DEPARTMENT OF ENVIRONMENTAL PROTECTION

Notices for the Department of Environmental Protection between December 28, 2001 and June 30, 2006, go to <http://www.dep.state.fl.us/> under the link or button titled "Official Notices."

NOTICE OF INTENT TO GRANT VARIANCE

The Department of Environmental Protection gives notice of its intent to grant a variance under Section 403.201, F.S., from the provisions of Subsection 3.2.5 of the Basis of Review for Environmental Resource Permit Applications within the Southwest Florida Water Management District adopted by reference in paragraph 62-330.200(3)(e), F.A.C., to the Oakwater Cove Condominium Association, Inc., 6005 North Beach Road, Englewood, Florida 34223, File No.: 08-0296351-002, OGC Case No.: 10-0842-08-EP to allow the removal of the existing dock and construction of a new dock (4.7'w x 96'1 access walkway to a 5'w x 44.6'1 terminal platform with three 2'w x 20'1 finger piers extending off the access walkway), in the same location, at Oakwater Cove Condominium, 6005 North Beach Road, Englewood, Florida, on privately-owned submerged lands within Lemon Bay, Class II Outstanding Florida Waters, conditionally approved for shellfish harvesting, Section 2, Township 41 South, Range 19 East, Charlotte County. The Department's file on this matter is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the Department of Environmental Protection, South District Office, 2295 Victoria Avenue, Suite 364, Fort Myers, Florida 33901, (239)332-6975.

A person whose substantial interests are affected by the Department's action may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received by the clerk) in the: Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000.

Mediation under Section 120.573 of the Florida Statutes is not available.

Because the administrative hearing process is designed to redetermine final agency action on the application, the filing of a petition for an administrative hearing may result in a modification of the agency action or even a denial of the application. If a sufficient petition for an administrative hearing or request for an extension of time to file a petition is timely filed, this agency action automatically becomes only proposed agency action on the application, subject to the result of the administrative review process. Accordingly, the applicant is advised not to commence construction or other activities in accordance with this variance until the deadlines noted below for filing a petition for an administrative hearing, or request for an extension of time has expired.

Under subsections 28-106.111(3) and 62-110.106(4), F.A.C., a person whose substantial interests are affected by the Department's action may also request an extension of time to file a petition for an administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with the: Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, before the applicable deadline. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon. If a request is filed late, the Department may still grant it upon a motion by the requesting party showing that the failure to file a request for an extension of time before the deadline was the result of excusable neglect.

In the event that a timely and sufficient petition for an administrative hearing is filed, other persons whose substantial interests will be affected by the outcome of the administrative process have the right to petition to intervene in the proceeding. Any intervention will be only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

In accordance with subsections 28-106.111(2) and 62-110.106(3)(a), (4), F.A.C., petitions for an administrative hearing by the applicant must be filed within 14 days of receipt of this written notice. Petitions filed by any persons other than the applicant, and other than those entitled to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the notice or within 14 days of receipt of the written notice, whichever occurs first.

Under Section 120.60(3), F.S., however, any person who has asked the Department for notice of agency action may file a petition within 14 days of receipt of such notice, regardless of the date of publication.

The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition for an administrative hearing within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests are or will be affected by the agency determination; (c) A statement of when and how the petitioner received notice of the agency decision; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts that the petitioner contends warrant reversal or modification of the agency's proposed action; and (f) A statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency's proposed action, including an explanation of how the alleged facts relate to the specific rules or statutes; (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C. Under Sections 120.569(2)(c) and (d), F.S., a petition for administrative hearing must be dismissed by the agency if the petition does not substantially comply with the above requirements or is untimely filed.

This action is final and effective on the date filed with the Clerk of the Department unless a petition is filed in accordance with the above. Upon the timely filing of a petition this order will not be effective until further order of the Department.

This variance constitutes an order of the Department. The applicant has the right to seek judicial review of the order under Section 120.68, Florida Statutes, by the filing of a notice of appeal under Rule 9.110, Florida Rules of Appellate Procedure, with: The Clerk of the Department in the Office of General Counsel, 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000; and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice of appeal must be filed within 30 days from the date when the final order is filed with the Clerk of the Department.

FLORIDA STATE CLEARINGHOUSE

The state is coordinating reviews of federal activities and federally funded projects as required by Section 403.061(40), F.S. A list of projects, comments deadlines and the address for providing comments are available at http://www.dep.state.fl.us/secretary/oip/state_clearinghouse/. For information, call: (850)245-2161. This public notice fulfills the requirements of 15 CFR 930.

Notice of Availability of Florida Coastal Management Program Funds for State Agencies and Water Management Districts

The Florida Coastal Management Program (FCMP) announces the availability of funds for activities related to implementation of the statutory authorities included in the federally-approved FCMP. A complete list of these statutes can be found at: http://www.dep.state.fl.us/cmp/federal/23_statutes.htm. Funding proposals should contribute to the protection, management and enhancement of Florida's ocean and coastal resources, and also focus on achieving the policy issues identified in the Coastal Zone Management Act, including natural resource protection and management; hazard mitigation; water quality protection; siting of major developments; public access; redevelopment of urban, cultural and historic features; expedited governmental decision-making; effective coordination with federal agencies; effective public and local government participation; comprehensive planning and management of living marine resources; shoreline erosion and land subsidence; and ocean resource management. Within the context of these established

coastal management priorities, the current national focus is on the effects of climate change, energy use and development, and improving the ability of coastal communities to recover from, and adapt to, both short- and long-term changes related to coastal hazards, climate change, resource management, commerce and business, fisheries, public access, and land use.

Priority consideration for funding will be given to proposals that complement other state and federal ocean and coastal resource management programs and meet or reduce unmet needs. State agencies and water management districts may apply for the grants. Applicants should note the following:

- Financial assistance is available in the form of reimbursement grants in amounts ranging from \$20,000 to \$150,000, depending on the availability of federal coastal management funds received from the National Oceanic & Atmospheric Administration (NOAA). Although the FCMP anticipates that grant recipients will not be required to provide non-federal matching funds or services, the application budget should include matching funds in the event FCMP matching funds are not available for FY 11-12.
- Projects must be able to be completed within one year. The funding cycle begins July 1, 2011, and ends June 30, 2012. Selected proposals will be included in the FCMP application to NOAA for FY 2011-12.
- Chapter 62S-5, F.A.C., describes the procedures for submitting applications and the criteria and procedures by which applications will be evaluated. A copy of the rule may be printed from the FCMP website at <http://www.dep.state.fl.us/cmp/grants/files/62S-5.pdf>. No specific application form is required, but proposals must not exceed 10 pages in length (excluding the cover page).
- Applicants must submit one original signed application, four paper copies of the application and one CD-DVD copy of the application.
- Applications must be received no later than 4:00 p.m. (EDT), October 19, 2010. Mail applications to: Susan Goggin, Florida Coastal Management Program, MS 47, 3900 Commonwealth Blvd., Tallahassee, FL 32399-3000.

Questions regarding this notice should be directed to: Susan Goggin at (850)245-2161 or by email: Susan.Goggin@dep.state.fl.us.
