PURPOSE AND EFFECT: Rule Chapter 5C-9, F.A.C. was created in 1962 to address a pest outbreak that has since been eradicated for majority of the United States and is localized in the southern Texas region. These rules are no longer relevant and do not reflect the Department’s current practices. If this pest does reappear in Florida, the Division will use current Florida Statutes, rules and practices to implement import and movement restrictions and requirements. The Division will also use a modern scientific approach of eradication methods than what is specific in the current rule. If an updated rule becomes necessary, the Division will enter the Emergency Rule creation and implementation process.

SUMMARY: Repeal of Chapter 5C-9, F.A.C.

**SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:**

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described

herein: The rulemaking does not impose fees or otherwise require costs as it repeals an existing rule.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

GENERAL SUBJECT MATTER TO BE CONSIDERED: The Florida Department of Transportation invites you to a hybrid public hearing to discuss two safety projects involving median modifications:

Financial Project Number 409311-4 proposes eliminating a portion of the median on San Juan Avenue (State Road 128) in order to complete work on a Mid-Block Pedestrian Crossing with a Rectangular Rapid Flashing Beacons (RRFBs) near the Noble House Assisted Living Facility. A 2017 FDOT traffic study concluded this is an area with high pedestrian traffic and a mid-block crossing was recommended to improve pedestrian safety.

Financial Project 440552-3 proposes converting the existing four lanes of traffic on San Juan Avenue (State Road 128) between Roosevelt Boulevard (U.S. 17) and Herschel Street (State Road 211) into three lanes with a center turn lane. The objective of these changes is to reduce left turn and angle crashes at intersections along the corridor. Other proposed work includes installing a crosswalk with pedestrian refuge at San Juan Avenue and Fair Street.

The hearing will begin with an open house from 4:30 p.m. – 6:30 p.m., followed by a public comment period at 6:30 p.m. Public participation is sought without regard to race, color, religion, sex, age, national origin, disability or family status.
