NOTICE TO PROFESSIONAL CONSULTANTS:

The University of Florida Board of Trustees announces that Professional Services in the discipline of mechanical/electrical engineering will be required for the project listed below: Project No. 934274, Boiler No. 4 Replacement, Chilled Water Plant #2.

The project consists of designing a replacement for the 150,000 lbs/hr Boiler No. 4 located in the Chilled Water Plant #2. The scope of the project can be summarized as follows:

- Removal of existing boiler and selected fans, pumps, piping, and accessories.
- Design new 150,000 lbs/hr boiler, fans, pumps, piping, controls, and accessories connected to existing campus loop connections.
- Design Electrical as required for boiler replacement.
- Structural and Architectural work as required for boiler replacement and separation of chiller room with boiler room to meet codes.
- Design new controls integrated with DDC control system.
- Temporary removal and re-build of wall to remove/install boiler equipment.

The estimated construction budget is approximately \$2.0 million however, this is subject to change. The project is planned to be delivered using the Design-Bid-Build (Lump Sum Hard Bid) method.

The selected firm will provide design, construction documents and construction administration services for the referenced project. Blanket professional liability insurance will be required for this project in the amount of \$1,000,000, and will be provided as a part of Basic Services. Plans and
