Section II
Proposed Rules

DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES
Division of Aquaculture

RULE NO.: RULE TITLE: 5L-1.003 Shellfish Harvesting Area Standards
PURPOSE AND EFFECT: The proposed rule amendments will reclassify some shellfish harvesting areas to protect the health of shellfish consumers and to provide access to renewable shellfish resources. The proposed rule amendments will also correct errors and formatting inconsistencies in the incorporated Shellfish Harvesting Area Classification Boundaries and Management Plans. The proposed rule amendments eliminate the adoption of and references to the classification maps and instead provide only the legal description of each area. The effect of these amendments is to maximize the amount of shellfish harvesting waters available and to maximize the times those waters will be in the open status while continuing to protect public health.
SUMMARY: The following shellfish harvesting areas and management plans will be amended: West Bay (#08), St. Joseph Bay (#14), Lemon Bay (#56), Myakka River (#60), Pine Island Sound (#62), Body F (#74), Body D (#76), and Body B (#78). Errors found within the Indian Lagoon (#15), Apalachicola Bay (#16), and South St. John’s (#88) shellfish harvesting area descriptions will be corrected.
SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:
The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of $200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.
The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: Economic analysis of the adverse impact and potential regulatory costs of the proposed rule not exceeding any of the criteria established in Section 120.541(2)(a), Florida Statutes. As part of this analysis, the Department reviewed the proposed classification changes and predicted days closed for each shellfish area resurveyed and found no adverse financial impacts to the industry. In instances where the predicted number of days closed increased it was found that this will not impact the industry as those shellfish will be available for harvest on an open harvest day. Classification/management changes were shared with Industry with no negative feedback to date. The proposed rule changes do not require additional fees. Additionally, no interested party submitted additional information regarding the economic impact.
Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.
RULEMAKING AUTHORITY: 597.020 F.S.
LAW IMPLEMENTED: 597.020 F.S.
IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE SCHEDULED AND ANNOUNCED IN THE FAR.
THE PERSON TO BE CONTACTED REGARDING THE PROPOSED RULE IS: Jillian Fleiger, Division of Aquaculture, 600 S Calhoun Street, Suite 217, Tallahassee, FL, 32301, Phone: (850)617-7600.

Reexamination

PURPOSE AND EFFECT: The Board proposes a rule amendment to revise and incorporate application form DH-MQA 1129.

SUMMARY: The proposed rule amendment revises and incorporates application form DH-MQA 1129.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of $200,000 in the aggregate within
one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE TITLES:
RULE NOS.: 6M-4.740 Program Assessment Requirements for the School Readiness Program
6M-4.741 Program Assessment Threshold Requirements for the School Readiness Program

NOTICE OF CHANGE
Notice is hereby given that the following changes have been made to the proposed rule in accordance with subparagraph 120.54(3)(d)1., F.S., published in Vol. 45 No. 228, November 22, 2019 issue of the Florida Administrative Register.

The changes to the proposed rule are being made in response to comments from the Joint Administrative Procedures Committee and the public hearings held on December 16, 2019 and February 27, 2020. The changes are as follows:

6M-4.740 Program Assessment Requirements for School Readiness Programs.

1. Definitions. The following definitions are applicable to all rules under chapter 6M-4, F.A.C.
   (a) through (e) No change.
   (f) “Early Learning Coalition” or “coalition” refers to the entity charged with administering School Readiness Program services pursuant to sections 1002.83 and 1002.84, F.S. “Early Learning Coalition” or “coalition” includes applicable OEL contractors.
   (g) through (h) No change.
   (i) “Personnel” is defined as the director and all teachers entered into the OEL-defined system QPS on the Class Roster and includes all instructional staff assigned to classrooms as lead and assistant teachers. Instructional staff does not include substitutes or others who fill in for an absent teacher or those who are temporarily in a classroom for a teacher break.
   (j) through (l) No change.

2. Program Assessment Requirements. Beginning with the 2019-20 School Readiness Contract year and subsequent years, all School Readiness providers serving children from birth to kindergarten entry must have a program assessment conducted and meet the Contract Minimum Threshold to be eligible to participate in the School Readiness Program. A coalition shall waive the Contract Minimum Threshold if the coalition determines that a provider is essential to meet local child care capacity needs as defined in the coalition’s School Readiness Plan, pursuant to rule 6M-9.115, F.A.C. Providers that have had the Contract Minimum Threshold waived must be on a Quality Improvement Plan. Providers that meet the minimum score for contracting but do not meet the Quality Improvement Threshold shall be placed on a Quality Improvement Plan.
   (a) No change.
   (b) Providers must electronically report in the OEL-defined system a director, the number of classrooms as well as teachers and care levels assigned to those classrooms as outlined in Form OEL-SR 740, Program Assessment Requirements Handbook. Non-exempt providers or exempt providers that have opted in to participate in program assessment requirements, pursuant to subsection (3) or this rule, must submit an updated monthly roster in the OEL-defined system.
   (c) through (d) No change.
   (e) Program assessments will be provided by the coalition annually.
   1. through 2. No change.

