RULE NOS.:      RULE TITLES:

68B-60.002      Definitions

68B-60.003      Size Limits

68B-60.004      Bag Limits

PURPOSE AND EFFECT: The purpose of this rule development is to create barracuda conservation measures for south Florida. These rules will create a new rule chapter for barracuda in order to define great barracuda as any fish of the species *Sphyraena barracuda* and create recreational and commercial size and bag limits for this species in south Florida.

In recent years, stakeholders throughout southeast Florida and the Florida Keys have voiced concerns about declines in barracuda numbers in that region of the state. The limited available scientific data suggests that barracuda density and size in the Florida Keys may be declining, while fishing and diving stakeholders report drastic declines throughout south Florida. Public workshops to gather additional information and stakeholder input indicated strong support for regional regulations on barracuda harvest.

The effect of this rule will be to establish a minimum size limit of 15 inches in fork length and a maximum size limit of 36 inches in fork length for all barracuda harvested in state and federal waters off Collier, Monroe, Miami-Dade, Broward, Palm Beach and Martin counties. Recreational barracuda harvesters would be limited to two barracuda per day, while commercial harvesters would be limited to twenty barracuda per day in these counties. A daily commercial vessel limit of twenty barracuda would also apply. These regulatory changes are expected to reduce barracuda harvest in the region and give the population an opportunity rebound.

SUMMARY: This rule will create a rule chapter for barracuda with recreational and commercial size and bag limits in south Florida to reduce barracuda harvest in response to stakeholder concerns.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: the nature of the rule and the preliminary analysis conducted to determine whether a SERC was required.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NO.: RULE TITLE:

61C-5.001 Safety Standards

The Department of Business and Professional Regulation, Division of Hotels and Restaurants, Bureau of Elevator Safety hereby gives notice:

On July 30, 2015, the Division issued an order. The Final Order was in response to a Petition for an emergency temporary Variance from S.H. Condominium aka Sunset Harbour, filed June 22, 2015, and advertised on June 26, 2015, in Vol. 41, No. 124, of the Florida Administrative Register. No comments were received in response to the petition. The Final Order on the Petition for Variance grants the Petitioner a variance from Rule 3.11.3 ASME A17.3, 1996 edition, as adopted by paragraph 61C-5.001(1)(a), F.A.C., that requires upgrading the elevators with firefighters' emergency operations because the Petitioner has demonstrated that the purpose of the underlying statute has been met and that Petitioner would suffer a substantial hardship if required to comply with this rule (VW2015-151).

A copy of the Order or additional information may be obtained by contacting: Michelle Comingore, Bureau of Elevator Safety, 1940 North Monroe Street, Tallahassee, Florida 32399-1013.

DEPARTMENT OF BUSINESS AND PROFESSIONAL  
REGULATION

Division of Hotels and Restaurants

RULE NO.: RULE TITLE:

61C-4.010 Sanitation and Safety Requirements

The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice:

On July 16, 2015, the Division of Hotels and Restaurants received a Petition for an Emergency Variance for Subparagraph 3-305.11(A)(2), 2009 FDA Food Code, Section 3-305.14, 2009 FDA Food Code, Section 6-202.15, 2009 FDA Food Code, Section 6-202.16, 2009 FDA Food Code, subsection 61C-4.010(1), F.A.C., and subsection 61C-4.010(6), F.A.C., from T&T Catering located in Hialeah. The above referenced F.A.C. addresses the requirement for proper handling and dispensing of food. They are requesting to dispense bulk time/temperature control for safety foods from an open air mobile food dispensing vehicle.

The Petition for this variance was published in Vol. 41, No. 141, F.A.R., on July 22, 2015. The Order for this Petition was signed and approved on July 28, 2015. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring that each pan within the steam table is properly covered with an individual lid; the steam table is enclosed within a cabinet with tight-fitting doors, and is protected by an air curtain installed and operated according to the manufacturer's specifications that protects against flying vermin or other environmental contaminants; all steam table foods must be properly reheated for hot holding at approved commissaries and held hot at the proper minimum temperature per the parameters of the currently adopted FDA Food Code; and steam table food is to be dispensed by the operator with no customer self-service. The Petitioner shall also strictly adhere to the operating procedures and copies of the variance and operating procedures are to be present on the MFDV during all periods of operation.

