PURPOSE AND EFFECT: The Department has assembled a working draft of proposed amendments to Rule Chapter 12A-1, F.A.C. (Sales and Use Tax), for the purpose of gathering input and comment from the public regarding sales of grocery items, meals, snacks, and drinks. We welcome your involvement in the development of these proposed rule amendments. If you are unable to attend, you may send comments and input to: Richard Parsons, Tax Law Specialist, Technical Assistance and Dispute Resolution, Department of Revenue, P. O. The purpose of the proposed amendments to Rule 12A-1.0011, F.A.C. (Schools Offering Grades K through 12; Parent-Teacher Associations; and Parent-Teacher Organizations), is to include meals or other prepared food products as examples of items sold for fund raising purposes.
The purpose of the proposed amendments to Rule 12A-1.005, F.A.C., is to provide that fees charged for entrance to a restaurant, tavern, night club, or similar place of business are subject to tax.
The purpose of the proposed substantial rewording of Rule 12A-1.011, F.A.C. (Sales of Food Products for Human Consumption by Grocery Stores, Convenience Stores, and Supermarkets; Drinking Water, Ice), is to clarify the application of tax on the sale of food products generally sold by grocery stores, convenience stores, supermarkets, bakeries, fish markets, produce markets, and other like places of business and on the sale of bakery products by bakeries, pastry shops, or like establishments. The provisions regarding the application of tax on food products generally served, prepared, or sold in or by restaurants, lunch counters, cafeterias, caterers, hotels, taverns, or other like places of business will be removed from the current rule and will be provided in Rule 12A-1.0115, F.A.C., as created. The current provisions of Rule 12A-1.011, F.A.C., are included in the substantial rewording of Rule 12A-1.011, F.A.C., or the creation of Rule 12A-1.0115, F.A.C., and, when necessary, are updated to be consistent with the provisions of Section 212.08(1), F.S., as amended by Chapter 98-408, L.O.F., regarding the taxability of food products.

The substantial rewording of Rule 12A-1.011, F.A.C., is intended to provide the application of sales or use tax for the following: (1) examples of exempt food products for human consumption; (2) the exemption provided for food products prepared off the seller's premises when sold in the original sealed container or sliced into smaller portions; (3) bakery products when sold by bakeries, pastry shops, or like establishments that do not have eating facilities; (4) candy, gum, mints, and similar products; (5) food prepared on the seller's premises and sold for immediate consumption; (6) hot prepared food products; (7) sandwiches sold ready for immediate consumption; (8) novelty items and frozen dairy or nondairy products; (9) soft drinks, including nonalcoholic beverages, noncarbonated beverage made from milk derivatives, and beverages containing fruit or vegetable juices labeled under federal standards as containing less than 100% juice; (10) tea sold in liquid form; (11) drinking water, ice, and additives; (12) the exemption provided for samples or donated food products; (13) food stamps or vouchers issued under authority of federal law; (14) packages containing both exempt food products and taxable food products or other items; and (15) the exclusion from tax for items and materials used one time only for packaging or serving food products.

The purpose of the proposed creation of Rule 12A-1.0115, F.A.C. (Sales of Food or Drinks Served, Prepared, or Sold in or by Restaurants, Lunch Counters, Cafeterias, Caterers, Hotels, Taverns, or Other Like Places of Business and by Transportation Companies), is to provide the application of sales or use tax for the following: (1) food products generally served, prepared, or sold in or by restaurants, lunch counters, cafeterias, caterers, hotels, taverns, or other like places of business; (2) food products when sold by such establishments that also maintain a separate department that includes groceries; (3) when tax is due on the purchase of, or the cost of furnishing, food products consumed in places where an admission is charged for entrance; (4) when sales tax is to be collected on food products separately itemized and priced from the admission charge to a patron; (5) sales of meal tickets or coupon books and coupons or discounts for food products; (6) the exemption provided for donated food products; (7) when tax is due on complimentary food products; (8) food products sold or furnished by employers to employees; (9) food products sold by airlines, railroads (except Amtrak), vessels, or other transportation companies to their passengers while in Florida; (10) food products served, prepared, or sold by caterers and event planners; (11) purchases, leases, and rentals by caterers or event planners; (12) gratuities consistent with the guidelines established by the court in Green v. Surf Club, Inc., 136 So.2d 354 (Fla. 3rd DCA 1961), cert. den., 139 So.2d 694 (Fla. 1962); (13) fees for preparing or serving food products; (14) food products when furnished with living or sleeping accommodations at colleges or other institutions of higher learning; (15) the exemption provided for certain complimentary food and drinks provided by public lodging establishments; (16) food products when furnished with housing at labor camps or public housing quarters; (17) food products furnished at day care facilities, day camps, or other custodial camps; (18) the exemption provided to hospital patients and inmates or to residents of homes for the aged; (19) food products sold to or prepared and served by social clubs, civic clubs, or fraternal organizations; (20) food products sold to or by nonprofit organizations, religious institutions, and organizations sponsoring a fundraising event; and (21) the exclusion from tax for items and materials used one time only for packaging or serving food products.

The purpose of the proposed amendments to Rule 12A-1.040, F.A.C. (Sales of Containers, Wrapping and Packing Materials and Related Products), is to remove provisions regarding the packaging of food products that will be provided in Rule 12A-1.011, F.A.C., as substantially reworded, and Rule 12A-1.0115, F.A.C., as created.

