RULE NO.: RULE TITLE:
1S-2.030 Absentee Ballots for Overseas Voters

PURPOSE AND EFFECT: This rule deals exclusively with the request, delivery and return of absentee ballots to overseas military and other U.S. citizens who are overseas. The changes focus on updating the rule in four ways. The title of the rule is changed to read as “Absentee Ballots for Overseas Military and Civilian Voters.” Proposed revisions conform to the Military and Overseas Voter Empowerment Act (Public law 111-84) which facilitated voting for military voters and overseas civilian including allowing e-mail to be used to communicate and transmit absentee ballot requests and blank ballots to voters subject to the Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA). The proposed revisions also allow an overseas military or civilian registered voter to return via e-mail voted absentee ballots and remove outdated approval process for pilot programs for secured transmission of ballots. The ballot instructions are also amended to conform to sections 38 and 41 of Chapter 2011-40, Laws of Florida, which became effective May 19, 2011. If adopted, these revisions to this rule will not require legislative ratification in order to become effective. No statement of estimated regulatory cost is triggered; therefore none is prepared.

RULE NO.: 1S-2.040
RULE TITLE: Statewide Uniform Voter Registration Application

PURPOSE AND EFFECT: The primary purpose of the proposed rule revision is to conform to law that impacted the instructions but not the substantive content of the statewide voter registration application. The law also changed the earliest that a person could preregister from a 15 year old with a driver’s license to simply anyone who is 16 years old. Other format and non-substantive changes are made to streamline the form, DS-DE #39, which is incorporated by reference into the rule. A workshop was last held in February 2009. If adopted, legislative ratification is not required for this rule revision to become effective. No statement of estimated regulatory cost is needed or prepared.

If two or more Applications are considered to be submissions for the same Development, the Corporation will reject all such Applications except the Application with the highest (worst) lottery number. The Application(s) with the lowest lottery number(s) will still be rejected even if the Applicant withdraws the Application with the highest (worst) lottery number. Financial Beneficiary, as defined in Rule 67-21.002, F.A.C., does not include third party lenders, third party management agents or companies, housing credit syndicators, Credit Enhancers who are regulated by a state or federal agency and who do not share in the profits of the Development or contractors whose total fees are within the limit described in Rule 67-21.007, F.A.C.

The Applicant and any of the Applicant’s Affiliates will be ineligible for funding or allocation in any program administered by the Corporation for a period of up to two (2) years, which will begin from the date the Board of Directors makes such determination. Such determination shall be either pursuant to a proceeding conducted pursuant to Sections 120.569 and 120.57, F.S., or as a result of a finding by a court of competent jurisdiction.

(13) The Corporation shall reject an Application if, following the submission of the additional documentation, revised pages and other information as the Applicant deems appropriate as described in subsection (6) above:

(a) The Development is inconsistent with the purpose of the MMRB Program or does not conform to the Application requirements specified in this rule chapter;

(14) Notwithstanding any other provision of these rules, there are certain items that must be included in the Application and cannot be revised, corrected or supplemented after the Application Deadline. Failure to submit these items in the Application at the time of the Application Deadline shall result in rejection of the Application without opportunity to submit additional information. Any attempted changes to these items will not be accepted. Those items are as follows:

With regard to paragraphs (a) and (b) above, the Board shall consider the facts and circumstances of each Applicant’s request and any credit underwriting report, if available, prior to determining whether to grant the requested change.

(15) A Development will be withdrawn from funding and any outstanding commitments for funds will be rescinded if at any time the Board of Directors determines that the Applicant’s Development or Development team is no longer the Development or Development team described in the Application, and the changes made are prejudicial to the Development or to the market to be served by the Development.

(16) If an Applicant or Developer or any Principal, Affiliate or Financial Beneficiary of an Applicant or a Developer has any existing Developments participating in any Corporation programs that remain in non-compliance with the Internal Revenue Code, Title 67, F.A.C., or applicable loan documents, and any applicable cure period granted for correcting such non-compliance has ended as of the time of submission of the Application or at the time of issuance of a Credit Underwriting Report, the requested allocation will, upon a determination by the Board of Directors that such non-compliance substantially increases the likelihood that such Applicant or Developer will not be able to produce quality affordable housing, be denied and the Applicant or Developer and the Affiliates of the Applicant or Developer will be prohibited from new participation in any of the Corporation’s programs for the subsequent cycle and continuing until such time as all of their existing Developments participating in any Corporation programs are in compliance.

(17) When two or more Applications receive the same numerical score, the Applications will be ranked as outlined in the Application instructions.

(18) At no time during the Application, scoring and appeal process may Applicants or their representatives contact members of the Board of Directors concerning their own Development or any other Applicant’s Development. At no time from the Application Deadline until after issuance of the final scores as set forth in subsection (9) above, may Applicants or their representatives verbally contact Corporation staff concerning their own Application or any other Applicant’s Application. If an Applicant or its representative does contact a member of the Board of Directors in violation of this section, the Board of Directors shall, upon a determination that such contact was deliberate, disqualify such Applicant’s Application.
(19) Applicants may withdraw an Application from consideration only by submitting a written notice of withdrawal to the Corporation Clerk. Applicants may not rescind any notice of withdrawal that was submitted to the Corporation Clerk. For ranking purposes, the Corporation shall disregard any withdrawal that is submitted after 5:00 p.m., Eastern Time, 14 Calendar Days prior to the date the Board of Directors is scheduled to convene to consider approval of the final rankings of the Applications and such Application shall be included in the ranking as if no notice of withdrawal had been submitted. After the Board of Directors has approved the final ranking, any notice of withdrawal submitted during the time period prohibited above and before the Board of Directors approves the final ranking, shall be deemed withdrawn immediately after Board approval of the final ranking. If an Applicant has applied for or been awarded funding from two or more programs, the withdrawal by the Applicant from any one program will be deemed by the Corporation to be a withdrawal of the Application from all programs.

(20) The name of the Development provided in the Application may not be changed or altered after submission of the Application during the history of the Development with the Corporation unless the change is requested in writing and approved in writing by the Corporation. The Corporation shall consider the facts and circumstances of each Applicant’s request and any credit underwriting report, if available, prior to determining whether to grant such request.

(21) If an Applicant or any Affiliate of an Applicant has offered or given consideration, other than the consideration to provide affordable housing, with respect to a local contribution and this is discovered prior to Board of Directors approval of the ranking, the Corporation shall reject the Application and any other Application submitted by the same Applicant and any Affiliate of the Applicant. If discovered after the Board of Directors approves final ranking, any tentative funding or allocation for the Application and any other Application submitted in the same cycle by the same Applicant and any Affiliate of the Applicant will be withdrawn. Such Applicant and any of such Applicant’s Affiliates will be ineligible for funding or allocation in any program administered by the Corporation for a period of up to two years, which will begin the date the Board of Directors issues a final order on such matter in a proceeding conducted pursuant to Sections 120.569 and 120.57, F.S.

(22) The Corporation shall initiate TEFRA Hearings on the proposed Developments whose Applications were Received by the Application Deadline. Neither the TEFRA Hearing, the invitation into Credit Underwriting, nor the Acknowledgment Resolution obligate the Corporation to finance the proposed Development in any way.

(23) Upon receipt of the Credit Underwriting Report, the Corporation shall submit the Application to its Financial Advisor for a preliminary recommendation of the method of bond sale for each Development pursuant to Rule 67-21.0045, F.A.C.

(24) Proposed Developments that are ranked, but not selected by the Board of Directors to enter Credit Underwriting, shall remain on the ranked list in the event State Bond Allocation becomes available to fund additional Developments. If the current year’s State Bond Allocation designated by the Board of Directors for the MMRB Program is insufficient to fully finance a Development, subject to the provisions of subsection 67-21.003(10), F.A.C., permitting reduction of the requested amount, a new Application must be filed to be eligible for a future year’s State Bond Allocation.

(25) The Corporation shall notify the Applicant, in writing, of the Board of Directors determination related to approval of the Credit Underwriting Report and require the Applicant to submit one-half of the Good Faith Deposit within 7 Calendar Days from the receipt of such notice.

(26) Upon favorable recommendation of the Credit Underwriting Report and preliminary recommendation of the method of bond sale from the Corporation’s Financial Advisor, the Board of Directors shall designate by resolution the method of bond sale considered appropriate for financing. The Board of Directors shall consider authorizing the execution of the Loan Commitment and shall consider final Board of Directors approval reserving State Bond Allocation for a Development. Requests for Taxable Bonds shall be considered by the Board of Directors in an amount recommended by the Credit Underwriter. The Board of Directors shall also assign a bond underwriter, structuring agent, or Financial Advisor and any other professionals necessary to complete the transaction. Staff shall assign the Corporation Bond Counsel and Special Counsel and Trustee as needed.

(27) Following receipt of one-half of the Good Faith Deposit, the Corporation’s assigned Special Counsel shall begin preparation of the Loan Commitment.

(28) Upon execution of a Loan Commitment, Applicant shall pay the balance of the Good Faith Deposit and the Corporation shall authorize Bond Counsel and Special Counsel to prepare the Program Documents.

(29) For computing any period of time allowed by this rule, the day of the event from which the designated period of time begins to run shall not be included. The last day of the period so computed shall be included unless it is a Saturday, Sunday or legal holiday, in which event the period shall run until the end of the next day which is neither a Saturday, Sunday or legal holiday.
At the conclusion of the review and scoring process established by Rule 67-21.003, F.A.C., each Applicant will be provided with its final score and notice of rights, which shall constitute the point of entry to contest any issue related to the Applicant’s Application for the MMRB Program.

(2) Each Applicant that wishes to contest its final score, must file a petition with the Corporation within 21 Calendar Days after the date the Applicant receives its notice of rights. The petition must conform to subsection 28-106.201(2) or 28-106.301(2), and subsection 67-52.002(3), F.A.C., and specify in detail each issue and score sought to be challenged. If the petition does not raise a disputed issue of material fact, the challenge will be conducted pursuant to Section 120.57(2), F.S. If the petition raises one or more disputed issues of material fact, a formal administrative hearing will be conducted pursuant to Section 120.57(1), F.S. At the conclusion of any administrative hearing, a recommended order shall be entered by the designated hearing officer which will then be considered by the Board of Directors.

(3) Any Applicant who wishes to challenge the findings and conclusions of the recommended order entered pursuant to a Section 120.57(2), F.S., proceeding concerning its own Application shall be allowed the opportunity to submit written arguments to the Board of Directors. Any written argument should be typed and double-spaced with margins no less than one inch in either Times New Roman 14-point or Courier New 12-point font and may not exceed five (5) pages, excluding the caption and certificate of service. Written arguments must be filed with Florida Housing Finance Corporation’s Clerk at 227 North Bronough Street, Suite 5000, Tallahassee, Florida 32301-1329, no later than 5:00 p.m., Eastern Time, no later than five (5) Calendar Days from the date of issuance of the recommended order. Failure to timely file a written argument shall constitute a waiver of the right to have a written argument considered by the Board of Directors. Parties will not be permitted to make oral presentations to the Board in response to recommended orders.

(4) Following the entry of final orders in all petitions filed pursuant to Section 120.57(2), F.S., and in accordance with Rule Chapter 67-21, F.A.C., the Corporation shall issue final rankings. For an Applicant that filed a petition pursuant to Section 120.57(1), F.S., which challenged the scoring of its own Application but has not had a final order entered as of the date the final rankings are approved by the Board of Directors, the Corporation shall, if any such Applicant ultimately obtains a final order that modifies the score so that its Application would have been in the funding range of the applicable final ranking had it been entered prior to the date the final rankings were presented to the Board of Directors, provide the requested allocation from the next available allocation, whether in the current year or a subsequent year. Nothing contained herein shall affect any applicable Credit Underwriting requirements.

(5) Each Applicant will be provided with a final ranking of all Applications and notice of rights, which shall constitute the point of entry to contest any ranking or scoring issue related to any other Applications for the MMRB Program. An Applicant that wishes to contest the final ranking or score of another Applicant may do so only if:

(a) The competing Applicant files a petition on or before the 21st Calendar Day after the receipt of the notice of rights pursuant to this subsection (5). The petition must conform to subsection 28-106.201(2) or 28-106.301(2), and subsection 67-52.002(3), F.A.C., and specify in detail each issue, score or ranking sought to be challenged.

(b) For any Application cycle closing after January 1, 2002, if the contested issue involves an error in scoring, the contested issue must (i) be one that could not have been cured pursuant to subsection 67-21.003(14), F.A.C., or (ii) be one that could have been cured, if the ability to cure was not solely within the Applicant’s control. The contested issue cannot be one that was both curable and within the Applicant’s sole control to cure. With regard to curable issues, a petitioner must prove that the contested issue was not feasibly curable within the time allowed for cures in subsection 67-21.003(6), F.A.C.

(c) The competing Applicant alleges facts in its petition sufficient to demonstrate that, but for the specifically identified threshold, scoring or ranking errors in the challenged Application, its Application would have been in the funding range at the time the Corporation provided the Applicant with its final ranking.

(d) If the petition does not raise a disputed issue of material fact, the appeal will be conducted pursuant to Section 120.57(2), F.S. If the petition raises one or more disputed issues of material fact, a formal administrative hearing will be conducted pursuant to Section 120.57(1), F.S. At the conclusion of any administrative hearing, a recommended order shall be entered which will then be considered by the Board of Directors.

(6) Any Applicant who wishes to challenge the findings and conclusions of the recommended order entered pursuant to a Section 120.57(2), F.S., proceeding as described in subsection (5) above concerning the final ranking of another Application, shall be allowed the opportunity to submit written arguments to the Board of Directors. Any written arguments should be typed and double-spaced with margins no less than one inch in either Times New Roman 14-point or Courier New 12-point font and may not exceed five (5) pages, excluding the caption and certificate of service. Written arguments must be filed with Florida Housing Finance Corporation’s Clerk at 227
North Bronough Street, Suite 5000, Tallahassee, Florida 32301-1329, no later than 5:00 p.m., Eastern Time, no later than five (5) Calendar Days from the date of issuance of the recommended order. Failure to timely file a written argument shall constitute a waiver of the right to have a written argument considered by the Board of Directors. Parties will not be permitted to make oral presentations to the Board of Directors in response to recommended orders.

(7) For those Applicants that have filed a petition pursuant to subsection (5) above, the Corporation shall, if any such Applicant ultimately obtains a final order that demonstrates that its Application would have been in the funding range of the applicable final ranking, provide the requested allocation from the next available allocation, whether in the current year or a subsequent year. Nothing contained herein shall affect any applicable credit underwriting requirements. The filing of a petition pursuant to subsection (5) above shall not stay the Corporation’s provision of funding to Applicants per the final rankings referenced in subsection (4) above.

67-21.007 Fees.

In addition to the fees specified in the Universal Application Package, the Corporation shall collect the following fees and charges in conjunction with the MMRB Program:

(1) TEFRA Fee: Applicants shall submit a non-refundable TEFRA fee to the Corporation in the amount of $500 by the Application Deadline, or, for redemptions or 501(c)(3) Applicants, upon submission of the Application or request for refunding. This fee shall be applied to the actual cost of publishing required newspaper advertisements and Florida Administrative Weekly notices of TEFRA Hearings. If the actual cost of the required publishing exceeds $500, Applicant shall be invoiced for the difference. If a Local Public Fact Finding Hearing is requested, the Applicant shall be responsible for payment of any fees incurred by the Corporation. If the first TEFRA approval period has expired and a second TEFRA notice and hearing are required, Applicant is responsible for all costs associated with the additional TEFRA process.

(2) Credit Underwriting and Appraisal Fee: Applicants shall submit the required non-refundable Credit Underwriting and Appraisal Fee for each Development to the Credit Underwriter designated by the Corporation within seven Calendar Days of the date the Applicant accepts the invitation by the Corporation to enter the Credit Underwriting process and prior to final credit review by the Credit Underwriter. The Credit Underwriting fee shall be determined pursuant to a contract between the Corporation and the Credit Underwriter.

(3) Good Faith Deposit means a total deposit equal to one percent of the Loan amount reflected in the Loan Commitment paid by the Applicant to Florida Housing. The Applicant shall pay a total deposit equal to one percent of the aggregate principal amount of proposed Taxable and Tax-exempt Bonds, or $75,000, whichever is greater, to the Corporation, which deposit may be applied toward the Cost of Issuance Fee. The maximum Good Faith Deposit required is $175,000. The Good Faith Deposit is payable in two equal installments: the first installment (one-half of one percent) is due within seven Calendar Days of the date the Board of Directors approves the Credit Underwriting Report. The balance is payable no later than the date when the Applicant executes the Loan Commitment. If the Good Faith Deposit is exhausted, the Applicant shall be required to pay, within three days of notice, an additional deposit to ensure payment of the expenses associated with the processing of the Application, the sale of the Bonds, including document production and the securitization of the Loan. The Good Faith Deposit shall be remitted by certified check or wire transfer. In the event the MMRB Loan does not close, the unused portion of the Good Faith Deposit shall be refunded to the Applicant. Notwithstanding the foregoing, the Applicant is responsible for all expenses incurred in preparation for loan closing. Any and all costs of the Corporation will be deducted from the Good Faith Deposit prior to refunding any unused funds to the Applicant. In the event that additional invoices are received by the Corporation subsequent to a determination that the MMRB Loan will not close and refunding any unused funds to the Applicant, which invoices related to costs incurred prior to such determination and refunding, Applicant shall be responsible for payment of the balance due as invoiced.

(4) Cost of Issuance Fee: the Corporation shall require Applicants or participating Qualified Lending Institutions selected for participation in the program, to deliver to the Corporation, or, at the request of the Corporation, directly to the Trustee, before the date of delivery of the Bonds, a Cost of Issuance Fee in an amount determined by the Corporation to be sufficient to pay the costs and expenses relating to issuance of the Bonds, which amount shall be deposited into an account to be held by the Trustee. The Corporation shall provide the Applicant with a good faith estimate of the Cost of Issuance Fee prior to closing. The Applicant shall pay all costs and expenses incurred by the Corporation in connection with the issuance of the Bonds, the expenditure of the MMRB Loan proceeds, and provision of Credit Enhancement, if any, even if such costs and expenses exceed the Cost of Issuance Fee. Any amounts remaining in this account at the time the balance is transferred and the account closed pursuant to the Trust Indenture shall be returned to the Applicant.
(5) HUD Risk Sharing Fees: Applicants also using the HUD Risk Sharing Program for the Development shall be responsible for associated fees, as follows:

(a) Format II Environmental Review Fee – The fee the Applicant shall pay will be determined by contract between the Corporation and the environmental professional.

(b) Subsidy Layering Review Fee – The fee the Applicant shall pay will be determined by contract between the Corporation and the Credit Underwriter.

(6) Compliance Monitoring Fees: The annual monitoring fee the Applicant shall pay will be determined by contract between the Corporation and the monitoring agent.

(7) Permanent Loan Servicing Fees: The annual servicing fee the Applicant shall pay will be determined by contract between the Corporation and the servicer.

(8) Financial Monitoring Fees: The annual financial monitoring fee the Applicant shall pay will be determined as outlined in the fees section of the Universal Application instructions by contract between the Corporation and the monitoring agent.

(9) Other Corporation Program Fees:

(a) Housing Credit Fees – If Housing Credits are used for the Development, the Compliance Monitoring Fee for that program shall be collected from the Applicant in conjunction with the Compliance Monitoring Fee for the program.

(b) Florida Affordable Housing Guarantee Program Fees – If the Guarantee Program is used in the Development, the same fee schedule described in Rule Chapter 67-39, F.A.C., shall apply and be paid by the Applicant to the Corporation.

