**Section II
 Proposed Rules**

DEPARTMENT OF ENVIRONMENTAL PROTECTION

RULE NO.: 62-113.100
 RULE TITLE: Purpose

PURPOSE AND EFFECT: This rulemaking will incorporate the revised “Operating Agreement Concerning Regulation Under Part IV, Chapter 373, F.S., Between Northwest Florida Water Management District and Department of Environmental Protection” into Rule 62-113.100, F.A.C., where the Department has incorporated similar agreements. The Agreement needs to be moved from where it is currently incorporated by reference in subsection 62-346.030(33), F.A.C., to another chapter that will remain in effect if Chapter 62-346, F.A.C., is repealed upon the effective date of the statewide environmental resource permit rule Chapter 62-330, F.A.C.

In addition, the Agreement is being updated to, most notably: (1) remove the current requirement for the Department to review and take agency action, including enforcement and compliance involving dredging, filling, or construction in, on, or over five or more acres of wetlands or other surface waters; (2) provide that the Department will be responsible for review and take agency action, including enforcement and compliance of projects submitted by, or on behalf of, named military installations within the Northwest Florida Water Management District (NFWFMD); and (3) provide that the NFWFMD will be responsible for review and final action on petitions for formal determinations under Section 373.421, F.S., filed by entities regarding properties on which they propose to undertake activities for which the NFWFMD would have permitting responsibility under this Agreement.

SUMMARY: The rule will update the division of responsibilities between the Department and the NFWFMD regarding review and agency action on activities regulated under Part IV of Chapter 373, F.S., including permitting, compliance, enforcement, and formal determinations of the landward extent of wetlands and other surface waters. The rule also will result in the updated Agreement being incorporated by reference in Chapter 62-113, F.A.C., instead of in Chapter 62-346, F.A.C.

OTHER RULES INCORPORATING THIS RULE: Rule 18-21.0051, F.A.C., 62-113.200, F.A.C., 62-342.850, F.A.C., 62-343.020, F.A.C.

EFFECT ON THOSE OTHER RULES: None.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The amendment to rule 62-113.100 will be to incorporate by reference a revised operating agreement between the Department and the Northwest Florida Water Management District. The revisions to the agreement only affect the division of authority between the two agencies to review and take agency action on permitting activities and will not affect regulatory costs.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

64B8-4.025 Licensure Under Supervision.

Unless otherwise approved by the Board or its designee, or addressed by Board Order, the following are provisions applicable to Orders rendered by the Board when an applicant is certified for licensure but said licensure is restricted or conditioned in such a manner as to require a period of practice under supervision of another licensee approved by the Board.

~~(1) When an applicant is certified for licensure, but said licensure is restricted in such a manner as to require a period of practice under supervision of another licensee approved by the Board, the applicant's license shall not be issued until a supervisor is approved by the Board or its designee. However, unless provided otherwise in the Board's Order, the person who is certified for licensure must have a supervisor approved within 12 months of the date the Board certifies the applicant for licensure. If the person certified for licensure does not obtain an approved supervisor within that 12 month period, the certification for licensure expires and the person must reapply for licensure.~~

(2) Required Supervision.

~~(a)(4) Direct Supervision.~~ If an applicant is required to work under the direct supervision of another physician, "direct supervision" shall require the physical presence of the

supervising physician ~~in the building on the premises~~ so that the supervising physician is immediately available when needed.

~~(b)(2) Indirect Supervision.~~ If an applicant is required to work under the indirect supervision of another physician, "indirect supervision" shall mean the responsible supervision of the licensee by a supervising physician, approved by the Board, which supervision shall not require the physical presence of the supervising physician when procedures are performed, but shall require the supervisor to be reasonably available, so as to be physically present to provide consultation or direction in a timely fashion as required for appropriate care of the patient. The supervisor shall practice within a reasonable geographic proximity to the applicant, which shall be within 20 miles.

(c) If the terms of the Order include indirect or direct supervision of the applicant's practice, the applicant shall not practice medicine without an approved supervisor.

(d) The applicant shall furnish to the proposed supervisor a copy of the Board's order requiring supervision and any other relevant orders.

(e) The supervisor must be licensed under Chapter 458, Florida Statutes, in good standing, in active status, without restriction or limitation on his or her license, must be qualified by training and experience, and must not have any conflicts of interest that would prohibit him or her from impartially performing his or her duties as a monitor. Specific grounds for rejecting a proposed supervisor by the Board or its designee shall include but are not limited to the following:

1. The proposed supervisor has previously been subject to disciplinary action against his or her medical license in this or any other jurisdiction;

(f) Failure to complete the supervision in the required time period may result in an additional required appearance before the Credentials Committee and may result in extending the time to complete the required supervision.

(3) Approval. The Board confers authority on the Chair of the Credentials Committee to temporarily approve an applicant's supervisor, practice plans, and designation of an area of practice. To obtain this temporary approval, applicant shall submit to the Board the name and curriculum vitae of the proposed supervisor, the proposed practice plan, and designation of an area of practice. Absent said approval, applicant shall not practice medicine until a supervising physician is approved. Temporary approval shall only remain

~~in effect until the next meeting of the Board. Final approval is to be made by the Board. The proposed supervisor, practice plans, and designation of an area of practice shall be reviewed by the Probation Committee which shall make recommendations to the Board. The Chairman of the Probation Committee may grant temporary approval of the proposed supervisor, practice plan, and designation of an area of practice. Final approval may not be granted until the proposed supervisor and the applicant appear before the Probation Committee unless the appearance requirement is waived by the Probation Committee.~~

(4) Change in Supervisor. In the event that applicant's supervisor is unable or unwilling to fulfill his or her responsibilities as a supervisor, the applicant shall advise the Board of this fact within 24 hours of becoming aware of the situation. Applicant shall submit to the Board the name of a temporary supervisor for consideration. Applicant shall not practice medicine pending approval of this temporary supervisor by the Chair of the Credentials Committee. Temporary approval shall only remain in effect until the next meeting of the Board. Final approval is to be made by the Board.

(5) Reports. Prior to termination of the supervisory period, supervision reports, in affidavit format, shall be submitted by the applicant and the supervisor and shall contain the information set forth below:

(a) A report submitted by the applicant shall contain a brief statement of why the applicant is being supervised; the applicant's practice location; description of current practice (type and composition); compliance with supervisory terms; description of relationship with supervising physician; and advising of any problems.

(6) Tolling Provisions. After the period of supervision begins, in the event that the applicant leaves the State of Florida for a period of 30 days or more or otherwise does not or may not engage in the active practice of medicine in the State of Florida, then the time period and provisions regarding supervision and required reports shall be tolled and shall remain in a tolled status until applicant returns to the active practice of medicine in the State of Florida. Applicant shall notify the Board 10 days prior to his or her return to practice in the State of Florida.
