Notices of Development of Proposed Rules and Negotiated Rulemaking

DEPARTMENT OF STATE
Division of Elections

RULE TITLE: RULE NO.: 1S-2.037
Provisional Ballots

PURPOSE AND EFFECT: The purpose of the proposed rule amendments is to incorporate the text of the emergency rule 1SER06-1 which became effective on January 29, 2006, to address an issue relating to protecting the secrecy of provisional ballots cast by voters using the Sequoia Touch Screen Voting System. Prior to the Division’s last filing of Rule 1S-2.037, F.A.C., for adoption, the Bureau of Voting Systems Certification had identified a significant obstacle with the application of the proposed rule and the forms during the Bureau’s testing of the Sequoia Voting System for compliance with the disability accessibility requirements of Title III of the Help America Vote Act and Section 101.56062, Florida Statutes. It was determined that the proposed rule and incorporated forms as applied to the Sequoia Touch Screen Voting System could not ensure the secrecy of the provisional ballot as required under state and federal law. If the provisional ballot procedures for touch screen voting systems and form DS DE 49 TS, entitled “Touch Screen, Provisional Ballot Voter’s Certificate and Affirmation,” or form DS DE 49 OT/TS, entitled “Optical Scan/Touch Screen, Provisional Ballot Voter’s Certificate and Affirmation” are used for the provisional ballot voter using the Sequoia Touch Screen Voting System, the provisional ballot identification number included on the certificate and affirmation will reveal a link between the identity of the voter and the vote cast when ballot image reports are generated. This problem was confirmed by the vendor for the Sequoia Touch Screen Voting System. In the interim, the Department had also learned that at least one county, Pinellas County that uses the Sequoia Touch Screen Voting System, was scheduled to hold municipal elections in March 2006. At least three other counties (Indian River, Palm Beach and Hillsborough) were potentially at risk if an election were to be scheduled within the next two to three months.

The timing of the discovery occurred at a point in which the Department could not toll Rule 1S-2.037, F.A.C., for adoption because of the administrative rulemaking deadlines. The Division proceeded with the adoption of the emergency rule with the intent to amend Rule 1S-2.037, F.A.C., to incorporate permanently the text of the emergency rule.

The Department of State, Division of Elections, is required to establish forms for Provisional Ballot Certificates and Affirmations to be used statewide. 2. The voter fills out the Provisional Ballot Voter’s Certificate and Affirmation using DS DE 50 Sequoia and provides it to the election official to witness.
3. The election official witnesses the voter’s signature and fills out the information on the back side of the envelope indicating the reason the voter is voting a provisional ballot.
4. The election official activates the voter card and writes the provisional ballot number from the card activator on a separate form using DS DE 50 Sequoia-A.
5. The voter verifies that the provisional ballot identification number on the form matches the ballot number from the card activator display.
6. The voter places the form with the ballot identification number in the Provisional Ballot envelope and seals the envelope.
7. The voter proceeds to the touch screen voting system and votes his or her provisional ballot.
8. At the close of the polls, all completed provisional ballot envelopes are returned to the supervisor of elections.

(c) Procedures during the canvassing process:
1. The canvassing board determines the eligibility of each provisional voter.

2. For each provisional voter that is determined to be eligible, the provisional ballot envelope shall be opened and the provisional ballot number shall be separated from the envelope containing the voter’s name to ensure that the voter’s name and provisional ballot number cannot be connected.

3. All ballots connected to the provisional ballot numbers for eligible voters shall be tabulated according to the procedures for tabulating ballots provided by the manufacturer.

4. For each provisional voter that is determined to be ineligible, the provisional ballot envelope shall not be opened and the Provisional Ballot Identification Number shall remain sealed in the envelope.

Proposed Rules

DEPARTMENT OF LEGAL AFFAIRS
RULE TITLE: RV Mediation and Arbitration Program; Qualification, Reporting, Disqualification, Manufacturer Conduct
RULE NO.: 2-41.001

PURPOSE AND EFFECT: The purpose of the proposed rule is to implement the statutory responsibilities of the Department of Legal Affairs for the qualification of a manufacturer-sponsored mediation and arbitration program for recreation vehicles, delineate circumstances that may result in a program not being qualified or in the disqualification of a qualified program, and implement the reporting requirements set forth in the statute for the program.

SUMMARY: The RV Mediation and Arbitration Program is a manufacturer-sponsored informal dispute resolution program to which consumers of new recreation vehicles are required to resort to obtain relief under Florida’s “Lemon Law,” provided such program is qualified by the Department of Legal Affairs. Prior to amendment by the 2005 Legislature, the program operated on a pilot basis. The rule is proposed to implement the statutory responsibilities of the Department related to qualification of a program, including establishing requirements for disqualification of a qualified program, and to delineate instances of manufacturer conduct that may result in the disqualification of a qualified program. The program is required by statute to report certain information to the Department and the proposed rule sets forth the information to be reported and the reporting intervals.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS: None.

Any person who wishes to provide information regarding the statement of estimated regulatory costs, or to provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

(1) Upon receipt of notice that an inmate has been committed to the Department or to a county jail for a parole eligible cumulative sentence of 12 months or more, the Commission shall schedule an initial interview for the inmate. Inmates shall be eligible for parole consideration on all sentences which were not imposed pursuant to Sentencing Guidelines. An inmate currently serving a sentence imposed pursuant to Sentencing Guidelines shall not be eligible for parole consideration upon a consecutive non-guidelines sentence until service of the latter sentence has begun. The following criteria shall be used in determining parole eligibility:

(a) Is the inmate confined solely as a result of a sentence or sentences imposed under Sentencing Guidelines? If the answer is yes, the inmate is not eligible for parole consideration. If the answer is no, then:

(b) Where the inmate is confined as a result of multiple sentences, at least one of which is a sentence imposed under Sentencing Guidelines, whether concurrent or consecutive, the inmate shall be eligible for parole consideration, and can be paroled to the incarceration portion of the sentence(s) imposed under Sentencing Guidelines.

(2) Inmates received into the custody of the Department of Corrections with sentences imposed under Sentencing Guidelines will be identified by the Department. Staff located in the Commission’s central office will then make parole eligibility determinations and assign parole interview dates.

(a) The initial parole interview date for a person whose parole is revoked shall be set by the Commission within six months of the revocation.

(b) The initial parole interview date for a parole violator returned to the Department’s custody with any new sentence(s) not imposed under Sentencing Guidelines shall be assigned by staff according to current interview scheduling procedures set forth in subsection (3) herein.

(c) In the event an inmate is scheduled for an initial or subsequent biennial (subsequent) interview and is not in the Department’s custody at that time, the examiner shall prepare a transaction sheet reflecting same and the case shall be rescheduled for the appropriate interview within 90 days in four (4) months.

(d) If the inmate exits the system while still under the service of an active commitment and is returned to the Department’s custody with a new sentence(s), the following action will be taken by the examiner at the time of interview:

1. New sentence(s) imposed solely under Sentencing Guidelines. If no PPRD was established prior to the inmate exiting the system, the inmate shall be afforded an initial interview at the next regularly scheduled interview date. In establishing a recommended PPRD, the sentence(s), including sentences to time served of 60 days or more, imposed under Sentencing Guidelines shall not be scored, but may be treated as information for possible use as aggravation. If a PPRD was established prior to the inmate exiting the system, the existing PPRD shall be vacated and an initial interview shall be provided herein.

2. New sentences imposed, one of which is a sentence imposed under Sentencing Guidelines. If no PPRD was established prior to the inmate exiting the system, the inmate shall be afforded an initial interview at the next regularly scheduled interview date. In calculating a recommended PPRD, the examiner shall apply current rules of aggregation on sentences that are not imposed under Sentencing Guidelines. Sentences of 60 days or more, including sentences of time served, imposed under Sentencing Guidelines qualify as information for use as possible aggravation. If a PPRD was established prior to the inmate exiting the system, the existing PPRD shall be vacated and an initial interview shall be provided herein.

(3) Parole revocation with a new felony or misdemeanor conviction: Inmates whose parole is revoked after conviction for a new felony or misdemeanor offense, and who are committed to a jail, stockade or correctional institution will be considered under these guidelines as a new admission and the Commission can use concurrent new commitments as aggravation or aggregation in the establishment of a presumptive parole release date. If the inmate is found to be eligible for consideration for parole on the ensuing sentence(s) the Commission shall aggregate. Further, the Commission shall aggregate or aggregate each consecutive sentence.

(4) Conviction for crimes committed while incarcerated: Escape or any other crime committed during incarceration with an ensuing conviction and sentence vacates any previously established presumptive parole release date and shall cause the inmate to be considered a new admission. If the inmate is found to be eligible for consideration for parole on the ensuing sentence(s) the Commission shall aggregate. If the inmate’s ensuing sentence(s) are not parole eligible, the Commission can use these new commitments as aggravation in the establishment of a new presumptive parole release date.

(5)(4) Initial interviews for parole eligible inmates shall be scheduled as follows:

(a) For inmates convicted on or before April 19, 1982, in order to meet statutory time frames, inmates serving an indeterminate sentence or a sentence of 5 years or less shall be scheduled for initial interview not later than the end of the 5th month from the initial date of confinement in execution of the judgment of the Court and inmates serving sentences in excess of 5 years shall be scheduled for initial interview not later than the end of the 10th month from the initial date of confinement in execution of the judgment of the Court. Any inmate may freely and voluntarily waive in writing before a parole examiner or Department’s classification officer the initial interview.
(b) For inmates convicted on or after April 20, 1982, the following schedule shall apply:

1. Inmates sentenced to an indeterminate term or a term of 3 or less years or who have been sentenced under the provisions of the Youthful Offender Act or are determined to be youthful offenders by the Department shall have their initial interview scheduled within 7 months of the initial date of confinement in execution of the judgment of the Court.

4. Inmates sentenced for a term of life shall have their initial interview scheduled within 59 months after the initial date of confinement in execution of the judgment of the Court.

5. Inmates sentenced to serve a mandatory minimum sentence shall be scheduled for an initial interview from the initial date of confinement in execution of the judgment of the Court as follows:

a. Inmates serving a minimum mandatory term of 7 years or less shall be scheduled for an initial interview within 6 months of the expiration of the mandatory portion of the term;

b. Inmates serving a minimum mandatory term in excess of 7 years but less than 15 years shall be scheduled for an initial interview within 12 months of the expiration of the mandatory portion of the term;

c. Inmates serving a minimum mandatory term of 15 years or more shall be scheduled for an initial interview within 18 months of the expiration of the mandatory portion of the term.

6. Inmates designated mentally disabled sex offenders shall be scheduled for an initial interview within 90 days of receiving written notification from the Department of the need for such interview and that all investigative reports deemed necessary by the Commission are available for examination in the inmate’s file.

7. Any inmate who is adjudicated incompetent pursuant to statutes shall be scheduled for an initial interview within 90 days of the date the Commission receives written notice from the Court that mental competency has been restored.

8. Inmates serving sentences imposed by a court of this state in a facility outside the confines of this state shall not be scheduled for any interview but, when the Chair is made aware of that situation, he shall cause a parole examiner to request the summary of information from the inmate’s file from the other jurisdiction for the purpose of recommending a presumptive or effective parole release date and the Commission shall establish the dates based on the written recommendation and pertinent file information. The Commission, at its discretion, may react to supplemental written information on any inmate serving a sentence in another jurisdiction with regard to mitigating or extending an established presumptive parole release date or may concur with the parole release decision of the jurisdiction granting parole and accepting supervision.

8. The Commission may, by a vote of a quorum, request an initial interview earlier than scheduled except in cases where the inmate is serving a minimum mandatory term.

(6)(4) Postponement or deferral of initial interview, for inmates convicted on or after April 20, 1982.

(a) A regularly scheduled initial interview may be postponed for a period not to exceed 90 days for good cause which shall include but not be limited to securing from the Department a copy of the inmate’s presentence or postsentence investigation report, a parole or probation violation report or whatever other information is deemed necessary to conduct the initial interview. The reasons for postponement shall be noted in writing, included in the offender’s institution file and forwarded to the Commission Headquarters for subsequent rescheduling and to be included in the Department’s central office offender’s file.

(b) A regularly scheduled initial interview may be deferred as follows:

1. Inmates who are out to court when the initial interview is scheduled. Upon notification by the Department that the inmate has been returned from Court without a new commitment, the initial interview shall be conducted no later than 90 days after the date of receipt of the written notification of return. Inmates who have received a new commitment shall be scheduled for an initial interview pursuant to these rules.

2. Initial interviews for inmates who are confined in any appropriate treatment facility by virtue of transfer by the Department may be deferred and shall result in the rescheduling of the initial interview no later than 90 days after receipt of written notice from the Department that the inmate has been returned to their custody. Inmates designated Mentally Disabled Sex Offenders are not included in this deferral procedure.

7. Inmates convicted of capital crimes on or before April 19, 1982, shall be interviewed as follows:

(a) Inmates serving life sentences for capital crimes with twenty-five years minimum mandatory sentences will be interviewed within the last eighteen months before the expiration of the mandatory portion of the sentence. To calculate the interview date, begin with the most recent date of sentence for the capital felony, add twenty-five years representing the mandatory portion of the sentence, subtract the jail credit awarded by the court, add in any out time for post-conviction bond or escape and then subtract 18 months. The inmate will not be interviewed before the resulting date.

(b) Inmates serving sentences for capital crimes who do not have minimum mandatory sentences will be interviewed within one year of receipt by the Department or when they may be statutorily eligible for parole consideration.
(c) Inmates under death sentences will not be interviewed nor considered for parole.

(8) Inmates convicted of capital crimes on or after April 20, 1982, shall be scheduled for an initial interview as provided in these rules.

(9) The initial interview shall be in two parts. In Part I, the parole examiner shall determine whether the inmate is eligible for consideration for parole. The determination shall be based upon the following matters:

(a) Is the inmate confined in execution of the judgment and sentence of the court; that is, is there a judgment and sentence in the inmate’s Department file which indicates a sentence of twelve months or more or which indicates an indeterminate sentence? If the answer is no, then the parole examiner shall postpone the interview for sixty days and notify the Commission Director of Parole Grant by telephone and within twenty-four hours by mail the reason for postponement. If the answer is yes, then,

(b) For inmates subject to incarceration as a condition of probation, the following matters shall be determined:

1. Is the inmate confined solely as the result of a commitment where his incarceration is a condition of probation? If the answer is yes, the inmate shall be advised that he is not eligible for consideration for parole. If the answer is no, then,

2. Where the inmate has multiple commitments, at least one of which is a concurrent commitment where his current incarceration is a condition of probation, and at least one of which is a non-probationary commitment which will expire subsequent to the expiration of the condition of incarceration, the inmate shall not be ineligible for parole on that account, but shall have a presumptive parole release date established beyond the expiration date of the condition of probation.

3. Where the inmate has multiple commitments, at least one of which is a consecutive commitment where his incarceration is a condition of probation, the inmate shall not be ineligible for parole to the incarceration portion of his probation on that account.

(c) Is the inmate’s record during confinement good? If the answer is no, then the interview is at an end. The recommendation of the parole examiner shall be to reschedule the interview within six months; if the answer is yes, then, proceed with part II of the initial interview as set forth in subsection 23-21.006(8), F.A.C. Record during confinement is good means that within the three months preceding the initial interview, an inmate has:

1. Neither pending nor processed disciplinary actions which may result in the loss of gain-time or placement in disciplinary confinement. For the purpose of this section, pending means a formal disciplinary report document has been created by the Department; and

2. No pending court prosecutions in any Florida court. For purposes of this section, detainers that are not being actively pursued are not to be considered a pending court prosecution; and

3. No reclassification actions raising custody classification, transferring to a higher custody or level institution, transferring to close management status; and

4. No terminations of community work release for cause; and

5. No pending revocation proceedings or entries of a Commission order revoking parole.

(10) Part II of the initial interview. The parole examiner shall explain to the inmate the scoring of the inmate’s salient factor score and the severity of his offense behavior. The parole examiner shall discuss the inmate’s individualized institutional conduct record and explain the requirements of a satisfactory release plan for parole supervision and how those factors can impact on his parole release. The parole examiner will record any direct input offered by the Department’s representative, if present during the interview. The parole examiner shall discuss any aggravating or mitigating factors with the inmate. The parole examiner shall explain the calculation of time in custody. At the close of the interview, the inmate shall be orally informed of the examiner’s final recommendation and that only a quorum may establish his or her presumptive parole release date. The inmate shall be requested to sign a statement which is an acknowledgment that the inmate was present during the initial interview and was verbally advised of the recommendation in his case.

(11) The parole examiner shall reduce the oral recommendation for parole, salient factor score, severity of offense behavior, aggravation, mitigation, time in custody calculation and the recommended presumptive parole release date to writing and, within 10 days of the initial interview, forward those written recommendations to the Commission’s headquarters.

(12) Inmates serving parole-eligible sentences imposed by a court of this state in a facility outside the confines of this state shall not be scheduled for an in-person initial interview with a Florida parole examiner, but are entitled to establishment of a presumptive parole release date in accordance with the same time frames provided for inmates confined in Florida.

