RULE NO.: 6A-6.0573: RULE TITLE: Industry Certification Process.

PURPOSE AND EFFECT: To amend the rule to adopt updated funding weights for industry certifications on the 2019-2020 CAPE Industry Certification Funding List. This amendment will ensure that appropriate weights, in accordance with the

provisions of s. 1011.62(1)(o), F.S., are included on the CAPE Industry Certification Funding List.

SUMMARY: The amendment includes adoption by reference of the industry certification recommendations from CareerSource Florida and revisions to the rule and to a document incorporated by reference, 2019-2020 CAPE Industry Certification Funding List, Updated. The State Board of Education is adopting new articulation agreements in Rule 6A-10.0401, F.A.C. The addition of these agreements impacts the funding weight that should be assigned to the industry certification, as specified in s. 1011.62(1)(o), F.S. This statute specifies that a value of 0.2 full-time equivalent membership shall be calculated for each student who is issued an industry certification that has a statewide articulation agreement for college credit approved by the State Board of Education. The 2019-2020 CAPE Industry Certification Funding List is updated to change the funding weight from 0.1 to 0.2 for eleven certifications for which the State Board of Education is adopting articulation agreements for college credit.

**SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:**

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: This is because the amendment authorizes additional industry certifications which school districts are provided incentives to offer. These certifications have been evaluated to be rigorous and tied to the statewide occupational demand in Florida. This proposed rule is not expected to have any adverse impact on economic growth, business competitiveness or any other factors listed in s. 120.541(2)(a), F.S. and will not require legislative ratification. No increase in regulatory costs are anticipated as a result of this amendment.

RULE NO.: RULE TITLE:

6A-10.0401: Gold Standard Career Pathways Articulation Agreements

PURPOSE AND EFFECT: To adopt the 2019-2020 Statewide Gold Standard Career Pathways Articulation Agreements.

SUMMARY: Since 2008, the State Board of Education (SBOE) has approved Gold Standard Career Pathways Articulation Agreements (GSCPAA) as recommended by the Articulation Coordinating Committee (ACC). Students who enroll in an AS or AAS degree program at a state college and have earned an industry certification with an articulation agreement in an applicable AS or AAS degree will earn credit toward the applicable degree. State colleges that offer degree programs with an articulation agreement will award the minimum guaranteed credit to students who have earned the related industry certification, as specified in the agreement.

Each year, pursuant to Rule 6A-6.0573, F.A.C., new industry certifications are added to the approved CAPE Industry Certification Funding List. These articulation agreements are vetted by the faculty of Florida College System institutions that offer the corresponding Associate in Science (AS) or Associate in Applied Science (AAS) degree programs to reach a consensus on the number of college credits to be awarded for the industry certification toward the applicable degree program. The proposed articulation agreements are submitted to the ACC for review and approval and then submitted to the SBOE for final approval through rule adoption. Once approved, they are published on the Agency’s website: <http://fldoe.org/academics/career-adult-edu/career-technical-edu-agreements/industry-certification.stml>. District career centers and colleges are notified of the agreements, and data reporting systems at the Community College and Technical Center Management Information System (CCTCMIS) are updated. Currently, there are 143 active agreements. For the 2019-2020 academic year, 13 new agreements have been developed that are aligned with 11 new industry certifications on the 2019-2020 CAPE Industry Certification Funding List.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The Agency has determined that the information expressly relied upon and described herein will have no regulatory cost and no negative economic impact. Through the incorporation of articulation agreements, the proposed rule will require state colleges to recognize uniform credits earned by students having obtained industry certification in specified fields.? The proposed rule will, therefore, be of economic benefit to students obtaining degrees from any of the Florida College System institutions and will preclude the duplication of course material.? Thus, the adverse impact or regulatory cost, if any, would not be expected to exceed any one of the economic analysis criteria set forth in s. 120.51(2)(a), Florida Statutes and will not require legislative ratification.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

(4) Procedures for Placement in an AMU.

(a) When an inmate demonstrates an inability to live within an institutionalized setting without abusing the rights and privileges of others by committing, or instigating others to commit violent, disruptive, predatory, or riotous actions, or behaves in a way that poses a serious threat to the security of an institution, the inmate will be placed in administrative confinement pending a review for possible placement in an AMU.

