19-8.029 Insurer Reporting Requirements for the 1999-2000 Contract Year.

(1) Data Reporting of Insurer Exposure. No later than September 1 of each contract year, insurers and Joint Underwriting Associations shall report insured values reflecting wind exposure under Covered Policies, except for insurers writing collateral protection insurance, by zip code and other relevant factors required to reflect each insurer's relative exposure to hurricane loss, valued as of June 30 of the current contract year. Such other relevant factors shall be determined by the Actuarial Consultant consistent with principles of actuarial science and in conjunction with the development of the Premium Formula. In order to ensure that only actual exposure as of 6/30 is reported and therefore to eliminate the reporting of false placements in collateral protection insurance, insurers writing collateral protection insurance shall report all their exposure under Covered Policies, including their collateral protection exposure as of 6/30, no later than the 10th business day in October of each contract year. The reporting shall be in accordance with the following: Form FHCF-D1A, "Florida Hurricane Catastrophe Fund 1999 Data Call," rev. 5/99; Form FHCF-MOD, "CLASIC DATA FORMAT (tm) for Excess Insurance, Version 1.1," rev. 12/22/94; and the FHCF computer validation software provided on diskette and called "FHCF Preliminary Validation Software Version 5.0," with its Instructions. The two forms and the software with its instructions identified in the immediately preceding sentence are hereby adopted and incorporated by reference. The forms and the software are available from the Administrator as defined in Rule 19-8.027. Reporting requirements for new companies are adopted and incorporated by reference in Rule 19-8.028. The requirement that the report is due on September 1 means that the report shall be in the physical possession of the Fund's Administrator in Minneapolis no later than 5 p.m., Central Time, on September 1. If September 1 is a Saturday, Sunday or legal holiday, and if September 1's being a

Saturday, Sunday or legal holiday means that neither the United States Postal Service nor private delivery services are operating that day, then the applicable due date will be the day immediately following September 1 which is not a Saturday, Sunday or legal holiday. For purposes of the timeliness of the submission, neither the United States Postal Service postmark nor a postage meter date is in any way determinative. Reports sent to the Board in Tallahassee, Florida, will be returned to the sender. Reports not in the physical possession of the Fund's Administrator by 5 p.m., Central Time, on the applicable due date are late.

(2) Reporting Regarding Entities Not Required to Hold a Certificate of Authority. Existing Voluntary Pools, Voluntary Syndicates and Voluntary Joint Underwriting Associations are not participants in the FHCF since such entities are not considered to issue Covered Policies as defined in Section 215.555(2)(c), Florida Statutes, and such entities are not required to hold a certificate of authority. All such entities shall execute a written statement on Form FHCF-M01, "Florida Hurricane Catastrophe Fund Statement regarding Voluntary Pools, Voluntary Syndicates and Voluntary Joint Underwriting Associations pertaining to Florida Statute 215.555," rev. 5/99, which is hereby adopted and incorporated by reference, on behalf of itself and its members acknowledging that it and they have no rights to any recovery from the FHCF. Insurer losses associated with business written in Voluntary Pools, Voluntary Syndicates and Voluntary Joint Underwriting Associations shall not be reimbursed by the FHCF since exposures on Covered Policies are not required to be reported and premiums are not required to be paid on these exposures. Any newly created Voluntary Pool, Voluntary Syndicate or Voluntary Joint Underwriting Association shall be treated as specified under this subsection only if its formation is determined by the Board to be for business purposes benefiting Florida policyholders, not for purposes of creating an unfair marketing advantage over other insurers required to participate in the Fund, and not for the purpose of avoiding participation in the Fund provided such treatment is approved by the Department of Insurance as evidenced by a letter from the Department received by the Board prior to September 1 of any contract year.

(3) Reporting Regarding Insurers Withdrawing from the State or Discontinuing the Writing of All Kinds of Insurance Prior to June 1 of Each Year. Insurers which withdraw from the Florida insurance market prior to June 1 and have no remaining covered policy exposure shall not participate in the Fund. The affected insurer shall provide written evidence obtained from the Department of Insurance that it has surrendered its certificate of authority and currently has no outstanding Covered Policies in force. Nothing in this rule shall be construed to conflict with the requirements of Section 624.430(1), Florida Statutes.

(4) Notwithstanding a fully executed Reimbursement Contract, all data reporting of insured values for Covered Policies shall be subject to audit and review by the Board. All discovered errors, inadvertent omissions, and typographical errors associated with the data reporting of insured values shall be corrected to reflect the proper values.
