Section II Proposed Rules

DEPARTMENT OF EDUCATION

State Board of Education

RULE NO.: RULE TITLE:
6A-1.094124 Required Instruction Reporting
PURPOSE AND EFFECT: To establish procedures for school districts to plan and document delivery of required instruction related to s. 1003.42(2), F.S., for grades K-12 students.
SUMMARY: School districts must annually submit an annual report documenting instruction for students in grades K-12 related to their implementation of the required instruction in s. 1003.42(2), F.S.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: This new rule is not expected to have any adverse impact on economic growth, business competitiveness or any other factors listed in s. 120.541(2)(a), F.S., and is not expected to require legislative ratification. All of the topics of instruction have been required in statute for years, so there should be no additional cost for the instruction itself. The reporting requirements may impose some additional indeterminate costs on school districts; however, it is anticipated that districts will be able to do the reporting with existing resources. Moreover, it is expected that after the first reporting year the burden will be minimized, since the information will largely be the same.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULEMAKING AUTHORITY: 1001.02(2)(n), 1003.42(2), F.S.

LAW IMPLEMENTED: 1003.42, F.S.

RULE NO.: 6A-6.0573
RULE TITLE: Industry Certification Process.

PURPOSE AND EFFECT: To adopt the most recent CAPE Industry Certification Funding List, recommendations from CareerSource Florida and the Department of Agriculture and Consumer Services, and required forms. In addition, updates are included on proctoring requirements, as well as teacher and proctor conduct provisions. The effect is to ensure that appropriate certifications are included on the most recent CAPE Industry Certification Funding List.

SUMMARY: The amendment includes revisions to the rule and documents incorporated by reference as follows: 1) Adoption by reference of the 2019-2020 CAPE Industry Certification Funding List; 2) Adoption by reference of the industry certification recommendations from CareerSource Florida; 3) Adoption of a testing violation report form; and 4) Clarifying language on proctoring requirements, as well as teacher and proctor conduct provisions.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described

herein: It is not expected that this amendment will have any impact on the factors found in section 120.541(2)(a), F.S., or require legislative ratification. This is because the amendment authorizes additional industry certifications which school districts are provided incentives to offer. These certifications have been evaluated to be rigorous and tied to the statewide occupational demand in Florida.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

PURPOSE AND EFFECT: The Board proposes to repeal rule.

SUMMARY: Rule repeal.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature.