(b) When an inmate housed in a confinement unit demonstrates an inability to live within an institutionalized setting without abusing the rights and privileges of others by committing, or instigating others to commit violent, disruptive, predatory, or riotous actions, or behaves in a way that poses a serious threat to the security of an institution, the inmate will remain housed in his or her current confinement unit pending a review for possible placement in an AMU.

(c) Prior to a review for placement in an AMU, the classification officer at the institution housing the inmate must complete Section I of Form DC6-233D, Report of Administrative Management Unit. Form DC6-233D is hereby incorporated by reference. Copies of this form are available from the Forms Control Administrator, 501 South Calhoun Street, Tallahassee, FL 32399-2500, <http://www.flrules.org/Gateway/reference.asp?No=Ref-XXXXX>. The effective date of the form is XX/XX. Upon completion of Section I, the classification officer will forward Form DC6-233D to his or her classification supervisor. The classification officer will ensure that the inmate receives a copy of Form DC6-233D to allow the inmate to prepare for the AMU review. The staff member delivering the copy of Form DC6-233D to the inmate must document on the form that the inmate was informed of the allotted time to prepare for the AMU review. The inmate will have a minimum of 48 hours to prepare for the AMU review unless the time is waived by the inmate by completing an Administrative Management Waiver, Form DC6-265D. Form DC6-265D is hereby incorporated by reference. Copies of this form are available from the Forms Control Administrator, 501 South Calhoun Street, Tallahassee, FL 32399-2500, <http://www.flrules.org/Gateway/reference.asp?No=Ref-XXXXX>. The effective date of the form is XX/XX.

(d) Upon receiving the completed Form DC6-233D, the classification supervisor will submit the case for placement on the ICT docket.

(e) The ICT will evaluate the recommendation for AMU placement, interview the inmate being reviewed, and consider all information provided by the inmate. The inmate may present information verbally or in writing for consideration by the ICT. The ICT must ensure that the inmate was given a minimum of 48 hours to prepare for the review unless waived by the inmate.

The ICT must document on Form DC6-233D that the inmate was allowed 48 hours to prepare for the review or that the time was waived by the inmate completing Form DC6-265D. The ICT must inquire whether the inmate needs staff assistance during the review. A staff member will be assigned to assist an inmate when the team determines that the inmate is illiterate, does not understand English, has a disability that would likely hinder the inmate's ability to properly represent himself or herself, or when the complexity of the issues makes it unlikely that the inmate will be able to properly represent himself or herself. Assistance can also be provided at the inmate's request. In the event a staff member is assigned to assist the inmate, it is the responsibility of the staff member to explain the recommendation for AMU placement and the review process to the inmate. Even though the staff member will be authorized to assist an inmate during the review and aid the inmate in presenting his or her position, the staff assistant must not take the position of an advocate or defense attorney for the inmate. The ICT is authorized to postpone the review to allow an inmate additional time to prepare. If the review is postponed, the team must document the postponement on Form DC6-233D. The inmate may appear at the AMU review unless he or she is disruptive either before or during the review, impedes the process of the review, or waives his or her right to be present at the review. If the inmate waives his or her right to be present at the review, Form DC6-265D must be completed. If the inmate is precluded from attending the review, is removed from the review, or waives his or her right to appear at the review, the review will be conducted without the inmate present. The presence, removal, or absence of the inmate will be documented on Form DC6-233D. After the interview and review of all relevant information, the ICT will make an AMU placement recommendation and provide it to the SCO. This recommendation will be documented on Form DC6-233D. The ICT will inform the inmate of the basis for its decision and provide a copy of its decision to the inmate after the conclusion of its review. The ICT classification member will ensure that the results of the ICT review are entered in OBIS.

(f) The SCO will consider the recommendations of the ICT and all information reviewed by the ICT before making a final decision regarding the inmate's placement in an AMU. As part of its review, the SCO may interview the inmate or rely on the documentation available in OBIS. The SCO may request that the ICT obtain and submit additional information before reaching a final decision. At the conclusion of its review, the SCO will approve or disapprove the ICT's recommendation. If the ICT's recommendation is disapproved, the inmate will be informed of the decision in writing by the SCO. Inmate notification will not be required when the SCO approves the ICT's recommendation. After its review is complete, the SCO will document its final decision in OBIS.

