REQUEST FOR BID

The University of Florida, Purchasing and Disbursement Services will receive sealed bids for the following: ITB07MW-105, W/O 903410, Bryant Hall FEMA Window Retrofit, estimated budget: \$200,000, to be opened August 29, 2006, at 2:00 p.m. (Local Time).

Scope of work: The University of Florida is seeking to enhance the protection of the computer resources housed in the eastern wing of Bryant Space Science Research building on the University of Florida campus in Gainesville, Florida and has secured a FEMA Grant to retrofit the windows in this building. The extent of the work is limited to the two story east wing of the building and a single window in the north end of the first floor of the western four story portion of the building. The

retrofit will consist of removing existing windows and frames and installing impact resistant glass windows and frames on 127 existing windows in 47 openings (verify sizes and quantities on site). This project will also include the retrofit of the two store front type main entrance doors at the front lobby (with ADA electric operators). All installations will be done in strict compliance with the Miami-Dade Specifications. The window and door systems provided are required to have current Notice of Approvals (NOA's).

Mandatory Pre-Bid Meeting will be held August 15, 2006, at 2:00 p.m., in the Physical Plant Division, Architecture/Engineering Conference Room, Bldg. 700, Radio Road, Gainesville, FL.

Specifications and Plans are available in Purchasing and Disbursement Services, Elmore Hall, Radio Road, Gainesville, FL 32611. All questions and bid document requests should be directed to Karen Olitsky, Purchasing and Disbursement Services, kolitsk@ufl.edu or (352)392-1331, ext. 224.

AMERICANS WITH DISABILITY ACT OF 1991 – If special accommodations are needed in order to attend the Pre-Bid Meeting or the Bid opening, contact Purchasing, (352)392-1331, within three (3) days of the event.

NOTICE TO CONSTRUCTION MANAGERS

Florida State University announces that construction management services will be required for the project listed below:

Project No.: FS-284

Project and Location: Student Success Center
Florida State University, Tallahassee,
Florida

The project consists of the design and construction of approximately 47,000 square feet of space on Woodward Avenue, adjacent to the Student Life Building. This new facility will house the LEAD Center, the Center for Civic Education and Service, and the Career Center, which are currently in separate locations. The Student Success Center will include classrooms, resource centers, meeting rooms, offices and technology accommodations. The estimated construction cost is \$9,450,000.00.

The contract for construction management services will consist of two phases. Phase one is pre-construction services, for which the construction manager will be paid a fixed fee. Phase one services include value engineering, constructability analyses, development of a cost model, estimating, and the development of a Guaranteed Maximum Price (GMP) at 50% Construction Document phase. If the GMP is accepted, phase two, the construction phase, will be implemented. In phase two of the contract, the construction manager becomes the single point of responsibility for performance of the construction of the project and shall publicly bid trade contracts, encouraging the inclusion of Minority Business Enterprises (MBEs). Failure to negotiate an acceptable fixed fee for phase one of the contract, or to arrive at an acceptable GMP within the time provided in the agreement may result in the termination of the construction manager's contract.

Selection of finalists for interviews will be made on the basis of construction manager qualifications, including experience and ability; past experience; bonding capacity; record-keeping/administrative ability, critical path scheduling expertise; cost estimating; cost control ability; quality control capability; and qualifications of the firm's personnel, staff and consultants. Finalists will be provided with the latest documentation prepared by the project architect/engineer, a description of the final interview requirements and, if requested, a copy of the standard Florida State University's construction management agreement. The Selection Committee may reject all proposals and stop the selection process at any time. The construction manager shall have no ownership, entrepreneurial or financial affiliation with the selected architect/engineer involved with this project.

Instructions:

Firms desiring to provide construction management services for the project shall submit a letter of application and the completed Florida State University "Construction Manager Qualifications Supplement." Proposals must not exceed 80 pages, including the Construction Manager Qualifications Supplement and letter of application. Pages must be numbered consecutively. Submittals which do not comply with these requirements or do not include the requested data will not be considered. No submittal material will be returned.

All applicants must be licensed to practice as general contractors in the State of Florida at the time of application. Corporations must be registered to operate in the State of Florida by the Department of State, Division of Corporations, at the time of application. As required by Section 287.133, Florida Statutes, a construction management firm may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected construction management firm must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$50,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

The Florida State University Construction Manager Qualifications Supplement forms and the Project Fact Sheet may be obtained through the website at www.fpc.fsu.edu or by contacting: Lynetta Mills, Facilities Design and Construction, 109 Mendenhall Maintenance, Building A, Florida State University, Tallahassee, Florida 32306-4152, (850)644-2843 telephone, (850)644-8351 facsimile. For further information on the project, contact: Lisa Durham, Sr. Project Manager, at the address and phone listed above.

Five bound copies of the required proposal data shall be submitted. Submittals must be received at the address listed above by 2:00 p.m. (local time), on Friday, September 1, 2006. Facsimile (FAX) or electronic submittals are not acceptable and will not be considered. All applicants will be notified of the results of the short listing via the Facilities Design and Construction web site at www.fpc.fsu.edu.

