Section II
Proposed Rules

DEPARTMENT OF CORRECTIONS

RULE NO.: RULE TITLE:
33-601.220 Youthful Offenders – Definitions

PURPOSE AND EFFECT: The purpose and effect of the proposed rulemaking is to eliminate obsolete definitions.

SUMMARY: The proposed rule eliminates obsolete definitions.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The agency has determined that this rule will not have an adverse impact on small business and is not likely to directly or indirectly increase regulatory costs by more than $200,000 within one year of taking effect. A SERC has not been prepared by the agency. Based on analysis from the Bureau of Classification and Central Records indicating that the rule change merely eliminates definitions that are no longer valid and would not have an impact on small business or the private sector, the rule is not expected to require legislative ratification.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULEMAKING AUTHORITY: 944.09, 958.11 FS.

LAW IMPLEMENTED: 944.09, 958.11 FS.

IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE SCHEDULED AND ANNOUNCED IN THE FAW.

THE PERSON TO BE CONTACTED REGARDING THE PROPOSED RULE IS: Kendra Lee Jowers, 501 South Calhoun Street, Tallahassee, Florida 32399-2500

THE FULL TEXT OF THE PROPOSED RULE IS:

(1) Central Office Screening Committee — refers to the committee located in the central office, chaired by the Chief of Classification and Central Records and consisting of one additional representative from the Bureau of Classification and Central Records, an individual designated by the Director of the Office of Program Services, and an individual designated by the Director of the Office of Community Corrections. The purpose of this team is to review recommendations for sentence modification and to submit their findings to the Deputy Director of Institutions for final approval or disapproval.

(2) Inmate Management Plan Team (IMPT) — refers to a team consisting of the inmate’s classification officer and a representative from security and programs. The team members develop the inmate’s management plan which must be approved by the Institutional Classification Team (ICT), monitor the inmate’s progress, determine the inmate’s eligibility for sentence modification and make recommendations to the ICT as necessary in accordance with the rules.

(3) Extended Day Program — refers to a 16 hour daytime program at youthful offender institutions that is designed to provide at least 12 hours of activities. The program is structured to include work assignments, educational (vocational and academic) programs, counseling, behavior modification, coordinated movement military style drills, systematic discipline, and other programmatic opportunities that will reduce inmate idleness and enhance the young inmate’s chance at becoming a law abiding citizen upon re-entry into the community.

(4) Inmate Management Plan (IMP) — refers to the individualized plan developed for each inmate based upon information collected from various risk and needs assessments and other documents or reports that identify deficiencies. The plan establishes specific goals and performance objectives for meeting assessed needs in program, work, and adjustment areas.

(5) Release Placement Plan — refers to a report prepared by the Office of Community Corrections field office staff outlining information relative to the inmate’s proposed employment, residence, family ties or support system, financial resources and other resources available to the inmate upon release.

(6) Sentence Modification — refers to an alteration or amendment by the court of the original sentence. The modification reduces the time to be served and may impose a term of probation, community control or other community sanctions, which, when added to the term of incarceration, will not exceed the length of the original sentence.
Institutional Classification Team (ICT) – where used herein, refers to the team consisting of the warden or assistant warden, classification supervisor, a correctional officer chief, and other members as necessary when appointed by the warden or designated by rule. The ICT is responsible for making work, program, housing, and inmate status decisions at a facility and for making other recommendations to the State Classification Office (SCO).

State Classification Office (SCO) – refers to a staff member at the central office level who is responsible for the review of inmate classification decisions. Duties include approving or rejecting ICT recommendations.

Youthful Offender – where used herein, refers to any person who is sentenced as such by the court or is classified as such by the department pursuant to Section 958.11(4), Section 958.04, F.S.

Youthful Offenders may be reassigned to non-youthful offender facilities in accordance with Section 958.11, F.S. The following are designated as youthful offender institutions:

(a) Indian River Correctional Institution;
(b) Lancaster Correctional Institution and Lancaster Work Camp;
(c) Brevard Correctional Institution and Brevard Work Camp;
(d) Sumter Correctional Institution—Male Basic Training Program;
(e) Lowell Correctional Institution Women’s Unit—Basic Training Program;
(f) Lake City Correctional Institution;
(g) Hernando Correctional Institution; and
(h) Taylor Correctional Institution Annex.
DEPARTMENT OF CORRECTIONS
RULE NO.: 33-601.225
RULE TITLE: Classification Screening for Youthful Offenders in Adult Facilities

PURPOSE AND EFFECT: The purpose and effect of the proposed rulemaking is to remove reference to the Office of Youthful Offenders, which no longer exists.