(5) Transfer of Inmates to an AMU.

(a) If an inmate is being reviewed for placement in an AMU, the inmate will remain in administrative confinement or in his or her current confinement status pending the final decision of the SCO. If the inmate's disciplinary confinement status expires before a final decision is made, the inmate will be placed in administrative confinement until a final decision is made by the SCO.

(b) If the ICT's AMU placement recommendation is approved, the SCO will notify population management to initiate the transfer of the inmate to an appropriate AMU.

(c) If the ICT's AMU placement recommendation is disapproved, the SCO will determine whether the inmate should be transferred for other management reasons. The SCO will document its decision in OBIS. If a transfer is approved, the SCO will notify population management to initiate the transfer of the inmate to an appropriate institution.

(6) Transfer of Inmates While in an AMU.

(a) Special reviews conducted pursuant to Rule 33-601.211, F.A.C., involving inmates housed in an AMU will be resolved within the AMU. Unless exceptional circumstances exist, inmates will not be transferred from an AMU due to a special review.

(b) A recommendation by the ICT to transfer an inmate in an AMU to close management will be conducted pursuant to Rule 33-601.800, F.A.C. If the ICT's placement recommendation is approved, the SCO will document its decision in OBIS and notify population management to initiate the transfer of the inmate to an appropriate close management unit. If the ICT's placement recommendation is disapproved, the SCO will provide written notification to the ICT of its decision to not transfer the inmate.

(c) If an inmate is transferred to a close management unit from an AMU, the inmate will be reviewed for return to an AMU upon release from close management status.

(7) Privilege Restrictions While Housed in an AMU.

(a) Visitation – Unless otherwise restricted pursuant to Rule 33-601.731, F.A.C., an inmate housed in an AMU is eligible to receive one two-hour personal visit every 14 days provided the inmate has no major rule violations during the 14-day period. Visiting will be restricted by the warden or his or her designee when it is determined that a threat to institutional security would be created by allowing visitation due to limitations associated with the visiting area or visitation supervision. Attorney visits will be permitted in accordance with Rule 33-601.711, F.A.C., and will not be restricted except when it is determined that the visit would be a threat to the safety or security of the institution.

(b) Canteen – An inmate housed in an AMU will be permitted to make canteen purchases in an amount up to \$35

once each week provided the inmate has no major rule violations during that period unless otherwise restricted by disciplinary action.

(8) Review of Inmate's Housed in AMU.

(a) A classification officer will review the placement of each inmate housed in an AMU no less than annually. For this review, the classification officer will interview the inmate and prepare a formal assessment and evaluation on Form DC6-233D. The assessment must include a brief paragraph detailing the original basis for the inmate's AMU status, the inmate's behavior and activities during the review period, and whether the inmate should be removed from or remain housed in the AMU. The classification officer must document any disciplinary reports, and the inmate's institutional adjustment, program participation, and job performance. The case will be forwarded to the classification supervisor who will submit the case for placement on the ICT docket.

(b) The purpose of the ICT review is to determine whether the inmate should remain housed in the AMU due to safety and security concerns. The ICT will evaluate the DC6-233D prepared by the classification officer, as well as any other relevant information relating to staff and inmate safety and institutional security. The inmate will be present for the review unless disruptive behavior is exhibited before or during the review that impedes the process, or the inmate waives the right to be present at the review by completing Form DC6-265D. The presence, absence, or removal of the inmate will be documented on Form DC6-233D. For this review, the ICT will consist of the warden or assistant warden, classification supervisor, and chief of security only. For an inmate to remain in an AMU, the ICT must state those safety and security issues or circumstances that can only be met by the inmate's continued placement in the AMU. The recommendation of the ICT will be documented on Form DC6-233D, recorded in OBIS, and forwarded to the SCO.

