(b) Price Proposal. A price proposal shall include one lump sum cost for all costs of the project as defined by the scope of services requirements. Examples of such services are: design, permits, construction engineering and inspection and construction of the proposed project.

(5) Technical Review Committee. There shall be a Technical Review Committee consisting of Department employees whose members are selected based on their

experience and the nature of the project. This committee will be used to evaluate letters of interest and review technical proposals in accordance with the provisions of the request for proposal.

(6) The Department will use the Low Bid Design-Build Bid process when its scope of work is precise, explicit and clearly defined, and will use the Adjusted Score Design-Build Bid process when the scope of work is flexible and identifies an end result that the Department wants to achieve, rather than dictating specific methods and materials. The public announcement ~~Florida Administrative Weekly~~ notice for a particular project will specify which process will be used.

(7) When time is to be used as an evaluation criteria ~~a project will operate under time constraints~~, the Department will include an adjustment for the value of time in either type of design-build process referenced in Section 14-91.007(6). This adjustment will be based on the Firm’s proposed number of days to complete the project multiplied by a value per day established by the Department in the request for proposals , i.e., number of days multiplied by the dollar value per day equals the price proposal adjustment (increase). This factor will be used for selection purposes only and shall not affect the Department’s liquidated damages schedule or affect the incentive/disincentive provisions of the contract.

(8) The contractor or design professional cannot team with other partners to submit more than one bid per project.

Specific Authority 334.044(2), 337.18(4)(~~5~~)(b) FS. Law Implemented 337.18(5) FS. History--New 6-7-89, Repealed.

14-93.004 Incentive/Disincentive Procedure.

(1) Purpose. This rule governs the use of incentive/disincentive provisions in construction contracts. Directions are included for selecting projects, establishing the amounts and durations for incentive/disincentive provisions, and approval authority.

(2) Background. Section 337.18(4), Florida Statutes, authorizes the use of incentives/disincentives. Incentive/disincentive provisions in a contract compensate the contractor a predetermined amount of money for each day identified work is completed ahead of schedule and/or assesses a deduction for each day the contractor is late in meeting the time specified.

All contracts containing incentive/disincentive provisions shall be approved by the District Secretary (District Projects) or the Secretary of Transportation (Central Office Projects).

(3) Procedure.

(a) Incentives/disincentives may be applied when it is documented that the project will provide a substantial benefit to the public health, safety, or welfare; will limit the disruptive effect of construction on the community; or is cost beneficial on a revenue producing project. The incentive/disincentive contract should include the identification of critical phases of work or critical locations within the project limits warranting use of incentive/disincentive provisions as a measure to mitigate the extent of anticipated problems.

(b) Monetary and Time Limitations. The monetary and time requirements for incentive/disincentive provisions should be established based on the facts supporting each project. Existing state statutes limit incentive/disincentive provisions to a maximum of \$10,000 per calendar day, except for revenue producing projects. For revenue producing projects, the incentive amount per calendar day may be greater if an analysis indicates that additional revenues projected to be received upon completion of the project will exceed the cost of the incentive payments.

(c) Justification of Allowance.

1. Projects determined to be capable of accelerated construction will be considered eligible for inclusion of an incentive/disincentive provision.

2. The incentive/disincentive monetary amount set for each project should be supported by an estimated cost of damages expected to be mitigated or revenue to be received by early or late completion for the overall project or critical phase of work. The cost for construction engineering inspection services, delay cost to facility users, or expected improvements at high-accident locations, are examples of impacts for which costs normally can be estimated.

3. Other justifications for use of incentive/disincentive provisions, such as more circuitous access to residences or businesses during construction, or lessening disruptive impacts to community services, etc., cannot be converted easily to monetary terms, but are examples of valid impacts.

The Commission will issue a status report to the course provider within 30 days after submission of the course. (2)(a) The Commission prescribed Core Law course or courses totaling 3 classroom hours of instruction of 50 minutes each will review and update licensees on the Florida real estate license law, Commission rules, and agency law, and provide an introduction to other state laws, federal laws, and taxes affecting real estate. (3) through (4) No change.

(5)(a) The continuing education courses required in this rule may be taught by a Commission approved equivalent distance education correspondence course. Distance education is education that takes place when the learner is separated from the source of instruction by time and/or distance. Such distance education correspondence course subject matter, assignment work, scholastic standards and other related requirements shall

be substantially the same as the course offered by classroom instruction, having due regard however, to the different method of presentation.