The purpose of the proposed amendments to Rule 12A-1.071, F.A.C. (Rentals, Leases, or License to Use Tangible Personal Property), is to: (1) remove provisions regarding sales by caterers that will be provided in Rule 12A-1.0115, F.A.C., as created; and (2) remove provisions regarding water softening services that will be provided in Rule 12A-1.011, F.A.C., as substantially reworded.

The purpose of the proposed amendments to Rule 12A-1.097, F.A.C. (Public Use Forms), is to remove obsolete Form DR-46B (Examples of Nonalcoholic Preparations, Beverages and Drinks when Sold in Grocery Stores and Similar Establishments) which is no longer used by the Department. (1)(a) Section 212.08(1), F.S., exempts food products for human consumption, with certain exceptions. The purpose of this rule is to clarify the application of tax on the sale of food products generally sold in or by grocery stores, convenience stores, supermarkets, bakeries, pastry shops, or like establishments; Drinking Water; Ice. (b) Rule 12A-1.0115, F.A.C., is intended to clarify the application of tax on the sale of bakery products by bakeries, pastry shops, or like establishments and on the sale of drinking water or ice.

(2) TAX-EXEMPT FOOD PRODUCTS.

(a) Food products for human consumption, whether processed, cooked, raw, canned, or in any other form which is generally regarded as food, are exempt. The following is a non-exhaustive list of exempt food products:

1. Baby foods and baby formulas;
2. Baked goods and baking mixes, including ready-to-eat and ready-to-bake products;
3. Baking and cooking items advertised and normally sold for use in cooking or baking, such as chocolate morsels, flavored frostings, glazed or candied fruits, marshmallows, powdered sugar, or food items intended for decorating baked goods;

27. Natural fruit or vegetable juices or their concentrates or reconstituted natural concentrated fruit juices in any form, whether frozen or un frozen, aerated, dehydrated, powdered, granulated, sweetened or unsweetened, seasoned with salt or spice, or unseasoned. Only those juices that are permitted by federal law and regulation to be labeled “100 percent juice” or “100 percent juice with added [filled in with a term such as “ingredient(s),” “preservative,” or “sweetener,” as appropriate]” will be considered natural fruit or vegetable juices.
(b) Food products prepared off the seller’s premises are exempt when:
1. Sold in the original sealed container;
2. Sliced into smaller portions; or
3. The product is sold frozen and then heated on the seller’s premises by the customer.

(c) Taxpayers who have a question regarding the taxable status or exempt status of a food product may submit a written description of the food product and a copy of the food product label to the Department to obtain a determination of the taxability of the product. This request should be addressed to the Florida Department of Revenue, Technical Assistance and Dispute Resolution, P. O. Box 7443, Tallahassee, Florida 32314-7443.

(3) BAKERY PRODUCTS SOLD BY BAKERIES, PASTRY SHOPS, OR LIKE ESTABLISHMENTS.

(a) Bakery products sold by bakeries, pastry shops, or like establishments as hot prepared food products are taxable.

1. Bakery products that are kept warm by a heat source used to maintain them in a heated state, or to reheat them, are hot prepared food products.
2. Bakery products that are sold while still warm from the initial baking are not hot prepared food products.
3. Example: A bakery establishment toasts a bagel for a customer. The sale of the bagel is subject to tax, whether the bakery establishment has eating facilities or does not have eating facilities.

(b) Bakery products, excluding items sold as hot prepared food products, that are sold by bakeries, pastry shops, or like establishments that have eating facilities are subject to tax, unless the bakery product is sold for consumption off the premises.

(c)1. Bakery products, excluding items sold as hot prepared food products, that are sold by bakeries, pastry shops, or like establishments that have eating facilities are subject to tax, unless the establishments that have eating facilities are subject to tax, unless the bakery product is sold for consumption off the premises.

2. For the purpose of this paragraph, there shall be a rebuttable presumption that bakery products are not intended by the customer to be consumed off the sale’s premises when:

a. Such bakery products are sold in quantities of 5 or fewer items; or
b. The bakery products are not packaged in a manner consistent with an intention by the customer to consume the products off the seller’s premises, such as products that are bagged or sold in packaging that is glued, stapled, wrapped, or sealed.

(d)1. Bakeries, pastry shops, or like establishments that have eating facilities and make tax-exempt sales of bakery products that are for consumption off the premises are required to separately account for the tax-exempt sales of bakery products for consumption off the premises.

2. Examples of methods to separately account for tax-exempt sales of bakery products for consumption off the premises are: using sales invoices which contain documentation that the sales of the bakery product is for consumption off the premises; using a separate key on a cash register to record tax-exempt sales of bakery products; or using a separate cash register to record tax-exempt sales of bakery products.

3. Example: A bakery operates an establishment with eating facilities. The bakery sells donuts, toasted bagels, and other pastries, as well as coffee and other drinks. The bakery sells bakery products to patrons who take the products home for consumption in sealed containers. Products sold for consumption on the premises are served to the customers on trays. The bakery uses separate keys on its cash registers to account for the sales of tax-exempt bakery products to patrons who purchase the products for consumption off the premises in sealed containers separately from the accounting for taxable sales of toasted bagels, coffee, other drinks, and bakery products for consumption on the premises. The bakery products sold for consumption off the premises are exempt because the bakery's packaging and accounting methods overcome the rebuttable presumption that the products are sold for consumption on the premises.