(10) Developer Fee shall be limited to 18 percent of Development Cost excluding land. Consulting fees, if any, must be paid out of the Developer Fee. If the required Home Energy Rating System (HERS) Index is not achieved for all eligible new construction units, the Developer fee shall be reduced as outlined in the Application instructions. If the green certification program committed to by the Applicant during credit underwriting is not achieved, the Developer fee shall be reduced as outlined in the Application instructions. Consulting fees include payments for Application consultants, construction management or supervision, or Local Government consultants. Any issuance of non-Credit Enhanced revenue Bonds shall be sold only to a Qualified Institutional Buyer. Such non-Credit Enhanced revenue Bonds may only be utilized for financings where the Applicant has demonstrated that the issuance produces a substantial benefit to the Development not otherwise available from Credit Enhancement structures. The analysis of the substantial benefit must be provided in a format acceptable to the Corporation and shall include the initial issuer cost of issuance, underwriter’s discount or placement agent fee, annual debt service, total debt service and any other factors necessary and appropriate to demonstrate that the issuance produces a substantial benefit to the Development. This analysis must be provided both prior to the review of the method of Bond sale conducted by the Corporation’s Financial Advisor, and again prior to the pricing of the Bonds, showing any changes affecting the original estimated substantial benefit. The Corporation shall designate the bond underwriter or placement agent with respect to such Bonds, who shall be on the Corporation’s approved bond underwriters list. The Corporation, in its discretion, will allow only an underwriting discount or a placement agent fee, but not both. Unless such Bonds are rated in one of the four highest rating categories by a nationally recognized rating service, such Bonds shall not be held in a full book-entry system (but may be DTC-Eligible) and shall comply with at least one of the following criteria:

(1) The Bonds shall be issued in minimum denominations of $100,000 (subject to reduction by means of redemption) and each purchaser of such Bond, including subsequent purchasers unless the requirements of subsection (2) or (3) below are met, shall certify to the Corporation prior to any purchase or transfer of any Bond that such purchaser is a Qualified Institutional Buyer; or

(2) The Bonds shall be issued in minimum denominations of $250,000 (subject to reduction by means of redemption) and an investment letter satisfactory to the Corporation and its counsel shall be obtained from each initial purchaser of the Bonds (including any purchaser purchasing such Bonds in an immediate resale from an underwriter), but shall not be required of subsequent purchasers of the Bonds, to the effect that, among other things, such purchaser is a Qualified Institutional Buyer, is purchasing such Bonds for its own account and not for immediate resale to other than another Qualified Institutional Buyer, has made an independent investment decision as a sophisticated or institutional investor; or

(3) The Bonds shall be issued in minimum denominations of $250,000 (subject to reduction by means of redemption) and an investment letter satisfactory to the Corporation and its counsel shall be obtained from each initial purchaser of the Bonds and from each subsequent transferee of the Bonds prior to any transfer thereof, to the effect that such purchaser is a Qualified Institutional Buyer.

67-21.014 Credit Underwriting Procedures.
Credit underwriting is a de novo review of all information supplied, received or discovered during or after any application cycle scoring and ranking process, prior to the closing on funding. The success of an Applicant in being selected for funding is not an indication that the Applicant will receive a positive recommendation from the Credit Underwriter or that the Development team’s experience, past performance or financial capacity is satisfactory.

(1) An invitation into Credit Underwriting shall require that the Applicant submit the Credit Underwriting and Appraisal Fee and information required to complete the Credit Underwriting, to the Credit Underwriter in accordance with the schedule established by the Corporation upon the recommendation of the Credit Underwriter. Failure to submit the Credit Underwriting and Appraisal Fee or meet the deadlines as set forth in the schedule shall result in the immediate termination of Credit Underwriting activities and the Application shall be moved to the bottom of the ranked list.

(2) The Credit Underwriter shall in Credit Underwriting analyze and review all information in the Application, or any proposed changes made subsequent thereto, in order to make a recommendation to the Board of Directors on the feasibility of the Development, without taking into account the....
willingness of a Credit Enhancer to provide Credit Enhancement. Credit Underwriting services shall include, for example, a comprehensive analysis of the Applicant, the real estate, the economics of the Development, the ability of the Applicant and the Development team to proceed, and the evidence of need for affordable housing in order to determine that the Development meets the MMRB Program requirements. The Credit Underwriter shall determine a recommended Bond amount that should be made to a Development, whether an initial loan or a refunding.

(a) If the Credit Underwriter determines that special expertise is required to review information submitted to the Credit Underwriter which is beyond the scope of normal underwriting procedures, the cost of such expertise shall be borne by the Applicant.

(b) The Credit Underwriter shall review the proposed financing structure to determine whether the MMRB Loan is feasible. The Credit Underwriter shall also request and review such other information as it deems appropriate to determine whether or not to provide a positive recommendation in connection with a proposed Development. In making that determination the Credit Underwriter will consider the prior and recent performance history of the Applicant, Developer, any Financial Beneficiary of the Applicant or Developer, and the General Contractor in connection with any other affordable housing development. The performance history shall consider instances involving a foreclosure, deed in lieu of foreclosure, financial arrearage, or other event of material default in connection with any affordable housing development or the documents governing financing or operation of any such development. Unless the Credit Underwriter determines that mitigating factors exist, or that underwriting conditions can be imposed, sufficient to mitigate or offset the risk, the existence of the following shall result in a negative recommendation of the proposed Development by the Credit Underwriter: Considering all affordable housing developments in which any party named above has been involved, if (i) during the period prior to August 1, 2010, five (5) percent or more of that party’s developments have been the subject of a foreclosure or deed in lieu of foreclosure, or in financial arrearage or other material default and such arrearage or material default remained uncured for a period of 60 days or more, or (ii) during the period beginning on or after August 1, 2010, any of that party’s developments have been the subject of a foreclosure or deed in lieu of foreclosure, or in financial arrearage or other material default and such arrearage or material default remained uncured for a period of 60 days or more.

(c) In addition to operating expenses, the Credit Underwriter must include an estimate for replacement reserves when calculating the final net operating income available to service the debt. A minimum amount of $300 per unit per annum must be deposited annually in the replacement reserve account for all Developments. The initial replacement reserve will have limitations on the ability to be drawn upon during the following time periods: (i) new construction or Redevelopment Developments shall be allowed to draw during the first five (5) years or until the establishment of a minimum balance equal to the accumulation of five (5) years of replacement reserves per unit, or (ii) Preservation or Rehabilitation Developments (with or without acquisition) shall not be allowed to draw until the start of the scheduled replacement activities as outlined in the pre-construction capital needs assessment report (‘CNA’) subject to the activities completed in the scope of rehabilitation, but not sooner than the third (3rd) year. The amount established as a replacement reserve shall be adjusted based on a CNA to be received by the Corporation or its servicers, prepared by an independent third party and acceptable to the Corporation and its servicers at the time the CNA is required, beginning no later than the 10th year after the first residential building in the development receives a certificate of occupancy, a temporary certificate of occupancy, or is placed in service, whichever is earlier (‘Initial Replacement Reserve Date’). A subsequent CNA is required no later than the 15th year after the Initial Replacement Reserve Date and subsequently every five (5) years thereafter.

If the Applicant does not provide a copy of a CNA to the Corporation or its servicers, prepared by an independent third party and acceptable to the Corporation and its servicers within the stated time frames, then one shall be ordered by the Corporation or its servicers at the Applicant’s expense. The only events allowed to drop the balance below the minimum are items related to life safety, structural and systems as approved by the Corporation and its servicers. In the event the first mortgage lender or a Housing Credit Syndicator requires replacement reserves with replacement reserve deposit
requirements that include the same or higher deposits, the Corporation’s rights to hold replacement reserves and to disburse such funds shall be subject to the first mortgage lender or the Housing Credit Syndicator, as applicable. The replacement reserve funds are not to be used by the Applicant for normal maintenance and repairs but shall be used for structural building repairs, major building systems replacements and other items included on the Eligible Reserve for Replacement Items list, effective October 15, 2010, which is incorporated by reference and available on the Corporation’s Website under the 2011 Universal Application link labeled Related References and Links. An Applicant may choose to fund a portion of the replacement reserves at closing from moneys other than the proceeds of the Bonds. This partial funding cannot exceed 50 percent of the required replacement reserves for two years and must be placed in escrow with the Bond Trustee at closing. Applicants with Credit Enhancement reserves for two years and must be placed in escrow with the Corporation’s right to hold replacement reserves and to disburse such funds shall be subject to the first mortgage lender or the Housing Credit Syndicator, as applicable. The replacement reserve funds are not to be used by the Applicant or the Housing Credit Syndicator, as applicable. The disburse such funds shall be subject to the first mortgage lender and to the Corporation’s rights to hold replacement reserves and to make a recommendation of whether to approve or disapprove an allocation when the proposed Development would financially impair an existing Development previously funded by the Corporation. The Credit Underwriter must review and determine whether there will be a negative impact to Guarantee Fund Developments within the primary market area or five (5) miles of the proposed Development, whichever is greater.

(g) Any Development that has rehabilitation with or without acquisition, a capital needs assessment prepared in accordance with generally accepted industry investment grade standards shall be ordered by the Credit Underwriter, and its findings shall be used to determine rehabilitation that will be carried out, including energy, green, universal design and visitability features, and to set replacement reserves.

(h) If the Credit Underwriter requires additional clarifying materials in the course of the underwriting process to complete the Credit Underwriting Report, the Credit Underwriter shall notify the Corporation and request the information from the Applicant. Such requested information shall be submitted within ten business days of receipt of the request therefor. Failure for any reason to submit required information on or before the specified deadline shall result in the Application being moved to the bottom of the ranked list.

(i) At a minimum, the Credit Underwriter shall require the following information during Credit Underwriting:

1. For Credit Enhancers, audited financial statements for their most recent fiscal year ended, if published; otherwise the previous year’s audited statements will be provided until the current statements are published or Credit Underwriting is complete.

2. For guarantors, audited financial statements or financial statements compiled or reviewed by a licensed Certified Public Accountant for the most recent fiscal year ended, credit check, banking and trade references, and deposit verifications. If audited financial statements are not available, unaudited financial statements prepared by an independent licensed Certified Public Accountant within the last 90 days and reviewed by the Credit Underwriter in accordance with Part III, Sections 604 through 607, of the Fannie Mae Multifamily Delegated Underwriting and Servicing (DUS) Guide, effective November 6, 2003, which is incorporated by reference and available on the Corporation’s Website under the 2011 Universal Application link labeled Related References and Links, and the two most recent years tax returns. If the entities are newly formed (less than 18 months in existence as of the date that credit underwriting information is requested), a copy of any and all tax returns with related supporting notes and schedules.

3. For the General Contractor, audited financial statements or financial statements compiled or reviewed by a licensed Certified Public Accountant for the most recent fiscal year ended, credit check, banking and trade references, and deposit verifications. The audited or compiled statements may be
waived if a payment and performance bond equal to 100
percent of the total construction cost is issued in the name of
the General Contractor by a company rated at least “A-” by
AMBest & Co.

4. For the Applicant and General Partner, audited financial
statements or financial statements compiled or reviewed by a
licensed Certified Public Accountant for the most recent fiscal
year ended, credit check, banking and trade references, and
deposit verifications. If the entities are newly formed (less than
18 months in existence as of the date that Credit Underwriting
information is requested), a copy of any and all tax returns with
related supporting notes and schedules.

(i) The Credit Underwriter shall require an operating
deficit guarantee. The operating deficit guarantee will be
released when the Development achieves an average 1.15 debt
service coverage ratio on the MMRB Loan and 90 percent
occupancy and 90 percent of the gross potential rental income,
all for twelve (12) consecutive months as certified by an
independent Certified Public Accountant, and verified by the
Credit Underwriter. The calculation of the debt service
coverage ratio shall be made by the Corporation or its agent.
Notwithstanding the above, the operating deficit guarantee
shall not terminate earlier than three (3) years following the
final certificate of occupancy.

(ii) The Credit Underwriter shall also require
environmental indemnity and recourse obligation guarantees.

(iii) Required appraisals, market studies,
pre-construction analyses, physical needs assessments, capital
needs assessments and environmental studies (other than Phase
I Environmental Site Assessments) shall be completed by
professionals approved by the Credit Underwriter. Approval of
appraisers and contractors to complete market and
environmental studies shall be based upon review of
qualifications, professional designations held, references and
prior experience with similar types of Developments.

(m) A full or self-contained appraisal as defined by the
Uniform Standards of Professional Appraisal Practice, which is
adopted and incorporated herein by reference, and a separate
market study shall be ordered by the Credit Underwriter from
an appraiser qualified for the geographic area and product type
not later than when an Application enters Credit Underwriting.
The Credit Underwriter shall review the appraisals to properly
evaluate the MMRB Loan request in relation to the property
value.

(n) Appraisals and separate market studies which have
been ordered and submitted by third party Credit Enhancers or
syndicators and which meet the above requirements and are
acceptable to the Credit Underwriter may be used instead of
the appraisal or market study referenced above.

(o) The Credit Underwriting Report shall include a
thorough analysis of the proposed Development and a
statement as to whether a MMRB Loan is recommended, and if
so, the amount recommended. The Credit Underwriter or the
Corporation may request such additional information as is
necessary to properly analyze the credit risk being presented to
the Corporation and the Bond holders. For the Credit
Underwriter to make a favorable recommendation, the
submarket of the proposed Development must have (i) an
average physical occupancy rate of 92-99% or greater, and (ii)
an average market rental rate, based on unit mix and
annualized rent concessions, of 110% or greater of the
applicable maximum Housing Credit rental rate.

(3) The Applicant shall review and provide written
comments on the draft Credit Underwriting Report to the
Corporation and the Credit Underwriter within the time frame
established by the Corporation. The Corporation shall provide
comments on the draft report and, as applicable, on the
Applicant’s comments to the Credit Underwriter. The Credit
Underwriter shall then review and incorporate the
Corporation’s and, if deemed appropriate, the Applicant’s
comments and release the revised report to the Corporation and
the Applicant. Any additional comments from the Applicant
shall be received by the Corporation and the Credit
Underwriter within the established time frame. Then, the
Credit Underwriter shall provide a final report, which shall
address comments made by the Applicant to the Corporation.

(4) After approval by the Board of Directors following
presentation of the Credit Underwriting Report and payment of
one-half of the Good Faith Deposit, Corporation staff and
Special Counsel shall begin negotiations of the MMRB Loan
Commitment with the Applicant.

(5) At a minimum, a 10 percent retainage will be held by
the Trustee or the servicer administering the construction loan
funds until the Development is 50 percent complete. At 50
percent completion, no additional retainage will be held from
the remaining draws. The total retainage dollars will be held by
the Trustee or the servicer and released pursuant to the terms of
the construction loan agreement.

67-48.005 Applicant Administrative Appeal Procedures.

(1) At the conclusion of the review and scoring process established by Rule 67-48.004, F.A.C., each Applicant will be provided with its final score and notice of rights, which shall
constitute the point of entry to contest any issue related to the Applicant’s Application for the SAIL Program, the HOME Program or the HC Program.

(2) Each Applicant that wishes to contest its final score must file a petition with the Corporation within 21 Calendar Days after the date the Applicant receives its notice of rights. The petition must conform to subsection 28-106.201(2) or 28-106.301(2), and subsection 67-52.002(3), F.A.C., and specify in detail each issue and score sought to be challenged. If the petition does not raise a disputed issue of material fact, the challenge will be conducted pursuant to Section 120.57(2), F.S. If the petition raises one or more disputed issues of material fact, a formal administrative hearing will be conducted pursuant to Section 120.57(1), F.S. At the conclusion of any administrative hearing, a recommended order shall be entered by the designated hearing officer which will then be considered by the Board.

(3) Any Applicant who wishes to challenge the findings and conclusions of the recommended order entered pursuant to a Section 120.57(2), F.S., proceeding concerning its own Application shall be allowed the opportunity to submit written arguments to the Board. Any written argument should be typed and double-spaced with margins no less than one inch in either Times New Roman 14-point or Courier New 12-point font and may not exceed five (5) pages, excluding the caption and certificate of service. Written arguments must be filed with Florida Housing Finance Corporation’s Clerk at 227 North Bronough Street, Suite 5000, Tallahassee, Florida 32301-1329, no later than 5:00 p.m., Eastern Time, no later than five (5) Calendar Days from the date of issuance of the recommended order. Failure to timely file a written argument shall constitute a waiver of the right to have a written argument considered by the Board. Parties will not be permitted to make oral presentations to the Board in response to recommended orders.

(4) Following the entry of final orders in all petitions filed pursuant to Section 120.57(2), F.S., and in accordance with the prioritization of the QAP and Rule Chapter 67-48, F.A.C., the Corporation shall issue final rankings. For an Applicant that filed a petition pursuant to Section 120.57(1), F.S., which challenged the scoring of its own Application but has not had a final order entered as of the date the final rankings are approved by the Board, the Corporation shall, if any such Applicant ultimately obtains a final order that modifies the score so that its Application would have been in the funding range of the applicable final ranking had it been entered prior to the date the final rankings were presented to the Board, provide the requested funding, allocation, or both, from the next available funding, allocation, or both, whether in the current year or a subsequent year. For HC, if the final order is executed on or before the Corporation issues the current year’s final scores, the allocation will come from the current year or if the final order is executed after the Corporation issues the current year’s final scores, the allocation will come from the subsequent year. Funding refers to SAIL or HOME and allocation refers to HC. Nothing contained herein shall affect any applicable credit underwriting requirements.

(5) Each Applicant will be provided with a final ranking of all Applications and notice of rights, which shall constitute the point of entry to contest any ranking or scoring issue related to any other Applications for the SAIL Program, the HOME Program or the HC Program. An Applicant that wishes to contest the final ranking or score of another Applicant may do so only if:

(a) The competing Applicant files a petition on or before the 21st Calendar Day after the receipt of the notice of rights pursuant to this subsection (5). The petition must conform to subsection 28-106.201(2) or 28-106.301(2), and subsection 67-52.002(3), F.A.C., and specify in detail each issue, score or ranking sought to be challenged.

(b) For any Application cycle closing after January 1, 2002, if the contested issue involves an error in scoring, the contested issue must (i) be one that could not have been cured pursuant to subsection 67-48.004(14), F.A.C., or (ii) be one that could have been cured, if the ability to cure was not solely within the Applicant’s control. The contested issue cannot be one that was both curable and within the Applicant’s sole control to cure. With regard to curable issues, a petitioner must prove that the contested issue was not feasibly curable within the time allowed for cures in subsection 67-48.004(6), F.A.C.

(c) The competing Applicant alleges facts in its petition sufficient to demonstrate that, but for the specifically identified threshold, scoring or ranking errors in the challenged Application, its Application would have been in the funding range at the time the Corporation provided the Applicant with its final ranking.

(d) If the petition does not raise a disputed issue of material fact, the appeal will be conducted pursuant to Section 120.57(2), F.S. If the petition raises one or more disputed issues of material fact, a formal administrative hearing will be conducted pursuant to Section 120.57(1), F.S. At the conclusion of any administrative hearing, a recommended order shall be entered which will then be considered by the Board.

(6) Any Applicant who wishes to challenge the findings and conclusions of the recommended order entered pursuant to a Section 120.57(2), F.S., proceeding as described in subsection (5) above concerning the final ranking of another Application, shall be allowed the opportunity to submit written arguments to the Board. Any written arguments should be typed and double-spaced with margins no less than one inch in either Times New Roman 14-point or Courier New 12-point font and may not exceed five (5) pages, excluding the caption and certificate of service. Written arguments must be filed with Florida Housing Finance Corporation’s Clerk at 227 North Bronough Street, Suite 5000, Tallahassee, Florida 32301-1329, no later than 5:00 p.m., Eastern Time, no later than five (5)
Calendar Days from the date of issuance of the recommended order. Failure to timely file a written argument shall constitute a waiver of the right to have a written argument considered by the Board. Parties will not be permitted to make oral presentations to the Board in response to recommended orders.

(7) For those Applicants that have filed a petition pursuant to subsection (5) above, the Corporation shall, if any such Applicant ultimately obtains a final order that demonstrates that its Application would have been in the funding range of the applicable final ranking, provide the requested funding, allocation, or both from the next available funding, allocation, or both, whether in the current year or a subsequent year. For HC, if the final order is executed on or before the Corporation issues the current year’s final scores, the allocation will come from the current year or if the final order is executed after the Corporation issues the current year’s final scores, the allocation will come from the subsequent year. Funding refers to SAIL or HOME and allocation refers to HC. Nothing contained herein shall affect any applicable credit underwriting requirements. The filing of a petition pursuant to subsection (5) above shall not stay the Corporation’s provision of funding to Applicants per the final rankings referenced in subsection (4) above.

67-48.0072 Credit Underwriting and Loan Procedures.
Credit underwriting is a de novo review of all information supplied, received or discovered during or after any application cycle scoring and ranking process, prior to the closing on funding, including the issuance of IRS Forms 8609 for Housing Credits. The success of an Applicant in being selected for funding is not an indication that the Applicant will receive a positive recommendation from the Credit Underwriter or that the Development team’s experience, past performance or financial capacity is satisfactory. The credit underwriting review shall include a comprehensive analysis of the Applicant, the real estate, the economics of the Development, the ability of the Applicant and the Development team to proceed, the evidence of need for affordable housing in order to determine that the Development meets the program requirements and determine a recommended SAIL or HOME loan amount, Housing Credit allocation amount or a combined SAIL loan amount and Housing Credit Allocation amount, if any; and for any Development that has rehabilitation with or without acquisition, a capital needs assessment prepared in accordance with generally accepted industry investment grade standards shall be ordered by the Credit Underwriter, and its findings shall be used to determine rehabilitation that will be carried out, including energy, green, universal design and visitability features, and to set replacement reserves. Corporation funding will be based on appraisals of comparable developments, cost benefit analysis, and other documents evidencing justification of costs. As part of the credit underwriting review, the Credit Underwriter will consider the applicable provisions of Rule Chapter 67-48, F.A.C.