(b) Satisfactory completion of the Commission prescribed continuing education course or courses through distance education by correspondence study is demonstrated by achieving a grade of 80% or higher on the Commission approved course final examination prepared and administered by the Florida institution or licensed real estate school offering such distance education correspondence course ~~after completing the correspondence study material~~. Students failing the Commission prescribed course examination must repeat the Commission prescribed distance education correspondence course of study prior to being eligible to again take the course examination, which ~~examination~~ must be a different examination from the one the student previously failed. No examination shall contain more than 20% duplication of questions contained in other approved final examinations administered by the Florida institution or licensed real estate school offering the distance education course.

(c) A copy of the distance education correspondence course materials and a copy of each form of the end of course examinations that will be distributed to students shall be submitted to the Commission for evaluation and approval at least 60 days prior to use. A minimum of five end of course examinations for each course shall be submitted for approval. The Commission will issue a status report to the course provider within 30 days after submission of the course and examinations. Approval must be granted before the course and examinations may be offered. Thereafter, the course and examinations shall be maintained by each institution or school offering the distance education correspondence course in accordance with the Commission approved standard as subsequently modified by changing times, standards and laws. It is the responsibility of the institution, school or sponsor offering the Commission approved distance education correspondence courses to keep the course material current and accurate, and notify the Commission at least 60 days before implementing any significant changes to the course during its approval period.

(d) The objective of the distance education correspondence course of study end of course examination is to test fairly and reliably whether students have learned essential facts and concepts from the course. This examination shall consist of a minimum of 30 questions. All questions shall be multiple choice with 4 answer choices each. The order of the examination questions may not follow the sequence of the course content. The answer key must be unique for each form of the examination. The answer key must reference the page number(s) containing the information on which each question and correct answer is based. At least ~~70%~~ 20% of the questions on each form of the test shall be at the application level or higher oriented. No more than 10% of the questions on each

form of the test shall be at the knowledge level. The answer key must be unique for each form of the examination. Any Florida institution or licensed real estate school offering the Commission prescribed continuing education course of study by distance education correspondence must maintain a sufficient bank of questions to assure examination validity when administered to licensees from a common source such as a specific business, firm or family. Application level is defined as the ability to use the learned material in a completely new and concrete situation. It usually involves the application of rules, policies, methods, computations, laws, theories, or any other relevant and available information. Knowledge level is defined as recalling specific facts, patterns, methods, terms, rules, dates, formulas, names, or other information that must be committed to memory.

Normal working hours are defined as being 9:00 A.M. to 5:00 P.M., in the appropriate time zone, Monday through Friday excluding legal holidays.

(f) Continuing education courses by distance education correspondence will be approved for 24 months plus the remaining period of the license renewal cycle following the end of the 24 month period at which point the course will expire. The license renewal cycles can be found in Rule 61-6.001(4) under Real Estate (Group I, Group II, Group III or Group IV). Courses may not be offered, distributed or graded after the expiration date. However, a 15 day grace period beyond the expiration date will be allowed in order to grade an examination postmarked or otherwise received prior to the expiration date of the course. Students must be notified of the course expiration date upon receipt of the course materials.

(g) When the continuing education correspondence course by distance education is in the form of a video tape, the video tape must conform to the video tape quality standards found in paragraphs (2) through (4) of Rule 61J2-3.016, Florida Administrative Code.

(6) The Florida institution, licensed real estate school or Commission approved sponsor entity offering these Commission prescribed or approved courses shall inform each student of the standards and requirements at the commencement of each course by providing each student a course syllabus that clearly states the course objective(s) and explains the desired learning outcomes. At least 70% of the desired learning outcomes shall be at the application level or higher. No more than 10% of the desired learning objectives shall be at the knowledge level. Notice of course completion shall be made as prescribed by the Commission in Rule 61J2-3.015, Florida Administrative Code.

(g) The faculty student ratio may be up to 1:18.

(16) Community-based learning experiences may be included as clinical experiences in a nursing curriculum prior to the completion of nursing courses when they meet the following requirements:

Section IV Emergency Rules

DEPARTMENT OF INSURANCE

RULE TITLE: Emergency Rule Continuing the Occupational Safety and Health Standards for Firefighter Employment
 RULE NO.: 4ER00-2

SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY OR WELFARE: The Department of Insurance hereby states that the following circumstances constitute an immediate danger to the public health, safety, and welfare.

