~~such cases, the Agency will pay the cost of proper disposal. The displaced person shall be responsible for the actual disposal of such material if the displaced person(s) chooses to dispose of the material. If the displaced person(s) is not permitted to move the pollutant or contaminant, the Department shall pay the actual, reasonable cost of disposal.~~

~~2. If the displaced person(s) chooses to move the material to the replacement site, the Department shall pay the actual, reasonable, and necessary costs associated with the move.~~

~~3. If the applicable law prohibits the displaced person from obtaining the necessary permit to move the hazardous material to the replacement site, the Department shall pay for the cost of disposal and transportation to the disposal site. The displaced person shall be responsible for the disposal of such material.~~

~~2.4. If disposal of hazardous material is a part of the normal operation of the displaced business, the Department shall not pay for the cost of such disposal. ~~(m) All underground or above-ground storage tanks shall be emptied and removed from the site by the displaced owner/operator in accordance with Chapter 376, F.S., and rules of the Department of Environmental Protection, effective December 7, 2000, governing underground or above-ground storage tanks.~~

~~1. If the displaced person(s) chooses to dispose of the tank contents, the Department shall pay the lesser of the cost of disposal or the cost to move.~~

~~2. If the displaced person(s) chooses to move the tank contents to the replacement site, the Department shall pay the actual, reasonable, and necessary costs associated with the move.~~

~~3. In cases where the owner/operator is required by Chapter 376, F.S., and/or rules of the Department of Environmental Protection, effective December 7, 2000, governing underground or above-ground storage tanks, to remove tanks, the Department will not reimburse the costs associated with such removal.~~

~~(n) While transporting any hazardous material or substance to a replacement site or disposal site the Department shall not be considered the owner or shipper of any hazardous material or substance. ~~(8) Replacement Housing Payments. Persons Individuals and families displaced from a dwelling acquired for a transportation project are eligible for replacement housing payments in accordance with the payments delineated in 49 C.F.R. Part 24, Subpart E.~~

~~(a) A displaced person is eligible for the replacement housing payment for a 180-day homeowner-occupant in accordance with if he or she meets the criteria of 49 C.F.R. Part 24, Subpart E.~~

~~(b) Typical Homesite Determination.~~

~~1. Typical Tract for Area: If the acquired dwelling is located on a tract typical in size for residential use in the area, the maximum purchase additive payment is the probable selling price of a comparable replacement dwelling on another typical tract, less the acquisition price of the acquired dwelling and the tract on which it is situated. If an uneconomic remnant remains after a partial taking and the owner declines to sell that remnant to the Agency, the fair market value of the remainder will not be added to the acquisition cost of the acquired dwelling for the purposes of computing the replacement housing payment.~~

~~2. Large Tract for Area: If the acquired dwelling is located on a tract larger in size than is typical for residential use in the area, the maximum purchase additive payment is the probable selling price of a comparable replacement dwelling on a typical tract, less the sum of the acquisition price of the acquired dwelling (on the portion of land typical in size for residential use in the area), plus any severance damages to the dwelling or typical homesite area.~~

~~3. Higher and Better Use Tract: If the acquired dwelling is located on a tract where the fair market value is established as a higher and better use than residential, the maximum replacement housing payment is the probable selling price of a comparable replacement dwelling on a typical tract, less the sum of the acquisition price of the acquired dwelling (on the portion of land typical in size for residential use in the area), plus any severance damages to the dwelling or typical homesite.~~

~~4. Joint Residential/Business Use: If the acquired dwelling was part of a property that contained another dwelling unit or space used for non-residential purposes, only that portion of the acquisition payment which is actually attributable to the displacement dwelling shall be considered its acquisition cost when computing the price differential. To determine what constitutes the typical homesite, a tract typical for residential use in the area must be used, even if a portion of that tract is used for other than residential purposes.~~

5. Carve-Outs of Homesites: When determining the typical homesite portion of the acquisition price, the actual price paid for the portion of the homesite in the taking area plus the value of the residential improvements in the taking area, plus any severance damages to either the remainder of the dwelling or homesite area shall be used. If damages are assigned to the entire remainder without an allocation between the remainder of the homesite and the excess land remaining, the damages shall be prorated between these remainders to establish the acquisition price of the dwelling, including the structure and land. In areas where a typical homesite cannot be determined due to differences in tract sizes within a residential area, the area actually utilized for residential purposes by the displaced person shall be used to compute the replacement housing payment. Consideration shall be given to locations of driveways and fences, outbuildings, gardens, and pools, and to the area maintained for residential usage. If all or part of areas occupied by non-residential structures must be included in order to create a homesite tract typical of the area, the typical homesite shall be figured using whatever portion of those areas are necessary. For replacement dwellings which are on tracts larger than typical for residential use in the area where the excess land is used for nonresidential purposes, the replacement housing payment shall be calculated using the actual cost of the replacement dwelling plus the prorated portion of the site which is typical for residential use.

~~6. If the site of the comparable replacement dwelling lacks a major exterior attribute of the displacement dwelling site, (e.g., the site is significantly smaller or does not contain a swimming pool), the contributory value of such attribute shall be subtracted from the acquisition cost of the displacement dwelling for purposes of computing the payment.~~

(c) Displaced persons(s) are not required to relocate to the same occupancy status (owner or tenant) as existing prior to acquisition, and may choose payment benefits for an alternate occupancy status, if eligible:

1. At the displaced person's request, a dwelling which changes the occupancy status of the displaced person(s) shall be provided, if such a dwelling is available and can be provided more economically.

2. The total rental assistance payment to a 180-day owner (a person who has occupied the residence for at least 180 days prior to the Agency making an offer to purchase it) is determined by calculating the difference between the market rent and average monthly utilities costs for the acquired dwelling and the actual rent and estimated monthly utilities costs of a comparable rental dwelling available on the market. Under no circumstances would the rental assistance payment exceed the amount that could have been received if the 180-day owner remained under an ownership status, may not exceed \$5,250, unless the calculated purchase additive or

~~mortgage interest differential payment eligibility exceeds \$22,500, in accordance with 49 C.F.R. Part 24, Last Resort Housing;~~

~~3. The replacement housing payment may not exceed the maximum amount that would have been paid had the displaced person(s) remained in the same occupancy status.~~

(d) Single Household, Multiple Occupancy: If two or more ~~displaced persons occupying eligible occupants~~ of the displacement dwelling move to separate replacement dwellings and the Agency determines only one household existed, payment shall be as follows:

1. If a comparable replacement dwelling is not available and the displaced persons are required to relocate separately, a replacement housing payment will be computed for each person separately, based on housing which is comparable to the quarters privately occupied by each individual plus the full value of the community rooms shared with other occupants.

