Section II Proposed Rules

DEPARTMENT OF STATE

Division of Elections

RULE NO.:	RULE TITLE:
1S-2.042	Third-Party Voter Registration Organizations

PURPOSE AND EFFECT: To revise the procedures used by third-party voter registration organizations and election officials to align them with a federal court decision concerning the law which the rule implements.

SUMMARY: The proposed rule restricts the registration requirement to only those organizations who actually collect voter registration applications from voters; eliminates the organization's registration agent sworn statement form, DS-DE 120; deletes the requirement for an organization to list its volunteer registration agents on the registration form, DS-DE 119; deletes the requirement for an organization to file a

monthly report, DS-DE 123, accounting for voter registration applications; changes the time period from 48 hours to 10 days for the organization to deliver a completed voter registration application to the Division or to a supervisor of elections' office after an applicant delivers the application to the organization; and further refines the procedures for supervisors of elections regarding untimely filed voter registration applications and the procedures for the Secretary of State's referral of a violation to Florida's Attorney General.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: This rule will not require legislative ratification pursuant to Section 120.541(3), F.S., because the rule applies only to election-related activities. Based upon past experiences with rules of this nature, this rule will not have an adverse effect on businesses or private-sector economic growth, job-creation, employment or investment; nor will it increase regulatory costs in excess of the threshold mandating legislative ratification. No other statute requires legislative ratification for this rule.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

The organization must submit the form as an attachment in pdf format in an email to 3Pvro@dos.myflorida.com or transmit the form to the Division's facsimile machine at (850)245-6291. An affiliate organization which itself independently engages in separate ~~solicits for collection of or~~ collects voter registration applications from Florida voter registration applicants on behalf of the affiliate must file a Form DS-DE 119 even if its affiliated organization has filed a Form DS-DE 119. An organization shall also use Form DS-DE 119 to update or terminate its registration.

(b) Upon receipt of an organization's initial and completed registration, the Division shall assign the organization a unique third-party voter registration organization identification number that begins with "3P." An organization is not deemed registered as a third-party voter registration organization until the Division issues the organization its identification number.

~~(e) A registration agent must complete, sign, and date Form DS-DE 120 before beginning his or her duties for the organization and the organization must ensure the form is submitted to the Division within 10 days after the form is signed. Form DS-DE 120 may be submitted to the Division when the organization submits its initial Form DS-DE 119. For any addition to the list of its registration agents or change in information about a registration agent other than termination of a registration agent, the organization shall submit an updated Form DS-DE 119. For permissible means of notifying the Division of the termination of a registration agent, See paragraph (6)(b).~~

~~(c)(d)~~ A registration agent may be a registration agent for one or more organizations, ~~but each organization must ensure that the registration agent submits a separate Form DS-DE 120 for its organization.~~

~~(d)(e)~~ An organization shall submit any change in information previously submitted to the Division, including any addition to the list of its employee registration agents, any termination of an employee registration agent, or change in information about an employee registration agent, within 10 days following the change. A change is not considered filed until the Division receives the change. Notice of termination of an employee registration agent shall be provided as set forth in paragraph (6)(b).

~~(e)(f)~~ Except as otherwise provided in paragraph (6)(b), any forms or amendments or additions to forms required under this subsection must be submitted in the same manner of transmission required for the Form DS-DE 119 used to initially register an organization.

(4) Voter Registration Applications Provided to and Used by Third-Party Voter Registration Organizations.

(a) All voter registration applications provided by the Division and each supervisor of elections to an organization shall include the third-party voter registration organization identification number on the bottom of the reverse side of each voter registration application in a manner that does not obscure any other entry.

(b) The registration agent or the organization shall print the date ~~and time~~ that the voter registration applicant delivered ~~completed~~ the application to the registration agent in a conspicuous space on the bottom portion of the reverse side of the voter registration application ~~it collects from a voter registration applicant~~ in a manner that does not obscure any other entry. The date ~~and time~~ printed by the registration agent or the organization shall be in the following numerical format: MM/DD/YY; ~~hh:mm am/pm~~. For example, if the voter registration applicant completed the application on May 15, 2014 at 1:30 p.m., the entry on the bottom portion of the reverse side of the application shall be: 5/15/14; 1:30 p.m. ~~The entry for an application completed on October 11, 2014 at 11:30 a.m., would be printed as 10/11/14; 11:30 a.m. on the bottom portion of the reverse side of the application.~~

(c) Each organization shall ensure that its assigned organization identification number is recorded on the bottom portion of the reverse side of any voter registration application it delivers to the Division or a supervisor of elections in a manner that does not obscure any other entry.

(d) Delivery of the voter registration application by the organization to the Division or a supervisor of elections may be accomplished by in-person delivery or mail. All applications must be delivered to the Division or a supervisor of elections or be postmarked within 10 calendar days of collection by an organization or any of its registration agents. If the 10th day falls on a weekend, holiday, or other day on which the Division

or the supervisor of elections office is closed, the voter registration application must be delivered to the Division or the supervisor of elections or be postmarked by the following business day. If, however, a book closing deadline for any given election for federal or state office falls within the 10-day period described above, all applications collected by an organization or any of its registration agents before book closing must be delivered to the Division or a supervisor of elections on or before the book closing deadline.

