~~(1) All records that a company is required to keep, by reason of these or other rules prescribed by the Commission, shall be kept at the office or offices of the company within the State unless otherwise authorized by the Commission.~~

~~(1)(2) No change.~~

~~(a) No change.~~

~~(b) The reimbursement requirement in subsection (1)(2) shall be waived:~~

~~±. For any company that makes its out-of-state records available at the company's office located in Florida or at another mutually agreed upon location in Florida within 10 working days from the Commission's initial request. If 10 working days is not reasonable because of the complexity and nature of the issues involved or the volume and type of material requested, the Commission may establish a different time frame for the company to bring records into the state. For individual data requests made during an audit, the response time frame established in Rule 25-4.0201, F.A.C., shall control; or~~

~~2. For a company whose records are located within 50 miles of the Florida state line.~~

~~(3) All records shall be preserved for the period of time specified in Form PSC/ECR/17-T (5/93), entitled "Schedule of Records and Periods of Retention" which is incorporated by reference into this rule, and may be obtained from the Director, Division of Economic Regulation, Florida Public Service Commission.~~

This paragraph does not require the company to create paper copies of documents where the company would not otherwise do so in the ordinary course of its business. The Commission may waive the requirement that documents be retained in their original form upon a showing by a company that it employs a storage and retrieval system that consistently produces clear, readable copies that are substantially equivalent to the originals, and clearly reproduces handwritten notations on documents.~~

~~(b) The company shall maintain written procedures governing the conversion of source documents to a storage and retrieval system, which procedures ensure the authenticity of~~

~~documents and the completeness of records. Records maintained in the storage and retrieval system must be easy to search and easy to read.~~

FISH AND WILDLIFE CONSERVATION COMMISSION

Marine Fisheries

RULE NO.:	RULE TITLE:
68B-12.0046	Commercial Fishing Season for King Mackerel in the Gulf-Atlantic Fishery; Commercial Season Segments, Vessel and Landing Limits

PURPOSE AND EFFECT: The purpose of this rule amendment is to allow king mackerel to be landed in Collier County, a closed area, when they are caught in nearby waters of Monroe County that are open to harvest. This proposed rule amendment was requested by the commercial king mackerel industry because the current king mackerel landing regulations create an economic burden on commercial fisherman located in Collier County. These fishermen are currently required to transport their legally-harvested king mackerel to the Keys to land and sell their legally-caught king mackerel because there are no wholesale fish dealers in mainland Monroe County near Collier County. The effect of this rule would be to remove an economic burden to commercial king mackerel fisherman based in Collier County by allowing the landing of king mackerel in Collier County when the king mackerel are harvested from open waters adjacent to mainland Monroe County.

SUBJECT AREA TO BE ADDRESSED: Subject areas to be addressed in the rule development notice include the landing of commercially caught king mackerel.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the agency.

The changes to this rule also do not directly or indirectly have an adverse impact on economic growth, private sector job creation or employment, or private sector investment, business competitiveness or innovation or increase regulatory costs, including any transactional costs, in excess of \$1 million in the aggregate within 5 years after the implementation of the rule.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NO.: RULE TITLE:
61C-5.023 Citations

PURPOSE AND EFFECT: The purpose of this rule is to implement the statutory authority to issue citations for unlicensed elevator activity and adopt the required form.

SUMMARY: The proposed rule identifies violations subject to citation and a stop work order, adopts the citation and stop work order form, specifies required information for a citation, identifies the process for serving and responding to a citation, and adopts fines.

OTHER RULES INCORPORATING THIS RULE: None.

EFFECT ON THOSE OTHER RULES: Not applicable.

SUMMARY OF STATEMENT OF ESTIMATED
REGULATORY COSTS AND LEGISLATIVE
RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has been prepared by the agency.