2. If a comparable replacement dwelling is available, the displaced persons are entitled to a prorated share of the singular relocation payment allowable had they moved together to a single dwelling.

(e) Multiple Household, Multiple Occupancy: If two or more ~~displaced persons occupying eligible occupants~~ of the displacement dwelling move to separate replacement dwellings and the Agency determines that separate households had been maintained in the displacement dwelling, the replacement housing payment computation shall be based on housing which is comparable to the quarters privately occupied by each individual plus a prorated share of the value of community rooms shared with other occupants. If two or more ~~displaced persons occupying eligible occupants~~ of the displacement dwelling move to a single comparable replacement dwelling, they shall be entitled to only one replacement housing payment under this subsection.

(f) Partial Ownership: When a single-family dwelling is owned by several persons, but not occupied by all of the owners, the replacement housing payment for the displaced owner-occupants is the lesser of the difference between the total acquisition price of the replacement dwelling and the amount determined by the Agency as necessary to purchase a comparable replacement dwelling or the actual cost of the replacement dwelling.

1. The displaced owner-occupants may choose a rent supplement payment instead of a purchase additive. The rent supplement shall be based on the Agency's determination of the fair market/economic rent of the displacement dwelling.

2. To receive the entire replacement housing payment, the owner-occupant must purchase and occupy a replacement dwelling for an amount equal to his or her share of the acquisition payment for the acquired dwelling plus the amount of the replacement housing payment.

(g) A 90-day tenant or owner-occupant (persons who own or rent and occupy a dwelling for at least 90 days prior to the Agency making an offer to purchase it) displaced from a dwelling is entitled to a replacement housing payment as outlined in 49 C.F.R. Part 24, Subpart E.

(h) Any displaced person eligible for a rental assistance payment, except a 180-day owner occupant, may choose to use that payment as a down payment supplement, including incidental expenses, to purchase a replacement dwelling, subject to the following:-

1. The full amount of the replacement housing payment for down-payment assistance must be applied to the purchase price of the replacement dwelling and related incidental expenses. Payment shall be the amount of the down payment or percentage of the purchase price ordinarily required to obtain conventional, rather than VA or FHA, financing for the replacement dwelling in an amount that does not require private mortgage insurance ("required down payment"), not to exceed \$5,250. If the actual down payment required of the displaced person(s) exceeds the amount ordinarily required for a conventional loan, the "required down payment" shall be based upon the amount ordinarily required for a conventional loan.

2. If the actual required down payment, plus incidental expenses, exceeds the amount of rental assistance eligibility calculated and is no more than \$5,250, the payment will be increased to \$5,250 shall be for the amount of the actual required down payment. If the actual required down payment, plus incidental expenses, is less than the amount of the rental assistance calculated, the payment shall be for the amount of the rental assistance calculated.

3. If the required down payment on the replacement dwelling exceeds \$5,250 and the rental assistance payment allowable does not exceed \$5,250, the down payment supplement shall be limited to \$5,250. If the rental assistance payment allowable exceeds \$5,250, the full amount of the rental assistance payment shall be used as the down payment supplement under the provisions of Last Resort Housing as outlined in 49 C.F.R. Part 24.

4. If other than conventional financing (e.g., VA or FHA) is obtained by the displaced person, he or she shall be advised that, in order to claim the maximum payment benefits, a down payment equal to that required for conventional financing, up to \$5,250, must be paid for the replacement dwelling.

4.5- The full amount of the down payment assistance payment shall be applied to the purchase price of the replacement dwelling and related incidental expenses and shall be shown on an executed closing statement or similar documentation for the replacement dwelling.

5.6- The payment to a 90-day owner-occupant shall not exceed the amount the owner would receive as a purchase additive if he or she met the 180-day occupancy requirement.

(i) 90-day occupants are eligible to ~~may~~ receive rental assistance payments as outlined in 49 C.F.R. Part 24, Subpart E.

(j) Displaced persons who are less than 90-day occupants are entitled to a replacement housing payment as outlined in 49 C.F.R. Part 24, Subpart E. Additionally, to be eligible for a replacement housing payment, displaced persons who are less than 90-day occupants must be in occupancy at the time the Agency obtains title to the property. The displaced person will ~~can~~ be allowed to relocate prior to the Agency taking title to the property if the Agency determines that continued occupancy would be a danger to the health, safety, and welfare of the displaced person, or if the Agency determines that in situations where replacement housing is scarce as determined by the Agency and may not be available at the time the Agency obtains title to the property.

~~(k) The Agency shall inform a less than 90 day occupant that it is his or her obligation to provide verification of income. No such displaced person shall be determined to be eligible for a replacement housing payment under paragraph 14-66.007(7)(j), unless he or she documents income through a verifiable source, such as pay stubs, signed copies of income tax returns, an employer's statement, or a bank statement.~~

(9) Mobile Homes. ~~In addition to the requirements governing the provision of relocation payments to persons displaced from a mobile home or mobile home site as outlined in 49 C.F.R. Part 24, Subpart F, the following provisions also apply: (a) Under 49 C.F.R. Part 24, Subpart F, the term "acquired" refers to a mobile home that is either acquired as part of the real property and is included in the Agency's acquisition of the fee parcel or is purchased as personal property and not included in the acquisition of the fee parcel.~~

~~(a)(b)~~ If the mobile home is considered personal property, the Agency will determine whether or not the mobile home can be relocated.

~~(b)(e)~~ If the mobile home can be relocated, the owner is eligible for reimbursement for the cost to move the mobile home.