They are requesting to share the bathrooms located within an adjacent business under different ownership for use by customers only. The Petition for this variance was published in Vol. 41, No. 129, on July 6, 2015. The Order for this Petition was signed and approved on July 28, 2015. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. The Petitioner shall also ensure directional signage is installed within or outside the establishment clearly stating the location of the bathrooms. Notice of Petitions and Dispositions  
Regarding Declaratory Statements**

**DEPARTMENT OF BUSINESS AND PROFESSIONAL  
REGULATION**

Construction Industry Licensing Board

NOTICE IS HEREBY GIVEN that the Construction Industry Licensing Board has issued an order disposing of the petition for declaratory statement filed by Robert J. Miller on April 9, 2015. The following is a summary of the agency’s disposition of the petition:

The Notice of Petition for Declaratory Statement was published in Volume 41, No. 98, of the May 20, 2015, Florida Administrative Register. The Petitioner seeks a declaratory statement from the Board as to whether he can build concrete swimming pools and advertise as such, or just the structure for concrete swimming pools. The Board’s Order, filed on July 22, 2015, denies the Petition because it was not signed, which is contrary to Rule 28-105, F.A.C.

A copy of the Order Disposing of the Petition for Declaratory Statement may be obtained by contacting: Dan Biggins, Executive Director, Construction Industry Licensing Board, 1940 North Monroe Street, Tallahassee, FL 32399-0783, telephone: (850)487-1395 or by electronic mail: Amanda.Wynn@myfloridalicense.com.

**DEPARTMENT OF FINANCIAL SERVICES**

NOTICE IS HEREBY GIVEN that the Department of Financial Services, Division of Workers’ Compensation (the “Department”), has declined to rule on the petition for declaratory statement filed by Northlake Mobil Enterprises, Inc., MB Food & Beverage, Inc., Congress Valero, Inc., Hena Enterprises, Inc., Hayma Enterprises, Inc., and Blue Heron BP, Inc., (the “Petitioners”) on April 27, 2015. The following is a summary of the agency’s declination of the petition:

The Notice of Petition for Declaratory Statement was published June 1, 2015, in Vol. 41, No. 105 of the Florida Administrative Register. The Petitioners sought a determination by the Department as to why the Petitioners were investigated for workers' compensation compliance violations, why Petitioners were issued orders of penalty assessment, the number of employees for whom Petitioners failed to secure the payment of workers' compensation, and how the penalties were calculated. The Notice of Denial of Declaratory Statement determined that the Petition should be denied because it requested a determination of the propriety of conduct that has already occurred, requested a determination relating to pending litigation, and a response would have required a general and consistent response in the nature of a rule. Therefore, the Petition was denied on July 27, 2015.

A copy of the Order Declining of the Petition for Declaratory Statement may be obtained by contacting: Dustin William Metz, Assistant General Counsel, Department of Financial Services, 200 E. Gaines Street, Tallahassee, Florida 32399-0333 or by email: Dustin.metz@myfloridacfo.com.

RFQ 16-03 Pre-Qualified Signage Contractors

NOTICE TO SIGNAGE CONTRACTORS

REQUEST FOR QUALIFICATIONS

RFQ 16-03

The University of North Florida Board of Trustees, a public body corporate, announces the need to establish a pre-qualified pool of signage contractors to provide general signage and way-finding signage modifications on the University of North Florida campus located at 1 UNF Drive, Jacksonville, FL 32224.

The intent of this solicitation is to pre-qualify approximately three signage firms capable of providing general purpose signage and modifications to existing way-finding signage for the university campus. This is to include, but not be limited to, signage for entry doors, offices, windows, buildings and roadways; and modifications to the existing way-finding signage currently in place. Needs for various types of signage will be required sporadically throughout the period of this agreement. Some modifications to the way-finding signage will be needed in the very near future. We have included our campus sign standards manual with this solicitation. This will provide a viewpoint into the depth and breadth of service capabilities and materials required by the successful signage contractors.

The proposed schedule for this project is:
