DEPARTMENT OF REVENUE
Corporate, Estate and Intangible Tax
RULE NOS.: RULE TITLES:
12C-1.0222 Returns; Time and Place for Filing
12C-1.032 Payments of Tentative Tax
PURPOSE AND EFFECT: The Internal Revenue Service recently reduced the extension period for filing a Florida partnership return from six months to five months (Bulletin IR-2008-084, June 30, 2008). The purpose of this rulemaking is to change the extension period for filing a Florida partnership return to five months. Changes are also being made to include the requirements for filing corporate tax returns with the Department electronically and to simplify all provisions on how to obtain an extension of time to file a Florida corporate income tax return or a Florida partnership return.
Specifically, the purpose of the proposed substantial rewording of Rule 12C-1.0222, F.A.C.: (1) changes the title to “Returns; Extensions of Time; Payments of Tentative Tax” to reflect the revised provisions of the rule; (2) provides when a return submitted to the Department by electronic means or by a paper return is timely filed; (3) provides that an extension of time will be valid until 15 days after the expiration of the federal extension or until six months after the due date, whichever occurs earlier; (4) provides that a taxpayer who has not obtained a federal extension of time to file a return may obtain an extension of time to file a Florida return by establishing good cause as to why the return cannot be filed by the original due date; (5) requires that taxpayers who request an extension of time to file a return must submit Form-7004 (Florida Tentative Income/ Franchise and Emergency Excise Tax Return and Application for Extension of Time to File Return) with the amount of tentative tax due to the Department; (6) provides the extended return due dates for the Florida corporate return and for the Florida partnership return; and (7) provides when the request for an extension of time to file will be invalidated for failure to pay the tentative tax due.
The purpose of the proposed repeal of Rule 12C-1.032, F.A.C. (Payment of Tentative Tax), is to remove provisions regarding when a tentative tax return will be considered timely filed with the Department. These provisions have been moved to the proposed substantial rewording of Rule 12C-1.0222, F.A.C.
SUBJECT AREA TO BE ADDRESSED: The subject area of the workshop is the requirements for obtaining an extension of time to file a Florida corporate income tax return or a Florida partnership return.

FISH AND WILDLIFE CONSERVATION COMMISSION

Marine Fisheries

RULE NO.: RULE TITLE:

68B-14.0038 Recreational Red Snapper Season

PURPOSE AND EFFECT: The purpose of these rule amendments is to modify the Commission’s Reef Fish Rule to become consistent with federal reef fish regulations for red snapper in the Gulf of Mexico. Based on federally established benchmarks, the red snapper stocks in the Gulf of Mexico are overfished and have been undergoing overfishing since the late 1980’s. The most recent red snapper stock assessment (2005) indicates continued overfishing is compromising the objectives of the Gulf of Mexico Fishery Management Council’s red snapper rebuilding plan, which is designed to end overfishing of red snapper by 2009 and to rebuild the red snapper stock to sustainable levels by 2032. The Gulf of Mexico Fishery Management Council developed regulatory actions in Amendment 27 to their Reef Fish Fishery Management Plan, and Amendment 14 to their Shrimp Fishery Management Plan. Amendment 27/14 addresses recreational and commercial harvest of red snapper, and establishes bag limits, size limits, and seasons. The success of the red snapper rebuilding plan depends not only upon consistency with the bag limit, size limit, and the fishing season regulations in federal waters, but also with the five states in the Gulf of Mexico adopting rules that are consistent with the federal rules in Gulf state waters.

Florida plays a particularly important role in the success of the red snapper rebuilding plan because Florida’s recreational fishery accounts for a large proportion of the recreational red snapper catch, which is the primary source of red snapper fishing mortality in the eastern Gulf of Mexico. Not doing so will not only directly affect the rebuilding plan, but may affect Florida’s recreational red snapper fishery to a greater extent if it results in further restrictions on harvest in federal waters in the future, as the majority of the state’s recreational fishery occurs in federal waters. The effect of these rule amendments is that federal and state regulations will be consistently applied. Where practicable, this minimizes confusion with the public and aids enforceability.

SUBJECT AREA TO BE ADDRESSED: Reef fish, and more specifically, red snapper.

SPECIFIC AUTHORITY: Art. IV, Sec. 9, Florida Constitution.
LAW IMPLEMENTED: Art. IV, Sec. 9, Florida Constitution.

IF REQUESTED IN WRITING AND NOT DEEMED UNNECESSARY BY THE AGENCY HEAD, A RULE DEVELOPMENT WORKSHOP WILL BE NOTICED IN THE NEXT AVAILABLE FLORIDA ADMINISTRATIVE WEEKLY.

Marine Fisheries

RULE NO.: 68B-24.009

RULE TITLE: Trap Reduction Schedule

PURPOSE AND EFFECT: The purpose of this rule amendment is to modify the Commission’s Spiny Lobster Rule regarding the reduction in the number of lobster trap certificates. The lobster trap certificate reduction was initiated to reduce overcapitalization in the commercial spiny lobster fishery and to address concerns about excessive mortality of undersized lobsters, declining yield per trap, and public concerns over debris pollution from existing traps. The reduction process has been under moratorium since 2003. The effect of this rule amendment will be to end the moratorium and implement a trap certificate reduction schedule whereby upon the sale or transfer of certificates outside the immediate family of the certificate holder, the number of certificates received by the purchaser shall be reduced by 10 percent. Once the number of lobster trap certificates is reduced to 400,000, there shall be no further reduction in the number of lobster trap certificates issued each year thorough this mechanism. Reducing the number of traps will maintain fishing effort in the spiny lobster fishery at a level to maintain the fishery’s yield while maximizing economic efficiency, reducing ecological impacts, and preserving the general aesthetics of the coastal environment.

SUBJECT AREA TO BE ADDRESSED: Spiny Lobster.

SPECIFIC AUTHORITY: Article IV, Section 9, Florida Constitution.

LAW IMPLEMENTED: Art. IV, Section 9, Florida Constitution.

IF REQUESTED IN WRITING AND NOT DEEMED UNNECESSARY BY THE AGENCY HEAD, A RULE DEVELOPMENT WORKSHOP WILL BE NOTICED IN THE NEXT AVAILABLE FLORIDA ADMINISTRATIVE WEEKLY.

THE PERSON TO BE CONTACTED REGARDING THE PROPOSED RULE DEVELOPMENT AND A COPY OF THE PRELIMINARY DRAFT IS: James V. Antista, General Counsel, Fish and Wildlife Conservation Commission, 620 South Meridian Street, Tallahassee, Florida 32399-1600, (850)487-1764

THE PRELIMINARY TEXT OF THE PROPOSED RULE DEVELOPMENT IS:

68B-24.009 Trap Reduction Schedule.

(1) Except as otherwise provided in this rule, Upon the sale or transfer of lobster trap certificates outside the immediate family of the certificate holder, the number of certificates received by the purchaser shall be reduced by 10 percent, beginning with the 2001-2002 license year, the maximum number of lobster trap certificates issued each season by the Commission pursuant to Section 370.142, Florida Statutes, shall be reduced each season by 4 percent from the total issued for the immediately previous season. These reductions shall be achieved through passive reductions pursuant to subsection (2). If in any year such passive reduction does not amount to 1 percent of available certificates, an active reduction shall be applied pursuant to subsection (3) to all lobster trap certificate holders to achieve the 4 percent target. If in any year, passive reductions pursuant to subsection (2) exceed 4 percent of available certificates, the number of certificates in excess of 1 percent shall be applied to meet the 4 percent reduction target for the following year. Once the number of lobster trap certificates is reduced through this passive/active mechanism to 400,000, there shall be no further reduction in the number of lobster trap certificates issued each year except those forfeited pursuant to Section 379.3671(2)(c)3., or Section 379.3671(2)(c)7., Florida Statutes.

(2) Passive Reduction Upon the sale or transfer of certificates outside the immediate family of the certificate holder, the number of certificates received by the purchaser shall be reduced by 25 percent. Additionally, certificates forfeited due to conviction for theft from a spiny lobster trap pursuant to Section 370.142(2)(c)3., Florida Statutes, or
reverting to the Commission for nonpayment of certificate fees pursuant to Section 370.142(2)(c), Florida Statutes, shall be included as trap certificates passively reduced in a license year.