(c) The SCO will review the ICT's recommendation and all relevant information provided by the ICT concerning the inmate's AMU status. If the SCO determines that no safety or security concerns exist that justify the inmate's continued placement in an AMU, the inmate will be transferred out of the AMU. In such case, the SCO will notify population management to initiate the transfer of the inmate out of the AMU. For an inmate to remain in an AMU, the SCO must determine that based on all available relevant information, there are safety or security concerns that warrant maintaining the inmate in the AMU. The SCO's decision must be documented on Form DC6-233D and recorded in OBIS. The SCO will advise the inmate of its decision.

## THE FULL TEXT OF THE EMERGENCY RULE IS:

(3) If multiple winning jackpot tickets are sold in Florida for the same POWERBALL drawing, the retailers selling such tickets will share the bonus commission. Each retailer selling a winning jackpot ticket will receive a share of the bonus equal to the number of winning jackpot tickets sold by that particular retailer divided by the total number of winning jackpot tickets sold in Florida for that drawing.

(4) If a winning jackpot ticket is a POWERBALL with Power Play® ticket, an additional \$20,000 bonus commission will be paid to the retailer selling such ticket. (8) Retailers whose Florida Lottery contracts are terminated or inactivated prior to the bonus commission award shall be paid the bonus commission earned provided said termination or inactivation was not due to noncompliance with Chapter 24, Florida Statutes, Chapter 53, Fla. Admin. Code, or contract terms.

(9) A bonus commission will be considered compensation to the retailer and will be reported to the Internal Revenue Service by the Florida Lottery. The Florida Lottery reserves the right to apply a bonus commission earned against a retailer's outstanding debt to the Florida Lottery, and to award the remaining balance of the bonus commission, if any.

(10) Bonus commissions are subject to availability of funds appropriated for retailer incentives. This Program is subject to cancellation by future emergency rule if retailer incentive funding is not appropriated or if the Florida Lottery determines that it is no longer in the state's best interest to use such funds for this purpose.

Construction Industry Licensing Board

The Construction Industry Licensing Board hereby gives notice: that on April 8, 2020, an Order was filed on the Petition for Variance or Waiver. The Petition was filed by Sergey Kashin. Petitioner does not cite a rule or statute but asks the Board to exempt him from taking the "Business and Finance" portion of the exam. The Notice of Petition for Variance or Waiver was published in Vol. 45, No. 237, on December 9, 2019, in the Florida Administrative Register. The Board, at its meeting held on March 13, 2020, denied the Petition for Variance or Waiver, finding that Petitioner failed to demonstrate a substantial hardship; failed to demonstrate that application of the rule would violate the principles of fairness; and failed to demonstrate that the purpose of the underlying statute had been met.

A copy of the Order or additional information may be obtained by contacting: Daniel Biggins, Executive Director, Construction Industry Licensing Board, 2601 Blair Stone Road, Tallahassee, Florida 32399-1039 or telephone: (850)487-1395, or by electronic mail to [Donald.Shaw@myfloridalicense.com](mailto:Donald.Shaw@myfloridalicense.com).

RULE NO.: RULE TITLE:

62-342.700 Financial Responsibility

The Department of Environmental Protection hereby gives notice: That it has issued an order on April 9, 2020, granting Ranchelo Inc’s, Petition for a Variance. The Petition was received on March 16, 2020. Notice of receipt of this Petition was published in the Florida Administrative Register on March 25, 2020. The petition requested a variance from paragraph 62-342.700(11)(b) F.A.C., which requires that the trust fund for perpetual management of the mitigation bank be established using a form that is in substantial conformance with the form incorporated into the Rule. No public comment was received. The Order, OGC No. 20-0232; DEP File No. 361488-002, granted the Petition to paragraph 62-342.700(11)(b), F.A.C., based on a showing that Petitioner demonstrated that a strict application of the rule would result in substantial hardship to Petitioner or would affect Petitioner differently than other similarly situated applicants and that the Petitioner demonstrated that the purpose of the underlying statute will continue to be achieved with the modified Trust Fund Agreements and HCMB has already fully funded these trust funds.

A copy of the Order or additional information may be obtained by contacting: Laura Chandler, Department of Environmental Protection, 2600 Blair Stone Road, Mail Station 2500, Tallahassee, Florida 32399-2400, (850)245-8479, FDEPMitigationBankTeam@dep.state.fl.us, during normal business hours, 8:00 a.m. – 5:00 p.m., Monday through Friday, except legal holidays.
