33-601.101 Incentive Gain Time.
(1) through (2) No change.
(3) How credited. For inmates eligible to receive consideration under this section, the following procedures shall be used.
   (a) Each inmate eligible for consideration for award of incentive gain time shall receive gain time evaluations based upon his institutional adjustment as reflected in evaluations from security, work and program components, if assigned. If it becomes necessary to make corrections to the inmate’s monthly security, work or program evaluations after the evaluations have already been submitted, the request for correction along with the reasons for the correction shall be submitted in writing to the department head for approval. The approved corrections shall be submitted to the classification correctional probation officer or his designee who shall make the necessary changes.
1. through 4. No change.
   (b) The classification correctional probation officer or designee shall evaluate the security and performance ratings which reflect the inmate’s institutional adjustment for the month. The final determination of an award of incentive gain time shall be determined by the classification correctional probation officer or designee and shall be based on the inmate’s overall monthly activities. When the classification correctional probation officer or designee concurs with the preliminary base gain time recommendation being applied no modification is required. The preliminary base gain time recommendation may be modified by the classification correctional probation officer as reflected by the inmate’s overall institutional adjustment and level of work and program participation for the month. The classification correctional probation officer or designee may modify the preliminary base gain time recommendation upward or downward from 1 to 4 days not to exceed the maximum eligible award. Any time the classification correctional probation officer or designee modifies the preliminary base gain time recommendation, the reason for the modification shall be noted. These modifications will be applied to the preliminary base gain time recommendation reflective of the overall rating derived from the security and performance evaluation or security evaluation alone. Reasons for modification of the preliminary base gain time recommendation include:
1. through (5) No change.
Any inmate who is found guilty of a disciplinary action or new offense occurring while committed to the Department of Corrections or who is found guilty of an offense committed on or after October 1, 1995 shall be eligible to earn incentive gain time for the period of time out of custody even though lodged in another confinement facility.

An inmate who is found guilty of a disciplinary report on or after July 15, 2000 and who is serving a sentence imposed for an offense committed on or after October 1, 1995 shall be eligible to earn incentive gain time as follows:

1. For disciplinary reports in which the final approved action is probation, pursuant to paragraph 33-601.308(2)(b), F.A.C., the inmate shall be eligible to earn incentive gain time for the period of time out of custody even though lodged in another confinement facility.

2. For disciplinary reports in which the final approved action is less than or equal to 30 days confinement or less than or equal to 30 days loss of gain time, the inmate shall be eligible to earn incentive gain time for one month following the month in which the disciplinary action occurred. The one month period of ineligibility shall not begin to run until the inmate is in the department’s custody and would be otherwise eligible to earn gain time but for the disciplinary action or new offense.

3. For disciplinary reports in which the final approved action is greater than 30 days confinement or greater than 30 days loss of gain time, or where the inmate was convicted of an offense occurring while committed to the Department of Corrections, the inmate shall not be eligible to earn incentive gain time for two months following the month in which the disciplinary infraction occurred. The two month period of ineligibility shall not begin to run until the inmate is in the department’s custody and would be otherwise eligible to earn gain time but for the disciplinary action or new offense.

4. The period of ineligibility referenced in subparagraphs 2. and 3. shall be suspended if the inmate leaves the custody of the department before completion of the period of ineligibility. The period of ineligibility will resume upon the inmate’s return to department custody and will continue to run until its completion.

5. The failure to serve the confinement imposed does not alter the ineligibility of the inmate to earn incentive gain time as noted in subparagraphs 2. and 3.

6. The ineligibility of the inmate to earn gain time as noted in subparagraphs 2. and 3. remains in effect when, due to unavailability of gain time, unearned gain time is designated as the final approved action.