CALL FOR QUALIFICATIONS

The University of West Florida Board of Trustees is soliciting sealed Professional Qualifications submittals for an Educational Research Center for Child Development.

Professional Services are required to develop plans, specifications, drawings, and other construction documents for an Educational Research Center for Child Development on the main campus of the University of West Florida in Pensacola, FL.

The UWF Professional Qualifications Supplement (UWF-PQS) outlines the minimum requirements the firm will submit for this proposed master-planning design service.

Interested firms are required to visit the campus and must submit a Site Visit Form signed by authorized University personnel with its submittal.

A formal presentation to the selection committee may be required from each firm/team short-listed as a part of the selection process. Short listed applicants will be informed of the final interview date, time, and place and will be provided additional project information, if available.

Sealed submittals will be received until the close of business on September 5, 2006 at the Procurement Services Office, Bldg. 8, Room 102, The University of West Florida, 11000 University Parkway, Pensacola, FL 32514.

Solicitation number 06/PQS-03/ES must be marked on outside of sealed submittal. The University will not be responsible for unopened submittals when the package is not properly identified.

Interested firms may download the Project Fact Sheet and related information from the Procurement Services website at <http://uwf.edu/procurement> or contact: Elaine Smith, etsmith@uwf.edu, (850) 474-2627. All inquiries should be submitted in writing to Elaine Smith, etsmith@uwf.edu.

NOTICE TO DESIGN-BUILDERS

The Florida International University Board of Trustees announces that design-build services will be required for the project listed below:

Project Name and Number: Football Stadium Expansion, BT-842

Project Location: This facility will be located at Florida International University, University Park.

Project Description: Florida International University is soliciting qualifications for a design-build firm to provide complete design-build services for the expansion of the existing football stadium located at University Park, Miami, Florida. The scope of the project will include, but is not limited to, the demolition and expansion of the existing 7500 seat stadium to a new stadium of approximately 23,500 seats with the ability to expand to 45,000 including men's and women's bathroom facilities, concessions, private luxury suites, press box and media areas, expansion of the existing field house, and the addition of offices for the head football coach and his staff. Other items include field lighting, landscaping, scoreboard, sound system, expansion of existing utility systems necessary to accommodate new components, demolition of existing running track, adjacent roadway and entry modifications to accommodate the overall expansion, and other miscellaneous support elements.

Applicants will be provided a maximum Design-Build project budget, Building Program, and Design Criteria package prepared by the Owner's design criteria consultants. This documentation will establish and prioritize facility needs, and establish evaluation guidelines.

Firms desiring to provide design build-services for the project shall submit a letter of application and a completed Design-Build Qualifications Supplement (DBQS) form. Submittals should not exceed 80 pages, including the DBQS form and letter of application. Pages shall be numbered consecutively. Submittals which do not include the requested data as specified in the DBQS form will not be considered. No submittal material will be returned. Note: A previous design-build selection and negotiation process for this project has been terminated. A complete updated submittal of all requested documents is required. Previously submitted information will not be considered.

The process for selecting a design-build firm for this Project will include evaluation and scoring of the information provided on the respondent's DBQS form. A Selection Committee will

evaluate and score the information provided, which includes prior project-related experience, design and technical abilities, financial resources, etc...

A minimum of 3 firms receiving the highest scores after evaluation will be short listed. These firms will be given the opportunity to present their design build qualifications, design and construction services, approach and methodology to the Selection Committee. Based on this presentation and interview a minimum of 3 design build firms will be selected to prepare and submit priced schematic designs and a construction schedule based on F.I.U.'s building Program and Design Criteria package.

QUALIFICATIONS REQUIREMENTS: In addition to other requirements included in the DBQS form, the design-build firm team member(s) involved in professional services as engineer and/or architect and construction services as a certified general contractor shall meet the requirements of Section 287.055, Florida Statutes, at the time of the DBQS submittal. Corporations must be registered to operate in the State of Florida by the Department of State, Division of Corporations, at the time of application. As required by Section 287.133, Florida Statutes, a Design-Build firm may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected Design-Build firm must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

The Design-Build Qualifications Supplement (DBQS) form and the project fact sheet may be obtained by mail from: Facilities Planning, Florida International University, University Park, Miami, Florida 33199, or by Faxing a request to (305)348-4010, or login to <http://facilities.fiu.edu/fpc.htm> (find project under Facilities Construction Project Information). Requests for meetings by individual firms will not be granted. Once the firm acquires the required forms, questions may be directed to Facilities Planning.

Eight (8) bound copies of the Design-Build Qualifications submittal should be delivered to: Selection Committee, Florida International University, University Park, CSC 236, Miami, Florida 33199. and clearly marked with the title "Football Stadium Expansion. BT-842"

Submittals must be received by 2:00 p.m. (local time), on Friday, September 1, 2006. Facsimile (FAX) submittals are not acceptable and will not be considered.