SUMMARY: The proposed rule removes reference to the Office of Youthful Offenders because it no longer exists and replaces the reference to indicate that the Bureau of Classification and Central Records is responsible for reviewing classification data for eligible inmates.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The agency has determined that this rule will not have an adverse impact on small business and is not likely to directly or indirectly increase regulatory costs by more than $200,000 within one year of taking effect. A SERC has not been prepared by the agency. Since the rule merely changes the organizational title of the central office bureau that is responsible for reviewing classification data and therefore has no impact on small business or the private sector, the rule is not expected to require legislative ratification.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NO.: RULE TITLE:
33-601.718 Review of Request for Visiting Privileges

PURPOSE AND EFFECT: The purpose and effect of the proposed rulemaking is to transfer via rulemaking Form DC6-111D from Rule 33-601.737, F.A.C., and to amend the form to permit staff to consider an applicant’s relationship to the inmate if the applicant is a victim.

SUMMARY: Form DC6-111D is being transferred from Rule 33-601.737, F.A.C., to this rule. Form DC6-111D is updated to permit staff to evaluate a victim’s relationship to an inmate for whom the victim has requested visitation privileges.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The agency has determined that this rule will not have an adverse impact on small business and is not likely to directly or indirectly increase regulatory costs by more than
$200,000 within one year of taking effect. A SERC has not been prepared by the agency. Based on the fact that the rule is only being amended to incorporate a form in a different location, and based on analysis from the Bureau of Classification and Central Records that the form change only affects internal operations and would not impact small business or the private sector, the rule is not expected to require legislative ratification.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULEMAKING AUTHORITY: 944.09 FS.
LAW IMPLEMENTED: 20.315, 944.09, 944.23 FS.
IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE SCHEDULED AND ANNOUNCED IN THE FAW.

NOTICE OF CHANGE

Notice is hereby given that the following changes have been made to the proposed rule in accordance with subparagraph 120.54(3)(d)1., F.S., published in Vol. 37, No. 20, May 20, 2011 issue of the Florida Administrative Weekly.

Sub-subparagraph (2)(a)3.c. of Rule 6A-6.0902 is revised as follows:

Paragraph (3)(d) of Rule 6A-6.0902 is revised as follows:

(d) Parents have the right to have their child immediately removed from a language instruction educational program and to decline to enroll the student in such a program or choose other instructional options, if available. For purposes of this subparagraph, a “language instruction educational program” means an instruction course in which an ELL is placed for the purpose of developing and attaining English proficiency and which may make instructional use of both English and a child’s heritage native language. Nothing herein shall alter the duty of the district to provide highly qualified, duly certified or endorsed ESOL instructors in accordance with Rule 6A-1.09441, F.A.C., and the Course Code Directory and Instructional Personnel Assignments that is incorporated by reference therein. If any parent or guardian of an ELL communicates a refusal to have his or her child enrolled in an ELL program, the District shall have the student’s principal or another representative of the school meet with the parent to:

1. Describe the range of programs and services that the child could receive if the parent does not refuse, including the methodology the District plans to employ to address the student’s educational needs and the training and qualifications of teachers and any others who would be employed in teaching the student;

2. Discuss the benefits their child is likely to gain by being enrolled in an ELL program and receiving ELL services;

3. Explain that, notwithstanding any past practice, the District shall not require students to be assigned to programs specifically designated for ELLs, or schools containing such programs, in order to receive ELL services.

Section (3) of Rule 6A-6.0902, is revised as follows:

(3) The ELL Committee shall review the student’s academic record holistically and shall consider the assessment results from the assessment administered under item (2) above and the following criteria to determine whether the student is English language proficient:

(a) Extent and nature of prior educational or academic experience, social experience, and a student interview;
(b) Written recommendation and observation by current and previous instructional and supportive services staff;

(c) Level of mastery of basic competencies or skills in English and/or heritage language according to appropriate state or national criterion-referenced standards, if any;

(d) Grades from the current or previous years; and

(e) Test results from tests other than the assessment according to (2) above.

The title for Rule 6A-6.0903, is revised as follows:

6A-6.0903 Requirements for Exiting English Language Learners from the English for Speakers of Other Languages Program Classification, Reclassification, and Post Reclassification of English Language Learners.