The rule will not have an adverse impact on economic growth, private-sector job creation or employment, or private-sector investment in excess of \$1million within 5 years. This rule does not impact personal income, non-farm employment, housing starts, or reduce visitors to Florida, wages or salaries, or property income. The rule is a statute enforcement mechanism that will not raise the price or reduce the quantity of goods or services provided or produced by Florida businesses, add regulation not present in other states, reduce Florida business workforces, or increase regulatory costs to the extent to prohibit product development or innovation, or make illegal any product or service. The annual increase in regulatory costs is approximately \$168,000, totaling \$840,000 over five years. The rule is estimated to impact 578 elevator owners, registered elevator companies, and elevator workers with 625 potential citations annually. Rule implementation and enforcement will not impose additional cost on the department or other state or local governments. The division estimates 552 elevator owners, 21 unlicensed personnel, and five elevator companies will be subject to a \$250 fine, while 45 elevator owners and two unlicensed personnel will be subject to a \$500 fine. Of the total entities impacted, approximately 360 are small businesses and two are small cities or small counties. The total small business, small city, and small county impact is limited to the cost of the fine and the time associated with

processing the citation, estimated at less than 30 minutes. The division believes this rule will provide an efficient enforcement mechanism not previously available that may also increase statutory compliance and public safety over the long run.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein:

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

(b) Operating an elevator with a certificate of operation that has been expired for two or more consecutive years.

(2) The division will determine probable cause exists when personal observation or investigation by the division provides facts to support a reasonable belief that the violation has occurred.

(3) The citation must be issued using DBPR Form HR 5023-059, DISCIPLINARY CITATION AND STOP WORK ORDER. (<https://www.flrules.org/Gateway/reference.asp?No=Ref-00706>) incorporated herein by reference and effective 2011 September 29. A sample copy of this form is available from the Division of Hotels and Restaurants Internet website at www.MyFloridaLicense.com/dbpr/hr; by e-mail to dh.elevators@dbpr.state.fl.us; or upon written request to the Division of Hotels and Restaurants, Bureau of Elevator Safety, 1940 North Monroe Street, Tallahassee, Florida 32399-1013.

(4) The citation must contain a brief factual statement of the activity engaged in; the section of law allegedly violated; the penalty imposed; instructions on how to pay the citation; and a statement that, in lieu of accepting and paying the citation, the subject may choose to dispute the citation and proceed with an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The citation must be issued to a natural person, elevator owner, or elevator company and contain the following information, if available or applicable:

(a) Subject's full name and date of birth;

(c) Subject's last known address and telephone number; and

(d) Notification that the citation is issued as a stop work order.

(5) The citation must be served upon the subject by personal service or by certified mail. When the division issues DBPR Form HR 5023-059 as a stop work order, the activity identified on the citation must immediately stop upon receipt of the citation.

(6) A citation issued under paragraph (1)(a) will result in the following fines:

(a) Constructing, installing, altering, or relocating an elevator without obtaining a permit, in violation of Section 399.03(1), F.S., will result in a fine of \$250 for the first offense and \$500 for the second offense.

(b) Operating an elevator or allowing an elevator to operate for temporary use during installation or alteration without a valid temporary operating permit, in violation of Section 399.03(10), F.S., will result in a fine of \$250 for the first offense and \$500 for the second offense.

(c) Performing work that requires licensure as an elevator inspector without a license or with an expired license, in violation of Section 399.17, F.S., will result in a fine of \$250 for the first offense and \$500 for the second offense.

(d) Performing work that requires licensure as an elevator technician without a license or with an expired license, in violation of Section 399.01(14), F.S., will result in a fine of \$250 for the first offense and \$500 for the second offense.

(7) A citation issued under paragraph (1)(b) will result in a fine of \$250 for the first offense and \$500 for the second offense. Citations issued under paragraph (1)(b) will be dismissed if a valid certificate of operation has been obtained before the citation becomes a final order.

(8) The division will issue a citation for first and second offenses of the same violation. A third offense of the same violation will result in the issuance of an administrative complaint.

(9) The subject has 30 days from the date the citation is served to accept the citation or request a hearing pursuant to Chapter 120, F.S., in writing. If the subject does not request a

hearing within 30 days after the date the citation is served, the citation will become a final order on the 90th day after the day the citation has been served.

(10) Violations of paragraph (1)(b) that are not corrected within 90 days of the date the citation has been served will result in the issuance of a new citation for a second offense of the same violation.

(11) All fines are due and payable within 30 days of the date the citation becomes a final order. All fine payments are to be made payable to the Division of Hotels and Restaurants.

(12) The division will approve an installment payment plan for up to 5 months for fines imposed by a citation if the fines impose a financial hardship. An installment payment plan must be requested within 30 days of the date the citation becomes a final order.