(3) Active Reduction—If the total passive reduction in lobster trap certificates pursuant to subsection (2) in any license year does not total 4 percent of the certificates available during that season, an additional reduction in the number of available certificates shall be made at the end of the season in the appropriate percentage to achieve the 4 percent target reduction for that year. This reduction shall be applied on a pro rata basis to all lobster trap certificate accounts.

(4) Notwithstanding the provisions of subsections (1)-(3) of this rule, no trap reductions shall take place in the license years beginning with the 2004-2005 license year and continuing through the 2006-2007 license year.

PROPOSED EFFECTIVE DATE July 1, 2009.

Specific Authority Art. IV, Sec. 9, Fla. Const. Law Implemented Art. IV, Sec. 9, Fla. Const. History—New 3-1-92, Amended 6-1-94, 6-3-96, 3-5-97, Formerly 46-24.009, Amended 6-29-00, 7-1-01, 4-1-04, 7-1-09.

FISH AND WILDLIFE CONSERVATION COMMISSION

Marine Fisheries

RULE NOS.: 68B-42.001
RULE TITLES: Purpose and Intent; Designation of Restricted Species; Definition of “Marine Life Species”

68B-42.002 Definitions
68B-42.004 Size Limits
68B-42.005 Recreational Bag Limit
68B-42.006 Commercial Season, Harvest Limits
68B-42.0065 Commercial Requirements; Endorsements; Requalifying; Appeals; Leasing; Transferability
68B-42.007 Gear Specifications and Prohibited Gear
68B-42.009 Prohibition on the Taking, Destruction, or Sale of Marine Corals and Sea Fans; Exception; Repeal of Section 370.114, Florida Statutes

PURPOSE AND EFFECT: The purpose of these rule amendments is to modify the Commission’s Marine Life Rule in order to ensure the long-term sustainability of this fishery. These rule amendments were discussed by a Marine Life Workgroup composed of industry representatives over a three year time-frame and taken to public workshops.

Language will be added to the rule chapter that will authorize the issuance of Special Activity Licenses for activities that are otherwise prohibited in this rule chapter. Additionally, new fish and invertebrate species would be added to the rule, which would require a marine life endorsement for commercial harvest. These additions are: porcupine fish, spotted burrfish, black brotula, key brotula, yellow stingray, blackbar soldierfish, red mithrax crab, emerald crab, red ridged clinging crab, the snail Lithopoma tectum, all hermit crabs (except land hermits), and nassarius snails. Misspellings in this section will also be corrected. A definition of fork length will be added for the measurement of tangs. The size limits of several fish species will be modified for commercial and recreational harvesters, including establishing maximum size limits for parrotfish and tangs, and widening the slot limit on butterflyfish. The recreational bag limit will be modified to allow no more than 5 of any one species within the 20 organism daily bag limit and create a 2-day possession limit for recreationally harvested organisms. The rule amendment would also establish a vessel maximum limit for dwarf seahorses and emerald crabs, and establish personal possession and vessel possession limits for zoanthid polyps, corallimorph polyps, and scarlet hermit crabs. The amendments will decrease the vessel maximum limit on condylactis anemones and add the snail Lithopoma tectum to the current star snail personal and vessel maximums. The rule would also establish a personal possession limit and vessel possession limit for butterflyfish instead of the current vessel maximum. Tools for the taking of corallimorph and zoanthid polyps will be specified for both recreational and commercial harvest in the amendments. Updates will also be made to existing commercial harvest restriction wording to make it more consistent with the endorsement program. The amendment would also allow the harvest of ornamental sponges north of Egmont Key in the Gulf of Mexico to be taken with a 1 inch amount of substrate beyond the holdfast and a 1 inch thick piece of substrate below the holdfast of the sponge. Taking ornamental sponges with substrate would not be allowed in waters south of Egmont Key. The amendment would modify the requalification criteria for the Marine Life Transferable Dive endorsement to allow live rock landings, because they were allowed for the initial qualification. The regulation regarding the use of quinaldine would be amended so it can only be used with the Marine Life Transferable Dive endorsement and the Marine Life Non-transferable Dive endorsement. Portions of the Rules in 68B-42.006 and 68B-42.009, F.A.C., are being removed because they are no longer necessary and outdated references to Marine Patrol and the Department of Environmental Protection will also be amended.

The effect of these rule amendments is that more species will be given greater resource protection. Newly-added species will have their potential commercial exploitation reduced by limiting their harvest to only those that possess a marine life endorsement and limit their recreational harvest. The addition of size and bag limits will further reduce their harvest by collectors. Amending the language governing the issuance of Special Activity Licenses will allow holders so permitted under the License to conduct the activities within the Florida
Keys National Marine Sanctuary (FKNMS). This is in conjunction with a Memorandum of Understanding that is already in place between the FKNMS and the FWC. The definition of fork length will clarify this measurement technique for fishermen and law enforcement. In addition, specifying the allowable tools for the harvest of corallimorphs and zoanthids will reduce the amount of substrate removed in order to reduce impacts upon the surrounding habitat and aid the enforcement of this rule within the FKNMS. The specification of an allowable substrate amount for ornamental sponges North of Egmont Key will help protect the resource and clarify language for marine life harvesters and law enforcement. Changing the requalification criteria to include live rock sales will make it consistent with the original qualifying criteria. Restricting the use of quinaldine will ensure its use only by endorsement holders permitted to harvest by diving, which was the original intent of the rule. Removing outdated sections, correcting misspellings, and clarifying language regarding commercial harvest restrictions are intended to aid understanding and adherence to the rule chapter.

SPECIFIC AUTHORITY: Art. IV, Sec. 9, Florida Constitution.

The mediator will have three business days from the date of notification by the Administrator to accept or reject the selection. If the mediator rejects the selection or fails to accept the selection within three business days, or if the mediator is disqualified pursuant to paragraph (7)(e), then the Administrator insurer shall randomly select another mediator.
For all mediation requests under this rule, the time limits in this section shall not be applicable for two years following the declaration of a disaster. (5)(6) Rejection of Mediation. The insurer shall also indicate that the insured should include a copy of the insurer’s rejection letter with the insured’s letter to the Department. The Department shall determine whether the claim shall be mediated. The parties may elect to voluntarily mediate any dispute regardless of whether the cause of loss or policy status may be in question. In the event that a “claim” falls within the scope of this rule, the insurer shall follow the process set forth in paragraph (4)(5)(b) above.

(6) Mediation Costs. Pursuant to Section 627.7015(3), F.S., the insurer shall bear all of the cost of conducting mediation conferences.

(a) The total cost for residential mediation shall be $350, with $300 paid as the mediator’s fee and $50 as a fee of the Administrator.

(c) Fees are payable within 7 days of billing by the Administrator. The Administrator will bill insurers separately for mediator fees and administrator fees for all mediations. The mediator’s fee will be payable directly to the mediator by the insurer and the administrative fee paid to the Administrator by the insurer. All administrative fees received by the Department shall be placed in the Insurance Regulatory Trust Fund.

(d) Should a residential mediation conference be cancelled for any reason by the insured or the insurer after it has been scheduled, the mediator shall be paid 50% of the mediator’s fee and the Administrator shall be paid the entire administrative fee.

(7) Mediators.

(a) Mediator Approval. The Bureau of Agent and Agency Licensing, Department of Financial Services, shall approve as mediators those persons who meet the qualifications set forth in Section 627.745(3)(b), F.S. Persons wishing to be approved as mediators shall submit their qualifications to the Bureau of Agent and Agency Licensing, Department of Financial Services, 200 East Gaines Street, Tallahassee, FL 32399-0319, on Form DI4-591, “Application for Appointment as a Mediator”, which is adopted and incorporated by reference in subsection 69B-211.002(30), F.A.C. For two years following the declaration of a disaster, this program may additionally utilize mediators selected from a panel of circuit court – civil certified mediators approved by the Florida Supreme Court pursuant to the Florida Rules of Certified and Court-Appointed Mediators.

