RULE NO.:	RULE TITLE:
69O-137.001	Annual and Quarterly Reporting Requirements

The current rule adopted the 2015 NAIC Quarterly Statement Manuals, the 2014 NAIC Annual Statement Instructions Manuals, and the 2014 and 2015 NAIC Accounting Practices and Procedures Manuals.

SUMMARY: Section 624.424, Florida Statutes, requires insurers to file quarterly and annual financial reports with the Office of Insurance Regulation and allows the Office to enact rules setting the standards for those reports. \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: Agency personnel familiar with the subject matter of the rule amendment have performed an economic analysis of the rule amendment that shows that the rule amendment is unlikely to have an adverse impact on the State economy in excess of the criteria established in Section 120.541(2)(a), Florida Statutes.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

#### HDR, INC.

The Florida Department of Transportation, District One announces a public meeting to which all persons are invited.

DATE AND TIME: Thursday, May 19, 2016, 5:00 p.m.

PLACE: Realtor Association of Sarasota and Manatee, 2320 Cattlemen Road, Sarasota, FL 34232

GENERAL SUBJECT MATTER TO BE CONSIDERED: The Florida Department of Transportation (FDOT), District One, will conduct a public meeting regarding proposed changes to design plans for improvements to Interstate 75 (I-75) from south of Bee Ridge Road to south of Fruitville Road in Sarasota County. FDOT is holding this meeting on May 19, 2016 to allow interested persons the opportunity to provide comments concerning changes to the proposed design plans at the I-75/Bee Ridge Road interchange.

In December 2011, the Federal Highway Administration approved a preferred alternative from the Project Development and Environment (PD&E) study of I-75 from south of SR 681 to north of University Parkway in Sarasota and Manatee counties. At the I-75/Bee Ridge Road interchange, the preferred alternative maintained the existing partial cloverleaf interchange but added turn lanes on the northbound and southbound I-75 off-ramps. FDOT will widen Bee Ridge Road from four to six lanes in each direction and will add turn lanes at the Bee Ridge Road/Cattlemen Road intersection.

During the design phase, traffic simulations indicated that the preferred alternative would result in excessive delay and queuing. To address this issue, FDOT developed a modified design proposal that includes reconstructing I-75 at the Bee Ridge Road interchange from the existing diamond configuration to a hybrid diverging diamond interchange (DDI) and a secondary southbound diversion ramp. FDOT would also rebuild the Bee Ridge Road/Cattlemen Road intersection to a continuous flow intersection (CFI). The hybrid DDI, southbound diversion ramp, and CFI work in

conjunction to accommodate the traffic at the I-75/Bee Ridge Road interchange and the Bee Ridge Road/Cattlemen Road intersection, which are in very close proximity to each other. The proposed design plans continue to include widening of I-75 from south of Bee Ridge Road to south of Fruitville Road to a six-lane highway and widening of about one mile of Bee Ridge Road from west of Maxfield Drive to west of Mauna Loa Boulevard.

FDOT is holding this meeting to present project progress to date and to obtain comments on the revisions to the design plans made in response to comments heard at public meetings held in December 2015 and February 2016. FDOT representatives will be available at the public meeting beginning at 5 p.m. to answer questions, review proposed design plans and project-related materials that will be on display, and discuss the project informally. Attendees may come to this meeting at any time between 5 p.m. and 7 p.m. to review the proposed improvements. There will be no formal presentation at this meeting.

NOTICE IS HEREBY GIVEN that the Board of Nursing has issued an order disposing of the petition for declaratory statement filed by Hannah Hughes and Shannon Harrington on November 16, 2015. The following is a summary of the agency's disposition of the petition:

The Notice of Petition for Declaratory Statement was published in Volume 41, No. 228, of the November 24, 2015 Florida Administrative Register. Petitioners sought a Declaratory Statement from the Board with regard to whether the Petitioners as faculty members of Strayer University require Florida registered nurse licensure and are subject to the regulations of Rules 64B9-2.005 and/or 64B9-2.011(6)(c), F.A.C., given they are educators in a post-licensure RN and BSN program based outside of Florida that provides online-only instruction to Florida residents. The Board's Order, filed on May 5, 2016, dismissed the petition because it is not in substantial compliance with the provisions of Section 120.565, Florida Statutes, and Rule 28-105 Florida Administrative Code. The petition requests a declaratory statement concerning rules that were repealed six years ago, and cites no statute or rule that addresses the unlicensed practice of nursing in Florida.