Section (2) of Rule 6A-6.0903, is revised as follows:

(2) Standards for Student Exit from the ESOL Program.

(a) An ELL shall be determined English language proficient and exited from the ESOL program upon obtaining:

1. Scores of “Proficient” at the applicable grade level on each CELLA subtest administered annually pursuant to Rule 6A-6.9021, F.A.C.; and

2. Scores on applicable Florida Comprehensive Achievement Tests (FCAT) in Reading, as follows:

   a. For students in grades K-2, CELLA is the only assessment required and FCAT is not required;

   b. For students in grades 3-9, an achievement level of 3 or higher on applicable FCAT Florida Comprehensive Achievement Test (FCAT) in Reading;

   c. For students in grades 10 – 12, a score on the 10th grade FCAT in Reading sufficient to meet applicable graduation requirements, or an equivalent concordant score pursuant to Section 1008.22, Florida Statutes.

(b) Upon receipt of the CELLA and FCAT scores, schools shall exit students no later than the last school day of the school year. If CELLA or FCAT Reading scores are received after the end of the school year, schools shall exit students within two weeks after the beginning of the next school year and shall use the last day of the school year in which the FCAT Reading examination was administered as the exit date.

(c) Notwithstanding a student’s CELLA scores, upon the request of a student’s teacher, counselor, administrator, or parent, a student who has been classified as an ELL and enrolled in an English for Speakers of Other Languages (ESOL) program may be re-evaluated for English language proficiency by convening an ELL Committee at any time, according to the following procedures:

1. Any student being considered for exit by an ELL Committee shall be assessed on at least one Department-approved assessment instrument, which shall be administered no earlier than thirty (30) school days prior to the ELL Committee’s determination regarding exit. The assessment must cover all four domains, including listening, speaking, reading, and writing.

2. The ELL Committee shall review the student’s academic record holistically and shall consider the assessment results from the assessment administered under subparagraph (2)(b)2. of this rule and the following criteria to determine whether the student is English language proficient:

   a. Extent and nature of prior educational or academic experience, social experience, and a student interview;

   b. Written recommendation and observation by current and previous instructional and supportive services staff;

   c. Level of mastery of basic competencies or skills in English and/or heritage language according to appropriate state or national criterion-referenced standards, if any;

   d. Grades from the current or previous years; and

   e. Test results from tests other than the assessment according to subparagraph (2)(b)2. of this rule.

3. If a majority of the ELL Committee determines that the student is English language proficient, the student shall be exited from the program. If a majority of the ELL Committee determines that the student is not English language proficient, the student shall remain enrolled in the program. The parents’ preference as to whether a student is determined English language proficient or not English language proficient shall be considered in the final decision.

4. The ELL Committee shall document the records reviewed by the Committee, which must include each of the criteria in subparagraph (2)(b)3., of this rule. The Committee’s decision shall be supported by at least two of the criteria established in subparagraph (2)(b)3., of this rule, and the supporting criteria shall be documented in the student’s file.

Petitions and Dispositions Regarding Rule Variance or Waiver

DEPARTMENT OF LAW ENFORCEMENT

NOTICE IS HEREBY GIVEN that on August 23, 2011, the Criminal Justice Standards and Training Commission, received a petition for a permanent waiver of subsection 11B-27.00212(14), F.A.C., from Coral Springs Police Department on behalf of 67 officers. Subsection 11B-27.00212(14), F.A.C., requires officers to requalify with a firearm every two years on a course of fire mandated by Commission rule. The petition supports the requested waiver by stating that the officers did successfully complete the course of fire, however, the instructors conducting the course of fire were not CJSTC certified firearms instructors during the 2008 reporting cycle. Petitioner states that these officers will suffer a substantial hardship if their certifications are rendered inactive as a result of this situation. Petitioner further states that it would violate the principles of fairness to fail to recognize that these officers did successfully complete the requirement simply because their certifications were not CJSTC certified firearms instructors during the 2008 reporting cycle. A copy of the Petition for Variance or Waiver may be obtained by contacting: Grace A. Jaye, Assistant General Counsel, Florida Department of Law Enforcement, P. O. Box 1489, Tallahassee, FL 32302 or by telephoning (850)410-7676.

