RULE NO.: RULE TITLE:
60FF1-5.002 Rural County Grants
 NOTICE OF CORRECTION

Notice is hereby given that the following correction has been made to the proposed rule in Vol. 47 No. 143, July 26, 2021 issue of the Florida Administrative Register.

The following information should have been included in the notice:

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COST AND LEGISLATIVE RATIFICATION: The agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the agency. The agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs,

personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time. GENERAL SUBJECT MATTER TO BE CONSIDERED:
CFX Project No: 414-227

Project Description: CFX Project Development and Environment (PD&E) Study

SR 414 Expressway Extension

The Central Florida Expressway Authority (CFX) is conducting a Project Development and Environment (PD&E) study for the proposed extension of State Road 414/John Land Apopka Expressway from US 441/Orange Blossom Trail to SR 434/Forest City Road. The study is evaluating alternatives for proposed elevated, limited-access toll lanes within the median of existing SR 414/Maitland Boulevard to provide direct access from SR 414/John Land Apopka Expressway to Interstate 4.

The proposed improvements to reduce traffic congestion include reconfiguring the existing at-grade SR 414/Maitland Boulevard to accommodate the proposed SR 414/John Land Apopka Expressway toll facility while maintaining two SR

414/Maitland Boulevard local access lanes in each direction. The 21-month study, coordinated with the Florida Department of Transportation, analyzes intersection improvements, bridge modifications at Lake Bosse and Little Wekiva River, stormwater management facilities, pedestrian and bicycle needs, and access management modifications.

As a special advisory resource to CFX and the consultant team, the EAG provides input regarding local needs, concerns and potential physical, natural, social, and cultural impacts that are crucial in the evaluation of corridor and alternative alignments. A copy of the agenda may be obtained by contacting: If you have any questions or would like more information about the study, please contact Kathy Putnam, Public Involvement Coordinator, by phone at (407)802-3210, or by email at ProjectStudies@cfxway.com or visit the study webpage at <https://bit.ly/2KLmliP>.

Veterans Florida Issues Request for Qualifications for Entrepreneurship Program

Veterans Florida seeks responses from qualified vendors to administer the fiscal year 2021-22 Entrepreneurship Program (“Program”). The Program, established under paragraph 295.22(3)(e), F.S., connects business leaders in the state with veteran participants seeking to become entrepreneurs. The Program is implemented across a network of Florida-based partner entities throughout the state of Florida. Veterans Florida’s objective is for veterans to learn the skills and confidence to become successful business owners or grow their business. The Program offers a pipeline for veteran entrepreneurs to take a business idea from conception through execution and scalability. The Program does not guarantee participants that an idea will turn into a fully operational

business. Program participants can expect to understand the entrepreneurial process and put their newly learned entrepreneurial skills to work.

Veterans Florida seeks to contract with one or more entities to administer the Program, and the resulting relationship is intended to last at least three years, but the contract will be renewed on an annual basis.