3. A single classroom will be reassessed and its score will replace the previous score to calculate a new composite score if the teacher previously assessed is still actively teaching in the classroom being reassessed. If the previously assessed teacher is not active in the classroom and the newly assigned teacher is hired after the previous assessment was completed, the single classroom will be reassessed and its score will replace the previous score combined with the previously assessed classroom scores to calculate a new composite score. If the previously assessed teacher is not active in the classroom and the newly assigned teacher was moved from a different classroom, every classroom will be reassessed for the new scores to replace the previous assessment scores.
   4. No change.
   (f) Coalitions shall notify providers of their program assessment score within 14 calendar days after the composite program assessment score is generated. Individual classroom scores and notes shall be provided to providers within 10 calendar days upon written request by provider.
   (g) No change.
   (h) For providers not on a Quality Improvement Plan who score below the Quality Improvement Threshold, the coalition shall place the provider on a Quality Improvement Plan within ten five calendar days after the provider is notified of the composite program assessment score.

Request for Qualifications
NOTICE TO DESIGN/BUILD TEAMS REQUEST FOR QUALIFICATIONS
The University of South Florida (USF), announces that Qualifications Based Design/Build Services, for design and construction services will be required for the project listed below.
PROJECT NUMBER: USF-521
PROJECT AND LOCATION: USF Health Taneja College of Pharmacy, University of South Florida, Downtown Tampa, Florida.
PROJECT DESCRIPTION: The project consists of the programming, design and interior fit-out required to relocate the Taneja College of Pharmacy to the new building housing the USF Health Morsani College of Medicine and Heart Institute in Downtown Tampa. The goal of the project is to provide first rate facilities necessary to support innovative curriculum design and to enhance student recruitment for the College. Since accepting its first student class in 2011, the Taneja College of Pharmacy (TCOP) has achieved national recognition, rankings, and professional stature in less than ten years. Integration of
the TCOP into the Downtown Tampa center will allow expansion of the innovative pedagogic platforms in the building and will enhance inter-professional education programs and joint teaching endeavors.

The project will occupy approximately one half of the twelfth floor and all of the eleventh floor of the building, with an anticipated floor area of 30,305 square feet. The project will be required to integrate into the existing building mechanical, electrical and life safety systems, and is anticipated to extend many of the classroom technologies and innovative educational initiatives in the Morsani College of Medicine. The total estimated project budget is $16,650,180 and the anticipated construction cost is $11,800,000.

The Downtown Tampa project was initiated by USF Health to partner with Strategic Property Partners (SPP) and the City of Tampa as part of a “WELL Certified” city district designation and the building is anticipating certification as LEED Silver. USF Health’s vision for the downtown project is to leverage technology to achieve the educational and research goals of USF Health, and to reflect the image and brand of USF in the downtown environment.

The Design/Build Team, also known as the Design and Construction Services Team (DCST) shall be responsible for the management of the process and project to meet project scope, budget and schedule requirements. USF will contract with a single contract entity DCST who shall provide all services including, but not limited to development of the Facilities Program, professional services, budgeting, cost estimating, construction services, labor, materials, and equipment required to program design, construct, and furnish the project. The selected team will be required to provide computer drawings according to the standards of USF, including computer record drawings reflecting as-built conditions. Blanket professional design liability insurance will be required for this project in the amount of $2,000,000.00 and will be provided as a part of Basic Services. The respondent must be capable of bonding at 100% of the value of the contract with a surety licensed to do business in the State of Florida with a Best Rating A, Class IX. Project development including professional services is contingent upon availability of funds. If additional funding is realized, USF has the option to incorporate additional scope/funding under this contract. Any new construction projects shall be USGBC LEED certified, to a minimum certification level of Silver, as required by the Owner, and shall be included as part of Basic Services and will not be considered as an additional service.

DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES
Division of Food, Nutrition and Wellness
Child Nutrition Program State Waiver Request
Child Nutrition Programs are expected to be administered according to all statutory and regulatory requirements; waivers to the requirements are exceptions. However, Section 12(l) of the Richard B. Russell National School Lunch Act, 42 U.S.C. 1760(l), provides authority for USDA to waive requirements for State agencies or eligible service providers under certain circumstances. When requesting the waiver of statutory or regulatory requirements for the Child Nutrition Programs (CNPs), including the Child and Adult Care Food Program (CACFP), the Summer Food Service Program (SFSP), the National School Lunch Program (NSLP), the Fresh Fruit and Vegetable Program (FFVP), the Special Milk Program (SMP), and the School Breakfast Program (SBP), State agencies and eligible service providers should use this template. State agencies and eligible service providers should consult with their FNS Regional Offices when developing waiver requests to ensure a well-reasoned, thorough request is submitted. State agencies and eligible service providers are encouraged to submit complete waiver requests at least 60 calendar days prior to the anticipated implementation date. Requests submitted less
than 60 calendar days prior to the anticipated implementation should be accompanied by an explanation of extenuating circumstances.