The Criminal Justice Standards and Training Commission hereby gives notice that on April 19, 2011, the Criminal Justice Standards and Training Commission, received a petition for a permanent waiver of subsection 11B-27.00212(14), F.A.C., by
the City of Boca Raton Police Department on behalf of seven officers for the 2010 firearms requalification period. Subsection 11B-27.00212(14), F.A.C., requires officers to requalify with a firearm every two years on a course of fire mandated by Commission rule. Notice of receipt of the petition was published in the F.A.W., Vol. 37, No. 17 on April 29, 2011. On August 11, 2011, at its regularly scheduled business agenda meeting held in Tampa, Florida, the Commission found that the Petitioner’s situation is unique. The Petitioner demonstrated that the strict application of the Commission’s rules in this case would violate the principles of fairness. The Petitioner’s officers had, in fact, completed the Commission’s course of fire and achieved a passing score. The only deficiency in the officers’ firearms requalifications was that the firearms instructor who conducted the mandatory firearms requalifications for Petitioner’s officers had not complied with all administrative aspects of becoming a CJSTC certified firearms instructor on the date he supervised the requalification shoots. The Commission found that the purposes of the underlying statute, to ensure that officers receive adequate and timely retraining, will be met by granting this waiver request. The Commission issued an order granting the Petitioner’s request for a permanent waiver.

A copy of the Order or additional information may be obtained by contacting: Grace A. Jaye, Assistant General Counsel, Florida Department of Law Enforcement, P. O. Box 1489, Tallahassee, FL 32327, (850)410-7676.

Petitioner wished to be granted a waiver for a firearms instructor course that it taught July 11, 2011-July 22, 2011. Petitioner remediated the 14 officers by providing them with the most current curriculum and an errata sheet showing exactly where changes had been made from the curriculum that was used in their course. Petitioner stated that the operation of the rule in this particular case poses a substantial hardship to the officers and their agencies because the agencies and officers relied upon the training that the officers received as partial fulfillment of the requirements for the officers to become fully CJTSC certified firearms instructors on behalf of their agencies. Petitioner further stated that the principles of fairness are violated by the application of this rule to this situation because the affected officers had no way of knowing that the course they received from Petitioner was not the most up-to-date... Notice of receipt of the petition was published in the F.A.W., Vol. 37, No. 32 on August 12, 2011. On August 11, 2011, at its regularly scheduled business agenda meeting held in Tampa, Florida, the Commission found that the Petitioner’s situation is unique. The Petitioner demonstrated that the strict application of the Commission’s rules in this case would violate the principles of fairness. The Petitioner had made diligent inquiry as to which course it should have taught. The students were provided with appropriate remedial materials and certified that they had reviewed the materials. The Commission found that the purposes of the underlying statute, to ensure that instructors receive adequate and timely retraining, will be met by granting this waiver request. Notice of receipt of the petition was published in the F.A.W., Vol. 37, No. 29 on July 22, 2011.

On August 11, 2011, at its regularly scheduled business agenda meeting held in Tampa, Florida, the Commission found that the Petitioner’s situation is not unique. Notice of receipt of the petition was published in the F.A.W., Vol. 37, No. 30, July 29, 2011.

On August 11, 2011, at its regularly scheduled business agenda meeting held in Tampa, Florida, the Commission found that the Commissioner’s situation is unique. The Petitioner demonstrated that the strict application of the Commission’s rules in this case would violate the principles of fairness. The Petitioner’s officers had, in fact, completed the Commission’s course of fire and achieved a passing score. The only deficiency in the officers’ firearms requalifications was that the firearms instructor who conducted the mandatory firearms requalifications for Petitioner’s officers had not complied with all administrative aspects of becoming a CJSTC certified firearms instructor on the date he supervised the requalification shoots. The Commission found that the purposes of the underlying statute, to ensure that officers receive adequate and timely retraining, will be met by granting this waiver request. The Commission granted the Petitioner’s waiver.

ENVIRONMENTAL PROTECTION AGENCY

The U.S. Environmental Protection Agency announces a hearing to which all persons are invited.

DATE AND TIME: October 4, 2011, 3:00 p.m. – 7:00 p.m.
PLACE: Bay County Public Library, Northwest Regional Library System, 898 West 11th Street, Panama City, FL 32412-0625

GENERAL SUBJECT MATTER TO BE CONSIDERED: Public Notice:

U.S. Environmental Protection Agency

Outer Continental Shelf Air Permit OCS-EPA-R4007 for Eni US Operating Co., Inc.