~~(c)(d)~~ If the Agency determines that the mobile home cannot be relocated, the mobile home is eligible for purchase and the Agency will make an offer to purchase, based on the fair market value of the mobile home. If the mobile home owner does not agree to sell the mobile home to the Agency and the displaced person is the owner-occupant of the mobile home, the price differential described in 49 C.F.R. Part 24, shall be the ~~the~~ lesser of:

1.a- The reasonable cost of a comparable replacement dwelling; or

2.b- The purchase price of the decent, safe, and sanitary replacement dwelling actually purchased and occupied by the displaced person;

3.2- Minus the higher of:

a. The salvage value, or

b. The trade-in value.

~~(d)~~(e) If the Agency determines that it is practical to relocate the mobile home, but the owner-occupant elects not to do so, then, for the purposes of calculating a price differential under 49 C.F.R. Part 24, the cost of a comparable replacement dwelling shall be the sum of:

1. The fair market value of the mobile home;

2. The cost of any necessary modifications or repairs. Necessary modifications or repairs shall mean those needed to reestablish the mobile home to its previous state prior to displacement or to make it decent, safe, and sanitary; and

3. The estimated cost to move the mobile home to a replacement site, not to exceed a distance of 50 miles. The mobile home owner-occupant still owns the mobile home and is responsible for moving it from the acquired site. If the mobile home is abandoned, the Agency may remove it from the site.

~~(e)~~(f) If a mobile home owner-occupant retains and re-occupies a mobile home which is not decent, safe, and sanitary, the costs necessary to bring it up to decent, safe, and sanitary standards may be claimed from the available price differential or down payment supplement. The amount claimed may not exceed the amount allowed in the replacement housing payment computation. The Agency will not disburse a payment until the mobile home meets decent, safe, and sanitary requirements set forth in 49 C.F.R., Part 24.2(a)(8) or applicable local housing standards.

~~(f)~~(g) If the Agency acquires or purchases a mobile home as personal property, the mobile home owner shall provide, upon request, a bill of sale and a transfer of the title for the mobile home to the Agency.

(10) Claim Filing and Documentation. Each relocation payment claim shall be accompanied by complete documentation supporting expenses incurred, such as bills, receipts, and appraisals. The Agency shall ensure that each displaced person receives reasonable assistance necessary to complete and file any required claim for payment.

(a) Displaced persons shall provide the Agency with valid copies of the closing statement for the replacement dwelling or other documentation of expenses incurred in order to receive reimbursement for incidental closing expenses. Reimbursable expenses which are incurred by the origination of a new mortgage for the replacement dwelling shall be based upon the lesser of the balance of the mortgage on the acquired dwelling or the balance of the new mortgage on the replacement dwelling. Eligible expenses, except mortgage interest differential payments, are reimbursable regardless of the length of time a mortgage has been in effect on the displacement acquired dwelling.

(b) In order for a displaced person to receive reimbursement for a rent supplement, the displaced person shall provide the Agency with evidence of rent and utility costs at the displacement dwelling, rent and utility costs at the replacement dwelling, and gross monthly household income.

(c) In order to receive reimbursement for a down payment supplement the displaced person(s) shall provide the Agency with a copy of the purchase contract and a copy of the closing statement for the replacement dwelling.

(d) The ~~eligible~~ displaced person(s) shall certify that the displacement dwelling is the domicile of the displaced person(s) and the length of time he or she has occupied the displacement dwelling. The displaced person(s) shall also certify the date that the replacement dwelling was occupied and shall state that to the best of his or her knowledge, the replacement dwelling meets decent, safe, and sanitary requirements.

(e) Payments shall be made after the move is completed unless a hardship exists.

(f) When advance payments due to hardship are made, displaced persons shall demonstrate the need therefor by providing evidence ~~thereof of low funds~~, and shall certify in writing that the payment satisfies any further claim for reimbursement of items for which that claim is intended, and that the displaced person will comply with applicable provisions in the move of their personal property.

(g) Displaced persons shall provide written authorization in the application if a replacement housing payment is to be made to other parties on their behalf. If an eligible displaced person wishes the payment for moving costs to be made directly to a vendor, such request must be made in writing.

(h) If a condemnation suit has been filed, prior to receiving a replacement housing payment, the displaced person(s) must agree to a condemnation clause that has been incorporated into Department Form 575-040-14, Application and Claim for Replacement Housing Payment, Rev. 08/05, incorporated herein by reference. Copies of Form 575-040-14 are available at <http://www2.dot.state.fl.us/proceduraldocuments/forms/forms.asp> in the written claim for payment. The ~~condemnation clause requires:~~

1. Upon final determination of the condemnation proceedings, the replacement housing payment shall be recomputed using the acquisition price established by the court or by stipulated settlement and the lesser of the actual price of the decent, safe, and sanitary replacement dwelling or the cost of a comparable replacement dwelling.

2. If the amount awarded exceeds the actual price of a decent, safe, and sanitary replacement dwelling or comparable replacement dwelling, the displaced person(s) shall refund to the Agency an amount equal to the amount of the excess. The refund will not exceed the full amount of the initial replacement housing payment calculation.

(i) In the event the Department determines that the acquisition of a portion of property will require a displacement, the Department will offer to relocate the affected person.

~~(11) Appeal Rights. Any aggrieved person may file a written appeal with the Agency in any case in which the person believes that the Agency has failed to properly consider the person's claim for assistance under this rule. Such assistance may include those provisions outlined in 49 C.F.R. Part 24, and include the person's eligibility for, or the amount of, a payment required under moving and related expenses, or replacement housing payments. The written appeal shall be filed no later than 60 days after the person receives written notification from the Agency of the claim determination. A person may have legal or other representation in connection with his or her appeal, but solely at his or her expense. The Agency shall consider a written appeal regardless of form. If full relief requested is not granted, a notice of denial shall be issued, providing notice of appeal rights in accordance with Sections 120.569 and 120.57, F.S., and Rule Chapter 28-106, F.A.C. The aggrieved person may file a request for administrative hearing.~~

~~(a) If a request for administrative hearing is not timely filed, the notice of denial shall be conclusive and final Agency action. Requests for administrative hearing must be filed within 21 calendar days of receipt of the notice of the Department's or Agency's denial. A request for administrative hearing is filed when it is received by the Clerk of Agency Proceedings.~~

~~(b) All requests for administrative hearings shall conform to the requirements of Rule Chapter 28-106, F.A.C., and be in accordance with Chapter 120, F.S. Requests may be for a formal hearing in accordance with Section 120.57(1), F.S., or an informal hearing pursuant to Section 120.57(2), F.S. Requests for an administrative hearing shall be made in writing and filed with the Clerk of Agency Proceedings, Florida Department of Transportation, 605 Suwannee Street, Mail Station 58, Tallahassee, Florida 32399-0458. 4. All visitors must present a picture ID prior to being authorized to enter the facility. Acceptable forms of picture identification are a valid State Driver's License, State Identification Card and a national Passport.