1. State agency submitting waiver request and responsible State agency staff contact information: Florida Department of Agriculture and Consumer Services (FDACS)
Florida Department of Agriculture and Consumer Services (FDACS), Lakeisha T. Hood, Director, (850)617-7438 or (800)504-6609, Lakeisha.Hood@FDACS.gov.
Lisa Church, Bureau Chief of Child Nutrition Programs, (850)617-7413 Direct Line, Lisa.Church@FDACS.gov.

2. Region: Southeast
3. Eligible service providers participating in waiver and affirmation that they are in good standing:
   Only School Districts and Summer Food Service Program (SFSP) sponsors currently in good standing with FDACS will be deemed eligible to participate in the implementation of this waiver in accordance with Rule 5P-2.009, F.A.C. and subsection 5P-3.001(11), F.A.C.

4. Description of the challenge the State agency is seeking to solve, the goal of the waiver to improve services under the Program, and the expected outcomes if the waiver is granted:
   [Section 12(l)(2)(A)(ii) of the NSLA]:
   Section 13(c)(1) of the NSLA (42 U.S.C. 1761(c)(1)) requires that meals served to children not in school during an unanticipated closure may only be reimbursed by FNS if the meals were served at non-school sites. FDACS is requesting the authority to implement the SFSP and/or NSLP Seamless Summer Option (SSO) at school sites as needed as a feasible method of ensuring students can continue to receive the nutritious meals that they are accustomed to during the normal school day when unforeseen events occur that result in school closures. Under the implementation of this waiver, FDACS anticipates – consistent with regular SFSP and SSO operations – area eligible school sites operating during an unanticipated school closure will be open to all children age 18 and under.

5. Specific Program requirements to be waived (include statutory and regulatory citations): [Section 12(l)(2)(A)(i) of the NSLA]:
   Section 13(c)(1) of the NSLA (42 U.S.C. 1761(c)(1))
   7 CFR 225.6(d)(1)(iv), State Agency Responsibilities, Approval of Sites
6. Detailed description of alternative procedures and anticipated impact on Program operations, including technology, State systems, and monitoring:
   FDACS will utilize its administrative procedures for emergency meals as provided in Rule 5P-2.009, F.A.C. and Rule 5P-3.001(11), F.A.C., which outline the eligibility requirements, application process, requirements for the identification of meal service times and locations, meal pattern requirements, claims for reimbursement process, and record retention requirements. In the event a School District is unable to provide meals during an unanticipated school closure, FDACS will solicit the remaining sponsors of the SFSP for the county in which the non-participating School District resides, and responses with be considered on a first come, first served basis, in accordance with subsection 5P-3.001(11), F.A.C.

FDACS also has template meal count forms that are available for download, or can be printed and shipped to program sponsors, for use during the implementation of the requested waiver if for any reason the Point of Service (POS) becomes inaccessible during an unanticipated school closure.

The Florida Automated Nutrition System (FANS) is also accessible using any standard internet browser – desktop or mobile – so that meal counts can be entered from any location and submitted to FDACS without the need of any alternative procedures.

7. Description of any steps the State has taken to address regulatory barriers at the State level. [Section 12(l)(2)(A)(ii) of the NSLA]:
   There are no regulatory barriers at the State level to address.

8. Anticipated challenges State or eligible service providers may face with the waiver implementation:
   FDACS will work with its program sponsors to identify meal distribution sites that are in areas that are easily accessible to low-income children while avoiding identification of individual children as low income.
   FDACS will also assist program sponsors with communicating with families when, where, and how students may receive meals during a school closure through social media, press releases, media advisories, and website updates.

9. Description of how the waiver will not increase the overall cost of the Program to the Federal Government. If there are anticipated increases, confirm that the costs will be paid from non-Federal funds. [Section 12(l)(1)(A)(iii) of the NSLA]:
   There are no anticipated increases to the overall costs of the Program or to the Federal Government.

10. Anticipated waiver implementation date and time period:
   Upon approval through February 28, 2023

11. Proposed monitoring and review procedures:
   As mentioned above, FDACS will continue to conduct program monitoring in accordance with 7 CFR 225.7(d) throughout the implementation period of the waiver.

12. Proposed reporting requirements (include type of data and due date(s) to FNS):
Meal counts and records will be maintained for meals served under the waiver. The total meals served under waiver will be submitted to FNS monthly and upon final use of the waiver in Florida during each instance of an unforeseen event.