The Bureau of Agent & Agency Licensing, Department of Financial Services, shall maintain a list of all approved mediators, which list shall include the mediator’s name, address, telephone number, social security number, a listing of counties in which each mediator is willing to mediate, and date of entry to the list.

(c) Grouping of Assignments. Requests for mediation will, if feasible, be grouped together and assigned to a single mediator. A mediator will be assigned a maximum of four mediation conferences under a single assignment.

(d) Procedure and Conduct. All mediation conferences shall be conducted in accordance with this rule, the Florida Rules for Certified and Court-Appointed Mediators as set forth in Rules 10.020-10.290, Florida Rules of Civil Procedure, as incorporated above, and other consistent rules of conduct as promulgated by the Supreme Court of Florida. Mediators shall have the same responsibilities to the Department as they have to the courts under the Florida Rules for Certified and Court-Appointed Mediators. The Florida Rules for Certified and Court-Appointed Mediators shall be read in a manner consistent with this rule and any conflict between this rule and the Florida Rules for Certified and Court-Appointed Mediators shall be resolved in favor of this rule. The mediator may meet with the parties separately, encourage meaningful communications and negotiations, and otherwise assist the parties to arrive at a settlement. For purposes of this mediation program, mediators shall have the immunity from suit provided to mediators in Section 44.107, F.S. All communications with the mediator shall be confidential. All statements made and documents produced at a settlement conference constitute settlement negotiations in anticipation of litigation. The mediation proceedings are confidential and inadmissible in any subsequent adversary proceeding.

(e) Complaints; Discipline. At any time a party may move to disqualify a mediator for good cause. Good cause consists of conflict of interest between a party and the mediator, that the mediator is unable to handle the conference competently, or other reasons which would reasonably be expected to impair
the conference. Complaints concerning a mediator shall be written and submitted to the Department of Financial Services, Mediation Section, Bureau of Education, Advocacy and Education, Consumer Assistance, Department of Financial Services, 200 East Gaines Street, Tallahassee, Florida 32399-4212 (4324). The Department shall review the following grounds for discipline:

1. Alleged instances of dishonest, incompetent, fraudulent, or unethical behavior on the part of a mediator;
2. Instances in which the mediator allegedly failed to promptly and completely respond to requests from the Department and instances in which the actions or failure to act on the part of the mediator violate this rule, including the standards set forth in this subsection or are counter to the intent and purpose of this mediation program or this rule;
3. Administrative action by any other agency or body against the mediator, regardless of whether the agency or body’s regulation relates to mediation;
4. The mediator has been found guilty of or pled guilty or nolo contendere to a felony or a crime punishable by imprisonment of 1 year or more under the law of the United States of America or of any state thereof or under the law of any other country, without regard to whether a judgment of conviction has been entered by the court having jurisdiction of such cases.

If the Department determines that any of the above grounds exist, the Department shall institute proceedings in accordance with Chapter 120, F.S., to rescind the approval of the mediator to handle any mediation or arbitration program sponsored by the Department.

(8) Mediation Conference.
(a) Location.
1. The mediation conference shall be held at a reasonable location specified by the mediator within a reasonable proximity of the insured property, unless all parties agree otherwise. In times of declared disaster, the Administrator shall assign the mediation location and notify the mediator of same, if the Administrator determines such action is necessary to facilitate and expedite the mediation process.
2. The Administrator shall make available various conference locations rooms at its various service offices throughout the state for possible use, if the Administrator determines such action is necessary to facilitate and expedite the mediation process.
3. Before scheduling a mediation conference, the mediator may contact the Division of Consumer Services service office administrator to determine the availability of service office facilities to accommodate the mediation conference.
4. If no facilities are available at the service office for the particular mediation conference then the service office administrator will designate an alternative location, if available, for the mediation conference.

(b) Timing and Continuances. The mediation conference shall be held as scheduled by the mediator. Upon application by any party to the mediator for a continuance, the mediator shall, for good cause shown or if neither party objects, grant a continuance and shall notify all parties of the date and place of the rescheduled conference. Good cause includes severe illness, injury, or other emergency which could not be controlled by the party and could not reasonably be remedied by the party prior to the conference by providing a replacement representative or otherwise. Also, good cause includes the necessity of obtaining additional information, securing the attendance of a necessary professional or the avoidance of significant financial hardship. If the insured demonstrates to the mediator the need for an expedited mediation conference due to an undue hardship, the conference shall be conducted at the earliest date convenient to all of the parties and the mediator. Undue hardship will be demonstrated when holding the conference on a non-expedited basis would interfere with or contradict the treatment of a severe illness or injury, substantially impair a party’s ability to assert their position at the conference, result in significant financial hardship, or other reasonably justified grounds.

(c) Attendance.
1. The complainant or their designated representative and respondent shall attend the mediation conference and be fully authorized to make an agreement to completely resolve the claim. All corporate parties who are complainants or respondents shall be represented at the conference by attend the conference in the person of a corporate representative who has full knowledge of the facts of the dispute and is fully authorized to make an agreement to completely resolve the dispute. An insurer will be deemed to have failed to appear if the insurer’s representative lacks authority to settle the full value of the claim. The authority to settle the claim includes the ability to disburse the full settlement amount within 10 days of the conclusion of the conference. The insurer will produce at the conference a copy of the policy. The insurer will bring the entire claims file to the conference.
2. The mediation conference also may be attended by persons who may assist a party in presenting his claim or defense in the conference, such as contractors, adjusters, engineers, and interpreters. The parties may not have separate counsel in the mediation conference unless requested by the insured or the parties agree otherwise. If the insurer elects to have an attorney participate in the conference, the insured shall notify the mediator of such participation 7 days before the conference, unless the parties agree otherwise. A party will be determined to have not negotiated in good faith if they or a person participating on their behalf continuously disrupts or otherwise inhibits the negotiations as determined by the mediator.

(d) Good Faith Negotiation. The participants are to negotiate in good faith to attempt to resolve the dispute, however, there is no requirement that the dispute must be resolved in mediation.

(e) Disposition. If the claim is settled prior to the mediation conference being held, the insurer shall report the outcome of the issue to the mediator prior to the scheduled hearing and the mediator will submit Form DFS-I5-1971 indicating the settlement. A mediation conference will not be considered complete and the Administrator will not bill the insurer until this form is submitted.

(9) Disbursement of Costs.

(a) The insurer shall pay the mediator’s fee and the Administrator’s fee which shall not exceed $225. The Department reserves the right to reduce fees based on consumer surveys and cost analysis. All funds due the Department shall be remitted to the Department of Financial Services, Mediation Section, Bureau of Consumer Assistance, Tallahassee, Florida 32314-6100, along with a reference to the claim number, identification of the parties, date of the mediation, and name of the mediator. These funds will be deposited in the Insurance Regulatory Trust Fund to defer Department costs.

2. Cancellation Due To Absence. Failure of a party to arrive at the mediation conference within 30 minutes of the conference’s starting time shall be considered an absence. Payment shall be as follows:

If the insured wishes to schedule a new conference after failing to appear, the total cost of mediation for the new conference will be borne by the insured. The new conference shall be rescheduled only upon the insured’s payment of the total cost of the mediation at the rate specified in subsection (6) of this rule rescheduled upon the insured’s payment of the mediator’s fee for the conference scheduled to take the place of the conference at which the insured failed to appear.

b. If the insurer fails to appear at the conference, the insurer shall make payment for the conference in accordance with subsection (6) of this rule. If the insurer fails to appear at the conference without good cause, the insurer shall pay the insured’s actual cash expenses incurred in attending the conference and shall pay a second total cost of mediation the mediator’s fee for the rescheduled conference. Good cause here includes severe illness, injury, or other emergency which could not be controlled by the insurer and could not reasonably be remedied by the insurer prior to the conference by providing a replacement representative or otherwise. If an insurer fails to appear at conferences with such frequency as to evidence a general business practice of failure to appear, the Department will report the failure to appear to the Florida Office of Insurance Regulation as a potential violation of Florida law. The Florida Office of Insurance Regulation may take such further action as it deems appropriate the insurer shall be subject to penalty, including revocation, suspension, or fine, for violation of Section 626.951(1)(f), F.S. An administrative fine shall be in the amount of $2,500 per violation in cases of non-willful violation, and $20,000 per violation in cases of a knowing and willful violation. The Department will mitigate these penalties based upon the following factors: Solvency of the insurer, best interests of any potential harm to insureds, and willfulness of the violation.