(a) If the inmate was sentenced in Florida, but was transferred to another state before entering the custody of the Department of Corrections, the Commission will not be aware of the parole eligible sentence unless the inmate or another individual or entity notifies the Commission. Upon such notification, the Commission shall obtain the commitment package from the sentencing court in Florida and begin the parole review process. Inmates who are received into the custody of the Florida Department of Corrections and later transferred to another state will have had a Commission review of parole eligibility upon their commitment in Florida.
(b) At the time the out-of-state inmate would have been scheduled for an initial interview if confined in Florida, the parole examiner will request a summary of information from the inmate’s file from the other jurisdiction. The examiner will review the inmate’s commitment papers and institutional progress. If the examiner determines that the inmate is presently eligible for consideration for parole, the examiner will record recommendations for the inmate’s salient factor score, severity of offense behavior, and any aggravating/mitigating factors. The parole examiner’s recommendation will be forwarded to the case manager of the prison where the inmate is incarcerated with a request that the inmate be called out and allowed to review the parole examiner’s recommendation. The inmate should be asked to sign an acknowledgment of the interview and give an input statement for consideration by the Commission. If questions arise about the formulation of the PPRD, the case manager is encouraged to contact the examiner directly. If prison regulations permit, the parole examiner may choose to discuss the PPRD recommendation directly with the inmate by telephone. The parole examiner must telephonically notify any inmate convicted on or before April 19, 1982, of the PPRD recommendation. Within 10 days of the parole examiner receiving the acknowledgment of interview signed by the inmate or witnessed by the case manager, the parole examiner will forward the recommendation along with acknowledgment of interview and any input statement to the Commission’s headquarters.

(13) Upon receipt of the parole examiner’s recommendations, the Chairman or designee shall assign them to a quorum for decision making.

(14) Within ninety days of the initial interview, the quorum shall reach a decision and notify the inmate of each recommendation made by a parole examiner and shall, based upon competent and persuasive evidence, determine whether the inmate is eligible for consideration for parole.

(a) If the parole examiner’s recommendation was that the inmate was not eligible for consideration for parole, and, as a result, the parole examiner did not forward a written recommendation for a presumptive parole release date, the quorum may remand the matter to the parole examiner for immediate consummation of the initial interview and written recommendation for a presumptive parole release date.

(b) If the parole examiner’s recommendation was that the inmate was eligible for consideration for parole and the parole examiner forwarded a written recommendation for a presumptive parole release date, the quorum shall:

1. Either establish a presumptive parole release date and inform the inmate in writing of its decision regarding the salient factor score, severity of offense behavior, aggravating or mitigating factors with individual particularity, calculation of time, and the established presumptive parole release date; or,

2. Determine that the inmate is not eligible for consideration for parole, and inform the inmate in writing as to the reasons for ineligibility and reschedule an initial interview for the inmate at an appropriate time.

(15) Presumptive Parole Release Date exceeds expiration of sentence: Pursuant to these rules, the Commission shall establish a presumptive parole release date for inmates found to be eligible for parole consideration. If the established presumptive parole release date exceeds the expiration of sentence date, that date shall not incarcerate the inmate past the expiration of his sentence.

23-21.007 Salient Factor Scoring.

Salient factors (1) through (6) shall be calculated on the inmate’s criminal record.

(1) NUMBER OF PRIOR CRIMINAL CONVICTIONS:

(a) Juvenile offenses, juvenile incarcerations, and misdemeanor convictions do not constitute criteria to be used in determining Recidivist Criminal Factor. Further, individual felony convictions within a single criminal episode resulting in the entire criminal episode being considered one prior felony conviction when computing the Recidivist Criminal Factor. Inmates who meet the criteria of the Recidivist Criminal Factor shall not be scored on the remaining six factors as the inmate automatically falls within the Recidivist Criminal Factor time ranges on the matrix. Once an inmate is found to meet the criteria to be scored in the Recidivist Criminal Factor time ranges, all rescoring on subsequent incarcerations must also fall in the Recidivist Criminal Factor time ranges.

(b) For purposes of scoring this item, do not count vagrancy, loitering, disorderly conduct, disturbing the peace, public drunkenness, disorderly intoxication, violations of local ordinances which would not constitute violations of State Law and noncriminal traffic infractions as prior criminal record. Convictions for prowling, trespassing, criminal mischief, malicious mischief, criminal contempt of court and failure to appear, shall be counted. Serious vehicular convictions which shall include but not be limited to driving while intoxicated or hit and run, shall be counted as prior criminal record.

(c) Count all prior juvenile sanctions which would have been criminal if committed by an adult. Do not count “status offenses,” for example runaway, truancy, habitual disobedience, as prior criminal record. This does not, however, preclude a Hearing Examiner nor a quorum from considering such behavior as a negative indicant of parole prognosis.

(d) Count all prior military criminal convictions which would have been subject to civilian criminal law. Do not count military convictions for strictly military type offenses. However, this does not preclude considering serious misconduct as a negative indicant of parole prognosis.
(e) Count all pleas of guilty, pleas of nolo contendere or convictions which result from criminal offenses committed while on bail or probation for the present offense of conviction. Conduct resulting in diversion from the judicial process without a plea of guilty or a plea of nolo contendere or a specific finding of guilt, deferred prosecution, pretrial intervention, probation without plea, is not counted in scoring this item.

(f) Do not count the present state conviction or conviction resulting from the present offense behavior as a prior criminal record.

(g) Do not count convictions when adjudication is withheld, unless a sanction is imposed.

(h)(g) Setting aside or removal of juvenile or youth convictions or adjudications is normally for civil purposes. Such convictions or adjudications are to be counted as prior criminal record when assessing parole risk. Adult convictions which were set aside or pardoned on grounds of innocence are not to be counted. Convictions which were reversed on appeal or via post-conviction relief are not to be counted unless a retrial resulted in conviction or convictions.

(i)(h) If an inmate has maintained a conviction-free record in the community and has not been incarcerated or under court ordered or post release supervision for a period of ten consecutive years, the criminal record prior to the ten-year period shall not be counted for any salient factor. This shall not prevent consideration of such behavior as a negative indicant of parole prognosis. A substantial conviction-free period in the community not amounting to ten years may be considered as a positive indicant of parole prognosis.

(2) NUMBER OF PRIOR INCARCERATIONS:

Recidivist Criminal Factor as defined = RCF
Three or more prior convictions = 2 Points
One or Two prior convictions = 1 Point
No prior convictions = 0 Points
Two or more prior incarcerations = 2 Points
One prior incarceration = 1 Point
No prior incarceration = 0 Points

(a) For purposes of this item, count only imposed incarcerations of sixty days or more.

(b) Count all prior incarcerations, including commitments and placements in residential juvenile facilities resulting from a sentence imposed for a conviction.

(c) Count only incarcerations that were actually imposed; do not count confinement pending trial or adjudication as an incarceration unless the sentence was specifically to “time served.” Concurrent or consecutive sentences for offenses in the same criminal episode are to be counted as a single incarceration.

(d) Count only incarcerations which were imposed and served prior to the receipt by commitment for the present offense of conviction. Incarcerations which were imposed after the commission of the present offense of conviction are not counted for purposes of this item; unless the incarceration resulted from a criminal offense committed while on bail or probation for the present offense of conviction. This does not preclude considering the commission of additional offenses as a negative indicant of parole prognosis.

(e) Incarcerations resulting from convictions which were set aside or pardoned on grounds of innocence are not to be counted nor are incarcerations imposed as a condition of probation.

(3) TOTAL TIME SERVED IN YEARS:

Two or more years served = 2 Points
Up to two years served = 1 Point
No time previously served = 0 Points

(a) Count all time imposed for all prior incarcerations for 60 days or more. Months or days should be aggregated to form years or fractions thereof.

(b) Score 2 if the total time served for all prior incarcerations is 2.0 years or longer.

(c) Score 1 if the total time served for all prior incarcerations is less than 2.0 years but more than 60 days.

(d) Score 0 if there are no prior incarcerations.

(e) Do not count time served on a conviction which was later set aside or pardoned on grounds of innocence or was an incarceration imposed as a condition of probation.

(4) AGE AT OFFENSE WHICH LED TO THE FIRST INCARCERATION:

17 Years or younger = 2 Points
18 – 25 Years = 1 Point
26 Years or older = 0 Points

(a) Score 2 points if the inmate was less than 18 years of age at the time of the offense which led to the inmate’s first incarceration.

(b) Score 1 point if the inmate was 18 through 25 years old at the time of the offense which led to the inmate’s first incarceration.

(c) Score 0 points if the inmate was 26 years old or older at the time of the offense which led to the inmate’s first incarceration.

(d) For purposes of this item, count only commitments in which the sentence imposed was for 60 days or more.

(e) For the purposes of this item, if the inmate was placed on probation which later was revoked, use the age of the inmate on the date of the behavior leading to revocation. Do not use the age of the defendant at the time of the offense which led to the probation.

(f) Do not consider age at time of commission of any offense for which conviction was later set aside or pardoned on grounds of innocence when computing this factor.
(5) NUMBER OF PROBATION, PAROLE OR MCR REVOCATIONS:
One or more revocations = 1 Point
No revocation = 0 Points

(a) For purposes of this item, “parole” includes mandatory conditional release (MCR), conditional release, control release, conditional medical release, addiction recovery supervision, and compulsory conditional release (CCR).

(b) Score 1 if the inmate has ever had parole revoked or if the inmate has ever had an adult probation revoked. However, do not count probation revocations which do not result in a sentence to incarceration for the offense for which probation was served.

(c) Score 0 if the inmate has never had parole or probation revoked; if the inmate has only had juvenile probation revoked; or if the inmate’s only adult probation revocation did not result in a sentence to incarceration.

(d) Do not consider any parole revocation on a conviction which was later set aside or pardoned on grounds of innocence.

(e) More than one revocation of probation, parole, CCR or MCR shall be considered as a negative indicant of parole prognosis, and may be used as an aggravating factor.

(6) NUMBER OF PRIOR ESCAPE CONVICTIONS:
One or more prior escape conviction(s) = 1 Point
No prior escape conviction = 0 Points

(a) Score 1 if the inmate has ever been convicted of escape prior to the present offense of conviction.

(b) Score 0 if the inmate has no prior escape conviction.

(7) BURGLARY OR BREAKING AND ENTERING AS THE PRESENT OFFENSE OF CONVICTION:
Present Offense of Conviction includes a conviction for burglary or breaking and entering = 1 point
Otherwise = 0 Points

(a) Score 1 if the present offense of conviction for which the inmate has been convicted includes burglary or breaking and entering, whether or not a sentence to incarceration was imposed. Such conviction shall not form the basis for a decision outside the matrix time range.

(b) Score 0 if the present offense of conviction is not burglary or breaking and entering. Do not point convictions for entering without breaking, attempted burglary, attempted breaking and entering or possession of burglary tools.

(c) More than one conviction for burglary or breaking and entering may be considered as the basis for a decision outside the matrix time range as a negative indicant of parole prognosis.

(d) Do not score 1 point if the conviction of burglary or breaking and entering is a consecutive sentence. Such consecutive sentence shall be considered a negative indicant of parole prognosis and the basis for a decision outside the matrix time range.
that those are the only situations in which a recommendation of aggravation or mitigation may be considered by a parole examiner, nor does it mean that a recommendation of aggravation or mitigation is mandated for every such case. The Commission’s adoption of a parole examiner’s recommendation without change adopts the parole examiner’s explanation of aggravation or mitigation. Additionally, the Commission is free to consider and apply aggravation or mitigation regardless of whether the parole examiner’s recommendation included the same and the Commission is free to disregard any recommendation by the parole examiner and independently recompute the Salient Factor Score, Severity of Offense Behavior and apply any aggravation or mitigation deemed necessary as long as the inmate receives in writing an explanation of such decision with individual particularity.

(5) Following are examples of situations in which a parole examiner or the quorum may wish to consider a recommendation of aggravation or mitigation. However, these are only examples and the Commission is not limited to only these examples as long as a written explanation of the factor is provided to the inmate:

(a) Aggravation – Decisions above the matrix time range:

1. Reasons related to aggravation of the severity of offense behavior can include:
   a. The offense involved the use of a firearm or dangerous weapon;
   b. The offense resulted in great bodily injury or pecuniary loss;
   c. The offense involved multiple victims or knowingly created a great risk of bodily injury or death to many people;
   d. The offense involved exceptionally brutal or heinous behavior indicative of wanton cruelty;
   e. The offense was part of a large-scale organized scheme of criminal conspiracy;
   f. The offense was committed against a victim known to be particularly vulnerable, such as elderly persons, physically or mentally handicapped persons, children;
   g. The offense was committed in an unusually sophisticated manner;
   h. Any additional offenses; The offense involved multiple separate offenses;

i. The inmate committed an offense while holding public office and the offense was related to his conduct in office;

j. The inmate committed an offense using his professional reputation or position in the community to effectuate the offense or to afford him an easier means of perpetrating it;

k. The inmate committed an offense for the purpose of avoiding or preventing a lawful arrest or effecting an escape;

2. Reasons related to likelihood of favorable parole outcome, negative indicants of parole prognosis can include:
   a. The offense was committed while on bond, after bond was entreated or on release on recognizance;
   b. The inmate has a history of alcohol or narcotics abuse;
   c. The inmate has a history of assaultive or violent behavior;
   d. The inmate has failed or refused to make restitution when he was able to do so;

(b) Mitigation – Decisions below the matrix time range:

1. Reasons related to mitigation of severity of offense behavior can include:
   a. The crime neither caused nor threatened serious harm to persons nor property, or the inmate did not contemplate it would do so;
   b. The inmate committing the crime was of such a young age as to diminish his capacity to fully understand the seriousness of his action and its direct consequences;
   c. The victim of the crime induced or facilitated the offense;
   d. There is substantial evidence tending to excuse or justify the crime, though failing to establish a defense;
   e. The inmate acted under strong provocation or duress;
   f. The inmate had only a peripheral role in the crime;
   g. The inmate had diminished mental capacity to contemplate the seriousness of the offense;
   h. There is confirmed evidence that the inmate attempted to withdraw prior to completion of the offense or attempted to make restitution prior to the discovery of the offense;
   i. The inmate genuinely believed he had a claim of right (property offenses only);

2. Reasons related to likelihood of favorable parole outcome, positive indicants of parole prognosis can include:
   a. The inmate has led a law-abiding life for a substantial period before commission of the crime;
   b. The inmate’s past offenses were of a trivial nature;
   c. The inmate has the availability of extremely strong community resources;
   d. The inmate has made restitution to the victim of this crime for the injury, damage, or loss sustained;
   e. The inmate has a poor medical prognosis;
   f. The inmate has provided substantial cooperation to the government which has been otherwise unrewarded;
   g. The inmate has served, or faces a substantial period of incarceration for other offenses;

h. The inmate has made a record of clearly exceptional program achievement; (This factor would normally not be applied at the time of the initial interview but may be applicable after a substantial period of incarceration)

i. The inmate is an alien and faces deportation under a deportation order or detainer which has been formally entered by the United States Immigration and Naturalization Service;

j. The inmate has spent a long period of incarceration in another jurisdiction(s).

Time in custody means only time in actual physical custody for the present offense of conviction. Time out of incarceration shall be part of the calculation of time in custody. Time out shall include but not be limited to bail, superseded bond, escape, unauthorized absence from official custody, parole or MCR not credited by the Commission, or Federal Witness Protection and must be considered before a presumptive parole release date is established. Following are the procedures to be followed in calculating time in custody for single conviction commitments, multiple conviction commitments and cases where aggregation applies:

(1) Single Conviction Commitments:

(a) From the inmate’s judgment and sentence document, determine the date of sentencing of the present offense of conviction.

(b) From the judgment and sentence document, determine the amount of county jail credit the Court awarded the inmate.

(c) Subtract from the date of sentence the Court awarded county jail credit. This will reflect the date the inmate was in actual physical custody as determined by the Court.

(d) Subtract any credit awarded by the Commission.

(e) Subtract from the date of each sentence the Court awarded county jail credit. This will reflect the date the inmate was in actual physical custody as determined by the Court.

(2) Multiple Conviction Commitments:

(a) From the inmate’s judgment and sentence document, determine the date of sentencing of the present offense of conviction.

(b) From the judgment and sentence document, determine the amount of county jail credit the Court awarded the inmate.

(c) Subtract from the date of sentence the Court awarded county jail credit. This will reflect the date the inmate was in actual physical custody as determined by the Court.

(d) Subtract any credit awarded by the Commission.

(e) Subtract from the date of each sentence the Court awarded county jail credit. This will reflect the date the inmate was in actual physical custody as determined by the Court.

(f) Subtract any credit awarded by the Commission.

(3) Aggregation is intended to serve as a mechanism for uniformly evaluating criminal episodes which occur prior to discharge from incarceration or parole. When an examiner finds at an initial interview that an inmate has more than one criminal episode which occurred prior to his discharge from incarceration or parole, the examiner shall aggregate each applicable criminal episode’s present commitment. Inasmuch as all sentences must be considered for parole consideration, when an inmate has expired commitments without intervening periods of discharge from incarceration or parole, including sentences to “time served,” resulting from previous criminal episodes, such expired commitments shall be considered present commitments for purposes of aggregation.

In the event the Commission does not revoke parole, such present commitment or commitment on which the inmate was paroled shall not be subject to aggregation.