Electrical Contractors' Licensing Board

RULE NO.: 61G6-9.013
RULE TITLE: Continuing Education Courses Required by Disciplinary Action

PURPOSE AND EFFECT: The purpose and effect of the proposed rule amendment will be to repeal rules identified during the comprehensive rule review required by Executive Order 11-01 as duplicative, unnecessarily burdensome, or no longer necessary.

SUMMARY: The rule will be repealed due to the fact that information found in the rule can be specified in the final order.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COST AND LEGISLATIVE RATIFICATION:

During discussion of the economic impact of the rule at its Board meeting, the Board, based upon the expertise and experience of its members, determined that a Statement of Estimated Regulatory Cost (SERC) was not necessary and that the rule amendment will not require ratification by the Legislature. RULE NO.: 64B14-4.100
RULE TITLE: Requirements for Prosthetic or Orthotic Residency or Internship

PURPOSE AND EFFECT: The Board is revising and incorporating by reference the Registration Supervisor Update form required.

SUMMARY: The Board is revising and incorporating by reference the Registration Supervisor Update form.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COST:

During discussion of the economic impact of this rule at its Board meeting, the Board, based upon the expertise and experience of its members, determined that a Statement of Estimated Regulatory Cost (SERC) was not necessary and that these rule amendments will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time. The Board has determined that this will not have an adverse impact on small business, or likely increase regulatory costs in excess of \$200,000 in the aggregate within 1 year after implementation of the rule.

Any person who wishes to provide information regarding the statement of estimated costs, or to provide a proposal for a lower regulatory cost alternative must do so in writing within 21 days of this notice.

RULEMAKING AUTHORITY: 468.802, 468.803 FS.

LAW IMPLEMENTED: 468.803 FS.

IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE SCHEDULED AND ANNOUNCED IN THE FAW.

RULE NO.: RULE TITLE:

69I-40.040 Contracts and Grants

PURPOSE AND EFFECT: The purpose and effect of this rulemaking is the repeal of Rule 69I-40.040, F.A.C., because it is outdated and no longer necessary.

SUMMARY: This rule repeal is part of the comprehensive review of existing rules that agencies were mandated to conduct pursuant to Executive Order 11-01 (superseded by 11-72). Rule 69I-40.040, F.A.C., "Contracts and Grants," is being repealed because the procedure it provides has not been

used for eight years. The process used today is embodied in CFO Memo 2 (2010-2011). Under Section 120.52(16)(c)2., F.S. memoranda, are instructions to state agencies issued by the CFO relating to claims for payments submitted by state agencies falling outside the definition of "rule" and are therefore exempt from the requirements of Section 120.54, F.S. SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the agency.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

Petitions and Dispositions Regarding Rule
Variance or Waiver**

DEPARTMENT OF LAW ENFORCEMENT

The Violent Crime and Drug Control Council hereby gives notice that on October 13, 2011, the Violent Crime and Drug Control Council has issued an order.

On September 20, 2011, the Violent Crime and Drug Control Council received a petition for a permanent waiver of subsection 11N-1.0051(15), F.A.C., by the Fort Lauderdale Police Department. Subsection 11N-1.0051(15), F.A.C., forbids the use of Council moneys by grant recipient agencies to buy equipment. Notice of receipt of the petition was published in the Florida Administrative Weekly, Vol. 37, No. 37 on October 7, 2011.

On October 12, 2011, at its regularly scheduled business agenda meeting held via telephone conference from Tallahassee, Florida, the Council found that the Petitioner’s situation is not unique. The Petitioner failed to demonstrate that the strict application of the Council’s rules in this case would violate the principles of fairness. The Petitioner bought the equipment at issue with Council funds knowing that Council funding was not authorized for the purchase of equipment. The Council found that the purposes of the underlying statute, to ensure that the Council distributes grants in accord with its rules and that grantees use the funds in accord with Council rules, will not be met by granting this waiver request. The Commission denied the Petitioner’s waiver.

A copy of the Order or additional information may be obtained by contacting: Grace A. Jaye, Assistant General Counsel, Florida Department of Law Enforcement, P. O. Box 1489, Tallahassee, FL 32327 or by telephoning (850)410-7676.

