Notice of Bid/Request for Proposal

**NOTICE TO CONSTRUCTION MANAGERS**

The Florida International University Board of Trustees announces that construction management services are required for the project identified below:

**PROJECT NAME & NUMBER:** BT-834 SCP Satellite Chiller Plant

**PROJECT LOCATION:** Modesto A. Maidique Campus (MMC), Miami, Florida

**PROJECT DESCRIPTION:** The new Satellite Chiller Plant (SCP) facility, with an ultimate 7,500 ton cooling capacity, shall supplement the University's existing chilled water generation operations serving the immediate and future needs of the Academic Health Center located on the northeast corner of the campus as well as other facilities.

The SCP will provide space for two (2) 1,500 ton chillers and cooling towers, and shell space for three (3) future 1,500 ton chillers and cooling towers. Emergency power by two (2) emergency generators will provide a minimum chilled water capacity of 3,000 tons during periods of power outage. Compliance with High Wind Velocity Zone (HWVZ) criteria will be required pursuant to Florida Building Code wind load requirements for the building envelope and cooling towers enclosure. This will include consideration of enhancements (code+) to assure continuity of operations as an on-going effort by the University to enhance its DRU (Disaster Resistant University) initiatives.

The full scope of the work is subject to funding. The total building construction cost is estimated to be approximately \$6,000,000 with a total gross square footage of 16,000 GSF (inclusive of cooling towers screened area). Total available funding is in the amount of \$7,110,000 of PECO funds. An additional \$7,000,000 future funding has been requested and is subject to legislative approval. In the event additional funds are appropriated, the project scope may be amended to include the full program as described herein.

**INSTRUCTIONS:** Firms desiring to provide construction management services for the project shall submit a letter of application and a completed Construction Manager Qualifications Supplement (CMQS) form. Proposals must not exceed 80 pages, including the CMQS and letter of application. Pages must be numbered consecutively. Submittals, which do