(5) Referral to Attorney General for Enforcement; Waiver of Fines upon Showing of Force Majeure or Impossibility of Performance. Monthly Report by Organizations:

(a) In exercising the authority to refer violations of the third-party voter registration law to the Attorney General for enforcement, the Secretary of State's principal concern is the protection of applicants who have entrusted their voter registration applications to a third-party voter registration organization. By law, the organization serves as a fiduciary to those applicants, who have a right to expect that their applications will be timely delivered to an elections official irrespective of party affiliation, race, ethnicity, or gender. By the 10th day of each month, each organization shall submit to the Division a Form DS-DE 123 to account for the number of state and federal voter registration application forms provided to and received from each of its registration agents for the preceding month. If the organization had no voter registration activity in the preceding month, the organization shall still submit Form DS-DE 123 reflecting that it did not provide voter registration applications to, or receive any from, its registration agents:

(b) Any organization claiming that its failure to deliver a voter registration application within the required timeframe was based upon force majeure or impossibility of performance may provide a sworn statement to the Division explaining the circumstances constituting force majeure or impossibility of performance. Form DS-DE 123 required under this subsection must be submitted as an attachment in pdf format in an email to 3PVRO@dos.myflorida.com or transmitted to the Division's facsimile machine at (850)245-6291.

(c) If the information provided to the Division by the organization demonstrates that the failure to timely deliver a voter registration application was the result of force majeure or impossibility of performance, the Secretary of State will not refer the violation to the Attorney General for enforcement.

(6) Termination of Organization and Employee Registration Agent.

(a) If an organization terminates its status as a third-party voter registration organization, the organization shall submit within 10 days a Form DS-DE 119 reflecting its termination and also a Form DS-DE 123 to report its final accounting of voter registration application forms provided to the organization by the Division or any supervisor of elections. ~~All such voter registration applications remaining in the~~

~~organization's possession should be returned either to the Division or a supervisor of elections within 10 days of filing Form DS-DE 123. The address for the Division is Bureau of Voter Registration Services, Division of Elections, R. A. Gray Building, Room 316, Tallahassee, Florida 32399-0250. The address for the applicable supervisor of elections may be obtained by telephoning 850-245-6200 or found on the Internet at http://election.dos.state.fl.us/SE/supervisor_elections.shtml.~~

(b) If an employee registration agent's employment with, ~~or volunteer services for,~~ an organization is terminated, the organization shall file notice of the terminated status of the employee a registration agent by submitting an updated Form DS-DE 119 or by sending a notification of the termination by email to 3PVRO@dos.myflorida.com or by transmitting the notification to the Division's facsimile machine at (850)245-6291 within 10 days of the termination. If Form DS-DE 119 is not used as the means of notification, the notification shall contain the organization's assigned identification number and the name of the employee registration agent being terminated.

(c) Forms DS-DE 119 and DS-DE 123 required under this subsection must be submitted as an attachment in pdf format in an email to 3PVRO@dos.myflorida.com or transmitted to the Division's facsimile machine at (850)245-6291.

(7) Processing of Voter Registration Applications from an Organization by the Division and Supervisors of Elections.

(a) For each non-blank registration application that an organization delivers to the Division or supervisor of elections, a voter registration official shall record the date ~~and time~~ of delivery on the bottom portion of the reverse side of the application in a manner that does not obscure any other entries. For purposes of this rule and not for voter registration purposes, an application is considered delivered to the Division or a supervisor of elections at the time the application is actually delivered by the organization by in-person delivery or, if mailed, the date of delivery shall be the date of a clear postmark, if one is present on the mailing envelope. If a postmark is not present or unclear, the date of delivery to the Division or a supervisor of elections is the actual date of receipt. ~~If the date of delivery is the mail postmark, the applicable 48-hour period for the determination of fines pursuant to Section 97.0575, F.S., shall be based upon a whether the postmark is within two days of the date when the applicant completed the voter registration application, unless the organization provides documentation at the time of mailing the application that the date the applicant completed the application was on an earlier date than when the applicant delivered the application to the organization.~~ For a determination of a fine based upon the application being received by mail after the book closing date, a clear postmark on or before the date of book closing will excuse the fine. If an

organization delivers more than one application at the same time, those applications shall bear the same date ~~and time~~ of delivery regardless of when the applications are processed.

(b) An organization's untimely delivery of a voter registration application does not affect the validity of the application. Every Such application must be processed regardless of the timeliness of its delivery.

(c) The Division and supervisors of elections shall record the number of state or federal voter registration applications they provide to, and receive from, each organization. Each supervisor of elections shall report to the Division on Form DS-DE 124 by noon of the following business day the number of voter registration applications provided to and received from each organization the previous business day. Supervisors of Elections are not required to submit Form DS-DE 124 when they did not provide any voter registration applications to, or receive any from, an organization on the preceding business day.

(d) Form DS-DE 124 required under this subsection must be submitted as an attachment in pdf format in an email to 3PVRO@dos.myflorida.com or transmitted to the Division's facsimile machine at (850)245-6291.

(8) Complaints.

(a) Any person claiming to have provided a completed voter registration application to a third-party voter registration organization but whose name does not appear as an active voter on the voter registration rolls shall use Form DS-DE 121 to file the complaint with the Division.

(b) Any other person, except supervisors of elections or their staff, may report allegations of irregularities or fraud involving voter registration by filing an elections fraud complaint with the Division. *See* Rule 1S-2.025, F.A.C.