5. Visitors shall not bring personal items (e.g., keys, purses, packages, etc.) into the secure area. Posted visitation rules shall include this information, along with a warning that the introduction of any unauthorized items into a detention center is a third-degree felony consistent with Section 985.4046, F.S., which prohibits the introduction of unauthorized items into a detention center. Visitors will be electronically screened by passing through a walk-through metal detector.

6. Visitors shall sign in on the Visitor's Log of the youth being visited.

7. Visitors shall be denied entrance if they:

a. Are disruptive or uncooperative.

b. Refuse to be electronically searched.

c. Refuse to comply with officer instructions.

d. Are under the influence or appear to be under the influence of any intoxicating substance.

e. Fail to present proper photo identification, such as a Driver's License.

f. Attempt to introduce contraband into the secure area.

g. Are dressed in a manner that any reasonable person would consider inappropriate for visiting a youth in a detention facility. Appropriate attire covers the torso and includes shoes. Inappropriate attire includes, but is not limited to attire that is provocative, sexually suggestive, or otherwise offensive to the point it would likely disrupt day-to-day activities.

8. Legal counsel, guardians ad litem, probation officers, law enforcement officers, clergy and other professionals may visit youth as necessary, but are subject to the same requirements regarding signing in and contraband. Parents and legal guardians are approved visitors. Others may only visit if so ordered by the court or specifically approved by the superintendent or designee. The criteria for allowing others to visit is based on that which is consistent with treatment and progress in the program. Both the on-site mental health professional and the youth's probation officer shall assist the superintendent or designee in making this determination.

(b) Visitation may be terminated if the behavior of the visitor or youth is disruptive to the point of jeopardizing the safety of any youth or staff. Officers will follow subsequent reporting procedures if a visit is terminated.

(c) Visitation rooms or areas and any other common area will be searched both prior to and following visitation to ensure the absence of any hazardous or dangerous items or items that would be considered contraband.

(d) If a visitor has a question regarding a youth's case or charges, they shall be referred to the Juvenile Probation Officer.

(e) Youth shall be frisk searched following visitation, and if contraband is suspected, but not found during the frisk search, a strip search shall be initiated.

~~(9)(40)~~ Telephone Usage:

(a) The superintendent or designee shall develop procedures governing telephone usage.

(b) The following subparagraphs outline the minimal procedural requirements.

1. Youth shall have access to use a telephone for 15 minutes a week.

2. This time may not be restricted as a consequence for non-compliant behavior; however, use of the phone may be postponed or rescheduled due to any safety or security concerns.

3. This time may be extended as outlined in the facility's behavior management system.

4. All telephone calls and attempted calls shall be documented on the youth's Telephone Log. These logs shall be placed in the youth's file upon release from detention.

5. Youth may not contact victims (with the exception of the victims of domestic violence as outlined in Rule 63G-2.004, F.A.C.) or co-defendants.

6. Telephone conversations shall be terminated if they are disruptive, or otherwise impact safety or security.

7. Youth shall have reasonable access to a telephone to contact their legal counsel, child welfare officer, and/or their juvenile probation officer. These telephone calls are not counted as part of the allocated 15 minutes of calls as referenced herein.

8. Youth who are unable to make contact with their parents or legal guardians because they will not accept collect calls, shall be allowed one free call to them per week. This call will be included in their 15 minute per week allotment.

~~(10)(41)~~ Mail:

(a) Youth shall be provided the opportunity to both receive and send mail.

(b) The superintendent or designee shall develop procedures governing mail consistent with the following:

1. All incoming and outgoing mail will be screened for content that could jeopardize safety or security. Mail shall be processed within 48 hours, excluding weekends and holidays.

2. Postage and writing materials will be provided by the facility for personal correspondence for youth to post a minimum of two letters weekly.

3. Youth shall not be denied the opportunity to write their attorneys; however, this time may be postponed or rescheduled due to any safety or security concerns.

4. Youth shall not write to other youth in any juvenile detention center or residential commitment program. Except for an incarcerated relative, youth shall not write to anyone incarcerated in an adult correctional facility.

5. Due to the possibility of biological or chemical contamination, and in the interest of youth and staff safety, incoming packages and letters are not to be opened in the presence of the youth. They are to be opened at a location that offers the highest level of safety for staff and youth, using appropriate safety precautions. The only exception to the above is mail clearly marked from the youth's attorney. This mail is to be opened in the presence of the youth. Acceptable enclosures include the letter itself and photos or drawings that do not promote or encourage sexual activity, violence, gangs, drug use or any other substance abuse. Polaroid photos are prohibited due to the ability to conceal substances between the two layers of the photo. Other unacceptable enclosures are money, drugs, weapons, and any item that could be utilized as a weapon. Items that could be utilized as a weapon are those that may be used as either a sharpened or blunted item to inflict injury upon self or others.

6. Postage stamps shall be removed from all envelopes prior to the delivery of mail to youth.

7. Mail received after a youth's release shall be returned to the sender.

~~(11)(42)~~ Grievances:

(a) Youth may file a grievance should they feel their rights have been violated or they have been treated unfairly.

1. Officers shall attempt to resolve any dispute or issue that could lead to the filing of a grievance prior to the actual filing of a grievance. Officers utilizing effective communication skills may resolve many disputes and issues that a youth may have prior to the initiation of the grievance process.