(1) An inmate can request one review of each initial presumptive parole release date established according to Section 947.173(1), F.S., if the inmate shows cause in writing, with individual particularities, within sixty (60) days after the date the inmate is notified of the establishment of decision on the presumptive parole release date. In that request for review, the inmate must address every matter with which he takes issue or exception. The Commission shall accept the request for review either from the inmate, from the inmate’s attorney or from a person with a power of attorney from the inmate. The request for review may be submitted on form PCG-5, which is hereby incorporated by reference. However, the Commission shall not require any particular form for the request for review. The following matters must be included:

(a) Inmate name and Department of Corrections Prison Number;

(b) Inmate’s established presumptive parole release date;

(c) The case specific materials of which the inmate is requesting review:

1. Salient Factor Scoring;

2. Severity of Offense Behavior;
3. Aggravating or Mitigating Factors;
   (d) The relief sought by the inmate.
   (e) The inmate can submit any written or printed evidence purporting to be an official court record. However, any such evidence shall be verified by the Commission and if verification proves any portion of the printed evidence to be invalid or false, the Commission shall inform the proper State Attorney.

(2) The Commission shall not entertain requests for review on any other Commission action review on any action regarding any action on biennial, effective, or special interviews.

(3) The Commission shall not entertain administrative review requests of full Commission actions declining to authorize effective parole release dates.

Specific Authority 947.07 FS. Law Implemented 947.173 FS. History–New 9-10-81, Amended 10-1-82, Formerly 23-21.12, Amended 1-26-93, 1-5-94.

(1) The Commission Director of Parole Grant shall schedule a subsequent biennial interview for every eligible inmate as follows: within 2 years of the month of the inmate's initial interview. Subsequent interviews will be scheduled every 22 months, unless otherwise specified by a panel or full Commission.

(a) For any inmate, except an inmate convicted of an offense enumerated in paragraph (b), whose presumptive parole release date falls more than 2 years after the date of the initial interview, the Commission shall schedule a subsequent interview to take place within 2 years after the initial interview and at least every 2 years thereafter.

(b) For any inmate convicted of murder, attempted murder, sexual battery, attempted sexual battery, or who has been sentenced to a 25-year minimum mandatory sentence as previously provided in Section 775.082, F.S., and whose presumptive parole release date is more than 5 years after the date of the initial interview, the Commission shall schedule a subsequent interview to take place within 5 years after the initial interview and at least every 5 years thereafter if the Commission finds that it is not reasonable to expect that parole will be granted at a hearing during the following years and states the bases for the finding in writing.

(2) The parole examiner shall review the inmate's institutional file to and determine if there is new information since the previous interview whether or not new information has been added since the date of the initial interview. Such new information shall include new court actions; successful appeals of court actions; prison progress reports; disciplinary reports; psychological or psychiatric reports; gain-time and extra gain-time awards; vocational training or treatment programs successfully completed, in progress or abandoned; educational accomplishments or abandonments; work release or terminations of work release; pardons, sentence commutations, or expunctions of record, and any other aggravating or mitigating factors which were not included in the institutional file at the time of the previous initial interview.

(3) Vacation of presumptive or effective parole release date: The exiting of an inmate from the incarceration portion of his sentence, which shall include bond, escape, expiration of sentence, or transfer to a mental health facility, shall vacate any established presumptive parole release date. Any subsequent return to incarceration shall require an initial interview to establish a presumptive parole release date. Provided, however, inmates returning to court for modification of a previously imposed sentence or as witnesses shall not have their presumptive parole release dates vacated. Inmates returning to courts outside of Florida’s jurisdiction, i.e., Federal or other state, shall not have their presumptive parole release dates vacated. However, information resulting from disposition of cases in court may be used as new information in accordance with applicable law and these rules. Inmates transferred to a Mentally Disordered Sexual Offender Program shall not have their presumptive parole release dates vacated. Inmates may waive biennial interview by preparing a written statement or by appearing before the parole examiner and announcing in person their waiver. In the event an inmate waives his biennial interview the parole examiner will review the contents of the institutional file and may formulate a recommendation based on the factors that could have been considered in the conduct of the biennial interview.

(4) The parole examiner shall discuss the information with the inmate and any Departmental representative. The Department’s Representative, if present, will be contacted and allowed to provide enter the Department’s recommendation directly on the biennial interview form and subsequently return that form to the parole examiner during the interview. The inmate will also be allowed to provide the parole examiner comments on the form or may ask the examiner to attach material(s) which the inmate wants the Commission to consider. Finally, The parole examiner shall request the inmate sign an acknowledgment that the inmate was present during the biennial subsequent interview and the examiner shall inform the inmate orally of the examiner’s final recommendation. The parole examiner shall reduce the recommendation to writing and send it to the Chair within 10 days of the interview.

(5) For inmates serving parole-eligible sentences imposed by a court of this state and housed in a facility outside Florida, the Commission shall request, through the Department of Corrections’ Interstate Compact Office, an inmate progress report and any additional information the Commission needs from the other state. The Department of Corrections shall forward the Commission's Inmate Input Form to the other state. The Department of Corrections' Interstate Compact Office, an inmate progress report and any additional information the Commission needs from the other state. The Department of Corrections shall forward the Commission’s Inmate Input Form to the other state. The Department of Corrections’ Interstate Compact Office, an inmate progress report and any additional information the Commission needs from the other state. The Department of Corrections shall forward the Commission’s Inmate Input Form to the other state. The Department of Corrections’ Interstate Compact Office, an inmate progress report and any additional information the Commission needs from the other state.
recommendation to writing and send it to the Chair within 10 days of receipt of the out-of-state materials. The parole examiner shall reduce to writing its determination of matters it believes to be new information and shall recommend that the new information should:

(a) have no effect on the presumptive parole release date; or

(b) Have effect on the presumptive parole release date and should add or subtract an appropriate number of months to the presumptive parole release date. The parole examiner’s recommendation shall be sent to the Chair within 10 days of the biennial interview and the Chair shall assign the matter to a quorum.

(6) Within ninety days following the subsequent biennial interview or receipt of the out-of-state materials, the quorum shall reach a decision on each biennial recommendation made by the parole examiner and notify the inmate of the decision. Based upon competent and persuasive evidence, the quorum may accept or reject the parole examiner’s recommendation and may independently determine whether or not information has been gathered which affects the inmate’s presumptive parole release date.

(7) Inmates may waive a subsequent interview by preparing a written statement or by appearing before the parole examiner and announcing the waiver in person. If an inmate waives his subsequent interview the parole examiner will review the contents of the institutional file and will formulate a recommendation based on the factors that could have been considered in the conduct of the subsequent interview.

The parole recommendation made shall be completed on an effective interview. The parole examiner shall reduce to writing its determination of matters it believes to be new information and shall recommend that the new information:

(a) have no effect on the presumptive parole release date; or

(b) Have effect on the presumptive parole release date and should add or subtract an appropriate number of months to the presumptive parole release date. The parole examiner’s recommendation shall be sent to the Chair within 10 days of the biennial interview and the Chair shall assign the matter to a quorum.

(6) Within ninety days following the subsequent biennial interview or receipt of the out-of-state materials, the quorum shall reach a decision on each biennial recommendation made by the parole examiner and notify the inmate of the decision. Based upon competent and persuasive evidence, the quorum may accept or reject the parole examiner’s recommendation and may independently determine whether or not information has been gathered which affects the inmate’s presumptive parole release date.

(7) Inmates may waive a subsequent interview by preparing a written statement or by appearing before the parole examiner and announcing the waiver in person. If an inmate waives his subsequent interview the parole examiner will review the contents of the institutional file and will formulate a recommendation based on the factors that could have been considered in the conduct of the subsequent interview.

23-21.014 Special Interviews.

(1) The Commission or a quorum may instruct a parole examiner to conduct a special interview at any time during the incarceration portion of an inmate’s sentence. Such instruction shall contain a written statement setting forth the reason for the special interview and shall be made a part of the inmate’s Department file. The specific instruction, as well as any new information, shall be considered by the parole examiner when making a recommendation to the Commission.

(2) The recommendation of the parole examiner shall be forwarded to the Commission and a the quorum shall inform the inmate in writing of its decision regarding the presumptive parole release date within ninety days of the special interview.

(3) The Department of Corrections may recommend a special interview or mitigation of an inmate’s presumptive parole release date. If the Department makes such a recommendation, staff will docket that recommendation for the Commission’s consideration. The recommendation will be made directly to the Regional Administrator, who in turn will immediately schedule the recommended inmate for interview. Following the conduct of this interview, the parole examiner will submit the Department of Corrections recommendation and his interview worksheets to the Commission for action. The Commission will consider the recommendation and determine whether to notice the court of the Commission’s intent to parole without an effective parole release date interview, pursuant to Section 947.1745, F.S.

(4) The Department of Corrections can recommend mitigation of an inmate’s presumptive parole release date via a Department of Corrections Progress Report according to the following procedures:

(a) The Department will include in a full Progress Report specific reasons that justify a change in the present PPRD. The Progress Report will update the inmate’s progress since the last parole interview and shall include:

1. What the inmate has done to benefit himself in self betterment programs;

2. The inmate’s work assignments and whether the assigned work has been critical to the operation of the institution or future employment opportunities;

3. The inmate’s adjustment within the institution, citing gain time earned and/or withheld with reasons for award/forfeiture;

4. The inmate’s release plan including proposed residence and employment and whether the plan has been verified.

(b) Upon receipt of the Progress Report recommending mitigation of the PPRD transmitted by Department of Corrections Central Office staff, the Commission will docket the case for panel action.

(c) The panel can act upon the recommendation for mitigation without provision of a Special Interview. Under no circumstances, however, will this policy negate provision of an effective interview.

23-21.015 Effective Parole Release Date Interview Procedure.

(1) Within ninety (90) days before the effective parole release date interview, the Commission shall send written notice to the sentencing judge of any inmate who has been scheduled for an effective parole release date interview. If the sentencing judge is no longer serving, the notice must be sent to the chief judge of the circuit in which the offender was sentenced. The chief judge can designate any circuit judge to act in place of the sentencing judge. Within thirty (30) days after receipt of the Commission’s notice, the sentencing judge or the designee shall send to the Commission notice of objection to parole release, if the judge objects to such release. If there is objection by the judge such objection may constitute good cause in exceptional circumstances as
described in Section 947.173, F.S., and the Commission can schedule a subsequent interview per Rule 23-21.013, F.A.C., within two (2) years, extending the presumptive parole release date beyond that time. The same procedure will be followed with any subsequent review outlined herein. If the judge remains silent with respect to parole release, the Commission can authorize an effective parole release date. This procedure applies if the Commission desires to consider the establishment of an effective release date without delivery of the effective parole release date interview. Notice of the effective release date must be sent to the sentencing judge and either the judge’s response to the notice must be received or the time period allowed for such response must have lapsed before the Commission can authorize an effective release date. Within ninety (90) days before an inmate’s presumptive parole release date, the Commission Director of Parole Grant shall direct a Parole Examiner to interview the inmate for purposes of making a recommendation to the Commission on whether or not to authorize an effective parole release date and to establish a parole release plan.

(2) The Parole Examiner shall interview the inmate and discuss the inmate’s institutional conduct. The Parole Examiner shall request the inmate to present his parole release plan but shall not comment on the acceptability or suitability of that plan. If the inmate has no plan available, the Parole Examiner shall inform the inmate that the absence of a satisfactory parole release plan may on any effective parole release date established by the Commission shall be cause for the Commission to extend the effective parole release date up to one year until a satisfactory parole release plan has been developed or cause for the parole release date to be extended not more than one year. At the close of the effective parole release date interview, the inmate shall be orally informed of the examiner’s final recommendation and shall be requested to sign an acknowledgment of presence at the effective parole release date interview.

(3) Vacation of presumptive or effective parole release date: The exiting of an inmate from the incarceration portion of his sentence, which shall include bond, escape, expiration of sentence, or transfer to a mental health facility, shall vacate any established presumptive parole release date. Any subsequent return to incarceration shall require an initial interview to establish a presumptive parole release date. Provided, however, inmates returning to court for modification of a previously imposed sentence or as witnesses shall not have their presumptive parole release dates vacated. Inmates returning to courts outside of Florida’s jurisdiction, i.e., Federal or other state, shall not have their presumptive parole release dates vacated. However, information resulting from disposition of cases in court may be used as new information in accordance with applicable law and these rules. Inmates transferred to a Mentally Disordered Sexual Offender Program shall not have their presumptive parole release dates vacated.

(4) Extension of presumptive parole release date: The pending prosecution of a criminal offense in a Florida Court, supported by information or indictment, alleged to have occurred during the service of the present sentence, may result in the extension of a presumptive or effective parole release date until resolution of the pending prosecution. The Commission shall, upon notice that the pending prosecution is completed, schedule the inmate for an interview.

(5) The Parole Examiner shall reduce the recommendation regarding the inmate’s institutional conduct to writing and forward the recommendation to the Commission. The Parole Examiner shall inform the Commission if, at the effective parole release date interview, new information, either favorable or detrimental, was discovered which might affect the presumptive parole release date. The Parole Examiner shall forward the inmate’s release plan to the Commission.

(6) Within thirty (30) days after receipt of the inmate’s parole release plan at the Commission headquarters, the full Commission shall determine whether to authorize the effective parole release date. The inmate must be notified of the decision in writing within thirty (30) days after the decision of the Commission.

(7) If the full Commission panel finds that the inmate’s parole release plan is unsatisfactory, this finding can constitute new information and good cause in exceptional circumstances as described in Section 947.173, F.S., under which the Commission panel shall extend a presumptive parole release date for not more than one year. The Commission panel can review any subsequently proposed parole release plan at any time.

(8) The decision whether to authorize an effective parole release date requires a two-part analysis. In part I the Commission shall determine whether new information has been gathered which requires modification of the presumptive parole release date. Should the Commission decide to modify the presumptive parole release date it shall enter a written order extending the presumptive parole release date, vacating the presumptive parole release date, and establishing a new presumptive parole release date. Additionally, the order shall state, with particularity, the reason or reasons for extending modifying the presumptive parole release date and shall inform the inmate of the date scheduled for his next effective parole release date interview.

(9) Where the Commission does not modify the presumptive parole release date during part I of the effective review process, it shall proceed to part II of the effective parole release date review. During this portion of the review, the Commission shall determine whether the inmate meets the criteria for parole release under the provisions of Section 947.18, F.S. This determination is to be based upon a review of the entire official record in the inmate’s case. If the inmate is
found to meet the criteria for parole release, an effective parole release date should be authorized. If the inmate is found to be ineligible for parole release, however, the Commission shall enter an order declining to authorize the effective parole release date and referring the case to the Commission for extraordinary review. Such review shall in turn be conducted within thirty days after the quorum’s decision declining to authorize the effective parole release date. The inmate shall be informed of the decision on extraordinary review within thirty days of the Commission’s decision.

(10) If the Commission establishes an effective parole release date, the Commission Director of Parole Grant shall reduce the term and conditions of the inmate’s parole to writing and inform the inmate of those conditions and term.

(9) Any release plan found to be unsatisfactory shall cause an effective parole release date to be delayed as follows:

(a) For inmates convicted on or before April 19, 1982, their release date may be postponed for thirty days. On or before the thirty first day, the Commission shall either parole the inmate or cause a parole examiner to conduct a rescission hearing on the matter of the infraction or infractions, new information, acts or unsatisfactory release plan, as charged.

(b) For inmates convicted on or after April 20, 1982, their release date may be postponed for sixty days. On or before the sixty first day, the Commission shall either parole the inmate or cause a parole examiner to conduct a rescission hearing on the matter of the infraction or infractions, new information, acts or unsatisfactory release plan, as charged.

(10) Any effective parole release date authorized by the quorum is contingent upon satisfactory institutional conduct. If after the establishment of an effective parole release date, the inmate’s institutional conduct becomes unsatisfactory, or new information is acquired which was not available at the time of the effective parole release date interview, the inmate’s release can be rescinded.

(11) In establishing the term of parole, the Commission shall examine the inmate’s sentence structure for the purpose of determining the existence of consecutive sentences. If it is discovered that consecutive sentences exist, the parole term shall be established for the maximum of the total sentence structure. In all cases, if the term of parole exceeds two years the Commission shall advise the parolee in writing of the reasons for the extended term.

(12) When new information is received by the Commission subsequent to the grant of parole, to include an unsatisfactory release plan, unsatisfactory institutional conduct, or any other new information previously not available to the Commission at the time of the effective parole release date interview that would impact the Commission’s decision to grant parole, the effective parole release date may be postponed by any Commissioner as provided in Rule 23-21.019, F.A.C.

(13) If an inmate refuses parole, the Commission shall nullify the grant of parole and the presumptive parole release date may be extended up to the maximum release date. The Commission shall continue to interview the inmate per Rule 23-21.013, F.A.C. Should an inmate waive his effective interview or at the time of the effective interview the inmate indicates his unwillingness to accept parole, the presumptive parole release date may be extended up to his maximum release date. The Commission shall continue to interview the inmate per Rule 23-21.013, F.A.C.