(b) Any disputes regarding the amount of disbursement of funds shall be resolved by the Department.
(c) Except as provided in subparagraph (8)(a)3., any expenses associated with the mediation conference, such as travel, telephone, postage, meals, lodging, facilities, and other related expenses, shall be borne by the party, mediator or other person incurring the expense.

(10) Post-Mediation.

(a) At the conclusion of the mediation conference, the mediator will file with the Department the “Disposition of Property Insurance Mediation Conference” Form DFS-I5-1971 indicating whether or not the parties reached a settlement. If the parties reached any settlement, then the mediator shall include a copy of the settlement agreement with Form DFS-I5-1971 the status report. In the event a settlement is reached, the insured shall have 3 business days from the date of the written settlement within which he or she may rescind the settlement provided that the insured has not cashed or deposited any check or draft disbursed to him or her for the disputed matters as a result of the conference. If a settlement agreement is reached and not rescinded, it shall act as a release of specific issues that were presented at the conference.

(b) Any additional claims under the policy shall be presented as separate claims. However, the release shall not constitute a final waiver of rights of the insured with respect to claims for damages or expenses if circumstances that are reasonably unforeseen arise resulting in additional costs which would have been covered under the policy but for the release.

(c) If the insured decides not to participate in this program or if the parties are unsuccessful at resolving the claim, the insured may choose to proceed under the appraisal process set forth in the insured’s insurance policy, or by litigation, or by any other dispute resolution procedure available under Florida law.

(11) The Department is authorized to designate an entity or person as its Administrator to carry out any of the Department’s duties under this rule.

(12) If a court holds any subsection or portion of a subsection of this rule or the applicability thereof to any person or circumstance invalid, the remainder of the rule shall not be affected thereby.

RULE NOS.: RULE TITLES:
40C-2.042 General Permit by Rule
40C-2.101 Publications Incorporated by Reference
40C-2.900 Forms and Instructions

NOTICE OF CHANGE

Notice is hereby given that the following changes have been made to the proposed rule in accordance with subparagraph 120.54(3)(d)1., F.S., published in Vol. 34, No. 43, October 24, 2008 issue of the Florida Administrative Weekly.

40C-2.042 General Permit by Rule.

(1) The Board hereby grants a general permit to each person located within the District to use, withdraw or divert water from any source to irrigate agricultural crops, nursery plants, cemeteries, golf courses, and recreational areas such as playgrounds, football, baseball, and soccer fields, provided the irrigation does not occur between the hours of 10:00 a.m. and 4:00 p.m. daily, and provided the amount of water used is limited to only that necessary for efficient utilization. Such water use shall be subject to the following exceptions:

(a) Irrigation using a micro-spray, micro-jet, or drip or bubbler irrigation system is allowed anytime.

(b) The use of water for irrigation from a reclaimed water system is allowed anytime.

For the purpose of this paragraph, a reclaimed water system includes systems in which the primary
source is reclaimed water, which may or may not be supplemented by water from another source during peak demand periods.

(c) The use of recycled water from wet detention treatment ponds for irrigation is allowed anytime provided the ponds are not augmented from any ground or off-site surface water, or public supply sources.

(b) through (k) renumbered (d) through (m) No change.

(2)(a) The Board hereby grants a general permit to each person located within the District to use, withdraw or divert water from any source for landscape irrigation, provided landscape irrigation occurs in accordance with the provisions of subsection 40C-2.042(2), F.A.C., and provided the amount of water used is limited to only that necessary for efficient utilization. For the purpose of this rule, “landscape irrigation” means the outside watering of plants in a landscape such as shrubbery, trees, lawns, grass, ground covers, plants, vines, gardens and other such flora that are situated in such diverse locations as residential areas, public, commercial, and industrial establishments, and public medians and rights-of-way, but it does not include agricultural crops, nursery plants, cemeteries, golf course greens, tees, fairways, primary roughs, and vegetation associated with recreational areas such as playgrounds, football, baseball and soccer fields.

For the purpose of this rule, the terms “residential landscape irrigation” and “non-residential landscape irrigation” are defined in this paragraph (a) as follows. “Residential landscape irrigation” means the irrigation of landscape associated with any housing unit having sanitary and kitchen facilities designed to accommodate one or more residents, including multiple housing units and mobile homes. “Non-residential landscape irrigation” means the irrigation of landscape not included within the definition of “residential landscape irrigation,” such as that associated with public, commercial and industrial property, including commercial or transient housing units, hotel and motel units, and public medians and rights-of-way. For the purpose of this rule, “address” means the “house number” of a physical location of a specific property. This excludes post office box numbers. If a lot number in a mobile home park or similar community is used by the U.S. Postal Services to determine a delivery location, the lot number shall be the property’s address. An “even numbered address” means an address ending in the numbers 0, 2, 4, 6, 8 or letters A-M. An “odd numbered address” means an address ending in the numbers 1, 3, 5, 7, 9 or the letters N-Z.

1. When Daylight Savings Time is in effect, from the second Sunday in March through the first Sunday in November, landscape irrigation will occur in accordance with the following irrigation schedule:
   a. through d. No change.

2. When Eastern Standard Time is in effect, from the first Sunday in November to the second Sunday in March, landscape irrigation shall occur only in accordance with the following irrigation schedule:
   a. through d. No change.

3. a. Irrigation using a micro-spray, micro-jet, or drip or bubbler irrigation system is allowed anytime at any time of day on any day.
   b. through f. No change.

4. Although the use of reclaimed water for landscape irrigation is subject to the irrigation schedules set forth in subparagraphs 40C-2.042(2)(a)1. and 2., F.A.C., in those limited conditions described in this subparagraph 1., a person is authorized to irrigate landscape with reclaimed water on more than the 2 days specified in the schedule for Daylight Savings Time and on more than the 1 day specified in the schedule for Eastern Standard Time. This additional authorization is provided under certain conditions because some reclaimed water providers cannot feasibly operate their wastewater disposal systems currently unless they provide reclaimed water to their customers for use on a more continuous basis than what would occur under the day limitations in these irrigation schedules. Those persons who receive written notification from their reclaimed water provider that this condition exists are authorized to irrigate landscape with reclaimed water on those additional days specified in the notification. The additional authorization shall cease upon written notification that this condition no longer exists. During the period in which additional days of irrigation are authorized, the irrigation prohibition between 10:00 a.m. and 4:00 p.m., the irrigation volume limitation, and the 1 hour per zone limitation in the irrigation schedules shall continue to apply.

5. A person who irrigates landscape with an automatic lawn sprinkler system installed after May 1, 1991, shall install, maintain and operate a rain sensor device or switch that overrides the irrigation system when adequate rainfall has occurred.

6. The use of water from a reclaimed water system is allowed anytime. For the purpose of this subparagraph, a reclaimed water system includes systems in which the primary source is reclaimed water, which may or may not be supplemented from another source during peak demand periods.
7. The use of recycled water from wet detention treatment ponds for irrigation is allowed anytime provided the ponds are not augmented from any ground or off-site surface water, or public supply sources.

(b) No change.

(c) A person proposing to use water for landscape irrigation where factors establish the need for irrigation to occur in a manner other than that authorized in subsection 40C-2.042(2), F.A.C., may submit an application for a Standard General Consumptive Use Permit pursuant to Chapter 40C-20, F.A.C., using form 40C-2-1082-2, pursuant to Chapter 40C-20, F.A.C. Standard General Consumptive Use Permit for Landscape Irrigation, form number 40C-2-1082-2, effective 3-8-09, is hereby incorporated by reference. This permit application is limited to including no more than 25 nearby properties within a common plan of development. If a development consists of more than one phase or section, the 25 properties must be located within a single phase or section. A person seeking authorization to irrigate more than 1 additional day than that authorized by subsection 40C-2.042(2), F.A.C., must apply for a Standard General Consumptive Use Permit pursuant to Chapter 40C-20, F.A.C., using form 40C-2-1082-1.