STATE BOARD OF ADMINISTRATION

Estimated Capacity

NOTICE IS HEREBY GIVEN by the State Board of Administration of Florida (the Board) of the estimated borrowing capacity, estimated claims-paying capacity, and projected balance of the Florida Hurricane Catastrophe Fund (the Fund) as of December 31, 2011, in compliance with the requirements of Section 215.555(4)(c)2., Florida Statutes. These estimates relate to the 2011-2012 Reimbursement Contract Year. The Fund's projected post-event borrowing capacity estimate is \$8.0 billion for October 2011. Given the current state of the financial markets, the borrowing capacity estimate is dependent on many factors, such as: the size of an event or events, the limitations or constraints of the financial markets to absorb potential debt issuances, the time necessary to access such markets, and the existing level of interest rates at the time of issuance. The estimated borrowing capacity and projected available year-end cash balance provide the Fund with a total estimated claims-paying capacity of \$15.170 billion over the next twelve months. Greater detail can be obtained in the "October 18, 2011 Claims-Paying Capacity Estimates Report," which can be found on the Fund's website at: www.sbafa.com/fhcf/ under "Bonding Program." The obligation of the Board for the payment of reimbursable losses is limited in Section 215.555(4)(c)2., Florida Statutes, and shall not exceed the actual claims-paying capacity of the Fund. The projected year-end balance on December 31, 2011, is estimated to be \$7.170 billion, which represents the amount of assets available to pay claims, not including any bond proceeds, resulting from Covered Events which may occur during the June 1, 2011 through May 31, 2012 Contract Year. The Board recognizes that its good faith estimate is being made while highly volatile global financial market conditions exist; therefore, changing market conditions can dramatically impact the Fund's actual claims-paying capacity either positively or negatively. Current conditions may or may not be the same if and when the Board determines that it is necessary to issue revenue bonds.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

The Department of Environmental Protection gives notice of its intent to grant a variance under Section 403.201, F.S., from the provisions of subparagraph 62-610.668(2)(c)2., F.A.C., to the City of Lakeland, 501 East Lemon Street, Lakeland, Florida 33801, OGC File No. 11-1440, to allow for the distribution of reuse water to additional users in Polk County, Florida. The Department's file on this matter is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the Department of Environmental Protection, Southwest

District Office, Domestic Wastewater Program, 13051 North Telecom Parkway, Temple Terrace, Florida 33637, (813)632-7600.

A person whose substantial interests are affected by the Department's action may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received by the clerk) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000.

Mediation under Section 120.573 of the F.S. is not available.

Because the administrative hearing process is designed to redetermine final agency action on the application, the filing of a petition for an administrative hearing may result in a modification of the agency action or even a denial of the application. If a sufficient petition for an administrative hearing or request for an extension of time to file a petition is timely filed, this agency action automatically becomes only proposed agency action on the application, subject to the result of the administrative review process. Accordingly, the applicant is advised not to commence construction or other activities in accordance with this variance until the deadlines noted below for filing a petition for an administrative hearing, or request for an extension of time has expired.

Under subsections 28-106.111(3) and 62-110.106(4), F.A.C., a person whose substantial interests are affected by the Department's action may also request an extension of time to file a petition for an administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with: The Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, before the applicable deadline. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon.

In the event that a timely and sufficient petition for an administrative hearing is filed, other persons whose substantial interests will be affected by the outcome of the administrative process have the right to petition to intervene in the proceeding. Any intervention will be only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

In accordance with Section 403.201, F.S. petitions for an administrative hearing by the applicant must be filed within 14 days of receipt of this written notice. Petitions filed by any persons other than the applicant, and other than those entitled to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the notice or within 14 days of receipt of the written notice, whichever occurs first.

The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition for an administrative hearing within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests are or will be affected by the agency determination; (c) A statement of when and how the petitioner received notice of the agency decision; and (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts that the petitioner contends warrant reversal or modification of the agency's proposed action; and (f) A statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency's proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C. Under Sections 120.569(2)(c) and (d), F.S., a petition for administrative hearing must be dismissed by the agency if the petition does not substantially comply with the above requirements or is untimely filed.

This action is final and effective on the date filed with the Clerk of the Department unless a petition is filed in accordance with the above. Upon the timely filing of a petition this order will not be effective until further order of the Department.