(2) If a majority of the Commission finds the inmate to be eligible for parole release, the Commission shall enter an order authorizing the inmate’s effective parole release date. Thereafter, the inmate’s actual release on parole shall occur on his effective parole release date subject to the provisions of law authorizing postponement or rescission of an order of parole due to an unsatisfactory release plan, unsatisfactory institutional conduct or acquisition of new information not available at the time of the effective parole release date interview.

(14) When an inmate’s case is referred for extraordinary review by the Commission, an order shall be prepared outlining the reason(s) for the Commission’s decision. The order shall be acted upon by the Commission within 60 days of the decision declining to authorize the effective parole release date. If less than a majority of the Commission finds the inmate to be eligible for parole release, the Commission shall enter a written order refusing to authorize the effective parole release date and scheduling an extraordinary interview within two years from the date of the effective parole release date interview. The Commission’s order shall specifically state the reasons for finding the inmate to be a poor candidate for parole release pursuant to Section 947.18, F.S., and shall identify the information relied upon in reaching this conclusion. (4) In conducting extraordinary interviews, examiners shall follow the procedures specified in these rules for conducting effective parole release date interviews and, additionally, shall obtain information relevant to the Commission’s previous determination that the inmate was ineligible for parole release. Each extraordinary interview shall be conducted no later than two years after the inmate’s last effective or extraordinary interview. Within thirty days after receipt of the interviewing examiner’s recommendations, the Commission shall conduct an extraordinary review and shall again determine whether the inmate is eligible for parole release and whether or not to authorize an effective parole release date. The inmate shall be informed in writing of the Commission’s findings on extraordinary review within thirty days of the Commission’s decision.

(5) If, as a result of extraordinary interview, the Commission finds the inmate to be eligible for parole release, it shall order his release on parole to begin within sixty days from the date of the Commission’s decision. Thereafter, actual release on parole is subject to the provisions of law authorizing postponement or rescission of an order of parole due to an unsatisfactory release plan, unsatisfactory institutional conduct, or acquisition of new information not available at the time of the most recent effective or extraordinary interview.

(6) If, as a result of extraordinary interview and review, the Commission finds that the inmate continues to be ineligible for parole release, the Commission shall again state the reasons and record support for this finding and shall again refuse to authorize an effective parole release date. Finally, the Commission shall schedule a subsequent extraordinary interview to be conducted no later than two years from the date of the last extraordinary interview. Thereafter, such extraordinary interviews and reviews shall be performed in accord with this rule and shall continue until the Commission finds the inmate to be eligible for parole release or he otherwise satisfies his term of incarceration.

23-21.018 Disposition of Cases Involving Parole Ineligible Sentences Special Types of Cases Under the Guidelines.

(1) Vacation of presumptive or effective parole release date: The exiting of an inmate from the incarceration portion of his sentence, which shall include bond, escape, expiration of sentence, or transfer to a mental health facility, shall vacate any established presumptive parole release date. Any subsequent return to incarceration shall require an initial interview to establish a presumptive parole release date. Provided, however, inmates returning to court for modification of a previously imposed sentence or as witnesses shall not have their presumptive parole release dates vacated. Inmates returning to courts outside of Florida’s jurisdiction, i.e., Federal or other state, shall not have their presumptive parole release dates vacated. However, information resulting from disposition of cases in court may be used as new information in accordance with applicable law and these rules. Inmates transferred to a Mentally Disordered Sexual Offender Program shall not have their presumptive parole release dates vacated.

(2) Extension of presumptive parole release date: The pending prosecution of a criminal offense in a Florida Court, supported by information or indictment, alleged to have occurred during the present sentence, may result in the extending of a presumptive or effective parole release date until resolution of the pending prosecution. The Commission shall, upon notice that the pending prosecution is completed, schedule the inmate for an interview.

(3) Parole or MCR revocation with a new felony or misdemeanor conviction. Inmates whose parole is revoked after conviction for a new felony or misdemeanor offense, and who are committed to a jail, stockade or correctional institution will be considered under these guidelines as a new admission and the Commission can use concurrent new commitments as aggravation or aggregation in the establishment of a presumptive parole release date. Further, the Commission shall aggregate or aggregate each consecutive sentence.

(4) Violation of the conditions of parole for grounds other than for a new conviction. An inmate who is found guilty for a violation of the conditions of his parole on grounds other than for the commission of a new felony or misdemeanor offense may be reinstated to parole. However, that policy may be disregarded if:

(a) The preponderance of available evidence suggests that the parolee would pose a danger to public safety or would likely engage in new criminal conduct if reinstated to parole; or

(b) The parolee has multiple revocations for violations of the conditions of his parole under the current sentence; or

(c) The parolee behavior demonstrates the inability or unwillingness of the parolee to conform to minimum parole restrictions so as to prevent successful completion of the Court imposed sentence outside of actual confinement. the parolee’s record during confinement was NOT good. These inmates will be scheduled for interview to determine whether or not they are eligible for consideration for parole within 6 months of the revocation.

(5) (a) In cases where an inmate was convicted and sentenced to a mandatory minimum sentence on or before April 19, 1982, the mandatory minimum sentence is binding; however, the Commission will schedule an initial interview within the previously authorized statutory time constraints.

If the established presumptive parole release date exceeds the expiration of sentence, that date shall not incarcerate the inmate past the expiration of his sentence.

(7) Conviction for crimes committed while incarcerated: Escape or any other crime committed during incarceration with an ensuing conviction and sentence vacates any previously established presumptive parole release date and shall cause the inmate to be considered a new admission. If the inmate is found to be eligible for consideration for parole on the ensuing sentence(s) the Commission shall aggregate. If the inmate’s ensuing sentence(s) are not parole eligible, the Commission can use these new commitments as aggravation in the establishment of a new presumptive parole release date.

(1) Disposition of Cases Involving Parole Ineligible Sentences. Any inmate who is serving both parole eligible and ineligible sentences is eligible for parole consideration only on the eligible sentence or sentences. However, actual terms of parole service shall not be initiated until the satisfactory completion of the parole ineligible sentence and subsequent review by the Commission.

(a) If an inmate received a parole ineligible sentence under the provisions of Chapter 921, F.S., subsequent to or at the same time he received a parole eligible sentence, then he shall receive his initial interview in accordance with subsection 23-21.006(2), F.A.C. The Commission shall establish a presumptive parole release date and conduct subsequent reviews in a manner consistent with current law and administrative rules.

(b) Upon the Commission reaching a decision to authorize the establishment of an effective parole release date, an order granting parole shall be entered which shall specify that such order is applicable only to sentences which are parole eligible. The order shall contain appropriate language to ensure that all interested parties are clear as to the limited effect of such order.
(c) Upon the completion of the parole ineligible sentence as determined by the Department of Corrections, an interview shall be scheduled and conducted for the purpose of considering any new information and to obtain a release plan from the inmate. The inmate’s case shall be placed on the Commission agenda following the interview at which time a decision shall be made regarding the inmate’s release on parole.

On or before the 61st day, the Commission shall either parole the inmate or extend the parole release date. (b) Extend. The Commission shall rescind the grant of parole, vacate the prior effective parole release date, and extend the presumptive parole release date from the date of grant of parole. The time served by the inmate subsequent to the grant of parole shall not be counted in the extension. In this case, a new interview date shall be set.

(c) Decline. The Commission shall rescind the grant of parole, vacate the prior effective parole release date, and decline to authorize parole in accordance with Section 947.18, F.S. In this case all time frames and procedures outlined in Rule 23-21.015, F.A.C., shall be followed.

(1) The Commission may terminate the period of parole at any time it is satisfied jurisdiction has been retained for sufficient length of time to evidence satisfactory rehabilitation. The Department of Corrections Secretary may request early termination of parole by written recommendation to the Commission to include a report from the supervising officer evidencing the justification for the recommendation and the counter-signature endorsing the recommendation by the parole officer’s supervisor which recommendation will be considered by the Commission.

(1) A warrant for the arrest of a parolee or releasee shall be issued only by a member of the Commission. The decision to issue a warrant shall be based on evidence which indicates that there may be probable cause or reasonable grounds to believe that a parolee or releasee has violated the conditions of parole or compulsory conditional release. The issuance of a warrant is discretionary and will depend on the facts of the individual case.

(2) Warrant All warrant requests will be reviewed by Commission staff of the Commission for sufficiency of information, and if found sufficient, staff will submit the warrant request to a Commissioner who will be submitted to a member of the Commission for a decision on the warrant request. Authority is delegated to the Commission’s revocation staff to concur with the Department of Corrections when a violation of parole is reported by the Department of Corrections with the recommendation to continue supervision and a violation warrant is not requested. This delegation of authority is further limited to reports of violation of a technical or misdemeanor nature and does not apply to reports of felony arrests or violation of special conditions, except monetary conditions where there is no apparent ability to pay.

(3) Should a reviewing Commissioner elect, a warrant request may be submitted to the Commission for a decision. Commission staff may elect to docket warrant requests for a Commission decision with approval of the Revocation Administrator. In the event a request for a warrant is denied, the denial may be determined only by a Commissioner or panel of no fewer than two Commissioners and the reasons for the denial shall be provided to the requester.

(4) Should a warrant be issued, such will be transmitted to the requesting agency for appropriate service or filing. The warrant information will be entered into the Florida Crime Information and National Crime Information databases, unless the alleged parole violator is in custody in Florida. Cases who have been identified as absconders will be entered into the Florida Crime Information Center. The Commission has the authority if necessary, the Commission may elect to pursue extradition of alleged violators from other jurisdictions.

(5) Should a warrant be issued, and a dismissal of the warrant is requested by the Revocation Administrator or his designee, the signing Commissioner or Chair is authorized to dismiss the warrant for good cause.

23-21.022 Revocation of Parole and Compulsory Conditional Release; Preliminary Hearings; Final Hearings.

(1) Preliminary Hearing. Within 30 days of service or filing of the Commission’s warrant in this State, an alleged parolee or compulsory conditional release violator will be provided a preliminary hearing. The purpose of the preliminary hearing is to determine if there is probable cause to believe that a violation of parole or conditions of the parole or compulsory conditional release has occurred.

(2) Prior to the preliminary hearing, an interview with the alleged violator will be held at which time an explanation of all rights and procedures will be afforded. The interview and preliminary hearing can be held by a Commission representative, such as a parole examiner, provided such representative is neutral and detached.

(3) The preliminary hearing will be held in or near the community where the violation is alleged to have occurred or where the parolee or releasee has been taken into custody on the Commission’s warrant.

(4) For the preliminary hearing, the parolee or releasee shall be afforded the following rights:
(a) The opportunity to be present at the hearing and to present evidence in the parolee’s or releasee’s own behalf including the securing of witnesses and evidence by subpoena.

(b) The opportunity to have disclosed the evidence which shall be presented at the hearing.

(c) The opportunity to confront and cross-examine witnesses who may give adverse testimony.

(d) The opportunity to be represented by counsel provided by the parolee’s or releasee’s own initiative or by appointed counsel should the parolee or releasee qualify for such appointment as set forth in the guidelines enunciated in Gagnon v. Scarpelli, 411 U.S. 778.

(5) Prior to the preliminary hearing, the parolee or releasee may elect to waive such hearing, provided such waiver is executed in writing and follows a full explanation of all rights, procedures, and possible consequences. The parolee or releasee may also request postponement of the preliminary hearing, such postponement and the reasons thereof being reflected in the record. Should the parolee or releasee fail to contact the Commission and request a hearing upon the disposition of local charges resulting in a sentence to incarceration, the parolee or releasee has waived his right to a preliminary hearing.

(6) At least 7 days prior to the preliminary hearing, the parolee or releasee shall be informed in writing of the date, time, and location of the hearing. The parolee or releasee shall also be informed in this notice of the charges which are to be considered at the hearing and the notice shall contain all rights regarding the hearing as heretofore stated.

(7) The Commission representative who is responsible for holding the preliminary hearing shall have the authority to administer oaths to all witnesses. The Commission representative is responsible for the conduct of the hearing, evaluation of evidence presented and shall make findings based on such evidence with respect to the issue of probable cause. Following all testimony, the Commission representatives shall announce, verbally, the findings regarding probable cause issues and shall promptly provide a written statement of the findings to the parolee or releasee within 30 days following the hearing.

(8) Following the hearing, the Commission representative shall prepare a written summary of the hearing. The written summary, which will include recommendations for further Commission action, shall be transmitted to the Commission for action. The written summary shall also contain any mitigating circumstances which are brought to light as a result of the proceeding and a statement on realistic alternatives to further incarceration, if any.

(9) Should the Commission representative not find probable cause, that representative is authorized to have the parolee or releasee released on his or her own recognizance pending final action of the Commission.

(10) Upon receipt of the preliminary hearing summary, the Commission shall review same and make a further decision with respect to possible restoration to parole or compulsory conditional release supervision, the release and discharge from further supervision of the parolee or releasee or the return of the parolee or releasee for a final revocation hearing.

(11) If the Commission decides to conduct a final revocation hearing, an order shall be entered to that effect. A notice of that order shall be served upon the sheriff of the county in which the alleged parolee or compulsory conditional release violator is being detained. The Commission may request the immediate transfer of the alleged violator to an appropriate Department facility. The final revocation hearing shall be noticed and convened within 60 days of receipt of written notification from the Department of the return of the alleged violator to the custody of the Department. If the alleged violator is already in the custody of the Department from another jurisdiction, or has been released on recognizance, or the Commission has elected not to have the violator transferred to the Department, the final revocation hearing shall be noticed and convened within 60 days of the preliminary hearing, or the waiver of that hearing.

(12) Final Hearing. The parolee or releasee shall be informed, in writing, at least 14 days prior to the final revocation hearing of the date, time and location of such hearing. The notice of the hearing shall contain the charges of violation and shall contain a list of the rights the parolee or releasee shall be afforded for such hearing as follows:
(a) The opportunity to be present for the final revocation hearing.

(b) The opportunity to present evidence in his or her own behalf, including witnesses and evidence secured by subpoena or subpoena duces tecum.

(c) The opportunity to receive, prior to the hearing, disclosure of evidence that will be presented at any final hearing.

(d) The opportunity to confront and cross-examine any adverse witnesses.

(e) The opportunity to be represented by counsel, either retained or appointed, provided that such appointment is made consistent with the guidelines of the United States Supreme Court case of Gagnon v. Scarpelli, 411 U.S. 778.

(13) Any final hearing can be waived by the parolee or releasee after an explanation of all rights and possible consequences of waiver. The waiver shall be in writing and can be executed before a member of the Commission or the Commission’s designated representative. The parolee or releasee may withdraw the waiver by executing a withdrawal of waiver form and forwarding to the Commission headquarters within 14 days after the execution of the waiver. The withdrawal of waiver form and instructions regarding its use shall be provided to the parolee or releasee at the time of the execution of the waiver. Upon receipt of the withdrawal of waiver form, a final revocation hearing shall be convened after appropriate notice. Such hearing shall be conducted in accordance with these rules.

(14) The parolee or releasee is entitled to request that his final revocation hearing be postponed or continued, upon a showing of good cause being made. The request for postponement or continuance may be submitted to the Parole Examiner or Commission, in writing, prior to the convening of the hearing, provided that the reasons for the request are outlined with specificity. In the event that the final hearing has been convened, such may be postponed or continued beyond 60 days on the Commission’s motion provided the record reflects good cause for such continuance.

(15) The final revocation hearing is a two-part hearing with the first emphasis being placed on the factual determination as to whether or not violations have occurred. The second part of the final revocation hearing is the determination of whether or not the parole should be revoked. In reaching such a determination, the Commission shall consider all mitigating circumstances which were made known at the time of the hearing and shall consider alternatives other than reincarceration prior to making a final determination.

(16) During the course of a final revocation hearing, the person or persons conducting the hearing may entertain any arguments of counsel or the parolee or releasee, or other such matters. The person or persons conducting the hearing may elect to rule on such matters during the course of the hearing or may elect to withhold ruling pending consultation with Commission counsel or individual staff members. Arguments of counsel of a legal nature must be reduced to writing. If possible, written legal arguments should be presented prior to final revocation hearings. If the person conducting the hearing elects not to address arguments of counsel or the parolee or releasee during the course of the hearing, such shall be made known to the interested parties. In the event a decision is made during the course of the final revocation hearing, such decision shall be reflected in the record, and then reviewed by the Commission. Pursuant to the United States Supreme Court’s decision in Pennsylvania Board of Probation & Parole v. Scott, 524 U.S. 357 (1998), the Commission may consider evidence that has been excluded in a criminal proceeding as the result of the application of the federal exclusionary rule.

(17) Subpoenas and subpoenas duces tecum for the parolee and State shall be issued by the Commission’s duly authorized representative for both the preliminary and final revocation hearings. Based on evidence presented at the hearing, the person or persons conducting the hearing shall make findings of fact regarding the alleged violations, report that to the Commission and the Commission may enter an order revoking the parole or compulsory conditional release, reinstating the parolee or releasee to supervision or other such order as deemed appropriate by the Commission. When, based on the findings of the person or persons conducting the hearing, the Commission finds that the parolee or releasee has committed one or more violations, the Commission may elect to order the parolee or releasee returned to supervision with a new term not to exceed statutorily prescribed limits and may elect to establish new conditions of the parole or release, provided the parolee or releasee agrees to each term and condition. In any event, the Commission shall make a decision in an open meeting within 45 days following the revocation hearing. Prompt notification of the decision shall be provided to the parolee or releasee and his defense attorney, unless such notification is waived by the parolee or releasee. If the decision of the Commission is to revoke, the order entered shall contain the evidence relied upon and the reasons for the revocation.