Child Nutrition Program State Waiver Request

Child Nutrition Programs are expected to be administered according to all statutory and regulatory requirements; waivers to the requirements are exceptions. However, Section 12(l) of the Richard B. Russell National School Lunch Act, 42 U.S.C. 1760(l), provides authority for USDA to waive requirements for State agencies or eligible service providers under certain circumstances. Lisa Church, Bureau Chief of Child Nutrition Programs, (850)617-7413 Direct Line, Lisa.Church@FDACS.gov.

2. Region: Southeast

3. Eligible service providers participating in waiver and affirmation that they are in good standing:

Only School Districts and Summer Food Service Program (SFSP) sponsors currently in good standing with FDACS will be deemed eligible to participate in the implementation of this waiver in accordance with Rule 5P-2.009, F.A.C. and subsection 5P-3.001(11), F.A.C.

4. Description of the challenge the State agency is seeking to solve, the goal of the waiver to improve services under the Program, and the expected outcomes if the waiver is granted. [Section 12(l)(2)(A)(i) and 12(l)(2)(A)(iv) of the NSLA]: On March 1, 2020, Florida Governor Ron DeSantis issued Executive Order 20-51 which directed Florida’s Surgeon General, Dr. Scott Rivkees, to declare a public health emergency to better equip Florida with the resources needed to handle the emergence of COVID-19 in Florida. As of Wednesday, March 11, 2020, there are 21 positive cases of COVID-19 in Florida and there have been 2 deaths attributed to the virus. In addition, 1,230 people have been under public health monitoring to-date and 353 are currently being monitored. There are also 147 test results still pending.

FDACS is aware that during a public health emergency, such as COVID-19, social distancing may be necessary to avoid spread of the virus. To address this important issue, FDACS is requesting a waiver enabling sponsors to serve meals in a non-congregate setting in communities and at school sites during school closures related to COVID-19. FDACS requests to be able to apply this waiver, as needed, to Summer Food Service Program (SFSP) and Seamless Summer Option (SSO) sponsors providing meals during unanticipated school closures due to COVID-19.

5. Specific Program requirements to be waived (include statutory and regulatory citations). [Section 12(l)(2)(A)(i) of the NSLA]:

7 CFR 225.6(e)(15), State Sponsor Agreement

7. CFR 225.6(d)(1)(iv), State Agency Responsibilities, Approval of Sites

6. Detailed description of alternative procedures and anticipated impact on Program operations, including technology, State systems, and monitoring:

FDACS will utilize its administrative procedures for emergency meals as provided in Rule 5P-2.009, F.A.C. and subsection 5P-3.001(11), F.A.C., which outline the eligibility requirements, application process, requirements for the identification of meal service times and locations, meal pattern requirements, claims for reimbursement process, and record retention requirements. FDACS will also advise its program sponsors to confirm with their Point of Service (POS) providers that their systems are designed to accommodate meal counts via mobile devices, which most are, to ensure accurate meal count procedures are in place in non-congregate settings. FDACS also has template meal count forms that are available for download, or can be printed and shipped to program sponsors, for use during the implementation of the requested waiver.

The Florida Automated Nutrition System (FANS) is accessible using any standard internet browser – desktop or mobile – so...
that meal counts can be entered from any location and submitted
to FDACS without the need of any alternative procedures.
FDACS will continue to conduct program monitoring in
accordance with 7 CFR 225.7(d) throughout the
implementation period of the waiver.
7. Description of any steps the State has taken to address
regulatory barriers at the State level. [Section 12(l)(2)(A)(ii) of
the NSLA]:
There are no regulatory barriers at the State level to address.
8. Anticipated challenges State or eligible service providers
may face with the waiver implementation:
FDACS will work with its program sponsors to identify meal
distribution sites that are in areas that are easily accessible to
low-income children while avoiding identification of individual
children as low income.
FDACS will also assist program sponsors with communicating
with families when, where, and how students may receive meals
during a school closure through social media, press releases,
media advisories, and website updates.
9. Description of how the waiver will not increase the overall
cost of the Program to the Federal Government. If there are
anticipated increases, confirm that the costs will be paid from
non-Federal funds. [Section 12(l)(1)(A)(iii) of the NSLA]:
There are no anticipated increases to the overall costs of the
Program or to the Federal Government.
10. Anticipated waiver implementation date and time period:
Upon approval through June 30, 2020
11. Proposed monitoring and review procedures:
As mentioned above, FDACS will continue to conduct program
monitoring in accordance with 7 CFR 225.7(d) throughout the
implementation period of the waiver.
12. Proposed reporting requirements (include type of data and
due date(s) to FNS):
Separate meal counts and records will be maintained for meals
served under a COVID-19 waiver. The total meals served under
waiver will be submitted to FNS monthly and upon final use of
the waiver in Florida.