1. Within 10 business days after the final rankings are approved by the Board, the Corporation shall offer all Applicants within the funding range an invitation to enter credit underwriting. The Corporation shall select the Credit Underwriter for each Development.

2. For SAIL and HOME Applicants, the invitation to enter credit underwriting constitutes a preliminary commitment.

3. A response to the invitation to enter credit underwriting must be received by the Corporation and the Credit Underwriter not later than seven (7) Calendar Days after the date of the letter of invitation.
(4) If the credit underwriting invitation is accepted:

(a) All Applicants shall submit the credit underwriting fee to the Credit Underwriter within seven (7) Calendar Days of the date of the letter of invitation. In addition, (i) within seven (7) Calendar Days of the date of the letter of invitation Competitive HC Applicants shall submit the Preliminary Recommendation Letter (PRL) fee to the Credit Underwriter and SAIL Applicants shall submit the administrative fee to the Corporation, and (ii) within 14 Calendar Days of the date of the letter of invitation, Competitive HC, SAIL and HOME Applicants shall submit IRS Form 8821 for all Financial Beneficiaries to the Corporation, IRS Form 8821, Rev. August 2008, is adopted and incorporated herein by reference and available on the Corporation’s Website under the 2011 Universal Application link labeled Related References and Links within seven (7) Calendar Days of the date of the letter of invitation.

(b) For Competitive HC, SAIL and HOME Applicants, failure to submit the required credit underwriting fee, the HC PRL fee, or the SAIL administrative fee, as if applicable, by the specified deadline shall result in withdrawal of the invitation and issuance of an invitation to the next eligible Applicant as outlined in the Universal Application instructions. For HOME Applicants that apply and qualify as a Non-Profit entity, the Corporation shall bear the cost of the credit underwriting review and environmental review. However, if the HOME commitment is canceled for failure to adhere to rule deadlines or for reasons within the Applicant’s control, the Development will be responsible for reimbursing the Corporation for fees incurred for credit underwriting and environmental review processing.

(c) For SAIL and HOME Applicants, the loan must close within 12 months of the date of the letter of invitation to enter credit underwriting on or before October 15, 2010. Applicants may request one (1) extension of up to 12 months. All extension requests must be submitted in writing to the program administrator and contain the specific reasons for requesting an extension and shall detail the time frame to close the loan. The written request will then be submitted to the Corporation’s Board for consideration. The Board shall consider the facts and circumstances of each Applicant’s request and any credit underwriting report, if available, prior to determining whether to grant the requested extension. The Corporation shall charge a non-refundable extension fee of 1 percent of each loan amount if the Board approves the request to extend the commitment beyond the initial 12 month closing deadline October 15, 2010. In the event the loan does not close by the end of the 12 month extension period October 15, 2011, the preliminary commitment or firm commitment, as applicable, will be deemed void and the funds will be de-obligated.

(5) The Credit Underwriter shall review, verify all information in the Application, including information relative to the Applicant, Developer, Housing Credit Syndicator, General Contractor, and, if an ALF, the service provider(s), as well as other members of the Development team. The Credit Underwriter shall also request and review such other information as it deems appropriate to determine whether or not to provide a positive recommendation in connection with a proposed Development.

(6) In determining whether or not to provide a positive recommendation in connection with a proposed Development, the Credit Underwriter will consider the prior and recent performance history of the Applicant, Developer, any Financial Beneficiary of the Applicant or Developer, and the General Contractor in connection with any other affordable housing development. The performance history shall consider instances involving a foreclosure, deed in lieu of foreclosure, financial arrearage, or any other event of material default in connection with any affordable housing development or the documents governing financing or operation of any such development. Unless the Credit Underwriter determines that mitigating factors exist, or that underwriting conditions can be imposed, sufficient to mitigate or offset the risk, the existence of the following shall result in a negative recommendation of the proposed Development by the Credit Underwriter: Considering all affordable housing developments in which any party named above has been involved, if (i) during the period prior to August 1, 2010, 5 percent or more of that party’s developments have been the subject of a foreclosure or deed in lieu of foreclosure, or in financial arrearage or material default and such arrearage or material default remained uncured for a period of 60 days or more, or (ii) during the period beginning on or after August 1, 2010, any of that party’s developments have been the subject of a foreclosure or deed in lieu of foreclosure, or in financial arrearage or material default and such arrearage or material default is uncured at the present or, if cured, remained uncured for a period of 60 days or more. Mitigating factors to be considered by the Credit Underwriter, to the extent such information is reasonably available and verifiable, shall include the extent to which the party funded the operations of the development from that party’s own funds in an attempt to keep the development afloat, the election by a party to forego financial participation in a development in an attempt to keep the development afloat, the party’s satisfactory performance history over the last 10 years in connection with that party’s affordable housing developments, and any other extenuating circumstances deemed relevant by the Credit Underwriter in connection with the party’s involvement in a development. A negative recommendation may also result from the review of (a) an Applicant, Developer, any Financial Beneficiary of the Applicant or Developer, and the General Contractor in connection with any other affordable housing development, (b) financial capacity of an Applicant, Developer, any Financial Beneficiary of the Applicant or Developer, and the General Contractor, or (c) any other relevant matters relating to an Applicant, Developer, any Financial Beneficiary of the Applicant or Developer, and the
General Contractor if, in the Credit Underwriter’s opinion, one or more members of the Development team do not possess the ability to proceed. If an Applicant or Developer or Housing Credit Syndicator or any Financial Beneficiary of an Applicant or Developer has been a party of any Development which has been or is in the process of being foreclosed upon or is in arrears to the Corporation or any agent or assignee of the Corporation, the Credit Underwriter will consider this and other past performance issues in determining whether or not to provide a positive recommendation.

(7) The Credit Underwriter shall report any inconsistencies or discrepancies or changes made to the Applicant’s Application during credit underwriting.

(8) The Applicant will be responsible for all fees in connection with the documentation submitted to the Credit Underwriter.

(9) If the Credit Underwriter determines that special expertise is required to review information submitted to the Credit Underwriter which is beyond the scope of the Credit Underwriter’s expertise, the fee for such services shall be borne by the Applicant.

(10) A full or self-contained appraisal as defined by the Uniform Standards of Professional Appraisal Practice and a separate market study shall be ordered by the Credit Underwriter, at the Applicant’s expense, from an appraiser qualified for the geographic area and product type not later than completion of credit underwriting. The Credit Underwriter shall review the appraisal to properly evaluate the proposed property’s financial feasibility. Appraisals which have been ordered and submitted by third party credit enhancers, first mortgagors or Housing Credit Syndicators and which meet the above requirements and are acceptable to the Credit Underwriter may be used instead of the appraisal referenced above. The market study must be completed by a disinterested party who is approved by the Credit Underwriter. The Credit Underwriter shall consider the market study, the Development’s financial impact on Developments in the area previously funded by the Corporation, and other documentation when making its recommendation of whether to approve or disapprove a SAIL or HOME loan, a Housing Credit Allocation, or a combined SAIL loan and Housing Credit Allocation or Housing Credit Allocation and HOME loan. The Credit Underwriter must review and determine whether there will be a negative impact to Guarantee Fund Developments within the primary market area or five (5) miles of the proposed Development, whichever is greater. The Credit Underwriter shall also review the appraisal and other market documentation to determine if the market exists to support both the demographic and income restriction set-asides committed to within the Application. For the Credit Underwriter to make a favorable recommendation, the submarket of the proposed Development must have (i) an average physical occupancy rate of 92 percent or greater, and (ii) an average market rental rate, based on unit mix and annualized rent concessions, of 110 percent or greater of the applicable maximum Housing Credit rate.

(11) The proposed Development must demonstrate, based on current rates, that it can meet minimum 1.10 debt service coverage (DSC) requirements with all first and second mortgages for Housing Credits. For HOME Applications, the minimum debt service coverage shall be 1.10 for the HOME loan, including all superior mortgages. For SAIL Applications, the minimum debt service coverage shall be 1.10 for the SAIL loan, including all superior mortgages. However, if the Applicant defers at least 35 percent of its developer fee for at least six (6) months following construction completion, the minimum debt service coverage shall be 1.50 for the SAIL loan, including all superior mortgages. For SAIL and HOME Applications, the maximum debt service coverage shall be 1.50 for the SAIL or HOME loan, including all superior mortgages. In extenuating circumstances, such as when the Development has deep or short term subsidy, the debt service coverage may exceed 1.50 if the Credit Underwriter’s favorable recommendation is supported by the projected cash flow analysis. Developments receiving first mortgage funding from the United States Department of Agriculture Rural Development (RD) are not required to meet the debt service coverage standards if RD is providing rental assistance and has acknowledged that rents will be set at an amount sufficient to pay all operating expenses, replacement reserve requirements and debt service on the first and second mortgages.

(12) The Corporation’s assigned Credit Underwriter shall require a guaranteed maximum price or stipulated sum construction contract, which may include change orders for changes in cost or changes in the scope of work, or both, if all parties agree, and shall order, at the Applicant’s sole expense, and review a pre-construction analysis for all new construction or a physical needs assessment for Rehabilitation, Moderate Rehabilitation or Substantial Rehabilitation and review the Development’s costs.

(13) In addition to operating expenses, the Credit Underwriter must include an estimate for replacement reserves and operating expense reserves deemed appropriate by the Credit Underwriter when calculating the final net operating income available to service the debt. A minimum amount of $300 $250 per unit per annum must be used for all Developments. The initial replacement reserve will have limitations on the ability to be drawn upon during the following time periods: (i) new construction or Redevelopment Developments shall not be allowed to draw during the first five (5) years or until the establishment of a minimum balance equal to the accumulation of five (5) years of replacement reserves per unit, or (ii) Preservation or Rehabilitation Developments (with or without acquisition) shall not be allowed to draw until the start of the scheduled replacement activities as outlined in the pre-construction capital needs.
assessment report (‘CNA’) subject to the activities completed in the scope of rehabilitation, but not sooner than the 3rd year. The amount established as a replacement reserve shall be adjusted based on a CNA to be received by the Corporation or its servicers, prepared by an independent third party and acceptable to the Corporation and its servicers at the time the CNA is required, beginning no later than the 10th year after the first residential building in the development receives a certificate of occupancy, a temporary certificate of occupancy, or is placed in service, whichever is earlier (‘Initial Replacement Reserve Date’). A subsequent CNA is required no later than the 15th year after the Initial Replacement Reserve Date and subsequently every five (5) years thereafter. If the Applicant does not provide a copy of a CNA to the Corporation or its servicers, prepared by an independent third party and acceptable to the Corporation and its servicers within the stated time frames, then one shall be ordered by the Corporation or its servicers at the Applicant’s expense. The only events allowed to drop the balance below the minimum are items related to life safety, structural and systems as approved by the Corporation and its servicers. In the event the first mortgage lender or a Housing Credit Syndicator requires replacement reserves with replacement reserve deposit requirements that include the same or higher deposits, the Corporation’s rights to hold replacement reserves and to disburse such funds shall be subject to the first mortgage lender or the Housing Credit Syndicator, as applicable. The replacement reserve funds are not to be used by the Applicant for normal maintenance and repairs, but shall be used for structural building repairs, major building systems replacements and other items included on the Eligible Reserve for Replacement Items list, effective October 15, 2010, which is incorporated by reference and available on the Corporation’s Website under the 2011 Universal Application link labeled Related References and Links. However, the amount may be increased based on a physical needs assessment. An Applicant may choose to fund a portion of the replacement reserves at closing. The amount cannot exceed 50 percent of the required replacement reserves for two (2) years and must be placed in escrow at closing.

(14) For SAIL, HOME, and HC Applications, the Credit Underwriters may request additional information, but at a minimum for SAIL and HOME, the following will be required during the underwriting process:

(a) For credit enhancers, audited financial statements for their most recent fiscal year ended, if published; otherwise the previous year’s audited statements will be provided until the current statements are published or credit underwriting is complete. The audited statements may be waived if the credit enhancer is rated at least “A-” by Moody’s, Standard and Poor’s or Fitch.

(b) For the Applicant, general partner(s), and guarantors, audited financial statements or financial statements compiled or reviewed by a licensed Certified Public Accountant for the most recent fiscal year ended, credit check, banking and trade references, and deposit verifications. If audited financial statements or financial statements compiled or reviewed by a licensed Certified Public Accountant are not available, unaudited financial statements prepared within the last 90 days and reviewed by the Credit Underwriter in accordance with Part III, Sections 604 through 607, of the Fannie Mae Multifamily Delegated Underwriting and Servicing (DUS) Guide, effective November 6, 2003, which is incorporated by reference and available on the Corporation’s Website under the 2011 Universal Application link labeled Related References and Links, and the two most recent years’ tax returns. If the entities are newly formed (less than 18 months in existence as of the date that credit underwriting information is requested), a copy of any and all tax returns with related supporting notes and schedules.

(c) For the General Contractor, audited financial statements or financial statements compiled or reviewed by a licensed Certified Public Accountant for the most recent fiscal year ended, credit check, banking and trade references, and deposit verifications. The audited or compiled statements may be waived if a payment and performance bond equal to 100 percent of the total construction cost whose terms do not adversely affect the Corporation’s interest, and is issued in the name of the General Contractor by a company rated at least “A-” by AMBest & Co.

(15) The Credit Underwriter shall consider the following when determining the need for construction completion guarantees:

(a) Liquidity of the guarantor.

(b) Developer and General Contractor’s history in successfully completing Developments of similar nature.

(c) Problems encountered previously with Developer or contractor.

(d) Exposure of Corporation funds compared to Total Development Cost.

At a minimum, the Credit Underwriter shall require a personal guarantee for completion of construction from the principal individual or the corporate general partner of the borrowing entity. In addition, a letter of credit or payment and performance bond whose terms do not adversely affect the Corporation’s interest will be required if the Credit Underwriter determines after evaluation of paragraphs (a)-(d) in this subsection that additional surety is needed. However, a completion guarantee will not be required if SAIL funds are not drawn until evidence of lien free completion is provided.

(16) For all Developments, the Developer fee and General Contractor’s fee shall be limited to:

(a) The Developer fee shall be limited to 16 percent of Development Cost, with the following exceptions:
1. A Developer fee of 18 percent of Development Cost shall be allowed if the proposed Development is qualified for Housing Credits pursuant to Rule 67-48.027, F.A.C., pertaining to Tax-Exempt Bond-Financed Developments; and

2. A Developer fee of 21 percent of Development Cost shall be allowed if the proposed Development is qualified for Competitive Housing Credits with a demographic commitment of Homeless; however, an amount equal to the difference between the Developer fee and an amount equal to 16 percent of Development Cost must be placed in an operating subsidy reserve account to be held by the Corporation or its servicer. Any disbursements from said operating subsidy reserve account shall be reviewed and approved by the Corporation or its servicer. Upon the expiration of the Compliance Period, any remaining balance may be drawn to pay down any outstanding SAIL or HOME debt on the proposed Development or such other Corporation loan debt on the proposed Development. If there is no Corporation loan debt on the proposed Development at the end of the Compliance Period, then any remaining balance in said operating subsidy reserve account shall be placed in a replacement reserve account for the proposed Development. In no event shall the remaining balance in said operating subsidy reserve account be paid to the Developer.

(b) The General Contractor’s fee shall be limited to a maximum of 14 percent of the actual construction cost.

(17) The General Contractor must meet the following conditions:

(a) Employ a Development superintendent and charge the costs of such employment to the general requirements line item of the General Contractor’s budget;

(b) Charge the costs of the Development construction trailer, if needed, and other overhead to the general requirements line item of the General Contractor’s budget;

(c) Secure building permits, issued in the name of the General Contractor;

(d) Secure a payment and performance bond whose terms do not adversely affect the Corporation’s interest (or approved alternate security for General Contractor’s performance, such as a letter of credit), issued in the name of the General Contractor, from a company rated at least “A-” by AMBest & Co.;

(e) Ensure that none of the General Contractor duties to manage and control the construction of the Development are subcontracted; and

(f) Ensure that not more than 20 percent of the construction cost is subcontracted to any one entity unless otherwise approved by the Board for a specific Development.

(18) For SAIL and HOME Applications, the Credit Underwriter shall require an operating deficit guarantee, to be released upon achievement of an average 1.15 debt service coverage for a minimum of 12 consecutive months for the combined permanent first mortgage and SAIL or HOME loan, as determined by the Corporation or its agent, and 90 percent occupancy, and 90 percent of the gross potential rental income, net of utility allowances, if applicable, for a period equal to 12 consecutive months, all as certified by an independent Certified Public Accountant. The calculation of the debt service coverage ratio shall be made by the Corporation or its agent. Notwithstanding the above, the operating deficit guarantee shall not terminate earlier than three (3) years following the final certificate of occupancy. An operating deficit guarantee, to be released upon achievement of 1.00 debt service coverage for a minimum of six (6) consecutive months for the combined permanent first mortgage and SAIL or HOME loan and all superior mortgages.

(19) Contingency reserves which total no more than 5 percent of total actual construction costs (hard costs) and total general development costs (soft costs) for Redevelopment and Developments where 50 percent or more of the units are new construction may be included within the Total Development Cost for Application and underwriting purposes. Contingency reserves which total no more than 15 percent of total actual construction costs (hard costs) and total general development costs (soft costs) for Rehabilitation, Moderate Rehabilitation, or Substantial Rehabilitation and Preservation may be included within the Total Development Cost for Application and underwriting purposes. Contingency reserves shall not be paid from SAIL or HOME funds.

(20) The Credit Underwriter will review and determine if the number of loans and construction commitments of the Applicant and its Principals will impede its ability to proceed with the successful development of each proposed Corporation-funded Development.

(21) Information required by the Credit Underwriter shall be provided as follows:

(a) SAIL and HOME Applicants must provide the items required by the Credit Underwriter within 10 months of the Applicant’s acceptance to enter credit underwriting. For HC Developments, all preliminary items required for the Credit Underwriter’s preliminary HC allocation recommendation must be provided to the Credit Underwriter within 21 Calendar Days of the date of the invitation to enter credit underwriting. Unless an extension is approved by the Corporation in writing, failure to submit the required credit underwriting information by the specified deadlines shall result in withdrawal of the preliminary commitment or the HC invitation to enter credit underwriting, or both, as applicable, and the funds will be distributed as outlined in the Universal Application instructions. The Board shall consider the facts
and circumstances of each Applicant’s request and any credit underwriting report, if available, prior to determining whether to grant the requested extension.

(b) For Competitive HC Developments, all preliminary items required for the Credit Underwriter’s preliminary HC allocation recommendation must be provided to the Credit Underwriter within 21 Calendar Days of the date of the invitation to enter credit underwriting. Unless an extension is approved by the Corporation in writing, failure to submit the required credit underwriting information by the specified deadline shall result in withdrawal of the HC invitation to enter credit underwriting and the funds will be distributed as outlined in the Universal Application instructions. The Board shall consider the facts and circumstances of each Applicant’s request and any credit underwriting report, if available, prior to determining whether to grant the requested extension.

(22) If the Credit Underwriter requires additional clarifying materials in the course of the underwriting process, the Credit Underwriter shall request same from the Applicant and shall specify deadlines for the submission of same. Rulemaking Authority 420.507 FS. Law Implemented 420.5087 FS. History--New 12-23-96, Amended 1-6-98, Formerly 91-48.0095, Amended 11-9-98, 2-24-00, 2-22-01, 3-17-02, 4-6-03, 3-21-04, 2-7-05, 1-29-06, 4-1-07, Repromulgated 3-30-08, 8-6-09.

67-48.010 Terms and Conditions of SAIL Loans.

(1) The proceeds of all SAIL loans shall be used for new construction, Moderate Rehabilitation, or Substantial Rehabilitation which creates or preserves affordable, safe and sanitary multifamily rental housing units.

(2) The SAIL loan may be in a first, second, or other subordinate lien position. For purposes of this rule, mortgages securing a letter of credit as credit enhancement for the bonds financing the first mortgage shall be considered a contingent liability and part of the first mortgage lien, provided that the Applicant’s counsel furnishes an opinion regarding the contingent nature of such mortgage satisfactory to the Corporation and its counsel.