(18) At both the preliminary and final revocation hearing, the accused violator may waive representation by an attorney, provided the waiver is reflected clearly in writing or in the record of the proceeding. Should the accused desire, retained counsel may represent the parolee at both hearings. In the event the parolee desires counsel and has not retained such, the following procedure shall apply:

(a) Inquiry shall be made of the parolee’s ability to retain private counsel. A conclusion shall be reached by the person or persons responsible for conducting the hearing as to the parolee’s ability to retain counsel and time shall be permitted for the parolee to secure such if an affirmative conclusion is reached.
(b) If it is concluded that the parolee is unable to secure retained counsel by reason of indigency or other valid reasons, then the Commission shall attempt to secure counsel pursuant to the guidelines of Gagnon v. Scarpelli, 411 U.S. 778 (1973) at 790. If a request for counsel is refused, the grounds for refusal shall be stated succinctly in the record. Gagnon, supra, at 790-791.

(19) The person or persons conducting the hearing may elect to receive information following the revocation hearing provided the parolee agrees to the receipt of such information outside of the context of the hearing and that such agreement is reflected clearly in the record.

(20) Based on evidence presented at the hearing, the person or persons conducting the hearing shall make findings of fact regarding the alleged violations, and report that to the Commission. The Commission may enter an order revoking the parole, reinstating the parolee to supervision or enter such other order as deemed appropriate by the Commission. When, based on the findings of the person or persons conducting the hearing, the Commission finds that the parolee has committed one or more violations, the Commission may elect to order the parolee returned to supervision with a new term not to exceed statutorily prescribed limits and may elect to establish new conditions of the parole provided the parolee agrees to each term and condition. In any event, the Commission shall make a decision in an open meeting within 45 days following the revocation hearing. Prompt notification of the decision shall be provided to the parolee and his defense attorney, unless such notification is waived by the parolee. If the decision of the Commission is to revoke, the order entered shall contain the evidence relied upon and the reasons for the revocation.

(21) Upon a finding that the parolee or releasee did commit one or more violations, the Commission may order the parolee or releasee placed in a community control program. Placement in community control shall be utilized by the Commission, in its judgment, for parole or release violators who are not suitable for restoration to standard supervision and would, therefore, be revoked if not for the alternative of community control placement. When ordering such placement in community control, the Commission shall specify:

(a) The proven violation or violations;

(b) The term of community control which may exceed the original term of parole or release but not exceed statutorily prescribed limits. This term may be reduced by subsequent order of the Commission;

(c) The new term of parole or release which shall not exceed statutorily prescribed limits nor be less than the term of community control;

(d) Standard community control conditions ordered to be applicable;

(e) Special community control conditions based upon individual case study of the parolee or releasee; and

(f) Additional parole or release conditions, if any, in the event the community control term is less than the resulting parole or release term

(22) Release on Own Recognizance:

(a) At a scheduled final revocation hearing, a Commissioner can place an alleged parole violator on ROR when the final hearing is postponed or continued.

(b) During the final revocation hearing, a Commissioner may place the parolee charged with violation on ROR when:

1. The parolee was on ROR prior to the convening of the final revocation hearing.

2. Insufficient evidence is produced to sustain any violation of parole.

3. Upon finding that the parolee did violate one or more conditions of parole, the hearing officer announces his intention to recommend action other than revocation of parole.

(c) Subsequent to the final revocation hearing in which there was a finding that the parolee did violate one or more conditions of parole, the hearing officer can recommend the parole violator be placed on ROR upon receipt of pertinent favorable information. Violations of the conditions of release can cause an order to revoke the ROR to be executed by a Commissioner when reliable information is received of violation of release on recognizance. Such order shall be sufficient to cause the arrest and return of the parolee to custody.

(23) Violation of the conditions of parole for grounds other than for a new conviction: An inmate who is found guilty for a violation of the conditions of his parole on grounds other than for the commission of a new felony or misdemeanor offense may be reinstated to parole or revoked. The following information should be considered in making that determination:

(a) The preponderance of available evidence suggests that the parolee would pose a danger to public safety or would likely engage in new criminal conduct if reinstated to parole;

(b) The parolee has previous violations of the conditions of his parole under the current sentence;

(c) The parole behavior demonstrates the inability or unwillingness of the parolee to conform to minimum parole restraints so as to prevent successful completion of the Court imposed sentence outside of actual confinement. Any parole violation leading to revocation is the manifestation that the parolee’s record during confinement was NOT good. These inmates will be scheduled for interview to determine whether or not they are eligible for consideration for parole within 6 months of the revocation.

(24) Should the Commission decide to revoke the parole or compulsory conditional release, the parolee or releasee shall be entitled to all credit for time spent in custody prior to the revocation hearing for all charges that appear on the warrant and/or notice of hearing. Time spent in other jurisdictions as a result of intervening sentences shall be
considered by the Commission. The Commission shall consider the credit for time served on parole in each case. The actual award of such credit is discretionary with the Commission. Credit for time shall be reflected in the Commission’s order.

(20) The final revocation hearing is a two-part hearing with the first emphasis being placed on the factual determination as to whether or not violations have occurred. The second part of the final revocation hearing is the determination of whether or not the parole or compulsory conditional release should be revoked. In reaching such a determination, the Commission shall consider all mitigating circumstances which were made known at the time of the hearing and shall consider alternatives other than reincarceration prior to making a final determination.

(25)(a) If the Commission’s decision is to revoke the parole or compulsory conditional release, the parolee or releasee shall be scheduled for an interview by a Commission representative within six months from the date of the Commission’s order revoking parole, provided that the parolee or releasee has not received a commitment to the Department of Corrections. The purpose of this interview shall be to formulate a recommendation to the Commission for the setting of a presumptive parole release date consistent with appropriate statutory requirements and Commission policies and practices as reflected in these rules. Should the parolee or releasee have received a prison commitment a presumptive parole release date shall be established according to appropriate statutory requirements and Commission practices and policies as reflected in these rules regarding newly sentenced inmates.

(22) The person or persons conducting the hearing may elect to receive information following the revocation hearing provided the parolee or releasee agrees to the receipt of such information outside of the context of the hearing and that such agreement is reflected clearly in the record.

(23) Subpoenas and subpoenas duces tecum for the parolee or releasee and State shall be issued by the Commission’s duly authorized representative for both the preliminary and final revocation hearings.

(24) At both the preliminary and final revocation hearings, the accused violator may waive representation by an attorney, provided the waiver is reflected clearly in writing or in the record of the proceeding. Should the accused desire, retained counsel may represent the parolee or releasee at both hearings. In the event the parolee or releasee desires counsel and has not retained such, the following procedure shall apply:

(a) Inquiry shall be made of the parolee’s or releasee’s ability to retain private counsel. A conclusion shall be reached by the person or persons responsible for conducting the hearing as to the parolee’s or releasee’s ability to retain counsel and time shall be permitted for the parolee or releasee to secure such if an affirmative conclusion is reached.

(b) If it is concluded that the parolee or releasee is unable to secure retained counsel by reason of indigency or other valid reasons, then the Commission shall attempt to secure counsel pursuant to the guidelines of Gagnon v. Scarpelli, 411 U.S. 778 (1973) at 790. If a request for counsel is refused, the grounds for refusal shall be stated succinctly in the record. Gagnon, supra, at 790-791.

(25) Release on Own Recognizance:

(a) At a scheduled final revocation hearing, a Commissioner or Commission representative can place an alleged parole violator on ROR when the final hearing is postponed or continued.

(b) During the conduct of the final revocation hearing, the hearing Commissioner or Commission representative may place the parolee charged with violation on ROR when:

1. The parolee was on ROR prior to the convening of the final revocation hearing;
2. Insufficient evidence is produced to sustain any violation of parole.
3. Upon finding that the parolee did violate one or more conditions of parole, the hearing officer announces his intention to recommend action other than revocation of parole.

(c) Subsequent to the conduct of the final revocation hearing in which there was a finding that the parolee did violate one or more conditions of parole, the hearing officer can place the parolee on ROR upon receipt of pertinent favorable information. Violations of the conditions of release can cause an order to revoke the ROR to be executed by a Commissioner when reliable information is received of violation of release on recognizance. Such order shall be sufficient to cause the arrest and return of the parolee to custody.

Licensure Requirements, Procedures, and Fees 59A-18.004
Registration Policies 59A-18.005
Certified Nursing Assistant and Home Health Aide 59A-18.0081
Medical Plan of Treatment 59A-18.011
Clinical Records 59A-18.012
Supplemental Staffing for Health Care Facilities 59A-18.017
Emergency Management Plans 59A-18.018

PURPOSE AND EFFECT: The purpose of the proposed rule amendments is to update Chapter 59A-18, F.A.C., to conform to revisions in Chapter 400, Part IV, F.S., as amended by the 2005 Florida Legislature. A new rule is added to establish minimum criteria for nurse registry comprehensive emergency management plans and plan updates as required in Section 400.506(15) and (16), F.S. In addition, nurse registry application forms referenced in the rules are updated to conform to statutory revisions and a separate renewal application was developed to reduce the amount of information submitted by nurse registries. Other revisions are made to update the rules to current statutory requirements, update addresses, and clarify requirements for advance notification of licensee relocation and health statements.

SUMMARY: The proposed changes to Rule 59A-18.004, F.A.C., to conform to 2005 revisions in Chapter 400, Part IV, F.S., are changing the expiration date of the license from one to two years, increasing the licensure fee from $1,000 to $2,000 for the increased licensure period, changing the expiration date of the license from one to two years, updating the licensure application forms and updating the date for contractors to be
background screened. Other changes to Rule 59A-18.004, F.A.C., are: referencing a separate renewal application form requiring less information; referencing the Agency’s updated background screening form; adding to application requirements the name of the alternate administrator and the name and license number of nurses available to meet Section 400.506(10), F.S.; changing the collection of license numbers of independent contractors to the renewal application instead of the initial application; and updating addresses including web sites to obtain referenced forms. In addition, nurse registries are required to provide advance notice to AHCA of their office relocation with evidence of compliance with local zoning for the new location and exceptions are made for emergency relocations.

Amendments are proposed to Rule 59A-18.005, F.A.C., which eliminate the mandatory tuberculin skin test, clarifies the requirements for the health statements prior to contact with patients, and specifies actions to be taken if the independent contractor has a communicable disease. Training on HIV and AIDS is required biennially, removing the specified number of hours of training in accordance with Section 381.0035, F.S.

The proposed amendments to Rule 59A-18.0081, F.A.C., replace the monthly nursing assessments with a record of requested registered nurse visits to conform to 2005 statutory changes and update the HIV and AIDS education requirement for certified nursing assistants and home health aides to a biennial course from specified hours of training. A new subsection is added permitting certified nursing assistants and home health aides to assist with self administration of medication pursuant to Section 400.488, F.S., including training requirements, nursing review of the patient’s medications, receiving written consent, and clarifying the extent of assistance that can be provided.

Rule 59A-18.011, F.A.C., proposed amendments permit physicians assistants and advanced registered nurse practitioners to sign and review the plan of treatment in addition to the physicians, as stated in 2005 law changes. The proposed amendments to Rule 59A-18.017, F.A.C., require independent contractors who provide staffing service to a nursing home but have not lived in Florida for five years to have a level two background screening as required by Section 400.215, F.S.

A new Rule 59A-18.018, F.A.C., is added for emergency management plan requirements pursuant to Section 400.506(16), F.S. An emergency management plan format, developed with the concurrence of the Department of Health, is referenced in the rule. Requirements include submission of plans and plan updates for review; development of contingency plans when phone service is not available; provision of information and assistance to patients with special needs shelter registration; documentation of patients plans prior to and following an emergency; provision of continuing care for patients in private homes, adult family care homes and assisted living facilities unless circumstances beyond the control of the independent contractor makes service provision impossible; and maintenance of a current prioritized list of registered special needs patients, and individual patient lists of medications, supplies and equipment required for continuing care and service in the event of an evacuation.

SUMMARY OF ESTIMATED REGULATORY COST: It is anticipated that costs will be less for nurse registries as a result of the reduction in the requirements in these amendments. Nurse registries have been required to have an emergency management plan since the requirement was established in law even though the rules for the plans were not promulgated.

Any person who wishes to provide information regarding the statement of regulatory cost or to provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

(1) Pursuant to Section 400.506(16), F.S., each nurse registry shall prepare and maintain a written comprehensive emergency management plan, in accordance with the Comprehensive Emergency Management Plan for Nurse Registries, AHCA Form 3110-1016, December 2005, incorporated by reference. This document is available from the Agency for Health Care Administration at http://ahca.myflorida.com under Licensing, Nurse Registry. The plan shall describe how the nurse registry establishes and maintains an effective response to emergencies and disasters. The plan, once completed, will be sent by e-mail by multi-county nurse registries to the Office of Public Health Nursing, Department of Health or to the contact designated by the Department of Health for single county nurse registries as required in Section 400.506(16)(e), F.S.
(2) The nurse registry shall review its emergency management plan on an annual basis and make any substantive changes. Plans with any substantive changes will be forwarded for review to the entities identified in subsection (1).
(3) Changes in the telephone numbers of those administrative staff who are coordinating the nurse registry’s emergency response must be reported to the county emergency management office and to the county health department. For nurse registries with multiple counties on their license, the changes must be reported to each county health department and each county emergency management office. The telephone numbers must include numbers where the coordinating staff can be contacted outside of the nurse registry’s regular office hours. All nurse registries must report these changes, whether their plan has been previously reviewed or not, as defined in subsection (1).
(4) When a nurse registry goes through a change of ownership the new owner shall review the registry’s emergency management plan and make any substantive changes, including changes noted in subsection (3). Those nurse registries will need to report any substantive changes in their plans to the reviewing entity in subsection (1).
(5) In the event of an emergency, the nurse registry shall implement the nurse registry’s emergency management plan pursuant to Section 400.506(16), F.S. Also, the registry must meet the following requirements:
   (a) All administrative staff shall be informed of responsibilities for implementing the emergency management plan.
   (b) If telephone service is not available during an emergency, the registry shall have a contingency plan to support communication, pursuant to Section 400.506, F.S. A contingency plan may include cell phones, contact with a community based ham radio group, public announcements through radio or television stations, driving directly to the patient’s home, and, in medical emergency situations, contact with police or emergency rescue services.
   (6) Nurse registries shall make available to patients information gathered from the county emergency management offices including the procedures and documents required for assisting patients with registration for special needs shelters.
(a) Upon initial contract for services, and at a minimum on an annual basis, each nurse registry shall, pursuant to Sections 400.506(15) and 252.355, F.S., inform patients, by the best method possible as it pertains to the person’s disability, and patient caregivers of the special needs registry and procedures for registration at the special needs registry maintained by their county emergency management office.

(b) If the patient is to be registered at the special needs registry, the nurse registry shall assist the patient with registering, pursuant to Section 400.506(15) and (16)(b), F.S., and must document in the patient’s file if the patient plans to evacuate or remain at home; if the patient’s caregiver or family can take responsibility during the emergency for services normally provided by independent contractors referred by the registry; or if the registry needs to make referrals in order for services to continue. If the patient has a case manager through the Community Care for the Elderly or the Medicaid Waiver programs or any other state funded program designated in law to help clients register with the special needs registry, then the nurse registry will check with the case manager to verify if the patient has already been registered. If so, a note will be made in the patient’s file by the nurse registry that the patient’s need for registration has already been reviewed and handled by the other program’s case manager.

(c) The independent contractors referred by the nurse registry, or registry staff, shall inform patients registered with the special needs registry that special needs shelters are an option of last resort and that services will not be equal to what they have received in their homes.

(d) This registration information, when collected, shall be submitted, pursuant to Section 400.506(15) and (16)(b) and (c), F.S., to the county emergency management office, or on a periodic basis as determined by the registry’s county emergency management office.

(7) The person referred for contract to a patient registered with the special needs registry, which shall include special needs registry patients being served in assisted living facilities and adult family care homes, shall ensure that continuous care is provided, either in the special needs shelter, or in the patient’s home pursuant to Section 400.506(16)(a), F.S., unless circumstances beyond the control of the independent contractor as described in Section 400.506(16)(d), F.S., make it impossible to continue services.

(8) Upon eminent threat of an emergency or disaster the nurse registry must contact those patients needing ongoing services pursuant to Section 400.506(16)(a), F.S., and confirm each patient’s plan during and immediately following an emergency. The nurse registry shall contact the assisted living facility and adult family care home patients and confirm their plans during and immediately following an emergency.

(9) If the independent contractor is unable to provide services to special needs registry patients, including any assisted living facility and adult family care home special needs registry patients, due to circumstances beyond their control pursuant to Section 400.506(16)(d), F.S., then the nurse registry will make reasonable efforts to find another independent contractor for the patient, pursuant to Section 400.506(16), F.S.

