RULE NO.: 64B5-14.009: RULE TITLE: Conscious Sedation Requirements: Operatory, Recovery Room, Equipment, Medicinal Drugs, Emergency Protocols, Records, and Continuous Monitoring

PURPOSE AND EFFECT: The Board proposes the rule amendment to clarify language concerning standard equipment for the operating and recovery room and to add mandatory equipment (capnograph). The language regarding continuous monitoring will be clarified.

SUMMARY: Language concerning standard equipment for the operating and recovery room will be clarified. Language regarding continuous monitoring will be clarified.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has been prepared by the Agency. The following is a summary of the SERC:

- It is unlikely that the rule amendment will have an adverse impact on economic growth, private sector job creation or employment, or private sector investment in excess of \$1 million in the aggregate within 5 years after the implementation of the rule.
- It is unlikely that the rule amendment will have an adverse impact on business competitiveness, including the ability of persons doing business in the state to compete with persons doing business in other states or domestic markets, productivity, or innovation in excess of \$1 million in the aggregate within 5 years after the implementation of the rule.
- It is unlikely that the rule amendment will increase regulatory costs, including any transactional costs, in excess of \$1 million in the aggregate within 5 years after the implementation of the rule.
- The rule amendment would only affect those dentists who hold an active conscious sedation permit. As of November 5, 2015, 414 dentists in the state hold that permit.
- The rule amendment will not impose any additional costs to the agency.
- The rule amendment would require every dentist that holds the conscious sedation permit to obtain additional equipment, specifically a capnograph. It is estimated that the cost for a capnograph ranges between \$700 and \$1,000.
- The 414 dentists who hold a conscious sedation permit would spend an estimated \$850 for a capnograph which would total \$351,900. The dentists would pay sales tax on this equipment for a total of \$21,114, based upon Florida’s 6% tax rate. Therefore the total impact of the rule amendment on small business within one year would be approximately \$373,014. Because the equipment is not likely to be replaced over the next five years, the impact to small business over the next five years would be approximately the same as the amount in the first year, \$373,014.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

The Florida Department of Transportation, District One announces a public meeting to which all persons are invited.

DATE AND TIME: Thursday, February 11, 2016, 5:00 p.m.

PLACE: Realtor Association of Sarasota and Manatee, 2320 Cattlemen Road, Sarasota, FL 34232

GENERAL SUBJECT MATTER TO BE CONSIDERED: The Florida Department of Transportation (FDOT), District One, will conduct a public meeting regarding proposed changes to design plans for improvements to Interstate 75 (I-75) from south of Bee Ridge Road to south of Fruitville Road in Sarasota County. FDOT is holding this meeting on February 11, 2016 to allow interested persons the opportunity to provide comments concerning changes to the proposed design plans at the I-75/Bee Ridge Road interchange.

In 2011, the Federal Highway Administration approved a preferred alternative from the Project Development and Environment (PD&E) study of I-75 from south of SR 681 to north of University Parkway in Sarasota and Manatee

counties. At the I-75/Bee Ridge Road interchange, the preferred alternative maintained the existing partial cloverleaf interchange but added turn lanes on the northbound and southbound I-75 off-ramps. The preferred alternative also included widening of Bee Ridge Road from four to six lanes in each direction and the adding turn lanes at the Bee Ridge Road/Cattlemen Road intersection.

During the design phase, traffic simulations indicated that the preferred alternative would result in excessive delay and queuing. To address this issue, FDOT developed a modified design proposal that includes reconstructing I-75 at the Bee Ridge Road interchange from the existing diamond configuration to a hybrid diverging diamond interchange (DDI) and southbound diversion ramp. FDOT would also rebuild the Bee Ridge Road/Cattlemen Road intersection to a continuous flow intersection (CFI). The hybrid DDI, southbound diversion ramp, and CFI work in conjunction to accommodate the traffic at the I-75/Bee Ridge Road interchange and the Bee Ridge Road/Cattlemen Road intersection, which are in very close proximity to each other. The proposed design plans continue to include widening of I-75 from south of Bee Ridge Road to south of Fruitville Road and widening of about one mile of Bee Ridge Road.

FDOT representatives will be available at the public meeting beginning at 5:00 p.m. to answer questions, review proposed design plans and project-related materials on display, and discuss the project informally. FDOT will make a presentation at 6:00 p.m. followed by an opportunity for attendees to make oral public comments. FDOT will accept written comments at the meeting, mailed to Kevin Ingle, FDOT Project Manager, at 801 N. Broadway Ave, Bartow, FL 33831, or by email at kevin.ingle@dot.state.fl.us. All comments must be postmarked by Monday, February 22, 2016 to become part of the public meeting record.

Draft project documents will be available for public review from January 21, 2016 to February 22, 2016 at the following locations and on the project website (www.swflroads.com/i75/beeridgerdtofruitvillerd), FDOT – District 1, 801 N. Broadway Avenue, Bartow, FL 33831, (863)519-2740, or Fruitville Public Library, 100 Coburn Road, Sarasota, FL 34240, (941)861-2500.

A copy of the agenda may be obtained by contacting Kevin Ingle, FDOT, District One, (863)519-2740, kevin.ingle@dot.state.fl.us. Additional information about the project can also be found on the project website: www.swflroads.com/i75/beeridgerdtofruitvillerd.

One, 801 N. Broadway Avenue, MS-1-10 Bartow, FL 33830, (863)519-2761, shelly.smith@dot.state.fl.us. If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice).