4. TAXABLE FOOD PRODUCTS. The exemption for food products for human consumption does not apply to any of the items specified in this subsection.

(a) Candy, chewing gum, bubble gum, breath mints, and any similar product regarded as candy or confection, based on its normal use as indicated on the label or advertising, is subject to tax. The term “candy and similar products” does not include snack foods not regarded as candy or confection, as indicated on the label or advertising of the product.
(b) Food prepared, whether on or off the seller’s premises, and sold for immediate consumption is subject to tax. This does not apply to food prepared off the seller’s premises and sold in the original sealed container, or to the slicing of products into smaller portions.

1. Food prepared for immediate consumption is food prepared to a point generally accepted as ready to be eaten without further preparation and that is sold in a manner that suggests readiness for immediate consumption. In determining whether an item of food is sold for immediate consumption, the customary consumption practices prevailing at the selling facility shall be considered.

2. Examples:
   a. Potato salad is prepared and delivered to a dealer in bulk. The dealer repackages the potato salad into smaller containers. Because the potato salad is not sold in the original container, the sale of the repackaged smaller containers of potato salad is subject to tax.
   b. A grocery store buys cold cuts in 5-pound packages. The grocery store slices cold cuts for the customer according to the thickness and the amount the customer desires. The food is then packaged for sale to the customer. Because the cold cuts are sliced into smaller portions, the sale of the cold cuts is exempt from tax.
   c. A grocery store grinds selected peanuts into peanut butter at the customer’s request. The sale of the peanut butter is subject to tax.
   d. A supermarket offers freshly popped popcorn for shoppers for sale. The sale of the popcorn is subject to tax.
   e. A supermarket prepares seafood products, such as smoked fish or steamed shrimp, for sale. The sale of the smoked or steamed shrimp is subject to tax.

(c) Any beverages and preparations commonly referred to as a “soft drink,” such as sodas, soda water, ginger ale, colas, root beer, tonic, fizzes, or cocktail mixes.

(d) Any beverage containing fruit or vegetable juice labeled with the word(s) “ade,” “beverage,” “cocktail,” “drink,” or “fruit or vegetable flavor, flavored, or flavorings.” Federal law and regulations require that any beverage containing more than 0 percent juice, but less than 100 percent fruit or vegetable juice, which represents or suggests by its physical characteristics, name, labeling, ingredient statement, or advertising that it contains fruit or vegetable juice, be labeled in a manner that is appropriate to advise the consumer that the product is less than 100 percent juice. [Title 21 (Food and Drug), Chapter 9 (Federal Food, Drug, and Cosmetic Act), Subchapter IV (Food).] [21 C.F.R. Ch. 1, ss. 101.30; 102.5; 102.33, 146.114-146.187; 156.3; 156.145 (4-1-06)]. Examples of taxable beverages include: apple blend, cranberry juice, etc.
cocktail, grape juice beverage, lemonade, limeade, orangeade, raspberry and cranberry flavored drink, fruit drink, fruit punch, diluted fruit juices, and diluted vegetable juices.

(e) Tea sold in a liquid form.

(6) VENDING MACHINES AND MOBILE VENDORS. Food products sold through a vending machine, push cart, motor vehicle, or any other form of vehicle are subject to tax. See Rule 12A-1.044, F.A.C., for sales through vending machines.

(7) WATER AND ICE.

(a) Drinking water, including water enhanced by the addition of minerals, sold in bottles, cans, or other containers is exempt, except when carbonation or flavorings has been added to the water.

(b) The sale of ice, including dry ice, is subject to tax, except when the ice is purchased for use as a packaging material to package food products for sale, as provided in subsection (11) of this rule.

(c) Fluoride used in the treatment of drinking water is exempt.

(d) Germicides (such as chlorine), sodium silicate, activated charcoal, and similar purification agents used in the treatment of drinking water are exempt.

(e) The charge for water conditioning services, such as water softening services, is not subject to tax. The sale of salt for use in water softeners to regenerate the minerals required for softening water is not the sale of a purification agent used in the treatment of drinking water and is subject to tax.

(8) COMPLIMENTARY AND DONATED FOOD PRODUCTS.

(a) Dealers that primarily sell food products at retail are not subject to sales or use tax on any food or drink provided without charge as a sample or for the convenience of customers, even when cooked or prepared on the dealer’s premises. For example, hot coffee provided in a grocery store for shoppers is not subject to sales or use tax.

(b) Dealers that sell food products at retail are not subject to sales or use tax on any item given to a customer as part of a price guarantee plan related to point-of-sale errors.

(c) The exemption, as provided in this paragraph, does not apply to businesses whose primary activity is to serve prepared meals or alcoholic beverages for immediate consumption.

(d) Dealers that sell food products at retail are not subject to sales or use tax on any food product donated to a food bank or an organization determined to be currently exempt from federal income tax pursuant to s. 501(c) of the Internal Revenue Code of 1986, as amended.

(9) WIC VOUCHERS AND FOOD STAMPS.

(a) Food products are exempt when purchased with food stamps issued by the United States Department of Agriculture, or with Special Supplemental Food Program for Women, Infants, and Children (WIC) vouchers issued under authority of federal law.

(b) When a purchase of food products is made partly with food stamps or WIC vouchers and partly with cash or manufacturer’s coupons, the food stamps or WIC vouchers will first be used to defray the cost of the taxable food and drinks, less the value of any manufacturer’s coupons, that can be purchased with the food stamps or WIC vouchers. When the food stamps or WIC vouchers are insufficient to purchase the taxable items, tax is due on the remaining sales price of taxable food and drinks.

(10) MULTIPLE ITEMS PACKAGES.

(a) When a package contains both exempt food products and taxable tangible personal property (e.g., a basket of food and candy, a basket of nuts, or decorated cans or glasses filled with food items) and the tax-exempt food products are separately itemized and priced from the taxable tangible personal property, no tax is due on the tax-exempt food products.

(b) When the total charge for a package containing both exempt food products and taxable tangible personal property is a single charge, the application of tax depends upon the essential character of the complete package, as follows:

1. When the taxable tangible personal property represent more than 25 percent of the value of the package, the total charge is subject to tax.

2. When the taxable tangible personal property represent 25 or less of the value of the package, the total sale is exempt. The seller is required to pay use tax on any taxable items included in the package that were purchased tax-exempt for the purposes of resale. The cost price of any promotional items included in the package is subject to tax.

(11) ITEMS USED TO PACKAGE FOOD PRODUCTS.

(a) The purchase, use, or consumption of items and materials used one time only for packaging food products, without which delivery of the food product would be impractical, or for the convenience of the customer, is not subject to tax.

(b) For example, the following items purchased by grocery stores, convenience stores, supermarkets, bakeries, fish markets, produce markets, and other like places of business and used in the manner described are not subject to tax:

1. Beverage containers when the seller of the beverage does not require a deposit to secure the return of the container;

2. Cardboard 6-pack and 12-pack lift cartons;

3. Egg cartons, egg crates, and other containers used to transport eggs to a customer;

4. Ice, dry ice, and salt that is placed directly into the shipping container for perishable food or placed into the packaging of perishable food sold at retail;
5. Oil used to line the inside of containers in which meat is packaged for shipment;
6. Paper food dividers used to separate food sections in a container;
7. Paper or plastic bags or sacks for use by customers in carrying out purchased items;
8. Skewers used by butchers and meat shops to prepare meat or seafood for sale.

12A-1.0115 Sales of Food Products Served, Prepared, or Sold in or by Restaurants, Lunch Counters, Cafeterias, Caterers, Hotels, Taverns, or Other Like Places of Business and by Transportation Companies.

(1) SCOPE.
(a) Section 212.08(1), F.S., exempts food products for human consumption, with certain exceptions. The purpose of this rule is to clarify the application of tax on food products generally served, prepared, or sold in or by restaurants, lunch counters, cafeterias, caterers, hotels, taverns, or other like places of business.
(b) Rule 12A-1-011, F.A.C., is intended to clarify the application of tax to the sale of food products generally sold by grocery stores, convenience stores, supermarkets, bakeries, fish markets, produce markets, and other like places of business, the sale of bakery products by bakeries, pastry shops, and like establishments, and the sale of drinking water or ice.

(2) FOOD PRODUCTS SERVED, PREPARED, OR SOLD IN OR BY RESTAURANTS OR SIMILAR PLACES OF BUSINESS.
(a) Food products served, prepared, or sold in or by restaurants, lunch counters, cafeterias, hotels, taverns, or other similar places of business are subject to tax.
(b) Food products that are furnished, prepared, or served for consumption at tables, chairs, or counters or from trays, glasses, dishes, or other tableware are subject to tax. The food products are subject to tax, even though the tables, chairs, or counters and the trays, glasses, dishes, and other tableware may be provided by a person with whom the dealer contracts to furnish, prepare, or serve the food products to others.
(c) Food products that are ordinarily sold for immediate consumption on the seller’s premises or near a location at which parking facilities are provided primarily for the use of patrons in consuming the products purchased at the location are subject to tax. The food products remain subject to tax even when the product is sold on a “take out” or “to go” basis and are packaged or wrapped and taken away from the dealer’s facility. The customary practices prevailing at the dealer’s facility will be used to determine whether a food product is sold for immediate consumption at the selling facility. The premises of a caterer with respect to catered meals or beverages is the place where such meals or beverages are served.
(d) Restaurants, lunch counters, cafeterias, hotels, taverns, or other like places of business that also maintain a separate department that includes groceries are not required to collect tax on tax-exempt sales of food products, as provided in Rule 12A-1-011, F.A.C., when separate records are maintained for the separate department; however, food products that are sold as prepared food through a separate department are subject to tax.

(3) FOOD PRODUCTS CONSUMED IN PLACES WHERE AN ADMISSION IS CHARGED.
(a) Food products are subject to tax when furnished, served, prepared, or sold on the premises of a place where admission is charged for entrance. The term “premises” will be construed broadly to include: the lobby, aisle, or auditorium of a theater; the seating, aisle, or parking area of an arena, rink, or stadium; the parking area of a drive-in or outdoor theater; or similar places.
(b) When food products are furnished to patrons who have paid an admission charge for entrance as a part of that admission charge and there is no separately itemized charge to the patron for the food products, tax is due on the cost of the food products furnished. When the food products are purchased from a caterer, restaurant, or similar establishment, tax is due on the total charge made by the caterer, restaurant, or similar establishment.
(c) When the charges for food products are separately itemized and priced from the admission charge to the patron, tax is required to be collected on the sales price of the food products. (See Rule 12A-1-005, F.A.C., for admission charges.) Food products that are separately itemized and sold to the patron may be purchased for resale, as provided in Rule 12A-1-039, F.A.C.