(3) The loans shall be non-amortizing and shall have interest rates as follows:

(a) Zero 0 percent simple interest per annum on loans to Developments that set aside at least 80 percent of their total units for residents qualifying as Farmworkers, Commercial Fishing Workers or Homeless, over the life of the loan;

(b) Zero 0 percent simple interest per annum on loans based on the pro rata share of units set aside for Homeless residents if the total of such units is less than 80 percent of the units and 1 percent simple interest per annum on the remaining units;

(c) One 1 percent simple interest per annum on loans to Developments other than those identified in paragraphs (a) and (b) above;

(4) Except as provided in Section 420.5087(5), F.S., the amount of any superior mortgages combined with the SAIL mortgage shall be less than the appraised value of the Development. Any debt service reserve requirement associated with a superior mortgage shall be excluded from the amount of the superior mortgage for purposes of this calculation.

(5) Payment on the loans shall be based upon the Development Cash Flow, as determined pursuant to the Financial Reporting Form SR-1, or shall be due annually as determined by the Corporation’s Board of Directors. Such determination by the Board shall be based upon a written recommendation by the Credit Underwriter which has considered the economic and financial viability of the Development as well as the protection of the Corporation’s repayment of principal and interest. Any distribution or payment to the Principal(s) of the Applicant or Developer or any Affiliate of the Principal of the Applicant or Developer or any Affiliate of the Applicant or Developer, whether paid directly or indirectly, which was not expressly disclosed in determining debt service coverage in the Board approved final credit underwriting report, will be added back to the amount of cash available for the SAIL loan interest payment, as calculated in the Financial Reporting Form SR-1, for the purpose of determining interest due. Interest may be deferred as set forth in subsection 67-48.010(8), F.A.C., without constituting a default on the loan.

(6) The loans described in subsection 67-48.010(3), F.A.C., above shall be repaid from all Development Cash Flow, and if the SAIL loan is not a first mortgage loan, each year, subject to the provisions of subsection 67-48.010(8), F.A.C., below. Development Cash Flow shall be applied to pay the following items in order of priority:

(a) All superior mortgage fees and debt service;

(b) Development Expenses on the SAIL loan, including up to 20 percent of total Developer fees per year;

(c) Interest payment on SAIL loan balance equal to 1 percent as stated in paragraphs 67-48.010(3)(b) and (c), F.A.C., above over the life of the SAIL loan;

(d) Interest payments on the SAIL loan deferred from previous years;

(e) Mandatory payment on subordinate mortgages.

After the full SAIL loan interest has been paid, the Applicant shall retain all remaining monies, unless the Applicant chooses to prepay a portion of the loan balance.

(7) If the SAIL loan is secured by a first mortgage lien, each year, subject to the provisions of subsection 67-48.010(8), F.A.C., below, Development Cash Flow shall be applied to pay the following items in order of priority:

(a) First mortgage fees and interest payment on the SAIL loan balance equal to the percentages stated in subsection paragraph 67-48.010(3), F.A.C., above over the life of the SAIL loan;

(b) Development Expenses on the SAIL loan including up to 20 percent of total Developer fees per year;

(c) Interest payments on the SAIL loan deferred from previous years;
(d) Mandatory payment on subordinate mortgages.
After the full SAIL loan interest has been paid, the Applicant shall retain all remaining monies, unless the Applicant chooses to prepay a portion of the loan balance.

(8) The determination of Development Cash Flow, determination of payment priorities, and payment of interest on SAIL loans shall occur annually. Any payments of accrued and unpaid interest due annually on SAIL loans shall be deferred to the extent that Development Cash Flow is insufficient to make said payments pursuant to the payment priority schedule established in this rule chapter. If Development Cash Flow is under-reported and such report causes a deferral of SAIL interest, such under-reporting shall constitute an event of default on the SAIL loan. A penalty of 5 percent of any required payment shall be assessed.

(a) By the date that is 151 Calendar Days after the Applicant’s fiscal year end May 31 of each year of the SAIL loan term, the Applicant shall provide the Corporation’s servicer with audited financial statements and a certification detailing the information needed to determine the annual payment to be made. However, this certification requirement will be waived until 151 Calendar Days after the Applicant’s fiscal year end May 31 following the fiscal calendar year within which the first unit is occupied. In the case where the SAIL Development contained occupied units at the time of acquisition, the initial submission will be due following the fiscal year within which the 12 month anniversary of the SAIL loan closing is observed. The certification shall require submission of audited financial statements and the fully completed and executed annual reporting form, Financial Reporting Form SR-1. The SR-1 form, Rev. 01-11, which is incorporated by reference and available on the Corporation’s Website under the 2011 Universal Application link labeled Related References and Links, shall be submitted to the Corporation’s servicer in both PDF format and in electronic form as a Microsoft Excel spreadsheet in Rule Chapter 67-53, F.A.C. The audited financial statements are to be prepared in accordance with accounting principles generally accepted in the United States of America and audited in accordance with auditing standards generally accepted in the United States of America for the 12 months fiscal year period just ended December 31 and shall include:
1. Comparative Balance Sheet with prior year and current year balances;
2. Statement of revenue and expenses;
3. Statement of changes in fund balances or equity;
4. Statement of cash flows; and
5. Notes.
The financial statements referenced above should also be accompanied by a certification of the Applicant as to the accuracy of such financial statements. A late fee of $500 will be assessed by the Corporation for failure to submit the required audited financial statements and certification by 151 Calendar Days after the Applicant’s fiscal year end May 31 of each year of the SAIL loan term. If the Applicant has not submitted the required audited financial statements, the Corporation servicer shall deem the Development Cash Flow sufficient and issue a billing for interest due on the SAIL loan for the Applicant’s immediately preceding fiscal calendar year by 212 Calendar Days after the Applicant’s fiscal year end July 31. After receipt of the audited financial statements, the Corporation servicer shall issue revised billing, if necessary. Failure to submit the required audited financial statements and certification by 151 Calendar Days after the Applicant’s fiscal year end May 31 of each year of the SAIL loan term shall constitute an event of default on the SAIL loan. The Applicant shall furnish to the Corporation or its servicer, unaudited statements, certified by the Applicant’s principal financial or accounting officer, covering such financial matters as the Corporation or its servicer may reasonably request, including without limitation, monthly statements with respect to the development.

For SAIL loans applied for prior to February 22, 2001, the Corporation will extend the annual filing deadline for submission of the audited financial statements and certification detailing the information needed to determine the annual payment to be made, pursuant to subsection 67-48.010(8), F.A.C., to May 31 of each year of the SAIL loan term. The Corporation servicer shall issue a billing for interest due on the SAIL loan for the immediately preceding calendar year by July 31 of each calendar year of the SAIL loan. In addition, for SAIL loans applied for prior to December 23, 1996, so long as the executed loan agreements contain a provision to assess a late fee for failure to provide the audited financial statement and certification detailing the information needed to determine the annual payment due, such fee will be assessed by the Corporation as outlined above.

(b) The Corporation servicer shall issue a billing for interest due on the SAIL loan for the Applicant’s immediately preceding fiscal calendar year by 212 Calendar Days after the Applicant’s fiscal year end July 31 of each calendar year of the SAIL loan term.

(c) The Applicant shall remit the interest due to the Corporation servicer no later than 243 Calendar Days after the Applicant’s fiscal year end August 31 of each year of the SAIL loan term. The first payment of SAIL interest will be due no later than 243 Calendar Days after the Applicant’s fiscal year end August 31 following the fiscal calendar year within which the first unit is occupied. The first payment of interest shall include all interest for the period which begins accruing on the date of the first Draw and ends on the date of the Applicant’s fiscal year end December 31 of the fiscal calendar year during which the first unit is occupied.

(9) After maturity or acceleration, the Note shall bear interest at the Default Interest Rate from the due date until paid. Unless the Corporation has accelerated the SAIL loan,
the Applicant shall pay the Corporation a late charge of 5 percent of any required payment that is not received by the Corporation within 15 days of the due date.

(10) The final billing for the purpose of payoff of the SAIL loan shall also include a billing for compliance fees to cover monitoring of SAIL Program requirements beyond the maturity date of the Note. Such fees shall be computed by determining the present value of the annual compliance monitoring fee and multiplying that by the number of years for which the Development will have a set-aside for Very Low-Income persons or households beyond the repayment date. The present value discount rate shall be 2 percent per annum. Such amount shall be reduced by the amount of any compliance monitoring fees for other programs collected by the Corporation for the Development provided:

(a) The compliance monitoring fee covers some or all of the period following the anticipated SAIL loan repayment date; and

(b) The Development has substantially equivalent set-asides for Very Low-Income persons or households mandated through another Corporation program for which the compliance monitoring fee was collected.

(11) The SAIL loans shall be serviced either directly by the Corporation or by the servicer on behalf of the Corporation.

(12) The Corporation shall monitor compliance of all terms and conditions of the SAIL loan and shall require that certain terms and conditions be embodied in the Land Use Restriction Agreement and recorded in the public records of the county wherein the Development is located. Violation of any material term or condition of the documents evidencing or securing the SAIL loan shall constitute a default during the term of the SAIL loan. The Corporation shall take appropriate legal action to effect compliance if a violation of any material term or condition relative to the set-asides of units for Very Low-Income persons or households is discovered during the course of compliance monitoring or by any other means.

(13) The Corporation shall require adequate insurance to be maintained on the Development as determined by the first mortgage lender or the Corporation’s servicer, but which shall, in any case, include fire, hazard and other insurance sufficient to meet the standards established in Part V, Section 106 of the Fannie Mae DUS Guide, effective August 16, 2007, which is adopted and incorporated herein by reference and available on the Corporation’s Website under the 2011 2009 Universal Application link labeled Related References and Links.

(14) The SAIL loan term shall be for a period of not more than 15 years. However, if both a SAIL loan and federal Housing Credits are to be used to assist a Development, the Corporation may set the SAIL loan term for a period commensurate with the investment requirements associated with the Housing Credit syndication. The term of the loan may also exceed 15 years if the lien of the Corporation’s encumbrance is subordinate to the lien of another mortgagee, in which case the term may be made coterminous with the longest term of the superior loan.

(15) After accepting a preliminary commitment, the Applicant shall not refinance, increase the principal amount, or alter any terms or conditions of any mortgage superior or inferior to the SAIL mortgage without prior approval of the Corporation’s Board of Directors. However, an Applicant may reduce the interest rate on any superior or inferior mortgage loan without the Board’s permission, provided that no other terms of the loan are changed. The Corporation must be notified in writing of any such change.

Following construction completion, the Board shall deny requests to increase the amount of any superior mortgage, unless the criteria outlined in subsection 67-48.0105(5), F.A.C., are met, the original combined loan to value ratio for the superior mortgage and the SAIL mortgage is maintained or improved, and a proportionate amount of the increase in the superior mortgage is used to reduce the outstanding SAIL loan balance. To calculate the proportionate amount of the increase in the superior mortgage which must be paid toward the reduction of the SAIL loan balance, the following calculation shall be used: divide the amount of the original SAIL mortgage by the combined amount of the original SAIL mortgage and the original superior mortgage; then multiply the quotient by the amount of the increase in the superior mortgage from the current balance after deducting refinancing costs. For example, if the amount of the original SAIL mortgage is $2,000,000, the original superior mortgage is $4,000,000, with a current balance of $3,000,000, a proposed new superior mortgage of $5,000,000, and refinancing costs of $200,000, then the amount of the increase in the superior mortgage after deducting refinancing costs would be $1,800,000, and the proportionate amount of the increase in the superior mortgage which must be paid toward the reduction of the SAIL loan balance would be $594,000. This $594,000 would be applied first to accrued interest and then to principal.

(16) All SAIL loans shall be in conformance with applicable federal and state statutes, including the Fair Housing Act as implemented by 24 CFR Part 100, which is adopted and incorporated herein by reference, and Titles II and III of the Americans with Disabilities Act of 1990 as implemented by 28 CFR Part 35, which is adopted and incorporated herein by reference. These provisions are available on the Corporation’s Website under the 2011 2009 Universal Application link labeled Related References and Links. The Corporation shall allow units dedicated to occupancy by the Elderly in a Development designed for occupancy by elderly households pursuant to authorization by HUD under the Fair Housing Amendments of 1988 as implemented by 24 CFR Part 100.

(17) Rent controls shall not be allowed on any Development except (i) as required in conjunction with the issuance of tax-exempt bonds or federal Housing Credits and
(ii) when the Sponsor has committed to set aside units for ELI Persons, in which case rents for such units shall be restricted at the level applicable for federal Housing Credits.

(18) The documents creating, evidencing or securing each SAIL loan must provide that any violation of the terms and conditions described in Rule Chapter 67-48, F.A.C., constitutes a default under the SAIL loan documents allowing the Corporation to accelerate its loan and to seek foreclosure as well as any other remedies legally available to it.

(19) A failure to pay any principal or interest due under the terms of this section shall constitute a default on the SAIL loan.

(20) If, after a four-month rent-up period commencing after issuance of the last certificate of occupancy on the units, an Applicant is unable to meet the agreed-upon demographic commitment for Elderly, Homeless, Farmworker or Commercial Fishing Worker, the Applicant may request to rent such units to Very Low-Income persons or households without demographic restriction.

(a) The written request must provide documentation of marketing efforts implemented over the past four-month period which demonstrate the inclusion of sources of potential residents, advertising to be used, other means of encouraging residents to rent at the Development, and priority to the original targeted group of residents. If the Corporation determines that prior marketing efforts were insufficient, a revised plan which is satisfactory to the Corporation must be submitted and implemented for a four-month period prior to reconsideration.

(b) The Board will require Applicants to provide additional amenities or resident programs suitable for the proposed resident population.

(c) The Board will require Applicants with 0 percent loans, as described in paragraphs 67-48.010(3)(a) and (b), F.A.C., to modify loan documents to conform to the terms and conditions of 1 percent loans, as described in paragraphs 67-48.010(3)(b) and (c), F.A.C., or to accelerate payments of SAIL loan principal or interest.

(21) The Applicant shall provide to the Corporation an annual budget of income and expenses for the Development, certified as accurate by an officer of the Development, no later than 30 days prior to the beginning of the Development’s fiscal year.

(22) Failure to provide the Corporation and its servicer with the Form SR-1 SAIL available Cash Flow Statement detailing the information needed to determine the annual payment to be made pursuant to this rule chapter shall constitute a default on the SAIL loan.

(23) For SAIL loans applied for prior to March 17, 2002, at the borrower’s request, the Corporation will include up to 20 percent of total Developer fees per year as a Development Expense when calculating the interest due on the SAIL loan for the 2003 calendar year for the billing issued in 2004 pursuant to paragraph 67-48.010(8)(b), F.A.C., and for the billing for interest due each calendar year thereafter. Development Expense will not include Developer fees for determination of payment of interest on SAIL loans applied for prior to March 17, 2002 for the 2002 calendar year or any previous calendar year. For purposes in this paragraph, Development Expense has the same meaning as Project Expense and Eligible Project Expense as those terms are used in SAIL loans applied for prior to March 17, 2002.

(24) The Compliance Period for a SAIL Development shall begin, at a minimum, a period of 12 years from the date the first residential unit is occupied. For SAIL Developments that contain occupied units at the time of closing, the Compliance Period shall begin not later than the termination of the last lease executed prior to closing of the SAIL loan.

(25) Unless and until a guarantor’s obligations for a SAIL loan are terminated as approved in writing by the Corporation or its servicer, each guarantor shall furnish to the Corporation or its servicer financial statements as provided in paragraphs (a) through (c) below as the Corporation or its servicer may reasonably request.

(a) The audited financial statements are to be prepared in accordance with accounting principles generally accepted in the United States of America and audited in accordance with auditing standards generally accepted in the United States of America for the 12 month fiscal year period just ended and shall include:

1. Comparative Balance Sheet with prior year and current year balances;
2. Statement of revenue and expenses;
3. Statement of changes in fund balances or equity;
4. Statement of cash flows; and
5. Notes.

The financial statements referenced above should also be accompanied by a certification of the guarantor(s) as to the accuracy of such financial statements:

(b) If an audited financial statement has not been prepared, a federal income tax return filed for the most recently completed year; or

(c) For individual guarantors, if an audited financial statement is not available a financial statement certified as true and complete without qualification by such guarantor and a copy of the most recently filed individual federal income tax return.

Corporation has received:

(3)(a)-(f) above, the SAIL loan shall not be satisfied until the
proposed sale of the Development to satisfy paragraphs
mandated through another program of the Corporation for
set-asides for Very Low-Income persons or households
the period following the anticipated SAIL repayment date; and

(2) The SAIL loan shall be assumable upon sale or transfer
of the Development if the following conditions are met:

(a) The proposed transferee meets all specific Applicant
identity criteria which were required as conditions of the
original loan;

(b) The proposed transferee agrees to maintain all
set-asides and other requirements of the SAIL loan for the
period originally specified or longer; and

(c) The proposed transferee and release of transferor
receives a favorable recommendation from the Credit
Underwriter and approval by the Board of Directors of the
Corporation.

All assumption requests must be submitted in writing to the
Director of Special Assets and contain the specific details of
the transfer and assumption. In addition to any related
professional fees, the Corporation shall charge a
non-refundable assumption fee as outlined in the Universal
Application instructions.

(3) If the SAIL loan is not assumed since the buyer does
not meet the criteria for assumption of the SAIL loan, the SAIL
loan (principal and any outstanding interest) shall be repaid
from the proceeds of the sale in the following order of priority:

(a) First mortgage debt service, first mortgage fees;

(b) SAIL compliance and loan servicing fees;

(c) An amount equal to the present value of the
compliance monitoring fee, as computed by the Corporation
and its servicer, times the number of payment periods for
which the Development will have a set-aside for Very
Low-Income persons or households beyond the repayment
date. The present value discount rate shall be 2 percent per
annum. Such amount shall be reduced by the amount of any
compliance monitoring fees collected by the Corporation for
the Development, provided:

1. The compliance monitoring fee covers some or all of
the period following the anticipated SAIL repayment date; and

2. The Development has substantially equivalent
set-asides for Very Low-Income persons or households
mandated through another program of the Corporation for
which the compliance monitoring fee was collected.

(d) Unpaid principal balance of the SAIL loan;

(e) Any interest due on the SAIL loan;

(f) Expenses of the sale;

(g) If there will be insufficient funds available from the
proposed sale of the Development to satisfy paragraphs
(3)(a)-(f) above, the SAIL loan shall not be satisfied until the
Corporation has received:

1. An appraisal prepared by an appraiser selected by the
Corporation or the Credit Underwriter indicating that the
purchase price for the Development is reasonable and
consistent with existing market conditions;

2. A certification from the Applicant that the purchase
price paid is the actual price paid for the Development and
that no other consideration passed between the parties and that
the Development Cash Flow reported to the Corporation
during the term of the SAIL loan was true and accurate;

3. A certification from the Applicant that there are no
Development funds available to repay the SAIL loan, including
any interest due, and the Applicant knows of no source from
which funds could or would be forthcoming to pay the SAIL
loan; and

4. A certification from the Applicant detailing the
information needed to determine the final billing for SAIL loan
interest. Such certification shall require submission of financial
statements and other documents that may be required by the
Corporation and its servicer.

(4) The Corporation may renegotiate and extend the loan
in order to extend or retain the availability of housing for the
target population. Such renegotiations shall be based upon:

(a) Performance of the Applicant during the SAIL loan
term;

(b) Availability of similar housing stock for the target
population in the area;

(c) Documentation and certification by the Applicant that
funds are available to repay the Note upon maturity;

(d) A plan for the repayment of the loan at the new
maturity date;

(e) Assurance that the security interest of the Corporation
will not be jeopardized by the new term(s); and

(f) Industry standard terms which may include amortizing
loans requiring regularly scheduled payments of principal and
interest.

All loan renegotiation requests, including requests for
extension, must be submitted in writing to the Director of Special
Assets and contain the specific details of the
renegotiation. In addition to any related professional fees, the
Corporation shall charge a non-refundable renegotiation fee as
outlined in the Universal Application instructions.

(5) The Board shall approve requests for mortgage loan
refinancing only if Development Cash Flow is improved, the
Development’s economic viability is maintained, the security
interest of the Corporation is not adversely affected, and the
Credit Underwriter provides a positive recommendation.

(6) The Board shall deny requests for mortgage loan
refinancing which require extension of the SAIL loan term or
otherwise adversely affect the security interest of the
Corporation, unless the criteria outlined in subsection
67-48.0105(5), F.A.C., are met, the Credit Underwriter
recommends that the approval of such a request is crucial to the
economic survival of the Development, or unless the Board
determines that public policy will be better served by the extension as a result of the Applicant agreeing to further extend the Compliance Period or provide additional amenities or resident programs suitable for the resident population. Further, the Board shall limit any approved extension to a minimum term which makes the Development feasible and which does not exceed an industry standard term.

The Board shall deny requests to increase the amount of any superior mortgage, unless the criteria outlined in subsection 67-48.010(15), F.A.C., are met, the original combined loan to value ratio for the superior mortgage and the SAIL mortgage is maintained or improved, and a proportionate amount of the increase in the superior mortgage is used to reduce the outstanding SAIL loan balance.

(1) SAIL loan proceeds shall be disbursed during the construction phase in an amount per Draw which does not exceed the ratio of the SAIL loan to the Total Development Cost, unless approved by the Credit Underwriter.

(2) Ten (10) business days prior to each Draw, the Applicant shall supply the Corporation’s servicer, as agent for the Corporation, with a written request executed by the Applicant for a Draw. The request shall set forth the amount to be paid and shall be accompanied by documentation specified by the Corporation’s servicer including claims for labor and materials to date of the last inspection.

(3) The Corporation and its servicer shall review the request for a Draw, and the servicer shall provide the Corporation with approval of the request or an alternative recommendation, after the title insurer provides an endorsement to the policy of title insurance updating the policy to the date of the current Draw and increasing the insurance coverage to an amount equal to the sum of all prior Draws and the current Draw, without additional exceptions, except those specifically approved in writing by the Corporation.

(4) The Corporation shall disburse construction Draws through Automated Clearing House (ACH). The Applicant may request disbursement of construction Draws via a wire transfer. The Applicant will be charged a fee of $10 for each wire transfer requested. This charge will be netted against the Draw amount.

(5) The Corporation shall elect to withhold any Draw or portion of any Draw, notwithstanding any documentation submitted by the Applicant in connection with the request for a Draw, if:

(a) The Corporation or the Corporation’s servicer determines at any time that the actual cost budget or progress of construction differs from that as shown on the loan documents; or

(b) The percentage of progress of construction of the improvements differs from that shown on the request for a Draw.

(6) The servicer may request submission of revised construction budgets.

(7) Based on the Applicant’s progress of construction, if the Corporation determines that further analysis by the Credit Underwriter is required prior to the release of the final Draw, the Applicant shall pay to the Credit Underwriter a fee based on an hourly rate determined pursuant to the contract between the Corporation and the Credit Underwriter.

(8) Retainage in the amount of 10 percent per Draw shall be held by the servicer during construction until the Development is 50 percent complete. At 50 percent completion, no additional retainage shall be held from the remaining Draws. Release of funds held by the Corporation’s servicer as retainage shall occur pursuant to the SAIL loan agreement.

PART III HOME INVESTMENT PARTNERSHIPS PROGRAM

67-48.014 HOME General Program Procedures and Restrictions.

(1) Unless otherwise provided in the Application instructions, the Corporation shall utilize up to 10 percent of the HOME allocation for administrative costs pursuant to 24 CFR Part 92.

(2) The Corporation shall utilize at least 15 percent of the HOME allocation for CHDOs pursuant to 24 CFR Part 92. In order to apply under the CHDO set-aside, the CHDO must have at least 51 percent ownership interest in the Development held by the General Partner entity and meet all other CHDO requirements as defined by HUD in 24 CFR Part 92 and other Corporation requirements identified in the CHDO Checklist. The CHDO Checklist is adopted and incorporated herein by reference, effective 10-17-06, and is available on the Corporation’s Website under the 2011 Universal Application link labeled Related References and Links or by contacting the HOME-Rental Program at 227 North Bronough Street, Suite 5000, Tallahassee, Florida 32301-1329.

(3) Within the rental cycle administered pursuant to Rule Chapter 67-48, F.A.C., the Corporation will distribute funds as provided in the Universal Application instructions, through a competitive request for proposal (RFP) process, or both.
(4) The maximum per-unit subsidy amount of HOME funds that the Corporation shall invest on a per-unit basis in affordable housing shall not exceed the per-unit dollar limits established by the Corporation as identified in the current Application instructions and included on the HOME Rental FHFC Subsidy Limits chart, which is adopted and incorporated by reference, effective 7-9-09. A copy of such chart is available on the Corporation’s Website under the 2011 Universal Application link labeled Related References and Links or by contacting the HOME-Rental Program at 227 North Bronough Street, Suite 5000, Tallahassee, Florida 32301-1329.

(5) The minimum amount of HOME funds that must be invested in a Rental Development is $1,000 times the number of HOME-Assisted Units in the Development.

(6) A Development qualifies as affordable housing and for HOME funds if, with respect to income and occupancy:

(a) 80 percent of the HOME-Assisted Units are occupied by families whose annual income does not exceed 60 percent of the median family income for the area, as determined by HUD, with adjustments for family size, and

(b) 20 percent of the HOME-Assisted Units are occupied by families whose annual income does not exceed 50 percent of the median family income for the area, as determined by HUD, with adjustments for family size.

(c) When the income of a resident increases above 80 percent of area median income, the next unit that becomes available in the Development must be rented to a HOME income-eligible resident. If the income of a Very Low-Income household increases above the limits for a Very Low-Income household, then the Developer must rent the next available unit to a Very Low-Income household. The amount of rent the resident whose income has increased must pay is the lesser of the amount payable by resident under state or local law or 30 percent of the adjusted monthly income for rent and utilities.

(d) High HOME rent means 80 percent of the HOME-Assisted Units in a Development must have rents set at no more than the lesser of the Section 8 Fair Market Rent (FMRs) or rents that are 30 percent for a Family at 65 percent of median income income limit, minus resident-paid utilities. Low HOME rent means 20 percent of the HOME-Assisted Units in a Development must have rents set at no more than the lesser of the Section 8 Fair Market Rent (FMRs), or 30 percent of the gross income of a Family at 50 percent of the area median income, minus resident-paid utilities. With respect to rent limits, the HOME Rent Chart at 65 percent or 50 percent, or the Fair Market Rent, less the applicable utility allowance, is the maximum rent that can be charged for a HOME Rent-Restricted Unit. HOME-Assisted Units with Section 8 subsidy must compare the Section 8 gross rent (resident rent, subsidy amount, and utility allowance) to the maximum applicable HOME high or low rent limit minus utilities. However, Developments with project-based rental assistance may utilize the project-based rents as compared to the HOME High and Low rents. Compliance with the HOME rent restrictions will take precedence over the Developer’s acceptance of a full Section 8 (resident-based) subsidy for the HOME-Assisted Units. However, if a HOME Rent-Restricted Unit receives federal or state project-based rental subsidy and the Family’s contribution toward rent does not exceed 30 percent of the Family’s adjusted income, then the maximum rent (i.e., tenant contribution plus project-based rental subsidy) is the rent allowable under the federal or state project-based rental subsidy program.

(e) The minimum Compliance Period for Rehabilitation Developments is 15 years from the date the first residential unit is occupied. For Developments that contain occupied units at the time of closing, the Compliance Period shall begin the earlier of (i) the termination of the last lease executed prior to closing of the HOME loan or (ii) at project completion as defined in 24 CFR § 92.2. The Compliance Period will be extended until the loan is repaid as enumerated in subsection 67-48.020(1), F.A.C.

(f) The minimum Compliance Period for newly-constructed rental housing is 20 years from the date the first residential unit is occupied. The Compliance Period will be extended until the loan is repaid as enumerated in subsection 67-48.020(1), F.A.C.

(g) The minimum percentage of HOME-Assisted Units within a Development must be at least equal to the percentage (ratio) calculated by dividing the HOME loan amount by the Total Development Cost. This percentage will be utilized to determine the minimum number of HOME-Assisted Units required within a Development. HOME-Assisted Units must be identified at the time of Application. For purposes of meeting affordable housing requirements for a Development, the HOME-Assisted Units counted may be changed over the Compliance Period, so long as the total number of HOME-Assisted Units remains the same, and the substituted units are, at a minimum, comparable in terms of size, features, and number of bedrooms to the original HOME-Assisted Units.

(h) The Development will remain affordable, pursuant to commitments documented within the executed Land Use Restriction Agreement without regard to the term of the mortgage or to transfer of ownership.

(7) The Development must comply with all applicable provisions of 24 CFR Part 92 and Rule Chapter 67-48, F.A.C.

(8) A Development that is under construction may be eligible to apply for HOME funds only if the final building permit is dated no earlier than six (6) months prior to the Application Deadline, the Development is able to provide evidence of compliance with federal labor standards (if 12 or more HOME-Assisted Units are developed under a single contract) for any work already completed, and the Development is able to provide evidence of compliance with
HUD environmental requirements as well as all other federal HOME regulations as listed in Rule 67-48.014, F.A.C., and 24 CFR Part 92. The federal requirements may require completion of activities prior to submission of an Application for HOME funding.

(9) Any single contract for the development (rehabilitation or new construction) of affordable housing with 12 or more HOME-Assisted Units under the HOME Program must contain a provision requiring that not less than the wages prevailing in the locality, as predetermined by the United States Secretary of Labor pursuant to the Davis-Bacon Act, 40 U.S.C. §§ 3142 – 3144, 3146 and 3147 (2002), which is adopted and incorporated herein by reference, 24 CFR § 92.354, 24 CFR Part 70 (volunteers), which is adopted and incorporated herein by reference, and 40 U.S.C. § 3145 (2002), which is adopted and incorporated herein by reference, will be paid to all laborers and mechanics employed for the construction or rehabilitation of the Development, and such contracts must also be subject to the overtime provisions of the Contract Work Hours and Safety Standards Act, 40 U.S.C. §§ 3701 – 3706 and 3708 (2002), which is adopted and incorporated herein by reference, the Copeland Act (Anti-Kickback Act), 40 U.S.C. § 3145 (2002), and the Fair Labor Standards Act of 1938, as amended (29 U.S.C. § 201 et seq.), which is adopted and incorporated herein by reference. The foregoing provisions are available on the Corporation’s Website under the 2011 Universal Application link labeled Related References and Links.

67-48.020 Terms and Conditions of Loans for HOME Rental Developments.

All HOME Rental Development loans shall be in compliance with the Act, 24 CFR Part 92 and, at a minimum, contain the following terms and conditions:

(1) The HOME loan may be in a first, second, or subordinated lien position. The term of the loan shall be for a minimum period of 15 years for Rehabilitation Developments and 20 years for new construction Developments. The term of the HOME loan may be extended to coterminate with the first mortgage term upon the recommendation of the Credit Underwriter and approval by the Corporation.

(2) The annual interest rate will be determined by the following:

(a) All for-profit Applicants that own 100 percent of the ownership interest in the Development held by the general partner or managing member entity will receive a 1.5 percent per annum interest rate loan.

(b) All qualified non-profit Applicants that own 100 percent of the ownership interest in the Development held by the general partner or managing member entity will receive a 0 percent interest rate loan. For purposes of determining the annual HOME interest rate, the definition of Non-Profit found at Rules 67-48.002 and 67-48.0075, F.A.C., shall not apply; instead, qualified non-profit Applicants shall be those entities defined in 24 CFR Part 92, Section 42(h)(5)(c), subsection 501(c)(3) or 501(c)(4) of the IRC and organized under Chapter 617, F.S., if a Florida corporation, or organized under similar state law if organized in a jurisdiction other than Florida.

(c) If the Applicant is a Public Housing Authority, or if the Applicant is an entity created by a Public Housing Authority under Section 421.08, F.S., and such Public Housing Authority owns 100 percent of the ownership interest in the Development held by the general partner or managing member of such Applicant entity, the loans funded after February 20, 2011 will receive a 0 percent interest rate.

(d) An All Applicants owned in part by a qualified consisting of a non-profit or a Public Housing Authority, but which does not meet the requirements of paragraph (b) or (c) above, and for-profit partnership will, for loans funded after February 20, 2011, receive a 0 percent interest rate loan on the portion of the loan amount equal to the qualified non-profit’s or Public Housing Authority’s ownership interest in the Development held by the general partner or managing member of such Applicant entity. A 1.5 percent interest rate shall be charged on the balance for loans on the portion of the loan amount equal to the for-profit’s interest in the Development held by the general partner or managing member entity. The interest rate charged on the total loan amount shall be determined by blending the rates proportionately. After closing, should the Applicant sell any portion of the Development ownership, the loan interest rate ratio will be adjusted to conform to the new percentage of ownership.

(e) Notwithstanding the provisions of paragraphs (a) through (d) above, the annual interest rate for those HOME Developments are at least partially financed with a MMRB Loan (as defined in Rule Chapter 67-21, F.A.C.) shall be as determined by the Corporation’s Board of Directors.

(3) The loans shall be non-amortizing and repayment of principal shall be deferred until maturity, unless otherwise recommended by the Credit Underwriter and approved by the Corporation.
(a) For HOME Developments that are not at least partially financed with a MMRB Loan (as defined in Rule Chapter 67-21, F.A.C.), interest payments on the loan shall be paid to the Corporation’s servicer annually on the date specified in the Note.

(b) For HOME Developments that are at least partially financed with a MMRB Loan (as defined in Rule Chapter 67-21, F.A.C.) where the HOME loan closed after February 20, 2011:

1. Payment on the loans shall be based upon the Development Cash Flow as determined pursuant to the Financial Reporting Form SR-1, or shall be due annually as determined by the Corporation’s Board of Directors. Such determination by the Board shall be based upon a written recommendation by the Credit Underwriter which has considered the economic and financial viability of the Development as well as the protection of the Corporation’s repayment of principal and interest. Any distribution or payment to the Principal(s) of the Applicant or Developer or any Affiliate of the Principal of the Applicant or Developer or any Affiliate of the Applicant or Developer, whether paid directly or indirectly, which was not expressly disclosed in determining debt service coverage in the Board approved final credit underwriting report, will be added back to the amount of cash available for the HOME loan interest payment, as calculated in the Financial Reporting Form SR-1, for the purpose of determining interest due. Interest may be deferred as set forth in subparagraph 3, below, without constituting a default on the loan.

2. The HOME loans shall be repaid from all Development Cash Flow, and Development Cash Flow shall be applied to pay the following items in order of priority:

a. All superior mortgage fees and debt service;

b. Development Expenses on the HOME loan, including up to 20 percent of total Developer fees per year;

c. Interest payment on HOME loan balance as stated in paragraph 67-48.020(2)(e), F.A.C., over the life of the HOME loan;

d. Interest payments on the HOME loan deferred from previous years;

e. Mandatory payment on subordinate mortgages

After the full HOME loan interest has been paid, the Applicant shall retain all remaining monies, unless the Applicant chooses to prepay a portion of the loan balance.

3. The determination of Development Cash Flow, determination of payment priorities, and payment of interest on HOME loans shall occur annually. Any payments of accrued and unpaid interest due annually on HOME loans shall be deferred to the extent that Development Cash Flow is insufficient to make said payments pursuant to the payment priority schedule established in this rule chapter. If Development Cash Flow is under-reported and such report causes a deferral of HOME interest, such under-reporting shall constitute an event of default on the HOME loan. A penalty of 5 percent of any required payment shall be assessed.

4. As approved by the Board of Directors, loans which finance demonstration Developments or Developments located in a state or federally declared disaster area may be provided with forgivable terms.

5. The accumulation of all Development financing, including the HOME loan and all existing debt within a Development, may not exceed the Total Development Cost, as determined and certified by the Credit Underwriter.

6. Before disbursing any HOME funds, there must be a written agreement with the Applicant ensuring compliance with the requirements of the HOME Program pursuant to this rule chapter and 24 CFR Part 92.

7. A representative of the Applicant and the managing agent of the Development must attend a Corporation-sponsored training session on income certification and compliance procedures.

8. If the Development has 12 or more HOME-Assisted Units to be developed under a single contract, the General Contractor and all available subcontractors shall attend a Corporation-sponsored preconstruction conference regarding federal labor standards provisions.

9. The Corporation shall require adequate insurance to be maintained on the Development as determined by the first mortgage lender or the Corporation’s servicer, but which shall, in any case, include fire, hazard and other insurance sufficient to meet the standards established in Part V, Section 106 of the Fannie Mae DUS Guide, effective August 16, 2007, which is adopted and incorporated herein by reference and available on the Corporation’s Website under the 2011 Universal Application link labeled Related References and Links.

10. All loans must provide that any violation of the terms and conditions described in this rule chapter or 24 CFR Part 92 constitute a default under the HOME loan documents allowing the Corporation to accelerate its loan and seek foreclosure as well as any other remedies legally available to it.

11. If a default on a HOME loan occurs, the Corporation will commence legal action to protect the interest of the Corporation. The Corporation shall acquire real and personal property or any interest in the Development if that acquisition is necessary to protect any HOME loan; sell, transfer, and convey any such property to a buyer without regard to the provisions of Chapters 253 and 270, F.S.; and, if that sale, transfer, or conveyance cannot be consummated within a reasonable time, lease the Development for occupancy by Eligible Persons.

12. The Corporation or its servicer shall monitor the compliance of each Development with all terms and conditions of the HOME loan and shall require that such terms and conditions be recorded in the public records of the county.
where the Development is located. Violation of any term or condition shall constitute a default during the term of the HOME loan.

(13) The Applicant shall not refinance, increase the principal amount, or alter any terms or conditions of any mortgage superior or inferior to the HOME mortgage without prior approval of the Corporation’s Board of Directors. However, an Applicant may reduce the interest rate on any superior or inferior mortgage loan without the Board’s permission, provided that no other terms of the loan are changed. The Corporation must be notified of any such change. Following construction completion, the Board shall deny requests to increase the amount of any superior mortgage, unless the criteria outlined in subsection 67-48.0205(3), F.A.C., are met, the original combined loan to value ratio for the superior mortgage and the HOME mortgage is maintained or improved, and a proportionate amount of the increase in the superior mortgage is used to reduce the outstanding HOME loan balance. To calculate the proportionate amount of the increase in the superior mortgage which must be paid toward the reduction of the HOME loan balance, the following calculation shall be used: divide the amount of the original HOME mortgage by the combined amount of the original HOME mortgage and the original superior mortgage; then multiply the quotient by the amount of the increase in the superior mortgage from the current balance after deducting refinancing costs. For example, if the amount of the original HOME mortgage is $2,000,000, the original superior mortgage is $4,000,000, with a current balance of $3,000,000, a proposed new superior mortgage of $5,000,000, and refinancing costs of $200,000, then the amount of the increase in the superior mortgage after deducting refinancing costs would be $1,800,000, and the proportionate amount of the increase in the superior mortgage which must be paid toward the reduction of the HOME loan balance would be $594,000. This $594,000 would be applied first to accrued interest and then to principal.

(14) Annually, within 151 Calendar Days following the Applicant’s fiscal year end, the Applicant shall provide the Corporation with an audited financial statement and an executed Financial Reporting Form SR-1, Rev. 01-11, which is incorporated by reference and available on the Corporation’s Website under the 2011 Universal Application link labeled ‘Related References and Links.’ The audited financial statement and a copy of the signed Form SR-1, with Parts 1, 2, and 5 completed, shall be submitted in both PDF format and in electronic form as a Microsoft Excel spreadsheet to the Corporation at the following web address: financial.reporting@floridahousing.org. The initial submission will be due following the fiscal year within which the first unit is occupied. In the case where the HOME Development contained occupied units at the time of acquisition, the initial submission will be due following the fiscal year within which the 12 month anniversary of the HOME loan closing is observed. The audited financial statement is to be prepared in accordance with accounting principles generally accepted in the United States of America and audited in accordance with auditing standards generally accepted in the United States of America for the 12 month fiscal year period just ended and shall include:

(a) Comparative Balance Sheet with prior year and current year balances;
(b) Statement of revenue and expenses;
(c) Statement of changes in fund balances or equity;
(d) Statement of cash flows; and
(e) Notes.

The financial statements referenced above should also be accompanied by a certification of the Applicant as to the accuracy of such financial statements. A late fee of $500 will be assessed by the Corporation for failure to submit the above documents by the stated deadline.

(15) Unless and until a guarantor’s obligations for a HOME loan are terminated as approved in writing by the Corporation or its servicer, each guarantor shall furnish to the Corporation or its servicer financial statements as provided in paragraphs (a) through (c) below as the Corporation or its servicer may reasonably request.

(a) The audited financial statements are to be prepared in accordance with accounting principles generally accepted in the United States of America and audited in accordance with auditing standards generally accepted in the United States of America for the 12 month fiscal year period just ended and shall include:

1. Comparative Balance Sheet with prior year and current year balances;
2. Statement of revenue and expenses;
3. Statement of changes in fund balances or equity;
4. Statement of cash flows; and
5. Notes.

The financial statements referenced above should also be accompanied by a certification of the guarantor(s) as to the accuracy of such financial statements; or

(b) If an audited financial statement has not been prepared, a federal income tax return filed for the most recently completed year; or

67-48.0205 Sale, Transfer or Refinancing of a HOME Development.

(1) The HOME loan shall be assumable upon Development sale, transfer or refinancing if the following conditions are met:

(a) The proposed transferee meets all specific Applicant identity criteria which were required as conditions of the original loan;

(b) The proposed transferee agrees to maintain all set-asides and other requirements of the HOME loan for the period originally specified; and

(c) The proposed transferee and Application receives a favorable recommendation from the Credit Underwriter and approval by the Corporation’s Board of Directors.

All assumption requests must be submitted in writing to the Director of Special Assets and contain the specific details of the transfer and assumption. In addition to any related professional fees, the Corporation shall charge a non-refundable assumption fee as outlined in the Universal Application instructions.

(2) If the Development is sold and the proposed transferee does not meet the criteria for assumption of the loan, the HOME loan shall be repaid from the proceeds of the sale. If there will be insufficient funds available from the proposed sale of the Development, the HOME loan shall not be satisfied until the Corporation has received:

(a) An appraisal prepared by an appraiser selected by the Corporation indicating that the purchase price for the Development is reasonable and consistent with existing market conditions;

(b) A certification from the Applicant that the purchase price reported is the actual price paid for the Development and that no other consideration passed between the parties and that the income reported to the Corporation during the term of the loan was true and accurate; and

(c) A certification from the Applicant that there are no Development funds available to repay the loan and the Applicant knows of no source from which funds could or would be forthcoming to pay the loan.

(3) The Board shall approve requests for mortgage loan refinancing only if Development cash flow is improved, the Development’s economic viability is maintained, the security interest of the Corporation is not adversely affected, and the Credit Underwriter provides a positive recommendation.

(4) The Board shall deny requests for mortgage loan refinancing which require extension of the HOME loan term or otherwise adversely affect the security interest of the Corporation unless the criteria outlined in subsection 67-48.0205(3), F.A.C., are met, the Credit Underwriter recommends that the approval of such a request is crucial to the economic survival of the Development or unless the Board determines that public policy will be better served by the extension as a result of the Applicant agreeing to further extend the Compliance Period or provide additional amenities or resident programs suitable for the resident population. Further, the Board shall limit any approved extension to a minimum term which makes the Development feasible and which does not exceed an industry standard term.

67-48.031 Termination of Extended Use Agreement and Disposition of Housing Credit Developments.

The Housing Credit Extended Use Period for any building shall terminate upon the date a building is acquired through foreclosure or instrument in lieu of foreclosure or if no buyer can be found who is willing to maintain the Housing Credit Set-Aside of the Development. In the event the Applicant is unable to locate a buyer willing to maintain the set-aside provisions of the Extended Use Agreement, the following steps shall be taken, as set forth in Section 42(h)(6) of the IRC, before a building is converted to market-rate use:

(1) After the fourteenth year of the Compliance Period, unless otherwise obligated under the Extended Use Agreement, a Land Use Restriction Agreement under another Corporation program, or if Applicant has already knowingly and voluntarily waived its right to request the Corporation find a buyer to acquire the Applicant’s interest in the Housing Credit Set-Aside portion of the building, an Applicant may submit a written request to the Corporation to find a buyer to acquire the Applicant’s interest in the Housing Credit Set-Aside portion of the building. When submitting a written request, Applicants shall utilize the Qualified Contract Package in effect at the time of the written request and shall remit payment of the required Qualified Contract Package fee. The Qualified Contract Package consists of the forms and instructions, obtained from the Corporation at 227 North Bronough Street, Suite 5000, Tallahassee, Florida 32301-1329, or on the Corporation’s Website under the 2011 2009 Universal Application link labeled Related References and Links, which shall be completed and submitted to the Corporation in accordance with this rule chapter in order to request the Corporation find a buyer to acquire the Applicant’s interest in the Housing Credit Set-Aside portion of the building. The Qualified Contract Package, Rev. 09-07, is adopted and incorporated herein by reference.

(2) All information contained in a Qualified Contract Package request is subject to independent review, analysis and verification by the Corporation or its agents. The Corporation shall request additional information to document the qualified contract price calculation or other information submitted, if the submitted documentation does not support the price indicated by the certified public accountant (CPA) hired by the owner. The Corporation shall then engage its own CPA to perform a qualified contract price calculation. Cost of such service shall be paid for by the owner. Following the Corporation’s receipt and complete review of the completed Qualified Contract Package, the Corporation shall have one year to present a “qualified contract”, as defined in Section 42(h)(6)(F) of the IRC, for the Development. The one year time period shall commence upon the Corporation’s receipt and final review of all of the accompanying information required by the Qualified Contract Package and the Corporation and the owner have agreed to the qualified contract price in writing.

(3) The Corporation shall not agree to the qualified contract price in writing until the Applicant or Developer has satisfied any financial obligations for which the Applicant or Developer, or Principal, Affiliate or Financial Beneficiary of an Applicant or a Developer is in arrears to the Corporation or any agent or assignee of the Corporation.

(4) The Applicant is responsible for all real estate broker fees incurred from the sale of the Development.

(5) At the conclusion of the review process established by Rule 67-48.031, F.A.C., each Applicant will be provided with its qualified contract price calculation and notice of rights.

(6) Written arguments to any recommended order entered pursuant to a Section 120.57(2), F.S., proceeding concerning its qualified contract price calculation shall be typed and double-spaced with margins no less than one inch in either Times New Roman 14-point or Courier New 12-point font and may not exceed five (5) pages, excluding the caption and certificate of service. Written arguments must be filed with Florida Housing Finance Corporation’s Clerk at 227 North Bronough Street, Suite 5000, Tallahassee, Florida 32301-1329.
no later than 5:00 p.m., Eastern Time, no later than five (5) Calendar Days from the date of issuance of the recommended order. Failure to timely file a written argument shall constitute a waiver of the right to have a written argument considered by the Board. The one year time period the Corporation has to present a “qualified contract” will toll upon the filing of a petition to contest a qualified contract price calculation and will recommence upon the issuance of the Board’s final order.

(7) The Applicant shall cooperate with the Corporation and its agents with respect to the Corporation’s efforts to present a “qualified contract” for the purchase of the Applicant’s interest in the Housing Credit Set-Aside portion of the Development and the Applicant’s failure to cooperate will toll the one year time period the Corporation has to present a “qualified contract”. The Corporation shall actively seek to obtain a qualified buyer for acquisition of the Housing Credit Set-Aside portion of the building for an amount not less than the Applicable Fraction as specified in the Extended Use Agreement of:

(a) The sum of the outstanding indebtedness secured by the building;
(b) The adjusted investor equity in the building; and
(c) Other capital contributions not reflected in the amounts above, and reduced by cash distributions from the Development.

(8) If the Corporation presents a “qualified contract” and the Applicant fails to enter into a bona fide contract to acquire the Development, as defined in Section 42(h)(6)(F) of the IRC, the Applicant shall irrevocably waive any right to further request that the Corporation present a “qualified contract” for the purchase of the Applicant’s interest in the Housing Credit Set-Aside portion of the Development and the Development will remain subject to the requirements of the Extended Use Agreement.

(9) In the event no buyer is found to acquire the Housing Credit Set-Aside portion of the building within one year as described herein, the Housing Credit Extended Use Period shall be terminated, and the units converted to market-rate.

(10) Pursuant to Section 42(h)(6)(E)(ii) of the IRC, the termination of an Extended Use Agreement shall not be construed to permit the termination of a tenancy, the eviction of any existing resident of any set-aside unit, or any increase in the gross rent with respect to any set-aside unit before the close of the three-year period following such termination. In no case shall any portion of a Housing Credit Development be disposed of prior to the expiration of the Extended Use Agreement.

RULE NO.: 68B-14.0038 Recreational Snapper Seasons

PURPOSE, EFFECT AND SUMMARY: The purpose of this draft rule amendment is to achieve consistency between the Commission’s Reef Fish Rule on the recreational season for red snapper in the Gulf of Mexico and rules that are planned to be implemented by NOAA Fisheries Service on or before June 1, 2011. Reef fish (including red snapper) are managed in Gulf federal waters adjacent to Florida by the Gulf of Mexico Fisheries Management Council, of which Florida is a voting member. The effect of this rule amendment is to allow a 48-day open season for the recreational harvest of red snapper in Gulf state waters that would contribute to the federal rebuilding plan and reduce the likelihood of exceeding the federal recreational quota for red snapper. With this rule amendment, federal and state regulations will be consistently applied. This minimizes public confusion, aids enforceability, and contributes to the overall health and status of red snapper in the Gulf of Mexico. Rule 68B-14.0038, F.A.C., (Recreational Snapper Seasons) would be modified to allow the harvest of red snapper in state waters of the Gulf of Mexico from June 1 through July 18 each year. Additionally, outdated language providing for a supplemental recreational red snapper season in 2010 would be removed.

SUMMARY: Rule 68B-14.0038, F.A.C., (Recreational Snapper Seasons) would be modified to allow a 48-day open season for the recreational harvest of red snapper in state waters of the Gulf of Mexico from June 1 through July 18 each year. Outdated language providing for a supplemental recreational red snapper season in 2010 would be removed.

2. The memorandum shall be made available for examination by the Office upon its request. Any memorandum in support of the opinion, and any other material provided by the company to the Office in connection therewith, is confidential and exempt from the provisions of Section 119.07(1), F.S., as provided in Section 625.121(3)(a)10., Florida Statutes.

(c) If the Office requests a memorandum and no such memorandum exists, or if the Office finds that the analysis described in the memorandum fails to meet the standards of the Actuarial Standards Board or the standards and requirements of this part, the Office may designate a qualified actuary to review the opinion and prepare for review the required supporting memorandum. The reasonable and necessary expense of the independent review shall be paid by the company but shall be directed and controlled by the Office.

(d)1. The reviewing actuary shall have the same status as an examiner for purposes of obtaining data from the company.

2. The work papers and documentation of the reviewing actuary shall be retained by the Office.

3. 4. The reviewing actuary shall not be an employee of a consulting firm involved with the preparation of any prior memorandum or opinion for the insurer pursuant to this part for the current year or any one of the preceding 3 years.

(e) In accordance with Section 625.121(3), Florida Statutes, the appointed actuary shall prepare a regulatory asset adequacy issues summary, the contents of which are specified in subsection 69O-138.047(3), F.A.C.

1. The regulatory asset adequacy issues summary shall be submitted no later than March 15 of the year following the year for which a statement of actuarial opinion based on asset adequacy is required.
2. The regulatory asset adequacy issues summary shall be kept confidential to the same extent and under the same conditions as the actuarial memorandum.

(2) Details of the Memorandum Section Documenting Asset Adequacy Analysis. When an actuarial opinion is provided, the memorandum shall demonstrate that the analysis has been done in accordance with the standards for asset adequacy referred to in subsection 69O-138.043(3), F.A.C., and any additional standards under this part. It shall specify:

(a) For reserves:
1. Product descriptions, including market description, underwriting, and other aspects of a risk profile, and the specific risks the appointed actuary deems significant;
2. Source of liability in force;
3. Reserve method and basis;
4. Investment reserves;
5. Reinsurance arrangements.
6. Identification of any explicit or implied guarantees made by the general account in support of benefits provided through a separate account or under a separate account policy or contract and the methods used by the appointed actuary to provide for the guarantees in the asset adequacy analysis.
7. a. Documentation of assumptions to test reserves for the following:
   (I) Lapse rates (both base and excess);
   (II) Interest crediting rate strategy;
   (III) Mortality;
   (IV) Policyholder dividend strategy;
   (V) Competitor or market interest rate;
   (VI) Annuity rates;
   (VII) Commissions and expenses; and
   (VIII) Morbidity.
   b. The documentation of the assumptions shall be such that an actuary reviewing the actuarial memorandum can form a conclusion as to the reasonableness of the assumptions.
(b) For assets:
1. Portfolio descriptions, including a risk profile disclosing the quality, distribution, and types of assets;
2. Investment and disinvestment assumptions;
3. Source of asset data;
4. Asset valuation bases; and
5. a. Documentation of assumptions made for:
   (I) Default costs;
   (II) Bond call function;
   (III) Mortgage prepayment function;
   (IV) Determining market value for assets sold due to disinvestment strategy; and
   (V) Determining yield on assets acquired through the investment strategy.

b. The documentation of the assumptions shall be such that an actuary reviewing the actuarial memorandum can form a conclusion as to the reasonableness of the assumptions.

(c) For the analysis basis:
1. Methodology;
2. Rationale for inclusion/exclusion of different blocks of business, and how pertinent risks were analyzed;
3. Rationale for degree of rigor in analyzing different blocks of business (include in the rationale the level of “materiality” that was used in determining how rigorously to analyze different blocks of business);
4. Criteria for determining asset adequacy (include in the criteria the precise basis for determining if assets are adequate to cover reserves under “moderately adverse conditions” or other conditions as specified in relevant actuarial standards of practice); and
5. Whether the impact of federal income taxes was considered and the method of treating reinsurance in the asset adequacy analysis.

(d) Summary of material changes in methods, procedures, or assumptions from prior year’s asset adequacy analysis;
(e) Summary of Results; and
(f) Conclusion(s).

(3) Details of the Regulatory Asset Adequacy Issues Summary.

(a) The regulatory asset adequacy issues summary shall include:
1. Descriptions of the scenarios tested (including whether those scenarios are stochastic or deterministic) and the sensitivity testing done relative to those scenarios.
   a. If negative ending surplus results under certain tests in the aggregate, the actuary should describe those tests and the amount of additional reserve as of the valuation date which, if held, would eliminate the negative aggregate surplus values.
   b. Ending surplus values shall be determined by either extending the projection period until the in force and associated assets and liabilities at the end of the projection period are immaterial or by adjusting the surplus amount at the end of the projection period by an amount that appropriately estimates the value that can reasonably be expected to arise from the assets and liabilities remaining in force.
2. The extent to which the appointed actuary uses assumptions in the asset adequacy analysis that are materially different than the assumptions used in the previous asset adequacy analysis;
3. The amount of reserves and the identity of the product lines that had been subjected to asset adequacy analysis in the prior opinion but were not subject to analysis for the current opinion;
4. Comments on any interim results that may be of significant concern to the appointed actuary. For example, the impact of the insufficiency of assets to support the payment of benefits and expenses and the establishment of statutory reserves during one or more interim periods;

5. The methods used by the actuary to recognize the impact of reinsurance on the company’s cash flows, including both assets and liabilities, under each of the scenarios tested; and

6. Whether the actuary has been satisfied that all options whether explicit or embedded, in any asset or liability (including but not limited to those affecting cash flows embedded in fixed income securities) and equity-like features in any investments have been appropriately considered in the asset adequacy analysis.

(b) The regulatory asset adequacy issues summary shall contain the name of the company for which the regulatory asset adequacy issues summary is being supplied and shall be signed and dated by the appointed actuary rendering the actuarial opinion.

(4) Conformity to Standards of Practice. The memorandum shall include a statement:

“Actuarial methods, considerations, and analyses used in the preparation of this memorandum conform to the appropriate Standards of Practice as promulgated by the Actuarial Standards Board which form the basis for this memorandum.”

(5) Use of Assets Supporting the Interest Maintenance Reserve and the Asset Valuation Reserve.

(a) An appropriate allocation of assets in the amount of the Interest Maintenance Reserve (IMR), whether positive or negative, shall be used in any asset adequacy analysis.
1. Analysis of risks regarding asset default may include an appropriate allocation of assets supporting the Asset Valuation Reserve (AVR); these AVR assets may not be applied for any other risks with respect to reserve adequacy.
2. Analysis of these and other risks may include assets supporting other mandatory or voluntary reserves available to the extent not used for risk analysis and reserve support.
(b) The amount of the assets used for the AVR shall be disclosed in the Table of Reserves and Liabilities of the opinion and in the memorandum.
2. The method used for selecting particular assets or allocated portions of assets shall be disclosed in the memorandum.

(6) Documentation. The appointed actuary shall retain on file for at least seven (7) years sufficient documentation so that it will be possible to determine the procedures followed, the analyses performed, the bases for assumptions and the results obtained.

(3) Definitions.

(4) 2001 CSO Preferred Class Structure Table.

(a) At the election of the company, for each calendar year of issue, for any one or more specified plans of insurance and subject to satisfying the conditions stated in this rule, the 2001 CSO Preferred Class Structure Mortality Table may be substituted in place of the 2001 CSO Smoker or Nonsmoker Mortality Table as the minimum valuation standard for policies issued on or after January 1, 2007.

1. On valuation dates beginning with December 31, 2010, for policies issued on or after January 1, 2005 for policies not issued in this state, and on or after June 8, 2005, for policies issued in this state, and prior to January 1, 2007 wherever issued, these tables may be substituted with the consent of the commissioner and subject to the conditions of subsection (5).

(5) Conditions.

1880 Section II - Proposed Rules
(a) For each plan of insurance with separate rates for Preferred and Standard Nonsmoker lives, an insurer may use the Super Preferred Nonsmoker, Preferred Nonsmoker, and Residual Standard Nonsmoker tables to substitute for the Nonsmoker mortality table found in the 2001 CSO Mortality Table to determine minimum reserves. At the time of election and annually thereafter, except for business valued under the Residual Standard Nonsmoker Table, the appointed actuary shall certify that:

1. The present value of death benefits over the next ten years after the valuation date, using the anticipated mortality experience without recognition of mortality improvement beyond the valuation date for each class, is less than the present value of death benefits using the valuation basic table corresponding to the valuation table being used for that class.

2. The present value of death benefits over the future life of the contracts, using anticipated mortality experience without recognition of mortality improvement beyond the valuation date for each class, is less than the present value of death benefits using the valuation basic table corresponding to the valuation table being used for that class.

(b) For each plan of insurance with separate rates for Preferred and Standard Smoker lives, an insurer may use the Preferred Smoker and Residual Standard Smoker tables to substitute for the Smoker mortality table found in the 2001 CSO Mortality Table to determine minimum reserves. At the time of election and annually thereafter, for business valued under the Preferred Smoker Table, the appointed actuary shall certify that:

1. The present value of death benefits over the next ten years after the valuation date, using the anticipated mortality experience without recognition of mortality improvement beyond the valuation date for each class, is less than the present value of death benefits using the Preferred Smoker valuation basic table corresponding to the valuation table being used for that class.

2. The present value of death benefits over the future life of the contracts, using anticipated mortality experience without recognition of mortality improvement beyond the valuation date for each class, is less than the present value of death benefits using the Preferred Smoker valuation basic table corresponding to the valuation table being used for that class.

(c) The use of the 2001 CSO Preferred Class Structure Table for the valuation of policies issued prior to January 1, 2007 shall not be permitted in any statutory financial statement in which a company reports, with respect to any policy or portion of a policy coinsured, either of the following:

1. In cases where the mode of payment of the reinsurance premium is less frequent than the mode of payment of the policy premium, a reserve credit that exceeds, by more than the amount specified in this paragraph as Y, the gross reserve calculated before reinsurance. Y is the amount of the gross reinsurance premium that (a) provides coverage for the period from the next policy premium due date to the earlier of the end of the policy year and the next reinsurance premium due date, and (b) would be refunded to the ceding entity upon the termination of the policy.

2.a. In cases where the mode of payment of the reinsurance premium is more frequent than the mode of payment of the policy premium, a reserve credit that is less than the gross reserve, calculated before reinsurance, by an amount that is less than the amount specified in this paragraph as Z. Z is the amount of the gross reinsurance premium that the ceding entity would need to pay the assuming company to provide reinsurance coverage from the period of the next reinsurance premium due date to the next policy premium due date minus any liability established for the proportionate amount not remitted to the reinsurer.

b. For purposes of this condition, the reserve (i) for the mean reserve method shall be defined as the mean reserve minus the deferred premium asset, and (ii) for the midterminal reserve method shall include the unearned premium reserve. A company may estimate and adjust its accounting on an aggregate basis in order to meet the conditions to use the 2001 CSO Preferred Class Structure Table.

(6) Effective Date. This rule shall be effective for policies issued on or after January 1, 2007, for valuation dates on or after the date this rule becomes effective.

exercise of a reentry provision contained in the original life
insurance policy of the same or greater face amount, issued
before January 1, 2000, that guarantees the premium rates of
the new policy. This rule also shall not apply to subsequent
policies issued as a result of the exercise of such a provision, or
a derivation of the provision, in the new policy.

2. This rule shall not apply to any universal life policy that
meets all the following requirements:
   a. Secondary guarantee period, if any, is 5 years or less;
   b. Specified premium for the secondary guarantee period
is not less than the net level reserve premium for the secondary
guarantee period based on the CSO valuation tables as defined
in paragraph (4)(f), or the ultimate mortality tables specified in
subsection 69O-162.201(6), F.A.C., and the applicable
valuation interest rate; and
   c. The initial surrender charge is not less than 100 percent
of the first year annualized specified premium for the
secondary guarantee period.

3. This rule shall not apply to any variable life insurance
policy that provides for life insurance the amount or duration
of which varies according to the investment experience of any
separate account or accounts.

4. This rule shall not apply to any variable universal life
insurance policy that provides for life insurance the amount or
duration of which varies according to the investment experience of any
separate account or accounts.

5. This rule shall not apply to a group life insurance
certificate unless the certificate provides for a stated or implied
schedule of maximum gross premiums required in order to
continue coverage in force for a period in excess of one year.

(b) Conditions.
1. Calculation of the minimum valuation standard for
policies with guaranteed nonlevel gross premiums or
guaranteed nonlevel benefits (other than universal life
policies), or both, shall be in accordance with the provisions of
subsection (6).

2. Calculation of the minimum valuation standard for
flexible premium and fixed premium universal life insurance
policies that contain provisions resulting in the ability of a
policyholder to keep a policy in force over a secondary
guarantee period shall be in accordance with the provisions of
subsection (7).
(4) Definitions. For purposes of this rule:

(a) “Basic reserves” means reserves calculated in accordance with Section 625.121(7), Florida Statutes.

(b) 1. “Contract segmentation method” means the method of dividing the period from issue to mandatory expiration of a policy into successive segments, with the length of each segment being defined as the period from the end of the prior segment (from policy inception for the first segment) to the end of the latest policy year as determined below. All calculations are made using the 1980 CSO valuation tables, as defined in paragraph (f), or the mortality tables specified in subsection 69O-162.201(6), F.A.C., and, if elected, the optional minimum mortality standard for deficiency reserves stipulated in paragraph (5)(b) of this rule.

2. The length of a particular contract segment shall be set equal to the minimum of the value \( t \) for which \( G_t \) is greater than \( R_t \) (if \( G_t \) never exceeds \( R_t \) the segment length is deemed to be the number of years from the beginning of the segment to the mandatory expiration date of the policy), where \( G_t \) and \( R_t \) are defined as follows:

\[
GP_{x+k+t} = \frac{G_{t}}{1000}; \quad GP_{x+k+t-1} = \frac{G_{t-1}}{1000}
\]

\[
x = \text{original issue age};
\]

\[
k = \text{the number of years from the date of issue to the beginning of the segment};
\]

\[
t = 1, 2, \ldots; \quad t \text{ is reset to 1 at the beginning of each segment};
\]

\[
G_t = \frac{\text{Guaranteed gross premium per thousand of face amount for year } t \text{ of the segment, ignoring policy fees only if level for the premium paying period of the policy.}}{1000}
\]

\[
R_t = \frac{\text{Present value of any unusual guaranteed cash value occurring at the end of the segment, less}}{1000}
\]

\[
R_t = \frac{\text{Present value of any unusual guaranteed cash value occurring at the start of the segment, plus}}{1000}
\]

\[
\text{Present value of the death benefits within the segment, plus}
\]

\[
\text{The present value of all future guaranteed benefits less the present value of all future net premiums to the mandatory expiration of a policy, where the net premiums within each segment are a uniform percentage of the respective guaranteed gross premiums within the segment. The uniform percentage for each segment is such that, at the beginning of the segment, the present value of the net premiums within the segment equals:}
\]

a. The present value of the death benefits within the segment, plus

b. The present value of any unusual guaranteed cash value (see paragraph (6)(d)) occurring at the end of the segment, less

c. Any unusual guaranteed cash value occurring at the start of the segment, plus

d. For the first segment only, the excess of the Item (I) over Item (II), as follows:

(I) A net level annual premium equal to the present value at the date of issue of the benefits provided for in the first segment after the first policy year; divided by the present value at the date of issue of an annuity of 1 per year payable on the first and each subsequent anniversary within the first segment on which a premium falls due. However, the net level annual premium shall not exceed the net level annual premium on the 19 year premium whole life plan of insurance of the same renewal year equivalent level amount at an age one year higher than the age at issue of the policy.

(II) A net 1 year term premium for the benefits provided for in the first policy year.

2. The length of each segment is determined by the “contract segmentation method,” as defined in this rule.
3. The interest rates used in the present value calculations for any policy shall not exceed the maximum valuation interest rate, determined with a guarantee duration equal to the sum of the lengths of all segments of the policy.

4. For both basic reserves and deficiency reserves computed by the segmented method, present values shall include future benefits and net premiums in the current segment and in all subsequent segments.
   a. The segmentation requirement shall not be limited to plans with no cash surrender values; otherwise companies could avoid segmentation entirely by designing policies with minimal (positive) cash values.
   b. Segmentation for plans with cash surrender values shall be based solely upon gross premium levels.
   c. Basing segmentation upon the level of cash surrender values introduces complications because of the inter-relationship between minimum cash surrender values and gross premium patterns.
   d. The requirements of this rule relating to reserves for plans with unusual cash values and to reserves if cash values exceed calculated reserves serve to link required reserves and cash surrender values.
   e. The calculation of segmented reserves shall not be linked to the occurrence of a positive unitary terminal reserve at the end of a segment.
   f. The requirement of this rule to hold the greater of the segmented reserve or the unitary reserve eliminates the need for any linkage.
      i. “Tabular cost of insurance” means the net single premium at the beginning of a policy year for 1 year term insurance in the amount of the guaranteed death benefit in that policy year.
   k.1. “Unitary reserves” means the present value of all future guaranteed benefits less the present value of all future modified net premiums, where:
      a. Guaranteed benefits and modified net premiums are considered to the mandatory expiration of the policy; and
      b. Modified net premiums are a uniform percentage of the respective guaranteed gross premiums, where the uniform percentage is such that at issue the present value of the net premiums equals the present value of all death benefits and pure endowments, plus the excess of Item (I) over Item (II), as follows:
         (I) A net level annual premium equal to the present value at the date of issue of the benefits provided for after the first policy year, divided by the present value, at the date of issue, of an annuity of one per year payable on the first and each subsequent anniversary of the policy on which a premium falls due. However, the net level annual premium shall not exceed the net level annual premium on the 19 year premium whole life plan of insurance of the same renewal year equivalent level amount at an age 1 year higher than the age at issue of the policy.
         (II) A net 1 year term premium for the benefits provided for in the first policy year.
      2. The interest rates used in the present value calculations for any policy shall not exceed the maximum valuation interest rate, determined with a guarantee duration equal to the length from issue to the mandatory expiration of the policy.
      (I) “Universal life insurance policy” means any individual life insurance policy under the provisions of which separately identified interest credits (other than in connection with dividend accumulations, premium deposit funds, or other supplementary accounts) and mortality or expense charges are made to the policy.
      (5) General Calculation Requirements for Basic Reserves and Premium Deficiency Reserves.
         a. At the election of the insurer for any one or more specified plans of life insurance, the minimum mortality standard for basic reserves may be calculated using the 1980 CSO valuation tables with select mortality factors or the mortality tables specified in subsection 69O-162.201(6), F.A.C. If select mortality factors are elected for use with the 1980 CSO valuation tables, they may be:
            i. The 10 year select mortality factors incorporated into the 1980 amendments to the NAIC Standard Valuation Law; or
            ii. The select mortality factors in the Appendix.
         b. Deficiency reserves, if any, are calculated for each policy as the excess, if greater than zero, of the quantity A over the basic reserve.
            i. The quantity A is obtained by recalculating the basic reserve for the policy using guaranteed gross premiums instead of net premiums when the guaranteed gross premiums are less than the corresponding net premiums.
            ii. At the election of the insurer for any one or more specified plans of insurance, the quantity A and the corresponding net premiums used in the determination of quantity A may be based upon the 1980 CSO valuation tables with select mortality factors or the mortality tables specified in subsection 69O-162.201(6), F.A.C. If select mortality factors are elected for use with the 1980 CSO valuation tables, they may be:
               a. The 10 year select mortality factors incorporated into the 1980 amendments to the NAIC Standard Valuation Law; and
               b. The select mortality factors in the Appendix of this rule.
               c. For durations in the first segment, X percent of the select mortality factors in the Appendix, subject to the following:
                  i. X may vary by policy year, policy form, underwriting classification, issue age, or any other policy factor expected to affect mortality experience;
                  (II) X shall not be less than 20 percent.
(III) X shall not decrease in any successive policy years.

(IV) X is such that, when using the valuation interest rate used for basic reserves, item (A) is greater than or equal to Item (B):

(A) The actuarial present value of future death benefits, calculated using the mortality rates resulting from the application of X;

(B) The actuarial present value of future death benefits calculated using anticipated mortality experience without recognition of mortality improvement beyond the valuation date;

(III) X is such that the mortality rates resulting from the application of X are at least as great as the anticipated mortality experience, without recognition of mortality improvement beyond the valuation date, in each of the first 5 years after the valuation date;

(IV) The appointed actuary shall increase X at any valuation date where it is necessary to continue to meet all the requirements of subparagraph (b)3.;

(V) The appointed actuary may decrease X at any valuation date as long as X does not decrease in any successive policy years and as long as it continues to meet all the requirements of subparagraph (b)3.; and

(VI) The appointed actuary shall specifically take into account the adverse effect on expected mortality and lapsation of any anticipated or actual increase in gross premiums.

VII. X shall be less than X by at least 100 percent at any duration for any policy, the following requirements shall be met:

(A) The appointed actuary shall annually prepare an actuarial opinion and memorandum for the company in conformance with the requirements of Rule Chapter 69O-138, F.A.C.; and

(B) The appointed actuary shall annually opine for all policies subject to this rule as to whether the mortality rates resulting from the application of X meet the requirements of subparagraph (b)2.c.

I. The opinion shall be supported by an actuarial report, subject to appropriate Actuarial Standards of Practice promulgated by the Actuarial Standards Board of the American Academy of Actuaries.

II. The X factors shall reflect anticipated future mortality without recognition of mortality improvement beyond the valuation date, taking into account relevant emerging experience.

(C) The appointed actuary shall disclose, in the Regulatory Asset Adequacy Issues Summary, the impact of the insufficiency of assets to support the payment of benefits and expenses and the establishment of statutory reserves during one or more interim periods;

(c) This subsection applies to both basic reserves and deficiency reserves. Any set of select mortality factors may be used only for the first segment. However, if the first segment is less than 10 years, the appropriate 10 year select mortality factors incorporated into the 1980 amendments to the NAIC Standard Valuation Law may be used thereafter through the tenth policy year from the date of issue.

(d) In determining basic reserves or deficiency reserves, guaranteed gross premiums without policy fees may be used where the calculation involves the guaranteed gross premium, but only if the policy fee is a level dollar amount after the first policy year. In determining deficiency reserves, policy fees may be included in guaranteed gross premiums even if not included in the actual calculation of basic reserves.

(e) Reserves for policies that have changes to guaranteed gross premiums, guaranteed benefits, guaranteed charges, or guaranteed credits that are unilaterally made by the insurer after issue and that are effective for more than 1 year after the date of the change shall be the greatest of the following:

1. Reserves calculated ignoring the guarantee;

2. Reserves assuming the guarantee was made at issue; and

3. Reserves assuming that the policy was issued on the date of the guarantee.

(f) The company shall document the extent of the adequacy of reserves for material blocks, including policies issued prior to the effective date of this rule. The documentation shall include:

1. A demonstration of the extent to which aggregation with immaterial blocks of business is relied upon in the formation of the appointed actuary opinion pursuant to and consistent with the requirements of Chapter 69O-138, F.A.C.; and

2. A definition of material.

(6) Calculation of Minimum Valuation Standard for Policies with Guaranteed Nonlevel Gross Premiums or Guaranteed Nonlevel Benefits (Other than Universal Life Policies).

(a) Basic Reserves. Basic reserves shall be calculated as the greater of the segmented reserves and the unitary reserves. Both the segmented reserves and the unitary reserves for any policy shall use the same valuation mortality table and selection factors. At the option of the insurer in calculating segmented reserves and net premiums either of the adjustments described in subparagraph 1. or 2. below may be made:

1. Treat the unitary reserve, if greater than zero, applicable at the end of each segment as a pure endowment and subtract the unitary reserve, if greater than zero, applicable at the beginning of each segment from the present value of guaranteed life insurance and endowment benefits for each segment.

2. Treat the guaranteed cash surrender value, if greater than zero, applicable at the end of each segment as a pure endowment; and subtract the guaranteed cash surrender value,
1. For any policy with an unusual pattern of guaranteed cash surrender values, the reserves actually held prior to the first unusual guaranteed cash surrender value shall not be less than the reserves calculated by treating the first unusual guaranteed cash surrender value as a pure endowment and treating the policy as an n year policy providing term insurance plus a pure endowment equal to the unusual cash surrender value, where n is the number of years from the date of issue to the date the unusual cash surrender value is scheduled.

2. The reserves actually held subsequent to any unusual guaranteed cash surrender value shall not be less than the reserves calculated by treating the policy as an n year policy providing term insurance plus a pure endowment equal to the next unusual guaranteed cash surrender value, and treating any unusual guaranteed cash surrender value at the end of the prior segment as a net single premium, where:
   a. n is the number of years from the date of the last unusual guaranteed cash surrender value prior to the valuation date to the earlier of:
      (I) The date of the next unusual guaranteed cash surrender value, if any, that is scheduled after the valuation date; or
      (II) The mandatory expiration date of the policy; and
   b. The net premium for a given year during the n year period is equal to the product of the net to gross ratio and the respective gross premium; and
   c. The net to gross ratio is equal to Item I divided by Item II as follows:
      (I)(A) The present value at the beginning of the n year period of death benefits payable during the n year period, plus
      (B) The present value at the beginning of the n year period of the next unusual guaranteed cash surrender value, if any, minus
      (C) The amount of the last unusual guaranteed cash surrender value, if any, scheduled at the beginning of the n year period.

   (II) The present value at the beginning of the n year period of the scheduled gross premiums payable during the n year period.

3. For purposes of this subsection, a policy is considered to have an unusual pattern of guaranteed cash surrender values if any future guaranteed cash surrender value exceeds the prior year’s guaranteed cash surrender value by more than the sum of:
   a. 110 percent of the scheduled gross premium for that year;
   b. 110 percent of one year’s accrued interest on the sum of the prior year’s guaranteed cash surrender value and the scheduled gross premium using the nonforfeiture interest rate used for calculating policy guaranteed cash surrender values; and
   c. 5 percent of the first policy year surrender charge, if any.
(e) Optional Exemption for Yearly Renewable Term Reinsurance. At the option of the company, the following approach for reserves on YRT reinsurance may be used:

1. Calculate the valuation net premium for each future policy year as the tabular cost of insurance for that future year.
2. Basic reserves shall never be less than the tabular cost of insurance for the appropriate period, as defined in paragraph (c).
3. Deficiency reserves.
   a. For each policy year, calculate the excess, if greater than zero, of the valuation net premium over the respective maximum guaranteed gross premium.
   b. Deficiency reserves shall never be less than the sum of the present values, at the date of valuation, of the excesses determined in accordance with paragraph (a) above.
4. For purposes of this subsection, the calculations use the maximum valuation interest rate and the 1980 CSO mortality tables with or without 10 year select mortality factors or the mortality tables specified in subsection 69O-162.201(6), F.A.C.
5. A reinsurance agreement shall be considered YRT reinsurance for purposes of this subsection if only the mortality risk is reinsured.
6. If the assuming company chooses this optional exemption, the ceding company’s reinsurance reserve credit shall be limited to the amount of reserve held by the assuming company for the affected policies.

(f) Optional Exemption for Attained-Age-Based Yearly Renewable Term Life Insurance Policies. At the option of the company, the following approach for reserves for attained-age-based YRT life insurance policies may be used:

1. Calculate the valuation net premium for each future policy year as the tabular cost of insurance for that future year.
2. Basic reserves shall never be less than the tabular cost of insurance for the appropriate period, as defined in paragraph (6)(c).
3. Deficiency reserves.
   a. For each policy year, calculate the excess, if greater than zero, of the valuation net premium over the respective maximum guaranteed gross premium.
   b. Deficiency reserves shall never be less than the sum of the present values at the date of valuation of the excesses determined in accordance with sub-subparagraph a. above.
4. For purposes of this subsection, the calculations use the maximum valuation interest rate and the 1980 CSO mortality tables with or without 10 year select mortality factors or the mortality tables specified in subsection 69O-162.201(6), F.A.C.
5. A policy shall be considered an attained-age-based YRT life insurance policy for purposes of this subsection if:
   a. The premium rates on both the initial current premium scale and the guaranteed maximum premium scale are based upon the attained age of the insured such that the rate for any policy at a given attained age of the insured is independent of the year the policy was issued; and
   b. The premium rates on both the initial current premium scale and the guaranteed maximum premium scale are the same as the premium rates for policies covering all insureds of the same sex, risk class, plan of insurance, and attained age.
6. For policies that become attained-age-based YRT policies after an initial period of coverage, the approach of this subsection may be used after the initial period if:
   a. The initial period is constant for all insureds of the same sex, risk class, and plan of insurance; or
   b. The initial period runs to a common attained age for all insureds of the same sex, risk class, and plan of insurance; and
   c. After the initial period of coverage, the policy meets the conditions of subparagraph 5. above.
7. If this election is made, this approach shall be applied in determining reserves for all attained-age-based YRT life insurance policies issued on or after the effective date of this rule.

(g) Exemption from Unitary Reserves for Certain n-Year Renewable Term Life Insurance Policies. Unitary basic reserves and unitary deficiency reserves need not be calculated for a policy if the following conditions are met:

1. The policy consists of a series of n-year periods including the first period and all renewal periods where n is the same for each period, except that for the final renewal period, n may be truncated or extended to reach the expiry age, provided that:
   a. This final renewal period is less than 10 years and less than twice the size of the earlier n-year periods, and
   b. For each period, the premium rates on both the initial current premium scale and the guaranteed maximum premium scale are level;
2. The guaranteed gross premiums in all n-year periods are not less than the corresponding net premiums based upon the 1980 CSO Table with or without the 10 year select mortality factors or the mortality tables specified in subsection 69O-162.201(6), F.A.C.; and
3. There are no cash surrender values in any policy year.

(h) Exemption from Unitary Reserves for Certain Juvenile Policies. Unitary basic reserves and unitary deficiency reserves need not be calculated for a policy if the following conditions are met, based upon the initial current premium scale at issue:

1. At issue, the insured is age 24 or younger;
2. Until the insured reaches the end of the juvenile period, which shall occur at or before age 25, the gross premiums and death benefits are level, and there are no cash surrender values; and
3. After the end of the juvenile period, gross premiums are level for the remainder of the premium paying period, and death benefits are level for the remainder of the life of the policy.

(a) General.
1. Policies with a secondary guarantee include:
   a. A policy with a guarantee that the policy will remain in force at the original schedule of benefits, subject only to the payment of specified premiums;
   b. A policy in which the minimum premium at any duration is less than the corresponding 1 year valuation premium, calculated using the maximum valuation interest rate and the 1980 CSO valuation tables with or without 10 year select mortality factors or the mortality tables specified in subsection 69O-162.201(6), F.A.C.; or
   c. A policy with any combination of subparagraph a. and b.
2. A secondary guarantee period is the period for which the policy is guaranteed to remain in force subject only to a secondary guarantee.
   a. When a policy contains more than one secondary guarantee, the minimum reserve shall be the greatest of the respective minimum reserves at that valuation date of each unexpired secondary guarantee, ignoring all other secondary guarantees.
   b. Secondary guarantees that are unilaterally changed by the insurer after issue shall be considered to have been made at issue.
   c. Reserves described in paragraphs (b) and (c) below shall be recalculated from issue to reflect these changes.
3. Specified premiums mean the premiums specified in the policy, the payment of which guarantees that the policy will remain in force at the original schedule of benefits but which otherwise would be insufficient to keep the policy in force in the absence of the guarantee if maximum mortality and expense charges and minimum interest credits were made and any applicable surrender charges were assessed.
4. a. For purposes of this section, the minimum premium for any policy year is the premium that, when paid into a policy with a zero account value at the beginning of the policy year, produces a zero account value at the end of the policy year.
   b. The minimum premium calculation shall use the policy cost factors (including mortality charges, loads, and expense charges) and the interest crediting rate which are all guaranteed at issue.
5. a. The 1 year valuation premium means the net 1 year premium based upon the original schedule of benefits for a given policy year.
   b. The 1 year valuation premiums for all policy years are calculated at issue.
   c. The select mortality factors defined in subparagraphs (5)(b), 3., and 4. shall not be used to calculate the 1 year valuation premiums.
6. The 1 year valuation premium shall reflect the frequency of fund processing, as well as the distribution of deaths assumptions employed in the calculation of the monthly mortality charges to the fund.

(b) Basic Reserves for the Secondary Guarantees.
1. Basic reserves for the secondary guarantees shall be the segmented reserves for the secondary guarantee period.
2. In calculating the segments and the segmented reserves, the gross premiums shall be set equal to the specified premiums, if any, or otherwise to the minimum premiums that keep the policy in force.
3. The segments will be determined according to the contract segmentation method as defined in paragraph (4)(b).
(c) Deficiency Reserves for the Secondary Guarantees. Deficiency reserves, if any, for the secondary guarantees shall be calculated for the secondary guarantee period in the same manner as described in paragraph (6)(b) with gross premiums set equal to the specified premiums, if any, or otherwise to the minimum premiums that keep the policy in force.
(d) Minimum Reserves. The minimum reserves during the secondary guarantee period are the greater of:
   1. The basic reserves for the secondary guarantee plus the deficiency reserve, if any, for the secondary guarantees; or
   2. The minimum reserves required by Rule 69O-164.010, F.A.C., governing universal life plans.

(9) Effective Date.
(a) This rule shall be effective for policies issued on or after January 1, 2000 for valuation dates on or after the date this rule is adopted.
(b) For valuation dates prior to the effective date of this rule, at the option of the company, the company may report reserves for policies issued in calendar year 2000 based upon this rule.

COURSE DESCRIPTIONS
State Board of Education (SBE) Rules 6A 1.09112, 6A 1.09114, and 6A 6.0571, FAC, which address Course Descriptions, allow districts and schools greater flexibility in designing educational programs which meet the needs of their students. Districts are authorized to approve a variance of up to 10% of the course requirements of any Course Description. In addition, district school boards may request a waiver to allow a school to substitute locally-approved course requirements within a Course Description, provided these substitutions adequately address the major concepts and content contained in the Course Description and provided the waiver request is submitted in accordance with specified procedures. Career and technical education (CTE) licensure/certification programs may not use the 10% variance.

COMMUNITY SERVICE
Section 1003.43(k), F.S., For students entering 9th grade prior to school year 2007-2008, allows school boards to award a maximum of one-half credit in social studies and one-half elective credit for student completion of non-paid voluntary community or school service work. Students choosing this option must complete a minimum of 75 hours of service in order to earn the one-half credit in either category of instruction. In order to earn two one-half credits, students would have to complete 150 hours of service. Credit may not be earned for service provided as a result of court action. School boards that approve the award of credit for student volunteer service must develop guidelines regarding the award of such credit, and school principals are responsible for...
approving specific volunteer activities. Under the provisions of this legislation, the DOE has prepared course descriptions for a half-credit elective course in social studies, Voluntary School/Community Service (2104330) and a half-credit general elective course, Voluntary Public Service (0500370). The following change was made on page 30:

Subsection 6A-1.0955(3), F.A.C. Rule 6A-1.0955(3)(a)(7), F.A.C., requires each school district to keep a record of courses taken and a record of achievement, such as grades, unit, or certification of competence. Student records cannot be altered at any time unless it has been determined that the information is inaccurate or in violation of the privacy or other rights of the student. All courses and grades must be included on the student’s transcript. The authority for the school board to adopt a forgiveness policy does not provide the authority to alter a student’s record to delete the forgiven course and grade. The forgiveness policy authorization is for the express purpose of assisting students in meeting the requirements necessary to graduate from high school, including a minimum grade point average and successful completion of academic credit or curriculum requirements. The school board does not have the authority to purge that student’s record to delete the first grade. All forgiven courses and grades must be included on a student’s transcript as an accurate reflection of the student’s record of achievement.

Beginning with students entering grade 9 in the 2006-07 school year, the revised language for Section 1007.27(16), F.S., requires districts to weigh dual enrollment courses the same as AP, IB, and AICE courses when grade point averages are calculated. Alternative grade...

College Preparatory Courses

The following courses are considered college preparatory to meet eligibility requirements of the Bright Futures Scholarship Program.

As one-semester, stand-alone courses, the College Success courses count as electives toward high school graduation. A student must successfully complete both pass each courses to receive core English or mathematics with a grade of “C” or higher and pass the Florida Basic Skills Exit Test at a locally determined cut score to be guaranteed entry to the first college credit course in the subject area credit. As paired courses, and with GPA requirements, the College Success courses will satisfy core English or mathematics subject area requirements for high school graduation purposes, and are considered college-preparatory for the Bright Futures Scholarship Program.

A listing of all other college preparatory courses may be found in the Counseling for Future Education Handbook.

#### Emergency Rules

**STATE BOARD OF ADMINISTRATION**

**RULE NO.:** 19ER11-2
**RULE TITLE:** Reimbursement Contract

**SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY OR WELFARE:** Emergency Rule 19ER11-2 (19-8.010), Reimbursement Contract, implements statutory changes made by CS/CS/CS/SB 408. Specifically, this legislation changes the definition of “losses” which are reimbursable by the Florida Hurricane Catastrophe Fund (FHCF) and makes these changes effective for the 2011/2012 Contract Year which began on June 1, 2011. Therefore, time is of the essence in getting the incorporated forms amended and in effect as soon as possible.

**REASON FOR CONCLUDING THAT THE PROCEDURE IS FAIR UNDER THE CIRCUMSTANCES:** Hurricane Season began on June 1st and using the emergency rule process is the only way to implement the new legislation immediately. The emergency rule was authorized at a published meeting open to the public and is posted to the FHCF’s website.

**SUMMARY:** The legislation changes the definition of “losses”, effective for the 2011/2012 Contract Year. Losses now covered by the FHCF are “all incurred losses under covered policies….” New language specifically includes “amounts paid as fees on behalf of or inuring to the benefit of a policyholder.” New language specifically excludes losses under liability coverages, property losses that are proximately caused by any peril other than a covered event, amounts paid as the result of a voluntary expansion of coverage by the insurer, amounts paid to reimburse a policyholder for condominium association or homeowners’ association loss assessments, bad faith awards, punitive damage awards, other court-imposed fines, sanctions, or penalties, amounts in excess of the coverage limits under the covered policy and allocated or unallocated loss adjustment expenses.

**THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULE IS:** Jack E. Nicholson, Chief Operating Officer, Florida Hurricane Catastrophe Fund, State Board of Administration of Florida

**THE FULL TEXT OF THE EMERGENCY RULE IS:**

(1) through (16) No change.

This contract is effective from June 1, 2011 through May 31, 2012.

### Section V

#### Petitions and Dispositions Regarding Rule Variance or Waiver

**DEPARTMENT OF COMMUNITY AFFAIRS**

The Department of Community Affairs hereby gives notice: that a Final Order Granting Petition for Waiver has been issued.

**NAME OF PETITIONER:** City of Clewiston

**DATE PETITION WAS FILED:** April 22, 2011. It was assigned the number DCA11-WAI-079.

**THE RULE NUMBER AND NATURE OF THE RULE FROM WHICH A VARIANCE OR WAIVER IS SOUGHT:** Paragraph 9B-43.0041(2)(d), F.A.C., states that eligible local governments with an open Economic Development subgrant whose activities and expenditures are on schedule and on time as of the opening of the funding cycle can apply for a CDBG subgrant.

**THE DATE OF THE ORDER DENYING OR APPROVING THE VARIANCE OR WAIVER:** June 16, 2011

**THE GENERAL BASIS FOR THE AGENCY DECISION:** Waiver of the rules furthers a stated purpose of the Small Cities Community Development Block Grant program: to provide...
activities to improve housing conditions and expand housing opportunities, providing direct benefit to persons of low or moderate income. Waivers also avoid imposition of a substantial hardship on the city.

A copy of the Order or additional information may be obtained by contacting: Paula P. Ford, Agency Clerk, Department of Community Affairs, 2555 Shumard Oak Boulevard, Tallahassee, Florida 32399-2100, e-mail: paula.ford@dca.state.fl.us.

The Department of Community Affairs hereby gives notice: that a Final Order Granting Petition for Waiver has been issued.

NAME OF PETITIONER: Lake County (Lake May Reserve Property)

DATE PETITION WAS FILED: April 22, 2011. It was assigned the number DCA11-WAI-076.

RULE NUMBER AND NATURE OF RULE FROM WHICH VARIANCE OR WAIVER IS SOUGHT: Subsection 9K-7.003(9), Florida Administrative Code, states that Applicant must acquire property either 24 months prior to, or 24 months after, the Application deadline. Applicant has acquired property outside of that time frame but was unable to apply for grant funds due to lack of Florida Forever funding and therefore seeks a waiver of this rule.

Paragraph 9K-7.007(1)(a), Florida Administrative Code, states the Applicant can receive ten points on their Application if they have acquired the property within the 24 month deadline. Applicant has acquired property outside of that time frame but was unable to apply for grant funds due to lack of Florida Forever funding and therefore seeks a waiver of this rule.

THE DATE OF THE ORDER DENYING OR APPROVING THE VARIANCE OR WAIVER: June 16, 2011

THE GENERAL BASIS FOR THE AGENCY DECISION: The Department found the Petitioner had satisfied the substantial hardship provision of Section 120.542(2), F.S. A strict application of subsections 9K-7.007(1) and 9K-7.003(9), F.A.C., would create an economic hardship to the Petitioner and violate the principle of fairness. Based upon the facts presented, the Department decided to grant a temporary waiver of the above mentioned rules.

A copy of the Order or additional information may be obtained by contacting: Paula P. Ford, Agency Clerk, Department of Community Affairs, 2555 Shumard Oak Boulevard, Tallahassee, Florida 32399-2100, e-mail: paula.ford@dca.state.fl.us.

The Department of Community Affairs hereby gives notice: that a Final Order Granting Petition for Waiver has been issued.

NAME OF PETITIONER: City of Tamarac (Tamarac Reclamation Park)

DATE PETITION WAS FILED: April 22, 2011. It was assigned the number DCA11-WAI-080.

RULE NUMBER AND NATURE OF RULE FROM WHICH VARIANCE OR WAIVER IS SOUGHT: Subsection 9K-7.003(9), Florida Administrative Code, states that Applicant must acquire property either 24 months prior to, or 24 months after, the Application deadline. Applicant has acquired property outside of that time frame but was unable to apply for grant funds due to lack of Florida Forever funding and therefore seeks a waiver of this rule.

Paragraph 9K-7.007(1)(a), Florida Administrative Code, states the Applicant can receive ten points on their Application if they have acquired the property within the 24 month deadline. Applicant has acquired property outside of that time frame but was unable to apply for grant funds due to lack of Florida Forever funding and therefore seeks a waiver of this rule.

THE DATE OF THE ORDER DENYING OR APPROVING THE VARIANCE OR WAIVER: June 16, 2011

THE GENERAL BASIS FOR THE AGENCY DECISION: The Department found the Petitioner had satisfied the substantial hardship provision of Section 120.542(2), F.S. A strict application of subsections 9K-7.007(1) and 9K-7.003(9), F.A.C., would create an economic hardship to the Petitioner and violate the principle of fairness. Based upon the facts presented, the Department decided to grant a temporary waiver of the above mentioned rules.

DEPARTMENT OF LAW ENFORCEMENT

NOTICE IS HEREBY GIVEN that on June 20, 2011, the Criminal Justice Standards and Training Commission, received a petition for a permanent waiver of subsection 11B-27.00212(14), F.A.C., from Oakland Police Department. The rule requires officers to requalify with a firearm every two years on a course of fire mandated by Commission rule and administered by Commission-certified firearms instructors. The petition supports the requested waiver by stating that the officers for whom the waiver is sought did successfully complete the course of fire, however, the instructors who supervised the mandatory shoots were not fully certified as a CJSTC firearms instructors at the time of the officers' requalifications. Petitioner states that the officers will suffer a substantial hardship if their certifications are rendered inactive as a result of this situation. Petitioner further states that it would violate the principles of fairness to fail to recognize that the officers affected by this situation did successfully complete the requirement simply because their instructors failed to comply with all administrative aspects of firearms instructor certification.

A copy of the Petition for Variance or Waiver may be obtained by contacting: Grace A. Jaye, Assistant General Counsel, Florida Department of Law Enforcement, P. O. Box 1489, Tallahassee, FL 32302.

NOTICE IS HEREBY GIVEN that on June 15, 2011, the St. Johns River Water Management District, received a petition for modification of a granted variance from the St. Augustine Airport Authority. On November 2, 2010, pursuant to Section 373.414(17), F.S., the airport was granted a variance from paragraph 40C-4.302(1)(c), F.A.C., and the associated portions of the Applicant’s Handbook: Management and Storage of Surface Waters, including Sections 10.1.1(c), 12.1.1(d) and 12.2.5(c), with respect to Environmental Resource Permit Application 40-109-28307-40, to construct an Approach Lighting System in salt marsh at the end of Runway 13-31 in an area of 800 ft. by 35 ft. The Approach Lighting System is to
be constructed directly in the Tolomato River, which is classified by the Department of Agriculture and Consumer Services as conditionally restricted for shellfish harvesting, and the rules do not authorize construction and operation of the Approach Lighting System in such classified waters. Since the variance and associated Environmental Resource Permit were granted by the District, the Federal Aviation Administration (FAA) has informed the airport that it had to install more lighting than was contemplated when the variance and associated permit were granted. In order to meet the FAA requirements, the airport must seek a modification of the variance to the rules and Applicant Handbook provisions for an additional 600 ft. by 35 ft. area. The petition to modify the variance has been assigned F.O.R. Number 2011-23. Comments on this petition should be filed with: Sandra Bertram, Acting District Clerk, St. Johns River Water Management District, P. O. The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice on May 20, 2011, the Department received a petition for an Emergency Variance for paragraph 61C-1.004(1)(a), Florida Administrative Code and Paragraph 5-202.11(A), 2001 FDA Food Code, Subparagraph 3-305.11(A)(2), 2001 FDA Food Code, Subsection 61C-4.010(1), Florida Administrative Code, from Palm Beach Zoo Dippin’ Dots, West Palm Beach, FL. The above referenced F.A.C. addresses the requirement that each establishment have an approved plumbing system installed to transport water and wastewater and that food must be properly stored in a licensed establishment. They are requesting to install potable and wastewater holding tanks at the three-compartment and handwash sinks and share the food storage area located within another nearby licensed establishment under the same ownership.

The Petition was published in Vol. 37, No. 22, June 3, 2011. The Order for this Petition was signed on June 10, 2011, and after a complete review of the variance request, the Division finds that the application of this rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring the wastewater holding tanks for the handwash and three-compartment sinks are emptied at a frequency as to not create a sanitary nuisance; and potable water provided must come from an approved source and be protected from contamination during handling. The Petitioner shall also ensure that the handwash sink is provided with hot and cold running water under pressure, soap, an approved hand drying device and a handwashing sign.

NOTICE IS HEREBY GIVEN that on June 13, 2011, the Division of Pari-Mutuel Wagering, Department of Business & Professional Regulation, received a petition for variance from Hartman and Tyner, Inc., d/b/a Mardi Gras Racetrack & Gaming Center, Petitioner, DBPR Case No. 2011030307 (VW 2011-203). Petitioner is a pari-mutuel slot machine gaming facility licensed pursuant to Chapter 551, Florida Statutes, whose address is 831 North Federal Highway, Hallandale, Florida 33009. The Petition lists Rule 61D-14.073, Florida Administrative Code (F.A.C.), from which it seeks a variance. Specifically, Petitioner requests a variance from subsection 61D-14.073(1), F.A.C., that requires every Florida licensed slot machine facility to monthly manually read all slot machine meters referenced in subsections 61D-14.042(1), (2), F.A.C., and reconcile those readings with the information on the facility based monitoring system (FBMS). Petitioner requests a variance to conform its practices to proposed amended subsection 61D-14.073(1), F.A.C., which would require each licensed slot machine facility to record 25% of its slot machine meters each quarter and reconcile them with information in its FBMS. Notice of adoption of proposed subsection 61D-14.073(1), F.A.C. (together with 11 other slot machine proposed rules), was published on October 22, 2010, in Vol. 36, No. 42, Florida Administrative Weekly (F.A.W.). Petitioner requests a variance because monthly meter readings cause a substantial hardship and quarterly meter readings in accordance with the proposed rule will nevertheless accomplish the public purpose behind Section 551.103(1)(d), Florida Statutes. Petitioner also requests that the variance be temporary only until proposed subsection 61D-14.073(1), F.A.C. becomes final. Any person whose substantial interests may be affected by a variance on the subject matter of the Petition may file a petition to intervene within 14 days of the publication of this notice.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

The Department of Environmental Protection hereby gives notice that on June 1, 2011, the Department of Environmental Protection has issued an order. The order is for the City of Hollywood variance petition (OGC File No. 11-0179), received on January 14, 2011. The petition requested a variance from the prohibition of construction of a Class I UIC well within a 500 foot radial distance of a public water supply well (subsection 62-521.200(7) and paragraph 62-521.400(1)(f), F.A.C.). Specifically, the variance requested that Class I injection well IW-1 be allowed to be constructed within 500 feet of Hollywood public water supply well F-2. Notice of receipt of this petition was published in the Florida Administrative Weekly, on February 18, 2011. No public comment was received. The final order granted a variance to allow Class I injection well IW-1 to be constructed within 307 feet of well F-2 because the petitioner demonstrated a substantial hardship and that the purposes of the underlying statutes would be met with the conditions imposed by the Department. The conditions require that: (a) Four shallow pad monitor wells in the vicinity of the injection well shall be sampled weekly during the construction of IW-1 to monitor for any changes in water quality; (b) The four shallow pad monitor wells shall be sampled before beginning construction of injection well IW-1. These background analyses must be submitted for Department approval before work begins; (c) Ground water samples from well F-2 and monitor well F-1 will be sampled before construction begins, at the completion of well IW-1, and at the completion of monitor well DZMW-1; (d) Throughout the injection well system construction and testing phase, all of the required monitoring data shall be tabulated and graphed on a weekly basis for inclusion into progress reports submitted to the Department. If elevated (greater than background) chloride concentration is detected in the shallow pad monitor wells, or a significant change in chloride is detected during the injection well system construction or testing phase, an assessment plan shall be submitted for Department review and approval, to address whether the changed water quality conditions have occurred because of activities during well construction. If the Department determines that the changed water quality conditions are attributable to activities during well construction, a report shall be submitted to the Department to address appropriate remediation measures (if any); (e) After the injection well system is complete, the shallow pad monitor wells shall be monitored monthly during operational testing and quarterly once an operation permit is issued; and (f) An industry standard pad will be constructed around the well using concrete or steel. This pad shall be designed and constructed to hold all drilling equipment and to contain all drilling fluids and cuttings to avoid contamination of the ground water. Waters spilled during construction or testing of the injection well system shall be contained and properly disposed. Plans and specifications for the pad submitted by the engineer of record, including information that specifies the material selected to construct the pad, shall be provided to and approved by the Department before starting construction of either the injection well or monitor well.
A copy of the Order or additional information may be obtained by contacting: George Heuler, Department of Environmental Protection, Underground Injection Control Program, MS 3530, 2600 Blair Stone Road, Tallahassee, Florida 32399-2400, telephone (850)245-8657.

NOTICE IS HEREBY GIVEN that Construction Industry Licensing Board has issued an order disposing of the petition for declaratory statement filed by Don White, R.A.W. Construction on March 29, 2011. The following is a summary of the agency’s disposition of the petition:
The Notice of Petition for Declaratory Statement was published in Vol. 37, No. 18, of the May 6, 2011, Florida Administrative Weekly. The Board considered the Petition at a duly-noticed public meeting held on May 13, 2011. The petition requested the Board’s interpretation of Section 489.105(3), Florida Statutes, and whether a general contractor is licensed to install a natural gas distribution system or natural gas pipelines in the state of Florida without having a certified gas line specialty license. The Board’s Order, filed on June 8, 2011, denies the Petition for Declaratory Statement. Pursuant to Chapter 28-105, Florida Administrative Code and Section 120.565, Florida Statutes, a declaratory statement is not the appropriate means for obtaining a policy statement of general applicability form an agency or to resolving the conduct of another individual.

A copy of the Order Disposing of the Petition for Declaratory Statement may be obtained by contacting: G. W. Harrell, Executive Director, Construction Industry Licensing Board, P. O. Box 5257, Tallahassee, Florida 32399-5257.