(3) through (7) No change.

(8) The Board hereby grants a general permit to each person located within the District to withdraw groundwater from a well solely to irrigate a total of one acre or less of landscape on contiguous property, provided the withdrawal does not meet or exceed any thresholds of paragraph 40C-2.041(1)(a)-(c), F.A.C. This permit is subject to all the provisions in paragraph 40C-2.042(2)(a), F.A.C. When reclaimed water is available, the use of a private irrigation well for landscape irrigation is not authorized under this subsection. Reclaimed water is deemed available when reclaimed water is provided by a utility through a point of service connection at the property boundary or on the property. RULE NO.: RULE TITLE
59G-8.500 Cause of Disenrollment from Health Plans

NOTICE OF CHANGE

Notice is hereby given that the following changes have been made to the proposed rule in accordance with subparagraph 120.54(3)(d)1., F.S., published in Vol. 34, No. 41, October 10, 2008 issue of the Florida Administrative Weekly.

These changes are in response to comments received from the Joint Administrative Procedures Committee and during the public hearing process.

We changed the title of the rule to read, “Good Cause for Disenrollment from Health Plans.”

59G-8.500(1). We added the following definition for “no change period” to the rule, “The no change period is defined as the period of time during which a recipient cannot change plans without a good cause reason in accordance with 42 CFR 438.56(c).”

59G-8.500(2). We deleted “for” from the title so it reads, “Good Cause Reasons.”

59G-8.500(2)(a). We revised the paragraph to read, “The recipient moves out of the county, or the recipient’s address is incorrect and the recipient does not live in a county, where the health plan is authorized to provide services.”

59G-8.500(2)(b). We combined former rule paragraph (b), “The health care provider is no longer with the health plan,” with former rule paragraph (f), now paragraph (e). The revised paragraph (e) now reads, “The recipient has an active relationship with a health care provider who is not on the health plan’s network, but is in the network of another health plan; or the health care provider with whom the recipient has an active relationship is no longer with the health plan.”

Former paragraph 59G-8.500(2)(c) was renumbered (b).

Former paragraph 59G-8.500(2)(d) now (c). We revised the paragraph to read, “A marketing violation occurred with the individual recipient that is substantiated by the Agency for Health Care Administration, Bureau of Managed Health Care. The recipient must submit the allegation in writing to the Bureau of Managed Care, 2727 Mahan Drive, M.S. 26, Tallahassee, FL, 32308.”

Former paragraph 59G-8.500(2)(e) was renumbered (d). Former paragraph 59G-8.500(2)(f) was renumbered (e). Former paragraph 59G-8.500(2)(g) was renumbered (f). Former paragraph 59G-8.500(2)(h) was renumbered (g). Former paragraph 59G-8.500(2)(i) was renumbered (h). Former paragraph 59G-8.500(2)(j) was renumbered (i).

Former paragraph 59G-8.500(2)(k) now (j). For clarification, we deleted the reference to 42 CFR 438.56(d)(2) and itemized each of the allowable good cause reasons in the rule. The paragraph now reads, “Poor quality of care;”

59G-8.500(2)(k) was revised to read, “Lack of access to services covered under the contract, including lack of access to medically-necessary specialty services;”

59G-8.500(2)(l) was revised to read, “The health plan makes inordinate or inappropriate changes of the recipient’s primary care provider (PCP);”

59G-8.500(2)(m) was revised to read, “An unreasonable delay or denial of service;”

We added paragraph 59G-8.500(2)(n), which reads, “Service access impairments due to significant changes in the geographic location of services;”

We added paragraph 59G-8.500(2)(o), which reads, “There is a lack of access to health plan providers experienced in dealing with the recipient’s health care needs; and”

We added 59G-8.500(2)(p), which reads, “Fraudulent enrollment.”

Former paragraph 59G-8.500(2)(l) was renumbered (q). Former paragraph 59G-8.500(2)(m) was renumbered (r). 59G-8.500(3)(a)(b). We deleted these paragraphs, because the purpose of the rule is state good cause reasons.

Former paragraph 59G-8.500(4) now (3). We rewrote this paragraph to read, “The Agency’s vendors shall mail a Disenrollment Denial Letter, AHCA/HSD Form #1, Eng., January 2009; Spanish version, AHCA/HSD Form #1Sp., January 2009; or Creole version, AHCA/HSD, Form #1C., January 2009, incorporated by reference, to recipients whose requests to disenroll from plans during the no change period are denied.”

62-620.100 Scope/Applicability/References.

(1) through (2)(n) No change.

(o) Conditional exclusion for “no exposure” of industrial activities and materials to stormwater. Discharges composed entirely of stormwater are not stormwater discharges associated with industrial activity if there is “no exposure” of industrial materials and activities to precipitation and/or runoff, and the discharger satisfies the conditions in subparagraphs (o)1. through (o)3. of this section. “No exposure” means that all industrial materials and activities are protected by a storm resistant shelter to prevent exposure to precipitation and/or runoff. Industrial materials or activities include, but are not limited to, material handling equipment or activities, industrial machinery, raw materials, intermediate products, by-products, final products, or waste products. Material handling activities include the storage, loading and unloading, transportation, or conveyance of any raw material, intermediate product, final product or waste product.

1. Qualification. To qualify for this exclusion, the operator of the discharge must:

   a. Provide a storm resistant shelter to protect industrial materials and activities from exposure to precipitation and runoff;

   b. Submit to the Department a completed and signed Form 62-620.910(17), entitled “No Exposure Certification for Exclusion from NPDES Stormwater Permitting,” effective [date], incorporated by reference and made part of this chapter, certifying that there are no discharges of stormwater contaminated by exposure to industrial materials and activities from the entire facility, except as provided in subparagraph (o)2. of this section. This form may be obtained by writing the Department of Environmental Protection, NPDES Stormwater Notices Center, Mail Station #2510, 2600 Blair Stone Road, Tallahassee, Florida 32399-2400, or from the Department’s website. The completed and signed Form 62-620.910(17), and certification fee as required by subparagraph 62-4.050(4)(d)3., F.A.C., must be submitted either by mail to: Department of Environmental Protection, NPDES Stormwater Notices Center, Mail Station #2510, 2600 Blair Stone Road, Tallahassee, Florida 32399-2400; or electronically using the Department’s Interactive Notice of Intent (iNOI) at http://www.dep.state.fl.us/water/stormwater/npdes/;

   c. Renew the certification every 5 years on or before the expiration of each 5 year interval by filing a new completed and signed Form 62-620.910(17) effective [date], and certification fee as required by subparagraph 62-4.050(4)(d)3., F.A.C., either by mail or electronically using the Department’s Interactive Notice of Intent (iNOI) at http://www.dep.state.fl.us/water/stormwater/npdes/;

   d. Allow the Department or its agents to inspect the facility to determine compliance with the “no exposure” conditions; and

   e. For facilities that discharge through a Municipal Separate Storm Sewer System (MS4), submit a copy of the certification of “no exposure” to the MS4 operator, as well as allow inspection and public reporting by the MS4 operator.

2. Industrial materials and activities not requiring storm resistant shelter. To qualify for this exclusion, storm resistant shelter is not required for:

   a. Drums, barrels, tanks, and similar containers that are tightly sealed, provided those containers are not deteriorated and do not leak (“Sealed” means banded or otherwise secured and without operational taps or valves);

   b. Adequately maintained vehicles used in material handling; and

   c. Final products, other than products that would be mobilized in stormwater discharge (e.g., rock salt).