(c) Supervisors of elections or their staff shall report any untimely filed voter registration application submitted by an organization by sending the Division an explanatory statement in an email and attaching documents which reflect the untimely submission in pdf format to 3PVRO@dos.myflorida.com, ~~or~~ by transmitting the explanatory statement and documentation to the Division's facsimile machine at (850)245-6291, or by having them delivered by express mail or expedited courier service. For any application containing an organization's identification number – but no other information indicating it was collected by a third-party voter registration organization, such as a cover letter or a "date delivered" mark as required by paragraph (4)(b) and that was received after the book closing date or more than 10 days after the date on which the applicant signed it – the explanatory statement should include a description of the supervisor's efforts to contact the applicant to confirm that the application was delivered to the organization.

(d) The Secretary of State will not refer a violation to the Attorney General unless there is evidence that the applicant entrusted the voter registration application to a third-party voter registration organization.

PURPOSE AND EFFECT: The purpose of the proposed rule is to require automated monitoring and data transmission for actual use of water authorized by water use permits. The effect of the proposed rule is to include provisions to require permit applicants to submit, as part of their water use permit conditions, records of groundwater and surfacewater withdrawals.

SUMMARY: This proposed rule will require automated submittal of actual groundwater and surfacewater withdrawal data for projects that require water use permits. The proposed amendments will be located within the SRWMD Water Use Permitting Guide which is incorporated by reference into Rule 40B-2.301, Florida Administrative Code.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: Water use permit holders may choose to implement a District-sponsored water use monitoring system at no cost to the permit holder. The cost to the District to implement monitoring on behalf of permit holders is minimized by the use of existing data sources such as consumption of electrical data by pumps or motor run time.

The cost of automated data transmission to permit holders and the District is minimized by using the least-cost data transmission platform available with consideration given to using the District's existing automated water resources monitoring network.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

63H-1.005 Authorized Mechanical Restraints.

(1) The department authorizes the use of only those mechanical restraints addressed in this rule. All mechanical restraints shall be designed and manufactured for the specific purpose of secure transport or restraint.

(2) Authorized mechanical restraints to be used within a facility are as follows: handcuffs, leg restraints, restraint belt, soft restraints, and waist chains.

(a) Handcuffs. The availability and versatility of handcuffs make their use practical in most restraint situations. Handcuffs are light, flexible, and easy to apply. Standard handcuffs, used by most law enforcement agencies, are approved for use.

(b) Restraint Belt. A restraint belt may be used with handcuffs when added security is needed. The restraint belt is a leather or nylon belt that is secured behind the back of the youth with an independent lock, buckle, or Velcro fastener. The belt is fashioned so that handcuffs secured to the front of the belt provide an alternative to restraining a youth's hands in the behind-the-back position.

(c) Leg restraints. Leg restraints are similar to handcuffs, but usually have a 15-inch chain separating the restraints. Leg restraints are typically used in conjunction with handcuffs to restrict the movement of the feet and legs.

(d) Soft restraints. Soft restraints, such as nylon flex cuffs (also known as zip cuffs), or Velcro or leather devices, are authorized for use as an alternative to hard restraints.

(e) Waist chains. Waist chains are designed to limit arm movement and keep hands visible at all times by securing them at the youth's waist. Waist chains are typically used only for transportation. There are two basic types: a nickel plated chain, usually 60 inches long with a sturdy cuff clip to permit quick attachment of handcuffs; or a similar chain with handcuffs permanently attached.

(3) through (9) No change.

(10) If handcuffs are used on pregnant youth, they shall be cuffed in front. Leg restraints, waist chains, soft restraints, and the restraint belt shall not be used on pregnant youth. Restraints may not be used on a youth who is known to be pregnant during labor, delivery, and postpartum recovery. For purposes of this subsection, "postpartum recovery" shall include the period immediately following delivery, including the recovery period when a youth is in the hospital or infirmary, up to 24 hours after delivery, unless the physician after consultation with the department recommends a longer period of time.

(11) No change.

~~(2)(4) General Procedures regarding Public Records. For specific procedures, depending on the nature of the record document, see subsections (3)(5) through (6)(9).~~

~~(a) Location of Department Records Documents. The Department's records documents are located in several places. Many may be found at the Department's headquarters in Tallahassee, Florida; others are in the Department's several field offices; some are stored in rented facilities, and others are stored in the custody of the Department of State at the Florida Records Storage Center in Tallahassee, Florida. The Department is solely responsible for arranging for inspection of any Department records stored in its various offices, rented facilities or the Florida Records Storage Center. Records that which are archived are in the custody of the Department of State and are housed in the R. A. Gray Building, Tallahassee, Florida.~~

~~(b) Where Documents May be Inspected, Examined or Copied. A requester may inspect, examine, or copy public records at the Larson Building in Tallahassee; in another Department building in Tallahassee or in a field office, if the subject records are located in that building; in the Florida State Archives; or in the Florida Records Storage Center, or in the Florida State Archives. In order to maintain the integrity of the Department's records, inspection, examination and copying shall be made in the building in which they are located. Arrangements to inspect or copy records that are stored in the Florida Records Storage Center, Tallahassee, Florida, awaiting destruction in accordance with the requirements of the Department of State, may be made by contacting the Public Records Unit. Arrangements to inspect, examine and copy records at the Florida State Archives may be made by contacting the Department of State calling (850)488-2073. Arrangements to inspect, examine, and copy records which are~~