2. If youth have been afforded the same protections and rights as the general population, they may not file a grievance.

3. Any denial of a youth's request to grieve shall be documented.

4. The superintendent or designee shall review the supervisor's logbook to determine any patterns of abuse or misuse related to youths' opportunities to grieve.

(b) Grievances do not replace the responsibility of reporting abuse. If the grievance is an allegation of abuse, it must be reported to the Florida Abuse Hotline, pursuant to Chapter 39, F.S., and the Central Communications Center, and shall be handled pursuant to such guidelines and no longer as a grievance.

(c) The grievance process is as follows:

1. The supervising officer(s) will issue both a Grievance Form and a pencil to any youth who wishes to file a grievance. The Grievance Form (6-06) is incorporated by reference, and is available from the Assistant Secretary for Detention, 2737 Centerview Drive, Ste. 309, Tallahassee, Florida 32399-3100.

2. Paper and pencil shall not be issued to any youth who is visibly angry or out of control.

3. The completed Grievance Form shall be forwarded within two hours to the on-duty supervisor.

4. The on-duty supervisor shall document his/her findings on the Grievance Form and will advise the youth of what actions, if any, may be taken.

5. Any action that may involve disciplinary proceedings against an officer shall not be reported to the youth.

6. If possible, the youth should be informed of the on-duty supervisor's findings by the end of the shift. Should there be circumstances that would not allow that, the youth will be informed within 24 hours.

7. The youth may agree or disagree with the supervisor's findings/actions, and will sign in the designated area on the form so indicating.

8. The supervisor shall forward the Grievance Form to the superintendent or designee upon completion.

9. The superintendent or designee shall review all completed Grievance Forms within 72 hours of receipt excluding weekends and holidays, and shall take whatever corrective actions deemed necessary. The superintendent's decision is final.

10. A separate file shall be maintained of all grievances. Grievances shall be maintained chronologically by month for one year.

The provider shall provide mental health and substance abuse services to be delivered by individuals who are licensed mental health professionals, or mental health clinical staff working under the direct supervision of a licensed mental health professional.

(b) Mental Health and Substance Abuse Screening: The screening process begins at intake and continues when the youth is admitted to detention. Screenings are performed using standardized instruments. The Positive Achievement Change Tool (PACT) consists of Pre-Screen and Full-Assessment components. The PACT Pre-Screen instrument is a general screening tool used to detect indicators of substance abuse and mental health issues, including suicide risk. If any indicators for suicide risk appear on either instrument, the youth must be immediately placed on precautionary observation and referred to a mental health clinical staff person who will confer with the designated mental health authority to determine whether the further Assessment of Suicide Risk is conducted immediately or within 24 hours. 25-17.220 Qualifying Criteria.

For purposes of these rules, a renewable generating facility shall be deemed a qualifying facility pursuant to subsection 25-17.080(1), F.A.C., and shall have all the rights, privileges, and responsibilities specified in Rules 25-17.082 through 25-17.091, F.A.C.

Specific Authority 350.127(2), 366.05(1) FS. Law Implemented 366.051, 366.81, 366.91, 366.92 FS. History—New _____.

25-17.230 The Utility's Obligation to Purchase and Sell.

(1) Each investor-owned utility shall purchase electricity produced and sold by renewable generating facilities at rates that have been agreed upon by the utility and renewable generating facility or at the utility's published tariff. Each investor-owned utility shall file a tariff or tariffs and a standard offer contract or contracts for the purchase of energy or capacity, or both, from renewable generating facilities that reflects the provisions set forth in these rules.

(2) Each investor-owned utility's tariff or standard offer contract shall specify the metering requirements for billing purposes in accordance with subsections 25-17.082(2) and (3), F.A.C.

(3) Each investor-owned utility shall interconnect with any renewable generating facility in accordance with Rule 25-17.087, F.A.C.

(4) Each investor-owned utility shall sell energy to renewable generating facilities in accordance with Rule 25-17.084, F.A.C.

(5) Each investor-owned utility shall provide, upon request by a renewable generating facility, transmission service to wheel as-available energy or firm energy and capacity

produced by the renewable generating facility from the renewable generating facility to another electric utility in accordance with Rule 25-17.0889, F.A.C.

25-17.240 Negotiated Contracts.

(1) Investor-owned utilities and renewable generating facilities are encouraged to negotiate contracts for the purchase of firm capacity and energy to avoid or defer construction of planned utility generating units and provide fuel diversity, fuel price stability, and energy security.

(2) Negotiated contracts will be considered prudent for cost recovery purposes if it is demonstrated by the investor-owned utility that the purchase of firm capacity and energy from the renewable generating facility pursuant to the rates, terms, and other conditions of the contract can reasonably be expected to contribute towards the deferral or avoidance of additional capacity construction or other capacity-related costs by the purchasing utility and provide fuel diversity, fuel price stability, and energy security at a cost to the utility's ratepayers which does not exceed full avoided costs, giving consideration to the characteristics of the capacity and energy to be delivered by the renewable generating facility under the contract.

Specific Authority 350.127(2), 366.05(1) FS. Law Implemented 366.051, 366.81, 366.91, 366.92 FS. History—New _____.

25-17.250 Standard Offer Contracts.

(1) Standard Offer Contract. In addition to the requirements contained in Rules 25-17.082 through 25-17.091, F.A.C., each investor owned utility shall, by April 1 of each year, file with the Commission a standard offer contract or contracts for the purchase of firm capacity and energy from renewable generating facilities and small qualifying facilities with a design capacity of 100 kW or less. A separate standard offer contract shall be based on the next avoidable fossil fueled generating unit of each technology type identified in the utility's Ten-Year Site Plan filed pursuant to Rule 25-22.071, F.A.C. Each standard offer contract based on each of the utility's avoidable units shall be consistent with the requirements of subsections 25-17.0832(4), (5) and (6), F.A.C., except as modified by this rule. Each investor-owned utility with no planned generating unit identified in its Ten-Year Site Plan shall submit a standard offer based on avoiding or deferring a planned purchase.

(2) Continuous Offers.

