DEPARTMENT OF EDUCATION

NOTICE TO PROFESSIONAL CONSULTANTS:

The University of Florida Board of Trustees announces that Professional Services in the discipline of architecture will be required for the project listed below:

Project: UF-266, Chemical Engineering Addition (Gainesville campus)

The project consists of an 8,000 GSF addition to the south-east side of the existing Chemical Engineering building which will give the building and department more presence on campus. In addition to a new entry, the atrium is intended to create a space for interaction, innovation and collaboration. The addition is also to provide much needed office space, conference room, and student collaboration space.

The estimated construction budget is approximately \$2,650,000, including site improvements, underground utilities, and connecting to existing building. The project will be delivered using the Construction Manager At-Risk method. Gold LEED (Leadership in Energy and Environmental Design) certification by the U.S. Green Building Council is mandatory. The selected firm will provide design, construction documents and construction administration services for the referenced project. Plans and specifications for University of Florida projects are subject to reuse in accordance with the provisions of Section 287.055, Florida Statutes.

Blanket design professional liability insurance will be required from the architect, mechanical, electrical, plumbing, fire protection and structural engineering subconsultants for this project and will be provided as a part of Basic Services.

Applicants will be evaluated on the basis of their past performance, experience, personnel, design ability, references, workload, and responses to questions posed both in the shortlist and interview phases. The Selection Committee may reject all proposals and stop the selection process at any time.

At the time of application, the applicant and its landscape architectural and engineering consultants must possess current design licenses from the appropriate governing board and be properly registered to practice its profession in the State of Florida. If the applicant is a corporation, must be chartered by the Florida Department of State to operate in Florida.

Applicants desiring to provide professional services for the project shall submit a proposal only after thoroughly reviewing the facilities program, Project Fact Sheet, and other background information. The proposal shall be prepared as specified in the PQS Instructions and shall include:

1. A Letter of Application that concisely illustrates the applicant's understanding of the scope of services, design intent, schedule, and other goals and considerations as outlined in the Project Fact Sheet and facilities program.
2. A completed, project-specific "Professional Qualifications Supplement" (PQS) proposal with signed certification. Applications on any other form will not be considered.
3. Resumes, LEED accreditation, and other pertinent credentials for all proposed staff (applicant and consultants).
4. Proof of the applicant's corporate status in Florida (if applicable) and copies of current licenses for applicant and all engineering and landscape architecture consultants from the appropriate governing board.
5. Proof of the applicant's and all engineering consultants' ability to be insured for the level of professional liability coverage demanded for this project.

As required by Section 287.133, Florida Statutes, an applicant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected professional must warrant that it will neither utilize the services of, nor contract

with, any supplier, subcontractor, or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

Incomplete proposals will be disqualified. Submittal materials will not be returned.

Additional information to assist the applicant in preparing a complete proposal – including the project-specific PQS forms, instructions, Project Fact Sheet, facilities program, UF Design Services Guide, UF Design and Construction Standards, standard University of Florida Owner-Professional agreement, and other project and process information – can be found on the Facilities Planning and Construction website.

Finalists may be provided with supplemental interview requirements and criteria as needed.

Provide the number of copies prescribed in the Project Fact Sheet. Submittals must be received in the Facilities Planning and Construction office by 3:00 p.m. (Local Time), Thursday, July 29, 2010, Facsimile (FAX) submittals are not acceptable and will not be considered.

DEPARTMENT OF COMMUNITY AFFAIRS

NOTICE OF FUNDING AVAILABILITY FLORIDA DIVISION OF EMERGENCY MANAGEMENT CITIZEN CORPS/Community Emergency Response Team Programs

The Division of Emergency Management is providing you with notification of its intent to open the Fiscal Year 2010-2011 application cycle for competitive awards from the State Homeland Security Grant Fund Citizen Corps and Community Emergency Response Teams Programs. The applications will be available July 2, 2010, on-line at: www.floridadisaster.org/CitizenCorps. The submission deadline is August 27, 2010. Funds provided under the Fiscal Year 2010-2011 cycle will be available to award recipients no earlier than October 1, 2010.

The Division encourages all eligible regional or local governments, Fire Tax Districts, other taxing or special districts, school districts, and Native American Tribes or nations within the State of Florida with projects that will enhance community response capabilities to apply for funds during this open period.

Call For Applications

University of Florida's Construction Mentoring Initiative

The University of Florida Small Business Enterprise Construction Contracting Program (SBECCP) Mentoring Initiative Steering Committee announces a call for applications from potential mentors and potential protégés for participation in the University of Florida's Construction Mentoring Initiative. The Steering committee will review submitted applications meeting the criteria for submission in order to make a decision regarding firms that will be selected to participate in this year's (FY 2010-2011) initiative. The committee is expanding the mentoring initiative this time to include the selection of a non-construction related mentor/protégé pairing (e.g. commodities to commodities or commodities to services pairing) and selection of one or more pairs of A/E firms for participation in this initiative. Firms wishing to be considered for participation in the University of Florida's Construction Mentoring Initiative should complete an application and submit it no later than July 30, 2010, to the following:

University of Florida

Small Business and Vendor Diversity Relations

109 Elmore Hall, P. O. Box 115250

Gainesville, FL 32611-5250

This initiative is designed to promote small business development, enhance business knowledge and experience, foster increased business capacity, and provide small businesses access to opportunities at the University of Florida. An event to kickoff this phase of the Mentoring Initiative will take place on July 14, 2010, 4:00 p.m. to 6:00 p.m., at the University of Florida's Eastside Campus, in the Sunshine