1. This emergency rule is necessitated by the action of the Florida Legislature in 1999, by repealing the Florida Occupational Safety and Health Act, Chapter 442, Florida Statutes, effective July 1, 2000, and sunsetting the Division of Safety of the Department of Labor and Employment Security as of the same date. The Florida Legislature adjourned the 2000 legislative session without reinstating Chapter 442, Florida Statutes, or the Division of Safety. The Division of Safety had previously promulgated rules relating to firefighting employment safety and health standards, which essentially followed firefighting standards adopted by the federal Occupational Safety and Health Administration (OSHA). Because of the repeal of Chapter 442, Florida Statutes, the rules of the Division of Safety will cease to exist on July 1, 2000. Section 633.01(1), Florida Statutes, gives the Department of Insurance, Division of State Fire Marshal general authority to adopt rules on any matter conferring powers or duties upon the State Fire Marshal in Chapter 633, Florida Statutes. Section 633.45(1)(a), Florida Statutes, is the specific law to be implemented providing for the Division of State Fire Marshal to establish uniform minimum standards for the employment of firefighters. Existing rules of the Division of Safety, which sunset as of June 30, 2000, were sufficient to establish uniform minimum standards for firefighter employment safety; however, as of June 30, 2000, those rules will no longer exist, and the Division of State Fire Marshal must exercise its power and duties relating to the charge of Section 633.45(1)(a), Florida Statutes.

2. The rules relate directly to the public health, safety, and welfare in that the employment safety of firefighters is paramount, and the overriding consideration and focus of the State Fire Marshal and units of local government and fire control districts, if each unit of local government or fire control district is to maintain a viable, effective, operating fire department.

3. Since the legislature's adjournment, the Division of State Fire Marshal has not been afforded sufficient time to implement rules through the rulemaking process provided for in Section 120.54, Florida Statutes. If the Division of State Fire

Marshal fails to take this action, as of the date of sunset of Chapter 442, Florida Statutes, June 30, 2000, no firefighter employment safety standards will be in place.

4. This emergency rule adopts only the Division of Safety Occupational Safety and Health standards in effect as of the date of the demise of Chapter 442, Florida Statutes, which is June 30, 2000, for a period of 90 days to allow the permanent rulemaking process provided for in Chapter 120, Florida Statutes, to proceed.

REASONS FOR CONCLUDING THAT THE PROCEDURE USED IS FAIR UNDER THE CIRCUMSTANCES: The Division of State Fire Marshal believes that adopting an emergency rule is the fairest method available to protect the public and the firefighters in employment activities because repeal of Chapter 442, Florida Statutes, occurs on June 30, 2000. Even if rule development workshop proceedings were initiated following adjournment by the Legislature, there would not have been sufficient time to accomplish standard rulemaking. During the effective period of this emergency rule, standard rulemaking may then progress, giving everyone the ability to participate in rulemaking. Where consistent with Section 633.45(1)(a), Florida Statutes, the law implemented, the Division has adopted the emergency rule in a manner that preserves the standards previously enacted by the state and federal governments, but only specifically as they pertain to firefighter employment safety standards.

SUMMARY OF THE RULE: This emergency rule adopts the state and federal firefighter employment standards located in Subparts C through T and Subpart Z of the Occupational Safety and Health Standards, 29 Code of Federal Regulations, Part 1910, as revised July 1, 1993, for a period of 90 days to allow the permanent rulemaking process to occur.

THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULE IS: James Goodloe, Chief, Bureau of Fire Prevention, Division of State Fire Marshal, Department of Insurance, 200 East Gaines Street, Tallahassee, Florida 32399-0342, telephone (850)922-3171

THE FULL TEXT OF THE EMERGENCY RULE IS:

4ER00-2 Emergency Rule Continuing the Occupational Safety and Health Standards for Firefighter Employment.

(1)(a) The Department of Insurance, Division of State Fire Marshal, adopts and incorporates as rules of the Division of State Fire Marshal the following standards as they pertain solely to firefighters and firefighter employers which shall become effective as of midnight, Eastern Daylight Savings Time, on Friday, June 30, 2000: Subparts C through T and Subpart Z of the Occupational Safety and Health Standards, 29 Code of Federal Regulations, Part 1910, as revised July 1, 1993, with the qualification in Paragraph (b).