(a) In order to ensure that each utility continuously offers a purchase contract to producers of renewable energy, each standard offer contract shall remain open until:

1. A request for proposals (RFP) pursuant to Rule 25-22.082, F.A.C., is issued for the utility's planned generating unit; or

2. The utility files a petition for a need determination or commences construction for generating units not subject to Rule 25-22.082, F.A.C.

3. The generating unit upon which the standard offer contract was based is no longer part of the utility's generation plan, as evidenced by a petition to that effect filed with the Commission or by the utility's most recent Ten Year Site Plan.

(b) Before a standard contract offering is closed, the utility shall file a petition for approval of a new standard offer contract based on the next unit of the same generating technology, if any, in its Ten-Year Site Plan. If no generating unit of the same technology is in the utility's Ten-Year Site Plan, the utility shall notify the Director of the Division of Economic Regulation prior to closing a standard offer.

(3) Term. At the election of the renewable generating facility, the term of each standard offer contract shall be for a minimum of 10 years from the in-service date of the avoided unit up to a maximum of the life of the avoided unit.

(4) Capacity Payments Options. In addition to the capacity payment options contained in paragraph 25-17.0832(4)(g), F.A.C., and subject to the provisions of paragraphs 25-17.0832(3)(a) through (d), F.A.C., a renewable generating facility may elect a payment stream for the capital component of the utility's avoided unit, including front-end loaded capacity payments, that best meets the financing requirements of the renewable generating facility. Early capacity payments consisting of the capital component of the avoided unit may, at the election of the renewable generating facility, commence any time after the actual in-service date of the renewable generating facility and before the anticipated in-service date of the utility's avoided unit. Regardless of the payment stream elected by the renewable generating facility, the cumulative present value of capital cost payments made to the renewable generating facility over the term of the contract shall not exceed the cumulative present value of the capital cost payments which would have been made to the renewable generating facility had such payments been made pursuant to subparagraph 25-17.0832(4)(g)1., F.A.C. Fixed operation and maintenance expense shall be calculated in conformance with subsection 25-17.0832(6), F.A.C.

(5) Content. Unless otherwise modified by these rules, the contents of each standard offer contract shall be in accordance with subsection 25-17.0832(4), F.A.C.

(6) Fixed Energy Payments. In order to facilitate third-party financing of renewable generating facilities and provide fuel price stability to electric ratepayers, upon request by a renewable generating facility, each investor-owned utility shall provide for the following fixed energy payment options:

(a) As-available energy payments. As-available energy payments made prior to the in-service date of the avoided unit shall be based on the utility's year-by-year projection of system incremental fuel costs, prior to hourly economy energy sales to other utilities, based on normal weather and fuel market

conditions plus a fuel market volatility risk premium mutually agreed upon by the utility and the renewable generating facility.

(b) Firm energy payments. Subsequent to the determination of full avoided cost and subject to the provisions of paragraphs 25-17.0832(3)(a) through (d), F.A.C., a portion of the base energy costs associated with the avoided unit, mutually agreed upon by the utility and renewable energy generator, shall be fixed and amortized on a present value basis over the term of the contract starting, at the election of the renewable generating facility, as early as the in-service date of the renewable generating facility. "Base energy costs associated with the avoided unit" means the energy costs of the avoided unit to the extent the unit would have been operated.

25-17.260 Subscription Limits.

There shall be no preset subscription limits for the purchase of capacity and energy from renewable generating facilities. To the extent that the purchase of capacity and energy from a renewable generating facility is not needed for reliability or will increase costs to the general body of ratepayers above full avoided cost, the utility shall petition the Commission for relief. In any such proceeding, the Commission shall determine the need for power and the utility's full avoided cost, including strategic benefits such as fuel diversity and energy security, that are in the best interests of the general body of ratepayers.

25-17.270 Changes in Environmental and Governmental Regulations.

All contracts for the purchase of capacity and energy from a renewable generating facility shall include a provision to reopen the contract, at the election of either party, limited to changes affecting the utility's full avoided costs of the unit on which the contract is based as a result of new environmental and other regulatory requirements enacted during the term of the contract.

25-17.280 Tradable Renewable Energy Credits (TREC's).

Tradable renewable energy credits and tax credits shall remain the exclusive property of the renewable generating facility. A utility shall not reduce its payment of full avoided costs or place any other conditions upon such government incentives in a negotiated or standard offer contract, unless agreed to by the renewable generating facility.

25-17.310 Dispute Resolution.

(1) The purpose of this rule is to establish an expedited process for resolution of disputes between renewable generating facilities and investor-owned utilities.

(2) To be considered for an expedited proceeding, the companies involved in the dispute must have attempted to resolve their dispute either through negotiation or by seeking mediation from an independent third party or Commission staff.

(3) Subject to subsection (2) of this rule, any party negotiating an agreement under this Part may, at any point in the negotiation, petition the Commission to resolve any differences arising in the course of the negotiation. The petition shall contain, at a minimum:

(a) An overview of the issues discussed and resolved by the parties;

(b) The unresolved issues;

(c) The position of each of the parties with respect to each unresolved issue;

A non-petitioning party may respond to the petition and provide additional information within 30 days after the petition is filed with the Commission.

(5) The Commission will require the petitioning party and the responding party to provide additional information if it determines the additional information is necessary for the

Commission to reach a decision on the unresolved issues. If any party refuses or fails to respond on a timely basis to any request from the Commission, then the Commission shall proceed on the basis of the best information available to it from whatever source derived.