(10) During emergency situations, when there is not a mandatory evacuation order issued by the local county emergency management office, some patients, registered pursuant to Section 252.355, F.S., may decide not to evacuate and will stay in their homes. The nurse registry must establish procedures, prior to the time of an emergency, which will delineate to what extent the registry will continue to arrange for care during and immediately following an emergency pursuant to Section 400.506(16)(a), F.S. The registry shall also make reasonable attempts to ascertain which patients remaining at home or in their assisted living facility or adult family care home will need services from the registry and which patients have plans to receive care from their family or caregivers. If the assisted living facility or adult family care home does relocate the residents to another assisted living facility or adult family care home in the geographic area served by the nurse registry, the registry will continue to provide services to the residents. If the patients relocated outside the area served by the registry, the registry will assist the assisted living facility and adult family care home in obtaining the services of another registry already licensed for that area until the patient returns back to their original location.

(11) The prioritized list of registered special needs patients maintained by the nurse registry shall be kept current and shall include information, as defined in Section 400.506(16)(b) and (c), F.S. This list also shall be furnished to county health departments and to the county emergency management office, upon request.

(12) The independent contractor from the nurse registry is required to maintain in the home of the special needs patient a list of patient-specific medications, supplies and equipment required for continuing care and service should the patient be evacuated as per Section 400.506(16)(c), F.S.. The list must include the names of all medications, their dose, frequency, route, time of day and any special considerations for administration. The list must also include any allergies; the name of the patient’s physician and the physician’s phone number; and the name, phone number and address of the patient’s pharmacy. If the patient permits, the list can also include the patient’s diagnosis.

(13) The patient record for each person registered as a special needs patient shall include the list described in subsection (12) above and information as listed in Section 400.506(16)(a) and (b), F.S.

AGENCY FOR HEALTH CARE ADMINISTRATION
Division of Inspector General
RULE TITLE: Administrative Sanctions on Providers,
Entities, and Persons
RULE NO.: 59G-9.070
PURPOSE AND EFFECT: Since implementation of the rule,
the MPI management team has discussed every sanction to be
imposed and has found some scenarios where the amount of
the fines far exceeds what was expected. As the intent of the
rule is to encourage compliance (those providers who aren’t
going to come into compliance or need more severe
“punishment” will be recommended for other administrative
action), MPI believes several areas need to have a “cap” on
fines. The rule is being amended to implement these “caps”.
Additionally, several changes have been prepared in response
to the issues that were raised in the rule challenge (and as a part
of the settlement in that matter). Also, MPI found issues that
needed to be changed (either due to error or for clarity) while
conducting training for implementation; these changes are
incorporated in the amended rule. Finally, MPI believed it was
important to clarify in the rule some items that are a part of the
bureau protocols but were not clarified in the rule. This will
ensure continued consistency in its application.
SUMMARY: Rule 59G-9.070, F.A.C., is being amended to
clarify certain terminology to ensure consistency with statutory
definitions; define more clearly when and how sanctions will
be imposed; and to define limits of fines in certain categories.

THE FULL TEXT OF THE PROPOSED RULE IS:
59G-9.070 Administrative Sanctions on Providers,
Entities, and Persons.
(1) PURPOSE: The purpose of this rule is to provide
notice of administrative sanctions and disincentives imposed
upon a provider, entity, or person for each violation of any
Medicaid-related law. The Agency shall have the authority to
deviate from the guidelines for the reasons stated within this
rule. Notice of administrative sanctions imposed will be by
way of written correspondence and shall constitute Agency
action pursuant to Chapter 120, F.S.
(2) DEFINITIONS: The following terms used within this
rule shall have the meanings as set forth below:
(a) “Abuse” is as defined in Section 409.913(1)(a), F.S.
(b) “Agency” is as defined in Section 409.901(2), F.S.
(c) “Claim” is as defined in Section 409.901(5), F.S., and
shall also include per diem payments and the payment of a
capitation rate for a Medicaid recipient. For the purposes of
this rule, “per diem payments” means the total monthly
payment to the provider for a specific recipient.
(d) “Complaint” is as defined in Section 409.913(1)(b),
F.S.
(e) An act shall be deemed “Committed”, as it relates to
abuse or neglect of a patient, or of any act prohibited by
Section 409.920, F.S., upon receipt by the Agency of reliable
information of commission of patient abuse or neglect, or of
violation of Section 409.920, F.S.
(f) “Comprehensive follow-up reviews” or “Follow-up
reviews” shall have the same meaning throughout this rule, and
can be used interchangeably. The two phrases mean
evaluations of providers every 6 months, until the Agency
determines that the reviews are no longer required. Such
evaluations will result in a determination regarding whether a
further compliance audit, or other regulatory action is required.
(g) “Contemporaneous”, as it relates to a provider’s
requirement to maintain records and produce records upon
request, means records created within the standard and
 customary timeframe applicable to the provider’s trade or
profession; but not longer than any timeframe specified in
Medicaid laws or the laws that govern the provider’s
profession.
(h)“Conviction” is as defined in Section 409.901(7),
F.S.
(i)“Corrective action plan” means the process or plan
by which the provider will ensure future compliance with state
and federal Medicaid laws, the laws that govern the provider’s
profession, or the Medicaid provider agreement. A corrective
action plan will remain in effect until the Agency determines
that it is no longer necessary, but no longer than 3 years. For
purposes of this rule, the sanction of a corrective action plan
shall take the form of an “acknowledgement statement”,

“provider education”, a “self audit”, or a “comprehensive quality assurance program”, all of which are further described in subsection (10) of this rule.

“Single Agency action” means an audit or review that results in notice to the provider of violations of Medicaid laws, the laws that govern the provider’s profession, or the Medicaid provider agreement.

3) VIOLATIONS AND SANCTIONS: The identification of violations given herein is descriptive only. The full language of each statutory provision cited must be consulted in order to determine the conduct included.

4) FACTORS TO BE USED IN DETERMINING LEVEL OF SANCTION:

(a) Except for the mandatory suspension and termination provision in subsection (6) of this rule, when determining the type, amount, and duration of the sanction to be applied, the Agency shall consider each of the factors set forth in Section 409.913(17), F.S., as mitigation to the sanction set forth in conjunction with subsection (10) of this rule. This rule does not give any one listed factor greater importance or weight over any other. However, the Agency shall have the discretion to rely upon the circumstances of the violation or violations in conjunction with any one or all of the listed factors to determine the sanction that is ultimately applied. These factors will also be utilized for any deviation by the Agency from the sanctions for each violation, as set forth in subsection (10) of this rule.

(b) For the first agency action against a provider after July 1, 2005, where a final overpayment is identified and a fine is to be imposed as a result of the violations giving rise to that overpayment, the cumulative amount of the fine shall not exceed thirty-percent of the amount of the overpayment. Where the fine does exceed thirty-percent of the amount the overpayment, the fine shall be adjusted to thirty-percent of the amount of the overpayment.

(c) For the second agency action against a provider after July 1, 2005, where a final overpayment is identified and a fine is to be imposed as a result of the violations giving rise to that overpayment, the cumulative amount of the fine shall not exceed fifty-percent of the amount of the overpayment. Where the fine does exceed fifty-percent of the amount the overpayment, the fine shall be adjusted to fifty-percent of the amount of the overpayment.

(d) Sanctions only apply at the final agency action.

(e) Where the final agency action results in a final overpayment determination that is less than $5,000, any fine that is to be imposed as a result of the violations giving rise to that overpayment shall be waived.

1. However, where waiving the fine results in no sanction being imposed, the sanction of a corrective action plan in the form of a provider acknowledgement statement shall be imposed.

2. Fines that are to be imposed as a result of violations that do not give rise to an overpayment are not waived.

(f) Where the Agency has instituted an amnesty program pursuant to Section 409.913(25)(e), F.S., sanctions will not apply.

(5) APPLICATION TO INDIVIDUALS OR LOCATIONS RATHER THAN TO A PROVIDER GROUP:
(a) Based upon the circumstances present in each individual matter, the Agency shall have the discretion to take action to sanction a particular Medicaid provider, entity, or person working for a Medicaid provider group, or to sanction a specific location, rather than, or in addition to, taking action against an entire Medicaid provider group.

(b) If the Agency chooses to sanction a particular (individual) provider, entity, or person working with a Medicaid provider group or in a particular location, the other members of the Medicaid provider group and the providers in the other locations must fully cooperate in the audit or investigation conducted by the Agency, and the Agency must determine if:

1. The individual provider, entity, or person working with the Medicaid provider group is directly responsible for the violation(s);

2. The Medicaid provider group was unaware of the actions of the individual provider, entity, or person; and

3. The Agency has not previously taken a preliminary or final Agency action against the group provider for the same violation(s) within the past five years from the date of the violation, unless the Agency determines that the individual provider, entity, or person was responsible for the prior violation.

(6) MANDATORY TERMINATION OR SUSPENSION:

Whenever a provider has been suspended or terminated from participation in the Medicaid or Medicare program by the federal government or any state or territory, the Agency shall immediately suspend (if suspended) or terminate (if terminated), the provider’s participation in the Florida Medicaid program for a period no less than that imposed by the federal government or the state or territory, and shall not enroll such provider in the Florida Medicaid program while such foreign suspension or termination remains in effect. Additionally, all other remedies provided by law, including all civil remedies, and other sanctions, shall apply. [Section 409.913(14), F.S.]

(7) SANCTIONS: Except when the Secretary of the Agency determines not to impose a sanction, pursuant to Section 409.913(16)(j), F.S., sanctions shall be imposed for the following:

(f) Furnishing or ordering goods or services that are out of compliance with the practice standards governing the provider’s profession, are excessive, of inferior quality, or that are found to be harmful to the recipient. [Section 409.913(15)(f), F.S.];

(g) A pattern of failure to provide goods or services that are medically necessary. [Section 409.913(15)(g), F.S.];

(h) Submitting, or causing to be submitted, false or a pattern of erroneous Medicaid claims. [Section 409.913(15)(h), F.S.];

(i) Submitting, or causing to be submitted, a Medicaid provider enrollment application or renewal forms, a request for prior authorization for Medicaid services, or a Medicaid cost report containing information that is either materially false or materially incorrect. [Section 409.913(15)(i), F.S.];

(j) Collecting or billing a recipient or a recipient’s responsible party for goods or services improperly. [Section 409.913(15)(j), F.S.];

(k) Including costs in a cost report that are not authorized allowed under the Medicaid state reimbursement plan or that are authorized but were disallowed during the audit process, even though the provider or authorized representative had previously been advised via an audit exit conference or audit report that the costs were not allowable. However, if the unallowed costs are the subject of an administrative hearing pursuant to Chapter 120, F.S., sanctions shall not be imposed. Additionally, a provider is only considered to have been previously advised that the costs were not allowable if the provider was advised in writing via an audit exit conference that the cost is not allowed or has been issued an audit report, either of which were provided in the previous five years. [Section 409.913(15)(k), F.S.];

(l) Being charged, whether by information or indictment, with fraudulent billing practices. [Section 409.913(15)(l), F.S.];
(m) A finding or determination that a provider, entity, or person is negligent for ordering or prescribing a good or service to a patient, which resulted in the patient’s injury or death. [Section 409.913(15)(m), F.S.]

(n) During a specific audit or review period, failure to demonstrate sufficient quantities of goods, or sufficient time in the case of services, that support the corresponding billings or claims made to the Medicaid program. [Section 409.913(15)(n), F.S.]

(q) Failure to comply with any of the terms of a previously agreed-upon repayment schedule. [Sections 409.913(15)(q), F.S.]

(8) ADDITIONAL VIOLATIONS SUBJECT TO TERMINATION: In addition to the termination authority, the Agency shall have the authority to concurrently seek civil remedies or impose other sanctions.

(a) The Agency shall impose the sanction of termination for each violation of:

1. Section 409.913(13)(a), F.S. (generally, a provider is convicted of a criminal offense related to the delivery of any health care goods or services);

2. Section 409.913(13)(b), F.S. (generally, a provider is convicted of a criminal offense relating to the practice of the provider’s profession); or

(10) GUIDELINES FOR SANCTIONS.

(a) The Agency’s authority to impose sanctions on a provider, entity, or person shall be in addition to the Agency’s authority to recover a determined overpayment, other remedies afforded to the Agency by law, appropriate referrals to other agencies, and any other regulatory actions against the provider.

(b) In all instances of violations that are subject to this rule, the Agency shall have the authority to impose liens against provider assets, including, but not limited to, financial assets and real property, not to exceed the amount of fines or recoveries sought, including fees and costs, upon entry of an order determining that such moneys are due or recoverable.

(c) A violation is considered a:

2. Second Violation – If, within the five years prior to the alleged violation date(s), the provider, entity, or person has twice been deemed by the Agency in prior Agency actions to have committed the same violation.

3. Third Violation – If, within the five years prior to the alleged violation date(s), the provider, entity, or person has three times been deemed by the Agency in prior Agency actions to have committed the same violation.

4. Fourth Violation – If, within the five years prior to the alleged violation date(s), the provider, entity, or person has four times been deemed by the Agency in prior Agency actions to have committed the same violation.

5. Fifth Violation – If, within the five years prior to the alleged violations date(s), the provider, entity, or person has five or more times been deemed by the Agency in prior Agency actions to have committed the same violation.

6. Subsequent Violation – If, within the five years prior to the alleged violation date(s) the provider, entity, or person has, five or more times, been deemed by the Agency in prior Agency actions to have committed the same violation.

(c) Multiple violations shall result in an increase in sanctions such that:

1. In the event the Agency determines in a single Agency action that a provider, entity, or person has committed violations of more than one section of this rule, the Agency shall cumulatively apply the sanction guideline associated with each section violated.

2. In the event the Agency determines in a single action that a provider, entity, or person has committed multiple violations of one section of this rule, unless the table in Section 10(i) specifies otherwise, the Agency shall cumulatively apply the applicable sanctions for each separate violation of the
(e) For purposes of this rule, as used in the table below, a “corrective action plan” shall be a written document, submitted to the Agency, and shall either be an “acknowledgement statement”, “provider education”, “self audit”, or a “comprehensive quality assurance program”. The Agency will specify the type of corrective action plan required.

1. An “acknowledgement statement” shall be a typed document submitted within 15 days of the date of the Agency action that brought rise to this requirement. The document will acknowledge a requirement to adhere to the specific state and federal Medicaid laws, the laws that govern the provider’s profession, or the Medicaid provider agreement that are the subject of the Agency action. The Agency will confirm receipt of the statement and either accept or deny it as complying with this rule. If the acknowledgement statement is not acceptable to the Agency, the provider, entity, or person will be advised regarding the deficiencies. The provider will have 10 days to amend the statement.

2. “Provider Education” shall be successful completion of an educational course or courses that address the areas of non-compliance as determined by the Agency in the Agency action.
   a. The provider, entity, or person will identify one or more individuals who are the Medicaid policy compliance individuals for the provider, and must include treating providers involved with the areas of non-compliance as well as billing staff, who must successfully complete the required education.
   b. The provider will, within 30 days of the date of the Agency action that brought rise to this requirement, submit for approval the name of the course, contact information, and a brief description of the course intended to meet this requirement.
   c. The Agency will confirm receipt of the course information and either accept or deny it as complying with this rule. If the course is denied by the Agency, the provider, entity, or person will be advised regarding the reasons for denial. The provider will have 10 days to submit additional course information.
   d. Proof of successful completion of the provider education must be submitted to the Agency within 90 days of the date of the Agency action that brought rise to this requirement.

3. A “self-audit” is an audit of the provider’s claims to Medicaid for a specified period of time (the audit period) performed by the provider.
   a. A self-audit is a detailed and comprehensive evaluation of the provider’s claims to Medicaid. The audit may be focused on particular issues or all state and federal Medicaid laws, the laws that govern the provider’s profession, or the Medicaid provider agreement. The Agency will specify the audit period as well as issues to be addressed. A summary of the audit work plan, including the audit methodology, must be submitted to the Agency within 30 days of the date of the Agency action that brought rise to this requirement. The self-audit must be completed within 90 days of the date of the Agency action that brought rise to this requirement, or such other timeframe as mutually agreed upon by the Agency and the provider. The self-disclosure of violations will not result in additional sanctions imposed pursuant to this rule.
   b. The provider is required to submit a detailed listing of paid claims found to be out of compliance with the specified state and federal Medicaid laws, the laws that govern the provider’s profession, or the Medicaid provider agreement. The listing shall include the date of service, type of service (e.g., procedure code), treating provider, pay-to provider, date the claim was paid, transaction control number (TCN) for the claim, description of non-compliance, and any other information that would allow the Agency to verify the claim(s). The provider is also required to submit a detailed description regarding the audit methodology and overpayment calculation. The Agency will evaluate the self-audit and determine whether it is a valid evaluation of the provider’s claims.
   c. If the self-audit is accepted by the Agency, the provider shall be deemed to have been overpaid by the determined amount, and shall be required to repay that amount in full, or enter in and adhere to a repayment plan with the Agency, within 30 days of the date of the acceptance of the self-audit.
   d. If the self-audit is not accepted, the provider will be advised regarding the reasons for denial. The provider will have 30 days to submit additional information to correct the deficiencies.