3. Limitations. This conditional exclusion from stormwater permitting under this chapter and/or Chapter 62-621, F.A.C., is not available:

   a. For stormwater discharges from construction activities;

   b. For individual outfalls. The exclusion is available on a facility-wide basis only;

   c. If circumstances change and industrial materials or activities become exposed to precipitation and/or runoff, the conditions for this exclusion no longer apply. In such cases, the discharge becomes subject to enforcement for un-permitted
discharge. Any conditionally excluded discharger who anticipates changes in circumstances should apply for and obtain permit authorization prior to the change of circumstances; and

d. Notwithstanding the provisions of this paragraph, the Department retains the authority to require permit authorization (and deny this exclusion) upon making a determination that the discharge causes or contributes to the violation of an applicable water quality standard, including designated uses.

STATE BOARD OF ADMINISTRATION
NOTICE IS HEREBY GIVEN THAT on December 12, 2008, the State Board of Administration of Florida has issued an order.
A Petition for Emergency Waiver or Variance was filed on November 12, 2008, by Tower Hill Insurance Group, LLC on behalf of five of its managed companies. The Notice of Petition for Emergency Waiver or Variance was published in Vol. 34, No. 41 on October 10, 2008. Florida Administrative Weekly. Petitioner sought an emergency waiver or variance from the premium formula and rates incorporated into Rule 19-8.028, F.A.C. The Denial of the Petition makes a finding that Petitioner failed to establish that the purpose of the underlying statute, Section 215.555, Florida Statutes, would be met by granting a variance or waiver from Rule 19-8.028, F.A.C. The State Board of Administration further found that Petitioner failed to establish that applying the aforementioned Rule would violate principles of fairness or would impose substantial hardship.

A copy of the order may be obtained by contacting: Tina Joanos, Agency Clerk, State Board of Administration, P.O. Box 13300, Tallahassee, FL 32317-3300.

WATER MANAGEMENT DISTRICTS

NOTICE IS HEREBY GIVEN THAT on November 12, 2008, the St. Johns River Water Management District’s Governing Board has issued an order to grant a variance under Section 120.542, F.S. (SJRWMD FOR #2008-90), to Brevard County, Florida (Petitioner). The Petition for Variance was received by SJRWMD on September 3, 2008. Notice of receipt of the petition requesting the variance was published in the Florida Administrative Weekly, Vol. 34, No. 41 on October 10, 2008. No public comment was received. This order provides a temporary variance from subparagraph 40C-41.063(1)(c)1., Florida Administrative Code and Section 11.1.3 of the Applicant’s Handbook: Management and Storage of Surface Waters (February 1, 2005). These rules provide in pertinent part that a surface water management system may not result in an increase in the amount of water being diverted from the Upper St. Johns River Hydrologic Basin to intercoastal receiving waters. Generally, the Order sets forth the basis of the Governing Board’s decision to grant the variance as follows: 1) requiring Petitioner to comply with these rules onsite would create a technological hardship, and 2) Petitioner’s financial contribution to the C-1 Rediversion Project or an Alternative Rediversion Project will accomplish the purpose of Chapter 373, Florida Statutes, to prevent harm to the water resources, by facilitating the project’s implementation. The C-1 Rediversion Project is a restoration project designed to allow water that would be diverted from the St. Johns River to coastal receiving waters by the Melbourne-Tillman Water Control District canal system to drain once again to the St. Johns River.

A copy of the Order may be obtained by contacting: Timothy A. Smith, Senior Assistant General Counsel, Office of General Counsel, St. Johns River Water Management District, 4049 Reid Street, Palatka, Florida 32177-2529, or by telephone at (386)312-2347.

NOTICE IS HEREBY GIVEN THAT on December 2, 2008, the South Florida Water Management District (SFWMD) Governing Board has issued an order.

Order No. 2008-532-DAO-ROW grants a waiver under Section 120.542, F.S., to William and Saundra Schmitt. The petition for waiver was received by the SFWMD on October 1, 2008. Notice of receipt of the petition requesting the waiver was published in the Florida Administrative Weekly, Vol. 34, No. 42, on October 17, 2008. No public comment was received. This Order provides a waiver of the District’s criteria to allow eight existing palm trees to remain within the north right of way of the C-51 Canal at the rear of 184 Arlington Road; Section 15, Township 44 South, Range 43 East, Palm Beach County. Specifically, the Order grants a waiver from subsections 40E-6.091(4) and (6), Florida Administrative Code, and the Basis of Review for Use or Occupancy of the Works or Lands of the District Permit Applications within the South Florida Water Management District, incorporated by reference in subsection 40E-6.091(1), Florida Administrative Code, which govern the placement of permanent and/or semi-permanent above-ground encroachments within 40 feet of the top of the canal bank within Works or Lands of the District. Generally, the Order sets forth the basis of the Governing Board decision to grant the waiver, as follows: 1) the facilities will not significantly interfere with the District’s current ability to perform necessary construction, alteration, operation and routine maintenance activities; and 2) the Order granting a waiver from the subject rule would prevent William and Saundra Schmitt from suffering a substantial hardship.

A copy of the Order may be obtained by contacting: Kathie Ruff, South Florida Water Management District, 3301 Gun Club Road, MSC 1410, West Palm Beach, FL 33406-4680, (561)682-6320, or by e-mail kruff@sfwmd.gov.

Petitioner Tavistock Restaurants II, LLC requests a waiver of subsection 61A-2.014(6), Florida Administrative Code, which requires all directors or officers of a corporation with an interest in an alcoholic beverage license to file a set of fingerprints at the time of making application for a beverage license or at the time an interest is created after a license has
been issued. Petitioner does not qualify as any of the three exceptions also created by Florida Administrative Code Rule 61A-2.014, F.A.C., but requests the waiver of application of the rule to the directors and officers of both the guarantor of Petitioner’s lease for Petitioner’s initial Florida venue, Lake Nona Property Holdings, LLC, and to the guarantor’s managing member, Tavistock Corporation. A copy of the Petition for Variance or Waiver may be obtained by contacting: Agency Clerk, Department of Business and Professional Regulation, 1940 N. Monroe Street, Tallahassee, Florida 32304-9201, (850)488-8217. Any written comments regarding the petition must be submitted to the Department at the above address no later than fourteen days from the date of publication of this notice.

NOTICE IS HEREBY GIVEN THAT on December 11, 2008, the Bureau of Beaches and Coastal Systems has issued an order. This gives notice of a denial for variance under Section 403.201, F.S., from the provisions of paragraph 62-4.244(5)(c), F.A.C., to the Sarasota County Board of County Commissioners, 2817 Cattlemen Road, Sarasota, FL 34232, (File No. 0241136-002-EV) to allow an expanded turbidity mixing zone of 1,500 meters down current and 350 meters offshore for the Siesta Key beach placement site and the Sediment Containment Area, in Class III Waters of the Gulf of Mexico. The Department’s file on this matter is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the Department of Environmental Protection, Bureau of Beaches and Coastal Systems, 5050 West Tennessee Street, Building B, Tallahassee, Florida 32304-9201, (850)488-7708. A person whose substantial interests are affected by the Department’s action may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57, Florida Statutes. The petition must contain the information set forth below and must be filed (received by the clerk): Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000. Mediation under Section 120.573, F.S., is not available. Because the administrative hearing process is designed to redetermine final agency action on the application, the filing of a petition for an administrative hearing may result in a modification of the agency action or issuance. If a sufficient petition for an administrative hearing or request for an
extension of time to file a petition is timely filed, this agency action automatically becomes only proposed agency action on the application, subject to the result of the administrative review process. Accordingly, the applicant is advised not to commence construction or other activities in accordance with this variance until the deadlines noted below for filing a petition for an administrative hearing, or request for an extension of time has expired. Under subsections 28-106.111(3) and 62-110.106(4), F.A.C., a person whose substantial interests are affected by the Department's action may also request an extension of time to file a petition for an administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000, before the applicable deadline. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon. If a request is filed late, the Department may still grant it upon a motion by the requesting party showing that the failure to file a request for an extension of time before the deadline was the result of excusable neglect.