~~stored in the Florida Records Storage Center, Tallahassee, Florida, awaiting destruction in accordance with the requirements of the Department of State, may be made by contacting the Agency Clerk for Public Records Requests at (850)413-4167.~~

(c) Supervision of Inspection, ~~Examination~~ and Copying of Public Records. The Public Records Law recognizes that agencies are responsible for the integrity and security of their records and provides that inspection, ~~examination~~ and copying of public records be under the supervision of the ~~custodian of the records~~. The Department will provide the necessary supervision in a variety of ways, depending on the nature of the request and the documents involved. The supervision will be accomplished either by a Department employee if one is available or by a person from a temporary help service hired by the Department. Under no circumstances will inspection or copying of Department records be unsupervised left alone with a requester.

(d) Applicable Fees and Charges.

1. Advance Payment. Pursuant to the provisions of Article VII, Section 10 of the Florida Constitution, the Department is prohibited from extending credit. Further, Section 119.07(4)(d) ~~(1)(a)~~, F.S., provides says that the records custodian “shall furnish a copy or a certified copy of the record upon payment of the fee prescribed by law . . .” Additionally, Section 624.501, F.S., provides that the “department . . . shall collect in advance, and persons so served shall pay to it in advance, fees, licenses, and miscellaneous charges as follows . . .” Therefore, all fees and charges applicable to a particular public records request must be paid in advance of the performance by the Department of the copying or other work that will be necessary to comply with the request (aside from the work needed to calculate or estimate the fees and charges). The Department will prepare an invoice reflecting the applicable charge once the total number of copies and any special service charge is known. ~~If Where~~ the precise amount of the special service charge or copy charge cannot be calculated in advance, the special service charge shall be estimated, ~~and the requester shall be required to pay seventy-five percent of the estimate prior to the Department’s beginning work,~~ and the requester must pay that estimated amount in advance of work on the request; the balance will be adjusted as necessary to reflect actual charges incurred, upon completion of the special services and the requester must pay any additional amounts due before receiving the records. If a refund is in order, this will be provided by the Department. The requester shall make his or her check or money order payable to the “Florida Department of Financial Services” and shall deliver it to the Department. Upon receipt, the Department shall furnish the copies to the requester. If a requester pays in cash or pays in person by check or money order, he or she will be escorted by a

Department employee to the Accounts Receivable Section in the Bureau of Financial and Support Services where the cash, check or money order will be accepted and a receipt provided.

2. Section 624.501~~(19)(a)~~, F.S., requires the Department to charge 15 50 cents a page for copies of documents or records on file with the Department. Section 119.07~~(4)(a)~~, F.S., permits the Department to charge an additional 5 cents per page for two-sided copies. The Department will copy documents two-sided if specifically requested. However, since copying two-sided takes longer than copying one-sided, requesters should be aware that a special service charge will apply if the production of the documents becomes extensive. See paragraphs ~~(1)(2) (c)(j), (e)(k)~~ and (l). Further Section 624.501, F.S., requires the Department to charge \$5.00 for each certificate under seal authenticating any document or other instrument.

3. Special Service Charge for Extensive Use of Personnel or Information Technology Resources.

a. Pursuant to Section 119.07~~(4)(d) (1)(b)~~, F.S., a special service charge will be charged, in addition to any cost for copies, when the time spent in responding to the public records request by clerical or supervisory personnel is “extensive,” as that term is defined in paragraph ~~(1)(e) (2)(j)~~, above. The “special service charge” will be computed as defined in paragraph ~~(1)(l) (2)(k)~~, above, in accordance with the definition of “current rate of pay,” as defined in paragraph ~~(1)(c) (2)(f)~~, above, and will begin to be assessed after the extensive use period begins. In the case of records inspection requests, copying and special service charges will be assessed where, because part of the records are exempt from disclosure and need redacting, a set of redacted records must be made to allow inspection, and the redacting process will require extensive use of clerical, supervisory or technical resources or both.

b. Pursuant to Section 119.07~~(4)(d) (1)(b)~~, F.S., a special service charge for requests requiring data supplied on a computer diskette which requires extensive use of information technology resources as defined in paragraph (1)(n), above will be assessed after the extensive use period begins, but which is otherwise readily available from the Department’s computer database will be calculated by taking into account the following factors: ~~the cost of the diskette;~~ the amount of computer time allocated to the project; the current rate of pay of Department personnel compiling the information, multiplied by the time allocated to the project, which time shall include researching, compiling, and formatting the data as well as any other direct costs associated with providing the data in a readable format ~~on a diskette~~.

(e) Duplication of Documents other than Paper. The Department will duplicate or arrange for the duplication of audio tapes, video tapes, and microfilm, if available, on request. The Department does not have its own facilities to perform these functions. Therefore, the Department will make

arrangements with a commercial service to make duplicates. The requester will be charged the actual cost to the Department charged by the commercial service plus a special service charge, if making the arrangements for the duplication takes more than 30 15 minutes. Under no circumstances will the Department's documents be released to the requester for duplication nor will Department employees make duplicates at home using their own equipment.