4. A “comprehensive quality assurance program” shall monitor the efforts of the provider, entity, or person in their internal efforts to comply with state and federal Medicaid laws, the laws that govern the provider’s profession, and the Medicaid provider agreement.
a. The program shall contain at a minimum the following elements: identification of the physical location where the provider, entity, or person takes any action that may cause a claim to Medicaid to be submitted; contact information regarding the individual or individuals who are responsible for development, maintenance, implementation, and evaluation of the program; a separate process flow diagram that includes a step-by-step written description or flow chart indicating how the program will be developed, maintained, implemented, and evaluated; a complete description and relevant time frames of the process for internally maintaining the program, including a description of how technology, education, and staffing issues will be addressed; a complete description and relevant time frames of the process for implementing the program; and a complete description of the process for monitoring, evaluating, and improving the program.

b. A process flow diagram regarding the development of the program must be submitted to the Agency within 30 days from the date of the Agency action and must be updated every 30 days until the comprehensive quality assurance program is approved by the Agency. A process flow diagram regarding the maintenance, implementation, and evaluation of the program must be submitted to the Agency within 90 days from the date of the Agency action and must be updated every 30 days until the comprehensive quality assurance program is approved by the Agency.

c. The evaluation process must contain processes for conducting internal compliance audits, which include reporting of the audit findings to specific individuals who have the authority to address the deficiencies, and must include continuous improvement processes. The plan must also include the frequency and duration of such evaluations.

d. The Agency will review the process flow diagram and description of the development of the program and either approve the program or disapprove the program. If the Agency disapproves the program, specific reasons for the disapproval will be included, and the provider, entity, or individual shall have 30 days to submit an amended development plan.

e. Upon approval by the Agency of the development process of the program, the provider, entity, or person shall have 45 days to implement the program. The provider shall provide written notice to the Agency indicating that the program has been implemented.

f. The program must remain in effect for the time period specified in the Agency action and the provider must submit written progress reports to the Agency every 120 days, for the duration of the program.

5. Failure to timely comply with any of the timeframes set forth by the Agency, or to adhere to the corrective action plan in accordance with this section, shall result in a $1000 fine per day of non-compliance. If a provider remains out of compliance for 30 days, the provider shall also be suspended from the Medicaid program until the provider is in compliance. If a provider remains out of compliance for 180 days, the provider shall be terminated from the Medicaid program.

(f) The Agency’s decision to discontinue follow-up reviews does not preclude future audits of any dates of service or issues, and shall not be used by the provider in any action should the Agency later determine overpayments existed.

(g) For purposes of this rule, as used in the table below, a “suspension” shall preclude participation in the Medicaid program for one year from the date of the Agency action. A provider that is suspended shall not resume participation in the Medicaid program until the completion of the one-year term. To resume participation, the provider must submit a written request to the Agency, Bureau of Medicaid Program Integrity, to be reinstated in the Medicaid program. The request must include a copy of the notice of suspension issued by the Agency, and a written acknowledgement regarding whether the violation(s) that brought rise to the suspension has been remedied. The provider may not resume participation in the Medicaid program until they receive written confirmation from the Agency indicating that participation in the Medicaid program has been authorized.

(h) For purposes of this rule, as used in the table below, a “termination” shall preclude participation in the Medicaid program for twenty years from the date of the Agency action. A provider who is terminated shall not resume participation in the Medicaid program until the completion of the twenty-year term. To resume participation, the provider must submit a complete and accurate provider enrollment application, which will be accepted or denied in the standard course of business by the Agency. In addition to the application, the provider must include a copy of the notice of termination issued by the Agency, and a written acknowledgement regarding whether the violation(s) that brought rise to the termination has been remedied.
(i) Sanctions and disincentives shall apply in accordance with this rule, as set forth in the table below:

(1) through (16) No change.
(17) Medicaid for Hurricane Katrina Evacuees.
(a) Definitions.
1. Emergency Area means a geographic area or region in which a National Disaster has been declared as a result of Hurricane Katrina. For the purposes of this program, the relevant disaster is limited to affected counties or parishes in the States of Louisiana, Mississippi and Alabama declared by FEMA as requiring individual assistance.
2. Evacuee means an individual who is a resident of the emergency area, affected by a national disaster as declared by the President of the United States pursuant to the National Emergencies Act or the Robert T. Stafford Disaster Relief and Emergency Assistance Act, and has been displaced from his or her home by the emergency, and is not a non-qualified alien and meets the definition of eligible population.
3. Evacuee Status means a temporary eligibility status, not to exceed five months, during which evacuees will be able to access specified Medicaid benefits and services.
4. Home State means the state in which the national disaster has been declared and from which the evacuee has been displaced.
5. Host State means the state in which an evacuee is temporarily residing.
(b) Application Processing.
1. Applications will be accepted from August 24, 2005 through January 31, 2006, and may be retroactive to August 24, 2005. Any eligibility prior to September 1, 2005, will not count against an evacuee’s eligibility period. The duration of the program is from August 24, 2005 through June 30, 2006.
2. The application process described in Administrative Rule 65A-1.205, F.A.C., will be used. The Hurricane Katrina Emergency Assistance Program for Evacuees Supplement to the Application for Assistance, Form CF-ES 2346, Sep 2005, incorporated by reference, may be attached to the application.

(c) The Host State will, to the greatest extent possible, verify circumstances of eligibility, residency, and citizenship, to prevent fraud and abuse in the program. Evacuation status can be established by self-attestation of displacement, income, and immigration status. Evacuees must be required to cooperate in demonstrating evacuee status and other eligibility requirements.

(d) Proof of disability must be requested of individuals under age 65, who do not meet family-related Medicaid criteria, and who self-attest to a disability that prevents them from working for at least twelve months. Information for Social Security Administration available on a Medicare card or via data exchange is sufficient verification. If proof of disability is not available prior to application disposition, applicants must be given or mailed a Confirmation of Disability Letter, Form CF-ES 2347, Sep 2005, incorporated by reference.

(e) Child support enforcement cooperation and the requirement to file for other benefits do not apply to applications processed under this emergency program.

(f) The population that may be certified under this rule is described in a Section 1115 waiver obtained from the U.S. Department of Health and Human Services, Centers for Medicaid and Medicare Services. It consists of evacuees who are parents, pregnant women, children under age 19, individuals with disabilities, low income Medicare recipients potentially eligible for the Qualified Medicare Beneficiary program (QMB), and low income individuals in need of long-term care with incomes up to and including the Host state’s Medicaid levels. Pregnant women from Alabama must have income below 133% of poverty to qualify for Medicaid, in accordance with the requirements of the Section 1115 waiver. Two months of post partum benefits will also be provided to women whose pregnancies end during the five month eligibility period, even if the two months extend Medicaid eligibility beyond the five month period. Presumptive eligibility for newborns, transitional and extended Medicaid and continuous eligibility policies do not apply to this emergency program. Ex parte reviews will not be conducted, in accordance with the authority granted by the Section 1115 waiver.

(g) Evacuees who meet the requirements of this section will receive benefits under these provisions and funding mechanisms. Eligible individuals who receive Medicaid under these provisions cannot receive regular Medicaid for the same time period. Eligible evacuate households that were approved for food stamp or cash assistance benefits prior to implementation of this rule may request Medicaid benefits without a separate application.

(h) Fair hearings and/or appeals are not provided as part of this emergency Medicaid program.

RULE TITLE: Rule 68C-22.015
County) Zones
PURPOSE AND EFFECT: The purpose of the proposed rulemaking action is to amend the existing manatee protection zones in the Placida Harbor area of southern Lemon Bay to provide an additional 25 mph channel for access to southern Little Gasparilla Island. The effect of the action would be to allow speeds up to 25 mph (instead of Slow Speed as is currently required) in an additional navigation channel, if Charlotte County marks the channel in a manner approved by the Commission. This action is being proposed after considering recommendations and comments made by the Charlotte County Local Rule Review Committee that was formed by the County pursuant to Section 370.12(2)(f), F.S. SUMMARY: A new 25 mph channel would be authorized in Placida Harbor to provide additional higher speed access to southern Little Gasparilla Island. The new channel would be a “south prong” off of the 25 mph channel that is already authorized by the existing rule. No changes would be made to any of the other existing zones in Charlotte County.

THE FULL TEXT OF THE PROPOSED RULE IS:

68C-22.015 Charlotte County (and Part of DeSoto County) Zones.

(1) The Commission hereby designates the waters within Charlotte County and DeSoto County, as described below, as areas where manatee sightings are frequent and where the best available information supports the conclusion it can be assumed that manatees inhabit these areas on a regular or periodic or continuous basis. The Commission has further determined that a likelihood of threat to manatees exists in these waters as a result of manatees and motorboats using the same areas. The primary purpose of this rule is to protect manatees from harmful collisions with motorboats and from harassment by regulating the speed and operation of motorboats within these designated areas. A secondary purpose is to protect manatee habitat. In consideration of balancing the rights of fishers, boaters, and water skiers to use the waters of the state these waterways for recreational and commercial purposes (as applicable under Section 370.12(2)(k), F.S.), with the need to provide manatee protection, the Commission has examined the need for limited lanes, corridors, or unregulated areas that allow higher speeds unregulated areas or higher speed travel corridors through or within regulated areas. Such lanes, corridors, or areas or corridors are provided in those locations where the Commission determined that they are consistent with manatee protection needs; on the basis of all available information, that (1) there is a need for the area or corridor and (2) the area or corridor will not result in serious threats to manatees or their habitat. Unregulated areas or higher speed corridors are not provided in locations where both of the above findings were not made.

(2) The following zones are established, which shall include all associated and navigable tributaries, lakes, creeks, coves, bends, backwaters, canals, and boat basins unless otherwise designated or excluded. As used in this rule, ICW means the Intracoastal Waterway.

(a) No change.

Also excluded from this zone are the portion of the waterway known as “Ski Alley” south of a line bearing 258° from the northernmost point (approximate latitude 26°54'47.3'' North, approximate longitude 82°21'03.7'' West) of Peterson Island, and the areas described below:

a. through b. No change.
2. through 6. No change.
(c) 25 MPH (All Year).

1. No change.
2. Placida Harbor Area: All waters in the marked channel that runs from the ICW to Gasparilla Pass on the northwest side of the Boca Grande Causeway, and; all waters in the marked channel that runs in a general east-west direction from the marina and boat ramp basin on the northwest side of Boca Grande Causeway, across the ICW, to Little Gasparilla Island, including a “south prong” channel that runs from said east-west channel to the zone boundary between Little Gasparilla Island and Bird Key. This designation only applies if the channels are marked in accordance with permits issued by all applicable state and federal authorities and if the channel locations and marking schemes are approved in advance by the Commission. In the absence of properly permitted and approved channels, these areas are as designated under subparagraph (2)(b)1.

3. through 7. No change.

(3) No change.

(4) The amendments to Rule 68C-22.015, F.A.C., as approved by the Commission on [insert approval date] September 12, 2002, shall take effect as soon as the regulatory markers are posted.

NOTICE OF CHANGE
Notice is hereby given that the following changes have been made to proposed rules in accordance with subparagraph 120.54(3)(d)1., F.S., published in the Florida Administrative Weekly, Vol. 31, No. 18 on May 6, 2005 and Vol. 31, No. 47 on November 23, 2005. The changes reflect comments received from the Joint Administrative Procedures Committee and additional changes to Section 766.1115, Florida Statutes, Chapter 2005-118, section 1. The changes are as follows:
1. Subsection (4) of proposed 64F-11.002, F.A.C., shall read as follows:
   (4) “The governmental contractor is responsible for determining if applicants meet the eligibility criteria as established in the Department of Health Client Eligibility and Referral Process Training Guide, DH 1032G, (02/06), as incorporated herein by reference, for participation in the Volunteer Health Care Provider Program. A copy of the Client Eligibility and Referral Process Training Guide can be obtained through the department’s Volunteer Health Services Program.”
2. Client Eligibility and Referral Process Training Guide, DH 1032G, (02/06), Part 2, Instructions for Completing the Patient Referral Form, shall read as follows:

“A Patient Referral Form, DH 1032, (02/06) must be completed on each patient referred from the Department of Health to a health care provider participating in the Volunteer Health Care Provider Program. A referral form is valid for the initial medical/dental visit and all follow-up visits for the same condition with the same provider. In cases where a patient’s medical/dental treatment plan for a specific medical/dental issue requires a pathologist, radiologist, anesthesiologist or laboratory services in addition to service rendered by the supervising provider, the referral form may include these providers. These ancillary providers must be identified by name on the referral form as soon as the participating providers become available. If a patient presents for a different medical/dental issue or is scheduled to see a different provider, then a new referral must be completed. Blank Patient Referral Forms can not be signed and dated by the patient in anticipation of possible future referrals. However, a patient can be asked to sign incomplete referral form in anticipation that every effort will be made to schedule an appointment with an appropriate provider for a specific medical/dental issue as soon as possible. All signatures on the Patient Referral Form must be originals, “signature on file” is not an acceptable replacement for original signatures.”

3. The Patient Referral Form, DH 1032, (02/06) is modified to authorize the referral of a patient by the supervising provider to providers rendering ancillary services such as pathology, radiology, anesthesiology and laboratory tests. A copy of the Patient Referral Form, DH 1032, (02/06) can be obtained through the department’s Volunteer Health Services Program.

4. Subsection (4) of proposed Rule 64F-11.003, F.A.C., shall read as follows:

(4) “The governmental contractor may convey to any provider the responsibility for determining eligibility and the referral of clients for the department. The provider may perform the eligibility and referral process in accordance with a Volunteer Health Care Provider Program contract, DH 1029, (02/06), as incorporated in Rule 64F-11.005, F.A.C., with the governmental contractor.”

5. Rule 64F-11.005, F.A.C., shall read as follows:

“The governmental contractor shall use the Volunteer Health Care Provider Program contract, DH 1029, (02/06) as incorporated herein by reference, developed by the department specifically for this program. Provisions of the contract shall include the requirements specified in Section 766.1115(4) and (10), F.S. Section IV
Emergency Rules

DEPARTMENT OF STATE
Division of Elections
RULE TITLE: RULE NO.:
Exception for Provisional Ballots-Sequoia
Touch Screen Voting System 1SER06-1

SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY AND WELFARE: Pursuant to Section 120.54(4)(b), Florida Statutes, this emergency rule is a rule pertaining to the public health, safety, and welfare as it involves the interpretation and implementation of the requirements of Chapters 97-102 and 105 of the Florida Election Code. This emergency rule is an exception to the recently amended Rule 1S-2.037, F.A.C., relating to provisional ballots, and is necessary to ensure the secrecy of provisional ballots cast by voters in counties using the Sequoia Touch Screen Voting System.

Neither the old version nor the recently amended version of Rule 1S-2.037, F.A.C., relating to procedures and forms for provisional ballots that was adopted on January 9, 2006, by the Florida Department of State/Division of Elections adequately addresses the issue of secrecy of provisional ballots cast on Sequoia Touch Screen Voting Systems. On August 12, 2005, the Department had initiated proposed rule-making for Rule 1S-2.037, F.A.C., to reflect changes in Chapters 2005-277 and 2005-278, Laws of Florida. The amended rule included two major parts. The first part of the amended rule dealt with the expanded opportunities to vote a provisional ballot and the statutory right of provisional ballot voters to present written evidence within a specified time period to their respective supervisor of elections prior to a review and determination by the canvassing board of whether to count the provisional ballot. The second part of the amended rule incorporated three new forms for provisional ballot certificates and affirmations. Forms DS DE 49 OS/TS, entitled “Optical Scan, Provisional Ballot Voter’s Certificate and Affirmation,” DS DE 49 TS, entitled “Touch Screen, Provisional Ballot Voter’s Certificate and Affirmation,” and DS DE 49 OS, entitled “Optical Scan, Provisional Ballot Voter’s Certificate and Affirmation,” correspond to the types of voting system(s) used in the respective county jurisdiction. The first form is a combined form applicable for use by counties with optical scan and touch screen voting systems. Each of the forms also includes instructions and procedures for processing provisional ballots by the elections official, the supervisor of elections and the canvassing board.

Prior to the Division’s filing of Rule 1S-2.037, F.A.C., for adoption, the Bureau of Voting Systems Certification identified a significant obstacle with the application of the proposed rule and the forms during the Bureau’s testing of the Sequoia Voting System for compliance with the disability accessibility requirements of Title III of the Help America Vote Act and Section 101.56062, Florida Statutes. The proposed rule and incorporated forms as applied to the Sequoia Touch Screen Voting System can not ensure the secrecy of the provisional ballot as required under state and federal law. If the provisional ballot procedures for touch screen voting systems and form DS DE 49 TS, entitled “Touch Screen, Provisional Ballot Voter’s Certificate and Affirmation,” or form DS DE 49 OT/TS, entitled “Optical Scan/Touch Screen, Provisional Ballot Voter’s Certificate and Affirmation” are used for the provisional ballot procedure for touch screen voting system and form DS DE 49 TS, entitled “Optical Scan, Provisional Ballot Voter’s Certificate and Affirmation,” DS DE 49 TS, entitled “Touch Screen, Provisional Ballot Voter’s Certificate and Affirmation,” or form DS DE 49 OT/TS, entitled “Optical Scan/Touch Screen, Provisional Ballot Voter’s Certificate and Affirmation,” or form DS DE 49 OT/TS, entitled “Optical Scan/Touch Screen, Provisional Ballot Voter’s Certificate and Affirmation” are used for the provisional ballot voter using the Sequoia Touch Screen Voting System, the provisional ballot identification number included on the certificate and affirmation will reveal a link between the identity of the voter and the vote cast when ballot image reports are generated. This problem was confirmed by the vendor for the Sequoia Touch Screen Voting System.