(4) VENDING MACHINES AND MOBILE VENDORS.
Food products sold through a vending machine, push cart, motor vehicle, or any other form of vehicle are subject to tax. See Rule 12A-1-044, F.A.C., for sales through vending machines.

(5) COUPONS, DISCOUNTS, AND DONATED FOOD PRODUCTS.
(a) When a dealer sells two meals for the price of one meal, the dealer is required to collect tax on the total amount charged. No use tax is due on the second meal.
(b) The sale of a meal ticket or coupon book to be redeemed for the purchase of food products is not subject to tax at the time of sale. When the ticket or coupon is redeemed by a customer when purchasing food products, the seller of the food products is required to collect the tax on the total consideration...
received, including the value of the ticket or coupon redeemed, and any additional compensation received by the seller for furnishing the food product to the customer.

(c) When the seller provides customers a food product without charge after purchasing a designated number of food products, tax is due on the sales price of the food products sold. No tax is due on the item provided to the customer without charge. For example, a sandwich shop offers customers a coupon that will entitle the customer to receive a free sandwich after purchasing five sandwiches. When the customer’s coupon indicates that the customer has purchased five sandwiches, the customer redeems the coupon for the free sandwich. The sandwich shop is required to collect tax on the sale of the first five sandwiches. No tax is due on the sandwich provided, without charge, to the customer, who has purchased the required five sandwiches.

(d) A dealer whose primary business activity is serving food products or alcoholic beverages for immediate consumption is required to pay tax on the cost price of food products provided to customers without charge. Examples of items served without charge to customers are coffee, popcorn, nuts, chips, and pretzels.

(e) Dealers that sell food products at retail are not subject to use tax on any food product donated to a food bank or an organization determined to be currently exempt from federal income tax pursuant to s. 501(c) of the Internal Revenue Code of 1986, as amended.

(6) FOOD PRODUCTS SOLD OR FURNISHED BY EMPLOYERS.

(a) Food products furnished free of charge to an employee, or to the owner of an establishment that provides eating facilities or the owner’s family, are subject to tax only when the value of the food product is required to be reported as income to the recipient under the federal income tax law.

(b) Food products sold by restaurants, lunch counters, cafeterias, hotels, taverns, or other like places of business to their employees are subject to tax when the employee pays for the meal or when the charge for the meal is deducted from the employee’s wages.

(7) TRANSPORTATION COMPANIES.

(a) Food products sold ready for immediate consumption by airlines, railroads (except Amtrak), vessels, or other transportation companies to their passengers, while within Florida, are subject to tax. A transportation company may extend a copy of its Annual Resale Certificate to the selling dealer instead of paying tax on the purchase of food products for purposes of resale to their passengers.

(b) Transportation companies, except Amtrak, are required to pay tax on their purchases of meals and food products ready for immediate consumption when:

a. The food products are delivered to the transportation company in this state, whether consumed in this state or outside this state; b. The food products are furnished to the passengers; and

c. There is no separately itemized charge to the passenger for the food product.

2. For the partial exemption available to airlines, see Section 212.0598, F.S. For the partial exemption available to vessels engaged in interstate or foreign commerce under Section 212.08(8), F.S., see Rule 12A-1.0641, F.A.C.

(c) The purchase or sale of food products ready for immediate consumption by Amtrak, an instrumentality of the United States government, is not subject to tax.

(8) SALES OF FOOD PRODUCTS BY CATERERS.

(a) For purposes of this rule, the term “caterer” means any person engaged in the business of furnishing food products on the premises of the customer, or on premises supplied by the customer, including premises leased by the customer from a person other than the caterer. The term does not include employees hired directly by the customer by the hour or day to serve food products provided by the customer.

(b) The total charge made by caterers for furnishing food products is subject to tax. Any separately itemized charge for the use of dishes, silverware, glasses, chairs, tables, tablecloths, and similar items, or for the labor of furnishing the food products, whether performed by the caterer, the caterer’s employees, or persons contracting with the caterer, is subject to tax.

(c) Tax applies to charges by a caterer, or any other person, for planning, designing, coordinating, or supervising an event when the charges to the customer are made in connection with the furnishing of food products at the event. Tax does not apply to charges for services unrelated to the furnishing and serving of meals and beverages, such as entertainment charges, when the charges are separately itemized and separately priced to the customer on the customer’s bill, invoice, statement, or other evidence of sale.

(d) Caterers may rent, lease, or purchase tangible personal property for purposes of resale tax-exempt by extending a copy of their Annual Resale Certificate to the selling dealer instead of paying tax when:

1. The property is rented, leased, or purchased exclusively for resale or re-rental to the caterer’s customers;

2. The charge to the customer is separately itemized on the customer’s bill, invoice, statement, or other evidence of sale; and

3. The applicable tax is collected from the customer on the separately itemized charge for the rental, lease, or sale of the property.