WATER MANAGEMENT DISTRICTS

NOTICE IS HEREBY GIVEN that on January 9, 2007, the St. Johns River Water Management District has issued an order. Granting Variance under Section 120.542, F.S. (SJRWMD FOR #2006-100), to Town Center Partners, Ltd. (Petitioner). The Petition for Variance was received by SJRWMD on October 27, 2006. Notice of receipt of the petition requesting the variance was published in the F.A.W., Vol. 32, No. 47 on November 22, 2006. No public comment was received. This order provides a temporary variance from subparagraph 40C-41.063(1)(c)1. of the Florida Administrative Code and Section 11.1.3 of the Applicant's Handbook: Management and Storage of Surface Waters (February 1, 2005). These rules provide in pertinent part that a surface water management system may not result in an increase in the amount of water being diverted from the Upper St. Johns River Hydrologic Basin to intercoastal receiving waters. Generally, the Order sets forth the basis of the Governing Board's decision to grant the variance as follows: 1) requiring Petitioner to comply with these rules onsite would create a technological hardship, and 2) Petitioner's financial contribution to the C-1 Rediversion Project or an Alternative Rediversion Project will accomplish the purpose of Chapter 373 of the Florida Statutes to prevent harm to the water resources, by facilitating the project's implementation. The C-1 Rediversion Project is a restoration project designed to allow water that would be diverted from the St. Johns River to coastal receiving waters by the Melbourne-Tillman Water Control District canal system to drain once again to the St. Johns River.

A copy of the Order may be obtained by contacting: Timothy A. Smith, Senior Assistant General Counsel, at the Office of General Counsel, St. Johns River Water Management District, 4049 Reid Street, Palatka, Florida 32177-2529, or by telephone at (386)312-2347.

These rules provide in pertinent part that a surface water management system may not result in an increase in the amount of water being diverted from the Upper St. Johns River Hydrologic Basin to intercoastal receiving waters. The Board's Order, filed January 5, 2007, denied the petition in part, finding that Petitioner had not established that the purpose of the underlying statute, Section 473.312, F.S., would be met by granting a variance or waiver from subsection 61H1-33.003(7), F.A.C. The Board further found that

Petitioner had not established that applying the requirements of the aforementioned Rule to his circumstances would violate the principles of fairness and impose a substantial hardship. The Board's Order granted the petition in part finding that Petitioner established that the purpose of the underlying statute, Section 473.312, F.S., would be met by granting a variance or waiver from subsection 61H1-33.006(3), F.A.C., and allowing him an additional six months to complete the required continuing professional education. The Board further found that Petitioner had established that applying the requirements of the aforementioned Rule to his circumstances would violate principles of fairness and impose substantial hardship.

DEPARTMENT OF COMMUNITY AFFAIRS

In re: CITY OF MARATHON LAND
 DEVELOPMENT REGULATIONS
 ADOPTED BY ORDINANCE NO. 2006-25

FINAL ORDER

The Department of Community Affairs (the "Department") hereby issues its Final Order, pursuant to §§ 380.05(6), Fla. Stat., and § 380.0552(9), Fla. Stat. (2006), approving a land development regulation adopted by a local government within the Florida Keys Area of Critical State Concern as set forth below.

FINDINGS OF FACT

1. The Florida Keys Area is a statutorily designated area of critical state concern, and the City of Marathon is a local government within the Florida Keys Area.

2. On November 13, 2006, the Department received for review City of Marathon Ordinance No. 2006-25 that was adopted by the City of Marathon Board of City Commissioners on October 24, 2006 ("Ord. 2006-25"). Ord. 2006-25 creates Section 19-219, Prohibited Areas for Sales of Alcoholic Beverages, in order to regulate the amount and location of package liquor stores in a manner that preserves and maintains existing community character of the neighborhoods in which such stores would be located, and to benefit the health, safety and welfare of the community.
3. Ord. 2006-25 is consistent with the City's 2010 Comprehensive Plan.

CONCLUSIONS OF LAW

4. The Department is required to approve or reject land development regulations that are enacted, amended or rescinded by any local government in the Florida Keys Area of Critical State Concern. §§ 380.05(6), Fla. Stat., and § 380.0552(9), Fla. Stat. (2006).
5. The City of Marathon is a local government within the Florida Keys Area of Critical State Concern. § 380.0552, Fla. Stat. (2006) and Rule 28-29.002 (superseding Chapter 27F-8), Fla. Admin. Code.
6. "Land development regulations" include local zoning, subdivision, building and other regulations controlling the development of land. § 380.031(8), Fla. Stat. (2006). The regulations adopted by Ord. 2006-25 are land development regulations.
7. All land development regulations enacted, amended or rescinded within an area of critical state concern must be consistent with the Principles for Guiding Development (the "Principles") as set forth in § 380.0552(7), Fla. Stat. See *Rathkamp v. Department of Community Affairs*, 21 F.A.L.R. 1902 (Dec. 4, 1998), *aff'd*, 740 So. 2d 1209 (Fla. 3d DCA 1999). The Principles are construed as a whole and no specific provision is construed or applied in isolation from the other provisions.
8. Ord. 2006-25 promotes and furthers the following Principles:
 - (a) To strengthen local government capabilities for managing land use and development so that local government is able to achieve these objectives without the continuation of the area of critical state concern designation.
 - (l) To protect the public health, safety and welfare of the citizens of the Florida Keys and maintain the Florida Keys as a unique resource.
9. Ord. 2006-25 is not inconsistent with the remaining Principles. Ord. 2006-25 is consistent with the Principles for Guiding Development as a whole.

WHEREFORE, IT IS ORDERED that Ord. 2006-25 is found to be consistent with the Principles for Guiding Development of the Florida Keys Area of Critical State Concern, and is hereby APPROVED.

This Order becomes effective 21 days after publication in the Florida Administrative Weekly unless a petition is filed as described below.

DONE AND ORDERED in Tallahassee, Florida.

THOMAS G. PELHAM
Secretary
Department of Community Affairs
2555 Shumard Oak Boulevard

DCA Final Order No.: DCA07-OR-006
STATE OF FLORIDA

DEPARTMENT OF COMMUNITY AFFAIRS

In re: CITY OF MARATHON LAND

DEVELOPMENT REGULATIONS

ADOPTED BY ORDINANCE NO. 2006-29

FINAL ORDER

The Department of Community Affairs (the "Department") hereby issues its Final Order, pursuant to §§ 380.05(6), Fla. Stat., and § 380.0552(9), Fla. Stat. (2006), approving a land development regulation adopted by a local government within the Florida Keys Area of Critical State Concern as set forth below.