~~(3)(5) Agency Clerk for Public Records Requests (the Clerk).~~

~~(a) Requests shall be made directly to the Department division, bureau, office or other subordinate section in which the records are maintained, if known. If this information is not known, requesters can make requests directly to the Department's Public Record Unit, Larson Building, 200 E. Gaines Street, Tallahassee, Florida 32399-0311, which will route requests appropriately. Requests for responses by multiple offices of the Department shall also be made to the Public Record Unit for routing and disposition. In order to ensure the most expeditious response, all public records requests should be in writing, addressed to: Agency Clerk for Public Records Requests, G49 Larson Building, 200 East Gaines Street, Tallahassee, FL 32399-0307. Requests may also be made by calling (850)413-4167, or by fax at (850)921-6117. Requests are not required to be in writing. However, requesters should be aware that the Department regulates many individual people and individual companies with names that are very similar. The Department will make every effort to ensure that records concerning the person or company intended by the requester are provided. However, if a miscommunication occurs because a request was not in writing, the requester will be expected to pay for any copies made in error.~~

~~(b) The Clerk will then direct the request to that part or those parts of the Department where the records are located. With the assistance of the Department personnel having immediate control of the records, the Clerk will determine when the documents will be available; where they may be inspected, examined or copied; the approximate number of documents involved; and a rough estimate of the cost of the inspection, examination or copying. This information will be communicated to the requester so that the requester can either confirm that he wishes to go forward with the request as originally stated or can modify his request. The Clerk and the requester will then make arrangements for the inspection, examination, and copying in accordance with the general procedures described in subsection (4).~~

~~(c) If the request is one that is handled routinely by the Public Document Viewing Room, the Clerk will transmit the request to the person in charge of the PDVR and subsequent arrangements will be made in accordance with subsection (6).~~

~~(b)(d) If the request is one involving the Department's final orders, as indexed pursuant to Rule 69E-121.010, F.A.C., the request may be made directly to, or will be transmitted Clerk will transmit that request to the Division of Legal Services for processing.~~

~~(6) Public Document Viewing Room (PDVR). During the first two years of its operation, this room has been used almost exclusively by attorneys and commercial search services to review, on behalf of competitors, other insurers' form and rate filings and financial statements. Therefore, the procedures for the use of this room are designed to most expeditiously accommodate that part of the public. Requesters wishing to inspect, examine or copy any of the documents routinely available in this facility but not wishing to comply with the procedures of this subsection should direct their request to the Agency Clerk for Public Records Requests. See subsection (5).~~

~~(a) Records Available in this Facility. The records available are insurer form and rate filings initially submitted by a company authorized to do business in Florida; approved or disapproved form and rate filings submitted by a company authorized to do business in Florida; and annual and quarterly financial statements filed by companies doing business in Florida.~~

~~(4)(b) Public Record Viewing Room (PRVR) Access to the PDVR.~~

~~(a)1. Hours of Operation. The PRVR room is open during the Department's normal business hours from 9:00 a.m. to 4:00 p.m., Monday through Thursday. The room is closed between 4:00 and 5:00 p.m. to allow the staff to refile documents used that day and to assemble the documents necessary for the next day's appointments. The room is closed on Friday to allow for maintenance and servicing of the copiers and microfilm readers.~~

~~2. Appointments. Appointments are scheduled on a first come, first served basis. Appointments are scheduled for the first available date and time. The appointment must be confirmed in writing by the requester, together with written confirmation of the documents to be inspected, examined or copied. Whenever possible during the appointment, staff will make every effort to accommodate additional document requests.~~

~~3. Appointments Forfeited. If a requester fails to arrive within 30 minutes of the confirmed appointment time, the appointment will be forfeited and offered to another requester. The requester missing an appointment will be required to make a new appointment.~~

~~4. Operation of Standby List for Appointments. Staff will maintain a standby list of those wishing to be contacted if an appointment is forfeited. The individual or company next on the list will be offered the opportunity to come to the PDVR. If the individual or company cannot arrive within 30 minutes of the call or does not wish to use the forfeited appointment slot,~~

staff will contact the next name on the list. Once everyone on the list has been contacted, staff will go back to the beginning of the list and start over. Staff shall maintain a standby log to record the time called, the person spoken to, the response given, and any list of documents to be reviewed, if requested during the phone call.

5. How to Get on the Standby List. To get on the standby list, the requester shall write to the Supervisor, Document Processing Section, G49 Larson Building, 200 East Gaines Street, Tallahassee, FL 32399-0311. The letter shall state that the person wishes to be placed on the standby list and shall provide the following information: individual's name or the company's name; the name of a primary and a secondary contact within the company, if applicable; the individual's or the company's address; and the telephone number or numbers for the contacts. The Supervisor shall ensure that the individual or company is placed on the standby list. Once a year, the Supervisor shall contact, in writing, everyone on the standby list requesting confirmation of the information on file and updating the list as necessary. Any individual or company which does not respond to the annual update request shall be deleted.

6. Emergency Access. Requests for emergency access to the PDVR will be handled on a case by case basis. The Department will accommodate such requests if the Department has the necessary resources available to do so. The resources are: personnel to search for, retrieve, and review the document to ensure that it is not privileged or confidential; personnel to assist the requester in inspecting and examining the document; personnel to make any copies the requester may request; equipment available to inspect or examine the document if the document is in other than paper form; equipment available to copy the document, regardless of what form the document is in; and physical location, usually a conference room, in which the inspection or examination can take place.