In the event that a timely and sufficient petition for an administrative hearing is filed, other persons whose substantial interests will be affected by the outcome of the administrative process have the right to petition to intervene in the proceeding. Any intervention will be only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C. In accordance with subsection 28-106.111(2) and paragraph 62-110.106(3)(a), (4), F.A.C., petitions for an administrative hearing by the applicant must be filed within 14 days of receipt of this written notice. Petitions filed by any persons other than the applicant, and other than those entitled to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the notice or within 14 days of receipt of the written notice, whichever occurs first. Under Section 120.60(3), F.S., however, any person who has asked the Department for notice of agency action may file a petition within 14 days of receipt of such notice, regardless of the date of publication. The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition for an administrative hearing within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S. A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests are or will be affected by the agency determination; (c) A statement of when and how the petitioner received notice of the agency decision; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts that the petitioner contends warrant reversal or modification of the agency's proposed action; and (f) A statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency's proposed action; (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency's proposed action. A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C. Under Sections 120.569(2)(c) and (d), F.S., a petition for administrative hearing must be dismissed by the agency if the petition does not substantially comply with the above requirements or is untimely filed. This action is final and effective on the date filed with the Clerk of the Department unless a petition is filed in accordance with the above. Upon the timely filing of a petition this order will not be effective until further order of the Department. This intent to deny variance constitutes an order of the Department. The applicant has the right to seek judicial review of the order under Section 120.68, Florida Statutes, by the filing of a notice of appeal under Rule 9.110, Florida Rules of Appellate Procedure, with: Clerk of the Department, Office of General Counsel, 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000; and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice of appeal must be filed within 30 days from the date when the final order is filed with the Clerk of the Department.

A copy of the Order may be obtained by contacting: Lainie Edwards by email at Lainie.Edwards@dep.state.fl.us or by phone at (850)414-7796 or also by mail at 3900 Commonwealth Blvd., Mail Station 300, Tallahassee, Florida 32399.

THE FULL TEXT OF THE PROPOSED RULE IS:
69O-163.0075 Term and Evidence of Insurance.
The term of insurance and evidence of insurance shall not exceed ten years subject to the following limitations:

(4) Credit life insurance shall not exceed ten years from the date of issue and provide coverage for at least 5 years or the term of the loan if the loan is for less than 5 years;

(2) Credit disability insurance shall provide for monthly payments which are the lesser of 60 monthly payments or the number of monthly payments for the full term of the loan.

Specific Authority 624.308(1), 627.678 FS. Law Implemented 624.307(1), 627.681, 627.678(3), 627.681(3) FS. History–New 2-11-03, Formerly 4-163.0075.

69O-163.009 Determination of Reasonableness of Benefits in Relation to Premium Charge.

(1) Section 627.682, Florida Statutes, requires that benefits provided by credit insurance policies must be reasonable in relation to the premium charged. This requirement is satisfied if the premium rate charged develops or may be reasonably expected to develop a loss ratio of claims incurred to premiums earned of not less than:

(a) 55% for credit life insurance, and
(b) 50% for credit disability insurance.

(2) Use of rates not greater than those contained in Rules 69O-163.010 and 69O-163.011, F.A.C., (“prima facie rates”) shall be deemed premium rates reasonably expected to develop the required loss ratio. An insurer may only file and use rates with such forms which are greater than prima facie rates upon a satisfactory filing with the Office showing to the satisfaction of the Office Director that the use of such rates will not result on a statewide basis for that insurer of a ratio of claims incurred to premiums earned of less than the required loss ratio.

(3) If an actual rate is greater than the prima facie rates, the actual rate may not exceed the prima facie rates plus the difference between:

(a) Claims which may be reasonably expected, and
(b) The product of the required loss ratio and the prima facie rate set forth for the coverage being provided.

(4) When some rates are based on subsection (1) above and others on the prima facie rate, the expected loss ratios of statewide business must meet the minimum loss ratio standard in subsection (1) above.

(5) Nonstandard Coverage. If any insurer files for approval of any form providing coverage more restrictive than that described in Rules 69O-163.010 and 69O-163.011, F.A.C., the insurer shall make a filing to demonstrate to the satisfaction of the Office Director that the premium rates to be charged for such restricted coverage comply with subsection (1) above or, are less than or equal to rates which are actuarially equivalent to the prima facie rates.

Specific Authority 624.308(1), 627.678 FS. Law Implemented 624.307(1), 627.678, 627.682 FS. History–New 5-9-82, Formerly 4-7.09, Amended 6-11-91, Formerly 4-7.009, Amended 3-15-94, 2-11-03, Formerly 4-163.009.

69O-163.011 Credit Disability Insurance Rates.

(1) Credit disability insurance premium rates for the insured portion of an indebtedness repayable in equal monthly installments, where the insured portion of the indebtedness decreases uniformly by the amount of the monthly installment paid, shall not be greater than in paragraphs (a) and (b). Paragraphs (c), (d) and (e) refer to premium rates for other types of coverages either alone or in combination with the type of coverages applicable to paragraphs (a) and (b).

(a) If premiums are payable on a single-premium basis for the duration of the coverage:
(b) If premiums are paid on the basis of a premium rate per month per thousand of outstanding insured indebtedness, these premiums shall be computed according to the formula:

\[ OP_n = \frac{20 \times SP_n}{n + 1} \]

using a rate no less than the 24 month rate in Table I above. A company may submit a different formula for approval which produces rates actuarially equivalent to the single premium rates in Table I:

Where

\[ SP_n = \text{Single Premium Rate per$100 of initial insured indebtedness repayable in equal monthly installments (Table I). The Single Premium Rate shall not be less than the 19-24 month rate for the appropriate coverage.} \]

\[ OP_n = \text{Monthly Outstanding Balance Premium Rate per$1,000.} \]

\[ n = \text{Original repayment period, in months.} \]

(c) Coverage which provides a constant maximum indemnity for a given period of time shall use rates no greater than those rates which are actuarially equivalent to the rates in paragraph (a) or (b).

(d) If the coverages provided are other than those described in this subsection (1), rates for such coverages shall be actuarially equivalent to the rates provided in paragraph (a), (b) or (c).

(e) Joint coverage rates shall be no greater than 175% of the specific rate for that type of coverage.

(f) The monthly outstanding balance rate for credit disability insurance may be either a term specified rate or may be a single composite term rate applicable to all insured loans.

(2) The premium rates in subsection (1) shall apply to policies providing credit disability insurance to be issued with or without evidence of insurability, to be offered to all eligible debtors, and containing:

(a)1. No provision excluding or denying a claim for disability resulting from pre-existing conditions, except for those conditions for which the insured debtor received medical advice, diagnosis, or treatment within six months preceding the effective date of the debtor’s coverage, and which caused loss within the 6 months following the effective date of coverage.

2. Disability commencing after 6 months following the effective date of coverage resulting from the condition shall be covered.

3. Coverage with no pre-existing provision limitation shall result in an additional premium of 10% of the amounts shown in subsection (1), above.

(b) No other provision which excludes or restricts liability in the event of disability caused in a specific manner, except that it may contain provisions excluding or restricting coverage for intentionally self-inflicted injuries and normal pregnancy.

(c) No provision which requires that the debtor be employed more than thirty (30) hours per week in order to be eligible for insurance coverage.

(d) No age restrictions, or only age restrictions making ineligible for coverage debtors 66 or over at the time the indebtedness is incurred.

(e) However, coverage shall be provided, at a minimum, until the earlier of the maturity date of the loan or the loan anniversary at age 66. Where loans are in the form of revolving credit arrangements, an insurer may terminate coverage when the debtor attains the age 66.

(f) A daily benefit equal in amount to one-thirtieth of the monthly benefit payable under the policy for the indebtedness.

(g) A definition of “disability” which provides that during the first 12 months of disability the insured shall be unable to perform the duties of his occupation at the time the disability occurred, and thereafter the duties of any occupation for which the insured is reasonably fitted by education, training or experience.

In re: MONROE COUNTY LAND
DEVELOPMENT REGULATIONS
ADOPTED BY MONROE COUNTY
ORDINANCE NO. 020-2008

FINAL ORDER

The Department of Community Affairs (the “Department”) hereby issues its Final Order, pursuant to Section 380.05(6), Florida Statutes, and Section 380.0552(9), Florida Statutes (2007), rejecting a land development regulation adopted by a local government within the Florida Keys Area of Critical State Concern as set forth below.