FINDINGS OF FACT

1. The Florida Keys Area is a statutorily designated area of critical state concern, and the City of Marathon is a local government within the Florida Keys Area.
2. On November 13, 2006, the Department received for review City of Marathon Ordinance No. 2006-29 that was adopted by the City of Marathon Board of City Commissioners on October 10, 2006 ("Ord. 2006-29"). Ord. 2006-29 amends Marathon Ordinance No. 2004-012 to be consistent with Policy 1-3.5.4 of the City of Marathon Comprehensive Plan. Ordinance No. 004-12 provided for annual allocation of non-residential rate of growth (NROGO) based on the number of residential units, at a ratio of 238 square feet of NROGO space per ROGO residential unit. Ord. 2006-29 replaces this allocation methodology with a maximum NROGO allocation of 25,000 square feet per year, deletes conflicting provisions, adjusts existing and proposed

NROGO totals, and updates the annual allocation date to be consistent with the effective date of the Marathon Comprehensive Plan.

3. Ord. 2006-29 is consistent with the City's 2010 Comprehensive Plan.

CONCLUSIONS OF LAW

4. The Department is required to approve or reject land development regulations that are enacted, amended or rescinded by any local government in the Florida Keys Area of Critical State Concern. §§ 380.05(6), Fla. Stat., and § 380.0552(9), Fla. Stat. (2006).
5. The City of Marathon is a local government within the Florida Keys Area of Critical State Concern. § 380.0552, Fla. Stat. (2006) and Rule 28-29.002 (superseding Chapter 27F-8), Fla. Admin. Code.
6. "Land development regulations" include local zoning, subdivision, building and other regulations controlling the development of land. § 380.031(8), Fla. Stat. (2006). The regulations adopted by Ord. 2006-29 are land development regulations.
7. All land development regulations enacted, amended or rescinded within an area of critical state concern must be consistent with the Principles for Guiding Development (the "Principles") as set forth in § 380.0552(7), Fla. Stat. See *Rathkamp v. Department of Community Affairs*, 21 F.A.L.R. 1902 (Dec. 4, 1998), *aff'd*, 740 So. 2d 1209 (Fla. 3d DCA 1999). The Principles are construed as a whole and no specific provision is construed or applied in isolation from the other provisions.
8. Ord. 2006-29 promotes and furthers the following Principles:

(a) To strengthen local government capabilities for managing land use and development so that local government is able to achieve these objectives without the continuation of the area of critical state concern designation.

(d) To ensure the maximum well-being of the Florida Keys and its citizens through sound economic development.

9. Ord. 2006-29 is not inconsistent with the remaining Principles. Ord. 2006-29 is consistent with the Principles for Guiding Development as a whole.

WHEREFORE, IT IS ORDERED that Ord. 2006-29 is found to be consistent with the Principles for Guiding Development of the Florida Keys Area of Critical State Concern, and is hereby APPROVED.

This Order becomes effective 21 days after publication in the Florida Administrative Weekly unless a petition is filed as described below.

WATER MANAGEMENT DISTRICTS

The St. Johns River Water Management District (District) intends to grant a variance from paragraph 40C-4.302(1)(c), F.A.C., and the associated portions of the Applicant's Handbook: Management and Storage of Surface Waters

(December 3, 2006), including Sections 10.1.1(c), 12.1.1(d), and 12.2.5(c), to St. Augustine St. Johns County Airport Authority for improvements to an existing seaplane facility in St. Johns County. These rules are designed to protect Class II and shellfish harvesting waters and require permit applicants to comply with additional criteria when the proposed work is located in, adjacent to, or in close proximity to Class II waters. The petitioner seeks a variance pursuant to subsection 373.414(17), F.S., in conjunction with Environmental Resource Permit Application 4-109-28307-25, to construct a seaplane facility consisting of a fixed and floating dock, pilings, an aircraft lift, and a floating parking pad. The work would occur in the Tolomato River, which in this area is a Class II water classified by the Department of Agricultural and Consumer Services as conditionally restricted for shellfish harvesting. Notice of receipt of the petition for variance was published in the F.A.W., on January 5, 2007. The District's Governing Board is scheduled to take final action on the petition for variance and the related permit application at its meeting on February 13, 2007.

A person whose substantial interests are or may be determined by the District's intended action has the right to request an administrative hearing by filing a written petition with the District. Mediation is not available. Pursuant to Chapter 28-106 and Rule 40C-1.1007, F.A.C., and Section 403.201, F.S., the petition must be filed (received) by hand delivery or mail with the District Clerk at District Headquarters, 4049 Reid St., Palatka, FL 32177, or by e-mail with the District Clerk at Clerk@sjrwmd.com within fourteen (14) days of this publication date (for those persons to whom the District does not send actual notice). A petition for an administrative hearing is deemed filed upon receipt of the petition by the District Clerk at the District Headquarters. Receipt by the District Clerk after 5:00 p.m., shall be considered filed as of 8:00 a.m. on the next regular business day. The District's acceptance of petitions filed by e-mail is subject to certain conditions set forth in the District's Statement of Agency Organization and Operation, which is available at www.sjrwmd.com or upon request to the District Clerk. The District does not accept petitions by facsimile. Petitions must comply with Sections 120.54(5)(b)4 and 120.569(2)(c), F.S., and Chapter 28-106, F.A.C. If the Governing Board takes action which substantially differs from this notice, persons who may be substantially affected have an additional 14 days from the date of receipt of notice of said action to request an administrative hearing, but the request for administrative hearing shall only address the substantial deviation.

Pursuant to Section 120.68, F.S., a person who is adversely affected by final District action may seek review of the action in the District Court of Appeal by filing a notice of appeal

pursuant to the Florida Rules of Appellate Procedure within 30 days of the rendering of the final District action. For appeals to the District Courts of Appeal, a District action is considered rendered after it is signed on behalf of the District and filed by the District Clerk.

A party to the proceeding before the District who claims that a District order is inconsistent with the provisions and purposes of Chapter 373, F.S., may seek review of the order pursuant to Section 373.114, F.S., by the Florida Land and Water Adjudicatory Commission, by filing a request for review with the Commission and serving a copy on the Department of Environmental Protection and any person named in the order within 20 days of the rendering of the District order.