(e) When a caterer sells food products, including any charges for serving the food products, to other caterers or event planners for the purpose of resale, the caterer may accept a copy of the purchaser’s Annual Resale Certificate instead of collecting tax from the purchaser. The purchasing caterer or event planner is required to collect the applicable tax from his or her customer on the sale of the food products.
(f) Organizations that hold a valid Consumer’s Certificate of Exemption may extend a copy of their certificate to the caterer or event planner to purchase food products used in the normal nonprofit activities of the organization tax-exempt. See subsection (15).

(9) GRATUITIES AND OTHER FEES FOR PREPARING OR SERVING FOOD PRODUCTS.

(a) Any charge made by a dealer to a customer for gratuities, tips, or similar charges is a part of the taxable sales price of the food or drinks except when:

1. The charge is separately stated as a gratuity, tip, or other charge on the customer’s receipt or other tangible evidence of sale; and,

2. The dealer does not receive, either directly or indirectly, any monetary benefit from such gratuity, tip, or other similar charge. Any fee imposed by a credit card company upon the dealer is not construed as retention of such monies by the dealer. Any portion of the gratuity, tip, or other similar charge withheld by the dealer for purposes of payment of the employee’s share of social security, withheld as federal income tax, or withheld pursuant to judicial or administrative orders is not construed as retention of such monies by the dealer.

(b) The charge for room service made by hotels for serving meals in guests’ rooms is included in the total price of the meal and is subject to tax.

(c) Service charges, minimum charges, corkage fees, setup fees, or similar charges imposed by a restaurant, tavern, nightclub, or other like places of business as part of the charge for furnishing, serving, or preparing food products are subject to tax.

(d) The charge for the preparation of food products furnished by the customer to the person who prepares the food product for immediate consumption on the premises of the preparer, or who packages or wraps the food products to be taken away from the preparer’s premises, is subject to tax.

(10) FOOD PRODUCTS FurnISHED WITH LIVING OR SLEEPING ACCOMMODATIONS.

(a) Food products served or sold at community colleges, junior colleges, and other institutions of higher learning, or fraternities and sororities, are subject to tax. If a lump sum amount is charged by the institution for living or sleeping accommodations and meals, a portion of the lump sum amount must be allocated to the sale of food products to reasonably reflect the value of the food products. Tax is due on the portion that is reasonably allocated to the sale of the food products.

(b)1. Public lodging establishments that advertise that they provide complimentary food and drinks are not required to pay sales or use tax on food or drinks when:

a. The food or drinks are furnished as part of a packaged room rate;

b. No separate charge or specific amount is stated to the guest for such food or drinks;

c. The public lodging establishment is licensed with the Division of Hotels and Restaurants of the Department of Business and Professional Regulation; and

d. The public lodging establishment rents or leases transient accommodations that are subject to sales and use tax.

2. The public lodging establishment may extend a copy of its Annual Resale Certificate to the selling dealer to purchase food and drinks used for this purpose tax-exempt, as provided in Rule 12A-1.039, F.A.C.

(11) DAY NURSERIES AND CUSTODIAL CAMPS. Day care facilities, nurseries, kindergartens, day camps, and custodial camps that primarily provide professional and personal supervisory and instructions services are not required to collect tax on their charges to the students or campers for providing food products as part of their services. However, when the charges for the furnishing of meals and beverages are separately itemized and separately priced to the student or camper, tax is required to be collected on the sales price of the meals and beverages.

(12) MEALS SERVED AT LABOR CAMPS.

(a) Labor camps and commercially operated public housing quarters are operated to house and feed workers on a contract basis. The provisions of this subsection are intended to provide the taxability of the housing and meals provided to workers under such contracts.

(b) When the contract provides for meals, and no housing is furnished under the contract, the charge for the meals is subject to tax.

(c)1. When the contract provides for housing and meals for the workers, the charge for meals is subject to tax.

2. When the contract provides for housing for the workers but the workers buy groceries and prepare their own meals, no tax is due on the prepared meals.

(e) Workers residing in public housing quarters or labor camps may enter into agreements under which one worker is appointed to purchase groceries and prepare all food products. The worker may be selected and directed by the group of workers or may be designated and directed by the employer. The employer may deduct from each employee’s wages the pro rata share of the groceries purchased for the group or a contracted charge for the meals prepared and served by the employer’s designated cook.

1. When the employees select the designated worker to purchase groceries and prepare meals, no tax is due on the amount deducted by the employer for each employee’s pro rata share of the cost of the groceries purchased by the designated worker.

2. When the employer selects the worker to be the designated cook who prepares all meals, tax is due on the amount deducted from the employee’s wages by the employer for the meals.

(13) MEALS Furnished BY Hospitals AND Homes FOR THE AGED.
(a) Meals furnished to residents of homes for the aged, as defined in Section 212.08(7)(i), F.S., are exempt.
(b) Meals furnished to patients and inmates of any hospital or other institution designed and operated primarily for the care of persons who are ill, aged, infirm, mentally or physically incapacitated or for any reason dependent upon special care or attention are exempt.
(c) Meals sold and delivered as a charitable function by a nonprofit volunteer organization to handicapped, elderly, or indigent persons at their residences are exempt.

