DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

Division of Hotels and Restaurants

RULE NO.: RULE TITLE:

61C-1.004: General Sanitation and Safety Requirements

The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice:

On November 4, 2016 the Division of Hotels and Restaurants received a Petition for an Emergency Variance for paragraph 61C-1.004(1)(a), Florida Administrative Code, Section 5-203.13, 2009 FDA Food Code, Paragraph 5-202.11(A), 2009 FDA Food Code, Paragraph 4-301.12(A), 2009 FDA Food Code and subsection 61C-4.010(5), Florida Administrative Code from Tutto Gelato LLC located in Orlando. The above referenced F.A.C. addresses the requirement that each establishment have an approved plumbing system installed to transport potable water and wastewater; the requirement that dishwashing facilities for manually washing, rinsing and sanitizing equipment and utensils are provided and that at least one service sink is provided for the cleaning of mops or similar cleaning tools and the disposal of mop water. They are requesting to utilize holding tanks to provide potable water and to collect wastewater at the handwash sink and to share the dishwashing and mopsink facilities with another licensed food service establishment under a different ownership and on the same premises.

The Petition for this variance was published in Vol. 42, No. 217, F.A.R., on November 7, 2016. The Order for this Petition was signed and approved on November 15, 2016. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the purpose of the underlying statute has been achieved by the Petitioner ensuring the wastewater holding tank for the handwash sink is emptied at a frequency so as to not create a sanitary nuisance; and potable water provided must come from an approved source and be protected from contamination during handling. The Petitioner shall also ensure that all the

handwash sinks are provided with hot and cold running water under pressure, soap, an approved hand drying device and a handwashing sign. The dishwashing and mops sink facilities within V Market LLC must be maintained in a clean and sanitary manner. These areas must also be available to Tutto Gelato LLC during all hours of operation. If the ownership of V Market LLC and/or Tutto Gelato LLC changes, a signed agreement between the two establishments for the use of the shared facilities must be provided to the division immediately. A copy of the Order or additional information may be obtained by contacting Daisy.Aleman@myfloridalicense.com, Division of Hotels and Restaurants, 2601 Blair Stone Road, Tallahassee, Florida 32399-1011.