Public Comment Period: September 2, 2011 – October 3, 2011

The United States Environmental Protection Agency (EPA) is seeking public comment on a draft Clean Air Act (CAA) Outer Continental Shelf (OCS) air permit for Eni US Operating Company Incorporated (Eni), 1201 Louisiana, Suite 3500 Houston, Texas 77002. The draft permit will regulate air pollutant emissions from the Pathfinder drilling ship that Eni proposes to operate within lease block, Lloyd Ridge 411, on the OCS in the Gulf of Mexico. The drill site is located at latitude 27° 35' and longitude 87° 12', or approximately 154 miles southeast of the mouth of the Mississippi River and 189 miles south of the nearest Florida coast. The operation will last less than 150 days over two years.

The EPA Region 4 is the agency responsible for implementing and enforcing CAA requirements for OCS sources in the Gulf of Mexico east of 87° 30' (87.5). Pursuant to section 328 of the CAA, 42 U.S.C. § 7627, and the air quality regulations applicable to OCS sources set forth in Title 40, Code of Federal Regulations (CFR), part 55, an OCS source is required to obtain an air quality permit before beginning construction and an operating permit within 12 months of becoming an OCS source. Eni has opted to apply for an operating permit concurrently with the preconstruction air quality permit. The EPA has completed review of Eni’s air permit application and supplemental material, including their request for exemption under 40 CFR §55.7, and is soliciting comments on our proposal to issue Permit No. OCS-EPA-R4007 to Eni for their exploratory drilling project subject to the terms and conditions described in the permit.

The EPA has prepared a draft permit for public comment, as well as a preliminary determination/statement of basis document that explains the derivation of the permit conditions. These documents are available on the EPA Region 4’s website: http://www.epa.gov/region4/air/permits/OCSPermits/OCSpermits.html. To request a copy of these documents or to be added to our Eni permit mailing list, please contact: Ms. Rosa Yarbrough, Permit Support Specialist at (404)562-9643 or R4OCSpermits@epa.gov. For questions on the draft permit, please contact: Ms. Eva Land at (404)562-9103 or land.eva@epa.gov.

Send comments on the draft permit and requests for a public hearing to: Eva Land, EPA Region 4, APTMD, 61 Forsyth Street, S.W., Atlanta, GA 30303, Fax: (404)562-9066, Email: R4OCSpermits@epa.gov. Public Comments must be received by email or postmarked by October 3, 2011. Public Hearing requests must be received by the EPA by email or mail by September 19, 2011.

Project Emissions: The maximum potential annual emissions in tons per year (TPY) from the Pathfinder drilling rig and its support vessels are summarized in the following table. Eni’s exploration drilling program is a major source under the applicable Prevention of Significant Deterioration (PSD) permitting requirements, because emissions of carbon monoxide (CO), oxides of nitrogen (NOx), volatile organic carbon (VOC), particulate matter (PM), particulate matter with an aerodynamic diameter less than 2.5 microns (PM2.5), particulate matter with an aerodynamic diameter less than 10 microns (PM10), and greenhouse gas (GHG), measured as carbon dioxide equivalents (CO2e), emissions exceed the major source applicability thresholds, shown below. Hence, Eni is required to apply Best Available Control Technology for CO, VOC, PM, PM10, PM2.5, and GHG.

1VOC and NOx are the measured precursors for the criteria pollutant ozone and NOx is also a precursor for PM2.5.
Class I Area Air Quality Impacts: Eni has requested an air quality permit for a maximum of 150 days exploratory drilling activity in the Lloyd Ridge 411 lease block in the Gulf of Mexico. Due to the limited duration, this project qualifies as a temporary source under the applicable PSD regulations. The impact related criteria that must be met for a temporary source include a demonstration that the project emissions will not impact any PSD Class I area. The nearest PSD Class I area to Lloyd Ridge lease block 411 is Breton National Wildlife Refuge located on the southeast coast of Louisiana. Lease block 411 is approximately 280 km from Breton PSD Class I area. The applicant performed an impact assessment to demonstrate that the proposed project’s impact to the PSD Class I increment would not be significant. This analysis is available in the application and is discussed in the EPA’s preliminary determination and statement of basis.