The timing of the discovery occurred at a point in which the Department could not toll Rule 1S-2.037, F.A.C., for adoption because of the administrative rulemaking deadlines. The Department filed the revised Rule 1S-2.037, F.A.C., for adoption on January 9, 2007, which becomes effective on January 29, 2006, with the intent to re-initiate rulemaking to address permanently the particular circumstance associated with provisional ballots under the Sequoia Touch Screen Voting System. In the interim, the Department has learned that at least one county, Pinellas County that uses the Sequoia Touch Screen Voting System, is scheduled to hold municipal elections in March 2006. At least three other counties (Indian River, Palm Beach and Hillsborough) are potentially at risk if an election were to be scheduled within the next two to three months. There is insufficient time to amend Rule 1S-2.037, F.A.C., prior to Pinellas County’s municipal election. This emergency rule is necessary to address the problem for upcoming election pending adoption of the text permanently into Rule 1S-2.037, F.A.C.

REASONS FOR CONCLUDING THAT THE PROCEDURE IS FAIR UNDER THE CIRCUMSTANCES: The Division of Elections is aware of the rulemaking procedures prescribed by Section 120.54, Florida Statutes. That process requires advance notice to the general public of intended rules and the opportunity to submit comments on the intended rule, prior to the agency’s adoption of the rule. The time period for general rulemaking takes at least 60 days and will prevent the timely amendment and adoption of Rule 1S-2.037, F.A.C., needed prior to the municipal election in Pinellas County and in any other election that may be scheduled within the next 2-3 months in a county using the Sequoia Touch Screen Voting System.

SUMMARY OF THE RULE: The emergency rule is needed to provide procedures and forms to ensure the secrecy of provisional ballots for voters in counties that use Sequoia
Touch Screen Voting Systems. The Department of State will be initiating rulemaking to amend Rule 1S-2.037, F.A.C., to incorporate the text of the emergency rule permanently.

THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULE IS: Maria I. Matthews, Assistant General Counsel, Division of Elections, Department of State, R.A. Gray Building, 500 S. Bronough Street, Tallahassee, Florida 32399, (850)245-6536

THE FULL TEXT OF THE EMERGENCY RULE IS:

1SER06-1 Exception for Provisional Ballots-Sequoia Touch Screen Voting System.

(1) In order to ensure the secrecy of the ballot of each provisional ballot voter, the following forms and procedures must be used and followed in all counties using the Sequoia Touch Screen Voting System:

(a) Form DS DE 49 Sequoia, entitled “Sequoia Touch Screen, Provisional Ballot Voter’s Certificate and Affirmation,” (eff. 01/06) shall be used as the provisional ballot envelope form, and form DS DE 49 Sequoia-A, entitled “Provisional Ballot Identification Number Form,” (eff. 01/06) shall be used to write the provisional ballot voter’s identification number, in reference to the procedures in paragraphs (b) and (c). These forms are incorporated by reference and are available from the Division of Elections website at: http://election.dos.state.fl.us, or by contacting the Division of Elections at (850)245-6200.

(b) Procedures at the polls:

1. Once a determination is made that a voter needs to vote a provisional ballot, the voter is provided with the provisional ballot envelope form DS DE 49 Sequoia.

2. The voter fills out the Provisional Ballot Voter’s Certificate and Affirmation using DS DE 49 Sequoia and provides it to the election official to witness.

3. The election official witnesses the voter’s signature and fills out the information on the back side of the envelope indicating the reason the voter is voting a provisional ballot.

4. The election official activates the voter card and writes the provisional ballot number from the card activator on a separate form using DS DE 49 Sequoia-A.

5. The voter verifies that the provisional ballot identification number on the form matches the ballot number from the card activator display.

6. The voter places the form with the ballot identification number in the Provisional Ballot envelope and seals the envelope.

7. The voter proceeds to the touch screen voting system and votes his or her provisional ballot.

8. At the close of the polls, all completed provisional ballot envelopes are returned to the supervisor of elections.

(c) Procedures during the canvassing process:

1. The canvassing board determines the eligibility of each provisional voter.

2. For each provisional voter that is determined to be eligible, the provisional ballot envelope shall be opened and the provisional ballot number shall be separated from the envelope containing the voter’s name to ensure that the voter’s name and provisional ballot number cannot be connected.

3. All ballots connected to the provisional ballot numbers for eligible voters shall be tabulated according to the procedures for tabulating ballots provided by the manufacturer.

4. For each provisional voter that is determined to be ineligible, the provisional ballot envelope shall not be opened and the Provisional Ballot Identification Number shall remain sealed in the envelope.

(2) Provisional ballot procedures on election day and during the early voting period must otherwise meet the requirements of Rule 1S-2.037, Florida Administrative Code.

(3) The effective date of this emergency rule is January 29, 2006.

THIS EMERGENCY RULE TAKES EFFECT BEING FILED WITH THE DEPARTMENT OF STATE UNLESS A LATER TIME AND DATE IS SPECIFIED IN THE RULE.

EFFECTIVE DATE: January 29, 2006

DEPARTMENT OF FINANCIAL SERVICES

Division of Insurance Agents and Agency Services

RULE TITLE: Public Adjusting of Insurance Claims

from Hurricane Wilma

RULE NO.: 69BER06-02

SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY OR WELFARE: The Department of Financial Services hereby states that the following circumstances constitute an immediate danger to the public health, safety, and welfare: This emergency rule is necessitated by the property damage resulting in Florida from Hurricane Wilma, Florida’s eighth hurricane in 15 months, which came ashore in Florida at 6:30 a.m. ET on October 24, 2005, as a category 3 hurricane near
Cape Romano, 22 miles south of Naples. Hurricane Wilma came ashore with sustained winds up to 125 miles per hour. It remained a category 2 hurricane as it traveled across the entire southern peninsula of the state with winds of up to 100 miles per hour. The Governor of Florida declared a state of emergency (Executive Order # 05-219). The President of the United States signed a disaster declaration to provide federal disaster assistance to the damaged areas.

According to information reported to the Office of Insurance Regulation by insurance companies, 836,408 insurance claims were filed by Florida residents as a result of Hurricane Wilma. Due to the huge number of claims, over half of these claims have not yet been settled by insurance companies and 345,297 claims have not even had damages assessed by the insurer’s claims adjuster. These figures show that the emergency created by Hurricane Wilma continues to impact a large number of Floridians.

Excessive public adjusting fees are a source of injury to the public health, safety, and welfare by substantially impairing the financial ability of insureds to effectuate repairs to damaged property in a timely fashion, to commence or complete repairs, or to make proper and adequate repairs meeting building code requirements. In order for complete rebuilding to occur, insurance proceeds cannot be eroded by unreasonable public adjuster fees. As a result, there is a need to limit the fees imposed by public adjusters to a reasonable level. This rule limits fees charged by public adjusters to 10 per cent of the amount of the insurance policy proceeds paid to the policyholder.

The rule also contains provisions relating to required contract terms and other ethical requirements. These provisions are reasonable and necessary based on the Department’s experience with public adjuster abuses after prior hurricanes. The Legislature recognized, in Section 626.8698, Florida Statutes, that the interest of the public demands that public adjusters be prohibited from “soliciting or otherwise taking advantage of a person who is vulnerable, emotional or otherwise upset as a result of trauma, accident or similar occurrence…” Hurricane Wilma has placed a great number of people in a state of vulnerability, including many Floridians who live and work in areas previously impacted by Hurricane Rita, Hurricane Katrina, and Hurricane Dennis in the three months prior to landfall of Hurricane Wilma, as well as the four hurricanes which struck the state in 2004. The emotional stress of claimants may lead them to make imprudent decisions in the context of contracting with public adjusters.

In consideration of the emergency conditions that continue to exist, and given the Department’s responsibility to protect the public interest, including insureds, and implement the Insurance Code, an emergency rule is necessary.

REASONS FOR CONCLUDING THAT THE PROCEDURE USED IS FAIR UNDER THE CIRCUMSTANCES: The Department of Financial Services believes that adopting an emergency rule is the fairest method to protect the public because the nature of the destruction caused by Hurricane Wilma requires an immediate response. The conditions from Hurricane Wilma will require the Department to exercise its authority to provide protection to consumers from unethical conduct of certain public adjusters. The provisions of this rule provide needed guidance to public adjusters. A Department bulletin addressed to all licensed public insurance adjusters would reach them, but would not be legally binding. In addition, the Department has initiated permanent rulemaking for some of the provisions of this and previous emergency rules for public adjusters in the aftermath of hurricanes. A Notice of Proposed Rule Development was published in the Florida Administrative Weekly on October 21, 2005. The Department plans to publish a Notice of Proposed Rulemaking in the February 9, 2006, issue of the Florida Administrative Weekly.

SUMMARY OF THE RULE: This emergency rule adopts emergency ethical standards to be applied to claims resulting from Hurricane Wilma. The rule limits public adjuster commissions to a maximum of 10% of insurance proceeds regardless of whether the risk is residential or commercial. The rule also prohibits public adjusters from requiring, demanding, or accepting payments prior to settlement of a claim. The rule requires certain standards for public adjuster contracts to reduce risk of deception. The rule establishes ethical standards to avoid incompetence, conflict of interest, or deception. The rule also establishes a 14-day rescission period for public adjuster contracts. Additionally, the rule prohibits public adjusters from entering into a contract to adjust a residential property claim that has been declared a total loss, unless the public adjuster services can reasonably be expected to benefit the claimant.

THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULE IS: Barry Lanier, Chief, Bureau of Investigation, Division of Agent and Agency Services, Department of Financial Services, 200 East Gaines Street, Tallahassee, Florida 32399-0333, (850)413-5600

(a) An adjuster shall not undertake the adjustment of any claim concerning which the adjuster is not currently competent and knowledgeable as to the terms and conditions of the insurance coverage, or which otherwise exceeds the adjuster’s current expertise.

AGENCY FOR HEALTH ADMINISTRATION

Notice is hereby given that an Order has been issued in the matter of In Re: Petition for Variance or Waiver for subsection 59A-10.032(15), F.A.C. In Relation to the Definition of Health Care Professional, which petition was filed by Petitioner Duane Ratliff on October 24, 2005. Notice of the filing of this petition was first published in Florida Administrative Law Weekly on November 23, 2005, and interested persons were invited to comment. Under the Rule, Emergency Medical Technicians are considered Health Care Professionals for purposes of eligibility to pursue an abbreviated application process for licensure as a Healthcare Risk Manager. Paramedics, who must demonstrate greater competency and more advanced training than Emergency Medical Technicians, are not considered Health Care Professionals under the Rule. Thus Petitioner, a certified Paramedic, under the Rule as written, was unable to pursue the same application process as a lesser skilled and trained EMT. On January 12, 2006, the Secretary of the Agency signed an Order GRANTING the
Petition, permitting the Petitioner Paramedic to follow the abbreviated process for an applicant considered a Health Care Professional under the Rule.

NOTICE TO CONSTRUCTION MANAGERS

Florida Gulf Coast University Board of Trustees, announces that Construction Management Services will be required for the project listed below:

Project No. BR-1048, Project and Location: Engineering Building, Florida Gulf Coast University, Ft. Myers, Florida.

Florida Gulf Coast University began as a dream for a new university located in southwestern Florida. “The Tenth University” began with a strong commitment to technology and innovation, with an environmental focus. Currently, the offices and classrooms for the Engineering Program are located in various buildings on the FGCU campus. Accordingly, this new building will provide laboratory/lecture classrooms, administration and faculty offices and research spaces in one building for civil engineering, environmental engineering and bioengineering. Additional areas of the building will be utilized as design studios, computer labs and a small workshop.

In general, the building will be approximately 70,000 gross square feet and will be three stories in height. The design of the building will be complimentary to other campus buildings, and yet have a distinct character and appearance of its own. The site has been conceptually permitted with both the Corps of Engineers and the South Florida Water Management District. This project will have to modify an existing construction and operation permit issued by the South Florida Water Management District.

The total project budget is $17,500,000 and construction budget is $14,000,000.

The contract for construction management services shall consist of two phases. Phase one of the contract is for pre-construction services for which the construction manager will be paid a fixed fee. Phase one services include value engineering, constructability analysis, development of a cost model, estimating, and the development of a Guaranteed Maximum Price (GMP) at 50% Construction Document phase. If the GMP is accepted, phase two, the construction phase, may be implemented. In phase two of the contract, the construction manager shall become the single point of responsibility for performance of the construction contract for the project and shall publicly bid trade contracts. Failure to negotiate an acceptable fixed fee for phase one of the contract, or to arrive at an acceptable GMP within the time provided in the agreement may result in the termination of the construction manager’s contract.

Selection will be made on the basis of construction manager’s qualifications, including experience and ability; past experience; bonding capacity; record-keeping/administrative ability; critical path scheduling expertise; cost estimating; cost control ability; quality control capability and qualification of the firm’s personnel, staff and consultants.

The Selection Committee may reject all proposals and stop the selection process at any time. The construction manager shall have no ownership, entrepreneurial or financial affiliation with the selected architect/engineer involved with this project.

Firms desiring to provide construction management services for the project shall submit a letter of application and a completed Board of Regents “Construction Manager Qualifications Supplement”. Proposals must not exceed 80 pages, including the Construction Manager Qualifications Supplement and letter of application. Pages should be numbered consecutively. Submittals, which do not comply with these requirements or do not include the requested data, will not be considered. No submittal information will be returned.

All applicants must be licensed to practice as general contractors in the State of Florida at the time of application. Corporations must be registered to operate in the State of Florida by the Department of State, Division of Corporations, at the time of application. As required by Section 287.133, F.S., a construction management firm may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected construction management firm must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of $15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

EXPRESSWAY AUTHORITIES
REQUEST FOR PROPOSAL FOR NORTH TAMPA EAST – WEST ROAD

The Tampa-Hillsborough County Expressway Authority (Authority) plans to solicit proposals for a public-private partnership (P-3) with the Authority for a project located in north Tampa, more specifically described below ("Project"). The Authority is an independent special district established under Section 348.52, F.S.

The Project consists of approximately 3.1 miles of new limited access alignment, which will include a new interchange at I-275. It is contemplated that the majority of the Project will be built on structures, due to environmental concerns. The City of Tampa (City) is conducting a PD&E study of the Project. The Authority has performed a planning level traffic and revenue study. The recommended alignment from the PD&E study is alternative 7.

The Authority and the City make no warranties or representations regarding the PD&E, and planning level traffic and revenue studies, and any documents generated from them. The study documents are furnished for informational purposes only. Copies of these documents and any other documents that the Authority deems of interest to prospective proposers may be obtained on the Authority’s website: www.tampa-xway.com. Proposers are urged to periodically check the website for updates.

The Authority plans to solicit proposals for an innovative public-private partnership that may include design-build, interchange justification study, coordination with FHWA, financing, operation and maintenance of the facility. It is the intent of the Authority to hold a Workshop on the 2nd day of March 2006 at 9:00 a.m. at its administrative offices located at 1104 E. Twiggs Street, Tampa, Florida 33602 for all interested proposers to discuss the Authority and the City’s expectations on this Project. The City will not be partner in the Project; however, the City will have input in the Project’s initial alignment.

The workshop will be conducted in two parts. A general public session will be held from 9:00 a.m. to 10:30 a.m., where the Project will be reviewed by Authority staff, followed by questions and recommendations from the attendees.

Starting at 11:00 a.m., following the general session, the Authority staff will meet individually with any interested proposer in one-hour intervals. These will be non-public sessions. Please contact Tina Allen, the Authority’s Executive Assistant, at (813)272-6740 to schedule a meeting time. Please attempt to assemble your entire team, including sub-consultants, etc., for the meeting in order to minimize the number of individual meetings. If needed, the Authority will schedule a second day for individual meetings. The March 2, 2006 workshop is not a mandatory preproposal conference; however, all interested parties are urged to attend.

This Project is subject to the Authority’s Small Business Enterprise (SBE) policy for design and construction contracts. The SBE policy strongly encourages the solicitation and utilization of SBE firms and includes a policy of nondiscrimination on the basis of race, color, gender, and national origin in its employment and contracting practices. All firms contracting with the Authority are required to have or adopt a similar policy. A copy of the SBE policy is available at the Authority’s website www.tampa-xway.com.

Subsequent to the workshop and after receiving questions and comments from interested proposers, the Authority intends to publish an RFP setting forth the general parameters desired to be included in the proposal and a time for submission. It is the desire of the Authority that all proposers submit innovative, creative and financially-sound proposals that accomplish the goals set forth for the Project. The advertisement will set forth the minimum requirements for the proposal expected by the Authority and the requirements as to proposal style, length, and copies. The Authority will consider recommendations and/or suggestions prior to publishing the RFP on the Project. At the workshop, the Authority will discuss potential methods to be employed in the selection process and solicit any comments and/or suggestions from prospective proposers and other interested parties regarding selection criteria. Proposers are encouraged to submit written questions or suggestions to the Authority. Please note that all such writings will be posted on the Authority’s website and are public records when received by the Authority.