FINDINGS OF FACT

1. The Florida Keys Area is a statutorily designated area of critical state concern, and Monroe County is a local government within the Florida Keys Area.
2. On October 17, 2008, the Department received for review Monroe County (County) Ordinance No. 020-2008 (“Ord. 020-2008”), adopted by the County on September 17, 2008.
3. The purpose of the Ordinance is to amend Section 9.5-258 of the Monroe County Code to allow the provision of wastewater service and support utilities to developed properties located within the Coastal Barrier Resources System (CBRS) Overlay.
4. The Coastal Barrier Resources Act (CBRA) of 1982 established the CBRS to restrict the federally subsidized development of coastal barrier areas. See 16 U.S.C. 3504(a)(1).
5. On December 18, 2001, the Monroe County Board of County Commissioners adopted Ordinance No. 043-2001, creating Section 9.5-258 of the Monroe County Code which established the CBRS Overlay District, the purpose of which is to implement the policies of the comprehensive plan by prohibiting the extension and expansion of specific types of public utilities to or through lands designated as a unit of the CBRS.
6. On June 18, 2008, the Monroe County Board of County Commissioners directed the Growth Management Staff to amend the comprehensive plan and land development regulations to reword the prohibition on utilities such that the focus and priority be placed on wastewater first and any discussion of electric or any other utility, other than those required to efficiently support a central wastewater collection system, be deferred until the wastewater goal is accomplished.
7. Section 163.3202, Florida Statutes, however, requires that land development regulations contain specific and detailed provisions necessary to implement the adopted comprehensive plan which discourages the extension of facilities and utility services to CBRS units and prohibits
public expenditures for new or expanded facilities in areas designated as units of the CBRS except for expenditures necessary for public health and safety. While the Comprehensive Plan does not prohibit the extension of facilities and services into CBRS units, Ordinance 020-2008 conflicts with the County’s policies discouraging both private and public investments in CBRS units.

8. A Comprehensive Plan amendment is necessary to resolve this conflict and clarify that the extension of facilities and services to specific areas in CBRS units, including No Name Key, designated as Hot Spots for central sewer may be necessary for water quality improvement as well as for financial feasibility and economies of scale in construction of regional wastewater plants.

9. The provision of central wastewater treatment and collection facilities through or to CBRS areas to developed properties may be one option to satisfy the treatment standard requirements of Section 6 of Chapter 99-395 Laws of Florida. However, sufficient data and analysis has not been provided to address the capital cost allocation issues associated with the provision of central wastewater treatment and collection systems, and where needed, the cost for the provision of electrical service to the CBRS units.

10. Monroe County Staff has indicated that the County will be moving forward with a Comprehensive Plan amendment to address any conflicts with the Comprehensive Plan in the County’s first amendment cycle in 2009. Although the Department is encouraged by the County’s efforts to provide central sewer to No Name Key, since the current wastewater construction schedule does not anticipate completion of the new facility for several years, the County has an opportunity to provide an analysis of the magnitude of the additional public facility costs.

11. If the intent of the County is to provide wastewater only to No Name Key within the CBRS unit, the Department would recommend the County first adopt any necessary comprehensive plan amendments and subsequently revise Ordinance 020-2008 to target its application to No Name Key.

CONCLUSIONS OF LAW

12. The Department is required to approve or reject land development regulations that are enacted, amended, or rescinded by any local government in the Florida Keys Area of Critical State Concern. Section 380.05(6), Florida Statutes, and Section 380.0552(9), Florida Statutes (2007).

13. Monroe County is a local government within the Florida Keys Area of Critical State Concern. Section 380.0552, Florida Statutes (2007) and Rule 28-29.002 (superseding Chapter 27F-8), Florida Administrative Code.

14. “Land development regulations” include local zoning, subdivision, building, and other regulations controlling the development of land. Section 380.031(8), Florida Statutes (2007). The regulations adopted by Ord. 020-2008 are land development regulations.

15. All land development regulations enacted, amended, or rescinded within an area of critical state concern must be consistent with the Principles for Guiding Development (the “Principles”) as set forth in Section 380.0552(7), Florida Statutes See Rathkamp v. Department of Community Affairs, 21 F.A.L.R. 1902 (Dec. 4, 1998), aff’d, 740 So. 2d 1209 (Fla. 3d DCA 1999). The Principles are construed as a whole and no specific provision is construed or applied in isolation from the other provisions.

16. Ord. 020-2008 fails to promote and further the following Principles:

(a) To strengthen local government capabilities for managing land use and development so that local government is able to achieve these objectives without the continuation of the area of critical state concern designation.

(b) To protect shoreline and marine resources, including mangroves, coral reef formations, seagrass beds, wetlands, fish and wildlife, and their habitat.

(h) To protect the value, efficiency, cost-effectiveness, and amortized life of existing and proposed major public investments, including:

1. The Florida Keys Aqueduct and water supply facilities;
2. Sewage collection and disposal facilities;
3. Solid waste collection and disposal facilities;
4. Key West Naval Air Station and other military facilities;
5. Transportation facilities;
6. Federal parks, wildlife refuges, and marine sanctuaries;
7. State parks, recreation facilities, aquatic preserves, and other publicly owned properties;
8. City electric service and the Florida Keys Electric Co-op; and
9. Other utilities, as appropriate.

17. Ord. 020-2008 is inconsistent with the Principles for Guiding Development as a whole.

WHEREFORE, IT IS ORDERED that Ord. 020-2008 is found to be inconsistent with the Principles for Guiding Development of the Florida Keys Area of Critical State Concern, and is hereby REJECTED.
This Order becomes effective 21 days after publication in the Florida Administrative Weekly unless a petition is filed as described below.

DONE AND ORDERED in Tallahassee, Florida.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Notices for the Department of Environmental Protection between December 28, 2001 and June 30, 2006, go to http://www.dep.state.fl.us/ under the link or button titled “Official Notices.”
The Department will grant the variance with the attached conditions unless a timely petition for an administrative hearing is filed under Sections 120.569 and 120.57, Florida Statutes, within 14 days of receipt of notice. The procedures for petitioning a hearing are set forth below.

A person whose substantial interests are affected by the Department’s proposed variance decision may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57, Florida Statutes. The petition must contain the information set forth below and must be filed (received by the clerk) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000.

Under subsection 62-110.106(4), Florida Administrative Code, a person may request an extension of the time for filing a petition for an administrative hearing. The request must be filed (received by the Clerk) in the Office of General Counsel before the end of the time period for filing a petition for an administrative hearing.

Petitions filed by any persons other than those entitled to written notice under Section 120.60(3), Florida Statutes, must be filed within 14 days of publication of the notice or within 14 days of receipt of the written notice, whichever occurs first. Section 120.60(3), Florida Statutes, however, also allows that any person who has asked the Department for notice of agency action may file a petition within fourteen days of receipt of such notice, regardless of the date of publication.

The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition or request for an extension of time within 14 days of receipt of notice shall constitute a waiver of that person’s right to request an administrative determination (hearing) under Sections 120.569 and 120.57, Florida Statutes. Any subsequent intervention (in a proceeding initiated by another party) will be only at the discretion of the presiding officer upon filing of a motion in compliance with Rule 28-106.205, Florida Administrative Code.

A petition that disputes the material facts on which the Department’s action is based must contain the following information, as indicated in Rule 28-106.201, Florida Administrative Code:

(a) The name and address of each agency affected and each agency’s file or identification number, if known;
(b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner’s representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner’s substantial interests are or will be affected by the agency determination;
(c) A statement of when and how the petitioner received notice of the agency decision;
(d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate;
(e) A concise statement of the ultimate facts alleged, including the specific facts that the petitioner contends warrant reversal or modification of the Department’s proposed action;
(f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the Department’s proposed action, including an explanation of how the alleged facts relate to the specific rules or statutes; and
(g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the Department to take with respect to the Department’s proposed action.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department’s final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation under Section 120.573, Florida Statutes, is not available for this proceeding.
