RULE NO.: 64B13-4.004
RULE TITLE: Manner of Application

PURPOSE AND EFFECT: The purpose of the rule amendment is to update the rule, including the incorporated application form.

SUMMARY: To update the rule and the incorporated form.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:
The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of $200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NO.: 11B-35.006
RULE TITLE: State Officer Certification Examination General Eligibility Requirements
notice:
On May 31, 2017, the Criminal Justice Standards and Training Commission (CJSTC) issued a Final Order denying a waiver of Rule 11B-35.006, F.A.C., to Angelthon Huyke. Rule 11B-35.006, F.A.C., declares that individuals who, within four years of beginning a basic recruit training program, have successfully completed a commission-approved basic recruit training program, are eligible to take the State Officer Certification Examination (“SOCE”); Petitioner desired a waiver to make him eligible to sit for the SOCE despite having not technically completed the Basic Recruit Training Program because he erroneously received credit for courses completed in another training program. The Petition was filed on April 19, 2017, and notice of the petition was published on April 26, 2017, in Vol. 43, No. 81, of the Florida Administrative Register. No public comments were received. In rendering its decision, the CJSTC determined that fairness did not require a waiver of this rule as Petitioner was granted a waiver of another rule that achieved Petitioner’s desired outcome.

A copy of the Order or additional information may be obtained by contacting: Dana Kelly, Agency Clerk, by mail at Agency Clerk-Office of the General Counsel, Florida Department of Law Enforcement, P.O. RULE NO.: RULE TITLE:
11B-27.002 Certification, Employment or Appointment, Reactivation, and Terminating Employment or Appointment of Officers
The Florida Department of Law Enforcement hereby gives notice:

On May 31, 2017, the Criminal Justice Standards and Training Commission (CJSTC) issued a Final Order granting a waiver of subsection 11B-27.002(4), F.A.C., to Louis Mallory II. subsection 11B-27.002(4), F.A.C., gives individuals four years from the start of a Basic Recruit Training Program to complete specified training and examination requirements and to become employed and certified; the waiver permits Petitioner, who has completed the training and examination requirements, 90 days from the effective date of the Final Order to become employed and certified. The Petition was filed on April 24, 2017, and notice of the petition was published on April 26, 2017, in Vol. 43, No. 81, of the Florida Administrative Register. No public comments were received. In rendering its decision, the CJSTC determined that Petitioner would suffer a substantial hardship were the waiver not granted as he would be required to forego an offer of employment to complete the training, examination, and hiring process again. The CJSTC also determined that a waiver in this matter would serve the purpose of the underlying statutes as it would result in the imminent employment of Petitioner as a law enforcement officer, a position for which he is currently qualified and adequately trained.

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION
Division of Hotels and Restaurants
RULE NO.: RULE TITLE:
61C-1.004 General Sanitation and Safety Requirements
The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice:

On September 27, 2017, the Division of Hotels and Restaurants received a Petition for an Emergency Variance for paragraph 61C-1.004(1)(a), Florida Administrative Code and Paragraph 5-202.11(A), 2009 FDA Food Code from Town Kitchen LLC located in South Miami. The above referenced F.A.C. addresses the requirement that each establishment have an approved plumbing system installed to transport potable water and wastewater. They are requesting to utilize holding tanks to provide potable water and to collect wastewater at the handwash sink.

The Petition for this variance was published in Vol. 43/189 on September 29, 2017. The Order for this Petition was signed and approved on October 05, 2017. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring he wastewater holding tank for the handwash sink is emptied at a frequency as to not create a sanitary nuisance; and potable water provided must come from an approved source and be protected from contamination during handling.
