Notice of Development of Proposed Rules
and Negotiated Rulemaking

DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES

Division of Licensing

RULE NO.: **RULE TITLE:**
 5N-1.120 Filing of Application; License Issuance and
 Temporary Authority of Out of State
 Licensees

PURPOSE AND EFFECT: This rule imposes rather narrow restrictions, allowing only those security agencies already licensed in the State of Florida under the authority of Chapter 493, Florida Statutes, to bring in security personnel from outside the state to provide emergency security services after a formal declaration of a state of emergency by the Governor of the state of Florida or by an appropriate federal agency. Because it is so restrictive in its current form, the rule poses a potential risk to the citizens of Florida in that it inhibits the ability of qualified out-of-state security service providers to come into Florida in the wake of a catastrophic natural disaster or other emergency situation that has had large-scale impacts on property, infrastructure, and the health and welfare of this state's citizens. The proposed revision to this rule will relax these restrictions, allowing security personnel duly licensed in their home state to enter Florida to provide emergency security services without having to be licensed under Florida and without having to be employed by a security agency already doing business in the state of Florida. Security personnel coming into the state must meet three conditions imposed by the rule: (1) they must be licensed as security personnel in their home state; (2) they must have received formal training as security officers; and (3) they must have been subjected to a background check as part of the determination of eligibility for licensure. The proposed revision also establishes limits with respect to the kinds of firearms and ammunition that out-of-state security personnel can carry. Finally, the rule also stipulates that currently certified and active law enforcement officers licensed from other states can also enter Florida to provide security services during a state of emergency.

SUBJECT AREA TO BE ADDRESSED: Out-of-state security personnel providing emergency security services after a declared emergency.

Section II Proposed Rules

WATER MANAGEMENT DISTRICTS

St. Johns River Water Management District

RULE NO.: 40C-8.031
 RULE TITLE: Minimum Surface Water Levels and Flows and Groundwater Levels

PURPOSE AND EFFECT: The purpose and effect of the proposed rule amendment will be to amend the established minimum water levels for Indian Lake in Volusia County.

SUMMARY: The proposed rule amendment would amend established minimum water levels for Indian Lake in Volusia

County pursuant to the mandate of Section 373.042, Florida Statutes. Each of the amended levels have a duration and return interval. The terms herein are already defined in Chapter 40C-8, F.A.C. As with all minimum levels established by the District, if adopted, the minimum levels in this rule amendment would be used as a basis for imposing limitations on withdrawals of groundwater and surface water in the consumptive use permit regulatory process and for reviewing proposed surface water management systems in the environmental resource permit regulatory process.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The District has determined that this rule will not have an adverse impact on small businesses and will not likely increase, directly or indirectly, regulatory costs in excess of \$200,000 in the aggregate in Florida within one year after the implementation of the rule. No SERC has been prepared by the District.

The District has completed for the Governor's Office of Fiscal Accountability and Regulatory Reform (OFARR) the "Is a SERC Required?" form and prepared a summary of the proposed rule amendment, which are both available upon request. Based on the completed "Is a SERC Required?" form and summary and the analysis performed by the District in preparing and completing those documents, the proposed rule amendment is not expected to require legislative ratification pursuant to Section 120.541(3), F.S.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULEMAKING AUTHORITY: 373.044, 373.113 FS.

LAW IMPLEMENTED: 373.042, 373.0421 FS.

IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE HELD AT THE DATE, TIME AND PLACE SHOWN BELOW (IF NOT REQUESTED, THIS HEARING WILL NOT BE HELD):

DATE AND TIME: Following the regularly scheduled Governing Board Meeting on July 9, 2013, which begins immediately following the Regulatory Committee Meeting that begins at 11:00 a.m.
