

## Instructions and Resource Page for Application for a License to Operate a Child Care Facility

**Instructions:** All information on this application must be truthful and correct. Complete this application in its entirety, as appropriate. Not all sections apply. Incomplete applications will not be accepted. Please contact the licensing agency if there are any questions relating to this application.

- Complete in blue or black ink; no white out may be used or strikethrough. Use of white out will result in the application being returned to the applicant. Any information that has a strikethrough must be initialed by the applicant.
- The license, if approved, will be issued in the name of the owner. The owner may be an individual, partnership, association, company or corporation, and the license must be posted in a conspicuous location where the child care program is operating.
- The application must be signed by the individual owner, or prospective owner, or director, or the designated representative of a partnership, association, company, or corporation, and must include submission of background screening documents for the owner/operator, and approved fire and environmental health inspections (if applicable). A child care license will be issued in the name of the owner and for the physical address location identified on the application.
- An application is not considered complete until all documents are received, which includes submission of background screening documents for the owner/operator/director, licensure fee, and approved fire and environmental health inspections. Obtain approval from local zoning and building code offices prior to the submission of the application.
- A completed application for renewal of an annual license must be submitted to the licensing authority at least 45 days prior to the expiration date of the current license to ensure that a lapse of licensure does not occur. Failure to submit a completed application at least 45 days prior to the expiration date of the current license constitutes a licensing violation as defined in paragraph 65C-22.010(2)(c), F.A.C.
- The issuance of the license is contingent upon the payment of any fines previously imposed as a sanction against an applicant's license that was not contested and/or that was affirmed through the administrative process or an administrative hearing.
- The child care license is issued for the physical address location notated on the completed application.
- The license is issued by the Department to an owner for a single location and is non-transferable between owners and locations. Prior to changing ownership, the new owner must obtain a license to operate. Failure to obtain the license will result in administrative action being taken by the Department.
- Every child facility must hold a valid license prior to operation.
- Within 30 days of receipt of the application, the Department must notify the applicant in writing of any error(s) or omission(s) on the application and any additional information needed for the application to be considered complete.
- The Department has a 90-day time limit for approving or denying the license once the completed application has been submitted. Remember: An application is not complete until all requirements have been submitted. The submission of a completed application starts the 90-day "clock" for the approval or denial of the license.
- For the purpose of issuing a license, any out-of-state criminal offense, which if committed in Florida would constitute a disqualifying felony offense, shall be treated as a disqualifying felony offense for screening purposes.

\*FOR INITIAL LICENSES and RENEWALS: Issuance of an Initial License or Renewal of this license is contingent upon the payment of any fines previously imposed as a sanction against this license that was not contested, or that was affirmed at an administrative hearing.