(b) 29 Code of Federal Regulations (C.F.R.) 1910.156 applies to volunteer firefighters, volunteer fire departments, paid firefighters certified under Chapter 633, Florida Statutes,

and paid fire departments employing firefighters certified under Chapter 633, Florida Statutes, operated by the state or its political subdivisions. (4) All references to the Assistant Secretary of OSHA and to the Director of the National Institute for Occupational Safety and Health and their authorized representatives in the adopted federal Occupational Safety and Health Administration standards shall, for the purposes of this rule, refer to and mean the Director of the Division of State Fire Marshal, Department of Insurance or his or her authorized representative.

(5) In adopting this emergency rule, it is the intent of the Department of Insurance, Division of State Fire Marshal, that all of the employment safety rules of the Division of Safety adopting minimum employment safety standards solely as they pertain to firefighter employment in effect as of midnight on Friday, June 30, 2000, continue in effect until the Division of State Fire Marshal has the opportunity to pursue the rulemaking process to adopt permanent rules pertaining to firefighter employment safety.

Notices of Petitions and Dispositions
Regarding Declaratory Statements**

DEPARTMENT OF BANKING AND FINANCE

NOTICE IS HEREBY GIVEN that the Department of Banking and Finance, Division of Securities and Investor Protection, received a Petition for Declaratory Statement from counsel for PaineWebber Incorporated on May 4, 2000 (File No. 2973-S-6/00). The Petition seeks the Department's position on whether its proposed loan referral program in which third parties, who have existing clients with non-purpose loans with other broker-dealers or financial institutions, will refer such clients

to PaineWebber would require the third parties or their employees to register as an associated person of a dealer or investment adviser.

A copy of the Petition can be obtained by writing: Agency Clerk, Department of Banking and Finance, Suite 526, Fletcher Building, 101 East Gaines Street, Tallahassee, Florida 32399-0350 or calling (850)410-9896.

NOTICE IS HEREBY GIVEN that the Department of Banking and Finance, Division of Securities and Investor Protection received a Petition for Declaratory Statement from counsel for Van Buren Securities, LLC on June 30, 2000. The Petition seeks the Department's position on whether the firm is required to register as a "dealer" since its associated persons trade securities exclusively for the benefit of the firm's account and it has no retail customer accounts.

A copy of the Petition can be obtained by writing: Agency Clerk, Department of Banking and Finance, Suite 526, Fletcher Building, 101 East Gaines Street, Tallahassee, Florida 32399-0350 or calling (850)410-9896.

DEPARTMENT OF CORRECTIONS

NOTICE IS HEREBY GIVEN that the Department of Corrections has issued a response to a Petition to Initiate Rulemaking from Oscar Hanson. The Petitioner requested that the Department of Corrections amend Rule 33-602.210, Appendix One, to permit inmates to possess more than fifty photographs.

The Department denied Inmate Hanson's Petition to Initiate Rulemaking finding that the limitation placed upon the permissible number of photos that an inmate may possess is not unreasonable and is based upon security and other legitimate institutional concerns.

A copy of the Order may be obtained from: Giselle Lylen Rivera, Assistant General Counsel, Department of Corrections, 2601 Blair Stone Road, Tallahassee, Florida 32399-2500.

NOTICE IS HEREBY GIVEN that the Department of Corrections has issued a response to a Petition to Initiate Rulemaking from Willie Lee Harper. The Petitioner requested that the Department of Corrections amend Rule 33-602.210, Appendix One, to permit inmates to possess rings, other than wedding rings, on the grounds that the rule denies them equal protection under the law.

The Department denied Inmate Harper's Petition to Initiate Rulemaking finding that his request did not establish a violation of equal protection principles and that a rational basis for the rule, in furtherance of a legitimate state interest, existed.

A copy of the Order may be obtained from: Giselle Lylen Rivera, Assistant General Counsel, Department of Corrections, 2601 Blair Stone Road, Tallahassee, Florida 32399-2500.

NOTICE IS HEREBY GIVEN that the State of Florida, Department of Corrections, received a Petition to Initiate Rulemaking on June 27, 2000 from Newton Guy Wood. NOTICE IS HEREBY GIVEN that the Division of Florida Land Sales, Condominiums and Mobile Homes, Department of Business and Professional Regulation, State of Florida, received a petition for declaratory statement in *In Re: Petition for Declaratory Statement, Cristelle Condominium Association of Broward County, Inc.*, Petitioner.

The Petitioner requests a statement from the Division declaring the rights, duties, or obligations of the Petitioner and its unit owners to have use of the lower lobby meeting room and that the exclusive easement created in article X.F. of the Declaration of Condominium is inconsistent with the Condominium Act and thereby invalid.

A copy of the Petition for Declaratory Statement, Docket Number CD2000-129, may be obtained by writing: Agency Clerk, Department of Business and Professional Regulation, Division of Florida Land Sales, Condominiums, and Mobile Homes, 1940 North Monroe Street, Tallahassee, Florida 32399-2217. Please refer all comments to Martha F. Barrera, Assistant General Counsel, Department of Business and Professional Regulation, Division of Florida Land Sales, Condominiums, and Mobile Homes, 1940 North Monroe Street, Clemons Building, Tallahassee, Florida 32399-2202.

NOTICE IS HEREBY GIVEN that the Division of Florida Land Sales, Condominiums and Mobile Homes, Department of Business and Professional Regulation, State of Florida, has issued a declaratory statement in *In Re: Petitions for Declaratory Statement, River Run of Sebastian Condominium Association, Inc.*, Petitioner; Docket Numbers CD2000-071 and CD2000-072.

The declaratory statement provided, in summary, that River Run Dock Condominium is not a residential condominium within the meaning of Sections 718.103(22) and 718.501(1), Florida Statutes. However, because the Association operates five residential condominiums, the Association is subject to section 718.501(1), Florida Statutes. The Division declined to answer the issue of whether the dock owners must pay a proportionate share of the maintenance expense for the additional facilities, as the issue did not involve the applicability of any of the Division’s statutes, rules, or orders.

A copy of the declaratory statement may be obtained by writing: Agency Clerk, Department of Business and Professional Regulation, Division of Florida Land Sales, Condominiums and Mobile Homes, 1940 North Monroe Street, Tallahassee, Florida 32399-2217.

NOTICE IS HEREBY GIVEN that the Division of Florida Land Sales, Condominiums and Mobile Homes, Department of Business and Professional Regulation, State of Florida, received a petition for declaratory statement in *In Re: Petition for Declaratory Statement, Crane Crest Apartments, Inc.*, Petitioner.

The Petitioner requests an interpretation as to whether section 719.1055(3), Florida Statutes, authorizes the board of directors to vote on structural changes to a cooperative unit, where the board is not undertaking the changes, or whether the changes must be approved by two-thirds of the total voting interests in the cooperative.

A copy of the Petition for Declaratory Statement, Docket Number CD2000-128, may be obtained by writing: Agency Clerk, Department of Business and Professional Regulation, Division of Florida Land Sales, Condominiums and Mobile Homes, 1940 North Monroe Street, Tallahassee, Florida 32399-2217.

Please refer all comments to: Kathryn E. Price, Assistant General Counsel, Department of Business and Professional Regulation, Division of Florida Land Sales, Condominiums and Mobile Homes, 1940 North Monroe Street, Clemons Building, Tallahassee, Florida 32399-2202.

NOTICE IS HEREBY GIVEN that the Division of Florida Land Sales, Condominiums and Mobile Homes, Department of Business and Professional Regulation, State of Florida, has issued a declaratory statement in *In Re: Petition for Declaratory Statement, Olive Glen Condominium Association, Inc.*, Petitioner; Docket Number CD2000-075.

The declaratory statement provided, in summary, that so long as the investor unit owners are not offering units for sale within the meaning of Rule 61B-23.003(7)(f), Florida Administrative Code, those unit owners may not vote to elect a majority of the members of the board of administration. The Division declined to offer advice as to the manner in which votes may be tabulated, as that issue did not involve the interpretation of any of the Division’s statutes, rules, or orders.

A copy of the declaratory statement may be obtained by writing: Agency Clerk, Department of Business and Professional Regulation, Division of Florida Land Sales, Condominiums and Mobile Homes, 1940 North Monroe Street, Tallahassee, Florida 32399-2217.