~~(b)7.~~ Use of Personal Copiers in the PRDVR. Personal copiers ~~may cannot~~ be used in the PRDVR, with prior approval depending upon space limitations in the PRVR and if such use does not interfere with the work of the Public Record Unit or other PRVR users because there is no space in the room to set up any more equipment than is already there. Requests to use personal copiers shall be directed to the Public Record Unit Agency Clerk for Public Records Requests. See subsection (5).

~~(5)(7)~~ Specific Procedure Regarding Final Orders. Public records which are final orders subject to the indexing requirements of Sections 120.532 and 120.533, F.S., are made available pursuant to the provisions of Rule 69E-121.010, F.A.C.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Notice of Receipt of Applications for Permit Coverage under the State's Generic Permit for MS4's

The Department of Environmental Protection announces receipt of the application listed below for permit coverage under the Generic Permit for Stormwater Discharge from Phase II Municipal Separate Storm Sewer Systems from Charlotte County, City of Palm Bay and Town of Indilantic. The applications are being processed and are available for public inspection during normal business hours, 8:00 a.m. – 5:00 p.m., Monday through Friday, except legal holidays, at the Department of Environmental Protection in Tallahassee, Florida. Any comments related to noticed application or objections to the use the Generic Permit by any of the noticed applicants must be received by the Department within 14 days from the date of this notice. Comments may be mailed to the following address: Ms. Kathleen Downey, NPDES Stormwater Section, Department of Environmental Protection, 2600 Blairstone Road, MS #2500, Tallahassee, FL 32399-2400.

NOTICE OF INTENT TO GRANT VARIANCE

The Department of Environmental Protection gives notice of its intent to grant a variance under Section 403.201, F.S., from the provisions of paragraph 62-4.244(5)(c), F.A.C., to Pinellas County and DEP Division of Recreation and Parks, 0249602-008-BV to allow an expanded mixing zone of 300 meters offshore and 1000 meters downcurrent for the restoration site. The associated Honeymoon Island Beach Restoration Phase II project 0249602-006-JC, consists of the construction of three low profile T-head groins and a beach restoration project along the shoreline of Honeymoon Island

State Park, in order to extend the improvements from Phase I north across the north parking lot. The project will place approximately 100,000 cubic yards of fill material extending from DEP control monument R-8 to approximately R-10 on Honeymoon Island. The sand will be dredged from the ebb shoal of Hurricane Pass, which is located adjacent to an improved navigational channel. The Department received the petition for variance on July 19, 2011. The Department is granting the variance because the applicant has demonstrated there is no practicable means known or available for the adequate control of the pollution involved. The Department's file on this matter is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the Department of Environmental Protection, 4708 Capital Circle N.W., Tallahassee, Florida 32303, Telephone: (850)245-2242.

A person whose substantial interests are affected by the Department's action may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received by the clerk) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000.

Mediation under Section 120.573, F.S. is not available.

Because the administrative hearing process is designed to redetermine final agency action on the application, the filing of a petition for an administrative hearing may result in a modification of the agency action or even a denial of the application. If a sufficient petition for an administrative hearing or request for an extension of time to file a petition is timely filed, this agency action automatically becomes only proposed agency action on the application, subject to the result of the administrative review process. Accordingly, the applicant is advised not to commence construction or other activities in accordance with this variance until the deadlines noted below for filing a petition for an administrative hearing, or request for an extension of time has expired.

Under subsections 28-106.111(3) and 62-110.106(4), F.A.C., a person whose substantial interests are affected by the Department's action may also request an extension of time to file a petition for an administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, before the applicable deadline. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon. If a request is filed late, the Department may still grant it upon a

motion by the requesting party showing that the failure to file a request for an extension of time before the deadline was the result of excusable neglect.

In the event that a timely and sufficient petition for an administrative hearing is filed, other persons whose substantial interests will be affected by the outcome of the administrative process have the right to petition to intervene in the proceeding. Any intervention will be only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

In accordance with subsection 28-106.111(2) and subparagraph 62-110.106(3)(a)4., F.A.C., petitions for an administrative hearing by the applicant must be filed within 14 days of receipt of this written notice. Petitions filed by any persons other than the applicant, and other than those entitled to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the notice or within 14 days of receipt of the written notice, whichever occurs first.

Under Section 120.60(3), F.S., however, any person who has asked the Department for notice of agency action may file a petition within 14 days of receipt of such notice, regardless of the date of publication.

The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition for an administrative hearing within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests are or will be affected by the agency determination; (c) A statement of when and how the petitioner received notice of the agency decision; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts that the petitioner contends warrant reversal or modification of the agency's proposed action; and (f) A statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency's proposed action; (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C. Under Sections 120.569(2)(c) and (d), F.S., a petition for administrative hearing must be dismissed by the agency if the petition does not substantially comply with the above requirements or is untimely filed.

This action is final and effective on the date filed with the Clerk of the Department unless a petition is filed in accordance with the above. Upon the timely filing of a petition this order will not be effective until further order of the Department.

This variance constitutes an order of the Department. The applicant has the right to seek judicial review of the order under Section 120.68, Florida Statutes, by the filing of a notice of appeal under Rule 9.110, Florida Rules of Appellate Procedure, with the Clerk of the Department in the Office of General Counsel, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000; and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice of appeal must be filed within 30 days from the date when the final order is filed with the Clerk of the Department.