Public Comments: Any interested person may submit written comments on the draft permit during the public comment period. If you believe any condition of the permit is inappropriate, you must raise all reasonably ascertainable issues and submit all reasonably available arguments supporting your position by the end of the comment period. Any documents supporting your comments must be included in full and may not be incorporated by reference unless they are already part of the record for this permit or consist of state or federal statutes or regulations, the EPA documents of general applicability, or other generally available reference materials. Comments should focus on the draft air quality permit, the permit terms, and the air quality aspects of the project. The objective of the OCS air quality program is to control air pollution from OCS sources to attain and maintain ambient air quality standards and to prevent significant adverse environmental impact from air pollution by a new or modified OCS source. If you have more general concerns regarding things such as leasing, non-air quality impacts, drilling safety, discharge, etc., these should be addressed during the leasing and permitting proceedings of the Bureau of Ocean Energy Management Regulation, and Enforcement, which is the lead permitting agency for this project.

All timely comments will be considered in making the final decision, included in the record, and responded to by the EPA. The EPA may group similar comments together in our response, and will not respond to individual commenters directly.

All comments on the draft permit must be received by email or postmarked by October 3, 2011. An extension of the 30-day comment period may be granted if the request for an extension adequately demonstrates why additional time is required to prepare comments. Comments must be sent or delivered in writing to the address above. All comments will be included in the public docket without change and may be made available to the public, including any personal information provided, unless the comment includes Confidential Business Information or other information whose disclosure is restricted by statute. Information that you consider Confidential Business Information or otherwise protected should be clearly identified as such and should not be submitted through email. If you send email directly to the EPA, your email address will be captured automatically and included as part of the public comment. Please note that an email or postal address must be provided with your comments if you wish to receive direct notification of the EPA’s final decision regarding the permit and responses to comments submitted during the public comment period.

Public Hearing: The EPA has discretion to hold a Public Hearing if we determine there is a significant amount of public interest in the draft permit. Requests for a Public Hearing must be received by the EPA by email or mail by September 19, 2011, and state the nature of the issues proposed to be raised in the hearing. You may submit oral or written comments on the draft permit at the public hearing. You do not need to attend the public hearing to submit written comments. You may send written comments to the above address, postmarked by October 3, 2011. If there is significant public interest, a public hearing will be held on October 4, 2011, 3:00 p.m. – 7:00 p.m., at the following location:

Bay County Public Library
Northwest Regional Library System
898 West 11th Street
Panama City, FL 32412-0625
(850)522-2119.

If a public hearing is held, the public comment period shall automatically be extended to the close of the public hearing. If no request for a public hearing is received by September 19, 2011, or the EPA determines that there is not significant interest, the hearing will be cancelled. An announcement of cancellation will be posted on the EPA’s website: http://www.epa.gov/region4/air/permits/OCSPermits/OCSpermits.html or you may call the EPA at the contact number above to determine if the public hearing has been cancelled.

Permit Documents: The EPA’s draft permit, the EPA’s preliminary determination and statement of basis, Eni’s application and supporting documentation, and comments received from the public, other government agencies, and the applicant during the public comment period become part of the administrative record for the permit. All data submitted by the applicant is available as part of the administrative record. The administrative record is available to the public and is available at the following locations (please call in advance for available viewing times):

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

PILOTAGE RATE REVIEW COMMITTEE

IN RE: APPLICATION FOR PILOTAGE RATE INCREASE IN THE PORT OF PENSACOLA

The Committee, therefore, determines that as of August 19, 2011, the rates of pilotage at the Port of Pensacola shall be increased to the following:

1. Per unit rate \[1\] of $2.00 per unit, 200 unit minimum;
2. Draft charge, 16 ft. minimum, $25.00 per draft ft.;
3. Docking/Undocking rates: less than 400 feet – $125, 400 feet or greater – $175;
4. Long Shifts/Port Docks/Navy Base Anchorage: Full Pilotage Fee;
5. Anchoring/Leaving Anchorage: $100

\[1\] The pilotage rates in Pensacola consists of a draft charge and a unit price fee structure which, in lieu of a gross tonnage charge, uses a box formula to determine a “ship unit”. A ship unit equals the length of the vessel multiplied by the width, divided by 100. (length x width ÷ 100 = ship unit).

6. Detention: $50.00 per half hour, after the first half hour $100.00;
7. Cancelled sailing after dispatch: $100;
8. Vessel late on ETA at sea buoy: $50.00 per half hour, after the first half hour $100.00;
9. Pilot carried to sea – $300 plus expenses;
10. Shift at docks, Unit charge only.

Done and Ordered this 19th day of August, 2011.

Jorge Viso, CHAIR PILOTAGE RATE REVIEW COMMITTEE