(14) FOOD PRODUCTS SOLD TO OR BY SOCIAL CLUBS.
(a) Food products sold to members of a social club, civic club, or fraternal organization that does not hold a valid Consumer’s Certificate of Exemption are subject to tax. Examples of social clubs, civic clubs, or fraternal organizations are athletic clubs, country clubs, and community clubs (e.g., YMCA, YWCA, YMHA, and YWHA).
(b) Food products sold by any social club, civic club, or fraternal organization, including organizations that hold a Consumer’s Certificate of Exemption, are subject to tax.
(c) Social clubs, civic clubs, and fraternal organizations that furnish food products to their members or guests without charge, such as food products served at meetings, luncheons, or dinners, are required to pay tax on the total cost of the food products furnished or served by a caterer, restaurant, or similar establishment. When club members purchase groceries and prepare the food products to serve to members and guests without charge, no tax is due on the preparation of the food products. For example, an athletic club that does not hold a valid Consumer’s Certificate of Exemption purchases meals from a local restaurant to serve to athletes, without charge, at an event held by the club to honor the athletes. The athletic club is required to pay tax on the total amount charged by the restaurant or caterer to the sponsoring organization. If the members of the club buy groceries and prepare the meals themselves, the club is not required to pay tax on the cost of preparing the meals.
(d) When the charges for the furnishing of meals and beverages are separate and apart from the payment of membership dues, the meals and beverages are considered to be sold and the charges are subject to tax. If a club or fraternal organization indicates on its dues invoices, membership billing statements, dues notices, or membership applications that a specified portion of the dues payment is attributed to the furnishing of food products, the specified portion attributed to the furnishing of food products is subject to tax.

(15) FOOD PRODUCTS PREPARED, SERVED, OR SOLD BY NONPROFIT ORGANIZATIONS.
(a) Food products sold at fundraisers and similar types of events are subject to tax, unless such sales qualify as occasional sales, as provided in Rule 12A-1.037, F.A.C. For the taxability of food products sold as fundraisers by schools offering grades K through 12, or by parent-teacher associations or parent-teacher organizations, see Rule 12A-1.0011, F.A.C.
(b) Food products are exempt when sold by a religious institution that has an established physical place for worship at which nonprofit religious services and activities are regularly conducted and carried on and that holds a valid Consumer’s Certificate of Exemption.
(c) When food products are furnished to patrons by a sponsoring organization as part of a fundraising event and the contribution paid by the patron to the organization bears no relationship to the cost of the food products served at the event, the sponsoring organization is required to pay the applicable tax due on the amount charged by the restaurant or caterer to the sponsoring organization. Any sponsoring organization that holds a valid Consumer’s Certificate of Exemption may extend a copy of its certificate to the restaurant or caterer to purchase food products tax-exempt when the food products are used in the normal nonprofit activities of the organization.

(16) ITEMS USED TO SERVE FOOD PRODUCTS.
(a) The purchase, use, or consumption of items and materials used one time only for packaging or serving food products, without which delivery of the food product would be impracticable, or for the convenience of the customer, is not subject to tax.
(b1) The following are examples of items purchased by restaurants, lunch counters, cafeterias, caterers, hotels, taverns, and other like places of business, or by establishments that provide eating facilities and make sales of food products that, used in the manner described above, are not subject to tax: butter chips; paper, plastic-coated or styrofoam plates, trays, or cups; paper napkins; paper tops for individual creamers; paper covers for fruit juice glasses; paper covers for trays; plastic stir sticks served with drinks; souffle cups used one time only; hamburger and frankfurter holders; steak markers used to indicate the extent to which meat is cooked and served to the guest; foil served with food products, such as baked potatoes; straws; toothpicks and toothpick frills used to serve food products; trays, cups, plastic mats or placemats; toilet tissue; and towels.

Southwest Florida Water Management District

RULE NOS.: RULE TITLES: 40D-2.091 Publications Incorporated by Reference

40D-2.331 Modification of Permits

PURPOSE AND EFFECT: To amend rules to extend permit durations upon modification of a water use permit where the review of the application for modification is equivalent to a renewal application review.

SUBJECT AREA TO BE ADDRESSED: Water Use Permit modifications – duration for significant modifications. Under current District rules, permits that are modified during their permit term retain the existing expiration date as the majority of modifications involve only portions of the permitted activity and the entire activity is not reevaluated. However, in some cases, the modification is of such a magnitude that it essentially results in a total reevaluation of the permitted activity. When these types of modifications are limited to the existing permit term, this results in the staff and applicant performing another total reevaluation within only a few years time. In these cases, it is more efficient for both the District and the applicant to handle the modification as a full renewal, thereby extending the permit by a full permit term. A renewal permit fee will be assessed rather than a modification fee, and such a renewal is predicated upon a request by the applicant.

62-716.620 Use of Waste Tire Grant Funds
62-716.700 Litter Control and Prevention Grants
62-716.900 Forms

PURPOSE AND EFFECT: In 1988, the Legislature created a large grant program to help counties and municipalities develop recycling and education programs, along with lesser grants for waste tire programs and to help small counties manage solid waste. The Department adopted Chapter 62-716, F.A.C., to implement all of these grant programs. Over time, funding for the recycling and education grants declined, and a few years ago the Legislature stopped funding them altogether. This rule chapter is being amended to delete obsolete references to grants that no longer exist.