NOTICE OF INTENT TO GRANT

A WATER QUALITY CRITERIA EXEMPTION

The Department of Environmental Protection gives notice of its intent to grant an exemption from the Class G-II ground water standard for sodium pursuant to Rule 62-520.500, Florida Administrative Code (F.A.C.), as part of industrial wastewater (IWW) Permit Number FLA017047 to the Tampa Electric Company Big Bend Power Station located in Hillsborough County at 13031 Wyandotte Rd., Apollo Beach, Florida 33572. The maximum contaminant level for sodium is 160 mg/L. An alternative ground water concentration for sodium was not requested in the petition and is not being proposed because the sodium levels in the receiving brackish and Class III marine surface waters are as much as 10 times greater than the sodium levels in the discharge to ground water. The exemption is for the permitted discharge of treated IWW to Class G-II ground water. The exemption is granted for the duration of the current Big Bend Power Station IWW Permit Number FLA017047, which expired on July 9, 2012, and has been administratively extended, and for the duration of the IWW renewal permit upon issuance. Any future exemptions must be petitioned for by the applicant in conjunction with any future renewal of IWW Permit Number FLA017047.

A person whose substantial interests are affected by the Department's proposed exemption decision may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57, Florida Statutes (F.S.). The petition must contain the information set forth below and must be filed (received)

with the Agency Clerk in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, within 21 days of publication of this notice. The petitioner must mail a copy of the petition to the applicant Mr. Stanley M. Kron, Manager, Land and Water Programs, Post Office Box 111, Tampa, FL 33601, at the time of filing.

The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another party) will only be at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

A petition that disputes the material facts on which the Department's action is based must contain the following information, as required by Rule 28-106.201, F.A.C.

- (a) The name and address of each agency affected and each agency's file or identification number, if known;
- (b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination;
- (c) A statement of when and how the petitioner received notice of the agency decision;
- (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate;
- (e) A concise statement of the ultimate facts alleged, including specific facts the petitioner contends warrant reversal or modification of the Department action;
- (f) A statement of the specific rules and statutes the petitioner contends requires reversal or modification of the agency's proposed action, including an explanation of how the alleged facts relate to the specific rules or statutes; and
- (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to the agency's proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise contain the same information as set forth above, as required by Rule 28-106.201, F.A.C.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the petition have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation is not available for this proceeding.

The application is available for public inspection during normal business hours, 8:00 a.m. – 5:00 p.m., Monday through Friday, except legal holidays, at the Department's Tallahassee Office, 2600 Blair Stone Road, Room 572F, Tallahassee, Florida 32399-2400; telephone Mr. David James, P.G., (850)245-8648.

NOTICE OF INTENT TO GRANT VARIANCE

The Department of Environmental Protection gives notice of its intent to grant a variance under Section 403.201, F.S., from the provisions of paragraph 62-4.244(5)(c), F.A.C., which establishes the size of mixing zones. The Department is issuing the variance to the West Coast Inland Navigational District, 0298106-003-BV, to allow an expanded mixing zone of 250 meters offshore and 750 meters downcurrent for the beach placement site and a maximum allowable turbidity level of 29 NTUs above background at the edge of the mixing zone. The Department received the petition for variance on September 2, 2011. This temporary variance shall only be valid during the construction activities authorized in Permit No.: 0298106-002-JC, Venice Inlet Flood Shoal Sand Trap and Snake Island Stabilization Project. The location of the proposed activities is from 30 feet north of R-116 to 110 feet north of R-117. The Department is granting the variance because the applicant has demonstrated there is no practicable means known or available for the adequate control of the pollution involved. The Department's file on this matter is available for public inspection during normal business hours, 8:00 a.m. – 5:00 p.m., Monday through Friday, except legal holidays, at the Department of Environmental Protection, Bureau of Beaches and Coastal Systems, 4708 NW Capital Circle, Tallahassee, Florida 32304, Telephone: (850)488-7708.

A person whose substantial interests are affected by the Department's action may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57, Florida Statutes. The petition must contain the information set forth below and must be filed (received by the clerk) in the

Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000.

Mediation under Section 120.573, F.S. is not available.

Because the administrative hearing process is designed to redetermine final agency action on the application, the filing of a petition for an administrative hearing may result in a modification of the agency action or even a denial of the application. If a sufficient petition for an administrative hearing or request for an extension of time to file a petition is timely filed, this agency action automatically becomes only proposed agency action on the application, subject to the result of the administrative review process. Accordingly, the applicant is advised not to commence construction or other activities in accordance with this variance until the deadlines noted below for filing a petition for an administrative hearing, or request for an extension of time has expired.

Under subsections 28-106.111(3) and 62-110.106(4), F.A.C., a person whose substantial interests are affected by the Department's action may also request an extension of time to file a petition for an administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, before the applicable deadline. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon. If a request is filed late, the Department may still grant it upon a motion by the requesting party showing that the failure to file a request for an extension of time before the deadline was the result of excusable neglect.