This variance constitutes an order of the Department. The applicant has the right to seek judicial review of the order under Section 120.68, Florida Statutes, by the filing of a notice of appeal under Rule 9.110, Florida Rules of Appellate Procedure, with the: Clerk of the Department in the Office of General Counsel, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000; and by filing a copy of the Notice of Appeal accompanied by the applicable

filing fees with the appropriate District Court of Appeal. The Notice of Appeal must be filed within 30 days from the date when the final order is filed with the Clerk of the Department.

The Department of Environmental Protection gives notice of its intent to grant a variance under Section 403.201, F.S., from the provisions of paragraphs 62-4.242(2)(a) and 62-4.244(5)(c), F.A.C., to the Martin County, 0269814-008-BV to allow an expanded water quality mixing zone for the upcoming maintenance dredging associated with the St. Lucie Inlet Federal Navigation Project. The requested variance from the antidegradation provisions in sub-subparagraph 62-4.242(2)(a)2.b., F.A.C., would establish a maximum allowable turbidity level of 8 NTUs above background beyond the approved mixing zone for work within St. Lucie Inlet Preserve State Park OFW. The requested variance from paragraph 62-4.244(5)(c), F.A.C., would temporarily establish expanded mixing zones that extend 600 meters offshore and 600 meters downcurrent from the point where water discharged from the dredge pipeline (at the beach placement site) reenters the Atlantic Ocean. The Department's file on this matter is available for public inspection during normal business hours, 8:00 a.m. – 5:00 p.m., Monday through Friday, except legal holidays, at the Department of Environmental Protection, 4708 Capital Circle N.W., Tallahassee, Florida. 32303, Telephone: (850)921-7778.

A person whose substantial interests are affected by the Department's action may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received by the clerk) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000.

Mediation under Section 120.573 of the F.S. is not available.

Because the administrative hearing process is designed to redetermine final agency action on the application, the filing of a petition for an administrative hearing may result in a modification of the agency action or even a denial of the application. If a sufficient petition for an administrative hearing or request for an extension of time to file a petition is timely filed, this agency action automatically becomes only proposed agency action on the application, subject to the result of the administrative review process. Accordingly, the applicant is advised not to commence construction or other activities in accordance with this variance until the deadlines noted below for filing a petition for an administrative hearing, or request for an extension of time has expired.

Under subsections 28-106.111(3) and 62-110.106(4), F.A.C., a person whose substantial interests are affected by the Department's action may also request an extension of time to file a petition for an administrative hearing. The Department

may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000, before the applicable deadline. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon. If a request is filed late, the Department may still grant it upon a motion by the requesting party showing that the failure to file a request for an extension of time before the deadline was the result of excusable neglect.

In the event that a timely and sufficient petition for an administrative hearing is filed, other persons whose substantial interests will be affected by the outcome of the administrative process have the right to petition to intervene in the proceeding. Any intervention will be only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

In accordance with subsections 28-106.111(2) and 62-110.106(3)(a), (4), F.A.C., petitions for an administrative hearing by the applicant must be filed within 14 days of receipt of this written notice. Petitions filed by any persons other than the applicant, and other than those entitled to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the notice or within 14 days of receipt of the written notice, whichever occurs first.

Under Section 120.60(3), F.S., however, any person who has asked the Department for notice of agency action may file a petition within 14 days of receipt of such notice, regardless of the date of publication.

The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition for an administrative hearing within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests are or will be affected by the agency determination; (c) A statement of when and how the petitioner received notice of the agency decision; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts that the petitioner contends warrant reversal or modification of the agency's proposed action; and (f) A

statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency's proposed action; (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C. Under Sections 120.569(2)(c) and (d), F.S., a petition for administrative hearing must be dismissed by the agency if the petition does not substantially comply with the above requirements or is untimely filed.

This action is final and effective on the date filed with the Clerk of the Department unless a petition is filed in accordance with the above. Upon the timely filing of a petition this order will not be effective until further order of the Department.

This variance constitutes an order of the Department. The applicant has the right to seek judicial review of the order under Section 120.68, Florida Statutes, by the filing of a notice of appeal under Rule 9.110, Florida Rules of Appellate Procedure, with: The Clerk of the Department in the Office of General Counsel, 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000; and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice of appeal must be filed within 30 days from the date when the final order is filed with the Clerk of the Department.
