional Staff - Staff members who are part of the instructional staff but are not classified in one of the above categories. Included here are primary specialists, learning resource specialists, instructional trainers and similar positions.

Coaches: Reading/Math - Staff members responsible for providing professional development to teachers to generate improvement in reading/math instruction and reading/math achievement. These employees model effective instructional strategies; facilitate study groups; train teachers in data analysis; coach and mentor colleagues and, in general, provide daily support to classroom teachers. These employees are not teachers or resource teachers; they only work with students when modeling appropriate strategies for teachers or when conducting diagnostic assessments.

VI. Other Managers

These staff members perform some managerial and supervisory functions while usually also performing general operations functions, clerical work or routine tasks. They may direct employees' work, plan the work schedule, control the flow and distribution of work or materials, train employees, handle complaints, authorize payments and appraise productivity and efficiency of employees.

Included here are managers such as word processing center managers, mail room managers and lunch room managers; foremen and lead workers.

APPENDIX E

JOB CODE ASSIGNMENTS

VII. Technicians

Individuals whose occupations require a combination of knowledge and manual skill which can be obtained through about two years of post-high school education, such as is offered in many technical institutes and junior colleges, or through equivalent on-the-job training.

Included here are such staff members as computer programmers and operators, film inspectors, projectionists, graphic artists, draftsmen, engineering aides, licensed practical nurses, dietitians, photographers, radio operators, technical illustrators and technicians (medical, dental, electronic, physical science).

VIII. Paraprofessionals and Administrative Support Workers

Included here are the following:

Administrative Support Workers - Individuals whose job requires skills and training in clerical-type work including activities such as preparing, transcribing, systematizing or preserving written communications and reports or operating equipment such as bookkeeping machines, word processors and tabulating machines. Include secretaries, clerks, bookkeepers, messengers and office machine operators.

Paraprofessionals - Individuals who provide instructional support services only when working under the direct supervision of a teacher. Included here are classroom aides in regular instruction, exceptional education aides, career and technical education aides, adult education aides, library aides, physical education and playground aides and other school-level aides and paraprofessionals. Non-instructional paraprofessional roles may include personal care services, clerical duties, parental involvement activities, non-instructional computer assistance, food service, non-instructional media center/library supervision, playground/cafeteria supervision, and translators. [Title I Paraprofessionals include all paraprofessionals who 1) work in a targeted assistance program and are paid with Title I funds or 2) in a Title I school wide program.]

IX. Skilled Crafts Workers

Individuals who perform jobs which require special manual skill and a thorough and comprehensive knowledge of the processes involved in the work which is acquired through on-the-job training and experience or through apprenticeship or other formal training programs.

Include mechanics, repairmen, electricians, heavy equipment operators, stationery engineers, skilled machining occupations, carpenters, compositors and typesetters.

X. Service Workers

Staff members performing a service for which there are no formal qualifications. Included here are those responsible for cleaning the buildings, school plants or supporting facilities; maintenance and operation of such equipment as heating and ventilation systems; preserving the security of school property; and keeping the school plant safe for occupancy and use.

Include garage laborers, car washers and greasers, gardeners and groundskeepers.

XI. Other – School Board Members
