In addition, in ruling on an application pursuant to Rule 25-30.457, F.A.C., the Commission would no longer consider whether the utility has been granted a limited alternative rate increase within 3 years prior to the receipt of the application, or whether the utility is currently in compliance with any applicable water management district permit conditions concerning rate structure.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has been prepared by the Agency.

The SERC examined the factors required by Section 120.541(2)(c), FS, and concluded that the rule amendments will not have an adverse impact on economic growth, business competitiveness, or small business and that there would likely be regulatory cost savings to the entities required to comply with these rules.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: based upon the information contained in the SERC.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

The Petition for this variance was published in Vol. 40/98 on May 20, 2014. The Order for this Petition was signed and approved on June 03, 2014. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring that the mop sink and bathroom facilities within Neep QUIK (Jalababadev, Inc. - Yogesh Patel) are maintained in a clean and sanitary manner, all sinks are provided with hot and cold running water under pressure and are available during all hours of operation. The Petitioner shall also ensure that all handwash sinks used by employees are provided with a handwash sign, soap and approved hand drying devices. The Petitioner shall also ensure directional signage is installed within or outside the

establishment clearly stating the location of the bathrooms. If the ownership of Neep QUIK changes (Jalababadev, Inc. – Yogesh Patel), an updated, signed agreement for use of the facilities is required immediately.