In the event that a timely and sufficient petition for an administrative hearing is filed, other persons whose substantial interests will be affected by the outcome of the administrative process have the right to petition to intervene in the proceeding. Any intervention will be only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

In accordance with subsection 28-106.111(2) and subparagraph 62-110.106(3)(a)4., F.A.C., petitions for an administrative hearing by the applicant must be filed within 14 days of receipt of this written notice. Petitions filed by any persons other than the applicant, and other than those entitled

to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the notice or within 14 days of receipt of the written notice, whichever occurs first.

Under Section 120.60(3), F.S., however, any person who has asked the Department for notice of agency action may file a petition within 14 days of receipt of such notice, regardless of the date of publication.

The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition for an administrative hearing within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests are or will be affected by the agency determination; (c) A statement of when and how the petitioner received notice of the agency decision; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts that the petitioner contends warrant reversal or modification of the agency's proposed action; and (f) A statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency's proposed action; (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.S. Under Sections 120.569(2)(c) and (d), F.S., a petition for administrative hearing must be dismissed by the agency if the petition does not substantially comply with the above requirements or is untimely filed.

This action is final and effective on the date filed with the Clerk of the Department unless a petition is filed in accordance with the above. Upon the timely filing of a petition this order will not be effective until further order of the Department.

This variance constitutes an order of the Department. The applicant has the right to seek judicial review of the order under Section 120.68, Florida Statutes, by the filing of a notice of appeal under Rule 9.110, Florida Rules of Appellate Procedure, with the Clerk of the Department in the Office of General Counsel, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000; and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice of appeal must be filed within 30 days from the date when the final order is filed with the Clerk of the Department.

NOTICE OF INTENT TO GRANT VARIANCE

The Department of Environmental Protection gives notice of its intent to grant a variance under Section 403.201, F.S., from the provisions of paragraph 62-346.302(1)(c), subsection 62-302.700(1) and sub-subparagraph 62-4.242(2)(a)2.b., F.A.C., to the U.S. Army Corps of Engineers, Mobile District, Attn.: Curtis M. Flakes, Chief, Planning and Environmental Division, P. O. Box 2288, Mobile, Alabama 36628, (File No.: 19-0270106-002-EV), to allow the disposal of dredged material within Class II waters (designated for shellfish harvesting) adjacent to the existing Eastpoint breakwaters, and from the provisions of the Antidegradation sub-subparagraph 62-4.242(2)(a)2.b., F.A.C. to allow turbidity levels at the edge of the mixing zones within Outstanding Florida Waters (OFWs) to exceed background levels within St. George Sound, a Class II OFW restricted for shellfish harvesting. The petition for variance was received on August 6, 2012. The Department intends to grant the proposed variance because there are no practicable means known or available for the adequate control of the pollution and turbidity involved. The Department's file on this matter is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the Department of Environmental Protection, 160 W. Government Street, Pensacola, Florida 32502, Telephone: (850)595-8300.

A person whose substantial interests are affected by the Department's action may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received by the clerk) in the

Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000.

Mediation under Section 120.573, F.S., is not available.

Because the administrative hearing process is designed to redetermine final agency action on the application, the filing of a petition for an administrative hearing may result in a modification of the agency action or even a denial of the application. If a sufficient petition for an administrative hearing or request for an extension of time to file a petition is timely filed, this agency action automatically becomes only proposed agency action on the application, subject to the result of the administrative review process. Accordingly, the applicant is advised not to commence construction or other activities in accordance with this variance until the deadlines noted below for filing a petition for an administrative hearing, or request for an extension of time has expired.

Under subsections 28-106.111(3) and 62-110.106(4), F.A.C., a person whose substantial interests are affected by the Department's action may also request an extension of time to file a petition for an administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, before the applicable deadline. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon. If a request is filed late, the Department may still grant it upon a motion by the requesting party showing that the failure to file a request for an extension of time before the deadline was the result of excusable neglect.

In the event that a timely and sufficient petition for an administrative hearing is filed, other persons whose substantial interests will be affected by the outcome of the administrative process have the right to petition to intervene in the proceeding. Any intervention will be only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

In accordance with subsection 28-106.111(2) and paragraph 62-110.106(3)(a), F.A.C., petitions for an administrative hearing by the applicant must be filed within 14 days of receipt of this written notice. Petitions filed by any persons other than the applicant, and other than those entitled

to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the notice or within 14 days of receipt of the written notice, whichever occurs first.

Under Section 120.60(3), F.S., however, any person who has asked the Department for notice of agency action may file a petition within 14 days of receipt of such notice, regardless of the date of publication.

The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition for an administrative hearing within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests are or will be affected by the agency determination; (c) A statement of when and how the petitioner received notice of the agency decision; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts that the petitioner contends warrant reversal or modification of the agency's proposed action; and (f) A statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency's proposed action; (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301. Under Sections 120.569(2)(c) and (d), F.S., a petition for administrative hearing must be dismissed by the agency if the petition does not substantially comply with the above requirements or is untimely filed.

This action is final and effective on the date filed with the Clerk of the Department unless a petition is filed in accordance with the above. Upon the timely filing of a petition this order will not be effective until further order of the Department.

This variance constitutes an order of the Department. The applicant has the right to seek judicial review of the order under Section 120.68, Florida Statutes, by the filing of a notice of appeal under Rule 9.110, Florida Rules of Appellate Procedure, with the Clerk of the Department in the Office of General Counsel, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice of appeal must be filed within 30 days from the date when the final order is filed with the Clerk of the Department.