At about the same time that the recycling and education grants were being phased out, the Innovative Grants were being introduced. From 1998 through 2001, the Legislature authorized these grants a year at a time as a line item in its budget. In 2002, the program was finally codified in Section 403.7095, Florida Statutes. The Department has administered the Innovative Grants program on an ad hoc basis since 1998. This was partly because the status of the program was uncertain from year to year, and partly because of the need to spend time developing policies and processes that would effectively implement a statute that lacked clear standards. This rule chapter is being amended to incorporate those policies and processes through rulemaking.

SUBJECT AREA TO BE ADDRESSED: Grant programs for recycling, waste reduction, and solid waste management.

SPECIFIC AUTHORITY: 120.53(1), 403.061, 403.704, 403.7095 FS.

**NOTICE OF INTENT TO GRANT VARIANCE**

The Florida Department of Environmental Protection gives notice of its intent to grant a variance under Section 403.201, F.S., from the provisions of paragraph 62-4.244(5)(c) F.A.C., to the City of Fernandina Beach, 204 Ash Street, Fernandina Beach, FL 32034, (File No.0264288-002-EV) to allow a 2,000 m mixing zone radius during dredging and disposal operations associated with the beach restoration project. The requested mixing zone variance is to be authorized for activities occurring within the Ft. Clinch Aquatic Preserve only. The Department’s file on this matter is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the Department of Environmental Protection, 5050 W. Tennessee St., Bldg. B, Tallahassee, FL 32304, (850)414-7756, Jamie Christoff.

A person whose substantial interests are affected by the Department’s action may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received by the clerk) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000.

Mediation under Section 120.573 of the Florida Statutes, is not available.
Because the administrative hearing process is designed to redetermine final agency action on the application, the filing of a petition for an administrative hearing may result in a modification of the agency action or even a denial of the application. If a sufficient petition for an administrative hearing or request for an extension of time to file a petition is timely filed, this agency action automatically becomes only proposed agency action on the application, subject to the result of the administrative review process. Accordingly, the applicant is advised not to commence construction or other activities in accordance with this variance until the deadlines noted below for filing a petition for an administrative hearing, or request for an extension of time has expired.

Under subsections 28-106.111(3) and 62-110.106(4), F.A.C., a person whose substantial interests are affected by the Department’s action may also request an extension of time to file a petition for an administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000, before the applicable deadline. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon. If a request is filed late, the Department may still grant it upon a motion by the requesting party showing that the failure to file a request for an extension of time before the deadline was the result of excusable neglect.

In the event that a timely and sufficient petition for an administrative hearing is filed, other persons whose substantial interests will be affected by the outcome of the administrative process have the right to petition to intervene in the proceeding. Any intervention will be only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

In accordance with subsection 28-106.111(2) and paragraph 62-110.106(3)(a)4., F.A.C., petitions for an administrative hearing by the applicant must be filed within 14 days of receipt of this written notice. Petitions filed by any persons other than the applicant, and other than those entitled to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the notice or within 14 days of receipt of the written notice, whichever occurs first.

Under Section 120.60(3), F.S., however, any person who has asked the Department for notice of agency action may file a petition within 14 days of receipt of such notice, regardless of the date of publication.

The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition for an administrative hearing within the appropriate time period shall constitute a waiver of that person’s right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S.

A petition that disputes the material facts on which the Department’s action is based must contain the following information: (a) The name and address of each agency affected and each agency’s file or identification number, if known; (b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner’s representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner’s substantial interests are or will be affected by the agency determination; (c) A statement of when and how the petitioner received notice of the agency decision; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts that the petitioner contends warrant reversal or modification of the agency’s proposed action; (f) A statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency’s proposed action, including an explanation of how the alleged facts relate to the specific rules or statutes; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency’s proposed action.

A petition that does not dispute the material facts on which the Department’s action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C. Under Sections 120.569(2)(c) and (d), F.S., a petition for administrative hearing must be dismissed by the agency if the petition does not substantially comply with the above requirements or is untimely filed.

This action is final and effective on the date filed with the Clerk of the Department unless a petition is filed in accordance with the above. Upon the timely filing of a petition this order will not be effective until further order of the Department.

This variance constitutes an order of the Department. The applicant has the right to seek judicial review of the order under Section 120.68, F.S., by the filing of a notice of appeal under Rule 9.110, Florida Rules of Appellate Procedure, with the Clerk of the Department in the Office of General Counsel, 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000; and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice of appeal must be filed within 30 days from the date when the final order is filed with the Clerk of the Department.

If a hearing is requested, the provisions of Section 403.508(1), F.S., shall apply. Should a land use hearing be held, the notice of land use hearing will be published as per the provisions of Section 403.5115, F.S. Pursuant to Section 403.508(1), F.S., the sole issue for determination at a land use hearing shall be whether or not the proposed site is consistent and in compliance with existing land use plans and zoning ordinances. If the administrative law judge concludes that the proposed site is not consistent or in compliance with existing land use plans and zoning ordinances, the administrative law judge shall receive at the hearing evidence on, and address in the recommended order, any changes to or approvals or variances under the applicable land use plans or zoning ordinances which will render the proposed site consistent and in compliance with the local land use plans and zoning ordinances.

A person whose substantial interests are affected by the proposed determination of consistency may petition for an administrative hearing in accordance with Section 403.5066(4), F.S. A petition that does not dispute the material facts shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.
